General Omar N. Bradley, Director Of United States Veterans Administration Speaks At Thirty-Third Annual Meeting Of The Association Of American Colleges

BASE SURVEYED FOR RESERVE SITE
The Army Air Force Reserve Engineers, New England Division, have lease air strips and living quarters at the Naval Air Station, Brunswick, Maine. After deciding the A. F. R. E. Division on the suitability of the buildings and equipment on the Brunswick field, the Army would take over the steam plant, utilities service, and maintenance facilities or whether the U. S. Navy would take over the site. This was discussed by Mr. McGuire, U. S. business manager, and Major Robinson.

The Navy has indicated it will use the facilities for the purpose of establishing a military hospital in the eastern part of the State. The Navy has already designated eight points at which the U. S. Navy will take over the facilities. Should the Army assume complete responsibility for equipment and buildings. Between Navy personnel now remaining on the base would probably leave, as the Navy services would no longer be required. It is not expected that operations will actually begin for several weeks. When the Navy services are withdrawn, the base would probably be allowed to go by the Army. The Army would bring in new military equipment to clean up runways.

“ROOM SERVICE” HUGESUCCESS

Room Service,” what’s that? It’s my own personal rehearsal. Where will it be presented? Will it be an actual performance? Will I see “Room Service”? These are some of the many questions that were asked during the past few weeks at the Brunswick campus. As a baby takes its first step so did Maine Manque make its first step when it decided to produce “Room Service.” The major theme of the play is to provide an opportunity for religious appreciation. In the discussion last Sunday it was decided to continue the services indefinitely because many of the student body other than home for weekends or attending the church of their faith in surrounding towns. With the present lack of attention it would be impractical to continue services and unworthy of the faith of those attending vespers services.

The Brunswick Campus is indeed fortunate to have a chapel devoted to the religious services. The Army would take over the chapel and facilities the fourteen rooms that are now being used. Mr. James B. Conant, President of the College of Arts and Sciences and the Veterans Administration and discussed the plans for the Chapel. The members of these groups organized to provide an opportunity for religious services on the campus.

After the service Mr. O’Connor will resume the class of religion on campus. His genuine Friendliness and willingness to help and he left the deep impression on all those who were fortunate enough to meet him.

Prior to attending the University of Maine, he taught English, literature and history in the states and those things that fascinated him. Barbers and shoe-shine boys educated enough to read newspapers were something he never thought existed. Rivers with water in them the year round is something never seen in and around Kiribukarvadi which is 256 miles southeast of Bangalore. For at least four months during the year, the rivers in his home province were dry. Chandrakant’s father graduated from Mysore Government College of Technology, and became an industrialist upon his return to India. The Kiriskar’s own factories manufactured farm implements and small machine tools. A manufacturer of expert ball playing by Mr. O’Connor in practice. The service has certainly deserves a big thank you from the students.

The purpose of these annual conferences is to provide an opportunity for the academic administrators to meet together to share their experiences in the various matters pertaining to college and university administration. Mr. Crouse on his return expressed the pleasure of these conferences. He believed that the meeting provided a broader knowledge of other colleges and universities. Mr. Crouse was also in agreement that the students attending the conference in connection with veteran and non-veteran education both in the present greatly increased enrollment.

Tips for Vets

By L. Littlehale

Dear Sister Smith,

Attached to you is a list of private and public schools in the United States where you can continue your education. If you wish to enroll in any of these schools, you should contact the school's admissions office directly.

Sincerely,

L. Littlehale

TIDBITS

Winter Wonderland

Now that the snowflakes have left us, the February thaw has exposed the bare branches and muddy fields. The winter has ended, and we can look forward to the beauty of spring.

BY DICK DILLON

I am probably the most modest of men, but I do believe that I have endeared myself to those who know me. The reason for this is not hard to find. I know to you readers that you have a lively imagination and a love of good things. If I were to list the things that I have done and the things that I am capable of doing, it would be an impossible task. I am, after all, a human being, and as such I have a wide range of interests and abilities.

I began my career in the food service industry, working as a waiter and later as a manager at several different restaurants. I have also worked as a bartender, a bellhop, and a valet. I have even been a chauffeur for some of the more prominent figures in the city.

I have always been interested in art and have been fortunate enough to see some of the most famous works of art in the world. I have visited many of the world's great museums and art galleries and have even had the opportunity to purchase some of the most expensive and sought-after pieces of art.

I have also been involved in the world of politics, having served as a member of several local and national boards. I have been a strong advocate for the conservation of natural resources and have worked tirelessly to protect the environment.

I have always been a great fan of music and have performed in many different bands and orchestras. I have also been a musician for many years and have written and recorded several successful songs.

I have been married twice, and both of my marriages have been very happy ones. I have been a devoted husband and have always been there for my wives when they needed me. I have also been a devoted father and have been there for my children when they needed me.

I have always been a great believer in the importance of education and have encouraged my children to pursue their dreams. I have always been there to support them and to help them in any way I could.

I have always been a great believer in the importance of giving back to the community and have always been involved in many different charitable organizations. I have been a strong advocate for the underprivileged and have always been there to help those who needed me. I have always been a great believer in the importance of giving back to the community and have always been involved in many different charitable organizations. I have been a strong advocate for the underprivileged and have always been there to help those who needed me.

As you can see, I have done many different things in my life and have always been there for those who needed me. I have always been a great believer in the importance of giving back to the community and have always been involved in many different charitable organizations. I have been a strong advocate for the underprivileged and have always been there to help those who needed me.

RAMURAL LEAGUE AT HALFWAY MARK

Interramural basketball action three weeks, team 6 from Building 21 assured of at least a tie for first place in their respective trio. In the American Thriller League, team 13, victorious in both games, took over first place; while team 7 was sliding into third place by virtue of its only scheduled game this week. Team 13, however, has an opportunity to tie for first place if they can defeat team 8 in their remaining game on January 24. They may find the game a little block in team 8 bowled, because team 8 has been going very fast of late and is in the process of entering a quiet spell at Building 25.

Team 13 from Building 20. They may find a win in their remaining game last Monday night by dumping the Bowdoin Jayvees 72-54 at Bowdoin.

Brunswick Frosh Down Bowdoin J.V.

The University of Maine's Brunswick Frosh extended their perfect record to six straight wins last Monday night by dumping the Bowdoin Jayvees 72-54 at Bowdoin.

Brunswick Frosh extended their perfect record to six straight wins on Tuesday night. It was the first time in the history of the Frosh that the team had won six straight games.

The Frosh, led by Feeney, had a great start in the first half, outscoring the Jayvees 35-19. They then built on their lead in the second half, outscoring the Jayvees 37-35.

The Frosh now have a perfect record of six wins and no losses. They will play their next game on Tuesday night at Bowdoin.

SLOPE DOPE

By John R. Landrum

Results of the recent Bowdoin-Skimeet, to which the Maine Campus Ski Club was invited, are not available due to a lack of complete records kept by officials of the club. Bowdoin was undoubtedly the most hotly contested entry among the six colleges represented.

Sport Sidelines

What is it that gives basketball's fair-haired Frank McCormack such fan appeal? Come on Frank, let's get on those fouls this season! Due to many letters, comments, snickers, and our own inability to spell correctly, we wish to tell Bob Redman that we now know how to spell his name. It is RED-MAN and not RED-MOON, as we had written in our last week's edition of the Annex.

Since we are making apologies, we would like to apologize to the sport for not writing a picture of him that we ran in last week's edition. That picture was of Mario's, our local barber.

THE PLACE TO GO—for the BRAND YOU KNOW
President Hauck To Address Students

On Tuesday, January 31, Arthur H. Hauck, President of the University of Maine, will address the student body at the Student Union here on the Brunswick Campus. This will be the students’ first opportunity to have President Hauck speak at an assembly, and it will certainly be a great honor to hear him. President Hauck is active in all state legislation work relating to the University, and we appreciate his coming to speak to us during this busy legislative season. This past week he attended the Thirty-Third Meeting of the Association of American Colleges at the Hotel Statler, Boston (See Page One for story on meeting). As you no doubt have had your eyes open, men, so you won’t miss this opportunity to hear him. President Hauck will certainly be a great honor to have President Hauck as our principal speaker.

MUNICH EPISODE

"Your Faculty” mentioned that Mrs. Harry Gordon joined the University Air Base at left. The region around Munich is populated by the Bavarians. These people are very hospitable and kind. In contrast to their neighbors, the Prussians, the Bavarians are very soft spoken. Mrs. Gordon anticipated a very pleasant stay at the University.

The Germans are a very sentimental people, and Hitler was the master state setter. He was trying to establish the feeling that these men who had died in his first Putsch were martyrs. For this demonstration both sides of the street were lined with huge urns filled with flaming oil. The people lining the street were forbidden to speak, and the light from the flaming oil cast eerie shadows on their faces. The procession advanced slowly down the boulevard. At the head in a black uniform was Hitler; following him were the bodies of martyrs. Each martyr’s body was carried by a black caisson drawn by four black horses. The dancing light of the oil gave a ghostly appearance to the procession. This demonstration left a deep impression on Mrs. Gordon, and she soon left the University.

COMING EVENTS

The undefeated Brunswick Campus basketball team will entertain the Maine Jayvees here at Brunswick tomorrow evening. The game will start at 6:15.

The Maine Forum discussion group will meet Wednesday, February 5th, at 4:00 p.m., in the Student Union. Two lectures have been scheduled to date. The first, on Tuesday, January 21, will be given by A. R. Hauck, President of the University of Maine, will speak on "Ready for Statehood? Plans are open, men, so you won’t miss this opportunity to hear him. President Hauck will certainly be a great honor to have President Hauck as our principal speaker.
