To the Superintending School Committee and the Citizens of Alexander.

I hereby submit by ninth annual report of your schools. Part of the school year has been hindered somewhat on account of sickness which has caused irregular attendance but these things can not very well be avoided.

On account of hard times it has been a struggle to meet the expenses, consequently there is a large outstanding bill for tuitions. With the amount of money recommended I see no reason why we cannot clean up these tuitions considering the large balance in the school account.

The schools have made good progress considering the conditions we have passed through. I have kept the expenses down to the lowest mark commensurate with the welfare of the pupils. We must have Text Books and Supplies but as the prices of these have dropped there will be a saving for the coming year. I have recommended $75.00 for these because there are back bills to be paid. This together with the balance will clean up these bills and leave enough to meet the expenses for the coming year.

I wish to thank the committee and the citizens for their hearty co-operation.

Respectfully submitted,

F. A. DAY, Supt. of Schools.
