LYMAN STROUT, Treasurer
To the Superintending School Committee and Citizens of Alexander:

In spite of existing conditions, we have been able to operate three schools with only a slight increase in the overdraft. It may seem to some that it has been an easy matter for the committee to decide just what to do, but I feel that we have considered all problems and have done the best possible for all concerned.

In reviewing the previous school records I find that larger overdrafts have occurred and that a budget even larger than asked for next year is not new. It is for the schooling of your children which is a good investment. In view of existing conditions even this budget may not be adequate to operate your schools as you would like, but we shall do our best, as we have this year.

I wish to thank the teachers, parents, citizens and Town officials for their cooperation and may we continue to work together for the improvement of your schools.

Respectfully submitted,

REGINALD H. DORITY, Supt. of Schools
