Ray Bates opened the Public Hearing at 6:01 p.m. Ray asked Arthur about the two junkyards and he said that there were not any problems. Rick Gray, Jr. made a motion to approve both junkyard permits seconded by Jonathan Adams and approved 4-0-0. The BOS signed the permits of their own free will. Ray Bates closed the Public Hearing at 6:03 p.m.

Previous Meeting Minutes: 
Jonathan Adams made a motion to approve the Minutes dated 12-31-13 as written seconded by Rick Gray, Jr. and approved 3-0-1 with Dan Gordon abstaining due to being absent for that meeting.

Public Works:
 a) Keith said that all the rain helped to take the ice off of the roads.  
b) They have been very busy and the trucks have been running pretty good.  
c) The weekend was rough with accidents involving the trucks but everything worked out fine.  
d) There has been an issue with the sandbox with people taking too much and PW was kept busy just trying to keep sand in it. The BOS have suggested that the sand box be moved down by the Transfer Station and then sand can only be picked up during Transfer Station hours with a 2-bucket per storm limit.

Transfer Station:
 a) Tim said that the old rubbish trailer is gone.  
b) Theresa had the Transfer Station Figures for the BOS to review. The figures show that we are still down from last year.

Public Comment:
 a) Carol Chavarie, chairman of the Planning Board, said that right now the Planning Board has absolutely nothing going on. The BOS said there is no need to waste the Planning Board members’ time since they don’t have anything to deal with. Therefore the Planning Board will not be meeting, unless an issue comes up, until April 2014.  
b) Theresa reminded the BOS of the retirement party on Saturday, January 18th for Sarah Cunningham.

Consideration of Payment Warrants # 31 and # 32:

January 14, 2014   Page 1 of 2

d) Theresa received a letter from the Dept. of Education which shows the new voting formula per town for the RSU 12.
e) Scott Tilton, Chelsea Town Manager, would like to know what the town plans on doing with all the brush from the ice storm. He is talking about taking a regional approach and having it locally chipped. Ronnie said it would be a good idea for the town to have a free Spring Earth Day Clean-up for brush only. Earth Day is Tuesday, April 22, 2014, so maybe the Saturday before that would be a good time to have this. The BOS is in agreement.

Selectmen’s Items:

a) Theresa had a letter from the “Bicycle Coalition of Maine” saying that they will be coming through our town on September 10, 2014 from 7:00 a.m. to 10:00 a.m. They will be coming in from the Hunts Meadow Road cross the Augusta Rockland Road to the Ridge Road on to the Maxcys Mill Road on to the Griffin Road back to the Augusta Rockland Road to the Vigue Road.

b) Theresa also had a letter from Erskine Academy informing her that the Erskine Alumni will be hosting an Appreciation Breakfast for all First Responders, Fire Departments, Law Enforcement and Rescue on Saturday, March 1, 2014 from 7:30 a.m. – 9:30 a.m.

c) In the past the Snowmobile Reimbursement is usually divided by 75% to the Snowmobile Club and the remaining 25% to other recreational areas. **Ronnie Brann made a motion to divide the check with 75% going to the Snowmobile Club and the remaining 25% to be divided equally between the Windsor Youth Association, Windsor Boy Scouts and Windsor Girl Scouts seconded by Ray Bates and approved 4-0-0.**

d) Theresa presented the 6-Month Budget to the BOS and went over it with them.

e) At the last meeting it was discussed about having an “Earth Day” free brush disposal (because of the ice storm we had in December) for the townspeople on April 19, 2014. Theresa feels this should be a BOS motion. She also had a letter from Scott Tilton, Town Manager for the Town of Chelsea wondering if they could also be included in this event. After discussion it was decided to keep this as a Windsor Residents only event. **Ronnie Brann made a motion to set Saturday, April 19, 2014 to be a free brush only disposal – no wood or debris -- brush only, with everything else being at the regular price seconded by Rick Gray, Jr. and approved 4-0-0.**

f) The State Speed Trailer could be available for us this year if we want it. This will be a “lottery style” loan and if our name is drawn we get it for 2 weeks and we would have to pick it up from the town using it before us. Theresa will make out the paperwork and wait to see if we are drawn.

g) We still have 93 hours left on the McGee Plowing Contract. Theresa is wondering if we should hold back some money from their check for all the mailboxes they have plowed down. There was discussion and it was decided that McGee’s should be advised of the broken mailboxes but we are not to withhold any of their contracted payments.

h) Dates for Budget Timelines: February 18th Special BOS Budget Meeting; March 4th Special BOS Budget Meeting and then there will be Budget Committee Meetings on March 18th and April 1st.

MINUTES OF THE BOARD OF SELECTMEN’S MEETING
FEBRUARY 11, 2014
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Members present: Richard Gray, Jr., Jonathan Adams, Dan Gordon, Ronnie Brann and Ray Bates (arrived at 6:19 p.m.).

Public Attending: Tom Reed.

Employees Attending: Theresa Haskell (Town Manager), Keith Hall (Road Supervisor) and Debbie French (Secretary to the BOS).

Jonathan Adams called the meeting to order at 6:02 p.m. with the Pledge of Allegiance.

Previous Meeting Minutes:
Ronnie Brann made a motion to approve the Minutes dated 1-28-14 as written seconded by Rick Gray, Jr. and approved 3-0-1 with Jonathan abstaining due to his absence from that meeting.

Public Works:
  a) Keith said that he did some scraping on the Choate and Shuman Roads this morning.
  b) Keith told the BOS that we are supposed to be getting heavy snow (8-12 inches) on Thursday/Friday. He is hoping that we will not be getting any freezing rain.
  c) Theresa suggested posting the other end of roads that have already been posted at one end from the other towns.
  d) Trucks are all running good and the garage is great he said. Theresa said that the heating fuel line for PW may be over because they had to run heat during the building process.

Transfer Station:
  a) Theresa has the January Transfer Station Figures which shows that we are down overall by $1,073.51 from this time last year.
  b) Tim had told Theresa that he would like to have a sheet made up showing how many pounds per day were taken in for the MSW. He would also like to have new sheets made up for Non-Profit Organizations in town – i.e. Fire Station, Food Bank, Town Hall. Debbie will be making up new sheets for this.

Public Comment:
  a) Tom Reed had a man from Monmouth looking at the cemeteries for tree removal. Much discussion.

Consideration of Payment Warrants # 36 and # 37:
Ronnie Brann made a motion to approve warrants # 36, and # 37 seconded by Dan Gordon and approved 5-0-0.

Old Business: None.

New Business: None.
Town Manager’s Items:

a) Theresa had a letter from Vern Ziegler regarding the Preliminary 2015 State Valuation from Maine Revenue Services. It looks as though the CMP Project will be about half of the expected tax revenue plus the decommissioning of the Maxcys Mill Station. Vern recommends that we have an independent valuation. He is recommending that an increase in the FY 2014-2015 municipal budget to hire William VanTuinen as he has the knowledge and experience to provide us with a supportable and defensible assessment for electric utility taxation. (Much discussion)

b) Theresa received a call from a lady from the OSHA Compliance Journal. The last one we had was 2010. The cost is $300.00 or we can go on line and print off the same materials. The only possible downfall would be that we might miss something. The feeling is that as long as we go by the 2010 outline and just update to 2014 we should be okay.

c) Theresa has one property that should have been foreclosed last Friday on the Vigue Road. The post office has a different number Vigue Road than the Town has and it appears that the homeowners might not have gotten the certified letters for this. MMA told Theresa the most important notice that the taxpayer gets is the recorded 30-day notice and they said to hand deliver a copy of this to the property owners and then the owner has 90 days to take care of this. The other thing is that there are 3 (three) different pictures on the tax card of the same property which looks like they put 2 (two) mobile homes together and then changed the siding on one of them.

Selectmen’s Items:

a) Ray said that one of the things that needs to happen in our Town Warrant is to allow for the cost of setting up the ASU SAU for the situation of the Town getting out of the RSU to set up for the new school, situation. They do not have a good handle on what the amount should be … could be up to $200,000.00. They will also have to set up a new school board who then will have to come up with a new school budget in which we will have to budget 14 months of operating costs into 12 months. Much discussion.

b) Tomorrow morning the Withdrawal Committee will be meeting with Cony High School to see about the cost of a 10-year contract with them. They have also been checking with the RSU 2 which has 3 high schools which are Monmouth, Hall Dale and Richmond.

Chairman Ray Bates adjourned the meeting at 8:12 p.m.

These minutes were approved by the Board of Selectmen on February 25, 2014 with the correction of SAU instead of ASU under Selectmen’s Items (a).

There will be a Special Board of Selectmen’s Meeting on Budget Preparation on February 18, 2014.

The next Regular Board of Selectmen’s Meeting will be on February 25, 2014 at 6:00 p.m. at the Town Hall.

Town Manager’s Items:
  a) Resident’s Request Bounce House for 2-22-14: Sandcastle Entertainment came in today to measure upstairs for their bounce house for a birthday party that a resident is having upstairs at the Town Hall on Saturday. He was told that it had to go before the BOS and if approved, he will need to provide his Certificate of Liability Form. The BOS decided that they do not want a bounce house upstairs.

c) Will probably do some patching on a few holes as soon as the weather improves.
d) Keith said that he has some shoulder issues on some of the roads that will have to be attended to when the weather gets better.

Transfer Station:
a) Tim said that the cement on the new building will need to have some paint that will grip better. Rick suggested some mats also to help.
b) Tim said that the pavement there is taking a beating.

Public Comment:
a) Erskine Academy Student, Cassidy Bowden said that the 105 end of the Wingood Road is pretty bad. Keith told her that it will be taken care of in the spring.

Consideration of Payment Warrants # 38 and # 39:
Jonathan Adams made a motion to approve warrants # 38, and # 39 seconded by Dan Gordon and approved 5-0-0.

Old Business: None:

New Business:
a) Windsor Withdrawal Committee to retain Daniel Stockford from Brown & Isaacson: The Windsor Withdrawal Committee would like the BOS to approve them hiring Daniel Stockford from Brown & Isaacson to review the proposed contract with RSU 2 and any legal contract that we might enter into. We are still talking to Cony High School which is a “bumpier” situation than RSU 2. In the meantime Tom Squiers has asked Town
Manager, Theresa Haskell to look into the fees involved with this. Mr. Stockford is the same attorney working on the Palermo withdrawal and is already “up” on the facts involved. Ray has an email out to the chairman of the Palermo committee about this also.

b) Ray filled the BOS in from the meeting last night regarding the arrangement that Windsor would have upon withdrawing from the RSU #12:

1) Pay 2009 summer salaries for the teachers.
2) Copier leases would be switched over.
3) Windsor would have the same buses.
4) Windsor would pay their share of the Chelsea debt one of two ways: a lump sum payment or pay by the year (our payment per year would be around $40,000). If Chelsea gets out, then our part of the payment will end immediately.
5) Windsor’s percentage is 17.4% of any debt or surplus that might be in place when we get out. There was much discussion.

Town Manager’s Items:
a) Theresa said that she had received the Public Notice for the Kennebec County Budget Committee District One Caucus on March 4, 2014 at 5:00 p.m. to be held at the China Town Office.
b) CMP: Theresa said that Vern had created a spreadsheet for the CMP MPRP Substation Comparison. This person that Vern had suggested to assess the CMP situation is available at $10,000.00. This would need to be in this coming year’s budget.

Selectmen’s Items:
a) Dan asked if we have ever come up with something about a sign out front of the Town Hall. Ronnie mentioned that he saw the ideal sign in Friendship at their town hall. There was much discussion on this.

Chairman Ray Bates adjourned the meeting at 7:49 p.m.

These minutes were approved by the Board of Selectmen on March 11, 2014 as written.

There will be a Special Board of Selectmen’s Meeting on Budget Preparation on March 4, 2014.

MINUTES OF THE SPECIAL BOARD OF SELECTMEN’S MEETING
MARCH 4, 2014
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Members Present: Ray Bates, Dan Gordon, Richard Gray, Jr. and Jonathan Adams (arrived at 6:43 p.m.) Ronnie Brann was absent from the meeting.

Public Attending: Tom Reed, Jeff Frankel, Tom Squiers, Ray Chavarie, Carol Chavarie, Louden Chavarie, Dennis Strout, Kevin Ready, Arthur Strout, Charles Ferguson and Erskine Student, Emily Ferguson.

Employees Attending: Theresa Haskell (Town Manager) and Debbie French (Secretary to the Board).

Ray Bates called the meeting to order at 6:00 p.m. with the Pledge of Allegiance.

Public Comment:

a) Windsor Withdrawal Update: Tom Squiers, Chairman of the committee said that they have reached the point where they need counsel. Daniel Stockford of Brann & Isaacson is willing to represent Windsor and in fact has been helping Monmouth & Palermo and is very knowledgeable with the RSU Withdrawal process. Tom said that Daniel has noted that if there should be a conflict with him representing Palermo and Windsor then Palermo would be the town he would represent. Ray Bates said that he does not believe that there would be any conflict. RSU # 2 (Hall Dale) is very willing to work with us and will even send a bus for our students’ transportation. The school of choice will stay in place. Tom is looking for the BOS to approve Tom signing the contract with Brann & Isaacson. Rick Gray Jr. made a motion to approve the signing of the contract with Daniel Stockford from Brann & Isaacson by Tom Squiers seconded by Dan Gordon and approved 3-0-0.

b) Ray Bates discussed a possible situation on school salaries.

2014-2015 Municipal Budget:

a) Theresa went over the Fire Station Budget for Operations which totals $39,200.00 and asked why the increase. Kevin Ready, treasurer of the WVFD and Fire Chief Arthur Strout explained the increases they have faced. Kevin said that the WVFD raised and used $4,200.00 to help with the expenses.

b) Chief Arthur Strout said that he has a pumper that is 26-27 years old. The recommendation is that the pumpers be retired at 25-years. He would like to take $45,000.00 out of the reserve and then borrow $320,000.00 to purchase a new pumper truck. This would make the estimated payments at $40,000.00 per year. Ray asked what is so special about this truck … Arthur said that it is for rehab just like the other truck. There was much discussion over the details.

c) Windsor Rescue Budget – Operation Budget totals $4,000.00.

d) Theresa went over a few other changes that the BOS had suggested.

Town Manager’s Items: None.

Chairman Ray Bates adjourned the meeting to a time certain at 10:18 p.m.

(Debbie French taking Minutes)

Chairman Ray Bates re-convened the meeting on April 1, 2014 at 6:09 p.m.

**Members Present:** Ray Bates, Ronnie Brann, Dan Gordon, Richard Gray, Jr., and Jonathan Adams arrived at 6:09 p.m.

**Public Attending:** Tom Reed, Leticia Moll, Ray Chavarie, Lodin Chavarie, Carol Chavarie, Steve Ball, Beth Choate, Bill Appel, Kevin Ready, Arthur Strout, Joe Bradbury, Jeff Frankel, Bob Holt, Corey King and Cheryl Pratt.

Ray said the BOS previously voted to take $14,800.00 out of the budget to allow the WVFD to take monies from their Reserve Account but MMA Legal suggested we not do this because this was an original vote by the townspeople to pay this debt from the beginning. This makes the Capital Expenditures & Long term Debt line back to $54,800.00. **Rick Gray, Jr. made a motion to approve the Capital Expenditures & Long Term Debt Expense Line in the amount of $54,800.00 seconded by Ronnie Brann and approved 5-0-0.**

MMA does not recommend that the fire Department get a loan on their own as it would be a higher interest rate. A loan would need to be taken out by the town if the article is approved at town meeting. There would need to be a public hearing before the voting on June 10, 2014. Engine 1 which is the truck they would like to replace is 27 years old and needs to pass an inspection of 100% in order to be certified for use. The current inspection runs out in August and Arthur said if it does not pass then we will have to have a Special Town Meeting.

Ronnie Brann asked Theresa how this would affect our taxes. Theresa said that we have one more $15,000 payment on the newest fire truck and we have two more annual payments of $40,000 on the Fire Station. If we add the requested fire truck to the budget we would be looking at an increase of .2 mil rate. Ronnie said that he has been busy researching fire trucks … cost, life span etc. He wanted the fire Department to know that even though he is not in favor of a new truck at this time that he has nothing but good to say about the Windsor Volunteer Fire Department. He said he will not vote yea or nay but thinks that the townspeople should be able to vote on it. **Rick Gray, Jr. said that he would like there to be two options for the people to vote from. There was much discussion.**

Kevin Ready said that Engine 1 does not go to the fire but goes to the hydrant so the firefighters cannot use it as a rehab unit. If this truck was replaced then the new truck would go to the fire and Engine 2 would go to the hydrant. Ray Chavarie said at this point they can assess the fire fighters condition and decide if they can go back to the fire or if they need to rehab for a while, but there is no room for them to get warmed/cooled during the rehab time. This new truck would allow them to assess the firemen and still have room for other firemen to be able to rehab in a warmer/cooler unit.

March 4, 2014 – March 11, 2014 – April 1, 2014   Page 3 of 4
Jeff Frankel said he feels that the BOS should take the leadership on this and not put it to referendum. Ray Bates said that he disagrees and that this should be a voter’s decision. Ronnie Brann said that he would like the Budget Committee Members to say what they feel on this before the BOS made any motions. The committee’s general feeling was to wait on purchasing a new truck until the money is there and/or the other WVFD loans are paid off. **Ronnie Brann made a motion to pay off the debt we have right now and reassess after this year with the BOS working more closely with Arthur and be on top of this seconded by Jonathan Adams and approved 5-0-0.** Theresa said that she and Rick are looking to see if the CMP and Natural Gas Lines can give a good donation towards a new fire truck that if not enough to buy one outright the monies could go into the Fire Truck Reserve for one.

Theresa went over the revenue side of the budget explaining each line item for them. **Rick Gray, Jr. made a motion to approve the Total General Fund Revenue Line in the amount of $842,778.00 seconded by Ronnie Brann and approved 5-0-0.**

Bob Holt called the Budget Committee Meeting to order at 7:37 p.m. The Budget Committee Members were present for the BOS Meeting so all they had to do was vote on the items which Theresa recorded. **Tom Reed made a motion to approve the Capital Expenditures Debt in the amount of $54,800.00 seconded by Jeff Lauder and approved 7-0-0.** Theresa told the committee that they would need to meet one more time on April 15, 2014 at 6:00 p.m. **Bob Holt adjourned the Budget Committee at 7:53 p.m.**

Ray Bates adjourned the BOS to a time certain at 7:54 p.m.

Public Comment: None

Public Works: None

Transfer Station:
   a) Theresa had the Monthly Figures for the BOS showing that we are down by $218.45 for February.
   b) The Planet Aid Collections Box representative called and wanted to know if they could have a collection box at the Transfer Station for clothing and shoes and they would pay us 5¢ per pound quarterly. Theresa read the contract agreement they would like us to accept. The BOS agreed that we would not be interested at this time as there is already one of their boxes in town at Hussey’s General Store.
   c) Household Hazardous Waste Drop off Day with other towns – KVCOG is looking to see if we would be interested in joining in with other towns this year. Last year’s figures show that it is quite costly for the towns. The BOS is not interested at this time.
   d) The new Postmaster asked how to get rid of the trash at the Post Office since he is not a town resident like the previous Postmaster. He is willing to pay the cost of disposal if the town is willing to let him get a letter from the town giving him permission to use his vehicle. The BOS agreed that he could have a letter of permission to dispose of Post Office waste only.
   e) Tim would like to burn tomorrow night. The BOS said that he would have to close it off down back where the burning would occur.

Consideration of Payment Warrants # 40 and # 41:
Ronnie Brann made a motion to approve warrants # 40, and # 41 seconded by Rick Gray, Jr. and approved 4-0-0.

Old Business: None:

New Business: None.
Town Manager’s Items:

a) Spirit of America Awards – Theresa read the letter from the director requesting that the local officials choose the recipient for Windsor by March 31, 2014. The BOS made their decision.

b) Dispatching Service Contract – Theresa said that she received the contract and it has actually gone down by $26.00 this year. **Ray Bates made a motion to approve Theresa signing the Contract seconded by Dan Gordon and approved 4-0-0.**

c) 6-Year Major Construction Report – Theresa gave the BOS the figures for the last six years in Major Road Construction totaling $1,939,539.66 for 20.889 miles of road at a cost of $92,805.38 per mile. Theresa is looking at $591,465.00 for fiscal year 2014-2015.

d) Oil delivery to wrong house – CB Haskell made an oil delivery of 100 gallons to our town owned property on Erskine Road by mistake. We have no key to open the house for them to get in and pump it back out. The BOS said that Theresa needs to call the daughter of the foreclosed property owner and get the key from them so this can be taken care of.

Selectmen’s Items:

a) Proxy statement on Reed Fund – Ray signed the statement at the meeting.

Chairman Ray Bates adjourned the meeting at 7:41 p.m.

MINUTES OF THE SPECIAL BUDGET COMMITTEE and SPECIAL BOARD OF SELECTMEN’S MEETING
MARCH 18, 2014
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Budget Committee Members Attending: Cheryl Pratt, Jeff Frankel, Tom Reed, Corey King, Joe Bradbury, Shellie Nichols-Adams, Bob Holt and Corey Roberge arrived at 6:12 p.m.

Board of Selectmen Members Attending: Ray Bates, Ronnie Brann, Dan Gordon, Jonathan Adams and Richard Gray, Jr. (arrived at 7:40 p.m.)

Employees Attending: Theresa Haskell (Town Manager) and Debbie French (Secretary to the Board).

Town Manager Theresa Haskell called the Budget Committee Meeting to order at 6:05 p.m. for the nominations of Budget Committee Chairman. Robert Holt (Bob) was nominated and accepted the nomination as Chairman of the Budget Committee. Bob then called the Special Budget Committee Meeting to order at 6:09 p.m. with the Pledge of Allegiance. Theresa told the committee that since they did not have a full member attendance that the alternates would be able to vote at this meeting.

There were 4 BOS members present at the opening of this meeting so Ray Bates called the BOS Meeting to order at 6:09 p.m.

2014-2015 Municipal Budget:

a) Theresa presented the expense only side of the proposed budget as the revenue information has not come in yet.

b) Ronnie Brann said that he was told today that Central Maine Power Company will not be finished here until late summer 2015.

c) Even though this was a Budget Committee Meeting and not a BOS Meeting, Corey Roberge asked why Public Works pulled an oil truck out of the ditch on his road which is a private road. Jonathan Adams explained that they were afraid of an oil spill and that another person living on that road had called and asked what the town could do about the truck being in the ditch. Corey was not happy with the answer and said that the Town had no right to pull the truck out. Tempers got hot between Corey and Jonathan and Jonathan left the meeting at 7:43 p.m. Corey had another unhappy comment to everyone and left the meeting at 7:44 p.m. Theresa told the committee that it had been her decision due to the fear of an oil spill and the safety of the people on that road. She said that if she was wrong in doing this, then she was sorry.

d) During discussion on road construction Ray said one of the things that they had under budgeted last year was the amount of gravel it takes to fix shoulders and that it is very expensive.

e) During discussion of the Rescue Department Ronnie Brann told the committee that there is a need of a new Rescue Vehicle even though Ray Chavarie did not request it. Ronnie said that the rescue truck they are using right now has over 200,000 miles on it and that they responded to over 250 calls this last year with that vehicle. Another BOS member said that he had researched them and they begin at about $40,000.00.

The motion was made to adjourn the Budget Committee Meeting, was seconded and approved. Bob Holt adjourned the meeting at 9:20.
Ray Bates also adjourned the Board of Selectmen’s Meeting at 9:20 p.m.

These minutes were approved by the Board of Selectmen on March 25, 2014 as written.

The next Regular Board of Selectmen’s Meeting will be on March 25, 2014 at 6:00 p.m. at the Town Hall.

The next Special Budget Committee Meeting will be on April 1, 2014.

Windsor would have to pay for a Special Education Teacher if needed. Ray said that if the teacher is only going to be used for Windsor students, that is fine but if he/she is to be shared with all the towns then Windsor should not foot the whole bill. Ray added that they are continuing to work with the Windsor Withdrawal Committee and RSU 12. Two members in the audience of the RSU Meeting didn’t like the language of the agreement and felt that there might be detrimental to some students on receiving a diploma. Ray said the preliminary budget for RSU 12 is finished and the bottom line is – Windsor’s Local Education Share will be $1.8 million ($12,000.00 per student). There is another meeting on this budget at Chelsea tonight at this time and Ray has been told that someone wants to add more to the budget for building. Much discussion.

MINUTES OF SPECIAL SELECTMEN’S MEETING
MAY 5, 2014
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Employee’s Attending: Theresa Haskell, (Town Manager) and Timothy Coston (Transfer Station Manager).

Public Attending: Tom Reed, Moe Belanger and Cheryl Pratt.

Ray Bates called the Special Board of Selectmen’s Meeting with the Transfer Station Committee to order at 6:00 p.m. with the Pledge of Allegiance.

Public Comment: None

Transfer Station: Theresa said that she has talked with the electrician and the meter box that needs to be installed needs to be 15’ away from the newly installed pole and he would recommend that we put some sort of metal pole with cement in it to protect it. The Board asked, how close can this be next to the road? Theresa said it can be right up next to it but we will need to protect it. Theresa said the other pole at the top of the hill that has the meter on it and the lines that go underground to the Transfer Station can either be removed and a junction box can be installed or we can leave a stub pole there so they can run lines from there to the scale house and the gate. The Board recommended that we eliminate this pole and not have a junction box they would rather see brand new lines run from the Transfer Station to the scale house and then to the gate using the same pvc pipe in the ground that exists and take out the old line. The Board decided to have the Road Supervisor put in the new roadway starting next week as long as he can line up getting a loader at Pete Kelley’s pit to load the trucks and see if we can have a vibrating roller to roll the road and the help to do everything. Theresa said then we will need to confirm where the actual road will be. Tim Coston said he and Keith will mark it out and would like for the Board, Transfer Station Committee and Town Manager go and look at it before the work begins. Ray Bates said he would be talking with someone regarding building the scale house and having it hauled to the Transfer Station and will get back to us. Moe Belanger asked if we were planning on having the scale gated off when we were not open. One thought was to have the cement pad ramp ready to have some sort of pole to be installed with a chain across the end of each side of the scale. Theresa said she will need to contact the telephone company to have them come in to run new lines. Tim Coston asked if we should contact A&B Welding to have them start on the other base for the roll off container and the Board asked Theresa to give him a call to do this. Rick asked if we are now planning on having a cement area for three containers installed (one for metal and one for construction debris and a spare area), are we planning to have a roof over all three? There was much discussion on this and this will need to be discussed at a later
date. The Board of Selectmen and the Transfer Station Committee will meet again on June 2, 2014 at 6:00 p.m.

**Town Manager’s Items:** Theresa said there is no bid opening on the regular Board of Selectmen’s meeting on May 20th, 2014 and since we have moved the regular meeting to Monday, May 19, 2014 because of the RSU Budget Validation at Whitefield School at 6:30 p.m. we can either have a very short meeting or cancel it entirely. **Ray Bates made a motion to move the regular Board of Selectmen’s meeting on Tuesday, May 20, 2014 to Monday, May 19, 2014 so they can attend the RSU Budget Validation at Whitefield School at 6:30 p.m., seconded by Ronnie Brann and approved 3-0-1.** Dan Gordon abstained due to unforeseen circumstances and he will not be able to attend on Monday, May 19, 2014.

Previous Meeting Minutes:
Ronnie Brann made a motion to approve the Minutes dated 4-22-14 and the Minutes of the Special Meetings with the Transfer Station Committee dated April 29, 2014 and May 5, 2014 as written seconded by Rick Gray, Jr. and approved 4-0-0.

Public Comment:

a) Update from RSU 12 Board: Tom Birmingham, Shellie Nichols-Adams and Hillary Holmes were here representing the RSU 12 Board. Shellie said they are closer to the end of the budget striving to stay at a flat budget. The over-spending was from summer salaries in the beginning when some towns did not pay summer salaries. They have a revolving credit loan and Tom said that the interest is about 2%. Shellie said that they have made huge changes in the office. She said that overall the Wiscasset withdrawal will be good for the RSU. They will end the year with a negative amount mostly due to the fact that they will not get the monies from Wiscasset (about 2 million dollars) till July. MUCH DISCUSSION. Hillary said that there are RFP’s out for the leasing of buses. They are looking to lease half the fleet … they would be selling their oldest buses to the leasing company and then they in turn will lease us newer buses.

b) Bill Appel said that they have built up the robotics class and is wondering about the town having wireless guest access. Discussion.
Public Works:
a) Pad is in for the generator.
b) Posts for the roof over the generator are in.
c) The bids will be coming in on the 19th.
d) Reed Road had to have 5 loads of gravel … put 2 loads in by the bridge where the frost was just coming out.
e) Changed a culvert on the Reed Road today.
f) Keith will be patching on the Bean Road tomorrow.
g) Transfer Station has been “dig safed” and will be ready to go on Friday.
h) Paperwork on Public Works is all caught up.

Transfer Station:
a) Monthly Figures: We are down for the year by $1,700.16.
b) Concrete – Tim would like to make it so it’s not so slick – the options are to seal with grit or epoxy sealer which would cost approximately $360.00 per 4 gallons and it will take 4 units at a total cost of $1,440.00. Discussion. Ronnie said that he will go to Home Depot and experiment with it to see what will work.
c) Yearly Transfer Station Report – last year we recycled 101 tons through Lincoln County. Someone thought that it would cheaper for us to throw our trash away than to recycle. Maine Law sets the guideline of 50% of MSW (Municipal Solid Waste) we are at 29.41% - there was much discussion.
d) China would like to do something with us – much discussion.

i) Someone is interested in the metal awning that was over the PW Garage. The BOS told Tim to go ahead and give it to them.

j) Theresa had Tim share on an ACO issue that happened last Wednesday. Tim said that two mules broke into a neighbor’s pasture and terrorized two horses. The mules drove a pony off after biting it and bit the other horse as well. The pony had gone into another pasture which the mules also went into and was attacked a second time. Tim called Animal Welfare in on the situation and upon their arrival they wanted the pony to be checked by a vet because of the extent of the wound in the pony’s legs. The vet examined the wound and took an x-ray which showed a fragment embedded in the wound (which turned out to be a mule tooth) so they said it needed to go to a vet hospital in New Hampshire. A China resident donated the use of a trailer, a truck, gas and time to take the pony to NH. The estimated cost of operating on this pony is $4,000.00 which the insurance company of the mules’ owner will pay. This took 11 hours of ACO time which the owner of the mules’ insurance company will receive the bill for.

d) Workers Compensation & Property Casualty Division: Theresa said that we received a dividend check from Property Casualty $1,842.00.

e) Oaths: The BOS need to do the Freedom of Access Oaths.

f) Town Employees Serving on Budget Committee: Theresa said that there is a Town Ordinance which says no Town Employee can serve on the Budget Committee. g) Spirit of America: Theresa needs confirmation from the BOS on who will receive a Spirit of America Award this year. Ronnie Brann made a motion to have the volunteers that they have selected to receive the Spirit of America Awards for the Town Of Windsor for 2014 seconded by Jonathan Adams and approved 4-0-0. MINUTES OF BOARD OF SELECTMEN’S MEETING  
SEPTEMBER 9, 2014  
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Members absent:

Public Attending: Tom Reed, Carol Chavarie, Clint Cunningham, Sheldon Rowe, Steve McGee and Dick Avery.

Employees Attending: Theresa Haskell (Town Manager) arrived at 6:15 p.m., Keith Hall (Road Supervisor), Tim Coston (Transfer Station Supervisor and Animal Control Officer) and Debbie French (Secretary to the BOS).

Ray Bates called the meeting to order at 6:09 p.m. with the Pledge of Allegiance.

Previous Meeting Minutes:
Dan Gordon made a motion to approve the Minutes dated 8-26-14 as written seconded by Ronnie Brann and approved 4-0-1. Rick Gray, Jr. abstained due to absence from that meeting.

Public Comment:
a) Clint Cunningham said that he would like to thank the town for doing such a good job on the Legion Park Road. He would like to see a load limit of 26,000 pounds put on the road to minimize heavy traffic damage. Keith said that there are other towns that have those limits. Ronnie said that he wonders where the limits would end. He believes that most of road damage is done in the spring and not year round. Theresa said that there is an ordinance saying that we have the right to restrict load levels either permanently or seasonally. The biggest question is how do you police it? Much discussion. Ray said that this is something that cannot be taken care of quickly. Ronnie would like to make a recommendation that the BOS go home and look into things and think on it. Theresa needs to call surrounding towns also to see if they want to have limits on their side of the roads that we share.

b) Sheldon Rowe said that he has a problem with water now that the Town has done the ditching on the Legion Park Road. He has lived there for 50 years and never had a problem. He said that they went through his rock wall and damaged his trees and that he has a lot of water on his land now when it rains. He would like to see a deeper ditch done. Much discussion. Ronnie asked Sheldon if he was good with Theresa, Keith and Clint go take a look at it with him when it rains and he was agreeable to that.

Plowing Contract: Steve McGee said that he would do another year of plowing for the same contract price as the last two years. Rick Gray, Jr. made a motion to use Steve McGee again this year at the same contracted price as last year seconded by Ronnie Brann and approved 5-0-0. Steve said that he appreciates the Town of Windsor and the work that they give him. The contract was signed by the BOS, Town Manager and Steve McGee.
Public Works:
a) Erskine Road is done except for the shoulders. Ronnie Brann wanted it on record that the work being done on his driveway entrance is something the he has hired someone to do and not being done at the town’s expense.
b) The Weeks Mill Road is done being surfaced.
c) The Legion Park Road is all done including shoulders and driveways.
d) Keith has started the shoulders on Barton Road and he is hoping to be done by the end of the week.
e) Truck #4 is having a windshield replaced and will be having brakes done on it and anything else that needs to be done to get it in good shape.
f) Keith is wondering if it is possible to get more money for Route 32 (Ridge Road) from the Department of Transportation. He is also wondering how much Whitefield would charge us to have Spicer do Vigue Road, Doyle Road, Melaney Road and Hunts Meadow Road since both towns always meet each other on those roads when they are plowing. Keith said that he will talk with them.

Transfer Station:
a) August Monthly Report: Theresa showed the BOS that there was an increase in August but we are still down by $790.75 total from last year.
b) Concrete: Theresa said that Avery Glidden said he would get the concrete done by the end of this week or beginning of next week.
c) Tim said that he has been busy doing the pre-winter cleanup.
d) Tim asked about Ben as he has not been there for 2 weeks.
e) Tim has been trying to get the wood pile burned but has not had any success with getting it done.

Consideration of Payment Warrants # 11 and # 12:
Ronnie Brann made a motion to approve warrants # 11 and # 12 seconded by Dan Gordon and approved 5-0-0.

Old Business: None.

New Business: None.

Town Manager’s Items:
a) Bureau of Motor Vehicle Wants Checks on a Weekly Basis: Our auditor prefers that we not issue manual checks like we have always done in the past but the State says we need to. Theresa said that there is a state law that allows weekly manual checks to be issued by the towns that use electronic registering. Ray Bates made a motion to approve weekly checks to the Bureau of Motor Vehicle seconded by Ronnie Brann and approved 3-2-0.
b) Windsor Cares Facebook Page: Whoever is doing this is taking partial information from minutes and other information but this is not being posted by official town employees. BOS Minutes are posted on the Town Website (www.windsor.maine.gov) as well as the Windsor RSU Withdrawal Committee Minutes. Events and meetings are sent to the Kennebec Journal & listed under Government Listings in the Local Section as well as being on the homepage of the Town Website under This Week at the Town Hall and in the calendar at the bottom of the homepage. The Townline also receives and prints our weekly calendar. There are also times when we need to put Legal Notices in the Kennebec Journal which are found in the back of the paper under Legal Notices as well as postings at the Town Hall.
c) ACO Ordinance: Last meeting there was discussion regarding a situation that took 11 hours of ACO time for which a bill was sent to the animal owner. The animal owner came to the meeting and said that he should not have to pay for that as no one else had ever been billed for something like this. After much discussion the BOS decided that since we have no ordinance regarding this at present they will forgive it at this time. The BOS said that they would have the Planning Board look into writing an ordinance to have the townspeople approve for ACO hours being spent on repetitive calls. This was discussed again at this
meeting and it was mentioned that the Planning Board should have a set of guidelines from BOS or have a BOS member attend the Planning Board Meeting. After much discussion the decision was made that we will watch for income versus expense on the ACO line and if the expense line for ACO hours exceeds the income line for repeat and/or extended hours for a situation then we will re-visit this discussion.

d) **MMA Convention:** Front office trainings at the convention are on Wednesday this year from 7:30 – 4:30. Theresa and Debbie are the only ones who have classes on Thursday so the office will not need to be closed.

e) **MMA Voting Delegates:** Two delegates are needed for voting one official delegate and one alternate delegate. Ray Bates made a motion to approve Theresa Haskell as the Official Delegate and Angela Hinds as the Alternate Delegate seconded by Ronnie Brann and approved 5-0-0.

f) **Choate Road Overlay:** Lane is ready to come in and do the paving however CMP is not done with running the line and there is a portion of the road that needs to be shimmed. Theresa discussed the Town’s options and said she will be meeting with L.E. Meyers regarding this and get back to the Town. The BOS decided to hold off on the 1,630’ coming in on the Route 32 end and pave the difference.

g) **Office Renovations:** Three contractors have been asked if they would like to submit bids for the renovations and the only one interested is Dick Avery. Dick does wonderful work and always has a fair price. After much discussion the BOS asked Dick to give them his estimate on what these renovations will be which also include a new ramp into the main office entrance. Theresa would like to see the renovations done during Thanksgiving week since we are closed that Thursday and Friday anyway.

h) **Overdue Taxes:** Lorraine Plourde, Rita Marie Plourde and James Plourde own property at 25 Hideaway Lane, and they are interested in giving this property to the Town. Attorney, Joan Austin has sent the paperwork to them to sign, but Theresa has to file liens next Friday so in order to take care of this issue the BOS would have to make a motion to not put a 2014 lien on this property. Jonathan Adams made a motion to not put a 2014 lien on this property seconded by Ronnie Brann and approved 5-0-0.

i) **Dept. of Labor Penalties:** Theresa Haskell, Arthur Strout and Kevin Ready met with Steve Greeley at the Department of Labor regarding the $4,200.00 in penalties to discuss a reduction of the penalties. Steve indicated that he will recommend only a $250.00 penalty fee because we had all the documents needed to be in compliance.

j) **Foreclosed Property Transfer Tax Form:** The form needs to be done regarding the property at 122 Erskine Road that Nicole and David White purchased at the Town’s Tax Sale. Rick Gray, Jr. made a motion to have Ray Bates sign the Transfer Tax Form after Theresa makes it out seconded by Dan Gordon and approved 4-0-0. (Ronnie Brann had to step out of the meeting for a few minutes so he was not there to vote).

k) **Manual Check:** There needs to be a manual check written to Keel Hood for the June 2014 Audit. There was a misunderstanding on the amount that was due but it is now taken care of. Rick Gray, Jr. made a motion to approve a manual check for our auditor, Keel Hood which indicated a deduction, in the amount of $4,100.00 for the June 2014 Audit seconded by Dan Gordon and approved 4-0-0. (Ronnie Brann had to step out of the meeting for a few minutes so he was not there to vote).

l) **Approval for Spirit of America:** The BOS is fine with the honorees that they had chosen previously so Theresa will contact the Spirit of America Foundation to let them know who they are.

m) **Budget Committee Member Ordinance:** There is an ordinance that says no town official or employee can serve on the Budget Committee and Tom Reed is considered an employee. Tom has graciously stepped down from the Budget Committee at this time.

n) **Two quotes to move heat pipes for renovations to the front office:** CB Haskell gave a quote of $1,100.00 and M.A. Haskell gave a quote of $1,500.00. Ronnie Brann made a motion to accept the quote of $1,100.00 from CB Haskell to move the heat pipes for the renovations to the front office seconded by Dan Gordon and approved 5-0-0.

The next Regular Board of Selectmen’s Meeting on Tuesday, September 23, 2014 at 6:00 p.m. at the Town Hall.

Respectfully Submitted,

Debbie French  
Secretary to the Board of Selectmen
Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Members absent: Jonathan Adams.

Public Attending: Tom Reed, F. Gerard Nault, Tom Squiers and Bonnie Squiers.

Employees Attending: Theresa Haskell (Town Manager), Tim Coston (Transfer Station Supervisor and Animal Control Officer) and Debbie French (Secretary to the BOS).

Previous Meeting Minutes:
Ronnie Brann made a motion to approve the Minutes dated 9-9-14 as written seconded by Dan Gordon and approved 4-0-0.

Public Comment:
a) Tom Reed asked for an update on the rat situation. Theresa told him that it is still being taken care of by Inland Fisheries and Wildlife.

Public Works:
a) Theresa met with Gary Williams from L.E. Meyers to discuss the Choate Road situation at the power line entrances. He agrees that they have done some damage, but he said they are like any other company out there that has access to the roads. He would like to set up a meeting with Theresa and Keith next week to go take pictures of the road. Theresa told him that this situation has held Lane Construction up in the completion of their work. Much discussion.
b) Tom Reed asked if we are still doing the Melaney Road this year. Theresa said it all depends on what the BOS decides. Theresa said Lane Construction is asking to increase the original price per ton on the Choate Road because we are asking to hold off 1,630’ coming in from Route 32 because L.E. Meyers isn’t finished taking out the large mats from the power lines. Theresa suggested we hold off paving this 1,630’ in from Route 32 so we don’t have damage to the overlay and meet with L.E. Meyers on what they are willing to do to fix the base that has been damaged. Theresa also mentioned she has an amendment sheet which excludes this 1,630’ and pave from that point to Windsor Neck Road at the $78.50 per ton and also add the 1,400’ on the Melaney Road. Ronnie Brann made a motion to have the Choate Road overlay at the same original price of $78.50 per ton seconded by Rick Gray, Jr. and approved 4-0-0. Rick Gray Jr. made a motion to sign the amendment sheet seconded by Dan Gordon and approved 4-0-0.

Theresa received a letter from Mr. Tuttle saying that Shellie has resigned from the committee since she no longer is a Windsor Resident. There is now a vacant seat to be filled till the end of June. Ray said that we can make it known that there is a vacancy on our website under “The Hub”.

e) Siemens’s Contract - Theresa has a letter asking if the BOS would like to discuss the contract RSU 12 has in place.  Ronnie asked Jerry Nault what improvements are planned for Windsor School and he said that they were planning on replacing the classroom lights with LED lighting, putting T-8 fixtures in hallways and replacing the outdoor lights with LED lighting.  Jerry told the BOS that they were discussing putting up a wall to preheat the air going into the building for the air exchange as well.  Ray asked Jerry if he could get that information back to us.  Ray also asked if there was a rebate involved with this and Jerry said that there is $75,000 in grant money from the State for the whole RSU 12. He will get that to us from the facilities contract.  Much discussion.  The BOS gave Theresa permission to sign the letter going to Siemens’s once we have the correct name and department it send it to.

c) **Dept. of Labor $250.00:** Theresa told the BOS that the penalties from the Department of Labor have been paid. The Windsor Volunteer Fire Department paid $208.33 and the Town paid $41.67 of the $250.00.

l) **Certificate of Appointment Cemetery Committee:** Ray Bates made a motion to appoint Tom Reed to the Cemetery Committee seconded by Ronnie Brann and approved 4-0-0.

m) **Town of China Shredding on Site:** Irene Belanger from the Town of China called Theresa and asked if the Town of Windsor would like to pay $100.00 to be able to take Windsor Residents’ papers to be shredded. Unfortunately this did not give us enough time to look into doing it.

**Selectmen’s Items:** None.

Chairman Ray Bates adjourned the meeting at 8:14 p.m.

These minutes were approved by the Board of Selectmen on **Tuesday, October 7, 2014.**

Public Works:
a) Keith said that they are hoping to reclaim the Melaney Road tomorrow.

Previous Meeting Minutes:
Rick Gray, Jr. made a motion to approve the Minutes dated 10-7-14 with the correction of adding an “s” on “driver” under Public Works (d) seconded by Ronnie Brann and approved 5-0-0.

Ray Bates presented Nicholas Waldron, Dale Waldron & Debbie Waldron with the Spirit of America Award on behalf of the BOS for their service to the Town of Windsor.

Public Comment:
a) Heather King said that had she known earlier that there was an opening on the Windsor RSU 12 Board she would have come forward sooner. She told the BOS that she has a background in education and would like to serve on this board. Linda Farwell-Simmons said that she is in support of Heather as a Windsor RSU 12 Board Member and had a list of written comments from the Windsor School Staff in support of Heather.

Ray asked Heather if anyone in her immediate family works for RSU 12 and Heather said no. Town Manager, Theresa Haskell said that since Tom Toner’s wife was on the RSU 12 staff at the time they appointed him to the Windsor RSU 12 Board his appointment was null and void. Rick Gray, Jr. asked Heather where she stands on the question of Windsor’s Withdrawal from the RSU 12 and Heather said that she really doesn’t know at this time since she needs to have more information on this matter. Much discussion!

Tom Toner spoke up and said that he still wants his name in for the position on the Windsor RSU 12 Board. (Tom’s wife has now resigned from the school).

As of yet we do not know the cost of withdrawing from the RSU because there are too many variables. We know that if we remain in the RSU our costs will go up 25% for each of the next two (2) years.

Theresa told the BOS that we have here two (2) people interested in serving on the RSU 12 Board. The new board member will be helping to create the new budget if we do not pull out. Someone in the audience said...
that Tom Toner has a lawsuit against the RSU and when asked if he did Tom said that he will fight for his kids to make sure that they are safe. Ronnie asked Tom if it is his intent to file a lawsuit and Tom said that they do have a lawyer. Ronnie said that it’s a conflict of interest if he is planning on a lawsuit. Ronnie Brann made a motion to appoint Mary Heather King to the Windsor RSU 12 Board seconded by Rick Gray, Jr. and approved 5-0-0.

b) Theresa told the audience that there are other boards/committees that also have open seats such as the Windsor Educational and Reed Fund Committee and the Budget Committee. She explained that the Educational Fund is a committee of five (5) and requires a member from the Windsor School, a Board of Selectmen member and the Town Treasurer in addition to 2 townspeople. Christa Johnson said that she is willing to serve on this committee. Rick Gray, Jr. made a motion to appoint Christa Johnson to the Windsor Educational Foundation and Reed Fund Committee seconded by Dan Gordon and approved 4-0-1. Ronnie Brann abstained because he is the chairman of that committee.

c) Jeremy St.Onge said that he is willing to serve on the Budget Committee and Theresa said that we will need to find out from Town Clerk, Angela Hinds what positions are open on that committee … whether they are alternate or regular member seats.

d) Tom Reed said that there are some townspeople who will not come to vote because they cannot do the stairs and don’t like the lift. Theresa said that they could vote by absentee ballot if they so wished.

Public Works:

a) Road Supervisor, Keith Hall said that the scales are coming this Thursday for the Transfer Station and that Avery Glidden will be there with his crane to set them in.

b) The 2003 International has a head gasket problem which will cost approximately $8,000.00 to fix. The parts should be in tomorrow and the garage should have the truck ready next week. Theresa told the BOS that this will put that line item over budget but with not having a spare truck we must get it fixed.

c) Ronnie Brann said that Keith does a very good job budgeting the time of our hired drivers. If Keith knows that a storm is going to put him into overtime he will always try to be able to have the part-time drivers get the time and save the town money.

d) Ronnie asked Keith if all the shoulders will get done. Keith said that the shoulder machine is on the truck being repaired and that the only way he can get the shoulders done is if there are a couple of really good days after the truck comes back.

e) Keith said that the Melaney Road is reclaimed and the shoulders have been done. The Choate Road still needs to be paved and the shoulders still need to be done including the driveways.

f) The hopper on the one ton had to be replaced.

g) They have worked on the Doyle Road and turned it mostly back to a dirt road with donated gravel. They also widened the road where the trucks have to turn around.

h) Keith fixed the Taylor Road where L.E. Meyers was supposed to. He said that the pipeline company did fix the Maxcys Mill Road dips last Friday.

i) There was much discussion on the gate for Public Works and Transfer Station on types, cost, etc. and Ronnie Brann said that he doesn’t see the gate getting done this year.

j) Tim Coston asked if the sand is going to be in the middle of the Transfer Station area again this year. Keith said it would probably be better to put it over by the banking with jersey barriers. Keith said he would ask Avery Glidden if he had any we could use and Ronnie said that if Avery doesn’t, then maybe Arthur might have some we can borrow. The sand will be available to townspeople during Transfer Station hours of operation.

Animal Control Officer Items: None.

Transfer Station:

a) Transfer Station Supervisor, Tim Coston said that as mentioned above, the scales are coming this week and that the power has been run for them.

Rick Gray, Jr. abstained due to the fact that his wife is head of the food bank. Theresa said the Food Bank also has money in their improvement account and thinks that they should consider having a sign made for the Food Bank, painting the door and also staining & fixing the porch area. Rick said he would discuss this with his wife.

f) The town has been given a property from landowners now living out of state. In order to accept this property the taxes would have to be written off for the last three years in the amount of $1,379.01. MINUTES OF BOARD OF SELECTMEN’S MEETING
NOVEMBER 4, 2014
WINDSOR TOWN OFFICE

Note: These minutes may not be considered an official public record until such time as they are read and accepted by the Board of Selectmen Members.

Members Absent: Jonathan Adams.

Public Attending: Tom Reed and Bill Appel.

Employees Attending: Theresa Haskell (Town Manager) and Tim Coston (Transfer Station Supervisor and Animal Control Officer).

Ray Bates called the meeting to order at 6:00 p.m. with the Pledge of Allegiance.

Previous Meeting Minutes:
Rick Gray, Jr. made a motion to approve the Minutes dated 10-21-14 as written seconded by Dan Gordon and approved 4-0-0.

Public Comment: Rick Gray, Jr. appreciates the assistance from Ronald Brann for getting him out of the ditch this past Sunday. Bill Appel said he was proud of the Public Hearing at the school. He said it was handled very well and wanted to thank the Town of Windsor’s Board of Selectmen.

Public Works: Theresa said this past storm received 6” of snow in one part of the town and 12” in other areas. Theresa said we were down a truck because we haven’t received Truck #2 back yet. They had said it would be here before November 1st but it did not arrive as planned. They are now saying the truck will be back on Thursday of this week. Keith also got stuck with his truck and Ronnie pulled him out. Ronnie said Keith needs to have a tow chain in his truck. There were a lot of areas where trees came down and people had no power. We also had to close certain roads until CMP could come in and take care of the lines. Keith had extra help to clean up the debris and trees in the roads.

Transfer Station:
   a) Transfer Station Improvement Updates. Theresa said we only have $69,333.07 left in the budget before tonight’s warrant. It looks like we are going to be under-budgeted and it looks like we may have to wait on paving the area.
   b) Transfer Station Monthly figures for October, 2014. We are down $1,322.70 for the first 4 months.

Animal Control Officer: Tim said he has a rooster in his possession. Does anyone want one? Tim said the beaver issue is good.

Consideration of Payment Warrants #20 and #21:
Rick Gray, Jr. made a motion to approve warrants #20 and #21 seconded by Dan Gordon and approved 4-0-0.

Old Business: None

New Business: None
Town Manager’s Items:

1. Letter from Assessor’s Agent, Vern Ziegler. **Rick Gray, Jr. made a motion to suspend as Board of Selectmen and convene as Board of Assessor’s at 6:32 p.m., seconded by Dan Gordon and approved 4-0-0.** Rick Gray, Jr. made a motion to approve the abatement recommended by the Assessor’s Agent, Vern Ziegler, on Lloyd C. and Claudette Williams in the amount of $3,90 for an Error in Building, seconded by Ronnie Brann and approved 4-0-0. **Rick Gray, Jr. made a motion to adjourn as Board of Assessor’s and reconvene as Board of Selectmen at 6:36 p.m., seconded by Dan Gordon and approved 4-0-0.**

2. Theresa said she and Tom Reed met with Tim Basham about a quote on removing three trees. (Two trees in North Windsor Cemetery and one tree in Resthaven Cemetery). Talking with Tim Basham he recommends we look into moving cemetery stones out of the way before removing the trees. This can be done as long as we have good documentation. He also recommended we remove the fence and talk with the neighbors and get written permission to see if we can drop the two trees in the North Windsor Cemetery and then remove them after. He did say he would recommend we trim some of the trees going into the cemetery. There is one large stone in the cemetery that would be very hard to go around. He also recommends that we wait until the ground is harder before going in to remove these. The one that is in Resthaven Cemetery can be taken down but he recommends that we remove part of the fencing and we would also need to trim the trees along the fence to get the equipment in there. He said he would charge $150.00 an hour for the tree climber and his guy. We would have to pay for the piece of equipment that would go in there because it could be a certain amount of hours and each tree is different. We do have one stone that may need to be moved also.

3. Theresa handed out the 3 Month Budget for the 2014/2015 Fiscal Year for the Board to look at and ask any questions.

4. Theresa said at the last Board of Selectmen’s Meeting Jeremy St.Onge said he would like to be on the Budget Committee. Theresa has the oath papers if they are interested in appointing him. **Rick Gray, Jr. made a motion to appoint Jeremy St.Onge as a Budget Committee Member with a term to be effective through June 30, 2017, seconded by Ronnie Brann and approved 4-0-0.**

5. Theresa has talked with Simplex Grinnell about moving the Security System to a different place and updating it. Simplex Grinnell was able to decrease the original price down $717.00. The total quote is now $3,158.00. Theresa said she called and discussed this with all five Board of Selectmen and would like to have the Board vote to approve the new quote amount of $3,158.00 to Simplex Grinnell and have them do the work before Thanksgiving Week. Theresa also has talked with Simplex Grinnell about getting a quote on security cameras and is waiting for this quote to come in. **Ray Bates made a motion to approve the $3,158.00 contract that Theresa has already previously signed to Simplex Grinnell, seconded by Ronnie Brann and approved 4-0-0.**

6. Street Lights. Theresa asked if the Board is interested in putting in a street light here at the Town Office out in front of the main porch. We have two upper lights in the corner of the building and when we have to fix these or change a light bulb we have to hire someone with a lift which usually costs $150.00 to rent and then pay for them to fix it. CMP has given us a price to put the street light in for about $12.00 a month. This would mean we wouldn’t have to worry about maintenance and the light would come on at dusk and go off at dawn. They would also be responsible for all maintenance on it. The Board members decided to hold off right now and think about it.

7. Transfer Station/Public Works Gate. Theresa said there is still work to be done before we can put the gate in. We still need to have the power switched over and then we will need to dig up the road and pour cement. It is getting later in the year and we don’t have much time. The Board said to wait until next year.

8. Choate Road Paving and the Barton Road fix. The Board of Selectmen decided to wait until next year because it is getting late in the year. Corey from Lane Construction was going to send Theresa an email indicating what they recommend but she has never received anything. Theresa said we will need to have them pave the ground butt joint areas.
Selectmen’s Items: Ray asked about the Tax Property that we have for sale to see where we are at. Theresa said it was in the paper over the weekend and bids will be opened on December 2, 2014.

Chairman Ray Bates adjourned the meeting at 7:40 p.m.

These minutes were approved by the Board of Selectmen on November 18, 2014 as written.

Town Manager’s Items:

November 18, 2014
a) A woman from CMP spoke with Keith about another easement that is needed at the Transfer Station. She said that she was going to fax an easement paper to the Town Office. We will wait and see how this works out!

Consideration of Payment Warrants #24 and #25:

Jonathan Adams made a motion to approve warrants #24 and #25 seconded by Rick Gray, Jr. and approved 4-1-0. Dan questioned why he wasn’t allowed to go out front (behind the counter) since the BOS is really over all the employees and Theresa reminded him that the BOS had decided to make the front office (behind the counter) off limits to anyone who is not bonded for the Town of Windsor. If one of the BOS wants to go out in the office, one of the bonded employees can take them out and they can see anything they need to.

Ronnie Brann asked what the total costs were for this property to be completely paid off and Theresa said the total costs would be under $2,000.00. Ronnie said that as in all the other situations before he had stated that the Town of Windsor was not out to make a profit on property taxes. He feels that the Costons should not be charged more than $3,000.00. There was discussion and Ronnie Brann made a motion to accept the bid from Timothy Coston and Jennifer Leach-Coston in the amount of $3,000.00 for the purchase of the property located on Tax Map 02 Lot 050-A seconded by Ray Bates and approved 5-0-0. Jonathan Adams made a motion to approve the availability of a “Windsor Guest Wi-Fi” seconded by Dan Gordon and approved 4-1-0.

e) The BOS looked over the letter again from Jerry Nault regarding the possible formation of a Local School Committee. Ray said that he is not personally interested in serving on this type of board. Public Comment: None.

Public Works:
 a) Theresa said Keith had knee surgery on Friday, December 12, 2014. Keith still kept in touch with Theresa and Tim Coston during the storm Friday night into Saturday morning. We had some trouble getting someone to work one of the routes so Keith and Tim kept in touch with each other throughout the night into the morning. Keith said we need to do something different for next year within the budget. Theresa and Keith will need to sit down and figure out what to do within the budget. Tim said once he finally got someone in to run the truck everything went o.k. Theresa was called by Keith and Tim throughout the night. Theresa asked the Board of Selectmen if she could somehow compensate Keith for his time even though he wasn’t clocked in. The Board of Selectmen said that this would be at the Town Manager’s discretion.

Transfer Station:
 a) Monthly Figures: Theresa gave the BOS the November figures and noted that we are still down from last year by $1,070.11. Tim said that the figures should be up some next month since the metal can was just hauled.

b) The large scales are all certified. Tim talked with them about the wire to the fuse box and they will remove this when we get ready.

Animal Control Officer Items:
 a) Tim said it has been pretty quiet with only 1 call out.

Consideration of Payment Warrants #26 and #27:
Ronnie Brann made a motion to approve warrants #26 and #27 seconded by Rick Gray, Jr. and approved 4-0-0.
Old Business: None.

New Business: None.

Town Manager’s Items:

a) **Town Meeting Date:** This year’s Town Meeting will be held on Wednesday, June 10, 2015 at 6:30 p.m. at Windsor School. (This is being changed from the regular meeting date that was previously held on the Saturday after the municipal voting.)

b) **Town Hall Water Test:** The water was tested and came back with a good report.

c) **Savin Repairs:** Transco was here to clean all the copiers and said that the Savin needs a new drum plus other smaller parts which would be over $500.00. It was decided that we will use it until it dies as it is not worth it to us to be repaired at that cost.

d) **Sand Pile:** Theresa told the BOS about all the calls/complaints we have received regarding the availability of the sand pile. They said that it will stay the same – two 5-gallon buckets per storm per household with the sand being available during Transfer Station hours. Ronnie Brann said that there are many towns that do not make sand available to their residents at all.

e) **Truck Repairs:** The repairs for Truck # 2 (the 2003 International) were more than originally estimated due to more repairs needed.

f) **Simplex Security Cameras:** Theresa received a quote from our security provider for 5 security cameras in the amount of $5,900.00. We will seek out less expensive cameras!

g) **KVCOG – Joint Purchase of Generators:** Theresa received a letter from Kennebec Valley Council of Governments (KVCOG) regarding joint purchasing of emergency generators. We do not need to be involved with this as we just bought a new one this year.

h) **Kennebec Valley Chamber of Commerce:** Theresa said the Kennebec Valley Chamber of Commerce is holding their awards banquet on Friday, January 23, 2015 at the Civic Center for $55.00 per person if anyone is interested in attending.

i) **Closed at Transfer Station Christmas Eve and New Year’s Eve:** Theresa said that she has decided to close the Transfer Station on Christmas Eve Day and New Year’s Eve Day. Debbie has made up the signs and put it on the website. It will also be listed under Government Notices in the Kennebec Journal and the Town Line.

j) **Department of Transportation:** The DOT will be holding a Scoping Meeting regarding Cumberland Farms in Augusta and is notifying the surrounding towns.

k) **Windsor Guest Internet Access:** Now that the Town Hall has guest access Debbie is asking permission to bring in her laptop to the BOS meetings for taking minutes. It was an issue before due to having to be on the town’s system with confidential information. Now that that is not an issue the BOS gave permission for her to do the minutes on her laptop which will make things a little easier for her.

l) **Welcome to Windsor Packets:** The office staff has been working on welcome packets for quite a while now and they are now at the “proofing” point. Theresa gave the BOS the packets to go over. The BOS immediately decided to go with nice pocket portfolios instead of manila envelopes as they are more user friendly and look much better. They thought of a few items to be added to the packet such as a listing of area daycares, our public water supply, churches in town, that the Windsor Elementary School is our emergency/disaster shelter, etc.

m) **Employee Manual:** The BOS will be changing the employee manual to cover/include a Maine Municipal article in last month’s Maine Townsmen.

n) **Tree Cutting:** Theresa said that CMP is coming to Windsor in 2015 to be doing roadside tree cutting as part of their 5-year plan and she has asked them to call her when they come in. We would like to discuss with them some of the trees that need to be cut, for example, some in the North Windsor Cemetery.

o) **Excise Tax:** Theresa reported that the revenue from excise taxes has increased this year.
Selectmen’s Items:

a) Ronnie asked about the Community Meeting that was held in Chelsea. The towns represented were Whitefield, Pittston, Windsor, Chelsea & Randolph. They discussed several ideas which included the possibility of shared plowing, mowing, printing of town reports, animal control officers, code enforcement officers, assessing services, brush cutting, etc. They also were very interested in joining in with our transfer station, but Theresa told them that we need one full year of operating the new system before we can discuss having other towns join us.

b) Ronnie said that he was told by Scott Kenoyer from the August Public Works Department that there is a possibility that we might be able to use Augusta’s prices for trucks bidding. Scott will be giving Ronnie their truck specs, which if we are able to bid through them could save us thousands of dollars on a new truck.

c) Rick Gray, Jr. has researched several different towns/states guidelines for local school committees and has printed off a copy of one that he likes for the BOS to look over to see what they think about it.

Chairman Ray Bates adjourned the meeting at 7:59 p.m.

These minutes were approved as written by the Board of Selectmen on with adding the Town Meeting time to be 6:30 p.m. on 6-10-15 at Windsor School.
