PUBLIC HEALTH NURSING ANNUAL REPORT

1949

The past year has seen a continuation of the public health nursing program in Owls Head. There has been no interruption in nursing service.

As usual smallpox and diphtheria immunization was offered in the spring to all school children. It is natural that a smaller number need this when the program has been given over a period of years. Immunizations for these diseases plus whooping cough and tetanus were also given a group of infants and preschool children who took advantage of the three Child Health Conferences during the summer months.

School health examinations are due this year and plans will be made next spring for these. Whereas in some towns these examinations are given every year to students in every other grade it has been considered better to include all the school children at once and have clinics every second year.

Hearing testing was done by means of the audiometer last spring. This machine is made available to the nurse every other year and is the most accurate test for hearing. All children from the fourth grade up are given this test.

Home visiting is always a major part of the public health nursing program. Emphasis is placed on the infants.

(Page 20)

Following is a list of the visits made this past year:

To the town	22
To the schools	11
Infant	56
Other	24

Again I very much appreciate the assistance given me by the Health Council, town officials, and to Mrs. Floyd Montgomery who very willingly opened her home for the three Child Health conferences.

Respectfully submitted,

Ada W. McConnell, R. N.
Public Health Nurse,
Dept. of Health and Welfare.

School Department

To the Superintending School Committee and the citizens of Owl's Head:

This is my second annual report as your Superintendent of Schools.

The schools have again been in charge of the three teachers who did such good work last year. Their services are appreciated by the citizens of the town.

There have been small repair jobs in all of the buildings. A new drinking fountain has been installed in the Ingraham Hill School. Fluorescent lights have helped poor light conditions at the Ash Point School. These lights should be placed in the other two buildings this year. The buildings have been equipped with fire extinguishers. The lot has been purchased as a site for the proposed new school building. There should be an appropriation this year toward the cost of its construction.

High School pupils have been conveyed to Rockland at the town's expense. This is a justifiable expense, since it affords the opportunity for all pupils to obtain a high school education. The last

(Page 28)

legislature passed an act permitting the towns to charge higher rates for high school tuition. This will increase considerably the expense to the town for the education of its secondary school pupils. The other school costs should remain about the same as last year.

I want to express my appreciation to the school committee, town officials and citizens, for their cooperation in the school program.

Respectfully submitted,

Joseph E. Blaisdell.

Auditor's Report

STATE DEPARTMENT OF AUDIT

STATE OF MAINE

AUGUSTA

Fred M. Berry, State Auditor

January 12, 1950.

Board of Selectmen
Owl's Head, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the Town of Owl's Head have been audited by the State Department of Audit for the period January 1, 1949 to December 31, 1949 inclusive.

The examination was made by Auditor C. G. Hawes in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately

(Page 33)

handled with such exceptions as may be noted in the accompanying Comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

Very truly yours,

Fred M. Berry
State Auditor.

COMMENTS—

ASSETS—

The cash balance of \$6040.49 at December 31, 1949, which was in agreement with the records of the Treasurer, was reconciled with the bank statement of the First National Bank of Rockland.

An analysis was made of the receipts as issued by the Treasurer and the bank deposits. From this analysis, it was ascertained that all cash recorded as received had been deposited in the bank.

Expenditures were made by check from warrants that had been properly authorized by the Selectmen.

Accounts receivable totaled \$138.12 at Decem-

ber 31, 1949. These accounts are all current items, and are considered to be collectable in full.

The 1949 taxes receivable totaled \$646.43 at the close of the year. The commitment book was added and found in agreement with the warrant of the Assessors.

There were no prior years' taxes receivable.

Requests for verification were mailed to a representative number of taxpayers whose accounts were outstanding at the year end. If any variations are noted as a result of these verifications, the proper municipal officials will be notified.

The balance of tax liens at December 31, 1949 amounted to \$133.00. Payments received during the year were credited to the proper accounts. All tax liens on file with the Treasurer were examined.

LIABILITIES—

Under Article 5 of a Special Town Meeting held March 30, 1949, the Selectmen were authorized to borrow the necessary amount to cover the town's share of the cost of constructing the Cripple Creek Bridge, the loan to be repaid over a period not to exceed five years from the next annual town meeting. Accordingly the Selectmen issued a note in the amount of \$4,300.00 for this purpose.

RESERVES—

Under Article 40 of the warrant of the Annual Town Meeting, it was voted to take a sufficient amount from the Capital Reserve Fund to purchase a lot for the site of the new school building. Bonds

in the amount of \$2,120.00 were cashed and a lot was purchased at a cost of \$2,000.00, leaving a balance of \$120.00 in the general fund cash. It is recommended that this amount be deposited in a savings account. The investments representing this fund were examined and are listed on Schedule A-5.

The reserve for authorized expenditures represents the net unexpended balances of certain appropriation accounts which have been carried forward to the 1950 year for expenditure. The balances carried forward in these accounts represents an increase of \$1,687.45 over that carried forward a year ago.

SURPLUS—

The unappropriated surplus amounted to \$963.53 at the close of the year. This represents a net decrease of \$2,937.94. The major item contributing to this change was the note issued for the construction of Cripple Creek Bridge.

TRUST FUNDS—

The time deposits and the U. S. Defense Bond representing the cemetery perpetual care funds were verified by examination of the passbooks and bond. All income appeared to have been properly accounted for. It was noted that the income had not been expended and \$22.34 remained in the general fund cash at the year end.

REVENUE AND EXPENDITURES—

A statement of revenue and expenditures is presented on Exhibit B of this report, which presents an analysis of the results of the current year's operations. This statement reveals a net gain from operations of \$1,609.56, which was transferred to unappropriated surplus.

GENERAL—

The 1949 excise tax receipts numbered 38526 to 38848 and those for 1950 numbered 37551 to 37596 were checked and it was ascertained that all collections had been deposited with the Treasurer with the exception of \$15.83 which was omitted from the cash sheets of the Collector.

The following corporate surety bond was found on file:

Treasurer and Collector	\$4,000.00
-------------------------	------------

Maine Bonding and Casualty Co	No. 75887.
-------------------------------	------------

The overlay of \$397.82 was within the legal limit of 5 percent of the appropriations plus state and county taxes.

The records were found to have been kept satisfactorily.
