State of Maine

To Harold E. Boynton, Constable of Town of Howland, in said County,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Howland, qualified by law to vote in town affairs to assemble at the Town Hall in said town on Monday, the ninth day of March, A. D. 1925, at 10 o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose all necessary Town officers for the ensuing year.

Art. 3. To choose a Fire Inspector and Fire Chief, and fix his compensation and to see what sum of money the town will raise for Support of Fire Department, including installation of a heating system, new hose and repairs to fire house.

Art. 4. To see if the town will vote to have the chief constable or police officer of the town collect the Taxes for the ensuing year under the same terms as past year, or vote any other form of compensation.

Art. 5. To choose a Collector of Taxes.

Art. 6. To see if the town will allow a discount of five per cent. on all taxes assessed in the year 1925, on real and personal estates which are paid on or before July 1st. of that year; and see if the town will vote to have all taxes assessed in the year 1925, collected and paid into the town treasury, at least two weeks before the next annual town meeting.

Art. 7. To see what sum of money the town will raise for the Support of Poor.

Art. 8. To see what sum of money the town will raise for Support of Schools. (Common and High).

Art. 9. To see what sum of money the town will raise for repair of Schoolhouses.

Art. 10. To see what sum of money the town will raise for Physical Education in Schools.

Art. 11. To see what sum of money the town will raise for the purchase of a site for a new school building and athletic field and to see if the town will vote to leave the location and purchase of said site to the School Board.

Art. 12. To see what sum of money the town will raise for Decoration Day.

Art. 13. To see what sum of money the town will raise for Support of Thomas Free Library.

Art. 14. To see what sum of money the town will raise for Highways and Bridges.

Art. 15. To see what sum of money the town will raise for Winter roads.

Art. 16. To see if the voters of Howland will vote to raise \$1000.00 for Improvement (under direction of Selectmen) of so called Ralph Emery road.

Art. 17. To see if the voters of Howland will vote to raise \$1000.00 for Improvement (under direction of Selectmen) of Penobscot Street north of "Cemetery Road."

Art. 18. To see what sum of money the town will vote to raise for Repairs and to build a new walk on south side of Piscataquis Bridge.

Art. 19. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State-aid as provided in Section, 19, Chapter 25, of the Revised Statutes of 1916.

Art. 20. To see if the town will appropriate and raise the sum of \$798.00 for the Improvement of State-aid Road as outlined in the Report of the State Highway Commission, in addition to the amounts regularly raised for the care of Ways, Highways and Bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Sec. 18, Chapter 25, of the Revised Statutes of 1916.

THOMAS FREE LIBRARY

The Thomas Free Library presents herewith its fifth annual report for the year 1924-1925.

The year has been a prosperous one. The town's appropriation has made it possible for us to have a number of late books, the books purchased this year with those already in the library has laid a good foundation.

During the year 274 books were bought with the town's appropriation, 22 from gifts, 5 with "fine money," and 51 with the State Stipend Fund which was \$43.64.

28 books were removed from the records, 10 worn out, 15 uncatalogued, 3 contagious diseases, 5 have been destroyed and paid for by the borrower. We now have 1553 volumes in the library a net gain for the year of 353.

6,091 books were loaned during the past year for home use, an increase of 1,406 over last year's circulation. There is an average of 465 books loaned a month, the month of January 623 were loaned.

The total number card holders is 340 an increase of 110 over previous year. Out of this number 75 are juvenile borrowers.

\$38.15 has been collected from over-due books, making \$57.05. fund money. \$24.48. of this amount was used for books, magazines and supplies.

In closing I wish to express my thanks to the townspeople for their interest in the library, and trust we will have your hearty support in the coming year.

Respectfully submitted,
ANNIE COLBATH,

Librarian.

This account we have put in this form in order to separate this years from last years accounts as nearly as possible.

The accounts settled by Order 5373 to the Advance Bag & Paper Co., included their bills for supplies and coal furnished before March 10, 1924, amounting to \$1589.98; these items were for sewer and water, school-house, town hall, etc., but there being no accurate way of making distribution, we have deducted their portion of the sewer and water bills of the year 1923-1924 which remained unpaid, amount \$1459.45, from same and paid the balance (\$130.53) due them March 10, 1924.

School Report

To the Citizens of Howland:

We present the annual report of the condition of schools and a financial statement of the same.

GENERAL CONDITIONS

We have had to hire a number of new teachers for both the elementary and secondary schools this year.

The Howland High School is in charge of Leroy W. Moan, who had several years experience in this kind of work. Results have been satisfactory. We have introduced a new feature in the work this year. It is the department of Physical Training, in high school and grades. We have secured very good results. This costs one-half as much as a regular teacher would because the State Dept. of Education pays one-half of the teacher's salary, up to \$800. We have to secure a teacher who will meet the requirements of the state for this work.

There have been several changes in the grades this year. We have been able to secure three Castine graduates who have had several years experience. All new teachers hired have done very good work. The schools as a whole have been successful.

The school at North Howland is in charge of Miss Runnels, one of our high school graduates. She has done very well.

The schools have increased this year owing to transfer of pupils from other towns. We can have the best results in school work when the entire parent body work with the teachers. Cooperation gets the best results in any kind of business.

We estimate what it will cost for a school year of 36 weeks and if schools are maintained longer than this. It means an overdraw on

the accounts. Last year some of the schools were credited with 37-to 38 weeks.

REPAIRS

The Chemistry Laboratory had to be fixed so that we could use it for Physics. The cost of this was very small. We also had to purchase apparatus for this kind of work. Materials are very expensive so that we can buy only a few each year until we have a suitable equipment.

A small supply room was built in the old basement for use of storing school supplies. It is not necessary for the Supt. of schools to have an office in the school. Many school officials have their offices in their homes.

We did not need much furniture for the high school. One desk and six chairs were purchased for the teachers and visitors.

We purchased several desks for the grammar room. This was removed to the high school. Grade four now occupies the grammar room. It was necessary to buy an entire set for this room. This was our largest bill.

The sewer pipes and water pipes had to be repaired this fall and winter. Both of these were unforeseen accidents.

TEXTBOOKS AND SUPPLIES

It will require another year to supply the school with textbooks. The reason for this is that we had no large classes for graduate work. Our entering classes have been very large. They will have to have a supply of books for their last year.

Last year a number of books were purchased that were not necessary and four sets of new books were left on the shelves and not utilized. This year we have used all books and purchased only what was needed.

All sample copies of high school and grade books were given to the schools for library and reference work.

Two sets of maps that cost \$35. each were bought last year and had to be paid for this year.

There were some supplies for all schools so that very few were purchased for fall and winter terms. This includes paper, pencils, crayons, chalk, etc.

The School Board decided to pay for the school piano and we used \$126.90 of this appropriation for this amount. We had \$100 for reference books; but have not spent more than half of it. The high school had several other bills to pay. The most of these have been paid by means of entertainments and cooperation of the people who have so generously supported all school work.

For additional particulars in regard to high school work, I refer you to the report of Principal of Howland High School.

In closing we wish to thank the parents, town officials, teachers and various town organizations for their support during the past year.

Respectfully submitted,

DR. H. G. McKAY,
MRS. A. M. HOPKINS,
H. B. BLAKE,
R. W. NOWLAND, Supt.

Superintending School Committee.

Report of Principal of Howland High School

To the Citizens of Howland:

It is with great pleasure that I submit my first annual report.

One of the first things, one notices, coming into your town is the fine school building. This, it seems to me, is as it should be, for it shows your spirit of progress.

We have worked especially hard this year for discipline and school spirit; without these nothing can be done, but with them one will have a happy hard-working school. We feel that we have been fairly successful along these lines. You have no doubt noticed the different spirit in our athletics and in the general attitude toward school.

Another thing we have worked for this year is to get our school activities on a sound financial basis. We found when we came here a debt of \$230.19 facing us. This was for the piano, school paper and base ball uniforms. We certainly appreciated the fact that the School Committee voted to pay the deficit of \$126.90. By selling candy, giving entertainments and from athletics, we have been able to pay all of our bills to date.

SCHOOL ATTENDANCE FOR HIGH SCHOOL

No. pupils registered 70

Average attendance 63

Number pupils not absent for Fall Term 20.

This will certainly compare well with any school of this size.

The Courses are the same as in previous years. They consist of a College or Classical and General Course. Our work and standard places us in the Class A Schools of the State of Maine.

We plan to give an Exhibition in Physical Education at the end of the term.

Some of our outside activities are Basketball, Baseball, Track, Winter Carnival, Speaking Contests, Plays, School Paper and School Orchestra.

Some immediate needs of the school are as follows:

The lights in the main room are too high and would give better light if they were lowered by means of cords. An electric gong for the outside of the building as the present one is broken and of little use. The heating system in the basement is not satisfactory for recitations in the winter.

In closing, I wish to say that we teachers thank the School Committee, Citizens and Supt. of Schools for their hearty cooperation during the year.

Respectfully submitted,

L. W. MOAN,

Principal.

Notes:

Supplies includes paper, pencils, ink, etc. Lights and water may be charged to this or a separate fund; but not to Common School Acct.

Special appropriations are needed and separate accts. kept for Supt. of Schools and Physical Education.

It is necessary to do this in order that state can make equal distribution of funds to all towns.

R. W. NOWLAND,

Superintendent.
