## The Story of the 56th Commencement at Maine

There were many high lights at Commencement at Orono this year. The weather was perfect, the program excellent, and everything moved with precision and according to schedule. 216 seniors received diplomas, this being the next to the largest class to graduate. Hundreds of alumni were back, 259 registering. About 600 attended the alumni banquet.

The national honorary societies held meetings and a banquet Thursday.

Friday June 10th was Class Day and the seniors reigned supreme. The exercises were held in the oval and were well attended. The Alumni Council met on this forenoon.

The All-Maine Women added much to the program by putting on a pageant called "The Pioneers" on the lawn between Coburn Hall and the Library. The picture on the cover of this *Alumnus* shows the final scene of the pageant.

On Friday evening the president's reception was held in the chapel and the attendance was unusually large. At about 9 00 P M o'clock an informal Student Hop started in the gymnasium. This dance, another innovation on this year's program, was much enjoyed by both undergraduates and alumni.

Saturday was as usual, Alumni Day. The annual meeting of the alumni association was held in the forenoon with nearly 80 present.

At noon came the class luncheons at the Commons.

Reunion classes, with 1902, 1912 and 1917, the most conspicuous added a holiday touch to the campus crowd. 1902 wore white felt hats with their class numerals on the front. 1917 were resplendent in green spats, green neckties, white flannels, straw hats with green bands and canes. This class also supplied parasols to the lady members. 1912 wore red and white hats and carried canes with streamers.

Rivalry for the limelight was keen between 1912 and 1917.

Just before a ball game between the varsity (State Champions) and the freshman team, the reunion classes marched to Alumni Field where Joe McCusker and the class of 1917 treated the crowd to frolics both interesting and amusing.

At the Alumni banquet nearly 600 sat down to a good dinner and heard representatives of all the reunion classes give snappy three minute speeches. President

Boardman was toastmaster and he was a good one. Following "Ed" Engel '27 who spoke for the graduates, William R. Pattangall '84 representing the alumni made the principal speech of the evening in his usual brilliant manner.

Following the banquet the floor was quickly cleared and the Alumni Hop was like the dance of the preceding evening enjoyed by both students and alumni.

Monday was Commencement Day. Governor and Mrs Brewster were present with his staff. The exercises were in the oval and followed the usual academic parade.

knowledge and public esteem won for the profession by the engineers who labored in the past, we shall ever strive to augment that heritage before passing it on to the engineers who are to follow."

### THE ENGINEER'S PLEDGE

Unique in the history of U. of M. commencement exercises, and possibly without precedent in the country, was the oath to which each graduate from the College of Technology subscribed upon receiving his degree from Dean Cloke. By this oath, which was patterned after the Hippocratic pledge taken by members of the medical profession upon graduation, the engineers promised to dedicate themselves to the service of mankind as members of the engineering profession.

The pledge follows:

"We dedicate ourselves to the service of mankind as members of the engineering profession. We consecrate our professional knowledge and skill to the advancement of human welfare, safety, and progress. As we benefit by the technical

was given this morning by President Boardman.

The trustee scholarships which provide a year's tuition for graduate study were awarded as follows:

College of Agriculture, Eldwin Atwell Wixson of Belfast.

College of Arts and Sciences, Ruth Whitmore Tucker, of Portland in English.

College of Technology, Clayton Turnbull Bockus of Stoneham, Mass., in Chemical Engineering.

The Phi Beta Kappa society scholarship, given jointly by this organization and the Board of Trustees, was awarded to Dorothea Mabel Bussell of Old Town, B.A. 1920, and M.A. 1921, U. of M.

Announcement of the award of the Washington Alumni Association watch to Paul Dombey Lamoreau, of Presque

Isle, and of the award of the watch given by the Portland Maine Alumnae Association, to Serena Wood, of Bangor, was also made.

The Senior Skull Society scholarship cup to the highest ranking men's fraternity, to Beta Theta Pi.

The Freshman Scholarship cup, to the freshman delegation of a fraternity having the highest ranking, to Beta Kappa, for the second consecutive time.

The Pan-Hellenic Sorority Cup, to the highest ranking sorority, to Delta Zeta.

The Joseph Rider Farrington Scholarship, to Russell Manley Bailey, '28, of Waterville.

The Phi Mu Scholarship to Ramona Marie Leadbetter '29, of Belfast.

The Elizabeth Abbott Balentine Scholarship, to Dorothy Mary Culley '30, of Bangor.

The Walter Balentine Prize, to Merton Stanley Parsons '29, of South Paris.

The Prize of the Class of 1873, to John Burton Ames '29, of Bridgton.

Commissions of second lieutenant in infantry were conferred upon nine former officers in the University R.O.T.C. by Major Barrett Glover, commandant of the local unit.

## ENTERTAINS AT LUNCHEON

The Commencement guests and recipients of honorary degrees, with their wives, were entertained by President and Mrs. Harold S. Boardman at the President's house on the campus at luncheon, following the conclusion of the exercises. Included in the party guests was the party of Governor and Mrs. Ralph O. Brewster, which included Carl F. Morrison, secretary to the governor, and Mrs. Morrison of Augusta; Mr. and Mrs. Robert Clark of Orono; and Charles D. Bartlett of Bangor.

## Annual Meeting of the University of Maine General Alumni Association

Alumni Hall—June 11, 1927—9 A.M.

President Harry E. Sutton '09 of Boston presiding.

Reading of records of the last meeting were omitted by approval of those present.

A report of the annual meeting of the alumni council held June 10 was approved and accepted.

A report of the budget committee recommending 1927-28 budget was accepted and budget adopted.

A report of the treasurer C. E. Crossland '17 was accepted and voted that it be published in the Alumnus.

A report of the chairman of the executive committee of the Alumni Council was accepted and placed on file.

Alumni Secretary Robert P. Clark '15 presented his report which was accepted and placed on file.

A letter from the Alumni Council to the Trustees of the University of Maine was read, the contents of which was in the nature of an inquiry to the board of trustees regarding the policies and ways in which the alumni of the University could be of assistance in promoting the welfare of our Alma Mater.

The report of alumni trustee, Hosea C. Buck was accepted and placed on file.

The report of the treasurer of the memorial fund was accepted and placed on file.

The report of the treasurer of the Memorial Building Corporation was accepted and placed on file.

The report of alumni member of athletic board was submitted by Phil R. Hussey which report was accepted.

Upon the motion of R. H. Fogler '15, Hosea B. Buck '93 of Bangor was re-nominated to be alumni representative on the board of trustees for a period of three years, this to be the third term which Mr. Buck has served. The election was unanimous being taken in the form of a rising vote.

Nominating committee report: W. D. Towner submitted the following report which was accepted.

For President—Raymond H. Fogler—1915—New York City.

Vice President—Edward E. Chase—1913—Portland.

Clerk—Benjamin C. Kent—1912—Bangor.

Treasurer—Charles E. Crossland—1917—Orono.

## ALUMNI COUNCIL

Members at Large Each for Three Year Term:

Edward H. Kelley—1890—Orono.

C. Parker Crowell—1898—Bangor.

Mrs. Mildred Prentiss Wright—1911—Bangor.

Harry E. Sutton—1909—Boston.

Wayland D. Towner—1914—Boston.

## ALUMNI MEMBER ATHLETIC BOARD

Term to expire 1930

Clifford Patch—1911—Bangor

Nominating Committee: Wayland D. Towner—1914; Arthur L. Deering—1912; Henry F. Drummond—1900.

A. Lincoln King '14 of Portland was nominated by the College of Arts and Science Committee to represent that College on the Alumni Council for a period of three years.

By vote of the meeting Robert P. Clark cast one ballot in behalf of each of these nominees and they were declared elected.

A. L. Deering '12 suggested that we express our appreciation to the retiring officers and committee members by means of a rising vote. This action was unanimous.

After a brief discussion concerning the Dix Reunion Plan it was voted—that the Alumni Council study the Dix plan and present a report.

The clerk then read the list of those alumni who have been reported during the year to the alumni office as having died.

President Harold S. Boardman then outlined in an interesting way some of the problems which the University is facing and policies which are being followed.

Meeting adjourned at 11:15 o'clock with an attendance of 70.

## REPORT OF EXECUTIVE COMMITTEE FOR YEAR June 1926 to June 1927

To Harry E. Sutton, Pres. Alumni Association and Association Members:

So far as the Executive Committee of the Alumni Association is concerned, the activities of the year just concluded have not been as great as of other recent years. There has, however, been the usual correspondence to attend to each week and matters of more than usual importance which have required three Executive Committee Meetings.

The first one of these meetings was held on Sunday, September 19th, 1926, at Portland, Maine, at which all members excepting C. Parker Crowell were in attendance, together with Harry E. Sutton and Robert P. Clark. This meeting was preceded by a meeting on Saturday of the Collection Committee of the Memorial Fund at which W. D. Towner reported the activities of that Sub-committee. This was the most important subject brought up at the first meeting of the year and the sub-committee's report was accepted and action was taken with regard to putting into operation recommendations made by that Committee.

At the September meeting, the suggestion was made that the time was approaching when some basis must be established for Alumni activity other than the University athletics. General discussion followed which finally resulted in the adoption of a suggestion to have the Executive Committee meet with President Boardman and Alumni Trustee Hosea Buck to discuss this matter. It was suggested that a meeting be held later in the fall in Orono to continue further with this suggestion.

The second meeting of the Executive Committee was held in November at the Penobscot Valley Country Club, Bangor, Maine, there being a full attendance of the Committee with others present including Dr. Boardman, Hosea Buck, Alumni Trustee and William McC. Sawyer, also the Board of Trustees. At this meeting was a general discussion of the relationship which should exist between the Alumni Body and the administration departments of the University. A sub-committee was appointed to prepare a letter which would be presented to the Trustees and to the President of the University outlining the basis on which the Alumni would like to cooperate with the administration.

This sub-committee, composed of Chairman of the Executive Committee, E. E. Chase and R. H. Fogler, reported at the spring meeting of the Executive Committee held in April and concluded its work in the presentation of a letter,

copy of which is in the Secretary's files.

At the April meeting of the Executive Committee of the important matters brought up for discussion was Commencement of 1927 and future commencements, to which considerable time was given which should bear good results in the years to come.

Another matter referred to on which special action was taken was donations and endowments and a committee composed of John Oak, '72, Chairman, Robert Drummond, '05, D. W. Leavitt, '00, G. O. Hamlin, '00 and A. Lincoln King, '14, was appointed. Mr. Oak has been asked to make a progress report at this Annual Meeting. The duties of this Committee were, first—to correlate the needs for donations and endowments and, second—to solicit funds for those specific purposes.

The Executive Committee also appointed E. E. Chase to make a study of the financial condition of the Alumni Office and report in June. This is the most important matter and I feel that it must be given serious attention.

I want, at this time, to commend Mr. Crossland, Treasurer of the Alumni Association, on the excellent work he has done for us and to express to him at this meeting my sympathy in having to be responsible for the finances of the Association under such trying conditions.

I want to thank the members of the Committee for serving with me and for being apparently so willing to attend meetings and to care for correspondence.

Respectfully submitted,

Norman H. Mayo,

Chairman Executive Committee

## THE ANNUAL REPORT OF THE EXECUTIVE ALUMNI SECRETARY

June, 1927

The Alumni Office has just finished its busiest year since I have been your alumni secretary. Its purpose and its services to the University, the under-graduates, and the alumni, seem to be more generally understood and used. It is not the intent of this report, however, to enumerate the details of the varied complexities of our regular routine. Rather some comment on major functions and policies would seem more timely.

### LOCAL ASSOCIATIONS

During the past year your secretary has visited as many local alumni associations as his travel allowance would permit. President Boardman has also given most freely of his time and has visited many local associations. His frank dis-

cussion of the problems of the University has been most interesting to our alumni audiences and his sincerity has made friends for Maine everywhere.

Visitations have been made to Portland, Augusta, Lewiston, Presque Isle, Boston, Providence, Hartford, New York, Philadelphia, Washington, Schenectady, Berlin and Bangor. Alumni in other places as far west as Chicago have had meetings.

A new association has been formed in Presque Isle. At its first meeting twenty-nine out of a total of thirty-four alumni of the town were present.

As a policy for next year, I would recommend: 1. that the customary encouragement be given the local associations now active; 2. that an effort be made to revive or organize local associations in every city and large town in Maine. It is obvious that such a net-work of local organizations could do much for Maine and our alumni undertakings.

It would seem that the local club should have in order to maintain a healthy existence: 1. A definite purpose; 2. Good officers.

Maine alumni everywhere should meet together at least once each year and whenever numbers and interest permit frequent meetings should be had of one kind or another.

### CLASS ORGANIZATION

To date the chief value of class organization among our alumni classes has been to arrange and execute class reunions, although some classes get out annual or occasional letters. Our efforts have been to have a Secretary for each class who is a live wire.

A meeting Friday afternoon of secretaries of classes that hold reunions next year should get these classes off to an early start towards their 1928 reunions.

### FINANCES

The Finance Committee for next year should be appointed early in the summer. Its membership should be easily assembled and available for frequent meetings. The report of the Finance Committee given in 1926 makes excellent recommendations for the new committee to follow. An educational campaign that would make the payment of alumni dues more general would help.

### THE ALUMNUS

In an effort to improve THE MAINE ALUMNUS every suggestion has been considered and followed when possible. The expense of printing this magazine still seems high but my best efforts to get the work done cheaper have not yet been successful.

The plant of The Burr Printing Company in Bangor, with whom we had a

fair contract, was destroyed by fire last winter. Since then the ALUMNUS has been printed by the University Press on the Campus.

Comment and criticism of the magazine would indicate that we must aim to get out publication touching on all phases of University and Alumni interest. What one reader finds interesting another does not. It should be remembered that the purpose of the ALUMNUS is to keep alumni in touch with the University and to keep alive their interest and loyalty.

#### ALUMNI POLICY

In recent years alumni have become very influential in the affairs of colleges and universities. The reasons for this need not concern us. It is sufficient that it is so and that they are recognized as important factors in higher education today. The idea that when a man graduates he is out of the scheme of things is no more. Today the trend of opinion is that the influence of one's alma mater should be active throughout life. The University should continue its influence after graduating. The alumnus should keep an active love for his University and inculcate a desire to help whenever and wherever he can.

At Maine we alumni are recognized members of the University family. The State permits us to select one member of the Board of Trustees. We have three representatives on the Athletic Board. We are appreciated and considered by the Trustees, the Administration, the Faculty, and the Students.

What Maine alumni have done for Maine in the past is little when compared to what we can and should do in the future. We should first understand the University policy for the future. Then our policy and aim should be to give our best help to its accomplishment.

Respectfully submitted,

Robert P. Clark

Alumni Secretary

#### ATHLETIC CORRECTION

In the May ALUMNUS we ran an article headed "Spring Football Practice." In the last paragraph of this article we referred to the men of last fall's team who would be lost by graduation. We find that "Tommy" Dickson was not mentioned. This stellar guard of the last two years has done too much for Maine to be overlooked and we hasten to express our apologies. We wish Tommy and the other stars of the 1926 Championship team every success and happiness. They will be missed from the Brice Machine next fall.

#### REPORT OF THE ALUMNI REPRESENTATIVES TO THE ATHLETIC BOARD

It is probably already well known to every alumnus present at this meeting that if success in athletics is to be measured by championships won then the year now closing has been outstanding in the history of University of Maine athletics. The Football Team not only won the State Series and tied for the unofficial championship of the N. E. Conference, but also went through the season with only one defeat. The Baseball Team won the championship of the State. The Track Team, losing the state title by a scant margin of points, went to the N.E.

ever before in the history of the University, and the constant and untiring effort of our coaching staff to make of athletics a means to an end, rather than the end itself, has brought the atmosphere surrounding our teams to the point where no parent need fear that his boy can derive other than good from becoming a candidate for a position on any team at this University. The fact just presented to you is recognized by other colleges of high standing, and the officials of Maine's athletic department frequently are complimented because of the high type of athlete,—and his rigid code of conduct,—who represents this University. One of the largest schools in the country, whose athletics are a model for every serious

1917 Reunion Class

meet on the following Saturday and brought back to Orono the first N. E. Championship Cup that has ever been in possession of a University of Maine Track Team. In Cross Country, Basketball, and Relay our teams were not outstanding in their record of wins, but they were hard-fighting outfits and a credit to the University.

It may interest the Alumni to know that on many occasions last fall the eleven men who composed the group playing on the football field were all State of Maine boys. Another interesting feature of last season's team is that the squad consisted of representatives of fourteen nationalities.

But if the yardstick by which we are to measure success in athletics is to consist of the real good to the greatest possible number of undergraduates in physical training, clean living, sportsmanship and the spirit of "The game for the game's sake," then this year has been indeed worthwhile. More students have participated in competitive sports than

thinking college man, has recently offered the University of Maine athletic competition, and frankly stated that it desired a contest because it is a recognized fact that our teams are of the type above mentioned.

Financially the Athletic Association is not in as good condition as could be desired. We need not here enter into a detailed discussion of this matter. It is sufficient to say that there can be no new branches of sport offered to the student body until the treasury is more affluent than at present, in fact there may possibly have to be further curtailment in athletic activities. However, the Athletic Board is working on this matter, is receiving the cooperation of the Administration of the University, and we can now report that steps are being taken which would appear to promise a sounder basis of financing than has been the case in the past.

There are no changes in the athletic staff contemplated for the future,—

Faculty Manager Kent has been recommended to the Trustees for re-election

for the year of 1927-28.

F. M. Brice, head coach of Football, Basketball and Baseball, both Varsity and Freshman, has another year to serve under his present contract.

Frank Kanaly, head coach of Cross Country, Relay and Track, both Varsity and Freshman, has another year to serve under his present contract.

Stanley Wallace, for five years trainer in all branches of athletics, will continue in that capacity. And right here we wish to call the attention of the Alumni to the work this man is doing,—the success of our teams can rightfully be attributed in no small measure to his skillful and untiring efforts.

William Kenyon, assistant to Coach Brice and detailed by him to coach Freshman Football, Basketball and Baseball, has finished his first year in that capacity under a three year contract. He has proven himself the man for the job, not only because of his technical knowledge of coaching these sports, but also because of the fine manner in which he has entered into the spirit of teaming with the other coaches to develop the greatest number of men to later in their college careers fill the gaps caused by graduation of Varsity players. Coach Kenyon has followed out this idea even at the expense of possibly making a record of himself in games won.

John Quinn, the only seasonal coach on the staff, an alumnus of the University practicing law in Bangor, was last year promoted from Freshman Football Coach to Ass't Varsity Coach specializing in training candidates for line positions. Those of you who saw our Football Team in action last fall already know why there is no desire to cancel the remaining two years of his contract.

While we are on the subject of coaches we wish especially to call the attention of the Alumni to the fact that we now have discipline and morale in our teams. Those of you who know the conditions in this respect that existed shortly after the war will readily understand why our present coaching staff has absolute and full support of the Athletic Board in handling cases where disciplinary measures are needed. Happily such cases are not frequent, but you may rest assured that they are firmly, though fairly, dealt with.

C. Parker Crowell has two more years on a three year term.

Wm. McC. Sawyer has one more year on a three year term.

Phil. R. Hussey completes a three year term with the closing of this college year.

Signed,

## REPORT OF ALUMNI TRUSTEE BUCK

Bangor, Maine, June 9th, 1927  
To the Alumni Association  
of the University of Maine,  
Orono, Maine:

As your representative I wish to submit to you a report of the activities of the Board of Trustees during the University year now ending.

### PERSONNEL 1926

At the beginning of the year the members of the Board were: Frederick H. Strickland, Bangor, President; Thomas E. Houghton, Ft. Fairfield, Clerk; Charles S. Bickford, Belfast; Edw. B. Draper, Bangor; Frank P. Washburn, Augusta; Rex W. Dodge, Portland; Harmon G. Allen, Sanford; Hosea B. Buck, Bangor; and Augustus O. Thomas, Augusta.

### TERMS EXPIRING DURING YEAR

During the year the term of Col. Strickland, C. S. Bickford and T. E. Houghton expired. Col. Strickland's term automatically ended upon his reaching the age of seventy years. Having worked and been in close touch with Col. Strickland during five years on the Board I had an opportunity to learn how loyal to and intensely interested in the University, Col. Strickland was. As President of the Board during those years Col. Strickland let nothing come before the interests of the University. His untiring and watchful devotion to the welfare of the University is not fully realized by a large number of our alumni and friends of the University.

Charles S. Bickford's long term and service to the University is well known to all alumni. His personality, familiarity with University affairs, and good judgment made him a valuable member of the Board; and his retirement has been and will continue to be a loss to the University. The memory of "Bick" should never pass from the alumni of the University of Maine.

### NEW MEMBERS

The new members appointed to fill these vacancies are William McC. Sawyer, Bangor, an alumnus who needs no introduction to Maine alumni; and Alton G. Wheeler, So. Paris.

Thomas E. Houghton was re-appointed for another term, a fact which should be fully appreciated by the alumni. Mr. Houghton as a trustee and as a member of the State Legislature has been of real service to the University. The University is fortunate in having him continue on the Board.

### PERSONNEL 1927

Harmon G. Allen, President; Thomas E. Houghton, Clerk; Edw. B. Draper; Rex W. Dodge; Frank P. Washburn; A. O. Thomas; Alton G. Wheeler; Wm. McC. Sawyer; and Hosea B. Buck.

### MEETINGS

The Trustees continue the policy of regular monthly meetings at the University, thereby keeping in close touch with the University affairs.

### COMMITTEES

Executive: Buck, Draper and Sawyer;  
Farm: Houghton, Washburn and Allen;

Honorary Degrees: Dodge, Buck and Wheeler;

Campus Planning: Buck and Wheeler;

Visiting: Dodge, Draper and Thomas;

Representative on Athletic Board: Buck.

### EXECUTIVE COMMITTEE MEETINGS

The Executive Committee has held frequent meetings with the President and Treasurer of the University, to discuss and dispose of matters coming up between the regular meetings of the Board.

### NEW BUILDING

During the past year the Crosby Hydraulic Laboratory building has been erected. This building was made possible through the generosity of the late Oliver Crosby, '76. Hydraulic equipment for the building will come from funds appropriated by the State.

### FRATERNITY PLEDGING

By action taken by the Trustees, June 5, 1925, "On and after September 1st, 1927, no freshmen or other first year students are eligible for pledging by or residence in fraternities, either local or national."

This ruling did not particularly attract the attention of the fraternities till the fall of 1926. After considerable consideration and many conferences with representatives of the fraternities, President Boardman recommended and on April 7, 1927 the Trustees adopted the following policy which supersedes the action of June 5, 1925:

In fall of 1927, 10 freshmen may be taken into houses; In fall of 1928, 6 freshmen may be taken into houses; In fall of 1929, 4 freshmen may be taken into houses; In fall of 1930, 0 freshmen may be taken into houses.

Houses are allowed to fill vacancies made during the fall semester of each year caused by the leaving of a freshman student who is unable to continue in college.

Beginning with the spring of 1931 the fraternities are allowed to pledge freshmen three weeks prior to Commencement with the understanding that the pledges will not be initiated nor allowed to live in the fraternity houses until the beginning of their second year at the University.....

#### RE-VALUATION OF BUILDINGS

For the purpose of placing proper insurance on the University buildings the Trustees have arranged for a re-valuation of each building. This work will be completed in early summer.

While the University did not receive from the State the full amount called for in budget submitted, it was very evident that the State Legislature fully recognized and was in sympathy with the needs of the University. One has but to go back a few years to discover a great change of attitude towards the University.

With this year I am completing my second three year term as your representative on the Board of Trustees. I have fully appreciated the honor thus conferred; and have enjoyed to the fullest extent serving my alma mater in that capacity.

Respectfully submitted,  
Hosea B. Buck

#### WASHINGTON

The Washington Alumni of the University of Maine held their annual meeting at the home of H. W. Bearce, '06, in Chevy Chase, Maryland, on Saturday, June 4. About fifty alumni and guests partook of the baked beans,—baked in the ground by L. A. Rogers, '96,—and the usual fixings. After the beans had been disposed of, a short business meeting was held. The remainder of the evening was spent in sociability and in watching moving pictures exhibited by J. B. Parker, '15.

Officers were elected as follows:

President: F. T. Norcross, '14.

Vice President: B. A. Chandler, '09.

Secretary & Treasurer: E. O. Whittier, '11.

Executive Committee, the above officers and N. C. Grover, '90, and J. B. Parker, '15.

In addition to those previously mentioned, other alumni present included C. E. Chandler, '13, W. B. Emerson, '12, J. M. Keep, ex-'18, C. P. Larrabee, '19, S. A. Hall, '15, G. P. Merrill, '79, Miss Mildred Merrill, '13, R. S. Pendexter, ex-'99, and W. L. Perham, ex-'87.

E. O. Whittier, Sec.-Treas.

#### BASEBALL CHAMPIONSHIP GOES TO MAINE

After winning four state series games in a row, Maine ball players found that they had the championship cinched. To make things even more unanimous both Colby and Bowdoin canceled postponed games.

Coach Brice's team this year was a hard hitting club and capable of fielding well. Due to the fact that the season is now long over this paper will not give a report of the games in detail. Suffice it is to say that the ball team showed the same fight and ability that carried the Maine football and track teams to championships.

### MARY ELLEN CHASE, '09 (A Sketch)

Mary Ellen Chase, of the class of 1909 is winning recognition as a writer of merit. The following sketch of her life to date will be very interesting to her old friends and will give other Maine alumni an opportunity to know her.

She was born Feb. 24, 1887, at Blue Hill, Maine, the daughter of the late Judge Edward E. Chase of Blue Hill, and of Mrs. Chase, now house mother of Phi Mu Delta House, Orono.

MARY ELLEN CHASE

She attended Blue Hill Academy and graduated from Maine in 1909. She was a member of Alpha Omicron Pi and lived in the Mt. Vernon House. Miss Chase advises us that she was not an unusual student in anything, and surely a disgrace in Mathematics and Sciences. If she excelled in anything at all, it was in composition, and English literature. Favorite studies: Greek under Prof. Huddilston, History under Prof. Colvin, English under Profs. Estabrooke and Thompson.

Miss Chase went west in the fall of 1909 and began teaching History and English at Hillside Home School, a delightful country boarding-school for both boys and girls in Hillside, Wisconsin. Went from there to Chicago in 1912, and began graduate study while teaching in the Starratt School for Girls. Studied in Germany in 1913.

She was in Montana from 1914-1917

for her health, and while there taught English and History for a year in the Gallatin County High School, Bozeman, Montana. In 1916 her first book was published, "His Birthday," a Christmas Sketch published by the Pilgrim Press, Boston. In 1916 a story for girls was published, called The Girl from the Big Horn Country, and this was followed in 1917 by a sequel, Virginia of Elk Creek Valley.

In the fall of 1917 she began her graduate work in English at the University of Minnesota, working in the eighteenth and nineteenth centuries and specializing in fiction and the essay. In 1918 her first short stories began to appear in Harper's Magazine, the most successful of these being A Return to Constancy, a story of her Maine childhood. She received her M.A. in 1918, and was appointed as Instructor in English at the University of Minnesota.

She received her doctor's degree from that institution in 1922, having written her thesis on Thomas Hardy. This thesis is to be published this coming summer of 1927 by the University of Minnesota Press in book form. From 1918 to 1922 she continued writing, for Harper's and, in addition, for the Atlantic Monthly.

In the summer of 1921 she went to England and Scotland, going as far as the Hebrides where from the interior of the Isle of Skye she collected some geological specimens at the request of the Department of Geology of the University of Minnesota. In 1924 she was again in England.

In 1922 she was promoted to the rank of Assistant Professor of English at the University of Minnesota.

In 1925 she was elected as alumna member of Phi Beta Kappa, the Maine chapter.

**WHY** do you say that when a life insurance agent calls on you?

It may be true, but why are you busy? It is largely because you wish to make the future secure for yourself and your family.

But the John Hancock agent wishes to do the same thing for you. He does not come to add to your troubles but to lessen them. He has for his commodity the security of your future.

Perhaps the next John Hancock agent who calls on you can answer some of your problems. He has the training and deals in policies to fit the needs of yourself and your business.
