## SUPERINTENDENT'S REPORT

To the Superintending School Committee and Citizens of the Town of Newcastle:

It is a pleasure to submit for your consideration the annual school report.

## ENROLMENT ELEMENTARY SCHOOLS

With the opening of the fall term (1931) the teaching force and enrolment was as follows:

Teacher	School	Grades	Enrolment
Kathryn Pitcher,	South Newcastle	1-8	8
Lurie Kelley,	Edison	1-8	25
Eleanor Mahan,	Sheepscot	1-8	15
Eleanor Rogers,	North Newcastle	1-8	25
Annie Pitcher,	Pond Road	1-8	24
Evelyn White,	Newcastle Primary	1-4	36
Doris Goudy,	Newcastle Grammar	5-8	39
Edna Waltz,	Assistant		

Our total school enrolment has increased nearly 15% since last year: the number of elementary pupils increased from 148 for 1930-1931 to 171 for 1931-1932; number of secondary pupils increased from 46 for 1930-1931 to 51 for 1931-1932—a combined increase of 28 pupils.

### TEACHERS' SALARIES

Of the forty-eight states of the Union, Maine stands thirty-sixth as to the average salary paid teachers. According to the Maine Bulletin the average salary paid to the teachers of Maine (\$927) is only one-half of that paid to the teachers of Massachusetts (\$1823). In this difficult period of economic adjustment, I believe that all will agree that our schools are economically giving full value of service to the boys and girls of Newcastle. As Commissioner Packard of our State Department of Education has pointed out: "We may well recognize the fact that a school in charge of a poorly paid and inexperienced teacher is largely a waste of money, while a corresponding school in charge of an efficient and well trained teacher may be regarded as a profitable investment. Oftentimes the difference as to whether the school may be considered a waste of the taxpayer's money or a wise investment means only a variation in salary of two or three dollars per week."

### EQUIPMENT AND REPAIRS

As usual "care and custody" of school property has been under the direct control of the members of your school committee. This account includes expenses for schoolhouse repairs, equipment, desks, grounds, insurance, etc. A number of needed improvements have been made under the efficient management of your Committee.

### SAFETY AND HEALTH

In our attempt to promote the safety and health of school pupils we have received valuable assistance from three public agencies. Because of the prevalence of infectious diseases the District Physician of the State Department of Health and the local Health Officer have been frequently consulted regarding the opening and closing of schools; the admission and exclusion of pupils. The State Division of Public Health Nursing and Child Hygiene sent the state nurse to make the regular examination of school children. Special attention was given to defects of vision, hearing, teeth, nasal passages, glands, throat, skin, nutrition, posture, and weight. Follow up visits to the home will be made in all cases where the children need special attention or treatment by the family physician. When we consider the sickness and failure that so often follows as a result of childhood defects that might have been corrected, it would seem that this is a most valuable service to the children of Newcastle.

### SECONDARY SCHOOL ENROLMENT

Because of the marked increase in the secondary school enrolment our appropriation for this account is greatly overdrawn. Tuition payments were made to Lincoln Academy for fifty-one pupils at the end of the fall term. The annual rate is \$75.00 for each pupil. Next year this cost will probably be greatly increased again. There are only nine pupils who may complete the course at Lincoln Academy, while twenty-one pupils are registered in the eighth grade in the schools who may be promoted to the Academy.

### PAYMENTS TO TEACHERS

Following is a tabulation of the amount earned by each teacher for the fiscal year 1931-1932:

*Forrest Smallidge	\$334 40
*Doris Goudy	420 00
*Mildred McLain	361 50
*Edna Waltz	378 00
Evelyn White	766 00
*Kathryn Pitcher	294 00
Annie Pitcher	659 40
*Laura Dowling	234 00
Eleanor Rogers	694 00
Eleanor Mahan	635 00
Lurie Kelley	740 00

---

\*Total \$5,516 30

\*Indicates that the teacher was employed for only part of the fiscal year.

#### CONCLUSION

The Members of your School Committee have taken a very active interest in the administration of your schools. As representatives of the citizens of Newcastle they should be given a large part of the credit for such success as has been possible. To Municipal Officers, Teachers, and Citizens I wish to express my appreciation for the cooperation that has been so general. In closing I wish to extend an invitation to all parents and citizens to visit their schools and become better acquainted with the school activities.

Respectfully submitted,

BLYNNE ALLEN, Supt. of Schools.
