The International Dance Festival 2010

The International Dance Festival is a campus event that adds global diversity, and provides both domestic and international students with an opportunity to teach, learn and share with one another through the art of dance.

The first International Dance Festival was held in 2005 at Minsky Hall and was sponsored by the Office of International Programs, Multicultural Programs, Student Heritage Alliance Center and the international student groups across campus. The event brought all the international organizations together and created a base to share and work with each other collaboratively. The success of this event inspired the student groups involved to make this celebration of cultural diversity an annual event and to expand on the quality and depth of participation. Since then Dance Festival performers danced each year to a packed house (1200 audience in aprox.) at the Maine Center for the Arts, at Peakes Auditorium in Bangor High School and last year at the newly renovated Collins Center for the Arts.

One of the strengths of the International Dance Festival is that it allows people to not only see the richness of international arts and culture, but also to engage and be part of it through participation. Dancers from countries such as India, Nepal Sri Lanka, Cameroon, Kenya, Vietnam, Cambodia, Mexico, France, Spain, Brazil and USA have taken part. Many of the performers have had significant professional dance training and the quality of their work rivals that of groups seen at the American Folk Festival in Bangor. In addition many students were involved with lighting, set design, and advertisement. We believe that with arts as a connecting tool between international students and domestic students, we celebrate the differences as well as similarities of student communities within the University.

The 2010 Festival will be held at the Collins Center for the Arts on February 20th and will feature matinee and evening performances. We intend to involve as many relevant campus groups and departments as possible to make this a true campus wide collaboration. As in past years this event will be free so that people of Maine have access to the cultural vitality of the University of Maine. In past years people have come from as far away as Presque Isle and Portland to enjoy this event.

The concept for the International Dance Festival originated with Pemba Lama, a student from Nepal, who motivated fellow students to become involved and make his dream a reality. We are very confident that this event can grow and be ever more successful. With enough support, we can continue The International Dance Festival as a truly spectacular annual event showcasing the talents and diverse aspects of the University of Maine's student body. The International Dance Festival Committee would be very proud to continue the tradition and will be ever grateful to the University for the support and encouragement.

Summary of Program for which grant funds were awarded, including a brief description, place where the program was held; and date and time:

The 2010 International Dance Festival took place at the Collins Center for the Arts on February 20, 2010 with shows at 2pm and again at 7pm. Over seventy-five students performed dances from fifteen different countries including Vietnam, South Africa, India and the US. In addition a large number of students contributed to the performances by working back stage and providing assistance with lighting, costume, makeup and promotional activities. This year we also had the pleasure of hosting student dancers from the College of the Atlantic. A dozen COA students performed a South African Gumboot Dance. This collaboration with COA was an extremely rewarding aspect of this year's production. UMaine students hosted the COA guests in their homes the night before the performance and close friendships were formed as a result. We hope to include guest performers from COA or another school again next year.

How many people attended the event(s)? If possible describe the different audiences that this program served (i.e. UMaine Students, general community, teachers, etc.).

Approximately 2000 people attended this event. Having both a matinee and evening performance allowed us to reach a wide audience. Roughly 1000 people attended the afternoon performance and this audience consisted of families with children and many other members of the general community, including teachers who brought their high school and elementary students with them. As this event has grown in popularity we receive reports of audience members coming from as far away as Presque Isle and Portland.

The evening performance was attended mostly by UMaine students. Again, roughly 1000 audience members filled the CCA to enjoy the show.

How was the event promoted? Please attach copies of promotional material.

We advertised the event in the Maine Campus, the Penobscot Times, a campus mailing to faculty and staff and posters and flyers. A mailing to local schools was sent out a few weeks prior to the event and email announcements and Facebook were also used to reach the campus community. Performers and event staff also wore T-Shirts with a promotional design a few days prior to the event to generate interest from classmates. An electronic copy of the poster is attached. All of our promotional materials followed this

design. If you would like hard copies of any of the advertisements we can provide them upon request.

Please describe any modifications to program or budget made after award:

For the most part we stuck to our original budget and program.

Please attach a final budget to this form.

Please see attached.
