UMaine science and medicine updates

COVID-19 and SARS-CoV-2 information and research are changing rapidly, and new developments become available daily. The most recent , up-to-date information is found in the latest bulletins, but some topics covered earlier are still relevant. All statements made in these documents are from primary sources, which are cited with weblinks

The following are briefings that UMaine faculty and students have assembled to provide to Bangor Public Health and local hospitals. Most recent additions are at the top of this page. A glossary of terms is also available in the sidebar of each update:

- Science and medicine updates, July 3
- Science and medicine updates, June 8
- Science and medicine updates, May 25
- Science and medicine updates, May 14
- Science and medicine updates, May 6
- Science and medicine updates, April 30
- Science and medicine updates, April 28
- Science and medicine updates, April 21
- Science and medicine updates, April 17
- Science and medicine updates, April 14
- Science and medicine updates, April 8
- Science and medicine updates, April 2
- Science and medicine updates, March 26
- Science and medicine updates, March 24
