DEDICATION**The Lovell Board of Selectmen**

Wish to dedicate this year's Town Report to

JOHN and ROBERTA CHANDLER

John Royce Chandler was born on June 15, 1934 in North Conway, NH and grew up in Chatham, NH on the family farm known as the "The Royce House". John is a graduate of Fryeburg Academy and married Roberta Cram on November 25, 1959. John (now retired) was self employed, worked in the area as a logger, and is well known for his honesty and integrity.

John served the Town of Lovell on the Board of Selectmen for three consecutive three year terms starting in 1975 and ending in 1984. He also served on the Budget Committee for three consecutive seven year terms starting in 1984 and ending in 2006.

Roberta Mary (Cram) Chandler was born on September 2, 1936 in Portland, Maine and grew up in Lovell. Her childhood home was the farm house on Route 5 just south of the southern end of the Kimball Road next to Alder Brook. Roberta graduated from Fryeburg Academy and Farmington State Teachers College (now the University of Maine Farmington). She taught school in the Norway, South Paris area.

Roberta has served the Town of Lovell in many capacities. She was elected to the School Board in 1975; in 1976 she held the position of Deputy Registrar of Voters and served as an alternate member of the Planning Board (1976, 1977). In 1979 she was elected for a five year term on the Planning Board. In 1980 she was Town Treasurer; in 1981 she was Town Clerk and also completed the term of the town treasurer after the position was vacated. In 1982 she served as Town Clerk, Treasurer, and registrar of voters. In 1983 and 1984 she held the positions of Town Clerk / Treasurer. In 1987 Roberta served as Chairperson of the Board of Selectmen after one member resigned.

Roberta is a charter member of the Lovell Historical Society and served as its first president from 1973- 1976, she was again president from 1992-2002 and held an office of some capacity every year in between.

Both John and Roberta were involved in numerous civic activities such as Jaycees, Fryeburg Rescue, Lovell Historical Society, The Brick Church and many more.

John and Roberta have a son John, a daughter in law Brenda, and a grand daughter Erin age 13 that reside in Yarmouth, Maine. John and Brenda also own a beautiful home on the middle bay of Kezar Lake which gives John and Roberta a wonderful place to visit and enjoy family and friends.

John and Roberta Chandler have given so much to the Town of Lovell over the years, therefore, it is with great pleasure that the Lovell Selectmen dedicate this 2010 Town Report in their honor.

WARRANT FOR TOWN MEETING

To: Larry Fox, constable of the Town of Lovell, in the County of Oxford and State of Maine.

Greetings:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Lovell in said county, qualified to vote in town affairs, to meet at the Town Hall in said town on Saturday, March 5, 2011, at 9:00 A.M. then and there to act on the following articles, to wit:

Art. 1. To see if the Town will nominate and elect a moderator to preside at said meeting.

Art. 2. To see if the Town will nominate and elect a Clerk/Treasurer for a term of three (3) years.

Art. 3. To see if the Town will nominate and elect one member of the Board of Selectmen, Assessors and Overseers of the poor for a term of three (3) years.

Art. 4. To see if the Town will nominate and elect a Building Inspector for the ensuing year.

Art. 5. To see if the Town will make a recommendation to the Selectmen for an appointment of a C.E.O. Maine State Law requires the appointment.

Art. 6. To see what the Town wishes to do regarding fixing the salaries of the town officers.

LAST YEAR

SELECTMEN \$4,239.64 EACH	\$12,718.92
PUBLIC WORKS COMMISSIONER	\$41,313.60
TOWN CLERK/TREASURER	\$32,088.97
TAX/EXCISE COLLECTOR	\$32,088.97
CEO	\$15,378.05

Budget Committee & Selectmen recommend we give no raises this year to salaried employees. (12-0)

Art. 7. To see if the Town will nominate and elect one member to a five-year term on the Planning Board. (2016)

Art. 8. To see if the Town will nominate and elect one 1st associate member to serve a term of one year on the Planning Board.

Art. 9. To see if the Town will nominate and elect one 2nd associate member to serve a term of one year on the Planning Board.

Art. 10. To see if the Town will nominate and elect one member to serve a term of seven years on the Budget Committee. (2018)

Art. 11. To see if the Town will nominate and elect a second member to serve a term of seven years on the Budget Committee. (2018)

Art. 12. To see if the Town will nominate and elect one member to serve a term of three years on M.S.A.D. #72 Board of Directors. (2014)

Art. 13. To see if the Town will nominate and elect one alternate to serve a term of one year on the M.S.A.D #72 Board of Directors.

2010 SELECTMEN REPORT

The Selectmen hope that you all are enjoying this year's winter!

We have done an extremely good job this year keeping within our budget. We had three (3) overdrafts this year, which totaled \$490.00. However in other accounts we had ending balances, so over all we came in under budget last year of around \$80,000.00.

We remind you again that we are required by the State of Maine to follow Legislative Docket 1, (LD1) which sets a limit on the percentage the Towns can increase its municipal budget annually. In order to exceed this limit the state requires the Town to incorporate an article into the annual Town Meeting Warrant asking the citizens of Lovell if they wish to do so. (There will be an article to allow us to do this at this year's Town Meeting.) We will be presenting a budget, which stays within the LD1 limit. We hope that the Town meeting vote follows both the Selectmen's and Budget Committee recommendations, which will keep us within this budget.

We do not have any information as of this writing about the County or the School Budget.

Last year we adopted a policy called the MUNICIPAL FUNDING POLICY & PROCEDURE. The Board of Selectmen must receive in writing **NO LATER THAN DECEMBER 15th** the request for funding. There were three requests that came in after this deadline and we did include them in the Warrant but it is up to the voters to decide whether to accept these requests.

We have built a new storage garage for equipment next to the Town garage. This is a Quonset hut type building, which the Town Crew erected, and they did a great job. This building can be added onto in the future and it meets all of our needs at this time.

We have meet with the Selectmen of Stow, Chatham, and Sweden and we have revised the fees for their use of our transfer station. The formulas we are using takes into account all of our expenditures and divide it by the total tonnage sent to MMWAC. All three Towns are in agreement with this and have agreed to look at this annually. Stow and Chatham will now pay us \$21,628.00 each and Sweden will pay us \$34,670.38. (Last year we received \$7,500.00 from Stow, \$2,500.00 from Chatham and \$17,500.00 from Sweden).

There will be an article in this years Town Meeting warrant (Article 89) asking for your support and approval.

We all recognize how special Lovell is and we need to all work together to in order to keep Lovell growing and to guide it towards the future.

Respectfully Submitted,
The Selectmen of Lovell

ATTENTION

Lovell Tax Payers

One of the most detrimental issues now facing the Town of Lovell is the possibility of invasive aquatic plants being introduced into our lakes and ponds. If this should happen, it would adversely affect **every** property owner. One of the best ways to fight this battle is to inspect all watercraft entering our waters, utilizing the Courtesy Boat Inspection Program (CBI). This is a daunting task and the Lovell Invasive Plant Prevention Committee (LIPPC) needs your help. If you have any time from May-October to donate to this worthwhile cause, even a few hours a week, please contact the Lovell Town Office (207-925 6272) or go to the Town of Lovell website, www.lovellmaine.us. Click on 'LIPPC', then click on 'Contact Us'. We are willing to train volunteers. This is a great way to meet new people and do an invaluable service to your community. Your help will be greatly appreciated.

Thank you,
The Lovell Invasive Plant Prevention Committee.

GREATER LOVELL LAND TRUST

The mission of the Greater Lovell Land Trust (GLLT) is “to protect the ecosystems of the Kezar Lake and adjacent watersheds by promoting an appreciation of natural resources and responsible preservation, conservation, stewardship, development and public policy.” We continue to work closely with private landowners and community leaders to set aside our most valuable natural assets for community benefit.

This year the GLLT marked our 25th anniversary of land preservation, environmental education and advocacy for sustainability of the lands and waters that define our communities and enrich our lives. It was a year to reflect on the many, important challenges that we have faced as well as our accomplishments over those twenty-five years, to preserve this special corner of Maine.

We have grown from the fledgling organization in 1985, born of the desires of a few to meet the threat of the 1980’s urban sprawl that had already altered many of the towns in Southern Maine forever, and that would ultimately effect the urban character of our region and the beautiful forested landscape and pristine waters that we have. In attending to those very real threats, we became the prime developer of a regional park system for the towns that we serve, and as such, a strategic asset component in the economic engine, that in part, has made Lovell a visitor destination point. All, at virtually no cost to the community at large.

The GLLT is proud to be the steward of over 2,030 acres of forest and wetlands. Our properties support over 4 miles of snowmobile trails and over 15 miles of hiking and multiple use trails. All but 49 acres are open to historical uses such as hunting and trapping and many provide access for fishing. We have re-created historic views sites from summit destinations including Whitting Hill, Flat Hill, Ladies Delight Hill and Amos Mountain. Our self-guided interpretive trails are used by families, school groups, summer camps, and recreation departments to support their environmental and wellness programs. Most importantly, we manage on a sustainable basis, over 1,800 acres of forestland that support jobs in our local forest products industry.

The GLLT can also serve as a conduit for private landowners who wish to preserve their land for future generations. To date, we have enabled 27 families to meet their goals to preserve, in perpetuity, a total of 1,321 acres.

In addition the GLLT helps foster and incubate good community ideas and initiatives like the Lovell Farmers’ Market. We work closely with lake and homeowner’s associations supporting local initiatives to preserve the water and prevent invasives, both aquatic and terrestrial.

Sadly, our 25th year also marks the closing of a distinguished career. After 25 dedicated years, Kevin Harding has retired as our Education Coordinator. The program that Kevin built and the docent corps that he developed and directed provide rich, diverse and fun outdoor experiences while instilling in all, an appreciation of the natural world. The organization has been indelibly marked by Kevin's involvement and will be forever grateful for his dedication and service.

On a happier, note we welcome our new Education Coordinator, Bridie McGreavey of Stow. Bridie brings a wealth of knowledge and experience and an enthusiasm that ensures wonderful programming going forward. We wish Bridie great success in her new endeavor and look forward to working with her.

The GLLT is thankful for the broad community support for our mission and programs and particularly grateful to the many volunteers and donors that make our efforts possible.

For more information on how you can participate in the GLLT, please contact Tom Henderson, Executive Director at 925-1056, tomgllt@earthlink.net or by visiting our office at 208 Main Street in Lovell Village or at the website www.gllt.org.

Bill McCormick
President

LEWIS DANA HILL MEMORIAL LIBRARY

To the Board of Selectmen, Town of Lovell,

The Board of Trustees of the Lewis Dana Hill Memorial Library is requesting the amount of \$5,000.00 for the continued support of our facility.

It has been an exciting year with the additions of many new book and donated videos, books-on-tape and DVD's.

The fund raising events held this summer proved to be more popular than ever. A flea market, held on the fourth of July, has been a consistently successful event due to the efforts of the board members and volunteers. In August, a reading by author Stephen King exceeded our expectations. Over 200 people attended this exciting and very entertaining evening. We thank Mr. King for his generosity. The event raised enough money to enable us to finish the painting and winterizing projects that had begun earlier in the year.

We are in the process of adding Internet Service, available to all patrons, by the first of next year. It is time to enter the 21st century while maintaining the quaint ambiance of "times gone by."

We would like to thank Susan Campo, retired chairman, for her many years of service. We appreciate all that she has given to the library. It is through the efforts of volunteers, like Susan, that enable organizations to continue to provide these services for the town of Lovell.

Please feel free to visit North Lovell and see the treasure that is the Lewis Dana Hill Memorial Library.

Respectfully Submitted,
Kathleen C. Vachowski, Chairman

Financial Statement

THE LOVELL HISTORICAL SOCIETY 2010 ANNUAL REPORT

Last year we continued to significantly increase our membership and contributions to our collection. We redesigned our website, published four newsletters and continued to provide free research assistance to all. We were also able to nearly complete the restoration of the Kimball-Stanford Barn. Without your support we would not have been able to accomplish so much.

The Society's hours of operation are Tuesdays and Wednesdays from 9 to 4 pm and Saturdays from 9 to 12 pm. All are welcome to stop by and conduct genealogical research, investigate the Town's history, or just enjoy the museum display. For those unable to visit the Kimball-Stanford House during the new hours of operation, additional times are available by appointment. We can be reached at 925-3234, 925-2291 or by email - lovellhist@fairpoint.net.

Don't forget that the Society has more than 11,000 collection records online at our website – www.lovellhistoricalsociety.org. There are over 7,000 images to view as well as information on our archival material and library collections. We update the collection records monthly and encourage you to contact us regarding additions or corrections. If you would like to add family photos to this site, we would be more than glad to receive them or scan them and promptly return them to you. Our website also features a documents link where you can view transcriptions of Lovell's vital records, early maps and updated cemetery records. Check it out!

It has been enjoyable being a part of the Society's growth and none of this could have been achieved without the support and dedication of the townspeople. Your contributions, which have taken many different forms, are greatly appreciated. Thank you so much!

Sincerely,
Catherine Stone, President

LOVELL VOLUNTEER FIRE CO. INC.
P.O. Box 37 Center Lovell, Me.04051

It's hard to believe another year has come and gone. I think time is just picking up speed every day! Even though our call numbers were down slightly our members have been very busy keeping up with all of the duties and training requirements necessary in the day to day operation. I can't say enough about all of our members who give of themselves continuously to provide the service that we all take pride in.

The Department has continued to work on many long term projects some completed, some still underway. The "new" Forestry truck is in service and anyone who has had the opportunity to see it can agree that it is a nice piece of equipment and is capable of multiple tasks not only at woods fires. It was built for short money by the dept. on a (free) Govt. Surplus chassis with a lot of hard work from our membership. We are moving forward with the replacement of Engine 176 and Tanker 174 and still hoping to complete this project by mid 2011 as was stated at last years Town Mtg. These two vehicles will be replaced by one vehicle able to perform the duties of a Pumper and a Tanker. With membership still declining and drivers harder to find as well as maintenance cost rising we are looking at more versatile vehicles that can help reduce the size of our fleet while still maintaining functionality, ultimately resulting in cost savings.

In closing, as many already know I have stepped down from the Chiefs position. I would like to take this time to personally thank every member of the department as well as each member of the community for all of the help and support they have given to me in my five years as Chief. I will continue to be an active member of the Lovell Volunteer Fire Department with the same level of commitment, just at a lesser of authority. Tommie Mackenzie has been elected Chief by the department and I feel he will bring with him the experience and knowledge to lead through example and help us provide the best possible service to the Town of Lovell and the surrounding communities.

Thank you again for your continued support. If you have any questions or concerns regarding the Lovell Vol. Fire Dept. you can still contact myself or Chief Tommie Mackenzie at any time.

Respectfully submitted
Mark S. Moulton L.V.F.D.

KEZAR LAKE WATERSHED ASSOCIATION

For the second time ever, Maine DEP officials have taken a lake 'off' the state's list of infested water bodies. Still, totally eradicating Milfoil is not only challenging but extremely expensive when compared to taking prudent steps to prevent it at its source. Broad infestation of invasive plants in nearby Sebago Lake and the Songo River continues to threaten Maine's lakes and ponds—including those in our own watershed.

Fortunately, our town fathers recognize the serious threat that invasive plants pose to our community and have taken steps this year to address the potential problem. The Town of Lovell's Invasive Plant Protection Committee (LIPPC) has been re-energized, combining the talents of representatives from the KLWA, GLLT with that of several former LIPPC members. The Kezar Lake Watershed Association is pleased to play an important role in our communities' efforts to protect our lakes and ponds from further infestation and offers our full support.

Last June, the KLWA was fortunate to receive funding to update a Watershed Survey completed ten years ago. Working in conjunction with Maine DEP and FB Environmental of Portland, ME., volunteers from the KLWA, GLLT and the Town of Lovell gathered to identify over 100 sites surrounding Kezar Lake previously identified as the most problematic contributors of non-point source pollution. Remedial action, where deemed necessary, has been underway with plans to further extend our survey to include all six ponds and streams in our watershed in the near future. For now, the good news is that our latest 2010 Water Quality Report for Kezar Lake and surrounding ponds is encouraging— with water 'clarity' readings excellent. It is incumbent upon us all to recognize our vested interest to keep our water bodies clean and 'pristine' for future generations to enjoy!

Thank you all for supporting the KLWA and our many ongoing activities to protect our beautiful watershed. Please join us for the next KLWA Annual Membership Meeting to be held on Saturday, July 9th, 2011 at the United Church of Christ in Center Lovell. All are welcome!

Respectfully,
Charlie Dattelbaum,
President

LOVELL OLD HOME DAYS

Every summer, Lovell Old Home Days is enjoyed by young and old alike. The festivities kick off with Friday night's Kiddie Cakewalk and the annual Turkey/Pig Roast hosted by the Kezar Trailbreakers and are followed by a number of popular activities on Saturday.

From the start of the sixth annual 5k Run to the finish line, mere seconds separated local runners Tim Even and Silas Eastman and the largest crowd in many years gathered to watch the race. Some new additions in the parade added to the traditional mix of bands, floats and marchers got rave reviews from the spectators.

The Athletic Field once again provided an opportunity for local non-profit organizations to provide information and to sell food and desserts. There were a variety of local artisans selling their wares and children playing games. A large water sprinkler, set-up by the Lovell Fire Department, was enjoyed by both runners and children.

The Committee would like to thank everyone who contributes to the success of Old Home Days. Planning is underway for this year and we are pleased to announce that the Swift River Jazz Band will be playing in the parade and at the gazebo.

As always, we welcome suggestions and encourage ideas and participation from everyone.

HELEN R. COE TRUST

In 2010, the Coe Fund Governing Committee disbursed funds from the Trust, including loans to 26 students totaling \$74,500.00. Unfortunately, the Committee was again unable to provide grants for non-profit organizations serving the Lovell area due to the unavailability of funds in 2009. Interest-free loans to students pursuing post-secondary education are available from the Trust to Lovell residents and are based on demonstrated need.

Students and organizations interested in receiving help from the Trust can get further information and application forms at the Lovell Town Office.

The Governing Committee:

Ed Ryan, Chairman

Karen Bacchiocchi, Secretary

Linda Dunlea

PLANNING BOARD

The Planning Board voted to approve five conditional use applications this year, up from one in 2009.

Regular monthly meetings this year were devoted to revisions to the Land Use Ordinance, adjustments to approved sub-divisions, developing a conflict of interest policy for the board, waterbody access, and Town ordinances governing beaches, the solid waste facility and parking.

We finished work on proposed revisions to the Land Use Ordinance relating to signs (Section 7.14) and conditional use (Section 9.9), as well as the section governing Board operations where an old error was noticed. The results will be put before Town Meeting in March 2011 for voter approval. The same is true for proposed changes in the town beach, waste management and parking ordinances. The Board of Selectmen asked the Planning Board to review these and prepare updates for Town Meeting action. The beach ordinance in particular attracted numerous citizen comments before, during and after a public hearing on the subject.

Waterbody access, especially to Lower Bay of Lake Kezar for canoeists and kayakers was the subject of discussion at several board meetings and of extensive research. The Board feels that a public access to Lower Bay and the Sucker Brook Preserve for carry-in, non-powered watercraft should be available for all townspeople, but we have yet to come up with a solution. We will continue to work on this in the coming year.

Board meetings are regularly held on the first Wednesday of each month, generally at the Town Office, starting at 7:00 PM. The public is always welcome.

2010 ANNUAL REPORT CHARLOTTE HOBBS MEMORIAL LIBRARY

2010 has been a landmark year for the Hobbs Library. In August we celebrated the opening of our long awaited building addition. A very smooth transition was completed with the able leadership of library director Anna Romer. Our library staff and wonderful volunteers came together to make the changeover as seamless as possible. Overwhelming support for this project was evidenced by its financing from private donations, state and grant-based contributions.

The library continues its excellent programming for patrons of all ages. Through the MINERVA program there is access to books and other materials from libraries across the state of Maine. Our computer stations have increased in number making usage more accessible. The Wi-Fi connection gives patrons the opportunity for computer use outside the library 24 hours a day, seven days a week.

Our fundraising efforts, including the annual Arts&Artisans Fair, Taste of Lovell, and the Tour de Lovell bike race continue to provide support for the library. These and other fundraising events depend on the hard work of our many dedicated volunteers.

We saw increases in all areas of library use this year.

	2009	2010	% increase
Patrons using the library	16,745	17,290	3.25
Reference questions	1,580	1,987	25.0
Computer usage	3,473	4,033	16.0
Total circulation	22,81	23,36	42.4
Program Attendance	5,105	5,786	13.3
Website hits	162,931	206,510	26.0

Operating Budget Request: For 2011 the request to the Town of Lovell is for \$37,500 which is the same amount that has been requested for the last three years. Our library budget committee has produced a conservative budget for the upcoming year. Over the course of the year we'll be watching the potential impacts of the new addition on our operating costs and working very hard to operate within our existing budget.

The Charlotte Hobbs Memorial Library continues to be an integral part of the community. Our fundraising committee works tirelessly to provide opportunities for fundraising throughout the year. We receive over half of our annual budget through private donations. There is great pride in our renewed library as shown by the increase in activity. We are grateful to the Town of Lovell for its ongoing support as we continue to serve the residents of Lovell.

Mary Heroux, President for the Trustees: John McCann, Fran Pollitt, Julianne Brosnan, Barbara Collins, Joel Hardman, Lynn Korth, Kim Marie, Marcia Storkerson, Stan Tupaj.

LOVELL RECREATION DEPARTMENT

P.O. Box 236 Center Lovell, Maine 04016 (207) 925-6272

Michael Mendonca, Recreation Director (207) 925-1084

Lovell Rec. Web Site: www.lovellrec.com

In the midst of tough economic times the Lovell Recreation Department continues to meet the recreational needs of families and citizens in our local area.

We delivered 28 programs and 4 specialty activities in the year 2010, and Lovell program participants numbered 280. New programs for the year were: Rookie Girls Softball, Fall Archery and Indoor Soccer. Programs lost or are in jeopardy are: Horsemanship, Mountain Biking, and Pilates. Programs that are gaining strength and momentum are: Cheerleading, Archery, and Wrestling. And our department's core programs: basketball, baseball-softball, swimming, tennis, soccer, track, skiing, and adult exercise continue to stay solid in attendance and enthusiasm.

Lovell Recreation improvements entailed: reactivating our athletic field concession stand during the baseball season; creating an end of season sports awards gala for all activities within each season; collaborating with the school department's P.K.A. summer day camp to get their students to our summer programs; establishing a Nordic ski trail system within the Lake Kezar Country Club for the 2010-11 winter season; and moving the director's home office to Lovell to reduce mileage costs and permit an easier access to recreation facilities and programs.

Looking ahead into 2011 the department is assessing program and resource needs, and will continue to solicit for community input in all areas of recreation. Volunteers and coaches play a significant role in keeping our costs down while at the same time deliver quality service to our citizens at all ages. We feel we are part of a Lovell community TEAM, driven to provide health and wellness opportunities, and we are grateful that our communication and sincere collaboration with other organizations are outstanding.

Thank you Lovell for your superb support. So.....let us.. ...Keep on Rec-in!

Sincerely,
Michael Mendonca
Director, Lovell Recreation Department

FRYEBURG RESCUE TOWN REPORT

To the citizens of Fryeburg, Brownfield, Lovell, Stow, and Chatham

2010 has come to a close on the books of Fryeburg Rescue. Fryeburg Rescue responded to 634 calls in 2010, up 7.09 % from 2009. The breakdown was as follows: Fryeburg 409; Brownfield 124; Lovell 59; Stow 12; and Chatham 11, others 19. Fryeburg Rescue would like to thank and acknowledge the help and support of all other agencies and organizations that assist us in our duties.

The break down of the types of calls we were dispatched for were: Abdominal pain, Anaphylactic Reaction, Assaults, Back Pain (Non-Traumatic/Non-Recent Trauma), Breathing Problems, Burns, Cardiac Arrest, Chest Pain, Choking, Diabetic Problems, Injury Fall Victims, Fire Standbys, Headaches, Hemorrhage/Laceration, MCI (Multiple Casualty Incident), Medical Alarms, Overdoses, Pain, Pregnancy/Childbirth, Psychiatric Problems, Seizure/Convulsions, Sick Persons, Stroke/CVA, Traffic / Transportation Accident, Traumatic Injury, Unconscious/Fainting

We have several members who are instructors for either the American Red Cross or the American Heart Association. They have given over 120 CPR and First Aid classes throughout this past year.

We also have several Instructor Coordinators that can give a variety of different classes as well. We will be starting an EMT class in January 2011 and we have 17 students enrolled in this.

. United Ambulance, Conway Rescue, Center Conway Rescue, North Conway Ambulance, and PACE have provided us with ALS Intercept coverage as well as mutual aid when we require it. The support of Life Flight and Dart continue to assist us with calls and they are extremely valuable services to have supporting our operations.

This year we will begin a start a new billing practice. For the past 40 years we have not billed for our service but the time has come and we will be starting this in the first quarter of 2011. We have decided that in order to keep our budget to the Town stable and in an effort to increase staffing we need to start billing. We also feel that since a great many patients do have medical insurance we are losing revenues by not billing these companies. The Federal laws mandate that we bill everyone equally. With that being said everyone will receive one bill for our service however, if you do not have insurance or cannot pay the bill please contact us and we will make arrangements to take care of this for you. So please call us if you need medical help, Fryeburg Rescue will absorb any costs if need be.

Historically and for 2011 we once again ask the Towns to support our Operational Expenses and our New Unit Fund.

All other expenses such as training, licensing, new equipment, radios, turn out gear, and office supplies are paid for from Rescue Association raised funds. These expenses range between \$50,000.00 and \$100,000.00 annually. Our Rescue Barn is staffed from 8:00 A.M. until 5:00 P.M and will be staffed from 6:00 A.M to 7:00 P.M. We feel that this is in the best interest of all the Towns that we serve.

As of January of 2011 our leadership includes a board of directors as well as EMS officers. As in the past any concerns should be addressed to our chief.

We are always looking for people who would like to join our squad. We offer a way for you to serve your community while learning some very valuable skills. We have applications in the rescue building, if you are interested please stop by and fill one out.

The EMS officers for the 2010 calendar year were the following:

Chief, Stephen Goldsmith
Deputy Chief, Phil Remington
Assistant Deputy Chief, Mitchell Sparks and Michael Hatch

The Board of Directors for the 2011 Calendar Year Are:

President, Penny Parmenter
Vice President, Cathy Berg
Secretary, James Oliver
Treasurer, Bob Ramsay
Other Board Members-Roberta Lord,
Edwin Grove, MJ Britton

If you have any questions or concerns about Rescue please feel free to call me.

Thank you again for all of your support.

Respectfully Submitted by,
Stephen Goldsmith, Chief of Fryeburg Rescue 2010

LOVELL INVASIVE PLANTS PREVENTION COMMITTEE

LIPPC (<http://www.lovellmaine.us>)

Thirty-two water bodies in Maine are now afflicted with invasive plants. Recognizing the increasing threat to our watershed, the town concentrated resources in three areas:

1. Continuation of the successful ongoing effort to control and hopefully eliminate milfoil in Cushman Pond.
2. Continuation of the effective Courtesy Boat Inspection program (CBI) with particular emphasis on fishing tournaments that appear to be the most significant threat, and placing of voluntary inspection stations at locations and times where we are unable to man with inspectors.
3. Finally, trying to raise awareness in boaters, waterside property owners, and all citizens of the threat posed by invasive plants.

Cushman Pond Program

The Cushman Pond program continued with the annual dive program producing approximately two gallons of milfoil plants during the July 3, 2010 dive. Plants were removed and benthic barriers placed in those locations in accordance with procedures approved by Maine Department of Environmental Protection. There is a good possibility eradication may be achieved. The state maintains oversight of the program and issues permits annually.

CBI

Funds approved by the voters allowed hiring of three Courtesy Boat Inspectors who along with volunteers allowed us to provide boat and gear inspection services at the Narrows landing on Friday, Saturday and Sunday during the summer boating season as well as limited service at the North End Landing site. In 2010, 1335 units were inspected including inspections for Bass Tournaments. No invasive fragments were found on boats inspected in 2010. Surveillance by the Warden Service during a bass tournament established that boats and trailers were not being inspected by tournament operators. This is in violation of their permit agreement and they were required to make a court appearance. Hopefully this will produce future results.

Only the two Kezar Lake landings have coverage by paid and volunteer inspectors within the limits of Town funding. This leaves all other water bodies without CBI coverage. To help address this, Voluntary Boat Inspection Stations (VBIS) were introduced late in the summer. Visiting boaters will see a large sign requesting them to inspect their boat and gear, fill out a brief self-registration form and deposit in a brightly painted box which is part of the station.

The VBIS has generated considerable interest in other locations and the Voluntary Lake Monitoring Program / Maine Center for Invasive Aquatic Plants (VLMP/MCIAP) will act as a clearing house for information along with pictures and construction plans for anyone who wishes to build and install these units.

Invasive Aquatic Plants Screening Survey

A well attended meeting was held at the Charlotte Hobbs Library which provided an excellent opportunity for attendees to learn about the IAP program and the results of the biennial "Screening survey" of the six water bodies in the Kezar Lake watershed. This survey is performed by a small group of the most qualified plant scientists/biologists in the State. Excluding the known situation at Cushman Pond, no invasive plants were found.

LIPPC Program for 2011

An expanded LIPPC with the addition of several interested, motivated members provides an exciting opportunity for an expanded program in 2011. Additional funding has been requested which would expand the present weekend inspection coverage to seven days per week. This is dependent on recruiting many more volunteers in addition to paid personnel. We look forward to a lighted inspection area at the Narrows landing for early and late inspections of tournament boats and gear. We especially want to expand greatly the effort to raise community awareness of the invasive plants threat to Lovell by a newly formed education team focused on this goal

We invite your suggestions and hope you will consider volunteering for the summer CBI program.

LOVELL CONSERVATION COMMISSION 2010 Annual Report

The Commission's main goal is to promote the concept of conservation. To that end we sponsor Lovell youths to the University of Maine 4-H Camp and Learning Center at Bryant Pond for a week of conservation education in a fun summer setting. We have had to reach out to other sources of funding as we no longer have the support of the Coe Fund.

This year we offer a big "Thank You" to Mark Dubois from Poland Spring who stepped in with matching grant funds that we were able to use with grants from Maine Inland, Fish and Wildlife moose hunt lottery proceeds. The young people who have participated in these programs have all expressed an appreciation for this opportunity.

The Conservation Commission has continued with the planting of flowers at the intersection of Rte. 93/ Rte. 5, the Minuteman Park next to the Library and the Town Office. New this year was the planting at the North Lovell Library. We are indebted to the volunteers who assist with watering and weeding.

Sincerely,
Eric Gulbrandsen

KEZAR TRAILBREAKERS SNOWMOBILE CLUB

The Kezar Trailbreakers had a short 2009-2010 snowmobile season. Because of the short season and the decline in the economy, donations and the amount of people spending money in the Lovell area dropped. The weather so far this year has resulted in excellent trail conditions. The Kezar Trailbreakers take pride in having well groomed trails to draw people to the Lovell area.

We hold several fundraisers throughout the year to help defray the cost of maintaining well groomed trails and to operate our Pisten Bully groomer. Our club does a poker rally in February, a Landowner appreciation pig roast and barbeque in July, and a golf tournament in August that has been very successful for 4 years. All of this could not be possible without the generosity of landowners, Lovell residents, businesses and tourists. The fundraisers are always great events and I encourage everyone to come and have a great time and show your support. We are looking forward to the rest of this season as well as next year. Thank you to everyone who supports us.

Dear Lovell residents and friends,

Maine continues to face many challenges. As I travel across our state, I am inspired by stories of innovation and entrepreneurship, yet there is much more we need to do to improve our economy and create jobs.

That is why I am working so hard to improve our nation's trade policies and ensure that Mainers are competing on a level playing field. I was especially pleased that the International Trade Commission found in favor of U.S. paper manufacturers and their workers who filed a petition against Chinese and Indonesian companies that illegally dumped subsidized paper into our market. I worked hard to support this petition, and the tariffs that now apply to these imports will help keep Maine companies competitive and allow them to create and retain good paying jobs.

Our state is also making important strides in developing the types of jobs and economic opportunities that can only be done here in Maine. For example, when Eastport partnered with a U.S. based company to act as an embarkation port for 500 dairy heifers heading to Turkey, congressional efforts were able to help cut through red tape and bureaucratic challenges. Moreover, the entire bipartisan congressional delegation has successfully urged the federal permitting agency to begin the process for a long-term certification of the Port of Eastport as a livestock exportation facility.

To that end, I cosponsored and helped pass into law last year the "America COMPETES Act," which will create jobs through innovative technology loan guarantees for small and mid-sized manufacturers. I was pleased that two amendments I offered also made it into the final bill ensuring that when implementing the bill federal agencies work together to prioritize the needs of small businesses and that those communities most hurt by our trade agreements will be given special consideration. There are too many small businesses that are struggling to survive, and we must listen to these independent owners when they tell us what they need to grow and create jobs.

However, my biggest commitment is to quality constituent services. Please do not hesitate to contact me at my Lewiston office at 207-782-3704 or by emailing me through my website at www.house.gov/michaud. While on my website, I also encourage you to sign up for occasional e-mail updates on issues important to Mainers and to join me on Facebook or Twitter.

Thank you again for the opportunity to represent you in Congress.

HOMELAND SECURITY AND
GOVERNMENTAL AFFAIRS,
RANKING MEMBER
ARMED SERVICES
SPECIAL COMMITTEE
ON AGING

Dear Town of Lovell:

As the new session of Congress began, I was honored to become the longest, currently serving member of the U.S. Senate to have never missed a roll call vote. As the 111th Congress ended, I cast my 4,568rd consecutive vote. It is a privilege to represent you in Washington, D.C. and I appreciate this opportunity to share some of my recent work as we look forward to the opportunities and challenges that lie ahead in the 112th Congress.

Creating jobs and strengthening our economy remain our nation's most pressing challenges. Far too many families and individuals throughout Maine and our nation are still suffering from a sluggish economy and high unemployment. That is why it was so vital for Congress to extend the 2001 and 2003 tax relief laws. I strongly supported a two-year extension because allowing these laws to expire would have resulted in one of the largest tax increases in our nation's history, and job killing tax hikes could well have plunged our economy deeper into recession.

Last year, I spoke to small business owners throughout Maine who told me that a tax increase could result in a loss of jobs and threaten the viability of their business. It is good news that Congress passed the two-year extension of these tax relief laws before 2010 came to a close, providing more certainty to businesses and relief for all taxpayers.

After years of repeated but unsuccessful attempts by the Maine delegation to address the federal truck weights law, I authored a successful truck weights pilot program in 2009 that was in effect for one year. The pilot program permitted trucks weighing up to 100,000 pounds to travel on Maine's federal interstates, where these trucks belong, rather than being diverted to secondary roads, through small communities, downtown areas, and school zones. The benefits have been evident: improved safety, lower costs, reduced energy use, and reduced emissions. I was disappointed that the U.S. House of Representatives failed to take action either to extend the pilot program or to make it permanent. Making the truck weights program permanent will be one of my top priorities this year and will be the first bill I introduce in the new Congress.

The President signed into law a number of bills that I authored or coauthored. I was proud to join Senator Joe Lieberman in leading the effort to repeal the so-called "Don't Ask, Don't Tell" law that applied to our armed forces. This long-overdue repeal enables the U.S. to join 35 of our closest allies in welcoming the military service of any qualified individual who is willing and capable of serving our country.

My efforts to counter the smuggling of illegal drugs across the Canadian border into Maine, and vice versa, were advanced when the President signed the "Northern Border Counternarcotics Strategy Act." I was the lead Republican sponsor of this law, which requires the Office of National Drug Control Policy to develop a counternarcotics strategy similar to that of the Southwestern border in collaboration with our Canadian partners. The Senate Homeland Security Committee also conducted an extensive investigation into the Fort Hood terrorist attack. We will soon release a report with recommendations on how to reduce the possibility of such an attack in the future.

Former Senator Evan Bayh and I authored a new law that establishes a new Advisory Council to develop a national plan for combating Alzheimer's disease. For the first time, this law charges federal agencies to develop a strategy to advance efforts to fight this devastating disease, at no additional cost to taxpayers. As far too many people know, Alzheimer's disease inflicts pain and hardship on families, and costs Medicare and Medicaid billions, yet our nation has been lacking a national strategy to focus on the disease.

In my ongoing efforts to save jobs in Maine, I succeeded in convincing the EPA to rework regulations known as "boiler MACT" in a manner that protects the environment and public health without jeopardizing jobs in the forest products industry. I also authored successful legislation to provide small contractors more time to comply with EPA lead-based paint regulations. The high fines for non-compliance would have put many small contractors in Maine out business.

Working with the University of Maine, I helped advance the development of deep water, off-shore wind energy. Last summer, Energy Secretary Steven Chu visited UMaine at my request, which resulted in an announcement that the Department would dedicate \$20 million to develop and test deepwater offshore wind technologies. UMaine remains on the cutting edge of this work, which has the potential to create 15,000 jobs.

I secured funding for a number of important transportation projects in 2010. For example, following my request, U.S. Transportation Secretary Ray LaHood announced that the Department would award \$10.5 million for Maine's effort to save freight railroad service in Northern Maine, and \$20 million for the rehabilitation of the Memorial Bridge between Kittery and Portsmouth.

As a member of the Senate Armed Services Committee, I worked to ensure that our men and women in uniform have the resources and support they need to protect our freedom. In 2010, I supported efforts to improve health care and other services for our military personnel and veterans, and authored key provisions to strengthen our national defense by supported the vital work at Bath Iron Works, the Portsmouth Naval Shipyard, Pratt & Whitney, the Maine Military Authority, and other Maine industries. Following my letter last year to the President's top budget official urging him to include increased funding for the DDG-51 program in next year's budget, Defense Secretary Gates recently announced that the Pentagon would seek an additional DDG-51 in its five-year budget.

The 112th Congress will bring extraordinary challenges as we work to improve the economy, lower the unemployment rate, seek ways to reduce federal spending to bring the federal debt under control, and debate a host of other important issues. I am grateful for the opportunity to serve Limerick and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Biddeford Office at (207) 283-1101, or visit my website at <http://collins.senate.gov>. May 2011 be a good year for your family, your community, our state and our nation.

Sincerely,

Susan M. Collins
United States Senator

HOUSE OF REPRESENTATIVES
 2 STATE HOUSE STATION
 AUGUSTA, MAINE 04333-0002
 (207) 287-1440
 TTY: (207) 287-4469

Dear Friends & Neighbors:

On Wednesday, December 1, members of the 125th Legislature were sworn in to office at the State House. What an honor and pleasure it was for me on that day to once again assume the role of your representative after a four-term hiatus. Thank you for the opportunity to be a part of the historical shift in power following the November elections. My fellow caucus members and I are humbled by the responsibility voters have entrusted us with, as we will work toward decreasing unnecessary regulations with the optimism that this will lead to increased job creation.

Although Lawmakers have been at work for just a short period of time, many changes have already occurred. In mid-December, the Joint Select Committee on Joint Rules agreed on the combination of two joint standing committees into one, thus reducing the total number of associated panels to 16. The newly named Labor, Commerce, Research and Economic Development Committee assumes the jurisdictional responsibilities of the former labor Committee and Business, Research and Economic Development Committee. The substantive rationale for the merger was that one cannot have labor without business, and one cannot run a business without labor.

Approaching 2,000 individual bills will be deliberated over the coming months. As a seasoned policymaker, the legislative process is one I am quite familiar with; however, the routine is one I wish for my constituency to be more aware of as well. The Legislature's Web site provides both a brief overview and an in-depth explanation of the manner by which the bill is given consideration. You can find this information, along with other helpful documents and lists posted online at <http://www.maine.gov/legis/house/document.htm>.

Once more I wish to convey my appreciation for the confidence you have placed upon me to be your voice at the Capitol. As always, should you have any question or concerns that I may assist with, please feel free to call upon me at your leisure.

Best wishes,

G. Paul Waterhouse
 State Representative

District 98 Bridgton, Harrison, Lovell, Stow and Sweden

IMPORTANT**ALL TAXPAYERS SHOULD READ THE FOLLOWING
REQUIREMENTS AND COMPLY WITH THEM**

Chapter 81, Section 35 of the Revised Statutes of Maine require the Assessors to give notice to bring up lists of taxable property. If no lists are brought in, no claim for abatement.

“Before making an assessment, the assessors shall give reasonable notice in writing to the inhabitants by posting notifications in some public places in town, or shall notify them in such other way as the town directs, to make and bring in to them true and perfect lists of their polls, and all their estates, real and personal, not by law exempt from taxation, of which they are possessed on the first day of April of the same year. If any resident owner after such notice, or any nonresident owner after being reasonable requested thereto by the assessors, does not bring in such a list, he is thereby barred of his right to make application to the assessors, or county commissioners, for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon nonresident owners may be proved by a notice sent by mail to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer.”

LOVELL**RABIES CLINIC FOR DOGS & CATS**

March 12th at the Fire station located at the bottom of Hatch Hill and Route 5, from 9:00 am to 11:00 am. The cost is \$6.00 per animal. Other shots are available. All dogs and cats are required to be vaccinated against Rabies. Licensing will be available at Clinic. Please NO SICK OR PREGNANT DOGS OR CATS and no puppies or kittens for their 1st shots.

Attention Dog Owners

All dogs who are 6 months of age, or older, must be licensed by January 1st. Bring with you a current Rabies Certificate, a Certificate of Spaying or Neutering and an accurate description of the dog. It is your responsibility to license your dogs, not the Animal Control Officer. His duty is to dispose of any who are not licensed.

Please see that your dog is under your control - on your own property at all times.

Animal Control Officer
Meryl Molloy
207-925-1181
