STATE OF MAINE
STATE DEPARTMENT OF AUDIT
Augusta

April 12, 1941

To The Inhabitants of The Town of Newcastle:

In accordance with your request this department, represented by Mr. C. G. Hawes, has completed an examination of the accounts of your town officials for the municipal year ended February 20, 1941.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date; subject, however, to a probable shrinkage in final settlement of unpaid taxes, tax liens and deeds.

The data obtained by us is summarized in the following:

	Comments
Exhibit A	Comparative Balance Sheet
B	Report of Treasurer
C	1940 Valuation and Commitment
D	Statement of Appropriation Accounts
Schedule 1	Reconciliation of Treasurer's Cash Balance
2	Uncollected Taxes
3	Tax Liens
4	Tax Deeds
5	Accounts Receivable
6	Trust Funds
7	Bonds Payable
8	Analysis of Change in Surplus
9	Excise Tax Collections
10	Abatements—1940 Taxes

Respectfully submitted,

STATE DEPARTMENT OF AUDIT.
HAROLD E. CRAWFORD,
Municipal Auditor.

NOTE:—What little time I went to school with the help of my parents, I learned this much at least, and that was never try to track a louse down. The parents and guardians in them days when they discovered lice on their children's heads would promptly wash them with soapsuds and kill the lice, and that was all there was to it, and as lice have no brains so I am told the people in them days seemed to have enough intelligence to know how to handle them; but now what a change: If a parent discovers a louse on a child's head they promptly notify the teacher and the teacher notifies the School Committee and then the Health Officer who sends a doctor at the expense of the town to go and embarrass the rest of the school children searching for lice and find none. Answer this: Just when did this town become responsible for the condition of children's heads and what will the next

generation bring forth? I can answer this in just five words.

Respectfully,

ROSWELL L. HODGKINS, Chairman
Selectmen of Newcastle.

REPORT OF THE TRUSTEES OF THE CEMETERY TRUST FUNDS

Due to the shortage of labor we were unable, especially in the Sheepscot Cemetery, to keep up the standard of maintenance as in former years. A special effort, however, was made to keep the "perpetual care" lots mowed, but the work in the cemetery as a whole was less than usual.

A new tar and gravel roof was put on the receiving tomb in the Sheepscot Cemetery. This was needed as the concrete roof had cracked and was leaking badly.

During the year four additional Trust Funds were established for the care of their respective family lots, viz: Nathan Page, David S. Shattuck and Wilmot G. Shattuck in the Sheepscot Cemetery, and Elza A. Tibbetts in the Glidden Street Cemetery.

At the present time the entire 47 Cemetery Trust Funds, totaling \$9,292.00, are in Savings Bank Accounts. All these funds, with the exception of one in the Maine Savings Bank, Portland, on which 2% was received, are yielding only one percent. With the reduction of income and the increase of labor, it is going to be a herculean task to even make a semblance of carrying out the trust imposed upon the Town by the donors of these Trust Funds. As the present indications are that Savings Bank interest will not increase and may decrease, it is recommended that the Municipal Officers give serious consideration to the reinvestment of these Trust Funds in accordance with Chapter 174 of the 1941 Public Laws of the State of Maine.

Further work by your Trustees, and the State Veteran's Graves Registration Bureau has been carried on. Through the cooperation of Pemaquid Chapter, D. A. R., and the Richard R. Wells Post, No. 42, of the American Legion, flag standards have been pro-

vided for all veterans' graves in the Sheepscot Cemetery.

A list of the individual Trust Funds, their principal, the 1941 income and expenditures and accumulated surplus, together with a summary of the receipts and disbursements for 1941 is attached to and made a part of this report.

Respectfully submitted,

CHARLES F. DODGE,
WARD L. SHATTUCK,
WILLIAM L. FLYE,
Trustees of Cemetery Trust Funds.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Newcastle:

In accordance with the requirements the annual report of the schools is herewith respectfully submitted. The following tabulation indicates the school enrollment at the beginning of the fall term, 1941:

Teacher	School	Grades	Enrollment
Leo Bridges,	Village	Grammar	29
Christine Greenleaf,	Village	Primary	33
Marion Smithwick,	Village	Assistant	
Clason Fish,	North Newcastle	Rural	28
Helen Leadbeater,	Sheepscot	Rural	10
Annie Pitcher,	Edison	Rural	20
Letha Hickson,	Pond Road	Rural	29

As will be noted in the foregoing tabulation of assignments of teachers only one change is listed in the teaching personnel: Miss Annie Pitcher, a former teacher of the Edison school, was employed by your Superintending School Committee to take the place of Mrs. Lurie Ludwig who did not wish to accept this assignment.

The instructional activities and the progress of the pupils appear to meet the usual standards of effectiveness. It is a pleasure to state that in several schools unusually good work has been done by the teachers. The school programs are based on outlines of the State Department of Education, and are in accordance with the State Course of Study. At the time of the writing of this report there have been only a few disciplinary problems, and the attendance has been as regular as could be expected in consideration of the prevalence of communicable diseases.

SALARY PAYMENTS TO TEACHERS

The amounts paid for teaching service during the fiscal year are listed in the following:

Teacher	Salary
Leo Bridges	\$ 791 00
Marion Smithwick	581 00
Christine Greenleaf	686 00
John Hickson	651 00
Clason Fish	686 00
Lurie Ludwig	285 00
Helen Leadbeater	581 00
Annie Pitcher	399 00

	\$4,660 00

EDUCATIONAL ACTIVITIES

For several years meetings of the teachers of this school union have been held annually. At the last group meeting January 12, 1942, there was 100% attendance of elementary teachers from Newcastle, Darrariscotta, Bristol, and South Bristol. The object of these meetings has been to consider problems of special need and to encourage group participation on the part of the teachers. The series of programs has included demonstration lessons, program making, teaching units, remedial teaching, "Question and Answer" periods, control of communicable diseases and Regulations of the State Department of Health, Health Clinics, etc. At the latest meeting special attention was given to current educational problems resulting from the emergency. At this meeting we were fortunate in securing the assistance of Leon A. Dodge, Millard Clark, Miss Yvonne Daigle and Elsie A. Anderson, R. N.—authorities in their respective fields. Several of the teachers presented oral or written reports having to do with Fire Drills, Conservation of

Defense Materials and the Defense Savings Program. With reference to this program "The Government has no desire to coerce, solicit, or urgently influence the public schools to become sales agencies" for bonds and stamps; the fundamental purpose is to enable children to take part voluntarily because of a desire to do so. Should some school or class, of its own free will, desire to cooperate with the defense savings program by instituting a plan for the purchase of bonds or stamps, it would of course be welcomed as a patriotic enterprise." It is a pleasure to be able to state that our teachers and pupils are making an excellent record in buying Defense Stamps. The methods by which the program is being presented are designed to stimulate democratic action and prepare the students to be citizens of a democracy.

Last year the Rotary Club sponsored a speaking contest for the eighth-grade pupils of Damarisocotta and Newcastle, and cash prizes were provided for the winners. A preliminary elimination contest was first held in each town, and the local winners were chosen by competent judges. The boys and girls who won these preliminary contests later competed in a final public contest held at the Castner School. The judging was based on poise, voice, pronunciation, interpretation, etc. The recitations were for the most part patriotic selections and were well rendered. Many of our teachers have given emphasis to good speaking, but this competitive public contest provided the children motivation for better effort. These contests which, I understand, the Rotarians plan to sponsor annually, should lead to valuable educational outcomes. It is a pleasure to take this opportunity to express appreciation for the interest that the Damariscotta-Newcastle Rotary Club has indicated in the welfare of the boys and girls.

ELEMENTARY SCHOOL CONVEYANCE

Several of the former district schools of Newcastle have been closed, and the resulting consolidation has increased the need for elementary pupil conveyance. In consequence of emergency restrictions on purchase of tires and new vehicles the State Commissioner of Education, Harry V. Gilson, has written in part, as follows: "Without doubt all vehicles used for the conveyance of children to and from school for hire which have a seating capacity of less than ten must be taken off the highway within a few months because of being unable to replace tires. It behooves us to make out plans for caring for this situation as soon as possible. . . . These buses may be owned by the town or by the individuals contracting with the town. In either case it will probably be necessary to provide funds through action at the town meeting . . . and orders should be placed *now* for school buses that will be needed during the next 12 months. . . ."

Upon the teachers, as guide, counsellor, and instructor of the young rests a serious responsibility. The public school obviously admits all types of children who bring with them many variations in personality and background. With a limited teaching staff and a multiplicity of grades the teachers' work is never fully completed. There is a deep lasting satisfaction in putting one's best efforts in such a worthwhile undertaking. The teacher needs support from every available source. She needs support in terms of goodwill and community appreciation as well as in terms of funds for educational facilities. Parents who have children in school and citizens in general are the schools' best friend. In order to make a fair appraisal of what the school is doing patrons are cordially invited to visit the classroom.

It is impossible to express thanks individually for all those whose counsel and aid have helped in this common undertaking. In closing I wish to express appreciation for the unfailing cooperation received from the members of your Superintending School Committee, Teachers, Citizens, and Municipal Officers.

Respectfully submitted,

BLYNNE ALLEN, Supt. of Schcols.
