COVID-19 Update and the PDC

March 17, 2020 | [News, Press](#)

As the COVID-19 situation continues to evolve, the Maine CDC and Governor Mills have issued several recommendations. University of Maine leaders are making plans to ensure the safety and well being of our students, staff, and visitors to our campus.

At this writing, there have been no plans to close the campus. We are still open. If you have any questions, please feel free to contact us, leave a message and we will get back to you as soon as possible.

Thank you for your understanding of this matter. We put the safety of our community first.

For more information, please check the University of Maine Coronavirus Update [website](#).
