$4,700 in Alumni Dues Must be Raised by BOOSTER Campaign

BOOSTERS support the General Alumni Association by paying annual alumni dues in one of two amounts, namely, $3 or $10. The $10 payment represents the financial ability of the donor to give greater help as 200 did last year. The territory in which all former students reside is divided into 8 divisions, each with a commander and assistants to voluntarily assist in the collection of dues.

Div. 1—(Maine counties of Aroostook, Penob., Wash., Hancock, Waldo, Piscat., & Somerset)

Div. 3—(Mass., Vt., R. I., & N. H.)

Div. 4—(Conn., N. Y., Pa., Md., D. C., Miss., Ala., Tenn., Ky., Ga., Fla., S. C., N. C., Va., W. Va., Del., & N. J.)

Div. 5—(Ill., Ind., Mich., Ohio & Wisconsin)

Div. 6—(La., Ark., Mo., Iowa, Minn., N. D., S. D., Neb., Kans., Okla., Texas, N. M., Cal., Wash., & Oregon)

Div. 8—(Canada, foreign possessions, & foreign countries)

Percentage of Quota Raised to Jan. 21, 1922

The Money Is Spent

To employ an Executive Alumni Secretary who devotes his full time to the interests of the graduates and former students.

To publish the MAINE ALUMNUS, the graduate publication issued bi-monthly — now in the third year of its existence.

To compile the Alumni Directory.

To plan and execute Alumni Day at Commencement.

To promote and assist class reunions.

To plan and execute the annual Maine Night Celebrations.

To provide Moving Pictures with views of the various alumni and undergraduate activities.

To assist class secretaries.

To form local associations (twenty formed in last two years).

To maintain an accurate address list of the 5000 former Maine students.

To compile War Records.

To aid all former students to find satisfactory employment.

To educate the undergraduates in the true fundamentals of loyalty to Maine ideals and customs.

To counsel the undergraduates in their various student activities.

To prepare and maintain statistics on University affairs.

To assist in educating the people of Maine in the achievements of the State University.

To be ready at all times to swing the power of the alumni body as a whole, or as local units, for the good of the University.

Memorial to Andrews Formally Dedicated

In December, 1919, the announcement was made of the naming of a square in Portland in honor of Sergeant Harold Taylor Andrews '18 the first Portland boy to be killed in the World War. The formal dedication took place December 15 with appropriate exercises when the Rotary Club presented the city with a bronze memorial tablet. Fully 2000 people braved a biting wind to witness the exercises.

Guests of honor at the exercises included Mrs. Amelia F. McCudden, British War Mother, whose husband and three sons were killed in France, Mrs. Edwina A. McKenney of Bangor, Maine's Gold Star Mother, Maj. General John Archer Lejeune, famous commander of the U. S. Marine corps and hero of Chateau Thierry, and Adjutant General John A. Hadley of Maine, himself a veteran of the World War.

Outstandingly impressive features of the exercises, which were simple in character, were the placing of a British wreath upon the bronze memorial tablet by Mrs. McCudden; the placing of a cluster of roses upon it from Maine's Gold Star Mother, whose son was the first Bangor boy to yield up his life in France; and the raising of the Stars and Stripes above it by William Wallace Andrews, father of Portland's most honored son.

The speakers were the president of the Portland Rotary Club who presented the tablet to the city; Mayor Carroll S. Chaplin, '04, who received the memorial for the city; Lieut. F. J. Kersley of the British army; Col. Geo. E. Fogg representing the American Legion, Adjutant General John A. Hadley of Maine, himself a veteran of the World War.

Washington Tragedy Claims Maine Victim

Among the victims of the Washington theatre tragedy was a former student of the University, Clarence B. Stephenson of the class of 1919.

The Portland Express says:

"The only Portland death, so far as has been reported, in the Knickerbocker Theatre horror in Washington Saturday night, is that of Clarence B. Stephenson, only son of Mr. and Mrs. James E. Stephenson of 7 Grassmere road. Mr. and Mrs. Stephenson were notified of the tragedy Sunday morning and left for Washington later in the day to bring the body of their son to Portland for burial.

"Young Stephenson was born in Portland 25 years ago and was a graduate of Portland High. At the conclusion of his preliminary education he entered University of Maine, but at the outbreak of the World War he left college and enlisted in the Navy. Serving during the years of the war he was rapidly promoted and at the end of hostilities held the commission of lieutenant upon his discharge two years ago.

"Following his discharge from the Navy he entered Harvard and received his degree last June, immediately entering government service in the Department of the Interior, where he has been doing foreign and domestic research work.

"Besides his parents young Stephenson is survived by a sister Esther, a student at Radcliffe, who has been called to her home here by the death of her brother."

Stephenson attended the University from 1915 to 1917 and was a member of the Beta Theta Pi fraternity.

THE NEW LIBRARY BUILDING OF THE UNIVERSITY OF LOUVAIN

The new library building of the University of Louvain will be much larger and more costly than the one destroyed by the Germans. The building is the gift of contributors in the United States and the books will be presented by people of all countries. The building will shelter more than one million volumes when completed.

Smiths Lead the Browns

It is a safe bet that out of the next 50 alumni or former students that you meet at least one will bear the good old name of Smith or Brown. In the next 50 will be a Merrill, Davis, Jones, Libby, Sawyer, Clark, Johnson, Hall, Adams, Stevens, and a Williams thrown in for good measure. All this is revealed by a study of the 1921 Alumni and Non-Graduate Directory just off the press.

The Smiths and Browns are having their age-long struggle for numerical supremacy, and so far as our directory goes the Smiths are two to the good. Read the following list and determine if your family name appears more than 10 times among the 5502 men and women who have attended the college.

If you have read this far you have covered 84 family names which are affixed to 1566 individuals. Two hundred and twenty-three of the remaining names distributed among 1409 individuals appear from five to ten times. If your name appears among the 1409 remaining you can assume that there are few individuals who can be confused with you.

Beauty enduring for eight thousand years on the face of a girl is a remarkable feature of a mummy that has been brought to London from Egypt and is now in the Egyptology section of the University College.

Dishonest beggars, seeking to excite public sympathy, have developed a "shell-shock school" in Berlin. Graduates have learned the technique of shaking as if suffering from chronic ague. They mimic men who really have been hurt and cheat them out of the sympathy which they deserve.
Education Work Lauded

A recent issue of the Journal of Education, under the title of "‘Who’s Who’ and What They Do," lays special emphasis upon the work of Prof. Luther J. Pollard, head of the Department of Education. Prof. Pollard is rounding out his second year’s duties. The article reads:

"L. J. POLLARD, Orono, University of Maine, is demonstrating exceptional efficiency as head of the Department of Education. He is making the State University the Teachers’ College of Maine. He is doing real graduate work so that a master’s degree in education there will represent as good scholarship as from any university, and he has already put on genuine extension work in Bangor, Portland and Rumford, work of first-class university character. Already more than one hundred teachers in service are doing good university work with Superintendent Morrill in Bangor, Superintendent Fuller in Portland, and Superintendent Carter in Rumford, conducting the classes Pollard is functioning admirably. He came from Lombard College, Galesburg, Illinois, where he was in the faculty five years."

Prominent Alumnus Heads Expedition

The news has just reached the campus that Dr. Oliver C. Farrington ’81 is to head one of six scientific research expeditions to be sent out by the Field Museum of Natural History within the next five years. Dr. Farrington is curator of geology at the Chicago Field Museum. His expedition is sent out by the department of geology and will proceed to the gem-producing localities of Brazil. One of the objects of this expedition is to secure a full series of minerals associated with the diamond.

Two later expeditions under Dr. Farrington’s direction will visit the important gold and iron mining districts of Brazil and Bolivia. The latter expedition will also take specimens from the important nitrate and vanadium deposits of Chile.

Where to find housing accommodations for co-eds is a problem which confronts the Board of Administration of several state colleges. Michigan Agricultural College will allow no girls from the local towns of Lansing or East Lansing to reside in the women’s dormitories.

Alumni Representative To Board of Trustees

Our individual attainments generally fit us for the service to our fellow men along more or less restricted lines of endeavor. Occasionally one among us is blessed with the type of mind which adapts itself to almost any service. Such a man is Hosea B. Buck of the class of 1893. Better known to students and alumni for his enthusiastic and merited services as a member of the Athletic Board for ten years, he has recently come into prominence as the alumni representative to the Board of Trustees of the University. Bringing to this position a broad business experience, he has tactfully and forcefully represented the alumni point of view toward University affairs so that today there exists excellent co-operation between the trustees and alumni.

Hosea Buck was always known as an athletic enthusiast. His election as one of the three alumni members of the Athletic Board by the General Alumni Association in June, 1909, was the first recognition of his enthusiasm. He served until the spring of 1919 and from 1915 to 1919 was four times elected chairman of the board. This year when the Athletic Association constitution was amended so that there should be trustee representation upon the Athletic Board his fellow trustees elected him to that position. His experience is proving invaluable in the athletic reorganization problems which are confronting the board.

Hosea’s candidacy for the vacancy to the Board of Trustees caused by the sudden death of the late Charles E. Ouk ’76, April 19, 1921, who for a year had been the Alumni representative, was announced at the meeting of the Alumni Council at Portland May 7, a year ago. At this meeting he was declared the unanimous choice of the Council for the position.

The General Alumni Association at the annual meeting June 4th confirmed his nomination, recommended him to the governor, who in turn appointed him trustee on June 17. His ability and activity is recognized by the fact that he is serving as a member of four trustee committees, namely, Executive, Honorary Degrees, Campus Planning and Conference. By virtue of his trusteeship he is also a member of the Alumni Council.

Hosea holds the B. C. E. degree as a civil engineering graduate in 1893, and the C. E. degree, granted in 1898. He is a member of the Phi Gamma Delta fraternity and has always been closely identified with his fraternity interests. He was born and brought up under the shadow of the University campus at Upper Stillwater.

Since his graduation he has been active in the timberland business and after being connected for a number of years with Coe and Pingree, timberland owners, he has become manager of timberlands for the David Pingree estate with offices at 1 Columbia Building, Bangor. Mr. Buck’s name has been connected with many business and philanthropic enterprises. He is married, has two step-daughters and owns a magnificent home at 466 State street, Bangor.

Gift of Books

A gift of 200 books, mainly on chemistry and allied subjects, has been received at the University Library from Mrs. B. V. Searle of East Dedham, Mass. The books were the property of her son, Irving K. Searle, a former student in the class of 1915 who attended the University for two years, later graduating from Harvard in 1915, and who died December 9, 1918.

The books are well chosen and in good condition. Many of them will make a welcome supplement to the University collection.

The lowly corncob can be made into many useful articles, due to a set of discoveries made in the Bureau of Chemistry of the Department of Agriculture. After a high-grade adhesive is removed, pure cellulose, a very good quality of paper and valuable lime products are recovered from the residue.
Basketball Team Winning Games

Defeats New Hampshire and Boston College Teams. Steady Improvement Over Last Year. Freshman Team Wins Six Straight.

THE SCORES TO DATE
Maine 28—Portland A. C. 29
Maine 19—Holy Cross 48
Maine 26—Portland A. C. 22
Maine 24—Bates 18
Maine 34—New Hampshire 31
Maine 18—Bates 31
Maine 49—Boston College 29

The success of the present Maine basketball season has given a merited impetus to the game restored last winter as an indoor varsity sport. Howard W. Flack, in addition to his track coaching, is handling the varsity basketball five. He’s a busy man, too, and is getting results in both sports. Four victories out of the seven games played in the first half of the schedule is the story to date. Two of the victories were over the strong New Hampshire and Boston College fives, both rated among the leaders in New England basketball. The Holy Cross defeat was the only severe setback. Over-confidence probably accounted for the defeat by Bates during the final week.

Three veterans of last year’s team are again playing—Capt. Melvin J. Holmes ’23 of Ocean Grove, N. J., at forward; Eric O. Berg ’24 of Rangeley at back; and Henry F. Turner ’22 of Casco at back. Noyes ’25 and Newell ’24 are the newcomers to the varsity five.

The P. A. C. game at Portland, December 15, was the first of the season. Victory came to the club outfit late in the 40-minute contest, 29 to 28. Our team was in the making. Berg shot 12 fouls out of the 25.

Holy Cross garnering 21 field goals and six fouls at Worcester, December 16. Holy Cross possesses one of the strongest college teams of the country and our team did well to hold them to a 48 to 19 score.

Win Snow, the former Dartmouth football and basketball star, headed the P. A. C. outfit in the return game at Orono, January 7, by shooting six straight goals. P. A. C. led the first period 14 to 13, but Maine doubled the score in the last half, winning out 26 to 22. The first Bates game at Lewiston was a 28-18 win for our varsity. Berg’s dribbling was the feature.

Few basketball games could be more thrilling than the New Hampshire contest, January 13, in Alumni Hall. Maine won in a driving finish 34 to 31 after the score had been tied and retied. Although Capt. Holmes and Berg caged five baskets apiece, their playing featured the game no more than that of their team-mates. Holmes in the early part of the game caged some clever shots, then Berg found the basket with some long shots, and in the closing minutes Newell slipped by the New Hampshire defense for a couple of pretty ones. Capt. Perry and MacKinley for the visitors were the point-winners.

The January 21 game with Bates at Orono came in the final week. The contest showed the effects of the scholastic strain under which the Maine five labored—this coupled with over-confidence gave Bates a 31 to 18 win in a poorly played game.

A year ago Boston College outpointed Maine at the Bangor City Hall. January 28 this year the result was reversed before 1000 basketball fans. 49 to 29 was the correct score and not 46 to 29 as announced in the press. Newell was the particular star of the game, caging eight field goals. The defensive work of Turner and the dribbling and shooting of Berg were features of the game. The first half was nip and tuck with Maine leading at the end 18 to 16. In the second half the Maine machine got into working order. In the last few minutes five varsity subs got into the game.

The freshman team has played previous to each varsity home game and won all six games, defeating Mattawcook Academy 37 to 27, Brewer High 38 to 22, Newport High 56 to 22, Higgins Classical Institute 26 to 18, Old Town High 60 to 11, and E. M. C. S. 40 to 13.

Lunge Football Captain
Raymond F. Lunge ’24 of Kennebunk is the captain-elect of the football team for next fall. His election took place at the December meeting of the Penobscot Valley Alumni Association at Bangor. He played guard on the championship team of 1919 and tackle this last season. His preparatory school training was secured at Kennebunk High School and Hebron Academy. He is a member of the Sigma Nu fraternity.

Baseball is displacing the wrestling game as Japan’s national sport. Japanese baseball fans are always silent during the game. A home run on the third strike with the bases full—and the fans merely smile and nod their heads.

Two out of every three persons in the world are unable to read and write, and one billion of the billion six hundred million persons in the world are non-Christians.
S. A. T. C. Appreciated

Appreciation for the work of the University of Maine in establishing and maintaining a Student Army Training Corps during the World War is evidenced by an engraved certificate recently received from the War department. It reads:

THE UNITED STATES OF AMERICA

To all who shall see these presents, greeting.

This is to certify that THE UNIVERSITY OF MAINEx, in a spirit of patriotism and of devotion to country rendered efficient and loyal service in connection with THE WORLD WAR through the establishment and operation at that institution of a unit of THE STUDENTS' ARMY TRAINING CORPS.

Given at the War Department, District of Columbia, this twenty-second day of November, one thousand nine hundred and twenty-one.

The Adjutant General's Office

P. C. HARRIS,
The Adjutant

J. W. WAINWRIGHT,
The Assistant Secretary of War.

Scholastic Standing

Registrar Gannett's report of the scholastic standing of the various university organizations for last spring is most interesting. On a maximum basis of 4 points the University average was 1.989. The average of all sorority girls was 2.525, that of all women 2.434, and non-sorority girls 2.299. Significant discou&roperties are that the average of all women and each of the individual sororities was above the average of all men, average of the 14 fraternities and average of the highest fraternity. Phi Epsilon Pi, the Jewish fraternity, led the other fraternities with 2.220.

The averages indicated in tabular form are:

<table>

Phi Gam Endowments
Set Worthy Example

Editor's Note:—From time to time special articles concerning some phase of University of Maine life will be featured in this paper. The following is adapted from an article prepared for the Phi Gamma Delta Fraternity magazine by Charles C. Garland '82.

"That there is need to improve the scholastic standing in nearly all college fraternities is well understood by those who have investigated the situation. When so much is being written and discussed in fraternity circles regarding scholarship standing of the undergraduate, it may be of interest to know what is taking place at the University of Maine chapter of Phi Gamma Delta. An advance step has been taken by some of Maine's alumni brothers and they have clearly blazed the trail for brothers of other chapters to follow.

"Hosea Buck '93 of Bangor, being much interested in his Alma Mater and his fraternity, and desiring to perpetuate the memory of his deceased only son, Donald Coe Buck, whom he had hoped might grow to manhood, decided in 1919 to endow his chapter with two scholarships of $100 each in perpetuity. This he did and these became operative and were awarded at the 1920 Commencement.

"This worthy example set by Mr. Buck so impressed several other alumni of the same fraternity chapter who wished to help deserving students that they decided to duplicate his endowment. This second endowment was made jointly by Charles W. Mullen '83, and his two sons—Charles E. Mullen '17, and Joseph N. Mullen '18. A sum of money, the income of which will produce $200 per annum, has been placed in trust by each of the donors, making a total annual income of $400, or four scholarships of $100 each. In addition to the two endowments the donors have had two rooms in the fraternity house thoroughly repaired and completely and newly furnished at their expense. One room is known as the "Donald Coe Buck" room and the other as the "Mullen" room.

"The award is made to deserving men in the chapter, who are earning at least part of their college expenses, maintaining high scholarship and who are doing the most for their fraternity and the University. The entire chapter must attain high average rank before any award can be made. It is believed that the effect of these endowments will be far reaching for good among college fraternities."

Engineering Corporation
Employs Many Maine Men

That the technical training given at the University of Maine has received special recognition is evidenced by the number of Maine graduates which the Stone & Webster Corporation has employed and retained in its very particular and exacting service. Approximately 35 are now in their employ. With the possible exception of the Massachusetts Institute of Technology there are in the Stone & Webster organization more graduates of the University of Maine than of any other technical college.

Prominent among them are: W. N. Patten of the class of '91, senior construction manager; H. C. Foss '05, district manager in the southeastern section of the United States; H. G. Philbrook '09, vice president and general manager of the Connecticut Valley Lumber Co., vice president and general manager of Connecticut Valley Logging and Driving Co., president of Grafton-Caledonian Power Company, which are Stone & Webster properties in New Hampshire; G. A. deHaseth '95, manager of the Electric Co., in Fonce, Porto Rico; Jefferson Alexander '96, manager of the Keokuk Electric Co.; E. L. Milliken '08, assistant manager of the Blackstone Valley Gas & Electric Co.; W. H. Burke '06, assistant to division manager of southwestern properties in the United States; B. M. Cowan '05, F. E. Learned '05, and F. D. Knight '09, senior construction superintendents.

An Error

The 1921 Alumni and Non-Graduate Directory indicated that Oscar M. Bixby, 1901, is deceased. A communication from his brother, John H. Bixby, 1901, states that this is an error, Mr. Bixby being alive and employed in the Electrical Engineering Department of the New York Central Railroad and residing at Hartford Place, Tarrytown, N. Y.
The Maine Alumnus

Application for entry as second class mail has been made at the Augusta, Maine, Post Office.

Editorial

Little publicity has been given to the preparations which the 50th Anniversary committee is daily making for the pageant to be produced during the 1922 Alumni Day festivities. It was hoped to have definite announcements ready for publication at this time but unavoidable delay prevented. That the pageant is to be no ordinary affair, and that the celebration to be participated in by all who return will be noteworthy as a fiftieth anniversary of a truly memorable occasion, namely, the graduation of the pioneer class of the old Maine State College, cannot be too strongly emphasized.

The pageant is to be directed by Mrs. Ralph K. Jones, who has volunteered her services gratis to assist in visualizing the true historical epochs in the 54 years which have elapsed since the first class appeared at the White and Frost farms, newly designated as the “campus.” The services of no better person for the producing of the pageant could be enlisted, because Mrs. Jones brings not only experience in such productions, but the accumulation of years of intimate knowledge of the life of the University. The spirit of Maine should receive intelligent treatment at her hands.

Forty loyal alumni have been asked to underwrite the expense of producing and advertising the pageant in the event that gate receipts do not meet expectations. A $2000 fund by this means has been instituted and the financial security of the production is thereby guaranteed.

Although the episodes of the pageant will present historical fact, there will be interwoven, by use of allegory and symbolism, the ideas which old Senator Morrill incorporated in his act of Congress and which permeated the decision of the far-sighted men in the State of Maine to establish a separate college for the advancement of agriculture and the mechanic arts under the provisions of the act of Congress. By the same means the traditions of Maine will be interpreted.

The nucleus of the anniversary celebration will be the pageant, yet supporting it will be a series of interesting events which will mark the occasion as the greatest alumni and former student gathering in the history of the college. Make your plans to attend, for if you witness the pageant you will be able to visualize the history of your college as you never can by word interpretation.

Reward

THE MAINE ALUMNUS is glad to print the article adapted from Charles C. Garland’s account of the Phi Gamma Delta scholarships which have been founded by Hosea B. Buck '93 and Charles W. Mullen '83 and his two sons. Commendable efforts of this kind should receive the light of public approval. Their action, although not the only example of loyalty in the Phi Gamma Delta or in many other of the fraternity chapters on the campus, clearly points the way for the worthy use of financial assistance to deserving undergraduates. One would almost expect Hosea’s endowment, in the light of his deep interest in athletics, to have been donated for the purpose of assisting some needy and worth-while athlete to continue his college education. But no, Mr. Buck visualized the greater object of granting recognition to the student of a preferred group (a fraternity which must attain “high average rank” before any award can be made) who must be maintaining high scholarship and taking an active part in the life of the University. Both of these endowments reward the all-round effort of a needy student. Your editor wishes to commend the idea behind the gifts and to urge all fraternity organizations to analyze well the qualifications for reward which their endowments or scholarships are demanding. In fact, an admirable opportunity would be taken advantage of if a committee of the General Alumni Association were to be appointed to study the question of endowments, scholarships and loan funds in its entirety and determine upon what features these financial aids were placing the emphasis. The study, if not fruitful in producing a change, would be highly illuminating.

Your Boy or Girl at Maine

It must be a matter of pride and pleasure to have the opportunity to secure a college education within the classic portals of the college where dad or mother walked the halls or strolled the campus. This privilege has come to thirteen of the present students. To the dad or mother must come a host of sacred memories of joys and trials, hopes and achievements, successes and failures, all having to do with their undergraduate days. If the writer were a father he would glory in the sending back to Alma Mater of a son or daughter. Significant is the fact that over half of the sons and daughters are enrolled in the freshman class. Old Maine is a pretty good place to send the boy or girl after all.

Fun and Fiction

A serious attempt is under way at the University to establish two student publications, namely, the Maine Spring and the Mainiac, the former representing the literary talent of the students in poem, essay and fiction, and the latter the accumulated humor which makes a hearty laugh so enjoyable.

The Maine Spring is in its second year of existence. Two attractive numbers have been published during the present college year.

The Mainiac was founded last year and presented two funny numbers. Rather than to produce the first numbers this year early in the fall semester, the management deemed it wise to postpone these issues until the financial security of the magazine was firmly established. This the editorial board has done and the first number will appear during the present month.

The number of alumni subscriptions has been gratifying—showing that the alumni belief in a publication of this sort is widespread.

Every encouragement should be offered to those who are working in the interests of these publications.

Once well supported, a hitherto undeveloped student activity will please alumni and friends alike.

Jan-Feb. 1922
Mr. Stevenson was born in West Montville, the only son of Mr. and Mrs. Charles B. Stevenson. His mother died in his infancy and his father survives him. Mr. Stevenson was a member of the Montville Baptist church, founded by his grandfather, Rev. Wm. Stanley Stevenson, for whom he was named.

The funeral was held at Columbia Street Baptist church, Bangor, and the body was under military guard until his comrades of the Charles A. Rice Post, No. 558, Veterans of Foreign Wars, conducted a military funeral at Mt. Hope cemetery. A fully military escort headed by the University band marched with the body to the cemetery.

Square Named for Clarence M. Cutler

Medfield, Mass.
Dec. 13th, 1921

Editor The Maine Alumnus

Dear Sir:—

Your paper "The Maine Alumnus" addressed to C. M. Cutler came a few days ago and I noticed you were starting a "Booster Campaign," and wanted all former Maine men to contribute Mr. Cutler who was my brother-in-law was killed in an airplane accident at Coblenz, Germany, on January 28th, '21.

He was a 2nd Lieutenant in the United States Air Service and was stationed at various fields throughout the West training men for pilots. Sometime in August 1920 he was ordered to Coblenz, Germany, and remained there until his fatal accident.

We had his remains shipped home here, and the Legion Post No. 110 held a military funeral.

The people of the town of Medfield voted at a special meeting to name the town square for him, so late this fall it was dedicated "Clarence M. Cutler Square."

I thought I would send you this information so you wouldn't get the impression that he had forgotten his college days.

As I happen to know his one ambition was to educate himself, but he sacrificed his own education that his two brothers and three sisters might complete their courses.

Only two weeks ago Mr. Stevenson had finished the students' engineering course conducted by the company and was transferred to the 26th Division. He served most of his time in the 101st Trench Mortar Battery.

Mr. Stevenson served as ammunition clerk and telephone operator in the front line trenches. His work called for great personal danger as he installed telephone sets. He was in 11 big battles of the war and was gassed frequently. At one time his battery was in sight of the Germans at Apremont, and during the engagement lost half of the men.

At one time Mr. Stevenson and another man installed a telephone power station in a dugout, a noteworthy achievement.

While at the University, Mr. Stevenson was ranked as one of the best students in his course, that of electrical engineering. He attained a degree of bachelor of science. Both at the University and everywhere else that he was known he was highly respected for his modesty and sterling character.

After their marriage, Sept. 26, Mr. and Mrs. Stevenson took up their home in Wilkinsburg, Pa., where they soon made many friends. Mr. Stevenson was employed by the Westinghouse Company of Pittsburgh as a drafting electrical engineer and had been promoted several times, because of his general efficiency and thorough knowledge of his work.

From his sophomore year at the University he enlisted in the First Maine Heavy artillery and was transferred to the 26th Division. He served most of his time in the 101st Trench Mortar Battery.

During his sophomore year at the University he enlisted in the First Maine Heavy artillery and was transferred to the 26th Division. He served most of his time in the 101st Trench Mortar Battery.

Campus News

Editor's Note—In this and all subsequent issues this column will briefly feature the news of the campus which is of interest to the former student body.

The Winter Carnival and a discussion of final week are the principal topics of conversation on the campus today. The carnival is fathered by the Intra-Mural A. A. and apparently supported by the whole student body. February 9, 10 and 11 are the dates set for the affair. Fourteen snowshoe and ski events, hockey and skating on the newly constructed rink on Alumni Field, and the usual indoor social events will feature the affair. Oh yes, the faculty has declared Friday the 10th a holiday.

A fund of $400 has been raised for the erection of the memorial tablet to be placed within the Memorial Building whenever the alumni and friends of the University shall deem it wise to erect such a memorial. All this is the profit made by the ever-active Charles A. Rice Post, No. 558, Veterans of Foreign Wars, and R. O. T. C. unit in staging a successful Country Circus in December.

The second annual interscholastic basketball tournament to decide the state championship is to be held on the campus March 9, 10 and 11.

St. Mary's College and Coburn Classical were the winners of the two classes a year ago.

Henry D. Small '24 and Ishmeal McKechnie '23, half and end, were respectively lauded as all-Maine college timber by the after-season vote of the four Maine college captains.

The co-eds have been granted the privilege of winning an "M," an Old English one in this case, for meeting certain requirements as members of the girls' varsity basketball team. A four-game varsity schedule for this sport will keep the co-ed athletes busy.

The Maine "Hello," an undergraduate custom of merit, has been adopted at Butler College, Indianapolis. The transplanter of the "Hello" is Dr. Robert J. Aley, late President of the University.

The Eastern newspapers have featured the adopted baby now a resident at the Home Economics practice house and living in the practice house a portion of the college year and taking turns in caring for the baby and doing the housework.

The Maine "Hello," an undergraduate custom of merit, has been adopted at Butler College, Indianapolis. The transplanter of the "Hello" is Dr. Robert J. Aley, late President of the University.

The appearance of Volume Two of the Maine Spring indicates that the student and faculty members of the 'Contributors' Club have at last produced successfully a literary magazine of quality. The Christmas number is interesting and should be appreciated by the alumnus who enjoys short stories, poems, humorous sketches and essays.

Report of Grand Stand Co.

The last report of the Grand Stand Corporation submitted by Treasurer Hosea B. Buck is as follows:

FINANCIAL STATEMENT
U. of M. Grand Stand Company
For Fiscal Year Ended May 31st 1921

ASSETS

Cash on hand, $301.78

LIABILITIES

Capital Stock, $3.00

STATEMENT SHOWING RECEIPTS AND EXPENDITURES JUNE 1, 1920 TO MAY 31, 1921, INCLUSIVE RECEIPTS

1920,
June 1, Cash on hand, in Old Town Trust Co. $94.53
Oct. 16 Received from Athletic Association, admissions to Grand Stand, at football games in fall of 1920, Ft. McKinley and Boston University games. $686.00
Dec. 15th. Received 27.25 from ditto:
Bates game 192.25
Colby game. 402.50
New Hampshire State game 64.00

1921,
May 3, Received of Edgar R. Ward, in payment of his note dated May 1, 1917, on four years, $200.00
Received of Edgar R. Ward in payment of one year's interest on above note, 6% 12.00

Total, $1,336.28

EXPENDITURES

1920,
July 2, Paid Old Town Trust Company, interest on $2100.00, outstanding notes, 6 months to July 1st, 1920, 6% $63.00
Paid ditto, on account of notes. 200.00
Sept. 11, Paid State Franchise tax for 1920. 5.00
Jan. 1, Paid Old Town Trust Company, interest on $1900.00, outstanding notes, 6 months to Jan. 1, 1921, at 6% 66.50
Jan. 24, Paid Old Town Trust Company on account of outstanding notes. 700.00
May 31, Cash on hand, in Old Town Trust Company, 301.78

Total, $1,336.28
The following officers were recently reported to the Alumni Office. Their election took place at a meeting held May 28, 1921.

President, William A. Bearce '06; vice president, Clifton E. Chandler '13; secretary and treasurer, Clifford P. Larrabee '19; and executive committee, the above officers and Lore A. Rogers '96 and Maj. Sumner P. Waite '11.

White Mountain

Association meeting held December 30, at Berlin, N. H., for the transaction of business. Officers elected were: Daniel W. MacLean '09, president; Herbert S. Gregory ex-'04, vice president; Walter W. Webber '16, secretary, and John E. Goodwin '19, treasurer.

The next meeting will be held February 16 at the Y. M. C. A., with speakers from the University.

Oxford County

October 8 the second annual banquet was held at the Bethel Inn, Bethel, where a regular good time was enjoyed by an enthusiastic delegation. Aiden Chase '13 led the singing of Maine songs and Charles R. Atwood '14 presided. Among the out-of-town guests was Addison R. Saunders '87 of Lawrence, Mass., a former Oxford County boy. At the business meeting the following officers were elected: President, Carl C. Dudley ex-'02; vice president, Judge James B. Stevenson ex-L. '00; secretary and treasurer, Peter M. McDonald ex-L. '13; and executive committee, the above officers and P. Edward McCarthy '02 and Charles R. Atwood '14. William J. Flanagan ex-'17 was elected athletic officer. The time after the meeting was spent in telling stories and anecdotes of old college days and singing the old songs. The next meeting will be called some time in June at either South Paris or Norway.

Penobscot Valley

The Chamber of Commerce housed the Penobscot Valley alumni group Thursday evening, December 15, at which time the letter men on the New England championship cross-country team and the football team were the invited guests. An excellent banquet was served. Phil R. Hussey '12, vice president of the association, presided.

The speakers were Capt.-elect Clyde A. McKeeman '23 of the cross-country team, Capt. Newman Young '22 of the football team, Lloyd Houghton '12, captain of the first cross-country team, Graduate Manager Bryant ex-15, Trustee Hosea B. Buck '93 and Frank Fellows ex-12. Just previous to the meeting the football letter men elected Raymond F. Lunge '24 of Kennebunk captain for 1922. Seventy-two was the attendance.

The University of Oklahoma has made a ruling that no student shall be permitted to maintain an automobile. Possession of motor cars by students, it is explained, is "detrimental to the individual student and to the best interests of the university."

To soothe the Harvard undergraduate who is nervous over the approaching examinations, music in ten-minute doses is to be provided each morning in the university chapel. The choirmaster has made the announcement that a program of light classical selections is to be offered.

Girls who plan on entering the fashionable Wellesley college preparatory school, Dana Hall, must pledge themselves to wear evening gowns with long sleeves and dresses reaching to the ankles, according to new rules recently issued.
**Alumni Personals**

**Marriages**

'11—Sidney M. Jones and Miss Blanche H. Farnham December 3 at St. John, N. B. They are residing in the Earl Apartments, Lancaster Heights, St. John.

Ex '16—Daniel E. Higgins and Miss Gertrude Cox, December 25 at Washington, D. C.

Ex '16—Dr. David G. Ljungberg and Miss Florence Farnham December 10 at Moscow.

'18—Weston S. Evans and Miss Doris E. Gray June 16, 1921 at Bangor. They are residing at 14 Beaconfield Apartments, Nashua, N. H.

Ex '16—Daniel E. Higgins and Miss Gertrude Cox, December 25 at Washington, D. C.

Ex '16—Dr. David G. Ljungberg and Miss Florence Farnham December 10 at Moscow.

'18—Weston S. Evans and Miss Doris E. Gray June 16, 1921 at Bangor. They are residing at 14 Beaconfield Apartments, Nashua, N. H.

**Births**

Ex '01 and '16—A son, John Pickering, to Mr. and Mrs. Frank Benson (nee Grace Sawyer) July 31, 1921.

'11—A daughter, Mary Louise, to Donald F. Oak and Mrs. Oak, December 3 at Tulsa, Okla.

'11 s. c.—A son, Shirley, to Seavey A. Piper and Mrs. Piper, December 19 at Troy. Weight 6 lbs.

'13—A daughter, Ellen Louise, to Guy V. Dyer and Mrs. Dyer, December 11, at Hartford, Conn.

Ex '15—A daughter, Hope, to Robert H. Bryant and Mrs. Bryant, January 18 at Biddeford. Weight 7 lbs.

'16—A son, Eustace Foster, to Mr. and Mrs. E. S. Merchant (nee Marie Foster) and Dr. Merchant, December 31.

'17—A son, Mahlon Dorrence, to Marshall O. Smith and Mrs. Smith, December 29 at Niagara Falls, N. Y. Weight 7 lbs.

'13—A daughter, Ellen Louise, to Guy V. Dyer and Mrs. Dyer, December 11, at Hartford, Conn.

Ex '15—A daughter, Hope, to Robert H. Bryant and Mrs. Bryant, January 18 at Biddeford. Weight 7 lbs.

'16—A son, Eustace Foster, to Mrs. E. S. Merchant (nee Marie Foster) and Dr. Merchant, December 31.

'17—A son, Mahlon Dorrence, to Marshall O. Smith and Mrs. Smith, December 29 at Niagara Falls, N. Y. Weight 7 lbs.

'19—A son, George Allen, to Clifford F. Larrabee and Mrs. Larrabee, August 13 at Old Town, Me.

**Deaths**

Ex '85—Willard A. Libby June 21, 1921 at Durango, Colo. of septicaemia.

'03—Cleora M. Carr December 23 at Old Town.

Ex '13—William E. Sansouci November 27 at Southbridge, Mass.

Ex '19—Clarence B. Stephenson January 28 at the Knickerbocker Theatre, Washington, D. C.

'21—W. Stanley Stevenson January 22 at Wilkinsburg, Pa. as the result of flu.

By Classes

'84—U. S. Senator Edwin F. Ladd of North Dakota delivered the address at the recent installation ceremonies of the Maine Society in Washington, D. C.

'85—The services of George L. Hanscom and Mrs. Hanscom, the former as a lecturer and the latter as an entertainer, have attracted much attention in the public eye. Two of Dr. Hanscom's lectures, "A Mission of Wit and Humor" and "One Hundred Per Cent Manhood" have received most favorable mention. Mrs. Hanscom, who possesses a rich, full soprano voice, presents in her public appearances a varied and attractive program of solos, folk-songs, pianoludes and monologues. They maintain their residence at New Castle, N. H. where Mr. Hanscom is pastor of the Congregational Church.

Ex '98—Humphrey E. Despeaux, although listed in the Alumni Directory as residing at Brunswick where it is known that he was in the commission produce business is reported to have removed to Bath in the employ of the Texas Steamship Co.

'98—Ray P. Stevens is president of the Pennsylvania Ohio Electric Co. at 90 Broadway, N. Y.

'99—Charles E. Blackwell is following the pursuits of a farmer. A recent letter from him to Class Secretary Grover brings to light the fact that he has a family of one boy and three girls. An excerpt from his letter reads: "I am a farmer. This year my harvest was 11 cars of oranges and four cars of lemons. The only electrical work I do is repair my electrical appliances, viz., flat iron, sticker, stove, pump motor and the ignition on my auto and tractor—not very much of a job for a U. S. M. electrical engineer; but then, I am more of a success at citrus farming than determining A. C. curves."

'02—Harry E. Duren of Fall River has been elected manager of the Greenfield Electric Light & Power Co. After graduation he located with the General Electric Co. at Schenectady. He was for two years with the engineering department of the same company at their San Francisco office, and from 1910 to 1913 he was located in the Pacific Northwest, being engaged in electrical engineering in Portland, Ore., and Seattle, Wash.

In 1913 Mr. Duren returned East and since that time has been employed by various public utilities on special power engineering work. He acted as power engineer for the Turiners Electric Co., during the period from 1917 to 1919, with headquarters at their Springfield office, and for the past two years has been associated with the Fall River Electric Light Co. at Fall River.

Mr. Duren is married and has purchased a home from the Greenfield Homes Corporation in the High street tract. He has just assumed his active duties in Greenfield. The officials of the company feel that they are fortunate in securing a man of Mr. Duren's ability and breadth of experience, and one who has been recognized by the public in his former positions as an able engineer and capable executive.

L '04—John E. Nelson of Augusta has just announced his candidacy for Congress to succeed Hon. John A. Peters in the event of his expected resignation from the 3rd Congressional District which consists of the counties of Hancock, Waldo, Washington and Somerset. Mr. Nelson is one of two candidates from Augusta. His many friends will boost for him and watch his campaign with interest.

Daniel Chase, supervisor of physical education in the State Department of Education at Albany, N. Y., has written a number of articles illustrating the character of the writer as it was portrayed during his undergraduate days.

09—Mary Ellen Chase in her writings continues to show her intimate understanding of human nature. Her plain homely characters are intensely life-like as she portrays them in "Sure Dwellings" in a recent number of Harper's magazine is illustrative of her writings. Read it if you have the opportunity. Another of her stories is "The Waste of the Ointment" in last July's Pictorial Review.

'11—A recent clipping from the Westbrook column of the Portland Sunday Telegram relates the doings of George A. Phillips as follows:

"George A. Phillips of Sayre, Penn., is not only a Faper City youth, but his charming wife, who was formerly Miss Frances Barrett, daughter of the late Doctor Felix and Mrs. Barrett was one of the most popular young ladies of Westbrook.

Mr. Phillips was born in Boston Sept. 26, 1888, and came to Westbrook when a lad of four years. He was educated in the Westbrook schools, graduating from the Westbrook High, then went to the University of Maine from which he graduated in the class of 1911.

He was especially active in athletic matters, in football, and at Maine, he made the team playing left field in the famous champion team of 1910.

After graduating, young Phillips was employed by the Portland Water District in laying the main from Sebago Lake to Portland.

He went with the Lehigh Valley Railroad in the Spring of 1912 in the engineers' office, and was recently promoted Division Engineer of the Lehigh Valley with 900 miles of track to look after.

Mr. Phillips married Miss Frances Barrett and they have two beautiful daughters, Jane and Margaret.

He is a fine type of young manhood and his many friends of this city look forward to a most successful career for him."

'11—Brad Harvey was sworn in on January 14 as clerk of the central district court at Haverhill, Mass.

'12—William R. Ballou was re-elected councilman from Ward 6 in the Bangor city elections December 12, 1921.

'12—Albert M. Nichols should be addressed at 2111 La Salle Gardens South, Detroit, Mich.

'13—Condolesence and sympathy is extended to Ralph B. "Froggy" Pond over the death of his wife November 10 in a Pittsburgh hospital after a protracted illness.

'13—Nathan H. Small is secretary of the Maine Sardine Canners' Association and can be addressed at Box 6, Eastport.

'13—Lucius R. Bates can be located at the Buena Vista Ranch at Davis, Cal.

Ex '13—Nathaniel S. Fairbrother is assistant superintendent of the Prudential Insurance Co. at Dover.

Ex '13—Albert E. Sampson has been transferred from the Buffalo office of the National Aniline and Chemical Company to the Boston office at 113 High Street.

'14—Oswald B. Higgins is located at 70 Traction Building, Cincinnati, O., as branch manager of the Baldwin Universal Co. freight forwarders.

'15—Harry D. Williams has completed his duties as purchasing agent for the Philadelphia office of the R. H. Beaumont Co., contractors of New York, and is sales engineer in the New York office at 50 Church Street, covering New York City, Connecticut and western Massachusetts.

'15—C. Alden Whitney was the coach of the Rockland High School football team which had a very successful season.

'15 s. c.—Miss Mary Willard visited Orono and the campus the first of December as the guest of Dr. Knox. She is living with her mother and brother on a farm at North Castine.

'15—William H. Mellen can be temporarily addressed at North Canton, O., but retains a permanent address at 372 Crescent Street, Athol, Mass.

'15—Abram I. Schwy is teaching biology and science in the East Hartford, Conn. High School and residing at 47 Ashley Street, Hartford.

'16—Earl O. Blanchet can be addressed at Box 224, Catholic University, Washington, D. C., care of James Mahoney.

Ex '16—Raymond H. Cohoon has left Manchester, N. H., and can be reached at the Y. M. C. A., Beverly, Mass.

'16—Mrs. E. S. D. Merchant (nee Marie Foster) is spending the winter with her parents, Mr. and Mrs. Nathan P. Foster at 60 1/2 E. Morrison Street, Portland, Ore.

'17—Russell S. Greenwood has removed from Skowhegan to Presque Isle.

'17—Royal G. Higgins has taken over the Lawrence and Lowell territory of Jackson & Curtis, bond sellers, of 19 Congress Street, Boston.

'17—Maurice Jacobs is now the executive secretary of the Phi Epsilon Pi fraternity. He can be addressed at 305 S. 56th Street, Philadelphia, Pa.

Ex '17—Thorne H. Johnson is third officer on the S. S. Pawnee, care Standard Oil Company, 26 Broadway, New York City. He returned the last of December from a voyage to France where his ship was laid up in dry dock for three months on her work.

Ex '17—Edward S. Russell is county agent for the Berkshire County Extension Service and is located in the Heward Block at Pittsfield, Mass.

Ex '17—William C. Webster is now acting as superintendent of schools for the district comprising the towns of Farmington, New Vineyard and Temple. His teaching experience covers government service in Porto Rico and in the northern part of Franklin County. He is married but has no children.

Ex '18—Edward A. McLean can be located at the State School of Mines, Rapid City, S. D.

Ex '18—Ernest J. Turner has recently accepted a position with the Western Paper Makers Chemical Company at Kalamazoo, Mich, as chemist in charge of their laboratory. His residence is 942 Osborne Street, Kalamazoo.

Ex '18—Albert W. Wunderlick was a visitor on the campus December 10. He returned to take part in his fraternity initiation. He is married and living at 188 Medford Street, Arlington, Mass.

Ex '18 s. c.—H. Styles Bridges, Hancock County agricultural agent for the past two years has accepted the position of general manager of Thorsen Farms and interests at West Hancock. The farms consist of 1000 acres of land, with all model farm buildings and equipment and one of the finest herds of registered Holstein cattle in New England.

Ex '18—Abraham D. G. Cohn is directing a campaign at Atlanta, Ga. for $750,000 which is the south’s quota of the national appeal for 14 millions now being made by the American Jewish Relief Committee for the War Sufferers of Europe. He can be addressed at 172 Marietta Street, Atlanta.

Ex '18—Julian F. Gresley is located at 95 Milk Street, Boston, Mass, as assistant manager of the New England Storage Warehouse Co.

Ex '19—Ivan S. Hanson, who has been employed the last two years as a turbine engineer and draftsman by the Westinghouse Elec. and Mfg. Co. of South Philadelphia, Pa., is enjoying good success in his work there. Last June he married Miss Ethel Hurd of Berwick and they now reside at 922 13th Avenue, Moore, Pa.

Ex '19, '20—The engagement of Walter L. Gorden of Livermore Falls, now a senior at M. I. T. and Miss Mary Pulsifer of Auburn has been announced.

Ex '19—The engagement of Miss Josephine E. Mann and Mr. Lloyd B. Gray of Bangor was recently announced, the marriage to take place in the Spring.

Ex '20—Word has just been received at the Alumni Office of the death of John C. Spooner July 27, 1918 from wounds received at the battle of Chateau Thierry. He was a member of Co. G, 103rd Infantry. He is the 37th Maine man whose death has been reported.

**DR. LEWIS S. LIBBY**
DENTIST
Old Town 106 Center St.
Why have 57,000 College Men enrolled in the Alexander Hamilton Institute?

The president of the largest institution of its kind in America—a man still in his forties—was commenting on his own experience in business.

“When I graduated from college I supposed I was equipped with the training necessary to business success,” he said.

“As a matter of fact I had nothing more than a bare foundation. I discovered that fact even in my first job, and for weeks I spent my evenings in a night school trying to master the elements of cost finding and accountancy.

“Later, as I made my way up toward executive positions I found I needed to know the fundamentals of sales and merchandising, of advertising and factory management, of office organization and corporation finance.

“These I picked up from books as best I could. Probably my college training made it easier for me to acquire them; but the college training alone certainly was not an adequate preparation for business in my case. I doubt if it is for any man.”

More than 155,000 men in eleven years

The Alexander Hamilton Institute was not founded early enough to be of service to this man, but it grew out of an appreciation of the needs of men of just this type.

In the eleven years of its existence the Institute has enrolled more than 155,000 men who are today making more rapid progress in business as a result of its training.

Of these 155,000 no less than 57,000 are graduates of colleges and universities.

This is the Institute’s mark of distinction—that its appeal is to the unusual man. It has only one course, embracing the fundamentals underlying all business, and its training fits a man for the sort of executive positions where demand always outruns supply.

The splendid privilege of saving wasted years

One of the tragedies of the business world is that so many college men spend so many of the best years of their lives in doing tasks which they know are below their real capacity.

It is the privilege of the Institute to save those wasted years—to give a man in the leisure moments of a few months the working knowledge of the various departments of modern business which would ordinarily take him years to acquire.

That the Institute’s Modern Business Course and Service actually achieves this splendid result, that its training is practical and immediately applicable to the problems of every business, the records of 155,000 business men, in every kind of business, prove.

At least you will want the facts

Every College man in business is interested in business training. He is interested in it either as a factor in his own progress, or as a factor in the progress of the younger men associated with him, who are constantly turning to him for advice.

To put all the facts regarding the Modern Business Course and Service in convenient form the Alexander Hamilton Institute has prepared a 120-page book, entitled, “Forging Ahead in Business.” It tells concisely and specifically what the Course is and what it has done for other men. There is a copy of this book for every college man in business; send for your copy today.
