**JUST EAT IT:
A FOOD WASTE STORY**

Just Eat It looks at our systemic obsession with expiration dates, perfect produce and portion sizes, and reveals the core of this seemingly insignificant issue that is having devastating consequences around the globe.

The film will include a discussion led by:

BRIE BERRY
PhD candidate in Anthropology
and Environmental Policy

APRIL 2, 2019

SEEDS OF TIME

Agriculture pioneer Cary Fowler and farmers in various parts of the world embark on passionate and personal journeys that may save the one resource we cannot live without: our seeds.

The film will include a discussion led by:

BRIAN MCGILL
Professor of Biological Science

APRIL 9, 2019

MEAT THE TRUTH

Meat the Truth draws attention to livestock production by demonstrating that livestock farming generates more greenhouse gas emissions worldwide than all cars, trucks, trains, boats and planes added together.

The film will include a discussion led by:

TONY SUTTON
PhD candidate in Ecology and
Environmental Sciences
