OF THE

Superintendent of Schools

To the Honorable Board of Selectmen of North Kenne-
bunkport :

I have the honor to present herewith my eighth annual report of schools. I am pleased to report that repairs have been made at North Chapel school, at Durell and Burnham schools, and at Iron Bridge school.

In previous reports, I have spoken of the Score card for standard rural schools. Under Physical conditions: II Buildings count 50 points, III Equipment counts 45 points. Equipment is graded as follows:

1—Seating. Single seats properly placed and suited to size of pupils	8
2—Blackboards at least 16 lineal feet in good condition, within reach of primary pupils, 28 inches	3
3—Teacher's desk and chair, chairs for visitors	1
4_Victrola, organ or other musical instrument, made use of	4
5_Text books. Modern, in good condition, in sufficient quantity	6
6—Library	4
7—Dictionary	1
8—Maps	2
9—Sand table	3
10—At least two good pictures	3
11—Good drinking arrangement	4
12—Flag, displayed outside	1
13—Washbasin, soap, individual or paper towels and mirror	1
14—First aid outfit	1
15—Miscellaneous	3

There are many other items that go to make up a standard school. Many of the above are desirable and not beyond the reach of any town that has the welfare of the children at heart, and who does not? No doubt all persons in the community are anxious that their children shall receive as good an education as is given anywhere in the state. This means a combination of many small items, and parents and taxpayers are willing to pay the price.

Among the above, specially needed at North Chapel, are blackboards. A new flag staff is needed at Durell school. Chairs and good drinking arrangements should be provided. I know that overdrawing the appropriation often restrains those in authority.

Table II, that follows, gives a total of the bills that have come to me and to the Superintending School Committee for approval. It is a matter for regret that the town is obliged to depend upon neighboring towns for schools, but convenient situation of the schools seem to make it a necessity.
