Dear Colleagues,

In order to ensure the safety of our employees and their families, please remember that only authorized individuals can be allowed in the library. This policy is intended to minimize the impact of COVID-19, both for our employees and for those trying to enter the library. At this time, only Fogler Library employees or authorized UMaine Facilities employees may enter the building. Authorized mail couriers may enter the interior loading dock for deliveries. We cannot under any circumstances allow someone in the building unless they fall into one of those categories.

Our hope is that these measures will keep everyone safe and allow us to return to normalcy more quickly. Thank you for your diligence and consideration.
