 } Topsham.

I have examined the accounts of receipts and expenditures presented by the Selectmen as Selectmen, Assessors, and Overseers of the Poor, for the town of Topsham, for the year to February 1, 1893, and find them correctly kept and properly vouched.

The accounts of the Treasurer, E. M. Brown and James C. Purinton, I have examined and found correct.

J. A. FISHER, AUDITOR.

SCHOOL REPORT.

The following is submitted as a report of the schools for the Fall and Winter terms of the year ending March 1, 1893.

There have been two terms of ten weeks each in all of the Common schools, except No. 1, which had no Fall term, and No. 12, which had a Winter term of nine weeks. The High School has had two terms of twelve weeks each.

HIGH SCHOOL.

This school under the management of Mr. C. M. Pennell, has been successful. The attendance has been small, but the pupils have been interested and diligent and good advancement in the various studies pursued has been the result.

GRAMMAR SCHOOL.

Miss Mallett taught the Grammar school during the Fall term, with her usual skill and success. She also taught two weeks of the Winter term, and was then, to the sorrow of her pupils, compelled to resign. Under the instruction of her successors, Miss Morse and Miss Stanwood, the school made as much advancement as could be expected under the disadvantages of a change of teachers.

PRIMARY SCHOOLS.

The work of the Primary schools during the Winter term has been satisfactory. Of that of the Fall term, I could not so well judge, as I visited them but once, near the close of the term. Miss Alexander brought to her school the results of considerable experience, and her school has been a model for good order, and made good progress.

UNGRADED SCHOOLS.

These schools have been generally successful. The teachers, with few exceptions, have done good work both in instruction and discipline. When I learned that former teachers had been successful, and given general satisfaction, I tried to employ them, and am glad to say a good degree of harmony has pervaded the schools.

The following is a summary of the schools for the Fall and Winter terms. As several registers have not yet been returned, and the High and Grammar schools are still in session, the number of pupils and average attendance of those schools cannot be given.
