## WHO ME? RUN FOR OFFICE?

*Yes, You! For the State Legislature!*

It is no surprise that fewer women than men run for elective office in Maine and in the nation. But women possess valuable insights, problem-solving skills, and values that are needed in the formulation of public policy.

You probably have thought of a few things you would like to see changed. Well, maybe its time to put those thoughts to work and carve a name for yourself at the State House. Running for and holding office is a significant and rewarding challenge. If you would like to speak out on issues of importance to your community, organize broad coalitions of people, advocate for those who don't have a voice, argue passionately for issues you care about, and hammer out compromises that work for everyone, this may be the perfect job for you.

The Lobby encourages you to consider running for office. Often, running for a vacant seat is an easier way to get started than running against an incumbent. The following seats will be open in the 1998 elections due to term limits on the incumbents:

### Representatives Term Limited in 1998

## MAINE WOMEN'S LOBBY

### SEXUALITY EDUCATION THREATENED

*Maine applies for federal abstinence funds*

The Maine Women's Lobby has always supported comprehensive sexuality education for young people. According to research from the National Campaign to Prevent Teen Pregnancy and the Alan Guttmacher Institute, comprehensive programs which include life skills, sexuality education and abstinence, are the most effective in delaying the onset of intercourse or increasing the use of contraception.

The State of Maine has promoted this approach since 1979 and the teen pregnancy rate has dropped dramatically since 1980. Currently there is an effort to reverse our state's commitment to comprehensive sexuality education by accepting "Abstinence only" money from the federal government. As part of the welfare "reform" bill that was passed by Congress last year, \$250 million was made available to the states over a 5 year period for abstinence-only education. (see language of the law on page 2). States must match every four federal dollars they receive with three dollars from other sources. Maine has applied for the abstinence-only funds.

While we are relieved by Governor King's decision to restrict the use of this money to a media campaign for the first year, we are still concerned about the use of the money in years 2-5. We will be carefully monitoring the process and urge you to watch this issue closely. If you have any concerns about the use of this money you can contact the Governor at #1 State House Station, Augusta, ME 04333.

## MAINE WOMEN NEEDED IN THE CONSTRUCTION OF PUBLIC POLICY

*MWL encourages members to serve on state-appointed commissions, boards and task forces*

Women in Maine have achieved great political progress this year! Nationally and locally, women were elected and appointed to important public positions. Nevertheless, women remain in the minority in all aspects of political life. Now, more than ever, we need women's voices to be heard. Public policy decisions -- on welfare reform, the environment, health care, reproductive rights, and civil rights -- will disproportionately impact women. Yet, too often women's "real life" insights are absent or discounted in discussions about public life.

*Continued on Page 2*

## (ABSTINENCE - FROM PAGE 1)

*"A Separate Program for Abstinence Education" means an educational or motivational program which . . .*

- has as its exclusive purpose, teaching the social, psychological, and health gains to be realized by abstaining from sexual activity ;
- teaches abstinence from sexual activity outside marriage as the expected standard for all school/age children;
- teaches that a mutually faithful monogamous relationship and that context of marriage is the expected standard for human sexual activity;
- teaches that sexual activity outside of the context of marriage is likely to have harmful psychological and physical effects;
- teaches that bearing children out of wedlock is likely to have harmful psychological and physical effects;
- teaches young people how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances;
- teaches the importance of attaining self sufficiency before engaging in sexual activity.

*According to Section 510 [42 U.S.C. 710] of the Social Security Act*

## NEW MEMBERSHIP POLICY

MWL has instituted a new membership retention policy in an effort to streamline our operations and provide members with more opportunities to contribute to our work. We need to generate increased revenue because our costs have gone up as our capacity and programs have expanded. We hope this new policy will help us utilize our resources more effectively.

You may be accustomed to receiving a renewal notice in a certain month of the year, with additional notices to follow if we do not hear back from you. Now, we will be sending appeals to all of our members three times during the year. This will allow us to mail at bulk rates and consolidate our efforts. We hope that you will give as generously as you are able each time. We request that you contribute at least \$35 over the course of the year. MWL is committed to serving all women and a contribution of any amount entitles you to membership.

## (WHO ME? - FROM PAGE 1)

If you are interested in learning more about running for office, consider attending the National Organization for Women (NOW) Annual State Conference, Saturday, October 18 (11:00-6:00). They will be offering a workshop on running for elective office. Or call, the Lobby for encouragement. See you at the State House.

## (MAINE WOMEN NEEDED- FROM PAGE 1)

The Maine Women's Lobby works hard to bring a feminist analysis and emphasis on women's issues to the political arena. As part of our mission we endeavor to bring the diversity of women's voices to the table. Most often, we work to involve women in the legislative process by encouraging them to vote, communicate with their legislators about issues, and run for public office. But one area of the political process which often goes unnoticed and where women can make significant impact is by serving on state commissions, boards, and task forces.

Commissions, boards, and task forces oversee or research particular aspects of public life. Commissions advise the governor on policy issues, recommend legislative action, and prepare reports on topics of concern to Maine citizens (such as the Commission to Study Poverty Among Working Parents). Advisory boards oversee professional organizations (such as the Board of Education) or track ongoing public concerns (such as the Maine Disabilities Council). Task forces develop proposals on how to implement a program or tackle an issue (such as the Task Force on Improving Access to Prescription Drugs for the Elderly).

The work done by these committees is critical to the development and implementation of public policy. Members of committees are appointed and reflect a diversity of backgrounds, expertise, and viewpoints. It is usually not difficult to get appointed; a demonstrated interest in the issues and a commitment to the work is often sufficient. We hope that you will consider serving on a committee. If you are interested in learning more, please give us a call at 622-0851 or call Frances Frost (Governor's office) at 287-3531.

## **WE NEED YOU TO RATIFY PROPOSED BY-LAW REVISIONS**

### **To All Members:**

Recognizing the need to up-date the Lobby By-Laws (last revised in 1987), members of the Board reviewed and approved By-Law revisions on May 5, 1997. In accordance with the requirements for amendment (Article VI) they are presented here for the approval of all Lobby members. The primary objectives were:

1. To make the process of nominating and electing Board members conform to recent past practice, while retaining the original provision allowing members to present their own names as Board candidates.
2. To Provide Board member indemnification against financial claims made on the organization.
3. To adjust Board terms to provide for 1/3 membership turnover each year, thus ensuring continuity and experience.

In the process, several additional provisions were added that seemed prudent and useful, such as term limits and specific authorization for the appointment of committees.

All new material is underlined. Please review these amended By-Laws and, if you approve their adoption, fill in and send us the attached form. If you have questions, call Lillian Pease (737-8089).

## GIRLS' DAY AT THE STATE HOUSE

April 30, 1997 was not a day of business-as-usual at the Maine State House. Eighty girls from around the state converged on the State House for a day-long experience in civic affairs sponsored by the Women's Development Institute. From Presque Isle to Biddeford, teen girls came to learn about not only the role of government in their lives, but also the range of opportunities for them to play in government and public life.

The girls participated in a variety of activities, from meeting with department commissioners to discuss their concerns, to participating in mock public hearings and arguing for or against a proposed bill.

Forty legislators were also involved in the day; some of

them met with the girls to discuss the political process, while others offered to be "shadowed" by girls while they went about their duties.

The usuals at the State House agreed that the day lent an air of vitality to the hallowed halls. The girls gave a thumbs-up, saying that the day had provided them with insights and encouragement as they develop their aspirations for the future.

This was WDI's first Girls' Day at the State House; we hope to make it an annual event and to expand upon its success by developing additional training days for other groups of women and girls. Thanks to all the volunteers who made it happen!

## NEW PROJECT ANNOUNCED BY WDI

WDI is excited to announce the inception of a new project, the Women's Leadership and Economic Advocacy Project (WLEAP), a joint endeavor with Maine Equal Justice Partners. WLEAP is the next step in our ongoing effort to address the needs of low-income women. Maine Equal Justice Partners (MEJP) works to provide representation for low income people in the legislature as well as before the courts and administrative agencies.

Based on our past work with the Women's Economic Security Project and the data it provided, WDI and MEJP have been able to articulate to the public and policy makers the key issues and obstacles low-income women face moving from poverty into economic security. And thanks to the work of the Maine Women's Lobby and other advocacy groups, Maine has a good chance at implementing effective programs to address some of these basic poverty issues. However, more low-income women need to become involved in the process

for these opportunities to be realized.

We hope to encourage more low-income women to become effective advocates and spokeswomen on poverty issues both at the local and statewide level through WLEAP. WLEAP is an outreach and education project designed to help low income women develop their leadership skills. We will work with 32-40 women this fall to identify the issues women wish to work on; provide background information and education on the economic and social roots of poverty; develop strategies for effecting change; develop relationships and coalitions with other like-minded people/organizations; provide leadership and public speaking training; and offer a day-long hands-on civics experience at the Maine State House.

WDI is currently working to raise funds for this project - if you would like to help, call us at 622-0851.

*Start your morning off with a bang!*

Generally, bills passed and signed by the Governor take effect 90 days after they are signed. Exceptions are emergency bills which take effect immediately.

## FAMILY PLANNING AND REPRODUCTIVE CHOICE

All anti-choice bills were defeated. However, much time, energy and resources were expended to make that happen. The struggle to preserve reproductive rights for women is far from over.

### ALL DEFEATED

*Bills sponsored by Rep. Ahearne (D-Madawaska):*

**L.D. 4    *An Act to Preserve the Life of Viable Fetuses.***

**L.D. 57    *An Act to Strengthen the Laws Governing the Failure to Preserve the Life of a Live-born Person.***

**L.D. 441    *An Act to Prohibit Family Planning Agencies from Using State Funds for Certain Expenses Related to Abortion Services***

**L.D. 1403    *An Act to Require Parental Consent for Contraceptives.***

**L.D. 535    *An Act to Ban Partial Birth Abortions.*** Sponsor: Rep. Ahearne (D-Madawaska). Modeled on the federal bill that was vetoed by Pres. Clinton. Would have banned a particular abortion procedure and made performing the procedure a Class C crime unless necessary to save the life of the mother and no other procedure would suffice (there was no exception for the health of the woman). In addition, physician performing the abortion would be subject to damages in a civil suit. The most hotly debated of all of the anti-choice bills. Passed in the House and was defeated in the Senate and died between the Houses.

## ECONOMIC SECURITY

Most of the **Recommendations from the Commission to Study Poverty Among Working Parents (RCSPAWP)** were implemented either as bills or the concepts were incorporated into other bills. The AFDC program (Aid to Families with Dependent Children) has been replaced with the TANF program (Temporary Assistance for Needy Families).

**P.L. 1997, Ch.530: *An Act Regarding Temporary Assistance for Needy Families and Welfare Reform (Emergency).*** Replaces the AFDC program. Key components: Creation of a Parents As Scholars (P.A.S.) program and an 8 county demonstration project to “make work pay”. Demonstration project covers York, Knox, Waldo, Lincoln, Kennebec, Sagadahoc, Penobscot and Piscataquis counties. TANF parents living in those counties now able to have more of their earnings “disregarded”. (\$150 plus 50% of the remaining earnings) in figuring their cash grant. Participants in demonstration project will not have 5 year clock run while enrolled in demonstration. Parents As Scholars (P.A.S.)—A separate state-funded program providing 2 and 4 year post-secondary education opportunities for 2,000 participants. Participants receive same support services (child care and transportation) that they would currently receive in ASPIRE, will receive same cash benefit that TANF recipients receive, and will not be subject to 5 year limit while enrolled. All TANF applicants will be informed that they may request a determination of good cause not to cooperate in collecting child support or not to participate in ASPIRE activities due to a domestic violence situation. (For a complete summary of the new TANF program contact the **Maine Equal Justice Project at: 626-7058**)

**Chapter 43: *Resolve, Directing the Commissioner of Labor to Implement the RCSPAWP with Regard to Pay Discrimination Based on Gender.*** Sponsor: Rep. Povich (D-Ellsworth). Directs Commissioner of Labor to adopt rules to implement the provisions of the Maine Revised Statutes, Title 26, section 628 prohibiting discrimination in pay on the basis of gender. Commissioner shall forward the final rules to the Labor Committee no later than March 1, 1998.

**Chapter 23: *Resolve, to Implement the RCSPAWP with Regard to Microenterprise Needs.*** Sponsor: Rep. Povich (D-Ellsworth). Requires Department of Economic and Community Development to report to the Legislature’s joint standing committee having jurisdiction over business and economic development matters on the needs of entrepreneurship in the State.

**Chapter 65: *Resolve, to Establish the Commission to Study the Unemployment Compensation System (Emergency).*** Establishes an 11 person commission and directs it to study the unemployment compensation program to assess whether it is meeting the changing needs of the labor force and business community. Issues include: seasonality exclusion, disqualification of persons who lose work because of problems with child care or transportation, timeliness of the extended benefit trigger and the solvency of the unemployment compensation fund. Commission shall report back to the Labor Committee by Jan.1,1998.

**Chapter 36: *Resolve, to Implement the RCSPAWP with Regard to an Annual Report Card on Poverty.*** Sponsor: Rep. Povich (D-Ellsworth). Requires State Planning Office to report annually to the Legislature, beginning on Jan.1,1998, on the subject of poverty in the State, including poverty among children and adults, regional differences, conditions responsible for changes from the prior year, expectations for the coming year and the economic condition of the State’s communities.

**L.D. 564: *An Act to Implement the RCSPAWP with Regard to State Earned Income Tax Credit.*** Sponsor: Rep. Povich (D-Ellsworth). (Bill defeated—however, the concept of a state earned income tax credit will be explored by the Taxation Committee next session.)

**L.D. 840: *An Act to Have State Wage Laws Conform with the Federal Small Business Job Protection Act of 1996.*** Sponsor: Rep. Carleton (R-Wells). On Oct.1,1996 “tipped employees” saw their hourly wage increase from \$2.13/hr to \$2.38/hr. The second phase of their wage increase to \$2.58/hr. is scheduled to take effect Sept. 1, 1997. Bill would have reduced their wage back to \$2.13/hr. and frozen it at that level. (Defeated)

**P.L.1997 Ch.433: *An Act to Provide Court-ordered Income Withholding of Spousal Support.*** Sponsor: E. Townsend (D-Portland). States that spousal support orders issued or modified by Maine courts must have a provision for the withholding of income should arrearages of spousal support occur.

Commissioner of Education shall report findings of survey to Education Committee by Jan. 30, 1998.

**P.L.1997, Ch.333: *An Act to Ensure Proper Training for Conducting Forensic Examinations for Victims of Sexual Assault (Emergency).*** Sponsor: Rep. Lindahl (R- Northport). Expands pool of trained health care professionals by allowing nurses to conduct physical examinations and collect forensic evidence for victims of sexual assault. Modeled on a successful Sexual Assault Nurse Examiner program in Oklahoma, which resulted in increased convictions of perpetrators and reduced trauma for victims of sexual assault.

**P.L. 1997, Ch.507: *An Act to Protect Victims of Domestic Violence.*** Sponsor: Rep. M. Saxl (D-Portland). Establishes Domestic Abuse Homicide Review Panel to review the deaths of people killed as a result of domestic violence. Panel shall recommend to state and local agencies ways of improving system for protecting people from domestic abuse. Also requires a person under the age of 18 to obtain written consent from a judge of probate court before they can receive a marriage license.

## HEALTH CARE

**P.L. 1997, Ch. 340: *An Act to Decrease Infectious Disease Transmission.*** Sponsor: Rep. Mitchell (D-Portland). A small amount of money from this fund will be used for a Tobacco Prevention and Control Program. In January 1998, the Taxation Committee will determine how bulk of additional revenue will be used. MCCHC will have 16 members and shall submit recommendations, including legislation, to Governor and Legislature by Dec. 15, 1997.

Prohibits discrimination in areas of housing, credit, employment and public accommodation on basis of sexual orientation. Religious corporations, associations or organizations are exempt from provision. (The Christian Civic League and the Maine chapter of the Christian Coalition are mounting a "people's veto" petition drive to keep the law from taking effect.)

## WDI AWARDED FUNDS FROM MAINE WOMEN'S FUND

The Maine Women's Fund (MWF) awarded WDI a grant of \$6,000 in general operating support "in recognition of [WDI's] leadership in meeting the needs of women and girls in Maine through research and public information programs," according to MWF Executive Director Karin Anderson.

Thank you, MWF!

## WANTED: ENERGETIC, VISIONARY, GO-GETTERS

Maine Women's Lobby Board seeking new Board members

The Board of Directors has openings for new members. The rewards are fabulous: promoting one of the leading women's organizations in the state; working with a fun and committed group of women; developing useful organizing skills; putting your unique talents to work.

Over the next few years, the board will be focusing on the financial growth and stability of the organization as well as programmatic expansion.

Board members are elected to three-year terms and are expected to serve on at least one committee: CORE (Committee on Research and Education, which oversees WDI), Fundraising, Membership, or Legislative. Attendance at the monthly meetings (usually the first Wednesday) in Augusta, as well as other MWL functions, is required.

Individuals willing to make a commitment to the continued success and vitality of the Lobby are encouraged to apply. If you are interested in becoming a member of the Board, contact Board member Elizabeth Sheehan (W 772-5356; H 773-4806) with any questions and send a brief letter of intent and your resume to the office by **August 27** for election at the Annual Meeting October 1.

## MWL ANNUAL MEETING

The MWL Annual Meeting will be held October 1, 1997 from 6:30-8:30. All members are encouraged to attend. We will elect new board members; bid fond farewells to outgoing board members; provide an overview of MWL's missions and projects; and open the floor for a discussion of the future of the Lobby. We hope you will join us. Please RSVP for location by September 29 if you plan to attend.

## VOLUNTEERS NEEDED

MWL & WDI are seeking dedicated volunteers to help us with three specific projects:

## GIRLS' DAY AT THE STATE HOUSE

April 30, 1997 was not a day of business-as-usual at the Maine State House. Eighty girls from around the state converged on the State House for a day-long experience in civic affairs sponsored by the Women's Development Institute. From Presque Isle to Biddeford, teen girls came to learn about not only the role of government in their lives, but also the range of opportunities for them to play in government and public life.

The girls participated in a variety of activities, from meeting with department commissioners to discuss their concerns, to participating in mock public hearings and arguing for or against a proposed bill.

Forty legislators were also involved in the day; some of

them met with the girls to discuss the political process, while others offered to be "shadowed" by girls while they went about their duties.

The usuals at the State House agreed that the day lent an air of vitality to the hallowed halls. The girls gave a thumbs-up, saying that the day had provided them with insights and encouragement as they develop their aspirations for the future.

This was WDI's first Girls' Day at the State House; we hope to make it an annual event and to expand upon its success by developing additional training days for other groups of women and girls. Thanks to all the volunteers who made it happen!

## NEW PROJECT ANNOUNCED BY WDI

WDI is excited to announce the inception of a new project, the **Women's Leadership and Economic Advocacy Project (WLEAP)**, a joint endeavor with Maine Equal Justice Partners. WLEAP is the next step in our ongoing effort to address the needs of low-income women. Maine Equal Justice Partners (MEJP) works to provide representation for low income people in the legislature as well as before the courts and administrative agencies.

Based on our past work with the Women's Economic Security Project and the data it provided, WDI and MEJP have been able to articulate to the public and policy makers the key issues and obstacles low-income women face moving from poverty into economic security. And thanks to the work of the Maine Women's Lobby and other advocacy groups, Maine has a good chance at implementing effective programs to address some of these basic poverty issues. However, more low-income women need to become involved in the process

for these opportunities to be realized.

We hope to encourage more low-income women to become effective advocates and spokeswomen on poverty issues both at the local and statewide level through WLEAP. WLEAP is an outreach and education project designed to help low income women develop their leadership skills. We will work with 32-40 women this fall to identify the issues women wish to work on; provide background information and education on the economic and social roots of poverty; develop strategies for effecting change; develop relationships and coalitions with other like-minded people/organizations; provide leadership and public speaking training; and offer a day-long hands-on civics experience at the Maine State House.

WDI is currently working to raise funds for this project - if you would like to help, call us at 622-0851.
