SERVING THREE GREAT GROUPS
OF PEOPLE

From statement by Walter S. Gifford, President, American Telephone
and Telegraph Company, at 1946 Annual Meeting of stockholders

"It is not without significance that our Annual Report opens with
the statement that "The Board of Directors of the American Tele-
phone and Telegraph Company presents herewith the management's
accounting of its stewardship for the information of stockholders,
employees, telephone users and the entire American people who have
entrusted to private enterprise the responsibility for carrying on this
essential national service."

"There is every reason for the management of your company to treat
equitably each of the three parties concerned, namely, the telephone
users, the employees and the stockholders. For in the long run, the
interests of these three great groups of people, individually and
collectively, are mutual and interdependent.

"More and better service at the least cost is as much in the interests
of stockholders and employees as it is of the telephone users.

"Well-paid employees with steady employment; with opportunities
open to all for advancement; and with reasonable protection against
contingencies of illness, accident, death and old age are as much to
the benefit of telephone users and stockholders as to employees.

"A stable and fair return on the money invested in the business—
sufficient to attract the new money needed to develop and expand
facilities — is as good for the telephone users and employees as it is
for the stockholders."

WALTER S. GIFFORD
UNIVERSITY OPENS WITH LARGEST REGISTRATION

REGISTRATION of 728 freshmen on the first day of Freshman Week, Tuesday, October 1, the largest freshman group ever to place their names on University books, set the tone of the entire registration rush for the University fall semester, 1946. Continuing registrations of freshmen during the week brought the final first year total up to 728 as against the previous largest class of 625 in 1940. In addition the first year class includes several hundred students who began their freshman work during the spring and summer terms.

The freshman figures, however, were nearly lost sight of in the overwhelming totals recorded at the Orono campus for all four classes. On the first day of the college year, Monday, October 7, the total stood at 3,179 with the possibility that additional students would be recorded during ensuing days. This grand total was a figure which all officials have been anticipating and for which they have struggled against a multitude of difficulties in housing, scheduling, admissions, and other problems during the months of the spring and summer. It compares with the previous highest total at Orono of 2,018 on the third day of 1939.

Annex

However, the number at Orono did not complete the tally of those seeking higher education as the unceasing flow of entrance applications compelled adoption of a plan to operate a temporary annex. The only available place which could be obtained was at the former Navy Base in Brunswick. Here the Brunswick Extension Campus will open October 15 to accommodate an expected eight hundred freshman veterans. The Brunswick Extension will utilize about 35 buildings of the former air station for dormitories, classrooms, and administrative offices. A full athletic and recreation program will supplement the study program. Courses will parallel the regular freshman courses and it is hoped that at the close of their freshman year the students there will be brought to the regular campus for their sophomore year.

EXTENSION: Air view of The Brunswick Campus which will house some 800 freshmen as an annex to the University.

In general charge of the Brunswick campus is Jasper F. Crouse of Castine, recently finance officer and secretary to the trustees of the Maine Maritime Academy. Mr. Crouse is a graduate of Aurora College, Illinois, and has done graduate work at Bates for his M.A. degree in 1936. He has also studied at University of Chicago, University of New York, and Maine. He has held a number of teaching positions throughout the state, including service as submaster of the former normal school at Castine. Under Mr. Crouse, Jonathan W. French, Jr., of Thomaston, has been named administrative assistant and also instructor in French. He is a graduate of Bowdoin in 1937 and has done graduate work abroad and at Columbia. During the war he was an educational services officer for the navy. The business manager for the Extension will be Francis S. McGuire, '31, of Stonington, who has had extensive engineering experience since graduation and three years’ experience in construction work as a lieutenant in the navy.

The Brunswick faculty will include several key-men from the Orono staff supplemented by new appointees in the various departments required there.

Campus Adjustments

The unprecedented enrollment of the University, signal of a new era in the eighty-year history of the institution, has necessitated a number of adjustments.

(Continued on Next Page)
Dues Committee Plans For Year

Appointed for a three year term on the Dues Committee, Reginald H. Merrill '29 assumes another important post in Alumni Activities. Mr. Merrill fills the vacancy left by Weston S. Evans '18 who has served for three years.

In May of this year Mr. Merrill returned to Bangor as office manager for The Dole Company, electrical contractors. He also represents Pozzi, Horracks and Merrill, food brokers, a company which he entered in 1930 and of which he was vice president from 1931 to 1942. Mr. Merrill served in various capacities for this corporation in several New England cities. During the war years he represented other food brokerage concerns in Hartford.

Married in September of 1943, the Merrills have one son, Reginald H., Jr.

As an undergraduate Reg was a Sophomore Owl in 1926-27 and won his 'M' as manager of the track team. He has served as secretary of the Cumberland Alumni Association, vice president and member of the Executive Committee of the Connecticut Alumni Association

With a dues budget of $12,825, to attain the largest in Association history, the Dues Committee, of which James W. McClure '33 is chairman, met August 22 to make plans for the year's campaign. Working with Chairman McClure are Philip S. Parsons '34 and Reginald H. Merrill '29.

While the budget for 1946-47 calls for an increase of only 250 dues payments over last year, the committee believed that the number of active alumni supporting the work of the Alumni Association should at least equal the student body of approximately 4,000. In 1945-46 3,162 Alumni paid dues, the largest number in the history of the association.

The Committee voted to send The Alumnus to Alumni still in the service in a reserve status with those remaining on active duty would be considered as regular Alumni. No request for donations to the Service Fund was made this year but several Alumni have contributed to defray the expense of sending The Alumnus and other materials to alumni in service.

A study of dues payments showed that a large percentage of dues payments were not made until late in the year and that considerable savings could be made in printing and postage costs if dues were paid on the first or second notice.

It was voted to publish the tenth annual Honor Roll established to give recognition to those alumni who had paid dues for the last three or more consecutive years.

DIRECTOR: Jasper F. Crouse, formerly at Maine Maritime Academy, Castine, will direct The Brunswick Campus.

Local Association Meetings

18 Oct. City club, Hartford, Conn 7 p.m
Every Friday 12 Noon Boston Alumni Lunch
Club Grill—Second Floor Thompson's Spa
239 Washington Street
8 Nov. Merrymeeting Alumni Association Brunswick Campus Supper meeting
Dr. F. H. Steinmetz, head of the Department of Botany and Entomology, has been re-elected president of the Josse'yn Botanical Society of Maine at the 47th annual meeting of that group. Also elected with Dr. Steinmetz was Assistant Professor Fay Hyland as secretary vice president of the group.

Fraternities

A source of pleasure to alumni this year is the return of the pre-war fraternity system. The fall semester opens with all fraternity houses occupied to full capacity. Most of the residents are former house members who in all cases provide a sound nucleus for operation of the fraternities. Non-members are temporarily housed there to take advantage of the maximum living capacities of each fraternity. An early upper-class rush period is scheduled for this month following which new members will replace non-member students and the houses will continue on a regular operating basis thereafter.

Even with the utmost effort on the part of all concerned, the opening days found some of the new facilities unfinished. Temporarily some men students found sleeping quarters in the Women's Gymnasium in Alumni Hall and some were accommodated in the buildings at Dow Field, Bangor. Not a few difficulties and inconveniences remain to be surmounted but the words of President Hauck in his welcome message to the freshman class set the tone of the campus as it looks forward to the new era. He said, "You are entering the University of Maine at a unique period in its history, at a time when its resources are being stretched to the breaking point in order that you might have your chance for a college education. Some of the projects planned for your comfort and welfare have not been completed, but we know that we can count on your patience, forbearance, and friendly cooperation. You will remember that any temporary inconvenience is a small price to pay for the privilege of welcoming so many veterans to the campus."

"We extend our best wishes for happiness and profitable endeavor in the days ahead. We hope that this year will be one of happy memories."

Alumni will join our President in these words of hope and promise in looking forward co-operatively to a new future for Maine.

University Opens

(Continued from Previous Page)

Most obvious of these adjustments is the new construction required to house the students which is treated elsewhere in this issue. In order to gain the greatest possible use of available classroom space a new schedule of classes has been set up from 7:45 a.m. continuously through 5:45 p.m. for a ten hour class schedule.

A very high proportion of the new enrollment, as expected, is made up of veteran students and many of these have brought wives and families to the campus. The adaptation of undergraduate life to include baby carriages, nurseries, and working wives is just one of the many adjustments to be made.
GEORGE D. BEARCE '11, Hazen H. Ayer '24, and James M. Sims '32 have been appointed chairmen of important committees by Raymond H. Fogler '15, Chairman of the Union Building Fund Committee. These appointments are the first step in creating an extensive national organization to raise $750,000 net for the Union Building and equipment which is to be a memorial and tribute to all Maine men who died or served in World War II.

George D. Bearce '11

Mr. Bearce of Bucksport is chairman of the Building Requirements Committee. He is widely known among alumni because of his long tenure of office as a member of the Alumni Council and as president of the General Alumni Association. He has served the University and the Association on many important committees. Mr. Bearce is vice president and general manager of the Seaboard Paper Company at Bucksport, one of the largest manufacturers of newsprint and recently acquired by the Time Magazine interests.

Hazen H. Ayer '24

Mr. Ayer '24 of Winchester, Mass., is chairman of the Publicity Committee. He is vice president and general manager of the Seaboard Paper Company at Bucksport, one of the largest manufacturers of newsprint and recently acquired by the Time Magazine interests.

James M. Sims '32

Special Gifts Chairman

James M. Sims won attention during his undergraduate days as an athlete and student leader. That leadership has carried over to his alumni life. He was president of the New York Alumni Association where his capacity for organization came to light. He is now a member of the Alumni Council and of the Alumni Veterans Placement. He came to the University from Cranston, R. I., but is now located in Boston. He is to serve as chairman of the Special Gifts Committee. Mr. Sims has been with the W. T. Grant Co. for several years in various positions and is now merchandise manager, New England region.

Building Requirements Committee

During the summer, the Building Requirements Committee was busy studying the facilities which the proposed Union Building should contain. This alumni committee started its discussion with the list of facilities as adopted by a Student-Faculty Committee which had worked on this matter during the last college year. A tentative list of facilities which are desired for this Memorial Union has been adopted as the basis for preliminary plans and sketches.

The members of this committee in addition to Chairman Bearce, are as follows:

Chemistry Departments Established

In a history-making move the Board of Trustees this summer announced the establishment of separate departments of chemistry and chemical engineering in the College of Technology. Previously the two phases of chemical work had been carried on under a single administrative head. The department of chemical engineering will continue to include the division of pulp and paper technology.

Professor Irwin B. Douglass, a member of the University faculty since 1940 and acting head of the combined departments since 1941, will head the new department of chemistry. Dr. Roy P. Whitney, who was appointed in 1945 Director of the Department of Industrial Cooperation, has been named professor of chemical engineering and acting head of that department. Professor Douglass is a graduate of Monmouth College, Monmouth, Ill., and holds the doctorate degree from the University of Kansas.

He has taught at Kansas City Junior College, North Dakota Agricultural College, and Northern Montana College. Previous to coming to Maine, he served as research assistant at Yale University. Dr. Whitney, a graduate of M.I.T., has also received his Doctor of Science degree from that institution. He was director of the Bangor Station for the M.I.T. engineering practice program and in 1942 was assigned to the Chemical Warfare Service Laboratory in Cambridge, Mass.

Homecoming

HOMECOMING on NOVEMBER 2 may see the "SRO" signs for it will be the first opportunity for many of those home from the war to enjoy this annual event in several years. For others it will be the first chance in a long time because of travel and business restrictions to get back to the campus for a football game and renew acquaintances with classmates. Early inquiries indicate a record attendance for the week-end which will begin with the rally and bonfire Friday night.

The Homecoming Committee of which Winthrop C. Libby '32 is chairman is now arranging the program. Prof. Fred Lamoreau '30, Prof. Marion Rogers '30, Ted Curtis '23, Kenneth Parsons '34, Mrs. Joseph Murray '28, Mrs. Barbara Lancaster Raymond '37, and Mrs. Zoe Pettingill Alexander '41 are the committee planning to make Homecoming enjoyable and memorable for you.

Homecoming announcements will be sent about two weeks in advance to all Alumni in the East. Make your plans now for HOMECOMING, NOVEMBER 2.

Bequest of $10,000 Given for Scholarships

Payment of bequest of $10,000 from the estate of the late Mrs. Emma Jane Eaton of Calais to the University of Maine Foundation was received in September. The income from this fund is to be used for scholarship purposes.

Mrs. Eaton died in February 1944 at the age of ninety-two. She was known throughout Washington County and Eastern Maine for her philanthropic interests, especially activities in and near Calais and in Washington County. Only close friends had any knowledge of the extent of her assistance to many needy families and to all worthy causes.

The breadth of her interests is reflected by the many bequests which she made. All four of the Maine colleges were left identical amounts. She also bequeathed generous sums to the city of Calais, to her church and church society, Red Cross, Boy Scouts, Eastern Maine General Hospital and other beneficiaries.

Following is an excerpt from the will which defines the use which may be made of the income from this fund. "The principal is to be safely invested and to remain intact and the income only is to be used under such terms and conditions as each respective institution, through its proper officers, may deem wise, toward establishing a scholarship fund in such institution for the purpose of defraying the college expenses of any students who may be graduates of Calais High School or Calais, Maine. When such donees are not in attendance at such institution, the institution, through its proper officers, may in its discretion award such scholarship to any native of Washington County attending such institution, otherwise the fund is to accumulate until conditions of the gift obtain."

The University of Maine Foundation is a corporation organized in 1934 by alumni, trustees and friends to receive, hold and manage gifts, bequests and trust funds for the benefit of the University. Raymond H. Fogler '15 is President of the Foundation, and Ralph Whittier '32 is treasurer.

Fellowship

The University has announced the establishment of a research fellowship to obtain physical and chemical data necessary in the ammonium bisulphite pulp process of wood through the cooperation of the Solvay Process Company, Hopewell, Va. The fellowship is established in the Department of Industrial Cooperation under the direction of Dr. Roy Whitney. Dr. Whitney plans to assign a trained research fellow to the problem at the beginning of the fall semester. Purpose of the research is to provide information for the design of equipment to produce pulp through an ammonium process.
CHANGES on the CAMPUS

NEVER in its 75 years has the Maine campus revealed to returning students, faculty, or alumni the number and magnitude of physical changes which this year meets the inquisitive eye at almost every turn. Alumni returning for football games or Homecoming, even those familiar with the campus of but a few years ago, will find many new features of interest supplementing the old familiar buildings and lawns.

Housing

The most obvious new developments marking the campus are the three groups of pre-fabricated frame buildings erected at the south end of the campus, in front of the old library, and north of North Hall to provide housing for a large number of students anticipated for the fall semester. Throughout the summer workmen have been erecting building sections poured in a steady stream from the South Portland Shipyard area to the campus. Against a pressing time limitation and innumerable and seemingly endless problems of material supply construction went on steadily.

On the south end of campus the large apartment buildings will house veteran students and faculty-veterans with their families. Single veterans will occupy the north area of dormitory type buildings. In front of the old library freshman women will find a home. The latter development is made necessary by the reopening of fraternity houses to undergraduate membership on the pre-war basis so that women students who had previously occupied several of the fraternities must be accommodated elsewhere. About 150 freshman men are being housed at Dow Field.

To accommodate the unprecedented number of students, especially those in the north section of campus, a new dining-room has been built in the east end of the Indoor Field House. Serving cafeteria style, the new use of this space for dining purposes is only a temporary arrangement. The University hopes to have within two years, a new dining hall to serve all men's dormitories.

Library

Another effect of the increased enrollment of students and a larger faculty, was an urgent need for more classrooms and offices. To meet this problem, the University was forced temporarily to adapt some of the rooms in the new Library for these purposes. There was not a foot of space available in any other building on campus. The use of some of the rooms in no way affects the original library building plan. Temporary partitions have been erected in some of the larger rooms. As soon as the proposed new Plant Science and Engineering halls become available, it will not be necessary to use the new Library for classroom purposes.

The partial completion of the library's interior, even though in modified form, is sure to be a development of great interest to alumni having the opportunity to visit the campus this year. It will house the offices of Charles Crossland '17, Assistant to the President; Dean of Men, Dean of Women, Alumni Office, Placement Bureau, Publicity Bureau, Robert Worrick '43, Assistant to the Dean of Men; and Veterans' Education and Veterans Administration offices.

The Bookstore

With the departure of the Alumni Office and the Placement Bureau from the ground floor of Fernald Hall, the University Store and barber shop will have a welcome and much needed opportunity to expand into the entire ground floor area of the building. This move will greatly relieve the extremely crowded conditions which have been characteristic of the bookstore in recent years.

Another major construction job apparent to summer visitors was the enlargement and modernization of the university steam plant on the banks of the Stillwater. The use of additional building facilities this coming year made it obvious that the capacity of the plant would be insufficient to heat the campus. Therefore, the opportunity was taken to convert from stoker fired coal burners to oil and at the same time to install new and enlarged boiler capacity.

Athletic Field

One of the most apparent and perhaps most immediately interesting changes in the face of the campus this year is the development of a new football field on the side of the varsity baseball diamond northwest of Memorial Gymnasium. The moving of the athletic field was made necessary by plans for two new dormitories for men to be located on the old football field. The new field will run north and south instead of east and west as the old one did which should be of assistance to players as well as spectators who formerly had to look into the sun in the afternoon.

Fans will be accommodated in the large steel stand previously on the north side of the old field which has been moved to the west side of the new field. Additional wooden bleachers will be erected on the other side of the field. Baseball will have ample room for a new diamond in the area to the east of the present field which has been used during recent years as a practice field.

Present changes are regarded only as temporary emergency measures. The plans under way for three new dormitories, however, are important permanent additions to the University property. Two of these will be built in the men's dormitory area north of Hannibal Hamlin, the third will be constructed in the field southwest of Balentine near the women's athletic field. All will be used at first for men students but the addition to the south campus will ultimately become a part of accommodations for women.

FRONT COVER: Pictured this month on the cover is the north campus showing new developments. In the right foreground alumni will recognize Alumni Memorial Gymnasium; to the left of it is seen the new football field and stands; beyond, at the left of the picture, are the houses constructed this summer to accommodate single veteran men.
Institute—
A four-day series of meetings on Education for Physically Handicapped Children was an event of importance during the summer months. Sponsored by the School of Education and Summer Session, the conference included sessions on all phases of physical handicaps affecting the learning of school children. Many guest speakers covered subjects such as vision, hearing, speech problems and the socially handicapped and economically handicapped children. From the University Dr. Howard Runion discussed helping children with speech problems, a field in which he has done a great deal of work in connection with the Department of Speech.

Session—
Under the direction of Glenn Kendall, Dean of the School of Education, the University conducted its first post-war Summer Session from July 1 to August 9 followed by a special three-week Workshop in Education as a post session program. Total attendance of the regular session was 546 and this added to a regular University Summer Term for undergraduates, with a registration of 536, made the summer session again a busy time for all. Among the features of note during the multiple program was the third Workshop in Elementary Education and a Workshop in School Administration, the latter conducted under the general direction of Dr. Payson Smith. The summer saw the inauguration of the University's first major in physical education with work leading to a degree. Intended for coaches and physical directors, this program, under the School of Education, is one of the developments from the recent appointment of Dean Elton E. Wieman as Director of Physical Education and Athletics as well as Dean of Men.

Clinic—
An innovation in state-wide athletic education was the coaching clinic conducted at the campus, August 15, 16, and 17. Featuring the coaching staff of the University and Dean E. E. Wieman, Director of Physical Education and Athletics, the clinic brought high school, junior high school and preparatory school coaches from Maine and from outside schools. Football discussions were under the direction of "Tad" Wieman and Coach "Eck" Allen, assisted by the new assistant football coach, Joe Zabilski. Coach Allen also discussed basketball for the visiting coaches Bill Kenyon, veteran baseball mentor, handled the meetings for that sport and Chester Jenkins, track coach, discussed both track and cross country. In another session of the conference, the question of physical conditioning of athletes was discussed by Stanley M. Wallace who has been athletic trainer for 24 years. Attending coaches and their instructors both agreed unanimously that this first coaching clinic was an outstanding success.

Managers—
The first Training Institute for town and city managers to be held in the country was conducted at the University of Maine, Sept. 9 to 13 through the cooperative arrangement of Maine's Town and City Managers' Association, the International City Managers' Association and the University. With 16 sessions scheduled for the five day's, a broad and comprehensive program for the many delegates was arranged. Opening each day's program was a clinic directed by C. E. Ridley of Chicago, Executive Director of the International City Managers' Association, who led the study on major administrative problems along the lines of topics submitted by the managers. Among other subjects brought up for the information of the delegates and discussion by them were federal relations, press relations, municipal reporting, collective bargaining, zoning, accounting, and budget and revenue problems. Among the speakers featured at the discussions and lectures were Howard A. Keyo, University Publicity Director; Orren C. Horrill, Professor of Government, Bowdoin College, recognized authority on town management; L. L. Pelletier, Assistant Professor of Government, Bowdoin College; and David Stevens 28, State Tax Assessor. The program was attended by many of the town and city managers of Maine. The Institute was highly praised both by the thirty participants of the meetings and by the state press as an experiment in governmental education on the local level which should be widely copied in other states.

Agricultural—
Many of the departments of the College of Agriculture, Extension Service, and Experiment Station also found opportunity for busy days during the summer. The Penobscot County Grange held its annual field day at the University on August 10 featuring Congressman Frank Fellows '12 as one of the guest speakers. Thirty-nine high school agricultural teachers gathered at the campus for a four-day conference. Arrangements were made by the Department of Agricultural Education.
Abroad on a government mission, Diong D. Uong '26, vice president in charge of research, Fitchburg Paper Company, has been loaned by that company to conduct a survey of the pulp and paper industry in China. A report in Paper Trade Journal indicated that Mr. Uong's assignment from the government would require about two months for its completion. Purpose of the survey is to determine to what extent Chinese paper industry was damaged by the Japanese. A native of Fuchow, China, Mr. Uong is personally acquainted with the prewar conditions of the paper industry there and from his many years of experience with the Fitchburg Company will advise as to the needs of the industry in reconstruction. Following his graduation from Maine in 1926 in the pulp and paper course, Mr. Uong entered the employ of the Fitchburg Company in 1928 as a chemist and has been promoted in recognition of his technical ability and industrial leadership to the position of vice president in charge of research.

Retirement of Philip H. Harris '03 as president of the Pennsylvania Electric Company took place on September 1, marking the completion of thirty years of service. Mr. Harris was honored at a farewell dinner by more than 500 employees in Johnstown, Pa., on the occasion of his retirement. A native of Portland, Mr. Harris received his Bachelor of Science degree in Electrical Engineering from the University in 1903. He was then associated for a few years with General Electric Company and Westinghouse Electric Corp. Prior to his association with Pennsylvania Electric, he worked for Pocahontas Fuel Company in West Virginia. He began his career with the Pennsylvania Electric in 1916 as superintendent of electrical distribution.

A few years later he became general superintendent and in 1926 was named superintendent of engineering and construction. He was elected director and vice president in 1931 and six years later, September 24, 1937, was named president of the company. He has made his home in Johnstown, Pa., where he has had an active part in civic affairs and in fraternal organizations.

Retired: Philip H. Harris '03 has retired from the presidency of Pennsylvania Electric Co.

Appointed: Russell A. Walton '35 has been appointed supervisor of the New England area by the Union Mutual Life Insurance Company of Portland. He was formerly a member of the field staff of the Portland sales agency. Mr. Walton has been with Union Mutual since 1941 and has consistently ranked as one of the company's leading field representatives. A veteran of World War II, he spent two years in the Maritime Service, holding the rank of warrant officer at the time of his discharge in 1945.

Singer Jeannie McKeon of Hollywood and the national radio networks made the news in Maine when a special feature article named her as the former Jean Collins '38 of Lewiston, a graduate of Lewiston high school and alumna of Maine where she majored in chemistry and appropriately sang with the glee club.

Elected: Frank Fellows '12 of Bangor was elected last month for a third term from the third congressional district by the largest majority of any of the congressional candidates. The congressman returned to Maine after the House adjourned to fill campaign and speaking engagements throughout the state. He is a brother of Maine Supreme Court Justice Raymond Fellows '08. Congressman Fellows is a member of many important House Committees.

Albert K. Gardner '10

Trustee: Albert K. Gardner '10, Maine Commissioner of Agriculture, has been appointed to the University Board of Trustees for a seven year term. Commissioner Gardner, named to the Agriculture post in June, 1945, was given a trustee appointment in December to fill out an unexpired term. At the close of that appointment he was named to the Board for a full term and confirmed by the Council.

Trustee Gardner, a native of Rockland, is a graduate of the College of Agriculture and has been active in Maine agricultural work since 1911. He was state horticulturist from 1911 to 1916, then became county agent for Franklin County. In 1921 he was named crops and orchard specialist for the Agricultural Extension Service. Since 1935 he has been associated with the agricultural conservation program, performing outstanding service for the Agricultural Adjustment Agency. He was awarded the national certificate of recognition by Epsilon Sigma Phi, extension fraternity, in 1939.

The confirmation of Mr Gardner's appointment to the Board of Trustees by the Governor's Council was officially announced on October 10.

CONGRESSMAN: Frank Fellows '12 of Bangor has been reelected to the U. S. Congress by a large majority.
The Late Dr. Drummond

Dr. Robert Rutherford Drummond, who departed this life on May 10, 1946, had been for thirty-five years connected with the Department of German in the College of Arts and Sciences of the University of Maine. Throughout that period of time Dr. Drummond carried with him the respect and affection of the students and faculty of the College. He was a leader in the deliberations of the Faculty and on many responsible committees, his long experience and wise counsel were most helpful, to the Faculty and students alike, and he continued his associations with the teaching of German at the University. The Faculty and students uppermost in his mind. His loyalty to the University and his devotion to his work will long be remembered.

Dr. Payson Smith, Professor of Education since 1940, has been named professor emeritus by the Board of Trustees. Long active in educational work in Maine and Massachusetts, Dr. Smith will continue his association with the teaching profession as a lecturer in education.

The long career in education covered by Dr. Smith’s professional life began as an instructor in classics at Westbrook Seminary. He later became superintendent of schools in Canton, in the Rumford-Mexico Union and in Auburn. From 1906 to 1916 he served as State Superintendent of Schools for Maine and in the latter year was named State Commissioner of Education for Massachusetts, a position he held for 19 years. From 1935 to 1940 he was lecturer on education at the Harvard Graduate School. He became a member of the University staff in 1940 as professor in the School of Education. During the war years from 1942 to 1945 he served as Acting Dean of the School.

Dr. Smith is a member of many scholastic and professional societies and author of numerous articles in that field. He was the recipient in 1939 of the National Educational Award. He has been honored by the presentation of honorary degrees by many colleges and universities including the four Maine colleges.

Bowdoin Game Tickets

With a heavier demand than ever for state series tickets and fewer seats because of the moving of the football field and the temporary loss of the cement stands, the assignment of seats is bound to cause some disappointments this year. This will be particularly true of the Colby and Bowdoin games.

A native of Bowdoin, Iowa, Dr. Peterson was graduated from Coe College in 1906. He subsequently received the M.A. and Ph.D degrees from Harvard University. He entered college teaching in Illinois and later taught at Missouri Valley College and Sterling College, Kansas.

He came to the University of Maine as professor in Italian and Spanish in 1918, later becoming head of the department of Romance Languages, a position he held up to the present year. From 1930 to 1945 he served as director of the University Summer Session. In 1933 and again from 1943 to 1945 he served as Acting Dean of the College of Arts and Sciences.

Dr. Brush, a member of the department of Psychology since 1928, is a graduate of Vermont and Harvard. Dr. Wilmart Starr has been a member of the faculty since 1937 in the field of Romance Languages. In the new departmental set-up he will act as head of a department combining Romance Languages, German and Classics. He is a graduate of Wesleyan and Johns-Hopkins.

Dean Roy M. Peterson

Given Leave of Absence

Dr. Roy M. Peterson, professor of Romance Languages since 1918 and for many years head of that department, has been granted a leave of absence from the University because of ill health. Dr. Peterson has also been serving as Dean of Graduate Study. In his absence, Dr. Edward N. Brush, professor of Psychology, has been named Acting Dean of Graduate Study and Dr. Wilmart H. Starr, associate professor of Romance Languages, will serve as acting head of the Department of Modern Languages and Classics. Both Dr. Brush and Dr. Starr have recently returned to the University following a period of military service.

A native of Bagley, Iowa, Dr. Peterson was graduated from Coe College in 1906. He subsequently received the M.A. and Ph.D degrees from Harvard University. He entered college teaching in Illinois and later taught at Missouri Valley College and Sterling College, Kansas.

He came to the University of Maine as professor in Italian and Spanish in 1918, later becoming head of the department of Romance Languages, a position he held up to the present year. From 1930 to 1945 he served as director of the University Summer Session. In 1933 and again from 1943 to 1945 he served as Acting Dean of the College of Arts and Sciences.

Dr. Brush, a member of the department of Psychology since 1928, is a graduate of Vermont and Harvard. Dr. Wilmart Starr has been a member of the faculty since 1937 in the field of Romance Languages. In the new departmental set-up he will act as head of a department combining Romance Languages, German and Classics. He is a graduate of Wesleyan and Johns-Hopkins.
Football Program

The University opened its 1946 gridiron program with a pre-season practice on September 5 with Coach George "Eck" Allen again directing the work of the squad following his service with the U.S. Navy. Allen is being assisted by a competent staff, most of whom are familiar to Maine fans from previous years, plus help of Joe Zabilski as chief assistant.

Zabilski, a newcomer to Maine football, is a former Boston College star where he played guard. The Providence native is a member of the B.C. championship team of 1940. He also competed in track and basketball, having competed against Maine in track in '38, '39, and '40 as a member of the B.C. team. Like Coach Allen, he served in the Navy in the athletic training program at North Carolina and Minnesota and was on sea duty 18 months. During the football season he will help Coach Allen with general coaching duties. Following the close of the season he will go to Brunswick to help direct the athletic program there for freshmen.

The Brunswick athletic program, from the opening of that unit October 15, will be under the direction of Robert E. Raymond, former physical director at Garland Street Junior High School, Bangor. Raymond is a graduate of Springfield College in 1937 and has had experience coaching basketball and baseball in addition to his Bangor work. He, too, has served in the Navy physical education program.

Other members of the coaching staff include veteran Bill Kenyon, entering on his twenty-first year at Maine, who will concentrate largely on scouting duties, and Sam Sasek '31, now well-known to Maine athletic fans. Winslow "Windy" Work, recovered from war wounds and returning as a student at the University, is also one of the coaching assistants as is William Irvine, also a pre-war football man returned for further University work.

The training and physical conditioning of the men will be supervised as usual by Stanley Wallace assisted by Harold Woodbury '36.

The coaches will groom the football men for a seven-game program. The use of freshmen on varsity teams has been approved for this year in accordance with the practice of the war years.

Hammer-Thrower

Alumnus Bob Bennett '41, who starred for Maine in the hammer-throw a few years ago, has not deserted that sport, according to a news report from the summer. Bob competed in the National AAU meet at Texas and placed second to another State of Mainer and previous competitor, Irving Folkertshny, of Deering High School and Rhode Island State College. Bennett threw the weight a distance of 164 feet 43/4 inches.

ATHLETIC TEAMS

---

**Rhode Island 14—Maine 13**

Resuming a full scale post war schedule Maine opened the season on September 28 with Rhode Island on the new Maine gridiron and was defeated 14-13 in a game marked by fumbles and a weak pass defense.

Coach "Eck" Allen, back for his full season after service in the Navy, called a squad of about forty for pre-season training which began September 5.

After a disappointing first half Maine's attack reached its peak in the third quarter. Hagopian took the opening kickoff deep in his own territory and moved to midfield before being downed. Moving to Northeastern's 35-yard line in successive downs King heaved a long pass to Hagopian who made a sensational catch and ran for 55 yards but was hauled down on the three-yard line. Northeastern's superb power and reserves were an impenetrable wall.

The backfield showed inexperience in pass defense although the margin of victory was a third period safety set up by a fumble on the 21 yd. line. Standing in the end zone, King faked a kick handing the ball to Hagopian swinging around from his halfback post who was brought down by a Rhode Island tackle.

Maine made 10 fumbles, many of which were due to poor passes from center after Sheriff had been benched. However, the line held well and was aggressive on the offense. Don Presnell, right end, acting captain for this game, showed up very well with Dana Bunker at left end nearly as good.

With Rhode Island leading 14-0 in the third quarter, Maine began to show the fighting spirit which has marked the Pale Blue teams in the past and which may overcome many weaknesses in future games. Maine made nine first downs to four for Rhode Island, completed five out of 18 passes for 65 yds. while Rhode Island tossed 18 passes, four of which were good for 80 yds.—two of them for touchdowns.

**Northeastern 13—Maine 7**

Although outplaying Northeastern, Maine lost a heartbreaking game played at Boston. After a slow first half Maine's attack reached its peak in the third quarter. Hagopian took the opening kickoff deep in his own territory and moved to midfield before being downed. Moving to Northeastern's 35-yard line in successive downs King heaved a long pass to Dana Bunker who made a sensational catch in the end-zone. Later in the period Rabbit Domkowski raced 55 yards but was hauled down on the three-yard line. Northeastern's superb power and reserves were an impenetrable wall.

The backfield showed inexperience in pass defense although the margin of victory was a third period safety set up by a fumble on the 21 yd. line. Standing in the end zone, King faked a kick handing the ball to Hagopian swinging around from his halfback post who was brought down by a Rhode Island tackle.

Maine made 10 fumbles, many of which were due to poor passes from center after Sheriff had been benched. However, the line held well and was aggressive on the offense. Don Presnell, right end, acting captain for this game, showed up very well with Dana Bunker at left end nearly as good.

With Rhode Island leading 14-0 in the third quarter, Maine began to show the fighting spirit which has marked the Pale Blue teams in the past and which may overcome many weaknesses in future games. Maine made nine first downs to four for Rhode Island, completed five out of 18 passes for 65 yds. while Rhode Island tossed 18 passes, four of which were good for 80 yds.—two of them for touchdowns.

**J-V 18—Ricker 6**

After a disappointing first half the Junior Varsity team came back smartly and defeated Ricker Junior College 18-6 in their opening game of the season.

In the beginning of the second half Maine made a drive that carried 70 yards in a few plays. Shalek was outstanding in the backfield with able support from Botka and Wiggins. Joe Corbin, son of Paul Corbin '21, was captain for the game and a standout in the line at left guard.

With the FACULTY

Dr. George P. Steinbauer, Seed Analyst for the Agricultural Experiment Station, has been elected president of the Association of Official Seed Analysts of North America meeting at Michigan State College. In addition to his presidency, Dr. Steinbauer will continue to serve as chairman of the national committee on standardization methods of seed analysis.

Dean Arthur L. Deering, head of the College of Agriculture, was among representatives of land grant colleges invited to Washington in September for a conference with USDA officials on the administration of the Agricultural Marketing Act. Under the terms of this act funds will be provided to the states for education, demonstration, and research in the marketing of farm products.

Several faculty members were honored by election to office during the annual meeting of the American Society for Engineering Education in June. From the College of Technology, Dean Paul Cloke was elected junior vice president of the American Society for Engineering Physics. Associate Professor William F. Scamman '08 of the English Department was named secretary of the English Division of the Society.

Scholarships Awarded

Three students were recipients of scholarships and prizes during the undergraduate Summer Term. The Alpha Omicron Pi Alumnae Prize was given to Colleen Richardson of Caribou. It is awarded annually to the woman student showing the greatest improvement in her work during the freshman year. The prize is given by the Bangor Alumnae Chapter.

The Carrol C. Jones Scholarship was won by Frederick A. Perkins of Stillwater. It is awarded annually to the student showing the greatest improvement during the freshman year and is open to either men or women. The scholarship is in memory of Carrol C. Jones '14 through a bequest by his mother, Minnie E. Jones of Solon.

Phyllis C. Pendleton of Caribou was awarded the Kidder Scholarship, awarded annually to the student whose rank excels in the junior year. The scholarship is made possible by a gift from the late Dr. Frank R. Kidder '79 of Denver, Colo.

THE MAINE ALUMNUS

OCTOBER, 1946
active in the American Legion, Rotary Club, and Boy Scout work. He was 55 years old at the time of his death.

1919

CORNELIUS FRANCIS GILES. Report has been received from Lowell, Mass., of the death of Cornelia L. Giles on March 20, 1919. Mr. Giles was 48 years old at the time of his death. He was a member of Sigma Nu fraternity. No additional details are known at this time of his passing.

1922

ARNOLD WESLEY TYLER. At the Veterans' Administration Hospital, Togus, Arno. W. Tyler, 46 years of age, died June 13. A native of Mount Vernon, he was a graduate of Cony High School and the University where he was a member of Phi Kappa Sigma fraternity. He entered the employ of the Central Maine Power Company following his graduation in 1922 in the accounting department, and continued in the employ of that company until shortly before his death. Mr. Tyler was a veteran of World War I and active in the American Legion and the Masons.

1928

FRANCIS HAROLD MASSELINK. New England sales manager for the Kalamazoo Vegetable Parchment Company, Francis H. Masselink of Winthrop, Mass., died March 12, 1928, following a brief illness. Immediate cause of death was pneumonia. Mr. Masselink was a member of Phi Kappa Sigma fraternity at the University during most of his life following attendance at Maine. He was associated with the Kalamazoo Company for 31 years and had been manager of the New England Sales Office in Boston.

1939

VERNITA GERTRUDE COLSON JORDAN. The Alumni Office has been informed of the death of Mrs. James R. Jordan, the former Vernita Gertrude Colson of Camden. Death occurred in the spring of 1945. Mrs. Jordan was married in April, 1944, to Lt. James R. Jordan of Camden. Previous to her marriage she taught school in Camden. No further details have yet been received of her passing.

BY CLASSES

1895 The retirement of LeRoy R. Folsom of Norridgewock from the position of assistant state attorney general took effect in July. Mr. Folsom served as legal counsel to the State Health and Welfare Department since 1929. He was earlier a member of the Executive Council, served two terms in the State Senate, and one in the House. On the occasion of his retirement, he was honored by fellow employees of the department.

1900 Word was received during the summer from Percy L. Ricker of Washington, D. C., who took a four months' trip to the Southwest, Pacific, and Rocky Mountain states collecting and photographing wild flowers in color.

1902 The trustees of the Northern Conservatory of Music, during their annual meeting, elected Ralph Whitter of Bangor as president for 1946-47.

1903 William B. Burns is town manager for Caribou. His residence is Pendleton Street, Caribou.

1910 Leroy W. Anes of Bangor has been named a director of the Eastern Maine Life Underwriters Association at the annual meeting of that group recently.

1919 Twenty-five years of service with the New Jersey Bell Telephone Company was marked by presentation of a gold watch to Mr. J. W. Johnson of the New Jersey Bell, heading a staff of over two hundred persons in the publication and distribution of telephone directories.

1921 Secretary: Mrs. Emilie K. Josselyn, 15 Caryl Ave., Yonkers 5, N. Y.

Mrs. Ruth E. Fairchild has been named head of the Home Economics Department at Westbrook where she has served the past five years as vocational home economist.

A new residence address has been received for Richard E. McKown at 5 Martin Rd., Wellesley, Mass. Mr. McKown is a banker in Wellesley. Leland M. Mower is now employed by the American Cyanamid & Chemical Co. His residence is 83 Eastern Ave., Pasadena 8, Calif.

1918 George Hutchins is now employed by Hutchins, Kole & Co., 320 Bay St., Toronto, Ontario. His mail goes to 18 Robinwood, Toronto.

1919 Donald M. Libby is now employed by the Central Maine Power Company, Augusta. His residence address is 21 Fessenden St., Portland, Me. At the annual meeting of the staff of the Eastern Maine General Hospital, Dr. Edward L. Herlihy was named president of the staff. Dr. Herlihy is head of the X-ray department.

1921 Secretary: Mrs. Emilie K. Josselyn, 15 Caryl Ave., Yonkers 5, N. Y.

Our 25th brought forth a lively group of '21'ers and their families. It was a reunion to remember! Highlights of the day were class meeting in Wingate, Class Parade, and Alumni Banquet. Many of you who weren't at reunion can take our word for it that you missed a major event. Read your June Alumnus for details!

Many of you who weren't at reunion can take our word for it that you missed a major event. Read your June Alumnus for details!

The column this month contains names of some of those who attended reunion. Your new class officers:

Mike Foley: (re-elected Class President). In 1945 Mike organized his own business: Cumberland Creamery, Inc. at Westbrook. Maine, manufacturer of surplus dairy products. Frozen-deli lockers, etc. Good luck to you, Mike, in your new business. To quote from the "welcome" sign on my farm at Oak Hill, Scarborough, where I live with my wife, daughter, and two sons.

Bob and Dick, twin sons of Warren, are Freshmen at Maine. The Prebles are golf enthusiasts. The family proudly of Mrs. Preble who is a member of "The Hole in One" club.

Peg Bledsoe: (re-elected Class Secretary). Coordinator on religious education materials for The Pilgrim Press Bookstore, Boston. To quote Peg, "My hobbies are hamburger roasts (in any sort of weather) and tennis (yes, still!)." The class owes Peg a hearty vote of thanks.
"Mert" claims the distinction of being longest married in class. Can any of you beat this record? His second daughter, Joan Margaret, was with Mert for Alumni Day. Joan plans to enter Maine in 1947.

Wesley Plumer, his wife, and son were on the campus in June. The Plumers have been loyal supporters of the Maine-New York Alumni for many years. Their home is in Schenectady, New York. Red, get that pen and get busy on your biographies for the class!

This is all for now!

Next month I'll include items of interest from the biographies some 25 of you sent to Peg Bletchley. We were one of the many who didn't send in material, why not do it now?

Send your letters to me. Don't forget your class dues.

The Little family had a frantically busy but interesting summer with visitors from many parts of the United States as well as from England, Germany, Brazil, France, and China. Does anyone else feel that the summer went more rapidly than ever?

1925 Secretary. Mrs. Louise Q. Lord, 38 Forest Avenue, Orono, Me.

Back again. First let me thank you all for the cards and letters you all sent in response to our letter. The number far exceeded anything we expected. They came from all over the United States, England, and even from India. It was great and we hope next time you will all be able to come in person. Keep the news coming.

We were not able to get enough together for a real reunion but did do a lot of talking.

Later in the summer Class President Frank Hussey called together the officers and the local people. We made some tentative plans. We are in hopes of getting an organization started to work for a suitable contribution at our Twenty-Fifth reunion.

Francis D. O'Leary has received his discharge from Military Service and is back to his address: Brewer, Maine. He is with the Veterans' Administration at Togus as Assistant Vocational Rehabilitation Officer.

"Jim" Blair is now in Manchester, Conn., where he has his own department store.

Nan Mallory Graham writes she is teaching in Long Beach, N. J. She has two children, Robert age 9, and Betty 11. She is currently living on Hurston Trce. 25B. She is now an osteopathic physician in England. Her address is 36 Welbch St., London, England. "Bill" Elliott is now in Boston. His daughter graduated from Nasson a year ago. Sorry she didn't choose U. of M. Aura Coburn was very sorry she could not be on the campus for Commencement but is looking forward to the 1950 reunion. He is editor for Fuel Oil and Oil Heat magazine published monthly by the Heating Publishers Inc., in N. Y.

Walter D. Scannell is with the General Electric Co. in the Lamp Dept.

"Rudy" Vallee extends his regards to all the class. Regrets that he would not be able to come East this year.

Imagine my surprise to receive in the middle of the summer a letter from Bombay, India. It was from a friend who had been stationed in the East for ten years. He is expecting to return to the States by the end of the year with headquarters in N. Y. C.

Thank you all for your ideas and it is interest like this that will enable us to have a big reunion on the twenty-fifth.

The Alumni office sends the following note:

George Savage Brookes has given twenty years of devoted service to the Union Church of Rochville, Conn., and feels that he has earned the privilege of release from active parish work. He has been recognized by the Church by making him Pastor.

Ralph Hobson is Terminal Foreman for Fox and Gim Inc., 151 Center St., Bangor.

Henry G. Perkins, principal of Old Town High School, has resigned to accept a position as superintendent of schools in Union, Maine. Lincoln Sennett has assumed principalship of Washington State Normal School at Machias. He has been a teacher of...
the school’s Social Science for the past twenty years. Congratulations on your promotion.

Irving S. Bailey is Eastern Division Sales Manager for Lees-Cochrane Co., Inc., 295 Fifth Avenue, New York, N. Y. Dr. Stephen S. Brown has been appointed director of the Maine General Hospital in Portland.

1929 Secretary: Miss Barbara Johnson, 32 Orland St., Portland, Maine

The marriage of Miss Catherine Scribner Laffin, daughter of Dr. and Mrs. Francis P. Laffin of Ellsworth, and George Francis Mahoney was solemnized May 11 in St. Joseph’s Church, Ellsworth. Mrs. Mahoney who served in the USNR (W) for 43 months served as officer of the Waves, being stationed in the Bureau of	

1930 Secretary: Mrs. Polly H. Leech, Oneonta, New York

Directors of the Merrill Trust Company (Bangor) have elected Richard S. Bradford to succeed Dr. Stephen S. Brown as vice president. “Dick” was formerly manager of the Orono branch and was transferred to the home office over a year ago as assistant trust officer. In his new position he is to be associated with the loan department.

Horace Croxford, principal at Bar Harbor high school, is the president of the Penobscot Valley Conference.

Ermond F. Lewis, formerly personnel manager of the Eastern Gas & Fuel Association, Everett, Mass., now holds a similar position with the Saco Lowell Textile Co. His residence is at 30 Thornton Ave., Saco.

Horace A. Pratt, Orono, has been named secretary of the Maine Technology Experiment Station, and Testing Engineer for the Maine State Highway Commission at the University.

The marriage of Miss Catherine Scribner Laffin, daughter of Dr. and Mrs. Francis P. Laffin of Ellsworth, and George Francis Mahoney was solemnized May 11 in St. Joseph’s Church, Ellsworth. Mrs. Mahoney who served in the USNR (W) for 43 months served as officer of the Waves, being stationed in the Bureau of	

Dr. Stephen S. Brown has been appointed director of the Maine General Hospital in Portland.

Ernie Scott is at New York University as an instructor in educational psychology. He is also teaching education courses in the graduate school. This appointment followed six years as principal of the state normal school at Castleton, Vermont, and involves work for a doctorate in addition to the teaching.

Galen Vayo has been appointed superintendent of schools in Auburn, after having been acting superintendent since sometime last spring. Another recently acquired civic activity to add to his already lengthy list is the chairmanship of the Lewiston-Auburn chapter of the American Red Cross.

Dr. Howard Soper is returning to American International College in Springfield as head of the department of philosophy. He taught there for eight years previously and resigned as head of the department of psychology two years ago to take the pastorate of the Congregational Church in Jeffersonville, Vermont, and the Federated Church in Cambridge. This year he will teach courses in Bible, history of philosophy, and adolescent psychology and will also be in charge of the daily chapel programs.

Ernest Gatcombe is at the U. S. Naval Academy, Annapolis, Maryland, as an as-
sistant professor in the post-graduate school. Residence address: 192 Prince George St, Annapolis, Md.

Joseph Schultz is sub-master at the Shurtleff High School, Chelsea, Mass. His home address is 19 Cary Avenue, Chelsea.

Scharfen (Charlie) Chaplin worked in Freese's again this summer and is back as principal of Newport High School this fall. We saw him last year and he looks better than he did. He lives nearer than I do! Couldn't have been much demand for this job I'm doing or I'd have been fired long ago!

James Edmund Elliott (and that's how Professor Willard used to say it 'way back in freshman algebra, remember?) is now Master Mechanic with Lowell Elec. Light and Power Co., Lowell, Mass. He lives at 288 Turnpike St., North Andover.

Linwood Bowen has been elected district superintendent of School Union 79 (Brooks, Jackson, Monroe, Swanville, Waldo, and Thorne). Linwood has been principal, Mattawamkeag High School, teacher at Presque Isle High School; at Brewer High School; principal Morse Memorial High School, Brooks, and principal Bucksport High School. He is married and has two sons.

Miss Patricia Josephine Byrnes, daughter of Mr. and Mrs Patrick J. Byrnes of Bangor, became the bride of John T. Barry at St. Mary's Catholic Church on Saturday, July 20. The bride is a graduate of the Bangor schools and of Rosemont College, Roslindale, Pa., and has done graduate work at the Harvard Graduate School of Education and the University of Minnesota. She is a member of Delta Kappa Gamma, National Honor Society in Education, vice president of the Bangor Teachers' Club, chairman of the modern languages department of the Maine Teachers' Association and a member of the Teacher Welfare committee of the M. T. A. She is the teacher of Latin and French at the Fifth Street Junior High School in Bangor. John, before the war a radio producer and actor in California, is now associated with Station WABJ in Bangor. He spent three years of his "service" overseas as station manager of the American Expeditionary Radio Station in Foggia, Italy, and later filled the same assignment in Rome. Their address is 14 Hudson Street, Bangor, Me.

From Maynard Hänckes comes the following: "Fellow classmates, it will be necessary to assess class dues to provide funds to meet the financial commitments of the class and to build up our Class fund. About October 15, you will receive a request explaining our needs. Your cooperation will be appreciated.

1933 Secretary: Mrs. Dorothy Findlay Carnochan, 37 Falmouth St, Portland, Me.

Frank Hagan of Bath, formerly of the Veterans' Administration Office at Togus, is now located in Portland with the Veterans' Staff as agriculture adviser for the sub-regional office. Mr. Hagan will help place veterans who wish to enter agricultural fields and supervise training of men on farms.

Clark Abbott is employed by the Wear Ever Co.; his address is 315 Elmwood Ave., Providence, R. I.

Laurence M. Stevens is now associated with the Standard Oil Co. His residence address is 519 Brooklawn Ave., Roselle, New Jersey.

Winston S. Hoyt has returned from Washington, D. C., where he has been with the Navy Dept., to his former position at the Franklin County Savings Bank, Phillips, Me.

Don Frazier is now employed as Chemical Engineer and Industrial Hygiene Engineer for the Eastern Roofing Div., Bird and Son, Inc., E. Walpole, Mass.

Johnny Wilson is now living in Buffalo, N. Y., where he is Executive Ass't to the vice president, Pneumotens Division, American Machine & Foundry Co. at Broadway and Kennedy St.

Doris Smart became Mrs. Anson J. Pollard on June 29th. Mr. Pollard is chef of the Research and Information section, American Mach. & Foundry Co., at Broadway and Kennedy St.

Doris Smart became Mrs. Anson J. Pollard on June 29th. Mr. Pollard is now associated with the American Machine and Foundry Co., at Broadway and Kennedy St.

Ernest E. Sparrow has been with the American Optical Co since March as machine designer. He was previously with the Boston Navy Yard as a marine engineer. Address: 27 Chestnut St., South Roxbury, Mass.

Dr. and Mrs. Robert Henkle (Hazel Scully) a son, John, was born July 3rd. (Sorry, I didn't get his first name.) The Henkles live in New London, Conn., at 145 Williams St. Dr. and Mrs. Winston C. Robbins (Louise Hill) a daughter, Nancy Sandra, was born August 3rd. The Robbinses live on Stonybrook Road, Cape Elizabeth.

Gilbert Calendar was extremely interesting, covering lightly his service career. He entered in 1940 and 1943 was a Lt. Colonel in command of an Artillery Battalion in the 66th Infantry Division. While in France he saw 133 consecutive days of combat. Later, in Germany, he was given command of a Russian displaced persons camp (slave laborers who had been liberated). This was a camp of 18,000. Gilbert says this was a priceless experience and one on which volumes could be written. In France he was presented the French Croix de Guerre with the Silver Star and the Bronze Star Medal. Since his discharge last October, Gilbert has been working for the Power Regulator Co. in Boston as a Field Engineer. The Coxes have a daughter, Marilynn, born in 1943. Their present address is 65 Athelstan Rd., Newton Center 59, Mass.

There's such a pile of news before me that I'll get right down to business. First of all I wish to acknowledge a letter from Gilbert Cox that didn't quite catch up with me last spring. I never want to commit the error of missing a personal class letter. They're all too rare.

To Dr and Mrs. Robert Henkle (Hazel Scully) a son, John, was born July 3rd. (Sorry, I didn't get his first name.) The Henkles live in New London, Conn., at 145 Williams St. Dr. and Mrs. Winston C. Robbins (Louise Hill) a daughter, Nancy Sandra, was born August 3rd. The Robbinses live on Stonybrook Road, Cape Elizabeth.

Johnny Wilson is now living in Buffalo, N. Y., where he is Executive Ass't to the vice president, Pneumotens Division, American Machine & Foundry Co. at Broadway and Kennedy St.

Doris Smart became Mrs. Anson J. Pollard on June 29th. Mr. Pollard is chef of the Research and Information section, New York City. He is a graduate of the University of Vermont and has Ph D. at Cornell University. Mr. Pollard is the son of Mr. and Mrs David H. Pollard, Norwalk, Conn.

Mrs. Thompson N. Berdeen (Mildred Harvey) left in July to join her husband in Germany. Her address is Postal Division U. S. F. E. T., APO #737, c/o Postmaster, New York, N. Y.

Mrs. Gertrude Perry Smith is now a secretary in the office of the Secretary of the Navy. Her residence is 119 S. Street, SW, Washington, D C.

Ardon Mercier is assistant to Research Director for Carman & Co Inc., 629 West 27th St., New York, N. Y.

Irving Harvey is now employed as assistant to plant superintendent of Sharples Chemicals Inc. His residence is 1543 Vineyard Wood, Wyncote, Pa.

Wayne Rich is now county 4-H Club agent, Merrimack County, New Hampshire. His residence is 282 Main St., Concord, N. H.

Larry Tompkins sold his farm in Lime- stone and bought a home in York Beach, Maine. He is still Aroostook County Fieldman for Eastern States. The Tompkins have four children, Larry Gene, ten, William, seven, and twins, Jane and James, are two.

Walter Ludden is now employed as assistant paymaster at the American Shovel Co., Old Town. His mail goes to Box 17 Lincoln Center.

Mrs. Thompson N. Berdeen (Mildred Harvey) left in July to join her husband in Germany. Her address is Postal Division U. S. F. E. T., APO #737, c/o Postmaster, New York, N. Y.

Mrs. Gertrude Perry Smith is now a secretary in the office of the Secretary of the Navy. Her residence is 119 S. Street, SW, Washington, D. C.

Ardon Mercier is assistant to Research Director for Carman & Co Inc., 629 West 27th St., New York, N. Y.

Norman Pratt is managing the Pine Grove Filling Station, Sulfur, Maine. He is also an accountant with the Newton Motor Sales Co., 723 Washington St., Newtonville, Mass. His residence is 19 Wellington St., Arlington 74, Mass.
June—probably the column will turn out to be so long that I'll have to save half of the news for next month in order not to take up more of our space in the Alumni News.

We all had a grand time and wish that more of you could have been there. We had each member of the class write on a slip of paper the information to be passed on. Here 'tis:

-Dot Knott Packard and Vernon are living in Bangor, Me., and have two children, Jane, 8 yrs., and Robert, 4 yrs. Vernon had been in the army for 4 years and is now on promotion to J. B. Hubsler Lumber Co. in Camden. Dot says that all friendly '36 traffic from Bangor to Boston will be welcome for the "pause that refreshes."

-George Frame and his wife have one son, George II, aged 4. George is a Feidelity and Security Bond Specialist for Hawkebird Bros., Co., in Portland, Me. Their address is 147 Milk St., Boston, 9, Mass.

-Alan Corbett is a Pathologist at the U. of N. H. The Corbetts have two children, Judith, aged 3, and Andrea, 6 months. Their address is 711 Colonial Dr., Portland, Me.

-Atton Prince is Asst. Prof. in Botany at U. of M. and Asst. Plant Physiologist in the Agricultural Experiment Station. From Sept. 1940-June 1946 he was Asst. prof. in Botany at Clemson Agricultural College, Clemson, S. C. He received his Ph.D. at Harvard in 1945. Atton is married and has a son, David William, aged 4.

-Carolyn Carrer Lombardi was, in June, in Bangor, 58 Jefferson St. Her husband is a Major in the Army Air Corps, stationed at Shaw Field, Someret, 3, Conn.

-Hank Little is living at Bucksport, Me.

-Phil Estabrook is married to Betty Pinnell and is a Development Engineer in Buckport, Me.

-Vivian Dow Spruce and husband, Wilfred, are living in Milford, Me.

-Dr. Madely Dyer is married to Philip Doucette and is an optometrist in Portland, Me.

-Alfred Tannor Black has two children and is living in Bath, Me., where John is a real estate agent.

-Ruth Hineckly McLaughlin and husband, Edward, live in Orono, and have two children.

-Bill Mongovan is a salesman for Eastern Color, Corp., Bangor, Me.

-You probably all know by this time that John Sealey is the new Executive Secretary at U. of M., succeeding Charles Crossland who is now Asst. to the President. No doubt John will be visiting your Alumni Association. I'm sure I can wish him the best of luck from all of us.

-If any of you who attended reunion have been omitted it is, as I said before, because of lack of space (and my arm's tired) but you'll be in next month.

1938 Secretary: Mrs. Wallace Gleason, 61 Bennnoch St., Orono, Maine

I have a card here from Bob Harvey who I received last May just too late for the June issue of the Alumni. Quote: "Saw Capt. Richard Ireland in Boston for a few moments. Maybe this news is new. A. Veague is in the furniture business in Cambridge, Mass. Parker Troy is raising chickens, children, etc., and is a draftsman at Hingham, Mass. Bob Fuller is in the auto business with his father at Portland, Me.; and Dick will soon be discharged from the Signal Corps of the Army but intends to work with them in Radar as a civilian. Bill Kenny has bought himself up as a landscape gardener." Since Bob's card arrived 4 months ago, Arnold Vegae has left the furniture business and is now associated with Eaton and Babcock Firm in Bangor, Me. Barbara Lancaster and Gordon Raymond were married in the Methodist Church in Old Town on June 15, 1946. They reside on Park Lane. Gordon is employed as training officer at the Veterans' Administration in Bangor.

On behalf of the class, I wish to extend...
sympathy to Johnny Gowell and his wife on the loss of their six-month-old daugh­ter which occurred last May. Johnny is with Remington Arms Company, Inc., 939 Barnum Ave., Bridgeport, Conn.

Donald B. Mayo is now employed by the General Ice Cream Div. of National Dairy Co. of America, Schenectady, N. Y. and has been promoted to Manager, Customer's Service Department.

Charles O. Armstrong is employed as Fire Protection Engineer for the Eastern Inspectors Bureau of New York, N. Y. His mail goes to Box 62, Neptune, N. J.

Blanche Holman was married to John Shaw of Perry, Me., on May 19, 1946, at the First Congregational Church in Auburn for the past four years and formerly served Methodists parishes in Prospect Harbor, Mattawamkeag, Orrington, and Woodland.

His mail goes to Box 62, Neptune, N. J.

Dr. George Philbrook is now assistant professor of Organic Chemistry at the University of Georgia. He has one son age 15 months, named John Neal II. Dr. Philbrook's address is Chemistry Dept., Univ. of Georgia, Athens, Georgia.

Dr. and Mrs. Dana R. Orr—Barbie Ware—are living on Allen St., Wilton, Me. Russ was in the service for two and one-half years and was discharged with the rank of Captain. They have one daughter age 3 and a son, Lauriston, born in August.

Oliver M. Neal is graduate student in science and tactics at the University of Maine. His mail goes to the Maine Methodist Conference Board of Education and Missions, and is residing in Bangor. He has been minister of the High Street Methodist Church in Auburn for the past four years and formerly served Methodists parishes in Prospect Harbor, Mattawamkeag, Orrington, and Woodland.

Dr. George Philbrook is now assistant professor of Organic Chemistry at the University of Georgia. He has one son age 15 months, named John Neal II. Dr. Philbrook's address is Chemistry Dept., Univ. of Georgia, Athens, Georgia.

Dr. and Mrs. Dana R. Orr—Barbie Ware—are living on Allen St., Wilton, Me. Russ was in the service for two and one-half years and was discharged with the rank of Captain. They have one daughter age 3 and a son, Lauriston, born in August.

Morris Rubin, Bangor attorney and veteran of World War II, has been honored by the American Legion in recognition of his efforts in behalf of veterans. Mr. Rubin is a member of the famous Merrill's Marauders, who saw service in Burma and China. The Healeys and their four children are living at one of the University's housing projects on the campus.

The following is a clipping from the Bangor paper: "Leo Lieberman of Bangor has joined the Spur Repertory Company at the Cherry Lane Theatre, 38 Commerce Street, New York, as a director. Lieberman's theatrical career began in his undergraduate days at the University of Maine, where he composed the score of a musical play and worked on a production of 'The Good Soldier.' He later received his law degree from Harvard, after which he entered service. Having been honorably discharged in 1945, he again turned his attention to the theatre and has just completed a year's study at the Yale Drama School. He will direct 'Awake and Sing' and 'Dear Brutus.' "

Again turned his attention to the theatre He has just completed a year's study at the Yale Department of Drama. He will

Ted Atwood is employed as a buyer at Sage-Allen and Company in Hartford, Conn. and is now living in West Gardiner.

First Lieutenant Robert S. Robertson, on the medical staff of Halloran General Hospital in New York, N. Y., has been nominated for commander of James W. Williams Post, American Legion, at a meeting held in Bangor recently. Mrs. Robertson attended the Juilliard School of Music and plans to make her musical debut soon. While resident surgeon at the Columbia-Presbyterian Medical Center in New York City, Bob made two important contributions to medical literature. One concerns anesthetics for tonsilectomies, and the other the recovery from a case of meningitis caused by a rare ear infection. Mr. and Mrs. Alvah Pangburn are the proud parents of a son, Garry Alvah, born on June 25.

Ed and Anne Perry Bram have their second child, Barbara Elizabeth, who was born on July 10. The Brams are living at 24 Union Street in Bangor.

Virginia Pease and Nat Fellows were married in Wiscasset on August 8. Ginny has been employed as a buyer at Sage-Allen and Company in Hartford, Conn. and is now living in West Gardiner.

Mr. and Mrs. Alvah Pangburn have a son, James Alvin, who was born August 8 in Farmington.

Alvalene Pierson Karlsson has just written a booklet. "So You're a Republican," for prospective party workers in New York. She is the editor of the Republican Review, 108 Talbot Ave., Rockland, Me., and is a member of the Board of Governors of the Young Women's Republic­an Club of New York.

Secretary, Mrs. Edward Ladd, 108 Talbot Ave., Rockland, Me., is the editor of the Republican Review, 108 Talbot Ave., Rockland, Me., and is a member of the Board of Governors of the Young Women's Republican Club of New York.

Greetings, everyone. I hope you all had a wonderful summer. It certainly was a busy one for many of you according to all the news.

Related thanks to Buzz Tracy who, as chairman of the program committee for our 5th reunion, did a wonderful job

Belated thanks to Buzz Tracy who, as chairman of the program committee for our 5th reunion, did a wonderful job.
We who were there missed you who couldn't make it, but hope to see everyone in another five years.

Franklin Dexter is a Jr. Technician for Bakelite Corp., Bound Brook, N. J. His address is Mount Horeb Rd., Martinsville, N. J.

Mr. and Mrs. Dudley Utterback (Barbara Orff) announce the birth of Carol Ann on Sept. 3rd in Bangor.
it is good to get going on the column again and give you the news that has been accumulating.

To begin: Lisa Marge and Dick Franza now have a second child, and their first boy, Michael David. Rich left the States the 10th of June after spending an at an A.M.G. School in Carlisle, Pa. He is now in Korea, and Margie expects the family will be able to follow him sooner or later.

Flossey and Dale Butterworth proudly announce the birth of their second girl, Sally Anne, who was born on August 23rd, in Brunswick, Maine. The Butterworth family are living in Redbank Village, Portland, as previously reported, and are all fine.

“Dj” and Andy Andrews are back in Boston after a summer in Norway, Maine, with their new son, Scott Francis II. Andy feels his name has been mentioned too often recently, but grants an exception in this case, ahem! We would like to add that he and “Dj” are at their former address, 1135 Boylston St., Boston, and Andy is beginning his final term at Harvard Business School soon.

We also have the report that Mike Roy and Miss Janice Gordon, 46 were married on September 15th in Maine, at St. Catherine’s Church. Our congratulations! Mike’s address is 40 Middle St., Orono, where he and his bride are living while Mike studies at the University.

Jim Girdwood forwarded from Cherry Point, where he is stationed now, a clipping from the front page of the Mid-Ocean News, a Bermuda newspaper, describing a “daring sea rescue made by a NOB seaplane.” This plane was navigated by friend, Mark Ingham, and the story tells of a flight through a storm.

Joanna Holmes Evans and Clinton Bardo were married on June 12th in Wiscasset, Maine. Our congratulations.

At the Boston Alumnae dinner-meeting in September, Midge Merrill and Barbara Hess were both present; Midge, Carlton and Andy are beginning their final term at Harvard Business School soon.

And from the Alumni Office, we have many items which we shall try to include here.

Esther Randall, 19 Sabattus St., Lewiston, Maine

Another year rolls around and from all appearances it's certainly going to be an extra busy year for everyone. Preparation for graduation is in full swing, but true, there are about as many '44ers back on campus now as there were the year we officially graduated!

Way back in June we had a nice letter from Charlie Kloss which just missed the last issue, so here's his address any way—En., Charles E. Kloss, U.S.N., 4802 Central Ave., Capitol Heights, Maryland.

All Reynolds received his discharge from the navy in August, and this month he starts back to school at Columbia with a government major. Mail goes to 25 Edmond Rd., No. Andover, Mass.

Mary and Doug Fenwood are living at 49 High St., Malden, Mass., where Doug is attending Boston University law school.

Ruthie Allen is in Washington, D. C., with government services, and at last report was reported to Miss Beth Marie Carter in St. Louis. She is an assistant manager in charge of production in the War Department cafeteria. The marriage of Miss Margaret Alice Brown, daughter of Mr. and Mrs. Edward H. Brown of Durham, N. H., and Dana E. Bunker, son of Irvin Bunker of Auburn, Me., took place at the home of Mr. and Mrs. Bunker and was announced in The Alumnus!

Margaret McCurdy has a new Portland address—206 Dartmouth St.

Paul Eastman was appointed assistant in agronomy at the Maine Agricultural Experiment Station in Orono, and during the summer he has been working on various field experiments being conducted by the station in Central Maine.

One of the first suggestions of fall is the station in Central Maine.

Esther E. Flagg has been appointed County 4-H Club Agent for Piscataquis County effective August 1, 1946.

Lots of you people must have new addresses, so how's chances on giving us the latest dope? By the way, keep in mind that November 2nd is Homecoming weekend.

1945

Secretary. Miss Constance L. Carter, 163 Greyrock Pl., Stamford, Conn.

One of the first suggestions of fall is The Alumnus! And a wish that we could be on the campus again. Bits of news help to satisfy that desire to be with the "old gang" again so how about sending in some of those bits! We like to know where you are and what you are doing, '45ers.

Shall we go back to last Easter when a wedding took place in Sabattus, Maine. Elmer Folsom took his bride Joyce. The church was decorated with palms and Easter lilies. Mr. and Mrs. Folsom will be living in Orono where Elmer is continuing at the University. Thelma Folsom is going to be teaching home economics in the high school at Conway, New Hampshire, this fall. Ther- na Myers also is teaching in Conway. Jean Gilbert is teaching in Whitman, Mass. Annette Bishop '44 and Dottie Wilbur '44 are to be teaching in Presque Isle.

A letter arrived last June from Claudia (Scammon) Nibek. She and Dick are living at 628 Lane B. Spencer Park, Hastings, Nebraska. Dick is out of the service and they are enjoying their apartment with a lawn—imagine that!

On August fourth Carolyn Chaplin became the bride of H. William Bradley of Bangor. Carolyn and Bill were married at the St. Andrews Episcopal church in Wellesley, Mass. Connie Carter was maid-of-honor and Dick Clark was best man. Mr. and Mrs. Chaplin went on a trip to New York City after the reception which was held at Dover Ames at Wellesley College. Maine representatives were—Babs Haines, Betty Ambrose, Bob Chaplin, Jack Chaplin and Bill Lamport. The Bradleys' address is 70 Church St., Wellesley, Mass.

Yours truly is still at the Stamford Day Nursery and liking the work very much. We have an average enrollment of ninety children a day. The staff consists of a director, assistant director, supervisor (myself) and nine teachers. We all live here at the nursery.

Special requests are in order for news and addresses from Barbara Dennett, Lorraine Davis, Bud Hale, Ben Warner and Florence Armstrong.

Esther E. Flagg has been appointed county 4-H club agent for Piscataquis county effective August 1, 1946.

Miss Mary C. Merry, daughter of Mr. and Mrs. Eugene R. Merry of Anson, and Gordon C. Oatway were married recently at the home of Mr. and Mrs. Oatway and were announced in The Alumnus. Mr. Oatway is employed by the Augusta Grain Company.

Announcements are received of the marriage of Miss Margaret Alice Brown, daughter of Mr. and Mrs. Raymond E. Neal of Portland, to James W. Claff of the University of Maine. Mr. Neal who has been in the Army for three years has recently been discharged.

Announcements are received of the marriage of Miss Margaret Alice Brown, daughter of Mr. and Mrs. Raymond E. Neal of Portland, to James W. Claff of the University of Maine. Mr. Neal who has been in the Army for three years has recently been discharged.

The wedding took place at the home of
the bride's parents. Winslow Work was best man and Madeline Nevers was in charge of serving.

- Miss Janet R. McIntosh, daughter of Mrs. Elsie McIntosh of Worcester, Mass., became the bride of Henry B. Cole, son of Mrs. Florence B. Cole and the late Arthur Cole, on June 1st in Friends Church, Worcester. Mr. and Mrs. Cole will reside in East Providence, Conn. Mr. Cole is employed by American Optical Co., Southbridge, Mass.

- Mr. and Mrs. Peter Peterson announce the engagement of their daughter, Muriel, to Ralph L. Denison, son of Mr. and Mrs. Paul Denison of Milltown, N. B. Miss Peterson is employed as a secretary at the American's Office of St. Stephen's Church, Boston. Mr. Denison served three years with the Royal Canadian Navy. He attended St. Stephen Business College and is now employed by the Canadian concern. The wedding is to take place in September.

- Mr. and Mrs. Clinton Greenwood announce the engagement of their daughter, Joan Elizabeth, to Mr. and Mrs. Richard Franz, of Melrose, Mass. Mr. Franz is resuming studies at the University. The wedding is to take place in the fall.

- Arnold B. Earle is employed by the Automatic Sprinkler Works, Eastern Fire Protection Co., Lewiston, Maine. His address is: R.F.D. #1, Box 3, Lisbon Falls.

- Miss Marie L. Haines of Washington, D.C., and Robert A. Pancost, son of Mr. and Mrs. Cyril O. Pancost of Miami, Fla., has been announced by Miss Haines' mother, Mrs. Thelma B. Haines. Miss Haines had graduated with the National Institute of Public Affairs and American University in Washington, D.C., and later was employed by the Department of Labor. Mr. Pancost has recently resumed his study at the College of Engineering, University of Cincinnati, Cincinnati, Ohio. (The wedding took place on August 31, in Waverly.)

- The marriage of Miss Elinor Hodgkins, daughter of Mr. and Mrs. Carroll Hodgkins of Falmouth St., to Arthur H. Curtis, son of Mrs. Frank Gott of Franklin, took place at the summer home of Mr. and Mrs. Stearns at Highland Lake. Mr. Curtis was graduated from Bryant Stratton's Business College. He served in the Army five years during which time he was for three years in the Pacific with the Counter-Intelligence Corps.

- Miss Lora O. Doble, daughter of Mr. and Mrs. Lawrence Doble of Milo, became the bride of James H. Bates, son of Mr. and Mrs. Merritt Bates, at the home of the bride's parents. The couple will reside at 33 Main St., Orono. Mrs. Doble will continue as teacher at the Bennet School.

- Albert Smaha is employed by the Columbia Markets, Forest Avenue, Portland, Maine.

- Miss Margaret E. Carlisle of Bangor became the bride of Garrett D. Speirs, Jr., recently in Bangor Mrs. Speirs is a graduate of Trinity College, receiving her degree in June of this year. Mr. Speirs recently returned from two years' service with the Army and is now continuing his studies at the University of Maine.

- 1946 Secretary: Miss Mildred Byronas, 218 Washington St., Hartford, Conn.

From all I hear many of our original classmates will be on campus this year, including many of the married folks who are returning to complete their studies. Connecticut seems to have sent many of our graduating class. Here in Hartford Anna Keene has decided to stay at the Aetna Life Institute another year. Sue Reddy Duffey the other day busily selling better dresses at the department store of G. Fox and Co. Mary Miller is also enjoying her work at Mr. Allen Department Store selling to the Teen-Timers!

- Angie Venisi visited us last week and brought from Norwich news of Tim Heath, who is returning to the campus this fall. Other news from Norwich included the marriage of Jan Gordon to Robert (Mike) Roy, which took place Sept 15. After attending Jan at the wedding, Mary Hubbard flew out to Cleveland, Ohio, where she is working for A. D. A.

- Angie is member of the faculty at Pratt High School in Essex where she is teaching Home Economics. The Junior and Senior boys, who are enjoying their home, were echoing under her instruction key Angie busy with their serious work out teaching. On our way to see Vaugh Munroe the other night caught a glimpse of Harvey Stone of the Coast Guard walking the other way but Main Street being quite mobbed, had no chance to stop and attract her attention. As she was swept up in the crowd. What confirms our conviction that it really was she is the fact that she is a district secretary of the Girl Scouts of America in her boy Bridgeregion.

- On her way to Storrs, Terry Dumas stopped in for a brief visit with Evy Shaw and Marion Weeks. She writes that they enjoyed a bang-up reunion with Jean Ross and Joan Potter. While in New York she stayed at Pearl River with Lucille Cote for four days and arriving at the University of Connecticut on Sept 16, she is now settled as assistant Resident at Whitney Hall and is working as Graduate Assistant in the Psychology Department. We Hartfordites are eagerly looking forward to the Maine-Connecticut game.

- Best wishes to the newlyweds who include Faye Winter and Stanley Sproul, Brad Haskell and Mary Lou Williams, Doris Stickney and Bobbie Graves, Irma Miller and Milton Goldsmith.

- From Troy, New York, comes word of Pat Stickney, who is dietitian at Russell Sage. Mary Soule is teaching French and German at the University of Chicago. Many of our graduating class were at Winthrop High School. Very enthusiastic is Jean Thompson about her new duties as Nursery School Instructor at Wheaton College, Norton, Massachusetts Another Mainiac at Wheaton is Mary Billings whom Tommie once knew in the very first thing. Gordon Miller of Portland has been appointed an instructor in Electrical Engineering at Union College, Schenectady, N. Y., and from Providence, R. I., comes news of Ralph Abercrombie, who is consulting engineer for Henry Fales. Ralph's address is 40 Sessions Street, Providence, R. I.

Congratulations to Elsie and Dave Hall on the birth of daughter Catherine Jane. Everybody's help is needed to bring back and keep up the good work on keeping me posted.
Every General Electric employee with a year or more of service will be eligible to receive a life income upon retirement, offered under the provisions of the company's greatly broadened and expanded Pension Plan.

This plan provides a pension for the years already worked, at no cost to employees. For this, the company pays the entire cost, estimated at $100,000,000.

To increase this retirement income as the years go on, employees and the company will jointly contribute to the fund. On the average, about two-thirds of future costs will be paid by the company.

This plan makes 100,000 more employees eligible under the company Pension Plan. Over 40,000 employees were already in line for pensions under plans begun by General Electric as early as 1912.

The new program—one of the most advanced in the industry—is part of General Electric's long standing objective to help employees provide security for themselves and their families, both through the years of productive work, and upon retirement.

It is another General Electric "job dividend" like employee insurance, profit sharing, and financial help in case of sickness or accident.

"Job dividends" like these help make General Electric a good place to work. They help to attract and hold the kind of men and women who are responsible for the company's growth and success. And they demonstrate General Electric's belief that making good jobs is an important part of making fine products.
