Maine Wins From Bates

Blue Open State Series With 12 to 7 Victory.

On October 20th at Lewiston Maine won the first state series game from Bates, 12 to 7. One of the largest crowds ever on Garcelon Field saw a great contest, which was full of thrills despite a muddy field.

Maine's attack, led by Blair and Gruhn, with the help of Small and Merritt scored in the first and last periods. A sensational run by Blair was the feature of the game. Breaking through the Bates line, he shook off several would-be tacklers and dashed 40 yards over the slippery field before being forced outside.

In the last period Bates made a mighty spurt. Two forward passes in succession, both from Kempton to Rowe, netted the Garnet 30 yards. Then a pass from Rutsky to Rowe, and Ray took the ball over on an off-tackle play.

Maine Shows Everything Against Bowdoin and with Perfect Team Work Piled Up a Score of 21 to 0 in the First Half. Bowdoin Braced in the Third Period, and through Splendid Work of Garland Got Their Only Touchdown.

The first score of the game came when Lunge blocked a punt and Garland fell on the ball behind his own goal line. Score, Maine 2; Bowdoin 0.

Maine Wins From Bates

Maine Team in a Slump, Unable to Score.

Outrushing Colby 269 yards to 72, Maine lacked the punch at critical times and lost a state series game at Waterville October 27th.

Colby scored the lone touchdown of the game when Ward, who started at quarter for Maine, touched but failed to hold the ball which Colby had punted. A Colby end fell on the ball on Maine's 10-yard line. Three downs and no gain against the fighting Blue team. Then a forward pass, MacDonald to Tarpy over the line, scored the only touchdown of the game. Soule kicked the goal.

The rest of the game was a desperate effort to score by Maine, with Colby generally on the defensive. Long runs, brilliant forward passes again and again placed Maine in line to score—but always something hap-

Colby Wins 7 to 0

Maine Beats Bowdoin 28 to 6

Play Brilliant Football Before Record Crowd.

A record crowd composed of hundreds of Maine alumni who had returned to the campus for Maine Night and the game, saw Maine wipe up a muddy field with Bowdoin 28 to 6.

After the disappointing result of the Colby game, the supporters of the Blue certainly had a wonderful afternoon.

Maine showed everything against Bowdoin and with perfect teamwork piled up a score of 21 to 0 in the first half. Bowdoin braced in the third period, and through splendid work of Garland got their only touchdown.

The first score of the game came when Lunge blocked a punt and Garland fell on the ball behind his own goal line. Score, Maine 2; Bowdoin 0.

Maine Defeats
New Hampshire

Superior All-Round Work of the Blue Gives 13 to 0 Score.

(Boston Post)

PORTLAND, ME., Nov. 10—The University of Maine, largely through the powerful factor of mighty line play, defeated the University of New Hampshire at Bayside, here this afternoon, 13 to 0.

FIELD SLIPPERY

The game was spectacularly played despite a slippery field that made the going treacherous for the broken field artists of both teams and this slimy footing aided the winners somewhat because of their slight advantage in weight. Long forward passes by the New Hampshire team, and the sweeping end runs and flashy off tackle slants of the elusive Small, of Maine kept the fans thrilled throughout the frigid weather that prevailed on the field.

Maine scored all her points in the second period. In the closing moments of the first quarter, Maine had marched from her own 20-yard line to the New Hampshire three-yard mark where the whistle ended play.

Gruhn's consistent gaining through the line and Small's brilliant open field lateral pass, Merritt to Newhall, the latter ran 25 yards to a touchdown. Score, Maine 8; Bowdoin 0.

In the third period Maine got her final score when Gruhn intercepted a forward pass in the middle of the field. A forward pass, Small to Newhall, the latter ran 25 yards to a touchdown. Score, Maine 21; Bowdoin 0.

After straight football down the field with Capt. Small, Gruhn and Blair carrying the ball, another 25-yard pass to Newhall put the ball on Bowdoin's 5-yard line and Gruhn took it over. Score, Maine 14; Bowdoin 0.

We hope the following extract from a letter from E. H. Bigelow '13, who is chief draftsman with the Bethlehem Shipbuilding Corporation will secure a good position for some Maine alumni.

"I am wondering if your department has developed anything in the line of an employment agency. If so, please be advised that I have positions open here for draftsman. I am especially in need of draftsman with experience in marine engineering piping layouts, steam turbine design and detail and can use one or two mechanical draftsman regardless of their marine experience.

"I would be very pleased indeed to gather a few Maine men in this office."

Yours very truly,

E. H. BIGELOW, '13
Chief Draftsman, Mech. Dept.

Employment Department

After straight football down the field with Capt. Small, Gruhn and Blair carrying the ball, another 25-yard pass to Newhall put the ball on Bowdoin's 5-yard line and Gruhn took it over. Score, Maine 14; Bowdoin 0.

Sterling work by all the team aided by an end run by Capt. Small and a 14-yard forward again put the ball in position for Gruhn to take it over. Maine 21; Bowdoin 0.

In the third period Maine got her final score when Gruhn intercepted a forward pass in the middle of the field. A forward pass, Small to Newhall, the latter ran 25 yards to a touchdown. Then Blair went through Bowdoin's guard for 18 more and in two more plays Gruhn catalyzed over for the touchdown. Maine 28; Bowdoin 0.

Here Maine tired after going 38 minutes at full speed. Now Bowdoin started a drive in which Garland carried the ball in different rushes 43 out of 57 to a touchdown. Maine 28; Bowdoin 6. And so it ended.

Maine Wins 7 to 0 From Connecticut Aggies

The University of Maine defeated the Connecticut Aggies by a score of 7 to 0. Maine, aided by the brilliant runs of Capt. Small, carried the ball down the field directly after the kickoff in the third period and scored the touchdown which won the game. The Connecticut team was unable to penetrate the husky Maine line.

In the first period the Aggies were literally borne down the field by the onslaught of the Maine team, but rallied and kicked out of danger in the nick of time.

Maine Team State Cross Country Champions

The fighting spirit which has won national recognition of University of Maine Cross-Country teams, featured the State meet at Waterville, Friday afternoon, November 2. It was a hotly contested race run over an excellent course. Fine weather and a large crowd created great interest in the race which lasted until the last man had finished.

The Maine team kept well bunched near the head of the pack of runners and finished in excellent condition. Payne, a Colby runner, was the individual winner, finishing about 150 yards ahead of Hillman and Raymond of Maine. Payne's performance was conspicuous in that he broke the record for the course which had been held by Ray Buker of Bates for four years.

The Bates team, which finished second, put up a plucky fight and beat out Bowdoin for second place.

Summary:
1. Payne, Colby
2. Hillman, Maine
3. Raymond, Maine
4. McGinley, Bates
5. Foster, Bowdoin
6. Plaisted, Bowdoin
7. Patten, Maine
8. Holt, Bates
9. Berg, Maine
10. Nowland, Maine
11. Hawes, Bowdoin
12. Darr, Bates
13. Ward, Bates
14. Hart, Maine
15. Ames, Maine

Hillman of Maine Wins

Hillman was the first to break the tape with Raymond 100 yards behind. Byron Cutcheon of Harvard finished third, closely followed by six Dartmouth men with Patten wedged in between the second third. Hart and Ames landed the 13th and 14th places but these could not lift the team score above that of Dartmouth.

Boston Alumni to Dance

At a meeting of our officers and executive committee we voted to hold a dance some time in the early part of January. The committee consists of Harry Burden, Wayland D. Towner, Joseph McCusker, W. D. Trask, Edmund J. Dempsey, Ernest Lamb, Elmer McKown, Vera Mersereau, June Kelley and myself. Any surplus which we may have we plan to turn into the War Gymnasium Memorial Fund.

DUDLEY BALDWIN, Secretary.
Maine Night Big Success

Fine List of Speakers—Many Alumni Present.

On Friday evening, November 2, alumni, students, and friends of the University filled Alumni Hall with a record crowd to observe Maine Night. An excellent program, improved system for handling the crowd, and an unusually large number of alumni present all tended to make the celebration this year one of the most enthusiastic and interesting ever held.

President C. C. Little acted as Maine Night Chairman and he was introduced to the audience by “Ollie” Berg, President of the Athletic Association. Dr. Little had at his disposal a galaxy of speakers, a fine band and a most appreciative audience. He certainly arranged and brought out his material so that every minute was enjoyed by the audience.

Prof. Charles P. Weston ’96, was the first speaker. His remarks on “Standards” were full of humor and produced many a hearty laugh.

Frank Preti ’18, who was a member of the Maine Cross-Country team which won the National Inter-Collegiate championship in 1916, was the next speaker. He and Arthur L. Deering ’12, a former Maine sprinter, very ably expressed the spirit of the former athlete.

Frank Kanaly, coach of track and cross-country, whose team had that afternoon won the Maine Inter-Collegiate Cross-Country championship, spoke on the track situation at the University.

Col. Frederick H. Strickland, President of the Board of Trustees, told the football team to “Give Bowdoin hell.”

William McC. Sawyer ’01, Chairman of the Memorial Fund Committee, gave the latest figures for the drive.

Robert P. Clark ’15, Alumni Secretary, read the many telegrams which had been received from the different associations and individuals. He spoke briefly on alumni affairs.

Capt. Albert W. Stevens ’07, who had flown from McCook Field, Ohio, to Bangor, to take his place on the Maine Night program, gave an interesting talk.

Governor Wallace R. Farrington ’91, of Hawaii, was the distinguished guest of the evening. He made a most interesting address and seemed much pleased to renew his association with his Alma Mater.

Dartmouth 6; Maine 0

On October 6th, at Hanover Dartmouth won a lucky victory from Maine, 6 to 0. The first period was without result. In the second period Dartmouth scored her lone touchdown by straight rushing. Maine had a chance to win in the last minute of play when Frazer blocked a punt. If Maine could have recovered the ball there was no one to stop a touchdown. It was a slow game, but quite satisfactory to the Blue for Dartmouth later in the season beat Harvard.

Boston Alumni

Observe Maine Night

Seventy members of the Boston Maine Alumni Association gathered at the University Club, 270 Beacon St., Boston, Friday evening, November 2nd to celebrate Universal Maine Night. President Grover Corning ’10, presided in behalf of the Association.

Major Frank Cavanaugh, former coach at Dartmouth College and now the present head coach at Boston College was the speaker of the evening and his talk on football and some of his experiences was warmly applauded.

“Ditto” Trask ’08, spoke on the results of the Memorial Fund Drive for area No. 21 and Harry Sutton ’09 informed the gathering of the future plans of the Memorial Fund Committee.

An orchestra was in attendance and light refreshments were served.

The committee in charge of the meeting consisted of Harry Burden ’21, J. L. Ober ’13 and Alphonso Wood ’05.

Colby Will Raise Tuition Next Year

Charge $150 Necessary to Meet Higher Overhead.

In order to help meet the increased cost of educational facilities the tuition at Colby College will be raised to $150 per annum in the future, according to a statement made public by President Arthur J. Roberts. The change will not go into effect until next year and the present rate $120 will remain in effect until college year closes in June.

Governor Wallace R. Farrington ’91 of Hawaii, was the distinguished guest of the evening. He made a most interesting address and seemed much pleased to renew his association with his Alma Mater.

Norman S. Donahue ’15, a varsity end for four years, had never seen Bowdoin beat Maine, and his presence on the program this year was taken as a good omen.

Football coaches Brice and Murphy were the last of the speakers. The Stein Song concluded a most impressive and satisfactory Maine Night celebration.

Have You Done Your Part?

This is the last opportunity to call attention to the fact that the time planned for active solicitation of subscriptions for the University of Maine Memorial Fund closes November 19. This is the time for the Chairmen and Field Workers to clean up their areas. It is also the time for every alumni who has not yet sent in his subscription to see that this is done, either through the Chairman for his Area, or direct to the Memorial Fund office.

We all want to see that Alumni total reach the $500,000 mark. Will you do your part?

Honorary Hobo Society

Organized at U. of M.

Members Must “Bum” Way to College Games.

Having as its purpose the maintenance of a high standard of college spirit at the University of Maine, an honorary hobo society, to be known as the A. T. B. Club, has been founded here with six members. To be eligible for membership, a student must show definite proof that he has “bummed” his way at least 500 miles to football games or other athletic contests in which Maine teams have figured.

The present members are Harold Burdick of Forest Hills, N. Y.; F. Gilbert Hills of Bangor; Clayton P. Osgood of Fryeburg; Paul Morrill of Biddeford; E. O. Judkins of Upton, and Eugene Van Den Kerckhoven of Bethel.
Marching to Victory

New Football Song a Winner.
Written By C. D. Bartlett, '14L.

The new football song which was so favorably received at Maine Night and at the Bowdoin-Maine game next day was composed by Charles D. Bartlett '14L, a popular young lawyer of Bangor.

The words, which follow, are set to stirring march music and both the alumni and student body are delighted with it.

C. D. BARTLETT, '14L

March, we're marching to vict'ry
Sweeping resistance away,
Tearing along with the cheering
Maine's going to conquer today.

RAH RAH RAH

Now we are nearing the goal line,
Gain on steady gain.
Nothing can stop us from scoring,
Touchdown for Maine, Maine, Maine.

For Maine, for Maine, for M-A-I-N-E, Maine.

Northwestern University has determined that class rushes in the future shall not be held among the student body.

Inventor of Radio Devices

Invents Wave Antenna for Radio, Thus Winning Fame and $500.00.

The following article recently appeared in newspapers throughout the country.

"Harold H. Beverage, a graduate of the University of Maine, eight years ago, who is an engineer of the Radio Corporation of America, was tendered a vote of honor by the membership and board of officers of the Institute of Radio Engineers at their last meeting, for his contribution to radio communication devices of the so-called wave antenna. Beverage was also presented with a cash prize of $500, the Liebmann Memorial prize, this amount being the annual interest on an investment made by the late Colonel Morris Liebmann, a well known radio engineer. Each year this sum is given to the most deserving individual whose radio inventions or developments are of outstanding practical importance and serve to materially enhance the progress of the art. The "wave antenna" which Beverage invented has many outstanding characteristics which make it of extreme value in long distance radio communication. It does not require lofty towers for elevating purposes; consists of a single or double wire about nine miles long for long wave reception and an antenna unit permits of simultaneous reception from several stations. The reduction of atmospheric disturbances makes the "wave antenna" particularly valuable.

Beverage is but 39 years of age. He has specialized in the development of radio receiving apparatus since his graduation from the University of Maine.

John H. Morecroft, professor of Radio communication at Columbia University and vice president of the Institute of Radio Engineers, presented the check for $500.00 to Beverage."

Harold H. Beverage received his B. S. degree from the University of Maine in 1915. He was a popular member of his class and a member of the SAE fraternity.

Patterson, '14L Wins Recognition as an Author.

Arthur W. Patterson, '14L is winning for himself considerable success as a writer. Detective stories flow freely from his pen. Being a successful lawyer in Castine, Maine, Mr. Patterson only writes as a side line. However during the last three years he has sold one novel, four serials, two novelettes and thirteen short stories.

"The Heaviest Pipe," a mystery novel, was published by George W. Jacobs Co. He is soon to publish a volume of his short stories that have appeared in current magazines.

A serial, “The Guest of the Limping Man,” will soon appear in the Detective Story Magazine. He has also written many juvenile short stories for the Youths Companion.

Mr. Patterson was born in Bristol, N. H. in 1888. Graduating from the University of Maine Law School in 1914, he started practising law in Belfast, Maine. Later he moved to Castine, where he has built up a good practice. He writes as a pastime.

He is a member of the S. A. E. fraternity and of Phi Delta Phi legal fraternity.
The Rush for Seats

We believe that a word of explanation is due to the alumni about tickets for the Bowdoin-Maine football game. Many who followed the suggestion in the October issue of the "Alumnus" and wrote in to the alumni secretary for seats did not get as good ones as they asked for.

It has been the custom for the alumni office to hold the center section for alumni who write in for tickets. This year, anticipating a heavy demand, the two center sections were held out and the balance placed on sale at the University Store, Orono, and at Dillingham's in Bangor.

Due either to the prominence which this service by the alumni office was given in the last "Alumnus" or to the growing popularity of Maine Night and the State Football Championship, all records were broken and the alumni office was swamped with mail orders. Orders for over a hundred seats were received before the tickets had been printed. Ten days before the game orders for over four hundred grandstand seats had been filled.

Seeing the handwriting on the wall quite plainly we tried to get back some of the seats which had been placed on public sale, but too late. All but a few on the extreme end of the stand had been sold—and this without any public advertising. The only place any notice of this sale was published up to this time was in the "Alumnus." U. of M. alumni and friends must have bought up even the seats offered the public.

Arrangements were then hastily made to supply the rest of the alumni who wrote in with the best bleacher seats available. We hope no one will have taken offence. Orders were filled in the order received and we have worked hard to see that every alumnus was given the best seat available.

Our Employment Department is now building up an Employment department. We hope to make this service of great value to Maine alumni.

Certain departments at the University have done considerable fine work along this line already. Their big handicap has been that after graduating the man who could be helped to a good job does not keep in touch with them.

To help us build up our employment department, we would ask you to write the alumni secretary any opinion you have on this important activity.

The service is free. Help us make it valuable. If you employ men let us tell Maine alumni of any job open. If you want work let us tell Maine alumni. Out of the six thousand readers of the Alumnus one is quite sure to need your services.

Maine Night

Maine Night this year was a decided success. The new seating arrangement made it possible for a record crowd to be well taken care of and for all present to hear the speakers.

The program, which was largely athletic, gave especial prominence to football and the game with Bowdoin. This was the result of the following resolution, which had been adopted by the athletic board.

"Resolved: That it is the unanimous opinion of the athletic board that the traditions of Maine Night should be kept alive and that football should be given greater prominence, particularly the game on the following day. Athletics in general should be next in importance."

Maine was fortunate indeed to have Governor W. R. Farrington '91, of Hawaii and Lieut. A. W. Stevens '07 as distinguished speakers on Maine Night. They made the evening's program one of complete balance.

The Alumni Office would appreciate any opinion from the alumni as to the character Maine Night should take in the future.
Totals for the State of Maine

The State of Maine has raised 98% of its quota. This fact will come as a distinct shock to many who have taken it for granted that the Pine Tree State was over the top because so many areas in Maine were over.

The total quota for Maine is $195,500.00. On November 7th her total of subscriptions from alumni was $191,438.00. Thus Maine needs $4,062.00 to "go over the top." A glance at the standing by areas will show what sections of Maine have not completed their quota.

1915 Enters the Class Race

The following letter was recently mailed to all members of the class of 1915 who had not made subscriptions to the Memorial Fund:

Dear Classmates:

"Nineteen fifteen has accepted the challenge of the class of 1912 and has informed those old timers that not only are we going to get their scalps, but also win that cup from all the classes challenged.

"Approximately 40% of our class has subscribed to the Memorial Fund. We can surely make that 75%. It's not a question of giving until you are broke, but giving what you are able to give over a period of five years.

"This letter is being sent to urge a prompt subscription from every member of our class who has not yet pledged. It is going to all those who were not included among the subscribers in the last Alumni.

"No Maine man or Maine woman can afford to be among those who fail to contribute toward the building of the magnificent memorial to the forty-seven Maine men who gave their lives in the World War.

"Every pledge should be in before the first of November.

"HELP WIN THAT CUP!

Very sincerely yours,

Subscribers from Class of 1915."

William H. Knowlton '17 enrolled in the Coast Patrol as apprentice seaman on June 1, 1917; on July 28, 1917 he entered the Coast Patrol service in the Radio department and on August 23, 1917, left to finish his radio course at Cambridge. On December 19, 1917 he died at the Naval Hospital at Chelsea, Mass., of pneumonia.

Sergeant Christopher McKay '10 enlisted in the Canadian army in August, 1914 and went to England with the first contingent. He stayed in England until the spring of 1915, when he went to France with the 48th Highlanders of Toronto. After eleven months of active service he was sent back of the lines to train for an officer. While here his feet gave out and he was sent to the War Office in London. During active service he had been both gassed and shell shocked. In the spring of 1918 he was returned to Canada and discharged as unfit for service. In February, 1919 he was taken sick with influenza and the shell shock returned, affecting his heart, and he died February 19, 1919.

Irving S. Buker '15, 2d Lieutenant of Infantry, died December 30, 1918, of pneumonia at Camp Hancock, Augusta, Georgia. Lieut. Buker's first experience in military life was with the old Fourth Co. C. A. C. in June, 1916. He enlisted in the regular army in Auburn for seven years, three in active service and four in the reserves, and was sent to Fort Slocum, N. Y. Later he was transferred to a machine gun company and sent to Camp Hancock, Ga., for instruction, where he had just received his commission as a second lieutenant in Co. 19, C. M. G. O. T. S., when he was taken with influenza, followed by pneumonia, and died October, 1918.

Edward P. Putnam '07 enlisted in the Navy early in the summer of 1918, but was not called until September and after only a few weeks of service was stricken with pneumonia and died October, 1918.

Fred A. Pearson, summer school, died November 20, 1918, in a hospital in France after an illness of several weeks of influenza followed by pneumonia.

Fremont B. Fletcher '17, died in May, 1923, after a long illness resulting from being gassed while serving overseas in the World War. At the outbreak of the war he entered the Medical Corps and was sent to Fort Preble where he was in charge of the medical dispensary. He went overseas with the Medical Corps and while helping to bring in the wounded, he was gassed. He never fully recovered from the effects of the poison, although he was able to be actively engaged in business for sometime after his return from France. He purchased a drug store in Augusta, Maine, and conducted that business for three years, selling out when his health completely failed.

Alumni Personal

Marriages

11—Major Sumner Waite and Miss Elizabeth Cushing, November 7 at Camden, S C
15 s. c.—David Crowell and Miss Dorothy Pierce, September 8 at Harwich-Port, Mass
They are residing at Sandwich, Mass

16 s. c.—George E. Roberts and Miss Mary E. Huson, October 20 at Portland

18—Ex'23—Miss Dorothy L. Folsom and Harry E. Henderson, October 16. They are residing in Norridgewock.
19—Miss Beatrice C. Palmer and Lawrence P. Libby, October 20 at Bangor. They are residing at 14 Garland Street, Bangor.

L'21—Michael Pilot and Miss Frances Golden, October 21 at Bangor. They are residing at 56 Pearl Street, Bangor.

Ex'22—William L. Churchill and Miss Blanche E. Currier, October 17 at Fort Fairfield. They are residing in Fort Fairfield.
Ex'22—Minnie L. Louis and Victor V. Brown, August 31 at Kennebunk. They are residing at Kennebunk.
Ex'22—A son, Robert Williams, to Mr. and Mrs. James L. Bernard at New York

Deaths

'09—Edward J. Finnegane, October 19 at Caribou following short illness
'20—Alfred Davis, October 24 at Portland, burned to death in automobile accident.

By Classes

'79—Charles A. Morse, chief engineer of the C R I and P R R , Chicago, visited Bangor during the past summer. During the war Mr. Morse had charge of all the U S railroads as chief engineer, a position of much responsibility and prominence. He is one of our most prominent alumni and has made good in the engineering world

'89—Ambrose H. White is chief engineer of the International Paper Co of New York and lives in Brooklyn, N Y. He is conspicuously featured in the new publication entitled The International Paper Monthly, and is evidently one of its valuable officials.

'98—Walter D. Tolman is located in Madison, Tenn., as a missionary to the poor whites in the mountains.

'99—Edwin M. Smith is now located at Columbus, Ohio as manager for the C & D. Products Co. He resides at 1117 Elmwood Ave., Grand View Heights.

'93—Carlo D. Dostos recently acted as headman at the Lake Forest-Michigan Agric. College at East Lansing, Mich.
Photograph of 470 John Hancock Policies written on the lives of students of the 1923 graduating class of the Massachusetts Institute of Technology.

These policies represent $125,000 in endowment insurance payable to M. I. T. at the 25th Reunion of the Class of 1923. The members are insured as individuals and pay their own premiums as a visible evidence of their loyalty to the institution.

This picture is reproduced as a suggestion to individual graduates of all ages and graduating classes of other colleges.

The John Hancock desires to serve its friends in the college world to the best of its ability. Information can be secured in writing to the Home office, 197 Clarendon Street, Boston, Massachusetts.

ORONO, MAINE

18—George C. Norton is instructor in horticulture at New York State Institute of Applied Agriculture
18—T. Francis Shea has accepted a position with the Travelers Insurance Co. of Hartford, Conn., and is residing at 25 Brownell Avenue.
15—The address of Aubrey J. Spratt has recently been changed from Detroit, Mich. to 5242 Virginia Avenue, Hollywood, Cal.
18 s. c.—Howard E. Kyes, formerly of Sugar Grove, Pa., is now located in Miami, Florida.
Ex'18—Weldon H. Rolfe is a field engineer with the New England Tel. and Tel. Co. at West Haven, Conn., and resides at 599 Third Avenue.
19—Dwight B. DeMeritt is instructor in forestry at the University of Maine.
19—Elywna Haskins is teaching at Lakeville, Conn.
19—Miss Christine Northrup has accepted a position as head of the Latin department for the coming year at Keene, N. H.
19—Vernon H. Wallingford and Mrs. Jesse Prince Wallingford are residing at 2620 Alhambra Court, St. Louis, Missouri, where Mr. Wallingford is engaged as research chemist with the Mallinckrodt Chemical Works.
19—Ralph A. Wilkins is located in East Walpole, Mass. Mr. Wilkins was formerly employed with the Eastern Mfg. Co., Brewer.
19—Clarence W. Dickey has been appointed superintendent of schools in the Stockton Springs union, and is residing at Frankfort.
Ex'19—Burrus F. Fowler is a state traffic officer at Monmouth.
Ex'19—Frederic M. Jackson is a telegrapher in the employ of the Associated Press at 171 State Street, Augusta.
Ex'19—Alton W. Toler of Gardner is salesman for the Alexander Film Co., Denver, Colorado.
20—Walter B. Averill, formerly of Winchester, N. H., is a forest engineer in the department of conservation, Commonwealth of Massachusetts with headquarters at 512 State House, Boston, Mass.
20—Robert W. Averill is employed with E. S. Bryant, consulting forester, Boston, Mass.
20—A sad accident occurred October 24 at Dunstan shortly after midnight when the automobile in which were Alfred D. Davis and Miss Doris Folsom, both teachers in Sanford high school, turned over twice after striking an electric car from Saco. The automobile then caught fire and Mr. Davis was burned to death. His companion was dragged out of the burning wreckage but her body was terribly burned and she died shortly after. The car was derailed and the automobile dragged about 75 feet. Mr. Davis and Miss Folsom had been attending a Shakespearean play in Portland.
20—Cards are out announcing the engagement of Philip J. Leary and Miss Ethel M. O'Brien.
20—Miss Gertrude D. Peabody, formerly instructor of Home Economics at the University has accepted a position as instructor in Foods and Nutrition and House Planning at Temple University, Philadelphia, Pa. Miss Peabody received her A. M. Degree at the Teachers' College, Columbia University in 1922.
20—Miss Gertrude D. Peabody, formerly instructor of Home Economics at the University has accepted a position as instructor in Foods and Nutrition and House Planning at Temple University, Philadelphia, Pa. Miss Peabody received her A. M. Degree at the Teachers' College, Columbia University in 1922.
20—Ex'22—Burleigh R. Waterman and Mrs. Mabel Thompson Waterman are residing at Hardin Apts., 13th Street, Waco, Texas.
where Mr. Waterman is assistant manager for W. T. Grant Co.

Ex'20—Roland F. Cony is acting as instructor in history at Cony high school, Augusta. Mr. Cony formerly taught at Pittsfield and during the summer very successfully managed the Squared Island Inn.

Ex'20—Frank N. Eaton, Jr., formerly of Boothbay Harbor, is teaching at Watervliet, Vermont.

Ex'20—Harry E. Henderson, whose marriage to Miss Dorothy L. Folsom '18 is announced in this issue, is part owner of the Burgess & Henderson grocery store in Norridgewock. Mrs. Henderson is the daughter of LeRoy E. Folsom '85.

Ex'20—Olga L. Howe is now Mrs. T. R. Bartlett and is residing at 223 East Union Street, Bethlehem, Pa.

Ex'20—Theodore T. Ranney is located at 57 Woodruff Avenue, Columbus, Ohio.

'21—Miss Madeline Eastman is studying piano at the New England Conservatory of Music in Boston.

'21—Wesley C. Plumer, having completed the Students' Training Course at the Schenectady Works of the General Electric Co., has been transferred to the Industrial Control Engineering Dept. of that company, where he is engaged in engineering work.

'21—The engagement has recently been announced of Ernest J. Sullivan and Miss Eileen Leary.

A seven days wonder in 1903, but already outgrown in 1909—so rapid is the march of electrical development.

A monument to courage

The total capacity of the steam turbine generators produced by the General Electric Company is equal to the working power of 170 million men. More and more the hard tasks of life are being transferred from human shoulders to the iron shoulders of machines.

This machine is a Curtis Steam Turbine Generator. Many called it a “piece of folly” in 1903. It was the largest turbine generator ever built up to that time.

Today General Electric Company builds steam turbine generators ten times as big as this pioneer; and the “piece of folly” is preserved as a monument to courage.
