Town Council
Town of Bucksport
Bucksport, Maine

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Bucksport, Maine, as of and for the year ended June 30, 2008, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Bucksport, Maine's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Maine Uniform Accounting and Auditing Practices for Community Agencies. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Bucksport, Maine as of June 30, 2008, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 25, 2008, on our consideration of the Town of Bucksport, Maine's internal control over financial reporting and on our tests of its compliance with certain laws and provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 9 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bucksport, Maine's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of The Town of Bucksport, Maine. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Town of Bucksport, Maine's financial performance provides an overview of the Town's financial activities for the fiscal year ended June 30, 2008. Please read it in conjunction with the Town's financial statements.

Brief Discussion of the Basic Financial Statements

Using This Annual Report

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements follow. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the Town as a Whole

One of the most important questions asked about the Town's finances is, "Is the Town as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about the Town as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting* which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's *net assets* and changes in them. You can think of the Town's net assets - the difference between assets and liabilities - as one way to measure the Town's financial health, or *financial* position. Over time, *increases or decreases* in the Town's net assets are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Town's property tax base and the condition of the Town's infrastructure, to assess the *overall health* of the Town.

In the Statement of Net Assets and the Statement of Activities, we divide the Town into three kinds of activities:

- Governmental activities - Most of the Town's basic services are reported here, including police, fire, public works and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.

- Business-type activities – The Town charges a fee to customers to help it cover all or most of the cost of certain services it provides. The Town's sewer fund is reported here.
- Fiduciary activities – These are assets held by the Town in a trustee capacity, or as an agent for individuals, private organizations, other governments, and other funds.

Reporting the Town's Most Significant Funds

Our analysis of the Town as a whole begins on page 10. The fund financial statements begin on page 13 and provide detailed information about the most significant funds - not the Town as a whole. Some funds are required to be established by State law and by bond covenants. However, the Town Council may establish many other funds to help them control and manage money for particular purposes (like the Highway Equipment Reserve) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money (like grants received from the Department of Education).

The Town's two kinds of funds – governmental and proprietary – use different accounting approaches.

- *Governmental funds* - Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds* in reconciliation at the bottom of the fund financial statements.
- *Proprietary funds* – When the Town charges customers for the services it provides – whether to outside customers or to other units of the Town – these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the Town's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows for proprietary funds.

The Town as Trustee

The Town is the trustee, or *fiduciary*, for its students' activity funds. These fiduciary activities are reported in separate Statements of Fiduciary Net Assets on page 20. We exclude these activities from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Condensed Financial Information

The Town as a Whole

Our analysis below focuses on the net assets, and changes in net assets of the Town's governmental activities. The Town's total net assets for governmental activities increased by \$1,290,886 from \$33.77 million to \$35.06 million. For the business-type activities the Town's total net assets increased by \$792,066 from \$4.61 million to \$5.40 million.

Unrestricted net assets - the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements - increased for the governmental activities by \$498,205 to a balance of \$6,387,636 at the end of the fiscal year. For the business-type activities, the unrestricted net assets increased by \$318,745 to a balance of \$717,809.

Capital Asset and Long-Term Debt Activity

Capital Assets

As of June 30, 2008, the net book value of capital assets recorded by the Town increased by \$1,833,291 over the prior year. The increase is the result of capital additions of \$3,490,209 less current year depreciation of \$1,648,355 and a loss on a disposal of \$8,563.

Debt

At June 30, 2008, the Town had \$9.73 million in bonds outstanding versus \$8.29 million last year, an increase of 17.38%, primarily due to the issuance of \$2.24 million in general obligation bonds for the combined sewer overflow abatement facility. Refer to Note 6 of the Notes to Financial Statements for detailed information.

Currently Known Facts, Decisions, or Conditions

Economic Factors and Next Year's Budgets and Rates

Bucksport's financial performance and management of resources remains strong with seven consecutive general fund surpluses. The undesignated general fund balance increased to \$6.70 million for the year ended June 30, 2008 from \$6.16 million for the same period in 2007 or an 8.88% increase.

In fiscal 2008, the Town's economic improvements included Verso Paper's construction of a new wood yard and Webber Tanks' upgrade of fuel storage tanks, which generated approximately \$21.26 million in additional industrial and commercial property value. Residential growth has also continued during the past year including the addition of 20 single-family homes and the conversion of the former Gardner High School to 26 units of subsidized elderly housing.

Fiscal 2009 budget expectations will continue to support operational and program needs within LD-1 tax limitations together with anticipated local economic growth and development. Property taxes will remain the largest source of revenue for the Town in fiscal 2009, comprising approximately 48% of revenues. Operating expenses are projected to increase approximately 5.28% over costs incurred in fiscal 2008. The Town's mil rate will decline for the coming year to 12.8%, down from 13.8% and is the fifth consecutive year that the mil rate has declined or remained unchanged. Substantially all of the decrease can be attributed to growth in assessed values of existing residential and commercial property of approximately \$33.04 million resulting from the Town's most recent local valuation adjustment, demonstrating an increase in local home and business real property sales prices from fiscal 2006.

The Town's sewer department is separately funded primarily with user fees. Fiscal 2009 operating costs are projected to increase approximately 26.58% over those incurred in fiscal 2008. The increase is primarily attributed to debt service on the newly completed combined sewer overflow abatement facility. Accordingly, user fees will increase approximately of 6.98% over the 2008 period. However, based on a recent Maine Rural Water Association sewer rate survey, the Town's rates remain within the bottom twenty-five percent of sewer rates statewide.

To limit the Town's exposure to unforeseen cost and more specifically to provide an adequate level of funding should a significant valuation loss occur from its largest taxpayer (Verso Paper), Bucksport adopted an Undesignated Fund Balance Policy in May of 2008. The Town's management designed the policy around maintaining a level of funding in Undesignated Fund Balance (surplus) that provides financial stability for the community into the near future, as Verso's valuation accounts for approximately

44% of the Town's overall valuation. In addition, the policy will assist the Town in maintaining its current favorable bond rating and provide direction to the Town Manager during annual budget preparation. The policy requires that a surplus minimum be maintained equal to three months of the Town's total expenses (gross budget) plus an amount equal to three months of the annual taxes for the mill. For example, if the Town's proposed gross budget is \$17,000,000 and the annual taxes for the mill are \$4,140,000, then the minimum to retain in surplus would be \$5,285,000 calculated as follows: $(\$17,000,000 \times 25\% = \$4,250,000) + (\$4,140,000 \times 25\% = \$1,035,000)$. The Town maintained balances in excess of the required minimum level for the fiscal years ended 2008 and 2007 of \$0.79 million and \$0.28 million, respectively. The policy also includes a provision for the suggested utilization of excess funds on future capital improvements and/or accelerated payment of debt service.

The projected near-term financial outlook for Bucksport remains stable, consistent with its recent financial results and the current level of the unreserved fund balance. Future financial stability for the Town will likely depend on several key factors: sustainable long-term financial health of the mill, regional economic development, and access to manageable capital project financing.

TOWN OF BUCKSPORT, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Bucksport conform to generally accepted accounting principles applicable to governmental units. The following is a summary of the more significant of such policies.

The Town's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the Town has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Town has chosen not to do so. The more significant accounting policies established in GAAP and used by the Town are discussed below.

In June of 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Certain of the significant changes in the Statement include the following:

The financial statements include:

A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.

Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).

A change in the fund financial statements to focus on the major funds. These and other changes are reflected in the accompanying financial statements (including the notes to the financial statements).

Principles Determining Scope of Reporting Entity

The financial statements of the Town consist only of the funds of the Town of Bucksport, Maine.

TOWN OF BUCKSPORT, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Town's sewer fund is categorized as a business-type activity. All other activities of the town are categorized as governmental.

In the government-wide Statement of Net Assets, both the governmental activity and business-type columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resources basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (general government, protection, public works, etc.). The functions are also supported by general government revenues (property taxes, certain intergovernmental revenues, miscellaneous revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function) are normally covered by general revenue (property taxes, intergovernmental revenues, interest income, etc.).

The Town does not allocate indirect costs. All costs are charged directly to the corresponding department.

The government-wide focus reflects the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in the individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

1. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

- a. The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
- b. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- c. Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.
- d. Permanent Funds are used to account for assets held by the Town pursuant to a trust agreement. The principal portion of this fund type must remain intact, but the earnings may be used to achieve the objectives of the fund.

TOWN OF BUCKSPORT, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Operating revenues include charges for services, intergovernmental reimbursements and other miscellaneous fees which are a direct result of the proprietary activity. Non-operating revenues are any revenues which are generated outside of the general proprietary activity, i.e. interest income. The following is description of the proprietary funds of the Town:

- a. Enterprise Funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) established fees and charges based on a pricing policy designed to recover similar costs.

3. Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column, GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenses of either the fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

The Town's fiduciary funds are presented in the fiduciary fund financial statements by type (private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide financial statements.

TOWN OF BUCKSPORT, MAINE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

1. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, the enterprise funds consider all purchased government securities to be held on to for three months or less when purchased, to be cash equivalents.

Investments

It is the Town's policy to value investments at fair value. None of the Town's investments are reported at amortized cost. The Town Treasurer is authorized by State Statutes to invest all excess funds in the following:

- Obligations of the U.S. Government, its agencies and instrumentalities.
- Certificates of deposits and other evidences of deposits at banks, savings and loan associations, and credit unions.
- Repurchase agreements
- Money market mutual funds

Inventories and Prepaid Items

Inventories consist of expendable supplies held for consumption and are valued at cost. Under the consumption method, the costs of inventory items are recognized as expenditures when used. In the general fund, inventory consists of diesel fuel, gasoline, winter salt and sand and gravel. The special revenue fund inventory consists of school lunch supplies and food on hand at the end of the year, valued at cost.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Revenue Recognition – Property Taxes – Modified Accrual Basis

The Town's property tax for the current year was levied on June 29, 2007, on the assessed value listed as of April 1, 2007, for all taxable real and personal property located in the Town. Taxes were due in two installments on August 31, 2007 and March 31, 2008. Interest on unpaid taxes commenced on September 1, 2007 and April 1, 2008, at 12.0% per annum.

Property tax revenues are recognized when they become available. Available includes those property tax receivables expected to be collected within sixty days after year end. The remaining receivables have been recorded as deferred revenues.

The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$210,279 for the year ended June 30, 2008.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrance Accounting

Encumbrances are not liabilities and, therefore, are not recorded as expenditures until receipt of material or service. For budgetary purposes, appropriations lapse at fiscal year-end unless designated as carry forwards by the Town Council. The Town of Bucksport's General Fund does not utilize encumbrance accounting, therefore, reservation of fund balance is not provided for at June 30, 2008. Accordingly, no difference exists between actual results and the applicable budgetary data presented in the accompanying combined financial statements.

Budget

The Town of Bucksport's policy is to adopt an annual budget for operations. The budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles.

The following procedures are followed in establishing budgetary data reflected in the financial statements:

1. Early in the second half of the year the Town prepared a budget for the fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the inhabitants of the Town of Bucksport was then called for the purpose of adopting the proposed budget after public notice of the meeting was given.
3. The budget was adopted subsequent to passage by the inhabitants of the Town.

The Town does not adopt budgets for Special Revenue Funds although many of the funds have been established to manage grant activity which must adhere to the restrictions and/or budgets within the grant agreements.

NOTE 2 - CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Infrastructure such as streets, traffic signals, and signs are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the estimated useful lives.

In 2002, the Town undertook a program to record its investment property, plant and equipment. An inventory of all existing assets with a useful life of more than two years and a value of greater than \$5,000 was taken. The assets were valued at historical cost when available and estimated historical cost where actual invoices or budgetary data was unavailable. Donated fixed assets were valued at their estimated fair market value on the date received. All retirements have been recorded by eliminating the net carrying values.

GASB Statement No. 34 requires the Town to report and depreciate new infrastructure assets effective with the beginning of the current year. Infrastructure assets include roads, bridges, underground pipe (other than related to independently owned utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The retroactive reporting of infrastructure is subject to an extended implementation period and is first effective for fiscal years ending in 2008. The Town has elected to implement both the general provisions of GASB Statement No. 34 and the retroactive infrastructure provisions.

The following is a summary of changes in capital assets at June 30, 2008:

NOTE 3 - CASH AND INVESTMENTS

The Town's investment policies, which follow state statutes, authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities, other states and Canada, provided such securities are rated within the three highest grades by an approved rating service of the State of Maine, corporate stocks and bonds within statutory limits, financial institutions, mutual funds and repurchase agreements. These investment policies apply to all Town funds.

Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, the Town will not be able to recover its deposits or will not be able to recover collateral securities that are in possession of an outside party. The Town does not have a policy covering custodial credit risk.

At June 30, 2008, the Town's cash balance of \$2,650,160 was comprised of deposits amounting to \$3,110,097. Of these deposits, \$244,464 was insured by federal depository insurance and consequently was not exposed to custodial credit risk, \$2,816,976 which was collateralized with securities, and \$48,657 that was in excess of federal depository insurance and collateralization, and therefore, not insured or collateralized. However, the excess falls well within the Town's investment policy, which requires collateralization of accounts and deposits exceeding an amount equal to 25% of capital, surplus, and undivided profits as defined by the laws of the State of Maine.

At December 31, 2008, the Town's investments of \$9,955,871 were comprised of \$41,986 of stocks that are held in the Town's name and \$58,259 of certificates of deposit that were insured by federal depository insurance, both which consequently were not exposed to custodial credit risk. The remaining certificates of deposit of \$9,855,626 were collateralized with securities held by the financial institution but not in the Town's name.

The Town has determined that it has complied with state and federal laws governing the investment of public funds.

NOTE 4 - ALLOWANCE FOR DOUBTFUL ACCOUNTS

The allowance for uncollectible accounts for the ambulance receivables was estimated to be \$33,339 at June 30, 2008.

NOTE 9 – DEFINED BENEFITS PENSION PLAN

MAINE STATE RETIREMENT SYSTEM

The Town participates in the Maine State Retirement System, a cost sharing multi-employer defined benefit pension plan which covers employees who work at least 40 hours per week. The system requires that both employees and the Town contribute, and provides retirement, disability and death benefits. Employees are eligible for normal retirement upon reaching the age of sixty and early retirement after completing twenty-five or more years of credited service. The Town's contributions to the plan for the year ended June 30, 2008 were \$7,655.

All school teachers, plus other qualified educators, participate in the Maine State Retirement System's teacher group. The system is an agent multiple-employer public retirement system. The Bucksport School Department is a non-contributing unit, with the exception of school employees who work on federally funded programs; therefore, all contributions to the plan are withheld from employees at 7.65% of gross wages and remitted to the plan monthly. The total of such withholdings was \$781,016 for the year ended June 30, 2008.

The school department's payroll for employees covered by this group was approximately \$9,775,699 for the year ended June 30, 2008.

There is no contribution required by the School, except for federally funded teachers. For the year ended June 30, 2008, the Town contributed approximately \$92,959 for these federally funded employees. The funding status and progress for the System may be obtained by contacting the Maine State Retirement System.

NOTE 11 – TAX INCREMENT FINANCING AGREEMENT

On March 20, 1997, the Bucksport Town Council approved the Champion International Tax Increment Financing District (TIF) and adopted a development program for the District as authorized pursuant to Chapter 207 of Title 30-A of the Maine Revised Statutes as amended. The development program for the district was amended March 27, 2000. The anticipated investment to be made within the District is \$133,600,000. Seventy-five percent of the property taxes to be generated on the improvements within the District will be returned to the developer while the remaining 25% will be kept by the Town to fund a development plan as approved by the Office of Economic and Community Development on March 31, 1997. The District expires after a twenty-year period and all tax revenues will be returned to the general operating fund of the Town. The TIF agreement was amended on March 27, 2000. Ownership of the District was transferred to International Paper in 2003.

On March 27, 2003, the Bucksport Town Council approved a Tax Increment Financing District for Ellis & Guerrette. The anticipated investment to be made within the District is \$514,400. Fifty percent of the property taxes to be generated on the improvements within the District will be returned to the developer for 14 years or until \$73,379 is returned to the developer. The remaining 50% will be retained by the Town and used to fund the development plan of the District.

NOTE 12 – ECONOMIC DEPENDENCY

The Town has one taxpayer whose property tax assessment represents a significant portion of the Town's tax base. The Bucksport mill of Verso Paper has an assessed value of \$305,806,530, which is 46.32% of the Town's total assessed value of \$660,168,430. For the year ended June 30, 2008, the Verso Paper's property tax assessment was \$4,220,130.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Bucksport, Maine, as of and for the year ended June 30, 2008, which collectively comprise the Town of Bucksport, Maine's basic financial statements and have issued our report thereon dated July 25, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town of Bucksport, Maine's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Bucksport, Maine's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Town of Bucksport, Maine's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town of Bucksport, Maine's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town of Bucksport, Maine's financial statements that is more than inconsequential will not be prevented or detected by the Town of Bucksport, Maine's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town of Bucksport, Maine's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Bucksport, Maine's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management, the Town Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

Compliance

We have audited the compliance of the Town of Bucksport, Maine, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2008. The Town of Bucksport, Maine's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Bucksport, Maine's management. Our responsibility is to express an opinion on the Town of Bucksport, Maine's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The Town of Bucksport, Maine's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Town of Bucksport, Maine's compliance with those requirements.

In our opinion, the Town of Bucksport, Maine complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of the Town of Bucksport, Maine is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Bucksport, Maine's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Town of Bucksport, Maine's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Town Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

INDEPENDENT AUDITORS' REPORT ON SCHEDULE OF AGREEMENT OPERATIONS

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

We have audited the special-purpose Schedule of Agreement Operations of the Town of Bucksport, Maine as of June 30, 2008. This report is the responsibility of the Town's management. Our responsibility is to express an opinion on this special-purpose report based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards* and the *Maine Uniform Accounting and Auditing Practices Act for Community Agencies*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Agreement Operations is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Agreement Operations. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Agreement Operations. We believe that our audit provides a reasonable basis for our opinion.

The accompanying special-purpose Schedule of Agreement Operations was prepared for the purpose of complying with the *Maine Uniform Accounting and Auditing Practices for Community Agencies*. The schedule is a presentation of grant revenues, expenditures, and balances of the Town of Bucksport, Maine's agreements with the Department, which is a comprehensive basis of accounting other than generally accepted accounting principles, and it is not intended to be a complete presentation of the Town's revenues and expenses.

In our opinion, the special-purpose report referred to above presents fairly, in all material respects, the revenues, expenditures, and balances of the Town of Bucksport, Maine's agreements with the Department as of June 30, 2008, in accordance with the *Maine Uniform Accounting and Auditing Practices for Community Agencies*.

INDEPENDENT AUDITORS' REPORT ON THE INTERNAL CONTROL STRUCTURE USED IN ADMINISTERING DEPARTMENT PROGRAMS

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

We have audited the financial statements of the Town of Bucksport, Maine as of and for the year ended June 30, 2008, and have issued our report thereon dated July 25, 2008. We have also audited the compliance of the Town of Bucksport, Maine with the requirements applicable to Department agreements and have issued our report thereon dated July 25, 2008.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the *Maine Uniform Accounting and Auditing Practices for Community Agencies* (1996 Revision). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement and about whether the Town of Bucksport, Maine complied with laws and regulations, noncompliance with which would be material to a Department award program.

In planning and performing our audits for the year ended June 30, 2008, we considered the internal control structure of the Town of Bucksport, Maine, in order to determine our auditing procedures for the purpose of expressing our opinion on the Town of Bucksport, Maine's financial statements and on its compliance with requirements applicable to Department agreements and to report on the internal control structure policies and procedures in accordance with the *Maine Uniform Accounting and Auditing Practices for Community Agencies* (1996 Revision). This report addresses our consideration of internal control structure policies and procedures relevant to compliance with requirements applicable to Department agreements.

The management of The Town of Bucksport, Maine is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles, and that Department agreements are managed in compliance with applicable laws and regulations. Because of inherent limitations in any internal control structure, errors, irregularities, or instances of noncompliance may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For purposes of this report, we have classified the significant internal control structure policies and procedures used in administering Department agreements in the following categories:

<u>Accounting Controls</u>	<u>General Requirements</u>	<u>Specific Requirements</u>
Cash	Political Activity	Type of services allowed or not allowed
Support, program service fees, revenue and receivables	Civil Rights	Eligibility
Expenses for goods and services and accounts payable	Cash Management	Matching, level of effort, and earmarking
Payroll and related liabilities	Federal financial reports	Special reporting requirements
Property and equipment	Allowable costs/cost principles	Special tests and provisions
Debt and other liabilities	Drug-Free Workplace Act	Claims for advances and reimbursement
Net Assets	Administrative requirements	Amounts claimed or used for matching
Governmental financial assistance programs		

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and determined whether they have been placed in operation, and we assessed control risk.

During the year ended June 30, 2008, the Town of Bucksport, Maine expended 100% of its total Department awards under non-major Department agreements.

We performed tests of controls, as required by the *Maine Uniform Accounting and Auditing Practices for Community Agencies* (1996 Revision), to evaluate the effectiveness of the design and operation of internal control structure policies and

procedures that we considered relevant to preventing or detecting material noncompliance with specific requirements, and requirements governing claims for advances and reimbursements and amounts claimed or used for matching that are applicable to Department agreements which are identified in the accompanying Schedule of Agreement Operations. Our procedures were substantially less in scope than would be necessary to render an opinion on these internal control structure policies and procedures. Accordingly, we do not express such an opinion.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that noncompliance with laws and regulations that would be material to a Department agreement may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure policies and procedures used in administering Department agreements would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, we noted no matters involving the internal control structure or its operation that we believe to be material weaknesses as defined above.

This report is intended solely for the information and use of the Town Council and management of the Town of Bucksport, Maine and the Department and should not be used for any other purpose.

INDEPENDENT AUDITORS' COMBINED REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO DEPARTMENT AGREEMENTS

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

We have audited the financial statements of the Town of Bucksport, Maine as of and for the year ended June 30, 2008, and have issued our report thereon dated July 25, 2008.

We have also audited the Town of Bucksport, Maine's compliance with the specific requirements identified in the Contract Compliance Riders of the Town's agreements with the State of Maine that are applicable to each of its major Department agreements, which are identified in the accompanying Schedule of Agreement Operations, for the year ended June 30, 2008. The management of the Town of Bucksport, Maine is responsible for the Town's compliance with those requirements. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Maine Uniform Accounting and Auditing Practices for Community Agencies (1996 Revision). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the Town of Bucksport, Maine's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the Town of Bucksport, Maine complied, in all material respects, with the specific requirements referred to in the second paragraph that are applicable to each of its major Department agreements, for the year ended June 30, 2008.

This report is intended solely for the information and use of the Town Council and management of the Town of Bucksport, Maine and the Department and should not be used for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE REQUIREMENTS

July 25, 2008

Town Council
Town of Bucksport
Bucksport, Maine

We have audited the financial statements of the Town of Acton, Maine for the year ended June 30, 2008 and have issued our report thereon dated August 6, 2008. Our audit was made in accordance with auditing standards generally accepted in the United States of America and applicable state and federal laws relating to financial and compliance audits and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In connection with our audit, we reviewed the budgetary controls that are in place, and have reviewed the annual financial report that was submitted to the Department for accuracy. In addition we have reviewed quarterly EF-U-415 reports for the year ended June 30, 2008 and the Town's compliance with applicable provisions of the Maine Finance Act as noted under MRSA Title 20A, section 6051 as we considered necessary in obtaining our understanding.

The results of our procedures indicate that with respect to the items tested, the Town of Acton, Maine, complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town of Acton, Maine was in noncompliance with, or in violation of, those provisions.

Management has determined that adjustments were necessary to the fiscal books of the Town and have attached the following schedule as it relates to the reconciliation of audit adjustments to the initial annual financial data submitted to the MEDMS financial system maintained at the Town.

This report is intended solely for the information of the Town Council, management and the Department of Education. This report is not intended to be and should not be used by anyone other than the specified parties.
