# Black Bears Care Fund

# Black Bears Care Fund

The **Black Bears Care Fund** was created by the University of Maine Foundation to help UMaine offset some of the unplanned expenses related to the pandemic. Any gift you are able to make during these challenging times will assist students and other members of the UMaine community, and help ensure the health and safety needed to fulfill their mission. Alumnus Norman Stetson '62 has generously offered to match gifts 1:1 up to the first \$15,000 to help launch the fundraising.

## Safeguarding UMaine

The University of Maine advances learning and discovery through excellence and innovation in undergraduate and graduate academic programs while addressing the complex challenges and opportunities of the 21st century through research-based knowledge. In these unprecedented times as the COVID-19 pandemic continues to impact us all, we persevere together. Only together can we all achieve our individual and institutional goals. We must continue to work together to protect the health and safety of every person in our campus community, to preserve the opportunity to remain on campus, to achieve our potential, and to move beyond today.

University of Maine Black Bears Care is the public health/social conscience plan for the University of Maine community to help limit the spread of COVID-19. The University of Maine continues to develop tools and protocols for the successful resumption of instruction and activities, working in conjunction with the University of Maine System, and state and federal offices.
