SPRING FESTIVAL TICKETS ON SALE MONDAY

Four Day Campaign Only Chance To Obtain Tickets
By John L. Borodin

The Maine Spring Festival is just around the corner! The affair is being arranged with a great amount of hard work on the part of the various committees so that a good time will be guaranteed to all those attending. Naturally an affair like this demands an assessment and in this case it will be only four dollars. The formal dance will demand a tax so Dick Singer, the Grande Sahib of the affair, suggests that all men see about their suits (white dinner jackets will be okay), too this weekend while they still have some of the money that Uncle Sam so graciously giving them this week. By the way, there will be a commitee to announce the composition of the program paper distributed the first of next week which will contain all information.

Tickets will be sold next week, from the 3rd of May to the 7th. There will be members of the committee registering one of you about attending this gala week end. The four shekels which you will pay should cover all of the activities that are going to be held. Here is the tentative schedule so far: From 2-4 on Friday, the following dance, and room assignments will take place for the girls; there will be a 7:30 dance, and room assignments in the Student Union; at five-thirty supper will be served for the guys and gals at the Chowhall; at 7:30 Friday night there will be a play presented in the Gym entitled "The End of the Road" by the French Mime Marque under the direction of Mrs. Hansson. After the play at 9:30 p.m. the Valentine Dance will be held in the Student Union for the Student Union Building at which the final results of the Drive will be announced, and all the "Maine Annex's Campus Cutie Queen will be crowned.

Saturday will be an eventful day with a dance boat excursion, and softball games between the "gentlemen students, and weaker sex" teams. By the way, at the clambake there will be a 5 piece orchestra to provide a little musical atmosphere for the activity. The Social Department will also offer some entertainment in the way of presenting some small events at 8:30, the highlight of the weekend will take place — the formal dance! The Grand Ball will be held Saturday night at 8:30.

The tickets are on sale next week for four dollars.

The official program of the Spring Festival will be mailed to you.

Silverware Away! ... Who Dun nit?

Silverware has acquired the art of elision, for the element of surprise is now being enchanted by Mr. Maguire, the Business Manager.

Knives Forks Spoons
Stover 100 100 1400
November 10 771 1000
December 20 402 698 958
April 398* 605 900
*200 knives added at Christ-

Silverware is not the only thing at has taken wings. Milk pitchers, stainless steel and cost approximately $2.00 each, have also lined the missing list.

"These things cost money. As a life in most universites it is evident that who pays for these things last in case you start griping about the high cost of living remember one of you students are the ones who are helping to increase the hard bill. In the case of the milk pitchers there are just enough to go over the tables. Mr. Maguire would like to have the pitchers repaired and if any honest students see any milk pitchers wandering around, will you lead them to the men's rooms?

Mr. Maguire is a realist and therefore asks that in the event your midnight snacks require the use of the Silverware more than your fellow students do in their chow, would you please leave them with your roommates when you leave school in June?

CAMERA CLUB PLANS OUTING

At its regular bi-monthly meeting Tuesday evening, the Photography Club decided that it will make a field trip to Boothbay Harbor during the weekend of May 9th.

This will probably be the last field trip of the year, and the last one before the Spring Salon, which will be held during the weekend of the Spring Festival.

Only about half the members attended the meeting, and it is desired that others be informed of the special meeting to be held this coming Tuesday evening in the Commons' Lounge of the Administration Building at 8 o'clock, at which those who wish to go on the trip.

The trip will leave in the middle of the morning, Sunday the 9th, and return late in the afternoon. Transpor-
tation has been obtained, and the mess hall will provide the best that has broken. It is expected that this will be breakfast.

Each member who plans to make the trip needs to attend this meeting, but it is urged that a good showing be made.

It was also decided at the meeting that the only pictures to be exhibited would be ones made since the beginning of the school year. This was thought appropriate inasmuch as the object of the salon has been accomplished during its existence.

Prints will be entered to be at least 5 x 7 inches in size, no smaller, but as much larger as the entrant desires. The photos will be exhibited in the Library, and the best one will be selected in the Junior Division of the Maine Annex.

A worthy cause merits YOUR support!!!

UNION DRIVE IS IN PREPARATION

As all the campus bulletin boards and most popular walls can point out, Alvan Mersky and his Informational Committee for the Student Union Building Drive have gotten their campaign started this week. As the student will see from day to day, the sole aim of this committee's function is to present the facts concerning the Union Building to the student body at large.

Starting next week will be nightly musical programs presented over the Chapel loudspeaker. Emphasis will be placed on the playing of the best of modern jazz and popular music while at the same time there will be informative details about the Union Building broadcast. These programs are arranged so as not to conflict with any class or any time which might be utilized for study on the campus.

On most campuses throughout the country today the Union Building is the center of the social and recreational life of the students. There, through democratic, friendly mingling with fellow students and faculty members, the individual develops valuable attitudes of cooperation and leadership. For these reasons students and staff of the University have initiated a campaign to raise funds for a Union Building to meet this need on this campus and at the same time to serve as a memorial to the 180 University of Maine at the Brunswick Campus.

The Union Building was selected because it was felt that the memorial should be closely linked to student life and should contribute vitally to student growth and development. The usefulness of a Union Building, combined with the beauty of its architecture, will make a fine memorial to those who sacrificed so much.
EDITOR’S DESK ... 

ANOTHER LITTLE SERMON

With the coming of the first warm days after a long winter in hibernation comes the urge to get outdoors and soak up a bit of the welcome sunshine, an urge which has already begun to manifest itself by an increased participation in extra-curricula activities. Softball, track, golf, tennis, play, and a number of others are all commanding a sizable following. We are happy to see this reawakening of enthusiasm for life in general because to us it also portends an increase in school spirit, a quality which has been sadly lacking around the Campus for some time. From time to time, the paper has tried rather ineffectively to instill a bit of that earlier school spirit. Since our attempts proved futile, we are glad to see that Spring is doing the job for us. It’s almost like a trans-representation. Even the Editor-in-Chief is running around the office fanning his pigeons at the tail and bowing for more work.

But . . . As much as the paper dislikes being a damp blanket, we feel it is bounden duty to issue a dole note of warning.

As the days grow more pleasant, the desire to abandon the book-well, of course, grow stronger. Also at the end of the year approaches and the end of the job in sight, there is a natural tendency to slack off. Since there is little likelihood that the work will get easier or the instructors more kindly, the result will necessarily be a down-swing in grades, a condition which few of us can afford.

So the moral of this dry dissertation is this: We should all make an effort to set aside at least a few milliliters of our new spirit to be used in our chief pursuit, which is supposed to be the acquisition of knowledge. We will all have a greater feeling of satisfaction when the job is over if we wind it up with a bang rather than with a dissipated flame. Amen.

SMOKE RINGS

Bad men want their women
To be like cigarettes.
Just so white, all slender and trim
In a case.
Waiting in a row
To be selected, set aflame, and
When their flame has died.
Discarded.

More fastidious men
Prefer women like cigars:
These are more exclusive,
Look better and last longer.
If the brand is good
They aren’t given away.

Bad men, treat their women
Like pipes
And become more attached to them
The older they become.
When the flame is burnt out
They still look after them:
Knock them gently but lovingly
And care for them always.
“No man shares his pipe.”

Y. M. C. A. Group Formed On Campus

On Thursday, April 27, the first meeting of the newly formed YMCA group was held in the conference room of the Administration Building. Dick Groves presided as acting chairman.

At the meeting Paul Flag was chosen as delegate to represent the Club this weekend at the State College Convention at Bates.

Committees were formed to organize a boxing smoker, reported on elsewhere in this issue. The Club is also planning a clambake and a boat trip through Casco Bay.

Mr. Kenneth Tice is serving as faculty advisor for the group.

The Club extends a cordial invitation to all students to attend their next meeting, to be held Monday evening at 8:00 p. m. in the Conference Room.

To Crown The Campus Cutie

(Continued from page one)

The "Annex" staff is preparing an elaborate coronation for the Queen which will take place at the Friday night dance of our GALA, GARGANTUAN, GREAT (you're welcome, Mr. Singer) Maine Spring Festival next month. The kind, generous, intelligent, hard-working, clever Student Senate (you're welcome, Mr. DeFrees) will give a free ticket to the girl who is chosen Queen and the boy here on campus who donated her picture for the contest. The time has been set for Wednesday night, the 5th of May, as when the ballots will be counted and the Queen notified of her great honor (them).

Talented Musician Found On Campus
Rumor has it that our own pale "Fats" Waller, Comrade Dave of "the red shirt" Powers, is in the midst of composing a musical masterpiece called "The Student Union Blues." There are numerous representatives from every large music publishing firm in the country lobbying Dave for the privilege of presenting his son to the public. We have it on good source, however, that Dave will allow one of the more popular of the disc jockeys on a local radio station to first play the finished composition, as soon as it is recorded by Maestro Powers.

Dave has promised your reporter that the first to hear his contribution to posterity will be the student body here at the Annex. Keep posted in the "Maine Annex" for the date of the initial presentation of this tremendous score. WATCH and LISTEN for the "Student Union Blues!"

WHY...I smoke Chesterfield
(From a series of statements by prominent tobacco farmers)
"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got more real tobacco taste. "Lippett & Myers bug the middle leaves...it's the best leaf...it's mellow...it's got to be ripe. They consistently pay above the average to get the tobacco they want."

R.G. Eubank
TOBACCO FARMER, MT. STERLING, KY.

"Chesterfield is my idea of a really enjoyable smoke. They're O.K."
Mark Stevens
