ETHEL E. THOMPSON, Treasurer

ANNUAL REPORT

**United States Dept. of Agriculture**  
**Forest Service**

40 Main; Street  
Bridgton, Maine  
October 25, 1954

Mr. P Freeman Welch  
Kennebunkport RFD  
Maine

Dear Mr. Welch:

I wish to report to the Selectmen of North Kennebunkport the progress we made on white pine blister rust control this year in your Town. In all 4,136 acres were covered to protect 2,678 acres of growing white pine of all ages. We found and destroyed on this area 27,871 wild currant and gooseberry bushes and 16 cultivated bushes of the same species. Many of the areas were so heavily infected that they should be checked in five years.. The cost of the work this year totaled \$816.00 which your town originally paid and then received reimbursement of \$408.00. This reimbursement came in two checks, from the State.

There remains 3,225 acres in North Kennebunkport which seriously needs similar control work. I hope your Board will plan on it in the future. Without exception the residents of your Town were very cooperative and we sincerely appreciate the help that we received from them and from your Board.

Very truly yours,

Joseph B. Pike Jr.

ANNUAL REPORT

**Report of the Public Health Nurse**

The happiness and prosperity of the people in a community depends largely on the degree of health that they enjoy.

Public health nursing is an organized service to the individual, family and community. Let us review some of the accomplishments of this service to determine future needs:

Child Health Conferences were held monthly from May through October with a total attendance of 48; physical examinations were given to 39 infants and pro-school children: immunization against diphtheria, whooping cough and tetanus and smallpox vaccination are offered at these conferences. Following are some of the statistics on immunization for the year:

Smallpox vaccination .....	7
Diphtheria, Whooping Cough, Tetanus .....	38

I would like to remind the parents that inoculations given in infancy do not protect the child for years unless booster inoculations are given to maintain their immunity. We have been fortunate as there have been no serious epidemics of these diseases- Maine has had only one case of smallpox reported in 24 years. This good record was obtained because of these protective measures, but it is possible for smallpox to be brought to the United States from another country.

Tetanus may also occur if immunity is not maintained. There was a case of a 12 year old boy whose immunity had not been kept up by booster shots. He was hospitalized, given tetanus anti-toxin and fortunately recovered. The family had the worry and burden of an acute illness and the boy had a painful and frightening experience-other children might be less fortunate.

**MATERNAL AND CHILD HEALTH SERVICE**

The following are some of the statistics:

Number of visits to expectant mothers .....	27
Number of visits to mothers following delivery .....	25
Number of infant visits .....	69
Number of preschool visits .....	149

These visits are based on individual needs and less visits are required if the child is under medical supervision.

**SCHOOL HEALTH SERVICE**

Physical examinations were offered to all 4th grade pupils' who had not been examined by their family physician. Out of 21 pupils

## ANNUAL REPORT

enrolled in the 4th grade this year, only 12 took advantage of this service. I would like to believe that the others were seen by their family physician, but I doubt if this' is so. The value of these examinations is questionable unless plans are made for correction of defects. Parents have the primary responsibility for the health of their children. The function of the nurse is to interpret the results of the medical examination and assist in securing correction of defects by giving information on community resources, if the parents are unable to have their own physician.

Morbidity service, or bedside nursing care is concerned primarily with actual care of sick persons. Because of the many demands on the public health nurse it is usually impossible to make daily bedside visits' to the sick. The purpose of this service is to give instruction to the family in the proper nursing care of the patient who is ill at home. Even if daily visits could be made, unless there was some one in the home to give care between the visits the patient could be very neglected. During the past year a total of 40 visits were made to demonstrate care.

I would like to bring to your attention the need for a more complete and revised list of blood donors. Blood typing was done in the early part of 1948 but the same list seems inadequate at this time. If any of you have had the experience of trying to get blood donors for a member of your family during a serious illness, you will certainly recognize this need. Suggestions have been made to have a "walking blood bank" where a large majority of individuals would be typed and a list made and kept up to date. This list would be available to physicians and local hospitals. This would require careful planning and co-operative efforts of everyone if it is to be of value. It could be very useful in case of a major disaster.

### **CRIPPLED CHILDREN'S SERVICES**

These services are available to cardiac cases and children with handicaps. I would like to thank the members of the Health Council for their support and volunteer help in different phases of the program. I would also like to thank the members of the teaching staff, the selectmen, health officer and everyone who ed make the service a success. With your continued support, I hope to be able to expand the program in 1955.

Respectfully submitted,  
Florence G. Porter, R. N.  
Public Health Nurse  
State Bureau of Health

ANNUAL REPORT

**AUDITOR'S REPORT**

Board of Selectmen  
 Town of North Kennebunkport  
 North Kennebunkport, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of North Kennebunkport, for the municipal year ended January 19, 1954.

The examination. was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary. Insofar as could be determined, within the scope of the examination the financial affairs of the Town appear to have been. administered in a proper manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of North Kennebunkport, and the results of its operations for the municipal year ended January 19, 1954.

Respectfully submitted,  
 L. Everett Outhouse

The school year 1954-1955 marked the beginning of a substantial educational advance in the schools of North Kennebunkport. This was brought about by limiting the North Chapel, Durrell and Burnham Schools to two grades to a room. The result has been greatly improved instruction and better progress for all grades.

The same teachers, with one exception, returned to their positions in September 1954. All teachers are certified by the State. The salary schedule has been improved and should be increased still further another year. Books and supplies have been adequate

## ANNUAL REPORT

and the present year beginning in September 1954 has been the most satisfactory of any during the last decade.

Considerable painting and repairing was done on all school buildings last summer. An oil burner was installed in the Irving School. Our chief problem in the schools continues to be the lack of a good water supply and modern plumbing.

The various projects which have been proposed for the building of a new school have been rejected one by one. The State has now closed application, for further building Authority aid. The only State assistance now available is through the establishment of a School District, which hardly seems feasible, considering the fact that the Town has already rejected the plan. The School District Law is only permissive legislation, it provides no money. The State has recently voted to allow towns to borrow up to 7 1/2% of their State valuation. This would allow the town of North Kennebunkport to go into debt of 7 1/2% of \$451,000.00 or \$29,825. It appears that some money may become available through federal grants. This legislation has been proposed and may become a reality.

If we are to remain in the present buildings indefinitely, the following is recommended: (1) Locate good water supplies adjacent to each building or at least adjacent to the North Chapel, Durrell and Burnham buildings. (2) Install double windows on every building, the result of which will be more comfort for the pupils and a decided saving in oil consumption.

I wish to congratulate the Parents' Club on their interest and effort on behalf of the school. As the Club now has membership from all schools it can be a vital factor in promoting better schools for the Town.

We plan to conduct a standard testing program again this year in order to determine individual pupil progress and general school standards as measured against schools in other towns. The results will aid us in judging and interpreting the work of the School.

As was suggested last year, I think the possibility of transporting grades 7 and 8 to a surrounding town, and closing the Irving School and Iron Bridge Schools, is a plan which should be explored. We could then concentrate on placing North Chapel, Durrell and Burnham Schools in good physical condition.

I wish to express my appreciation to the School Committee for their interest and cooperation.

Respectfully submitted,  
Paul Larrabee  
Superintendent

ANNUAL REPORT

Vital Statistics

Deaths occurred in North Kennebunkport, unless otherwise stated.

1953

March 5, 1953. (delayed return) Marie M. Laverriere age 39 yrs.  
7 mo. 13 days.

1954

May 13-Charles Everett Cook, Age 77 yrs. 6 mo. 18 days.  
June 2-Bertha Delia Leathers Age 63 yrs.  
August 18-Charles Pillsbury Age 94 yrs. 3 mo. 25 days.  
September 14-Marcus M. Miller Age 84 yrs.  
October 29-in Biddeford, Albert L. Staples, Age 69 yrs  
December 13-in Biddeford. Sarah E. Sederquist Age 80 yrs.  
January 5-in Biddeford Richard Martel Stillborn.  
January 29-Jennie E. Warren, Age 73 yrs., 7 mo. 4 days  
February 8-Katheryne Handrahan Chandler Age 69 yrs. 7 mo.  
7 days.

ALICE M. LEACH, Town Clerk,

**Report of the  
Local Health Officer**

The State Law requires the local Health Officer to provide annually free Smallpox vaccinations to all citizens of the town and inoculate against diphtheria and whooping cough to all children under 12 years of age-All charges to be paid by the town.

Very few communicable diseases were reported this year

All cases of communicable disease should be reported to the Health Officer.

JULIA H. CORNING,

Public Health Officer
