Happy Friday afternoon to you, I have good news! We are opening next week!

Our planned opening date is Tuesday July 28. Our hours will be Monday - Friday from 7:00 a.m. - 5:00 p.m. for now.

We are open to only Summer and ! Spring registered UMaine students, UMaine employees, and local residents who had active memberships on March 16, 2020 and have not subsequently cancelled. (These memberships have been automatically extended so you won't lose any days you paid for.) We will not be selling new memberships or day passes.

Locker renters please note: Once our locker rooms are cleared to reopen, your locker rentals will be extended automatically by the number of days the lockers were unavailable to you. If you need to retrieve belongings from your locker, please speak with one of our employees and they will help you.

Only bring the necessities with you to the Rec Center:

- Photo ID and face covering are required for entry.
- Come dressed to exercise so you don't require a bag.
- No locker rooms or showers will be available.
- Bring your own water as our fountains are turned off for safety.
- Before you enter we will do temperature checks and ask you to answer some screening questions.
- We will also ask you to wash your hands frequently and clean the machines or weights *before and after* you use them.

The Rec Center will be open for exercising and stress relief:

- Due to these new protocols, certain equipment and areas of the fitness center will not be available for use.
- The pool, sauna, locker rooms, and racquetball/squash courts will not be available at this time. No basketball, pickle ball, soccer or ! floor hockey is allowed at this time.
- Capacity limits in individual areas will be enforced, in addition to the overall facility capacity limit.
- Open areas include: cardio floor, selectorized weight equipment, some free weights, and functional area.
- Our current limit in the Rec Center is 50 people so we ask you not linger after your workout.

We have strong plans to help keep us all as safe as possible as we get back to the gym. We need all of us to do our part for the health of our community. The most important thing we can all do is wear face coverings while on campus as directed/requested. It will be good to see folks in person again!

Have a great weekend,

Jeff Hunt, Director of Campus Recreation
