1900 at Commencement
Registration at Commencement

1875—Geo. H. Hamlin
1876—Dr. A. A. Jackson, E. F. Hutchings, Sidney S. Soule, W. H. Jordan and E. D. Mayo
1878—C. H. Benjamins
1880—James M. Bartlett and Albert H. Brown
1888—C. L. Howe
1890—A. M. Hastings, Edward H. Kelley, Chas. A. Dillingham, Geo. F. Gould, Frederick G. Quaney and Fred T. Dow
1891—William Bailey
1892—G. A. Bailey
1893—Harry M. Smith and Hosea B. Buck
1894—Frank G. Gould
1895—H. S. Boardman, Chas. D. Thomas
1897—Stephen S. Bunker, Byron F. Porter, Chas. S. Bryer, Dora L. Parker
1898—F. M. Claflin, H. M. Ellis, R. F. Talbot
1899—Henry E. Cole, W. C. Elliott, Ralph Whittier
1901—William McC. Sawyer
1902—Henry E. Cole, W. C. Elliott, Ralph Whittier
1903—Albert L. Whipple
1906—Carolyn H. Edwards
1907—F. M. Clarin, H. M. Ellis, R. F. Talbot
1908—P. R. Beaumont and Ballard F. Keith
1911—Mildred P. Wright, Clifford Patric and E. R. Tobe
1912—Marion E. Hunt, Philip R. Hossay, Ben. C. Kent
1916—Harry M. Smith, G. B. Condon, Robert M. Moore, Earl S. Merrick
1917—Brooks Brown, Edith I. Glover, E. L. Newdick, Joe McCusker, Chas Crossland and Grace B. Coffin
1919—John E. Goodwin, Dwight B. Demeritt, C. F. Niles, Newell W. Emery, and Marjorie Gooch
1921—Raymond S. Stephens, Rina Campbell, Katherine D. Stwart, Winthrop E. MacBride, Mrs. Ruby Hackett Young, Mrs Ida Anderson MacBride and Newham Young, H. W. Fifield, M. E. Watson and Conan A. Priest
1922—S. F. Hanes, Catharine S. Marston, Fred F. Marston, H. W. Fifield, M. E. Watson and Conan A. Priest

Cross-Country Prospects

The Maine undergraduate body is watching with eager eyes for the start of the first cross-country run next fall. They feel that Coach Kanaly will have one of the best teams in the history of the college. This, however, is subject to change either through injury or the failure of men to become eligible.

This latter team has proven the value of several men to the pale blue mentor, and men who will cause some of the veterans to stretch their strides a little to keep their supremacy.

Manager Robert Turner has provided a most advantageous schedule from the point of view of the student body. All of the meets with the exception of the New Englands and Intercollegiates of America, are to be run over the Orono course. The schedule follows:

Oct. 17—New Hampshire University at Orono.
Oct. 23—Alfred University at Orono.
Nov. 6—Maine Intercollegiates at Orono.
Nov. 14—New England Intercollegiates at Boston.
Nov. 23—I. C. A. A. A. A. at New York.

Report of Finance Committee
Of Alumni Activities Fund

June 5, 1925.

The Alumni Activities Fund was designed to secure a permanent annual income to assist defraying the expenses of the General Alumni Association. The plan was adopted by the Alumni Association at its meeting in June, 1924.

The Finance Committee of this Fund regret to state that the machinery set up to carry out the purposes of the Fund and to collect the money to make up the Fund, has failed as yet to operate. There has been no money turned over to the Finance Committee and considerable opposition to the plan has been manifest.

There is no question but what a Fund of this character is highly desirable and vitally necessary if the best results are to be obtained from the Alumni Office. Undoubtedly a more general knowledge of the conditions and situation is necessary and we believe this matter must be kept before the alumni continually until satisfactory results have been obtained.

It is possible that amendments can be made to the present plan which will make it more attractive to the average alumnus; in any case some further action seems necessary before the plan will work smoothly and our suggestion is that the matter be given special consideration by a committee to be appointed by the Chairman of the Executive Committee.

G. PARKER CROWELL, Chrm.
HENRY F. DRUMMOND
JOHN P. RAMSEY
The Fifty-fourth Commencement at Maine

The 54th annual Commencement exercises at the University of Maine were held Monday, June 8th in the Chapel. Heavy rain storms made it impossible to hold the exercises on the University Oval. The Chapel was crowded to overflowing.

The address was given by Whitman Howard Jordan, Sc. D., LL. D. of the class of 1875 on “The Land Grant College: Its Obligations.”

Among the prizes awarded at Commencement were:
- New York Alumni Association Scholarship No. 2, Sidney Bowers Coleman, Saco.
- Pittsburgh Alumni Association Scholarship, Carl Henry Bischoff, Franklin, Mass.
- Class of 1873 Prize, Calvin Morgan Hutchinson, Hallowell.
- Elizabeth Abbott Balentine Scholarship, Sibyl Hortense Leach, Crawford.
- Phi Mu Scholarship, Helen Mayo, Orono.
- Joseph Rider Farrington Scholarship, Florence Leita Poor, Sebago.
- Stanley Plummer Scholarship, Thayer Levenseller Royal, East Holden.
- Walter Balentine Prize, Hugh Scott Tibbetts, Vanceboro.
- Franklin Danforth Prize, Hervey Selden Bean, Vienna.
- Washington Alumni Association Watch, George Herman Gruhn, Birmingham.
- Penobscot Valley Alumni Association Scholarship No. 1, Willis Manning Barrows, Dover-Foxcroft.
- Freshman Scholarship Cup, Beta Theta Pi.

Penobscot Valley Alumni Association Scholarship No. 2, Ernest Howard Grant, Washburn.
Charles Anthony Rice Cup, Sigma Alpha Epsilon.
Class of 1905 Scholarship, Isadore Spinoza Paef, Boston, Mass.
Fraternity Scholarship Cup, Phi Epsilon Pi.

E. B. Draper
Trustee of U. of M., who spoke at Alumni Banquet

Raymond Fellows, '08
Alumni Banquet Speaker

Banquet

Nearly 600 sat down to the Alumni Banquet Saturday, June 6th. The classes lined up in front of the Experiment Station and with the graduating class leading, paraded towards the library and around Coburn where the line halted, opened ranks, and the speakers, faculty and oldest classes marched through the lines.

Seated by classes in the Gymnasium, a splendid banquet was enjoyed. An orchestra was in attendance and "Joe" McCusker, '17, acted as cheer leader.

Speakers were few in number but able and interesting. G. H. "Dutch" Bernheisel, '15, was toastmaster and an excellent one.

John Behringer, '25, spoke for the graduates, E. B. Draper for the Trustees and Raymond Fellows, '08, Attorney General for the State of Maine, for the Alumni. Dr. C. C. Little was the principal speaker of the evening.

The Gymnasium

Two contractors are busily engaged on Alumni Field with the construction of the new Memorial Gymnasium-Armory.

Two bays of steel are now in place and they show most vividly the great space that this building will enclose. The height too is most impressive.

This is being done by the Boston Bridge Company.

Otto Nelson Company of Bangor is rushing work on the general contract and concrete foundations are rapidly being poured.

The indoor field is due for completion as early in the fall as possible.
Advance Degrees Awarded at Commencement

The following Advanced Degrees were conferred:

Achsa M. Bean, '22, Master of Arts in Biology.
Beatrice W. Johnson, '24, Master of Arts in Biology.
William S. Murray, '21, Master of Arts in Biology.
Joy L. Nevers, '24, Master of Arts in English.
Marcia E. Bailey (B. A. Oberlin '15) Master of Arts in English.
Howard L. Flewelling (B. A. Dartmouth '21) Master of Arts in English.
Irving T. Richards (B. A. Bowdoin '20) Master of Science in Animal Industry.
Earl P. Osgood, '24, Master of Science in Animal Industry.
Bernie E. Plummer, '24, Master of Science in Animal Industry.
Iva A. Merchant, '23, Master of Science in Biology.
Alexander B. Cutler, '23, Master of Science in Chemical Engineering.
Edgar E. Linekin, '23, Master of Science in Chemical Engineering.
Carl A. Anderson, '19, Master of Science in Education.
Howard T. Engstrom (B. Ch. E., Northeastern '22) Master of Science in Mathematics.
Lyle C. Jenness (B. S., New Hampshire '22) Master of Science in Mathematics.
Robert Cohen, '21, Advanced Degree of Chemical Engineer.
Andrew Adams, '21, Advanced Degree of Civil Engineer.
Everett B. Coffin, '15, Advanced Degree of Civil Engineer.
Fred J. Lewis, '14, Advanced Degree of Civil Engineer.
Charles F. Niles, '19, Advanced Degree of Civil Engineer.
Charles D. Thomas, '95, Advanced Degree of Civil Engineer.
Conan A. Priest, '22, Advanced Degree of Electrical Engineer.

Memorial Fund

Alumni who have payments due on their subscriptions will facilitate and speed up construction of the new gymnasium by paying up their pledges promptly now.

The crucial test of Maine loyalty is now being faced—paying up.

Senator Edwin F. Ladd, '34

Mr. Ladd was born in Starks, on December 13, 1859. He attended the public school and the Somerset Academy, where he was prepared for the University of Maine, from which he was graduated with the degree of Bachelor of Science. He had made chemistry a special study and adopted it as his profession.

Soon after leaving the university he became assistant chemist in the New York State Experiment Station. He became chief of the station, a position he held until 1890 when he went to the northwest which was then opening up rapidly, and became a member of the faculty of the new North Dakota Agricultural College through which the state was endeavoring to build up its agricultural industry.

As a professor, the former Maine student of chemistry built up a course of chemistry that attracted nationwide attention among educators as he labored with chemical and food problems then challenging solution.

Was Food Administrator

During the great war Dr. Ladd served as federal food administrator.

Crozier to Captain

Harold E. Crozier, '26, of Brownville has been elected captain of the 1926 baseball team at Maine. He is a pitcher and made an excellent showing this year.

Barrows Will Lead 1926 Track Team

William M. Barrows of Dover-Foxcroft was today elected to lead the University of Maine track team next year.

"Bump" Barrows is a leader in scholastic studies and is sure to prove an ideal leader for the track squad. He has won his track letter every year he has been in college, being a good man with the hammer as well as the discus. The discus is his favorite and only this past week did he place second in the New Englands.

Barrows has won other honors besides track. This last fall he made his letter in football and will no doubt be one of the main-stays next fall. He was the highest ranking student in the junior class in the engineering course and was elected to Tau Beta Pi. He is a member of S. A. E.

Pictures

1900, 1910, 1915 class reunion pictures were taken during the frolics, Saturday afternoon, June 6th. The photographer will gladly fill any orders. You can order through the Alumni Office. Price $1.50 each. Name your class!
Football Prospects

With the fading of the baseball season, Maine fans are beginning to look forward to next fall and are speculating on the chances Maine has of copping another state title on the gridiron.

Coach Fred Brice must develop a new backfield to replace the old combination of Blair, Gruhn, Repscha and Cutts, which carried the local team through the season last fall. These stars will all be lost through graduation. “Bump” Barrows, captain-elect of track, “Jack” Foster, “Arch” Cassuta, “Cub” Bryant, and “Andy” Wiswell all saw service in the games last fall, the first two being letter men. From the freshman outfit, “Sam” Thompson, “Pat” Peakes, winner of the putting contest held this spring, and “Buzz” Buzell look like the best backfield prospects. “Bill” Kiah and Carroll Osgood are quarterbacks who may be depended upon to give Wiswell a battle for the berth. Coach “Bill” Murray of the freshman outfit states that Thompson is capable of filling the brogans left empty by the giant Repscha and that is quite an assignment.

“Cuddy” Murphy’s job will not be quite so arduous as that of Brice, as he has practically a veteran line to work with. Substitutes must be developed, however, to take the places of the first-string men, and the material there does not look as promising. Captain “Ginger” Fraser, of course, will be back to act as the mainstay of the line, and “Freddy” Newhall will again hold down his job at end beside Fraser. “Ed” Stanton, who played nearly the entire season last fall at the other end of the line in place of the injured Elliot, will also be available for another season. For guards, “Wally” Elliott and “Tuby” Littlefield, both letter men, will be back. There is some doubt as to the probability of Littlefield returning to school, but if he does, Murphy will not have to worry about his guards. Hammond, freshman star, may fit nicely into the scheme of things, in the center of the line. Paul Lamoreau will hold down the other tackle position opposite Fraser. At the pivot position, “Joe” Simon, veteran from last fall’s championship eleven, will be all primed for another good season. Zysman, his running mate, will be lost through graduation, but Beakker, Lane and several others look good.

The Maine team will probably return early next fall and take their early workout either at Bar Harbor or Old Orchard. The Blue outfit trained at Old Orchard three years ago, and the experiment was a success.

Wanted—Prisms of Ten More Classes

The response to our appeal for “Prisms” to complete the file in the Alumni Office was excellent. Only ten more issues needed. We would like to have the following Prisms: 1899, 1902, 1903, 1912, 1916, 1917, 1918, 1919, 1920, 1922.

Can you donate any of the above? Mail to the Alumni Office, University of Maine, Orono, Maine.

Girls’ Athletic Field Will Be Ready for Use in Fall

The new athletic field for girls will be ready for use next fall. There will be a regulation size hockey field, 50x100 yds.; a 75 yd. running track; two tennis courts; and a playground. In the corner next to the road will be a small building, one part of which is to be used to house equipment; the other and main part is to contain a large fireplace and is to be used for entertaining visiting teams and for rallies.

The field is situated south of Balentine beyond the farm road. At present, work is being done plowing and removing rocks. To insure good drainage porous tiles are to be laid along the north and east sides.

At the rate the work is progressing the girls will surely have a large, dry, and easily accessible athletic field when they return in the fall.

Class of 1921

Time passes rapidly and our fifth anniversary is next June. If we are to keep our reputation of being the class, we must make early plans—“lest they forget.”

It is desired that every member of the class send in suggestions for a real class stunt and suitable uniform and for a general program.

Let us have a record breaking attendance. Remember that the majority of the class only returns at our regular reunions and you may be dead in 1931 so make your attendance in 1926 your supreme effort.

A dollar a week laid away in the “First National” will furnish, in most instances, the where-with-all to return to Maine and in some cases will even pay for the rest of the family.

Remember the time, the place, and the baby—and don’t forget the suggestions that you are going to send in now.

1921 is driving! Let’s go!

WINTHROP L. MACBRIDE,
Class Secretary.
Box 83, Brewer, Maine.

**Colby 3; Maine 0**

**ORONO, June 5—**The white mule of Colby kicked and killed the black bear of the University of Maine in one of the fastest games played on the university diamond this year. The score was 3 to 0. Colby put the game on ice in the seventh when they gathered two hits, an error and one good bingle. They would have scored more runs had not Durrell pulled a Tris Speaker catch over his shoulder on the dead run.

Newhall, the Maine first sacker, dragged them out of the dirt time after time. The Colby third base artist also stopped everything that came his way and made it possible for the Waterville freshmen battery to chalk up a white wash against Maine. The afternoon was hot and the commencement guests had a hard time to keep cool in this hot sun with such a royal battle going on. The hitting of the afternoon was done by the Colby backstop who hammered out a triple and a single. Newhall came through with flyin colors in the third when he tagged one of Corbett’s fast balls for two bases.

This game put Maine out of second place and Colby up next to the Bates outfit who clinched first place Monday when Maine tied Bowdoin, now in the cellar.

**Bowdoin-Maine Tie**

**BRUNSWICK, June 1—**Bowdoin and Maine played a three to three tie game at Whittier field which went only six innings as the Maine team had to leave to catch a train to get them back at Orono in time to take final exams Tuesday morning. Both teams played loose ball which made the game uninteresting.

**Double play McGowan (unassisted).**

**Umpires, McDonald and Conway.**

**Time, 2 hours.**

---

**Maine 2; Colby 1**

**WATERVILLE, May 28—**With Crozier pitching high grade ball, Maine won from Colby 2 to 1 in the State College series here yesterday. By agreement the game was called at the end of the eighth inning.

Colby scored their lone tally in the first. Hannifin walked, but was thrown out at second on Smarts attempted sacrifice. Chase singled through short and then McGowan poked a long hit into right on which Smart counted.

Maine got one in the second when Newhall singled, was sacrificed along by Lewis, stole third and scored on a double steal after Gray had walked. In the fifth, Cassista’s single, Lawry’s sacrifice and Fransen’s error on Stearns’ pop that fell safe back of second, gave Maine the winning score McGowan’s double play, unassisted, was the only fielding feature of the game.

**Score: Maine 2, Colby 1**

---

**Freshmen Schedule**

Oct. 10—Millinocket H.S. Orono
Oct. 17—Kents Hill Sem Orono
Oct. 24—N. H. Freshmen Orono
Oct. 31—Pending
Nov. 7—Pending.
Nov. 11—M. C. I. Pittsfield
The Memorial Gymnasium-Armory

The construction now under way on Alumni Field will convince even the most skeptical that the dream of a modern Gymnasium-Armory at Maine will soon become a reality. The past year has seen architects plans approved for the Memorial Gymnasium-Armory and the awarding of all contracts incident to the construction of that section known as the indoor playing field and military quarters.

The collection of subscriptions to the Memorial Fund and the records pertaining thereto center in the Alumni Office. Every effort is now being made to get payments in when due since now that construction has been started every cent is needed to meet the bills continually falling due.

Over half the graduates and former students of the University of Maine have subscribed to the Memorial Fund. It is hoped that before the building is completed that many more alumni will wish to contribute to this splendid memorial to Maine's war dead.

An infant truly in comparison with the alumni offices of many other colleges and universities. Nevertheless, in service rendered and present abilities it compares favorably with many organizations of far longer standing. We can safely say that "as we live we grow." and we are continually entering into new fields of service. The future is indeed promising.

Respectfully submitted,

ROBERT P. CLARK,
Alumni Secretary.

The Maine Alumnus

Publishedmonthly by the General Alumni Association of the University of Maine during October, November, December, February, March, April, May and June.

Subscription, $1 per year. Single copies, 25 cents.

JAMES A. GANNETT
IRVING PIERCE
Report of Alumni Members of the Athletic Board

The second year of conducting our athletics under the Freshman rule has shown that this policy, when we are able to finally overcome some of its accompanying difficulties, will be of material assistance to our athletics. The increased number of men receiving coaching and getting into actual competition while still in their first year at college, has resulted this year in several men becoming of varsity calibre who otherwise probably never would have had varsity teams. As an example, the baseball team this spring is largely composed of last year's freshman team and barring unforeseen events should be next year a high class college team. The other colleges of the state do not desire intercollegiate freshman athletics. This leaves Maine in the position of depending on secondary schools for competition for her freshman teams, and because schools of a size to support teams capable of giving our freshmen the proper competition, are not plentiful in this region, there is as yet a problem in freshmen team schedules to be solved. This condition is especially noticeable in track and cross-country. On the whole, we are pleased to report that this rule is working satisfactorily.

Bates, Bowdoin and Colby have adopted a one semester rule, i.e. freshmen cannot become members of varsity teams until the end of the fall semester. Maine has some reason to believe that these three colleges, in the not distant future, will follow our example, and go the whole distance, by making the rule effective for the entire first year, or even better, joining the New England Conference on College Athletics.

We are glad to report that because of the stand taken last year by our Athletic Board regarding the manner in which the affairs of the M.I.T. & F.A. were being conducted, a reorganization has taken place and that association, which handles the athletic fund, is now controlled by representatives from the athletic boards of the four member colleges, rather than by the plaything of certain track coaches. To achieve this result, Maine resigned from the M.I.T. & F.A., and this brought about a meeting of responsible representatives of the four state colleges, and thereafter the desired reorganization occurred.

Last year, in our annual report we mentioned the deficit in which the Athletic Association found itself. It is not probable that at the end of the present fiscal year the association will be out of debt, but it now appears that satisfactory progress has been made toward reduction of this deficit. This, however, has not been done without drastic curtailment in the number of sports and in schedules of our teams.

It is unfortunate that we cannot afford a hockey team, also, we would like to give our relay teams more competition, but until the association is in better financial standing we are not justified in expansion. More seating capacity for the big football games must be provided, this will cost considerable money, but in the end these seats, after paying for themselves, will become a source of added revenue.

A brief review of the year is as follows:

(1) Football—A championship team in spite of the most serious epidemic of injuries it has been Maine's misfortune to encounter in recent years.

(2) Cross-Country—A championship of the state, second in the New England run, and placed better than many of the so-called big colleges in the National meet at New York.

(3) Basketball—We have no competition against Bates, Bowdoin or Colby, as they have no basketball but we understand that this condition is apt to change very shortly. Maine divided honors with U. of N. H., our keenest rival in this sport.

(4) Relay—The season was fairly successful in that we won our races from U. of N. H. We lost to Bowdoin at the Portland games.

(5) Baseball—Practically stripped of veterans by graduation, the coach found it necessary to build a team from raw material. Considering that was the condition when practice started, the season was not a failure in spite of the fact that more games were lost than won. In the state series the team was always in the fight for a championship.

(6) Track—It is a peculiar thing that, with a faster team than we have had for some years, we landed in fourth place in the state meet, and could do no better than sixth in the New Englands. It is accounted for by the fact that the other schools had much better teams than has been their custom in the past and in the bitter fight for points, star opponents cut into Maine's score more heavily than they did into each others score.

R. H. Bryant, finding his business demanded his attention, resigned as Graduate Manager last July. We take this occasion to express to the alumni the appreciation we have of the service he gave during his term of office.

Benj. C. Kent, class of 1912, was teaching at the University, and the Board elected him to succeed Mr. Bryant.

The Board contemplates no changes in the policies or coaching personnel for the coming year. So far as your representatives can see, in Messrs. Bruce, Kanaley, Murphy and Wallace the University has a corps of coaches and a trainer, equal in ability, and probably superior to most colleges in its class.

Something which may be news to alumni, except those of recent graduation, is that Maine and New Hampshire have developed a rivalry in athletics nearly, if not entirely, equal to the rivalry between Maine and Bowdoin. We believe this is a healthy condition and worthy of encouragement, because U. of N. H. is a college of about Maine's size, is a member of the New England Conference on College Athletics, and our contact with the athletic officials of that school has shown that there is a sportsmanlike spirit and a business like administration which makes it a pleasure to meet that school in athletic competition.

Respectfully submitted,

W. McC. Sawyer
C. Parker Crowell
Phil R. Hussey

Salesman

Salesman wanted to solicit business in the State of Maine for an old established concern. Married men between the ages of 30 and 45 who have saved enough so they can afford to invest a small amount for future profit are preferred. You will receive personal training and assistance. No traveling. Successful men make $300 to $500 per month. Reply by letter, giving complete information about yourself and asking for an interview in Portland or Bangor.

Editor's Note.—Several Maine men work for this company We believe the above worth investigation. Write your Alumni Secretary for details.
Report of the Memorial Building Committee

June 3, 1925.

The Memorial Building Committee which was appointed by the Executive Committee of the Alumni Council and was incorporated under the laws of the State of Maine, January 24, 1924, it being necessary to form a corporation in order to enter into legally binding contracts. It was the task of this new corporation to erect the Memorial Gymnasium-Army with the funds raised by the Memorial Fund Committee. The Directors of the Memorial Building Committee were originally as follows: William McC. Sawyer '01, chairman; Hoose B. Buck, '09, Norman H. Mayo, '09, Dr. Jeremiah S. Ferguson, '09, Howard P. Philbrick, '09, Allen W. Stephens, '09, and Harry E. Sutton, '09. Hoose B. Buck resigned in July, 1924, due to the stress of other business and Horace A. Hilton, '05, took his place on the Board. Ralph Whittier, '02, was elected treasurer and Robert P. Clark, '15, clerk of the corporation. During the past year eight (8) meetings have been held, three (3) in Orono, three (3) in Portland and two (2) in Boston. There have also been innumerable conferences.

Fully appreciating the importance of having this building on the campus at the earliest possible moment the committee placed itself on record at an early meeting as favoring the start of construction as soon as possible.

The architects first plans drawn according to suggestions from our Building Requirements Committee would have cost to build according to contractors estimates close to $800,000. The immediate task then became one of cutting the plans down so that the Building could be constructed for approximately $400,000 and still include as many of the features desired as possible. All agreed that the indoor field was the most important part of the Building and that most of the cutting should be made elsewhere.

Finally on August 24, 1924 the architects preliminary plans (Scheme C) were approved by the Committee. Contractors had estimated that this scheme could be built at a cost between $395,000 and $430,000. The architects were instructed to proceed with the working drawings for the Building and to complete those for the indoor field so that the contract for the sixteen concrete piers for the indoor field could be let last fall.

The architects, Little & Russell secured Stone & Webster for the Structural Engineers. On their recommendation a contract for the construction of sixteen foundation piers for the steel trusses of the indoor playing field was awarded to F. S. Morse of Bangor. These piers were put in in the fall of 1924.

On December 19, 1924 the Directors voted to instruct the architects to get bids on the fabrication of structural steel and also on the fabrication and erection of the structural steel work for the indoor field.

On January 17, 1925 a contract for furnishing and erecting this steel for the indoor field was awarded to the Boston Bridge Company for $66,400.

On May 15, 1925 the contract for the construction of the indoor field and military quarters was awarded to Otto Nelson Company for $133,424.

The heating and ventilating contract was awarded to Arthur B. Fels for $13,600.

The electrical contract was awarded to The Dole Company for $7,529.

It is highly important at this time to impress upon each subscriber who has not met his payments that are due, that he should make such payments so that we may more easily meet our obligations.

Again interest must be paid on all money which we receive from the banks. The Building Committee is endeavoring to its utmost to place on the Campus a building which will be just as near perfect for our needs as we have knowledge of what we want. Each member, we are sure, is doing his utmost to give his very best in this matter and again each member welcomes advice and constructive criticism from alumni. This report has purposely been made short as we figure that strenuous action is required rather than words.

In conclusion we again wish to impress upon all the need of meeting payments. Your chairman wishes to thank the alumni for its support and particularly to commend the Building Committee for the amount of energy it has expended and for its very loyal support.

Respectfully submitted,

MEMORIAL BUILDING COMMITTEE

WILLIAM McC. SAWYER,
Chairman.

The University Store Company

$5,802.89 has been turned over to the Athletic Association by the University Store Company during the past fiscal year, according to the annual report of the trustees of the Store Company made public recently. Of this money, $2,802.89 was used to cancel debts owed by the Association to the Store, the other $3,000 was given outright into the treasury of the Association.

“The Book Store is of service to the students in many ways not generally known,” said President E. C. Kent of the Store Company in discussing the matter. “In the first place, there is considerable criticism made of the prices charged for books at the store. Students are apt to feel that they are overcharged when they purchase books. They do not know that the price of all books at retail is fixed by the publishers and that we are not allowed to change the established price. We cannot blame if the price of certain books often seems exorbitant; it is not our fault.

“Another thing of which the students in general are ignorant is the service rendered to the Athletic Association. Each year, the store also sells all supplies to the Athletic Association without making a cent of profit. During the past year, $5,802.89 has been turned over to the A. A. by the store, in addition to $13,000 and a building fund of $8,000. In only one year has the store failed to show a net surplus. In 1919-20 there was a deficit of $313, due to the turnover during that year of more than $1600 to the A. A.

The present trustees of the Store Company are as follows:

Benjamin C. Kent, graduate manager of athletics, president.

Archer L. Grover, member of the faculty committee on athletics.

Robert F. Clark, alumni secretary.

James A. Gannett, registrar.

Other officers are: F. L. Manwaring, clerk; Irving Pierce, treasurer.

1885 and 1900 Win
Commencement Cups

241 Maine alumni registered on the Campus at Commencement time and a spirited contest, between reunion classes to see which would have the largest percentage of its membership back, ended in a victory for 1885 and 1900.

The Commencement Cup for classes down to 1900 was won by 1885. This class had 10 out of a living membership of 16 or 63% of its membership back for its 40th anniversary. In this group 1875 with 5 out of 12 or 42%, was in second place and 1882, while not itself a reunion class, trimmed out other reunion classes in this section with 32% of its membership registerring. This cup was given by the class of 1908.

The Twentieth Century Cup, given by the New York Alumni Association was won this year by the class of 1900. 20 members of this class or 7% of its membership participated in this contest. In 1885 and 1900, the class had 10 out of 16, or 63%, of its membership back on the Commencement day.

Attendance at Commencement is steadily increasing. In 1923 181 alumni registered; in 1924, 226; and this June saw the number increased to 241.
Don’t Laugh This Off!

Many loyal Maine alumni have neglected to pay their annual dues to the General Alumni Association for 1924-1925. As the fiscal year ends June 30th, there is just time to get in under the wire.

Of course, better late than never—and we want you with us next year anyway—but why not send your check along today? $3.00 will not buy a new car or pay for your vacation. It will, however, cover your subscription to *The Maine Alumnus* and keep you in good standing as a Maine alumnus.

Once more we submit a blank for your convenience. Every graduate and former student of the University of Maine is eligible to membership in the Alumni Association. It is a privilege to be a Maine man. Do you appreciate the honor?

---

Stage directions for this scene from William Vaughn Moody's play, "The Great Divide," call for a woman's muffled scream, a pistol shot, and the crash of breaking furniture. The microphone on the right sends them all to your home.

An Exciting Evening

Here are four of the WGY Players (the world's first radio dramatic company) at a thrilling climax that almost turns sound into sight.

Tune in, some evening, on one of their productions. You will be surprised to find how readily your imagination will supply stage and setting.
