Not since the famous "Georgia Camp Meeting" of years ago, has there been an instrumental piece of music on the market, that has so completely captivated the Public as has the new number

### "SAND DUNES"

To use a slangy phrase, it is absolutely "sweeping the country" and so any one who is not familiar with, or is not playing it, or is not dancing to it, is certainly behind the times. The Musicians, Bands and Orchestras are just as "crazy" 'bout it, as the rest of us—the Bands in all cautions are playing it as their "Pet" selection, and are marching to it, so it's up to you to "Swing in Line" and get your copy today. You'll find it at the "Better-Class" music stores, and when you have played it several times, and have it "down" so that you can play it from memory, that's when you'll "rave". Anytime you go to a dance or party, always ask the orchestra to play these two biggest hits of the year—
