COMMENTS

CASH

The cash balances, as noted in the balance sheet, were reconciled with the bank statements and a written confirmation of the balances was made.

UNCOLLECTED TAXES

A percentage of the uncollected taxes, as shown on the collector's records at December 31, 1959, and unpaid tax liens, were verified by written confirmation with the taxpayer.

GENERAL

The procedure for keeping the municipal records of the town officers was examined, and found to be adequate, and in compliance with the General Laws of the State of Maine, as approved by the State Department of Audit.

SCOPE OF AUDIT

This audit was made as required by the State Department of Audit, Chapter 405, Section 26, of the General Laws of 1957.

Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as to the handling of cash and other matters of financial concern. External verifications, on a test basis, were utilized to determine the correctness of recorded assets and liabilities.

Receipts, vouchers and cancelled checks were examined, for authenticity, for a selected period. Bond and insurance coverages were examined. Excise tax collections for a selected period were verified with copies of the receipts retained by the Tax Collector.

REPORT OF AUDITOR

February 3, 1961

Board of Selectmen

Town of North Yarmouth
North Yarmouth, Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of North Yarmouth, for the municipal year ended December 31, 1959, as required by Chapter 91, Section 142 of the Revised Statutes of 1954.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which were considered necessary in the circumstances.

The results of the audit are disclosed in the accompanying exhibits and schedules and present fairly the financial position of the Town of North Yarmouth and the results of its operations for the municipal year ended December 31, 1959.

Respectfully submitted,

L. EVERETT OUTHOUSE

FIRE DEPARTMENT

During the year 1960 your Department answered 17 calls:

Building	4
Grass and Woods	8
Brooder Stove	1
Leak in Bottled Gas Stove	1
Electric Percolator Set Fire to Table	1
Town Dump	1
Chimney	1

Our expenses were as follows:

Telephone	\$ 425.20
Insurance	386.56
Heat	170.69
Hydrants	73.20
Lights	26.89
Radio	183.64
Payroll	60.00
New Equipment	151.65
Coats purchased through CD	18.90
General Maintenance	148.13

I am sure most of the firemen are pleased with the new truck purchased this year. The truck is a Chevrolet. The tank holds 730 gallons of water. The pump is a 250 GPM

centrifugally driven through the power take-off. This enables us to use the pump while in motion. The pump is connected to two booster lines and one 1½-inch line at all times. It can pump from the tank or any supply the truck can be driven near.

The total cost including 250 feet of new hose was \$7,193.99:

Truck	\$2,694.48
Pump and freight	861.13
Building body, material and accessories	3,438.38
Hose	200.00

The truck fund was closed out and turned over to the

ANNUAL REPORT OF PUBLIC HEALTH NURSING SERVICES IN NORTH YARMOUTH

For the Year 1960

Public health, in simple terms, is the sum total of the health of individuals and families living in a community. An organized program for public health is one that offers those individuals and families every possible chance of living and enjoying life, free from the handicaps of preventable disease and disability. In more formal terms, the objective of a public health program is to bring to all the people the benefits of modern medical and related sciences including the care and rehabilitation of the sick and disabled, the promotion of healthful living, and the prevention and control of disease.

A number of people are involved in the attaining of this objective. All together they make up a "health team." The public health nurse is an essential member of this team. She shares in planning and action with other workers in the fields of health, education, and welfare; with physicians, hospitals, clinics; with school personnel; with citizen

groups. One of her important functions is coordination with the others involved to provide public health services to individuals, families, and community. Citizens of the community are also essential members of the health team. Alert to the health needs of their community, taking their share of responsibility to meet these needs, their contribution as health workers is indispensable to the effectiveness of the public health program. A vital, dynamic, working "health team" in the local community strengthens the public health not only of that community, but also of the State and the Nation.

In the beginning of 1960 the health council, nurse and chairman of child health conference made plans for three child health conferences in North Yarmouth. The first one held in May had an attendance of 39 children. The chairman of the child health conference, being aware that this was too great a number of children for one doctor to examine in a two-hour period, gave 20 mothers appointments to the two child health conferences to be held in June. An extra child health conference was added to take care of the overflow of the May child health conference.

The object of the child health conference is that each child will receive a physical examination. Also, to make parents aware and recognize the needs of continuous medical supervision of their children by a physician. At the child health conference, the nurse has the opportunity to meet each mother and obtain valuable information before the child is examined. Many babies coming to child health conferences are perfectly healthy babies, but babies with crippling defects and anemia have been found and referred to family physician or the nearest facility in nearby cities.

To prevent specific diseases through immunization is not an object of child health conferences, although this service is offered to parents at child health conferences. North Yarmouth committee has been fortunate in having the very clean, roomy grange hall for child health conferences. This has proven very satisfactory to all and allows privacy for doctor and mother at the time of the examination.

Thirteen adult visits were made where the nurse was

concerned or patients referred in interest of tuberculosis, cancer and pregnancy. Your nurse visits regularly seven children who are under supervision of the State Crippled Children's Services. Other visits were made to infants and preschool children in their homes to plan medical care or correction of defects or assist with emotional problems. Two mothers wished to discuss behavior problems of their school children, and I referred these mothers to the school nurse. Home nursing is still an important part of the public health nursing program. Visits are made according to the needs to adult, infant and preschool children, and school children under the supervision of State Crippled Children's Services.

There is a need in North Yarmouth of three immunization clinics where infants, preschool and school children may be immunized against specific diseases. Also adults may receive smallpox vaccinations. This, of course, should be under the direction of the health officer who has been so cooperative and helpful in planning the health program with the health council.

I wish to take this opportunity to thank town officials, health officer, health council and individuals who have supported North Yarmouth Health Program.

Respectfully submitted,

CLARICE B. PURCELL, R.N.

REPORT OF CIVIL DEFENSE DIRECTOR

For 1961

I accepted this appointment of C.D. Director November 23, 1960, due to the resignation of Everett H. Tinsman, to complete his term.

During this short term we have had two test alerts from County Headquarters, a test to determine: Communications, and Fanout tests. These tests were satisfactory, but there is a chance for improvement.

Efforts have been made to get instructors for advance first aid, but due to climate conditions the instructors contacted would prefer to hold these meetings in early spring.

The town appropriated \$800.00 for C.D., of this \$639.00 was spent for radio on a 46.47 MC to check in with County Headquarters; \$105.00 was spent on antenna for same. Balance of appropriation was turned back to the town.

Through your Civil Defense we are placed on the eligibility list for surplus property and equipment, and have purchased for \$409.47 surplus property at an original cost to the Government of \$5,462.10.

Following is a list of Civil Defense members:

Director—Wilfred Burrell.
Assistant Director—John P. Hart.
W.C.O.—Thelma Burton.
Deputy No. 1—David deBree, Communications.
Deputy No. 2—Herman Smith, Roads and Bridges.
Deputy No. 3—John Sloat, Health
Deputy No. 4—Arthur Atkins, Fire Chief.
Deputy No. 5—Clifton Burton, Police Chief.
Deputy No. 6—Harold Freeman, Sr., Mass Care.
Deputy No. 7—Henry Fountain—Legal-Publicity.

At this time I wish to thank the Director of Wescustogo Grange Association for the use of the building for Civil Defense meetings.

WILFRED L. BURRELL

REPORT OF THE ELEMENTARY MUSIC SUPERVISOR

I am pleased to submit my report of weekly visits to the North Yarmouth Elementary School.

The program is being continued as was started two years ago; namely singing, theory, rhythms, listening and creating instrumental response.

A great deal of time is being devoted, especially in the lower grades to rhythmic experiences, through which the child can express and enjoy himself in singing, dancing, sharing in games, playing on rhythmic and simple melody instruments. This forms the foundation for music reading through a music reading-readiness program.

Two-part rounds are introduced in the third grade, continued in the fourth grade with simple two-part songs by rote, then followed in the fifth grade with note reading.

In the fifth grade we start three-part rounds which are followed by three-part songs in the sixth grade, continu-

ing on to the seventh grade and developing four-part songs in the eighth grade.

A xylophone has been introduced which forms accompaniment for songs and creates a strong enthusiasm to learn through experience, the beginning of piano keyboard.

A new flutephone band was organized in the fourth grade and is extremely successful. It encourages children to continue study on instruments for band or orchestra.

In February "H. M. S. Pinafore" was presented most successfully by grades fifth through eighth. This year a Minstrel Show is being prepared which will be presented in March.

The music for graduation was an enjoyable culminating program which was received with much praise.

At the present writing more time is needed in my visits to the school. The teachers and I cannot accomplish a successful program unless more time is given to the subject—"what is sown is reaped."

At this time I want to thank you, Mr. Henry G. Perkins, the Superintendent of Schools, the Superintending School Committee, and especially the teachers for their excellent work, support and cooperation, and everyone who made the year a success.

Respectfully submitted,

IDA D. RICH

Music Supervisor

SCHOOL NURSE REPORT

The health of the school child is very important if he or she is to do the best work possible in school and become a useful citizen. All the children's eyes and ears were examined at the beginning of the year and if any defects were found the parents were notified. Patch tests were given to the subprimary and eighth grades for tuberculosis re-active. All these tests were negative, but if a re-active is found, the pupil is sent to the Maine Medical Center for a chest x-ray.

Immunization clinics for diphtheria, whooping cough, tetanus and polio were held in February, March and April. At the May clinic vaccinations for smallpox were also given. All these clinics were very well attended.

In November, physical examinations were given at the school for children in the seventh, fifth, third and first grades by the school physician, Dr. Barron McIntyre. If any physical defects were found, the parents were notified. Also in November, a clinic was held for the teachers and school personnel for flu vaccine.

Dental clinic started in September and was held for six weeks, one-half day a week. Dr. James McCullum was the dentist.

At this time I wish to thank the Health Council members and parents who have helped with the clinics.

Respectfully submitted,

NELLIE C. WOODBURY, R.N.

NORTH YARMOUTH SCHOOL LUNCH REPORT

The School Lunch Program started this year on September 12, 1960, and is serving approximately 160 lunches daily.

From September 12th to December 31st there were 9,740 Type A lunches plus 5,767 1/2-pint bottles of milk served to children. The total expenditures for this period was \$3,637.04.

Working on the program at the North Yarmouth Memorial School is Mrs. Oland Knight as cook manager, assisted by Mrs. Forest Doughty. Mrs. Hamilton transports and serves the lunches to the Vestry School.

I would like to take this opportunity to thank the teachers and janitors for their wonderful cooperation.

Respectfully submitted,

HAZEL BROWN
Supervisor

REPORT OF SUPERINTENDENT OF SCHOOLS

In accordance with the requirements of the laws of the State of Maine, I herewith submit the annual report and financial statement of the North Yarmouth School System for the fiscal year of 1960.

The schools opened in September 1960 with 260 pupils in the elementary grades. There were 68 students attending secondary schools. Starting in September 1961, there will be about 83 students attending high school from North Yarmouth. The average cost of tuition for the school year 1961-62 will be approximately \$450 per student. The increase in the number of students attending high school (1956—50 students) together with the rapid rise in the rate of tuition (1956—\$325/year) has resulted in a total increase for high school education of 85 per cent during the past five years. In the same period the cost of instruction in the elementary grades has risen by 50 per cent. However, during the past year three of the five teachers who left the North Yarmouth schools made the change in order to receive higher salaries. North Yarmouth has been very fortunate in obtaining the following new teachers: Mrs. Nellie Leighton, Mrs. Marjorie Dunning, Mrs. Anita Leavitt, Mrs. Bernadette Freeman, Mr. Roger Morse.

The 1960 achievement test scores for grades 2 through 8 indicated that satisfactory progress was being made in all subjects. The median score obtained by each grade at North Yarmouth exceeded the national median. The individual grade placement graph showing the accomplishment of each child in the achievement test was sent to the child's home. The parents are encouraged to discuss the general scholastic progress of the child as well as the achievement test results with the teachers.

The members of your School Committee are well aware of the inflationary spiral which is acting upon the school budget. In keeping abreast of this problem it appears that the one hope for maintaining good schools within the economic limits of the town is in joining with other towns which will give greater financial assistance from the State. The School Committee has had several meetings with School Committee members from Cumberland and Pownal and these school leaders are jointly supporting

State legislation which, if enacted, should be beneficial to towns forming School Administrative Districts.

It is a pleasure for me to thank the teachers and other school personnel for their excellent cooperation and wholehearted efforts during the past year. I wish to thank the School Committee members and parents for their sincere support during the past year.

Respectfully submitted,

HENRY G. PERKINS
