This Other is brought to you for free and open access by DigitalCommons@UMaine. It has been accepted for inclusion in Maine Town Documents by an authorized administrator of DigitalCommons@UMaine. For more information, please contact um.library.technical.services@maine.edu.
A Community Connected By Choice
A Friendly Small Town With Full Municipal Services

The Town of Veazie is nestled between the City of Bangor and the Town of Orono and is located along Bangor’s public transportation route. Veazie is a small town with only 4.2 square miles of land and approximately 2,000 residents. Despite being small in size, Veazie offers a full range of services which include full time Police and Fire.

Veazie is governed by a five-member elected Council that exhibits extraordinary teamwork, civility and collaboration. The Town has recruited and appointed its employees with the goal of continuous improvement and the goal of excellence in local government. Come see what we have to offer for yourself. We look forward to meeting you!

1084 Main Street
Veazie, ME 04401

In March of 2016 I found out I was being transferred to Bangor, Maine from Washington, D.C. We immediately started to identify areas we wanted to live in. We quickly narrowed it down to Veazie and two other communities. Since moving [here] in July of 2016, we could not be happier with our choice.

~ Todd Zerfoss
Small School, BIG Heart

Welcome to the Veazie Community School! VCS is a beautiful, cutting-edge public school offering a full spectrum of learning opportunities for students in Pre-Kindergarten through the 8th grade. Our amazing facility along with overwhelming community support enables specialized access to Art, Physical Education, Health, STEM, Library Media, Spanish and Music (including instrumentals in grades 4-8). VCS also offers a wide range of extra and co-curricular learning opportunities including FLEX Friday, Robotics/STEM & Chess Clubs, Student Council, Civil Rights Team and many seasonal sports teams. We are a 1-1 technology school with iPads for all early primary grades, chrome books for the intermediate ages and MacBook Airs for Middle School. Students utilize a variety of STEM resources including 3-D printers, hydroponic growing labs and a school garden that is part of our farm to table program. Beyond the 8th grade, Veazie Community School provides school choice to a number of area high schools—an incredibly rare opportunity for parents to be in the driver’s seat of their children’s high school years. Our community, school and students are second to none! If you are new to the area and looking for the right community to settle, look no further. Veazie Community School is where it’s at!

Matthew Cyr
Superintendent

From the Superintendent to the students, the exemplary PTO and outstanding community involvement, we are not just members of a top tier school system.

We are members of a school family.

~ The Parker Family
Beyond the 8th grade, Veazie Community School provides school choice to a number of high-performing and award winning area high schools including:

- Orono High School
- Bangor High School
- John Bapst Memorial High School

School choice provides parents an incredibly rare opportunity to be in the driver’s seat of their children’s high school years.

Recovering a Natural Resource

The property was given to the town by the Penobscot River Restoration Trust after the demolition of the Veazie Dam and two powerhouses that were part of the dam complex. The dam was removed in 2013 as part of a $60 million project to restore much of the Penobscot River as a free-flowing waterway. The project included removal of the Veazie and Great Works dams, along with improvements to the fishways at the Milford and Howland dams.
