As previously announced, UMS has entered into an agreement with Shield T3 for processing our phase six COVID saliva-based tests. All UMS campuses will be collecting their test samples that will then be delivered to and processed in the T3 mobile laboratory on the Orono campus. The lab is located between the Alfond Stadium and Alfond Arena where it will remain for the duration of the semester.

The mobile lab will be staffed with and operated by Shield T3 personnel. Shield T3 is currently recruiting to fill additional laboratory positions. Below are links to Shield T3's position postings. These postings are being shared in the interest of assisting Shield T3 in its recruiting efforts.

Please feel free to share the links below with family, friends or acquaintances that you believe may have interest in any of these positions.

Regards,

Chris Lindstrom
