Good afternoon,

The University of Maine System Science Advisory Board and COVID-19 Vaccine Planning and Partnership Task Force are conducting a survey to gather information on perspectives about the COVID-19 vaccine among students, faculty, and staff within the UMS community. We are gathering this survey information with the intent that it may help us to improve our vaccine education efforts. This survey should take less than 5 minutes and your responses are completely anonymous. Participation is voluntary and you may skip any questions you prefer not to answer.

The survey should only be taken once and we would appreciate your responses by April 12, 2021.

Thank you for taking the time to contribute to this important informational survey. Please use this link to participate:

If you have any questions or concerns about this survey please email me.

Best,

Dan Demeritt
