Alumni who returned to the campus for Commencement activities were exceedingly pleased to have the new Library as a headquarters and general meeting place.

This was really just a foretaste of how the new Union Building will serve the needs of Alumni when they are on campus. Of course, the Library was not designed for the uses to which it was adapted at Commencement time, but the new Union Building has many features which will make it an ideal alumni rendezvous.

**YOUR GIFT TO THE UNION BUILDING FUND WILL BRING YOU IM-MEASURABLE SATISFACTION BECAUSE IT WILL ACCOMPLISH SO MUCH**

"An ideal alumni rendezvous . . ."
OVER: The North Dorms are not imposing structures for a college campus, yet to hundreds of GI students during the last two years they have been a happy college home. Located just north of North Hall and west of the new Alumni Field, these former war-housing buildings are temporarily an important part of the campus. (Benham-Pierce photo)

September 14  Freshman Week Begins
September 20  Classes Begin

Plans are Great for '48

ALUMNI HOMECOMING
October 29–30, 1948
WARD of 456 bachelor degrees, 42 master degrees, and 28 honorary degrees at the 83rd Commencement Exercises on June 20, marked the ending of the 1947-8 school year and the graduation of the largest class in Maine's history.

The Commencement speaker for the exercises was Dr. Julius S. Bixler, President of Colby College, Waterville, who received one of the eight honorary degrees, that of Doctor of Laws Other honorary recipients included two alumni of Maine, Dr. Lennie Phoebe Copeland '04, professor emeritus of mathematics at Wesleyan College, Doctor of Science, and George M. Carter '18, adjutant general of Maine, Doctor of Laws Others honored were Albert E. Mercker, acting chief of the potato division of the fruit and vegetable branch of Production and Marketing Administration with a Doctor of Science in Education, Edwin Sutermeister of Westbrook, research chemist for S. D. Warren Paper Company, Doctor of Science, and Elwyn B. Whitebrook, author and poet, Doctor of Letters.

Highest Distinction
Among the graduating seniors five students received degrees with "highest distinction," the top academic honor. They were Pauline W. True of Hope and James Donovan of Houlton. Detailed write-ups on their records are given on the page of Campus Events.

Baccalaureate
The Sunday morning Baccalaureate services featured a sermon by the Reverend Milton McGorrill, pastor of the Orono Church of Universal Fellowship. In his sermon, Dr. McGorrill said that in each generation there is a group that may be called the Commissioned, stewards of civilization. Speaking on the Biblical parable of the faithless steward, he emphasized the responsibility of the college graduate to set up and live by high principles and to advance the standards of civilization.

In the Commencement Address on Sunday afternoon, Dr. Bixler described three philosophies of life, exemplified by the Orono Church of Universal Fellowship, a college and a high school. He described these philosophies as: 1. The Orono Church of Universal Fellowship, a college for young people, the Missouri Synod of Menahshin India, and the Mosque Santa Sipahin Turkey. The first look backward, saying that what has been good in the past must remain unchanged; the second have the point of view that the needs of the present are so pressing that no room is left for ideals and growth. The third group is guided, he said, by the light from above, convinced that from "its earliest known beginnings life can be seen under the influence of a form-giving tendency."

Honorary Citations
In presenting the eight honorary degrees awarded this year President Arthur A. Hauck read the following citations:

JULIUS SEELYE BIXLER
Native of Connecticut; alumnus of Amherst College with graduate study at Union Theological Seminary and at Harvard and Yale Universities; able scholar and inspiring teacher of philosophy and religion; beginning his professional career as a teacher in missionary colleges in India and Syria, he later served with distinction on the faculties of Smith College, and Harvard University, since 1942 capably serving as President of Colby College, an institution which is bound by many ties of friendship and common purpose.

In recognition of your notable achievements as teacher, scholar, and college president, the Trustees of the University of Maine are pleased to confer upon you the degree of Doctor of Laws.

GEORGE MILTON CARTER
Born in Washburn, Maine; alumnus of this University in the class of 1918, and recipient of a Master of Arts degree from Columbia University; capable and devoted teacher and school administrator, serving in Maine schools for twenty-one years, former treasurer and president of the Maine Teachers Association; during the First World War, commissioned a Lieutenant at the Citizens' Military Training Camp at Plattsburg, New York, and served overseas with the 102nd Field Artillery, officer of the Maine National Guard whose interest and effective labors for the advancement of that important branch of our national defense were recognized by his appointment, in 1941, as Adjunct General of the State of Maine.

In further recognition of your service as an able administrator in education and in military affairs, the Trustees of the University of Maine are pleased to confer upon you the degree of Doctor of Laws.

LENNIE PHOEBE COPELAND
Born in Brewer, Maine; graduate of Bangor High School, and of the University of Maine in the class of 1904, recipient of the Master of Arts degree from Wellesley College and that of Doctor of Philosophy from the University of Pennsylvania, an inspiring and beloved teacher who made the study of mathematics "an interesting adventure" to her students at the Bangor and Brewer High Schools and at Wellesley College, where she became Professor Emeritus after thirty-three years of distinguished service in teaching and research.

Your notable achievements as teacher and scholar have brought honor and prestige to your alma mater. Proudly and gratefully we confer upon you the degree of Doctor of Science.

ALBERT ERIC MERCKER
Born in New York and educated in the public schools of New Jersey; alumnus of Rutgers University; able public official who for more than thirty years has given distinguished service to his country in various branches of the United States Department of Agriculture, now the acting chief of the Potato, Fruit and Vegetable Branch of the Production and Marketing Administration; internationally recognized as an expert in the field of potato production and marketing.

In recognition of your outstanding public service, the Trustees of the University of Maine are pleased to confer upon you the degree of Doctor of Laws.

THE MAINE ALUMNUS

JUNE, 1948
STORY

JOHN ANDREW PETERS

Born in Ellsworth, Maine; graduate of Bowdoin College, able and honored member of the legal profession, successful practitioner whose talents for many years were devoted to the public service, successively, as municipal judge, member of the Maine House of Representatives, and of the Congress of the United States; in 1922 appointed judge of the United States District Court, he served with great distinction until his retirement in 1947.

In recognition of your notable career of public service to your state and to your country, the Trustees of the University of Maine are happy and proud to confer upon you the degree of Doctor of Laws.

EDWARD EVERETT RODERICK

Native of Waterville, Maine; student at Colby College, graduate of Oskaloosa College and a Master of Arts in Education of the University of Maine; able and admired educator who has won our gratitude for his long and devoted services to the schools of Maine as teacher, superintendent of schools and as deputy commissioner of education, a post of heavy and exacting responsibilities in which he served faithfully and effectively for nineteen years.

The Trustees of the University of Maine wish to recognize your significant contributions to the advancement of education, and are happy to confer upon you the degree of Doctor of Science.

EDWIN SUTERMEISTER

Born in Massachusetts; graduate of Massachusetts Institute of Technology; a research chemist who has been acclaimed by his associates as one “who during his lifetime has done as much or more than any other man to put the pulp and paper industry on a scientific basis”; a recognized authority on many phases of paper chemistry, his books and numerous technical articles have had a wide influence among teachers and research workers.

In recognition of accomplishments in your chosen field and your contribution to the development of the pulp and paper industry, the Trustees of this University are happy to confer upon you the degree of Doctor of Science.

ELWYN BROOKS WHITE

Born in New York State and a graduate of Cornell University; eminent author, whose essays, poems and stories are enjoyed by a wide circle of readers; for many years associated with the New Yorker magazine, his editorials in that publication, written during World War II and later published in a book, “The Wild Flag,” have been acclaimed as “the clearest and most eloquent writing” on World Government; since 1938 a warmly welcomed resident of Brooklin, Maine, whose experiences on a saltwater farm are delightfully recorded in a volume of essays called “One Man’s Meat.”

In recognition of your notable achievements in the field of letters, the Trustees of the University of Maine are happy to confer upon you the degree of Doctor of Letters.

Master Degrees

The following alumni received Master Degrees at Commencement in June, 1948.

1915
Neva L. Browning, M.A. Education
1924
Mary H. Friend, M.S. Education
1925
Madalene Brackett, Master in Education
1930
Horace A. Croxford, Master in Education
1931
Victor H. Coffin, M.S. Physics
1932
Linwood S. Elliott, M.A. History and Government
1935
Wentworth E. Beverage, M.S. Education; Nathan W. White, M.S. Education; Frank W. Myers, Master in Education
1936
Mary K. Perry, Master in Education
1938
Wallace F. Gleason, Jr., Master in Education
1939
Leon C. Sprague, Jr., M.A. Education
1940
Donald T. Sparks, M.A. History and Government

(Continued on Next Page)
New Assistant Secretary Named

Alumni, particularly alumnae, will welcome the appointment by the Alumni Council of Mrs. Donald M. Kilpatrick '42 as Assistant Alumni Secretary. Mrs. Kilpatrick will replace Philip J. Brockway '31 who has served as Assistant Secretary for the past fourteen years and will now devote his full time to the Placement Bureau.

As an undergraduate Bette Barker was a Dean's List student and outstanding in extracurricular activities. She was president of the All-Maine Women her senior year as well as Senior Resident at Colvin Hall Active in Sigma Mu Sigma, W.S.G.A., Radio Guild, W.A.A., "M" Club, Students Arts Club, Student Senate, and Modern Dance Club, she also served as a contribution editor for the Campus. An English major, Bette was awarded the Southern California Alumni Scholarship her sophomore year and the Charles Payson Scholarship the following year.

Following her graduation she joined the Kendall Mills, Walpole, Mass., as an executive apprentice. In December of 1942 she married Lieut. Donald M. Kilpatrick '42. Their daughter Nancy was born in 1944. In July 1944, reported missing in action over Germany, Lieut. Kilpatrick had already completed twelve missions over enemy territory. The War Department announcement that Lieut. Kilpatrick was presumed dead was made in 1945.

In 1946 Mrs. Kilpatrick became Registrar at the National Office of Alpha Omicron Pi in Oxford, Ohio. For the past few months she has been living in Maine and will soon move to Orono with her daughter.

Mrs. Kilpatrick will devote much of her time working with alumnae clubs, a phase of the Association program which has had but little attention for several years. Alumni welcome Mrs Kilpatrick to the alumni office.

The increasing demands of the Placement Bureau work have for some time made it desirable that Phil Brockway devote his full time to this work. The increased enrollment has resulted in many more interviews and contacts with employers. Too, as the percentage of students enrolled under the G.I. Bill decreases, greater opportunity for student work must be uncovered. Mr. Brockway has long felt that only full time responsibility to the Placement Bureau would give the best results in this important work. This change will also allow the Placement Bureau to devote greater attention to alumni placement problems. The Annual Report which Mr. Brockway gave at the Alumni Council meeting showed a year of increasing activity both in student and alumni placement.

Association Business

All of the officers of the General Alumni Association were re-elected at the annual meeting, June 19. These officers are: Haze H. Ayer '24, Boston, president; Harold J. Shaw '14, Sanford, vice president; Richard S. Bradford '30, Bangor, treasurer; and George F. Dow '27, Orono, clerk.

Elected Council members at large for a three-year term were: George E. Lord '24, Orono; Samuel W. Collins '19, Caribou; and Mrs. Laurens Parkman '40, Boston. John H. Mahoney '27 of Worcester, Mass., was re-elected to the alumni office.

The Commencement Story

1941
Dorothy Allen Werner, M.A. Education; James R. Reilly, M.S. Wildlife Conservation; Olive M. Chick, M.S. Education; Margaret J. Nichols, M.S. Education; Lloyd W. Griffin, M.A. English; Donald B. Devoe, M.A. Psychology

1942
Crooby G. Patterson, M.S. Education

1943
Murray C. Bowden, M.A. History; Thomas W. Easton, M.A. Zoology; Frederick A. Leonard, M.S. Bacteriology; Benjamin F. Graham, M.S. Botany; Philip H. Plaster, M.S. Botany; John Lewis, Jr., M.S. Chem Engineering; Wentworth H. Schofield, Jr., M.S. Mechanical Engineering; James H. Bates, M.S. Education; John N. Powers, M.S. Electrical Engineering

1944
Jennie M. Johnson, M.A. Economics; Florence E. Boone, M.A. Education; Mary P. Boone, M.A. Education; Robert G. Martin, M.S. Civil Engineering

1945
Howard C. Damon, M.A. English; Burreigh S. Crockett, M.S. Animal Husbandry; Burreigh S. Crockett, M.S. Animal Husbandry; Mary L. Reid, M.A. English; Milford G. Sawyer, Master in Education

APPPOINTED: Mrs. Donald M. Kilpatrick, Jr., '42 has been named as the new part-time Assistant Alumni Secretary.

The increasing demands of the Placement Bureau work have for some time made it desirable that Phil Brockway devote his full time to this work. The increased enrollment has resulted in many more interviews and contacts with employers. Too, as the percentage of students enrolled under the G.I. Bill decreases, greater opportunity for student work must be uncovered. Mr. Brockway has long felt that only full time responsibility to the Placement Bureau would give the best results in this important work. This change will also allow the Placement Bureau to devote greater attention to alumni placement problems. The Annual Report which Mr. Brockway gave at the Alumni Council meeting showed a year of increasing activity both in student and alumni placement.
A total of 9,982 alumni, students, faculty, and friends have subscribed $651,241. Two more general campaign areas, Lehigh Valley and Western Pennsylvania, and one special gift district, Eastern Maine, have attained their quota and thus gained a place on the Honor Roll. In summarizing the progress of the campaign on Alumni Day, Chairman Raymond Fogler expressed pleasure that the number and amount of subscriptions had grown so substantially during the past year. He announced that the fund now has $354,000 on hand and that the campaign would go forward, keeping the $900,000 goal before us. “We shall press forward with confidence that our objective, a beautiful and useful Memorial Union Building, will be achieved.”

Five general campaign areas and five special gifts districts have now attained their quotas. Arthur C. Wescott ’99 is chairman of the Lehigh Valley area and R. Warren Graffam ’22 leads the campaign in Western Pennsylvania. Eastern Maine Special Gifts campaign has been under the leadership of Harold M. Pierce ’19 of Bangor.

Leading Classes

The members of the class of 1915 have strengthened their position of leadership in the amount subscribed by any class with a total of $37,769. To the class of 1898, which this year observed its 50th reunion anniversary, goes the distinction of having the highest percentage of subscribers. Following are the five leading classes:

<table>
<thead>
<tr>

Brunswick Students Subscribe $18,000

The students on the Brunswick campus put across a highly successful five-day campaign May 17-21 by securing 649 subscriptions amounting to $18,227. A record of 88% of all the students on that campus made pledges payable over a period of six semesters. Burton DeFrees, president of the Student Senate, was chairman of this, the fourth student campaign.

Faculty Exceed Minimum Goal

When the campaign was started, the committee of fifteen non-alumni faculty established a minimum goal of $8,000, aiming to achieve $10,000 as their objective. At the close of the college year, 135 non-alumni faculty and staff had subscribed $8,432. This is an average subscription of nearly $62 each by 61% of the entire non-alumnus group. Chairman Fogler praised the committee members and staff for their work, their interest, and their generosity. Prof. Irving H. Prageman is chairman of the faculty committee.

New Chairman

Two alumni have been appointed to carry on the campaign in Minnesota and Waldo County. Ralph Hamlin, class of 1898, of Minneapolis is to direct the campaign in Minnesota. Always interested in the University, he has aided in various activities. Alumnus Hamlin is a member of the architectural firm Hewett, Setter & Hamlin, Inc.

In Waldo County, Raymond L. Merrett ’18 of Searsport is to serve as co-chairman with Lynwood Thompson ’22 of Belfast. A World War I veteran, Mr. Merritt first taught at the University and was later associated with the banking and lumber business. He is now an executive with the Summers Fertilizer Co.

Building Plans

At the request of the Union Building Fund Executive Committee, the Building Requirements Committee, of which George D. Bearce ’11 is chairman, is studying the question of the feasibility of starting construction in 1949. With over $350,000 on hand and substantially more likely to be paid before next spring, many students and alumni have expressed the hope that construction will be started soon. It seems inevitable that the building alone will cost far more than $800,000. To this must be added the cost of equipment.

Plans

The closing statement of Chairman Fogler’s report to alumni during Commencement was as follows: “Our goal is $900,000. We now have $651,000 subscribed or 72% of our goal. There is but one procedure for us to follow; namely, to press on with determination to achieve our objective. Our campaign plans were based upon at least 45% of our alumni subscribing, and it was felt that a thorough job would result in 50% participation. ‘Art’ Wescott, Lehigh Valley chairman, has signed up 84% of his entire list. With still hundreds of potential alumni subscribers and other hundreds who will make supplementary gifts, the campaign goal can be achieved.”

CHAIRMAN: The quota of the Lehigh Valley Area in the Union Building Campaign has been achieved under the leadership of Arthur C. Wescott ’99.
REGISTRATION of 524 alumni and alumnae, one of the largest number ever to register, from twelve reunion classes and other classes and the presence of nineteen members of the Fifty-Year Class, 1898, were the highlights of the 1948 Alumni Day on Saturday, June 19.

No one present for Alumni Day activities would deny that the members of '98 really took the lead in the events of the day. As guests of honor at the Alumni Luncheon they marked a new high in attendance and enthusiasm for fifty-year groups. Those present to receive Certificates in honor of their fiftieth anniversary from President Hauck were Mrs. Rena Dunn Whitcomb, C. Parker Crowell, Edward Davis, Walter Dolley, Leroy Dow, Russell Dunn, John W. Dearborn, Walter Ellis, George Frost, Fred E. Hall, C. Kendall Hopkins, A. D. T. Lobey, Ray H. Mansu, Dana T. Merrill, Fred Sawtelle, George A. Smith, Alden Sprague, C. E. Watts, Charles Webster. Not only did these stalwart youngsters from the end of the century stand out at the Luncheon, they also walked off with attendance honors to win the 1908 Attendance Cup.

Faculty Honored

A second feature of the Luncheon of interest to all was the honoring of several faculty members for completion of twenty-five years of service and others who are this year retiring from active teaching. The Twenty-five Year Honor List included the names of Prof. Pearl Greene, Prof. Lyle Jenness, Prof. Howe Hall '14, the Retiring Faculty, honored also at the Luncheon, included Prof. Pearl Greene and Prof. Noah Bryan. Tribute to the services of these teachers was given by President Hauck and, on behalf of the alumni, by Toastmaster Hazen Ayer, General Alumni Association President.

Reunions

Other classes, too, were prominent among the 1948 reunions. The Fortieth of 1908 was fittingly observed by twelve members and families. The Class of 1912, always dependable in reunion activities, nosed out 1913 in a close attendance race to win the Twentieth Century Cup by a fraction of a percentage. The youngest of 1946 rallied late in the day to turn in a record number of 41 members to take the President's Cup for the largest total registration. All these awards were features of the Alumni Banquet program.

Service Emblem

For the first time in the history of the Alumni Association two persons were named as recipients of the Alumni Service Emblem, one an alumna. The award given for outstanding services to the University and the Association were Harold Pierce '19 and Mrs. Rena Campbell Bowles '21, both of Bangor. The announcement of the award at the Banquet by President Hazen Ayer was a surprise to the 400 assembled alumni and seniors who received the news with long applause. Biographical details on the recipients and their services to Maine are given in an accompanying article.

Guest speakers at the Banquet included Senior Class President Willard Moulton of Sebago Lake, Fred Wren '23 of Washington, D. C., member of the U. S. State Department, and Dr. Lennie Copeland '04, Professor Emeritus of Mathematics, Wellesley College.

From beginning to end—in spite of some lack of cooperation on the part of the weatherman—the Commencement program was well received by alumni. Many new features added enjoyment and variety. A golf tourney Friday afternoon at the Penobscot Valley Country Club was a hit with the men; for all the programs of entertainment planned and carried out Friday evening in the Library under the chairmanship of Marion S. Buzzell '14 was a most enjoyable addition to the over-all program. Saturday's plans for guided campus tours, worked out by committee-man Howe Hall '14, had to be cancelled because of rain but would have been a popular event.

Perhaps more than any other single feature of the week-end, alumni appreciated the opportunity of using the new Library building as central headquarters for almost the entire program. Every major event except the luncheon and banquet could be accommodated within the attractive and ample rooms of the new building. It was convenient, pleasant, and a matter of much pride to those whose contributions helped to make the fine facility available.
ALUMNI SERVICE EMBLEM WINNERS

Mrs. Merrill Bowles '21

For the first time in the history of the award of the Alumni Service Emblem, instituted in 1930 to give recognition to outstanding services to the Alumni Association and the University, the honor was given to two persons, one of them a woman. Recipients of the 1948 Emblems are Harold Pierce '19 and Mrs. Rena Campbell Bowles '21, both of Bangor.

Harold Pierce has served the University in many ways over a long period of years. Probably best known for his services as Alumni Member to the University Board of Trustees, he has acted in that capacity ever since his original appointment in 1937 by Gov. Lewis O. Barrows '16. In this position he succeeded the late Hosea Buck, also a Service Emblem winner, on his death that year. With the completion of the present year he has served over eleven years in this position. In many other ways, too, Trustee Pierce has advanced the work of the Association. He was vice president of the Penobscot Valley local association in 1934-35. He has been a member of the Alumni Council since 1932, and in 1934 was elected vice president of the General Alumni Association.

Mr. Pierce has been particularly prominent in endowment work, being a member and director of the University of Maine Foundation and a member of the Endowment and Donations Committee. In the Library Fund Campaign he was a member of the Special Gifts Committee and has carried on into the Union Building Fund Campaign, being Special Gifts Chairman for Eastern Maine, a group which has reached its campaign quota. He is a life member of the Alumni Association.

In many other ways, often unknown to the public or alumni at large, he has aided students and assisted in the work of the University. The award of the 1948 Emblem is, in the opinions of all who have been familiar with his work, well bestowed on Harold M. Pierce.

Mrs. Rena Campbell Bowles '21, first member of the alumnae to be recognized by award of a Service Emblem, holds both a bachelor and master degree from the University. Her many contributions to the work of the University include membership on the Alumni Council for ten years, outstanding leadership among the Eastern Association of University of Maine Women, and, recently, her successful chairmanship of the Union Building Fund Committee for alumnae in the Bangor area. From 1924 to 1931 Mrs. Bowles served as associate professor of Home Economics at Maine and for several years after that she was part-time Home Industries Specialist for the Agricultural Extension Service. She has been active in the work of her sorority, Pi Beta Phi.

It is gratifying to all alumnae that the committee charged with selection of Emblem recipients this year decided to name a woman to the honor; the opinion of all who have been familiar with the fine leadership and valuable services of Mrs. Bowles over the years is that the selection could not have possibly fallen on a more deserving person to be the first alumnae recipient.

New Class Officers

At the meetings of the various reunion classes officers were elected to serve until the next scheduled class reunion in accordance with the Dix Plan.

Those re-elected are marked by an asterisk.

1942—Gerard M. Healy, Floyd L. Ball, Donald G. Griffe, Mary Lewis White Griffe, Wallace K. Francis, Elizabeth Barker Kilpatrick, Lois Stone McMurray, Mildred Messer Merrill, Warren
New Novel by Alumnus

In college Carl Bottume showed skill and promise in the field of the short story. After graduating in 1935, Mr. Bottume went to work for N.B.C. but continued to write; and he published a few short stories in The Midland, The Writer's Forum, and the American Mercury. Before Pearl Harbor, he enlisted in the Coast Guard and served something more than four years, partly in the Pacific, partly in command of a sub-chaser in the Caribbean. He came to know Cuba.

Out of his knowledge of Cuba he has written The Hills Around Havana (Appleton-Century) a novel dealing not with the war but with post-war life in Cuba. One reviewer has compared this novel to South Wind Like Douglas in Capri, Bottume has gathered together in Havana an interesting, sometimes bizarre, frequently eccentric, group of expatriates. Among others there are Floria, a prostitute who falls in love with a respectable jai-alai player; Sophie, a wealthy, more than restless American, Elsa, a refugee from Germany, a wealthy Spanish Marques and his unhappy Marquesa, Philip, an American painter separated from his wife, and his son Sam, the central character, just out of the war, nerve wracked and seeking something.

This assorted group, plus others, is brought together through the means of a tropical hurricane. At the end of the hurricane, the Marques is dead, to the great relief of his wife, Floria seems headed towards a respectable marriage with her jai-alai player, and Sam has found some peace, love, and a prospective marriage with the German Elsa.

The ending with its double happy romance is too slick. But there are passages and chapters of beauty, power, and significance. Although the scene is Cuba, there are occasional passages referring to Maine. Of interest to alumni is a reference and a tribute to Professor "Paddy" Huddleston:

"He [Sam] lay back on the flagstones which were laid around the pool and stared up at the heavens. When he had been in college (it seemed years ago) he had had an old professor in Egyptian art who had dared him to go out at night and not look."

Mr. Bottume was a notoriously bad speller in college and has always been sensitive to this sin in others. One of his favorite examples appears in this novel, the misspelling on the Civil War monument in Orono:

"Across the side street from where he [Sam] sat he could see the perennial bust of the great Cuban patriot Marti. It was mounted on a slim pedestal, but otherwise unadorned. He smiled. Someone must have done a land-office business in Cuba with a cast of that bust, pouring grey cement like mad and selling the statues in every city and town across the land. It was like the New England greens with the ever-present figure of the Union soldier standing at ease with his musket before him, the butt on the ground before his feet and his unmilitary hands resting on the muzzle. The man who had sold those memorials made a mint, riding through the northern states with the mold in a wagon and pouring his statues in every town he came to. He had perpetuated the misspelling of the word separate however, in the legend at the bottom of the Marti bust had any misspellings..."
Family Doctor...
A reception in recognition of fifty years of devoted service as general family physician in Old Town and neighboring communities was tendered to Dr. M. C. Madden on May 18. "Dr. Madden's Day" was declared officially by the city council and friends from many areas gathered to pay tribute to the aging physician in evening ceremonies at Old Town.

Dr. Madden attended Maine for a short time and was subsequently graduated from Bowdoin Medical School in 1901, and following his internship, took up general practice in Old Town in 1902. During the intervening fifty years, he has served his community in many ways, being active in Boy Scout work, serving as county medical examiner and chairman of the Old Town Board of Health.

Authority...
From Oakland, Cal., comes word that one of three nationally prominent engineering authorities consulted recently on problems of new crossings for the San Francisco Bay was George L. Freeman ’03, member of a New York firm of consulting engineers. The experts were employed to advise on difficult and unusual construction problems involved in proposed construction of a new bay bridge and a trestle tube crossing the bay. Problems of form are the particular concern of the consulting experts. Mr. Freeman, the article pointed out, “is an outstanding authority on foundations, soil studies, sub-aqueous engineering, and marine structures. Has designed foundations and tubes for some of the most important bridge structures in the country. Bay problems through his work on foundations for the San Francisco-Oakland Golden Gate and San Mateo vehicular bridges.”

Assigned...
Webber J. Mason ’44 has been assigned to the United States Consulate at Iraq. A recent appointee to the Foreign Service of the State Department, his first assignment will take him to an interesting and important center in international affairs.

Cover Girl—
The May issue of the nationally circulated What’s New in Home Economics features on its cover the picture of Ruth P. Fogler ’46. Home Economics seniors in colleges throughout the country were asked why they chose that course as a major. Miss Fogler’s statement was chosen as the outstanding one submitted.

Ruth is not the only member of the Fogler family to major in Home Economics at Maine. Her two sisters, Martha, a sophomore, and Mary ’45 (Mrs. Summer Claverie), now living in Corinth, have chosen the same major. Raymond H. Fogler ’15 also has three sons now enrolled at Maine.

Ruth has been a consistent Dean’s List student and yet has found time to participate in hockey, vice president of the M.C.A., Neai Mathetai, was Junior Class Editor of the Prism and is president of Omicron Nu.

The following is taken from Miss Fogler’s statement in What’s New in Home Economics: “I think home economists should be leaders in bettering family life and relationships. Each of us has a job to do, be it in research, teaching, business, public welfare, publicity, or homemaking. We need to encourage research and to keep up with new trends in home economics. Our knowledge does not belong to us alone; but it should be spread through the channels of our careers or our leadership among homemakers. The world is increasingly aware of the need for better nutrition and child care. Problems of time and money management have become more and more complex. Textiles, clothing, and furnishings are demanding more and more study. I feel that it is a home economist’s responsibility to advance standards of family life throughout the world.”

JUNE, 1948

Barbara F. Bond ’46

Living in an eight room apartment with a cook and a maid sounds like a dream to many, particularly when the apartment is located in the beautiful city of Oslo, Norway.

Barbara Bond ’46, now in Oslo as a foreign service staff assistant at the United States Embassy, had the good fortune to sublease the apartment shortly after arriving there in April.

After graduating from Maine in 1946, Miss Bond attended Georgetown University, one of five girls in a class of five hundred, and received her B.S. degree in political science in February, 1947. During this time she was a member of the editorial staff of the Washington Post. For almost a year she was a writer for the Bureau of National Affairs. At the beginning of the year, Miss Bond joined the State Department and then sailed for Norway in late March.

As an undergraduate, Miss Bond was an active Masque member, a Sophomore Eagle, president of the Political Breakfast Club, president of the House Council, class treasurer, an All-Maine Woman, and carnival queen.

Impressed by the beauty and the sunsets of Norway, Miss Bond nevertheless is also impressed by the lack of soap and fresh fruits, meats and dairy products. However, diplomatic privilege allows Embassy personnel to import these from Denmark.

An excellent horseback rider and swimmer, Miss Bond will find ample opportunity to pursue these hobbies in a sports-loving country. She is also planning to do much driving in Norway when her new car arrives from the States. Miss Bond remarks that “driving is safe here as there are very few cars and also no one is allowed to drive after eight or anytime on Sunday except us.”
Report of Athletic Board Chairman

To the general Alumni Association of the University of Maine:

On behalf of your representatives on the Athletic Board, Clifford Patch '11, Samuel Calderwood '33, and Thomas Hersey '34, I herewith submit the annual report for 1947-48.

A year ago freshmen were allowed to participate on all our Varsity athletic teams. This past year saw the return of the freshman rule to the intercollegiate competition and thus freshmen have not been allowed this past year to compete on our varsity teams. This year the majority of our freshmen were stationed at the Brunswick campus and received an opportunity to participate in their own athletic program. Other freshmen who commuted from nearby communities to the Orono campus were offered an abbreviated athletic program which was received with great enthusiasm. Both groups of freshmen compiled very fine athletic records. These men should bolster our varsity squads another year.

Our varsity athletic teams have completed a successful year. The majority of competition has been with Maine Inter-college and "Yankee" Conference League opponents.

Maine won the State Championship in Cross Country, football, basketball, winter sports, and golf. The Varsity track team was again undefeated in the several dual meets in the indoor season.

Coach Jenkins had two of his men bring high honors to the University. George Marsanskis won the I.C.A.A.A. 35# wt. and placed second in the I.C.A.A.A. 16# hammer while Bob Emerson tied for first in the pole vault in the N.E.I.C.A.A. and tied for third in the I.C.A.A.A. George Marsanskis is now trying out for an Olympic berth.

The winter sports team retained its select position in the Senior Division of the I.S.U. and for the first time the Major "M" was awarded to three members of this squad.

Eugene McNabb won the New England intercollegiate individual golf title for the first time in Maine's history by defeating a field of 114 competitors and was awarded the Major "M" for this accomplishment.

While the teams and coaches have done a most creditable job it is believed greater progress will result when more adequate facilities are restored in order to help meet the large increased enrollment.

It is regrettable that the alumni and public were unable to be assured admission to the varsity home basketball contests this past year.

The athletic staff is expected to be the same next year with the exception of A. B. Snively of the Williams football staff who has been engaged as line coach to replace Joe Zabiliak who recently resigned in order to accept the head football coaching position at Northeastern University.

This member of the athletic board has enjoyed serving the alumni and appreciates the excellent cooperation of the Athletic Board and Athletic Department members.

Respectfully Submitted
Samuel H. Calderwood '33

With the ATHLETIC TEAMS

---

JUNE, 1948
Speakers—
First prize winner in the annual John M. Oak Prize Speaking contest at the University was Lawrence Jenness of Orono, son of Prof Lyle Jenness of the Department of Chemical Engineering. All speakers gave extemporaneous talks, subject of the winning talk by Lawrence Jenness was “Who’s Bigger?” Second place was awarded to June Swanton of West Buxton, speaking on “United Nations Reforms.” Leon Gray of Orono took third place with a talk on “Peace, Our Responsibility.” Three other speakers were in the final contest. The prize is awarded annually from a gift of the late John M. Oak ’73.

Banquet—
A joint banquet of all Honor Societies, both student and faculty, was held on Wednesday evening, May 26, in South Estabrooke Hall. Prof Robert G. Berkelman of the English Department at Bates College was the guest speaker.

Phi Kappa Phi held its initiation of new members in the Louis Oakes Room, New Library, before the banquet. Phi Beta Kappa also initiated its new members. Mary Billings, Alton Hamm, Alan Lube, and George Dow were on the Banquet Committee.

Awards—
Two students were honored by the award of medals as outstanding members of the ROTC at ceremonies May 24. Kenneth R. Jackson of Bridgewater, Mass., was presented the U. S. Coast Artillery Medal for 1948 as the outstanding first year advanced coast artillery student. Dwight Frye of Bucksport received the Military Department Medal.

Elected—
At general elections held last month Ralph Barnett of Augusta was named president of the General Student Senate and John Zollo of Danvers, Mass., elected president of the Men’s Athletic Association. Other officers chosen in the campus balloting for Senate are Bill Hopkins, vice president; Barbara Richardson, treasurer; and Nancy Hubbard, secretary.

Sports—
Six local high schools participated last month in the Interscholastic Sports Day at the campus sponsored by the Women’s Athletic Association. Participating schools were Orono, Old Town, Bangor, Brewer, John Bapst, and Hampden. Student Mary Zelenhewich of North Vassalboro was general chairman of the program which featured a variety of informal games and activities.

Owls—
Eleven freshmen were tapped by the Owls during the Inter-Fraternity Singing Contest. Those named were selected from the Orono and Brunswick campus. Edward J. McDermott ’50, president of the Owls, named the following freshmen: Don Barbour, Norman Cummings, Art Dentremont, Frank Goodie, Dick LeClair, Leroy Peasley, and Joe Pruett, all of the Brunswick Campus, and Fred Bigney, Bob Duddy, Frank Macs, and Mike Plaisted (Leigh C. ’27) of the Orono Campus.

Actors—
A host of talent and at least one promising new star were presented to the opening night audience attending “Ladies of the Jury,” an advanced acting class—speech department production.

Barbara Stewart, portraying flighty socialite Mrs. Livingston Baldwin Crane, served notice that she will be in the running for choice Masque roles next season.

The story concerned a lovely French chorus girl, Arlene Doane, on trial accused of murdering her husband. On the short end of an 11 to 1 ballot at the beginning of the jury’s deliberations, Mrs. Crane’s intuition takes two days to win out.

Lawyers Bob Arnold and Al Dumais and judge Paul Ford handled the trial court with veteran competence. Other jurors were Elaine Lockhart, Lorraine Malo, John Crooker, Larry Dunn, Bob Preble, Ted Jennisson, Norma Drummond, and Joyce Emery.

Watch Winners—
Senior winners of the Portland Alumnae Watch and Washington Alumni Watch this year were Pauline W. True of Hope and James Donovan of Houlton.

Miss True, a major in Bacteriology, has been a Dean’s List student, a member of Phi Kappa Phi honorary, and active in women’s athletics. Winning the Maine Seal, she has been on the student senate. Women’s Student Government Council and secretary of the senior class. As a member of Union Building Committees, she helped in the student campaign and was co-chairman of the Good-Will Chest Drive on campus. She has served as president of South Estabrooke Hall and is a member of Alpha Omicron Pi sorority. Daughter of alumna Elmer True ’14, she has had two sisters, Katherine and Wilma, graduate in earlier classes.

Jim Donovan, a leader in many campus activities, was prominent in athletics before entering military service and freshman class president. In his sophomore year he was vice president of the class. He was co-captain of varsity football and baseball in his sophomore year. As a junior he was vice president of the Newman Club, has served as president of his fraternity, Phi Gamma Delta, and of the Student Senate. He took a prominent position of leadership in the student campaign for the Union Building Fund.

It is particularly notable that Jim is the third member of the Donovan family to be a watch winner at Commencement, the honor previously going to his sisters, Alice Ann ’40 and Frances ’43.

Pauline W. True

James Donovan
Report of ALUMNI TRUSTEE

The purpose of this annual report is to review the more important matters and such related circumstances as have been consequential in influencing the course of the University for the year ending June, 1948.

The largest fall enrollment in the 80-year history of the University was reported with a total of 4,750 men and women at Orono and Brunswick. Orono registered 3,890 and Brunswick 860 freshman men. This spring registration totalled 4,490 of which number 1,399 were non-veterans and 3,091 were veteran students.

It might be of interest to compare enrollment for the years 1940 and 1948. Total registration in 1940 was 2,076. Total registration in 1948 was 4,750.

The University was staffed by 332 administrative heads and faculty for the year 1948 compared with 215 for the year 1940. Abnormal increases in student enrollments and faculty appointments during the past two or three years have presented housing and class room facility problems which have been difficult to surmount and it is the desire of the Board of Trustees to express their appreciation to President Hauck and his administrative supporters for a job well done.

Many appointments and resignations have been experienced within our Faculty Staff during the past year and I regret that space will not permit the enumeration of names.

To Frederick S. Youngs, Treasurer of the University, Lyle C. Jenness, Professor and Acting Head of the Department of Chemical Engineering, Howe W. Hall, Assistant Professor of Animal Husbandry, Pearl S. Greene, Professor and Head of Department of Home Economics, Mrs. Florence E. Dinsmore, Secretary to President Hauck, Miss Yvonne Morin, Secretary to Dean Deering, Mrs. Emmeline W. Kenney, Technical Assistant in Poultry Husbandry at the Agricultural Experiment Station, and Verne C. Beverley, County Agent of Aroostook County, the Board of Trustees wishes to express gratitude for their loyal and splendid work which they have given to the University for the past twenty-five years.

The Board of Trustees wishes to pay tribute to Noah R. Bryan, Professor of Mathematics, and Miss Pearl S. Greene, Professor and Head of the Department of Home Economics, for their services to the University as they reach the year of retirement.

In memoriam the University of Maine has lost devoted and valued members of its Staff through the deaths of George D. Chase, Dean of Graduate School and Professor of Classics, Paul D. Bray, Professor and Head of Department of Pulp and Paper Technology, and Roy M. Peterson, Professor of Romance Languages and Classics and Professor Emeritus of Roman Language. The faithful service of these respected faculty members will be long remembered by their associates and former students.

Under the direction of Glenn Kendall, Dean of the School of Education, the Summer Session was conducted with an enrollment of 783 persons registered for the six weeks' program. Concurrently with this session a nine weeks' summer term for undergraduates taking regular University courses was offered; 667 were registered in this school. Following completion of the six weeks' session a special post-session program of three weeks' duration was offered featuring "Workshops in Education." This course registered 262 persons. Thus the summer was a busy one on the Maine campus with a total of 1712 men and women enrolled in the various sessions. At this time I would like to mention that upon the resignation of Professor Glenn Kendall, Prof. Mark R. Shibles became a member of our faculty as of August, 1947. Professor Shibles holds the position of Dean of the School of Education and Director of the summer session. The summer session for the year 1948 will be under his direction.

On February 13, 1948, special Commencement exercises were held when 119 Bachelor and 10 Master degrees were conferred. The Commencement speaker was Dr. Carl R. Woodward, President of Rhode Island State College.

This June Commencement will graduate five men with degrees officially listed as Bachelor of Arts in Public Management; this being a new course offered to men and women who desire to train for town and city managers. This Major in Public Management offered at the University is, as far as known, unique in the entire United States.

Gifts to the University have been received during the year totaling approximately $15,000 of which approximately $11,000 was received for scholarships and prizes. In addition to the above-mentioned gifts, Mr. M. L. Urann of Hanson, Massachusetts, gave $10,000 to establish the Chestina Blaisdell Urann Fund and an anonymous gift of $1000 was received for the Senior Alumni Scholarship Fund.

Those of you who are visiting the campus this Commencement will observe the many changes to our physical plant. Much of the construction work has been in progress for the past year or two but now the following projects have been or are nearly completed:

1. Completion of the Library
2. Three new Dormitories, two for men and one for women (The two men's dormitories have been named Dunn Hall and Corbett Hall.)
4. Remodeling of Heating Plant.
5. New Steam Main.
7. Temporary Mess Hall in rear of two men's dormitories at the North end of Campus.
8. Building for class room facilities in rear of Stevens Hall.
9. Remodeling of the old Infirmary into two apartment houses.
10. Infirmary relocated to North Hall. (Continued on Next Page)

New men's dormitories, Corbett Hall and Dunn Hall, are typical of the campus developments discussed in Trustee Pierce's report.
Report of Alumni Trustee
(Continued from Previous Page)

11 Dining Hall built in east end of indoor field house.
12. Barracks at North end of Campus.
13. Remodeling of College Store.
15. Prefabricated frame buildings at South end of Campus in front of old library for women's dormitories.
16. Apartment buildings for veteran students with families at south end of campus.
17. Construction work on roads, sidewalks, parking areas, campus lawns and several smaller remodeling projects.

The amount of work and cost involved for the University may well be realized by comparison of the book values of our physical plant for the years 1940 and 1948.

Investment in plant for the year 1948.

At the Trustees' meeting on May 19th bids were opened for the construction of a Plant Science Building and an Engineering Building.

Five construction contractors submitted bids T. W. Cunningham, Inc, Bangor, was the lowest bidder for the Plant Science Building the bid for the work was $527,000. For the Engineering Building the bid was $457,000 Total for both buildings $977,000. The next lowest bidder was H. P. Cummings Construction Company, Inc, with a total bid for both buildings of $966,700. To this amount will be added approximately $370,000 for new equipment, steam lines and grading making a total cost of the two buildings of about $1,360,000.

The contract was awarded to T. W. Cunningham, Inc, and work was begun.

The new buildings have been long awaited and now that the realization has been accomplished we can look forward to a great improvement to our Campus for the Fall of 1949.

Including the cost of the new buildings, our investment in plant account for the year ending June 30, 1949, will be approximately $9,700,000 or nearly two and one-half times the book value for plant account on June 30, 1940.

On June 30, 1940, the total revenue from all sources to the University was $1,405,919.93 and operating expenditures were $8,300,000. For this year ending June 30, 1948, the estimated income is approximately $9,700,000 and the estimated expenditure $8,300,000.

Late last Fall the Trustees were aware that such rapid growth in student enrollment, physical plant and financial affairs presented many problems for our administrative officers and faculty staff. It was deemed advisable by the Trustees to engage a firm of Management Engineers to make a survey of the University with the idea of improving operating conditions.

H. A Hopf & Company, Management Engineers of Ossining, New York, were engaged to make this survey. The study was completed the latter part of February and is now under consideration by the Board of Trustees.

It is with regret that the Trustees record the retirement from the Board of Mrs. Maybelle H. Brown of Waterville and William S. Nutter of Sanford, Maine.

Mrs. Brown became a member of the Board on November 28, 1939, and she has the distinction of being the first woman ever to serve as a Trustee of the University of Maine. It was her decision to decline a tender for reappointment. Mrs Brown was an esteemed member of the Board of Trustees.

Mr. William S. Nutter, elected to the Board of Trustees in 1936, retires from his office because having reached the age of seventy years he becomes ineligible to conclude his full term of appointment which would expire on June 5, 1950. The Board of Trustees and the University have been fortunate to have the services of Mr. Nutter for the past ten years and we regret his retirement. His sixty years' experience as superintendent and production manager, and later in charge of research at Goodall-Worsted brought contributions to the State and to the University which have been expressed by the able and diligent performance of his official duties.

Mr Frank Hussey's term of office expired on May 9th but he remains a member of the Board of Trustees until his reappointment is confirmed or another is elected in his stead.

Mrs Cecil Siddall of Sanford, Maine, has been appointed and confirmed a Trustee of the University by Governor Horace A. Hildreth and his Council. He was present at his first meeting on May 18th. He was a native of Turner and attended Maine to receive the B.S degree in Chemistry in 1914. Later in 1918 he received also the Ch.E. degree. He was first employed as a chemist with the Katahdin Pulp and Paper Company and as Chief Chemist for the Eastern Corporation in Brewer. While attending Maine to get his Ch.E. degree he worked as an assistant in Chemistry and in 1923 was named Associate Professor of Chemistry. Most of his work was done in the field of pulp and paper technology and he served as Professor in that work since 1934. He was on the Summer Session faculty several years giving special courses in pulp and paper to mill managers and superintendents. He was widely known among alumni and others in the industry.

As a charter member of the Technical Association of the Pulp and Paper Industry, he helped develop that important organization. Several times he gave addresses and read papers before its meetings. He was also the author of numerous technical and research articles in trade journals.

Prof. Bray was a member of Beta Theta Pi fraternity and of Phi Kappa Phi and Alpha Chi Sigma, honorary societies. He served as treasurer of the General Alumni Association and gave his time and services to numerous faculty and University committees. In the community he was widely known and respected.

He is survived by his wife, a daughter, Mrs. George E Allen, and two granddaughters.

Alumni and friends of Prof. Paul Bray, especially those associated with the pulp and paper industry in which he was so active, were deeply grieved to hear of his death on May 25.

Prof. Bray was a member of Beta Theta Pi fraternity and of Phi Kappa Phi and Alpha Chi Sigma, honorary societies. He served as treasurer of the General Alumni Association and gave his time and services to numerous faculty and University committees. In the community he was widely known and respected.

He is survived by his wife, a daughter, Mrs. George E Allen, and two granddaughters.

Respectfully submitted,
Harold M. Pierce '19
Alumni Representative,
Board of Trustees.
1905 The retirement on July 1 of Clarence Reed after nearly 46 years with the Hyde Windlass Company of Bath has been announced. Mr. Reed has served the company in various capacities including chief draftsman, engineer, and during the last 17 years as New York representative. He returns to Waldoboro to make his home there on Jefferson Street.

1907 Joseph F. Merrill is assistant chemist with the Kansas State College. He lives at 318 North 10th Street, Manhattan, Kan.

Along with his own civil engineering business Rosmar S. Devereux does title examination work. His address is 29 Maywood St., Worcester, Mass.

1909 Veteran Republican committee member Alan L. Bird of Rockland, was reelected chairman of the State Republican Committee recently and will lead the state delegation at the Republican National Convention in Philadelphia.

1910 Terminating five years of service with the War Investigating Committee of the U. S. Senate, William S. Cole of Bangor has resumed the general practice of law in Bangor with offices at 27 State St. During his period of service Mr. Cole acted as counsel and investigator for the Senate Committee.

1911 A luncheon at Bangor High School was held recently honoring Miss Irene Cousins who is this year retiring as head of the history department of the school. She received a farewell gift from her former students who paid tribute to Miss Cousins for her fine scholarship and effective teaching in the fields of American history and current affairs. She has served as President of the Bangor Teachers Club and on various committees of the Maine Teachers Association.

1915 New president of the Bangor Rotary Club is William B. Hill. Mr. Hill is freight traffic manager for the Bangor and Aroostook Railway. He is a former president of the Chamber of Commerce and former member of the city council.

1916 George F. Eaton of Bangor is a trustee of the Bangor Theological Seminary. New Grand Master of the Masonic Grand Lodge in Maine is Granville C. Sorensen, formerly of the Home Economics department. At the time of her death she was the mother of a 14 months old daughter, Carol.

1919 Mrs. Emilie K. Josselyn of 35 Caryl Ave., Yonkers 5, N. Y. Don Osborne says I'm a most persistent woman! (I wish some of the rest of the class would, in self-defense, (as Don did) answer my repeated requests for information about yourselves for this column.) Don came through with the following information—Residence—Gloucester, Mass; Rock, N. Y.; 35 Harding Road since 1928; Chief Engineers Office, New York Telephone Senior Engineer, Radio, Manager B. X. Westchester Area Bell Telephone Labs. for two and one half years during the war. Children—son Donald 20, Navy during the war, hopes to be a lawyer; daughter Anne, graduates Ridgewood High School this June.

1921 Carleton Brown of 94 Prospect Street, Gloucester, Mass., is in the Dry Goods business. He has two children, a boy, 14, and a daughter, 17.

1922 Mrs. Ethel F. Homan of Kennebunkport operates his own saw mill. His outside interests are operating and helping to manage sport teams. He is also interested in town affairs and Masonic lodge.

1927 Edwin B. Ross retired last year from the Clark Equipment Co., but although no longer an officer, remains a member of the Board of Directors. He is at present doing consulting work for the company. Mail will reach him at 313 West Front Street, Buchanan, Mich.

1934 Paul DeCosta Bray. Your editors deeply regret that through an oversight the complete report of the death of Prof. Paul Bray on May 25 was not included as intended in the previous issue. The full details of his passing are recorded in this issue.

1936 A member of Theta Chi fraternity, and a veteran of World War I, as a commissioned officer, he served several years as principal of East Corinth School.

1940 Paul Bray passed away in Bangor at the age of 66. A member of Sigma Chi fraternity, and a veteran of World War I, as a commissioned officer, he served several years as principal of East Corinth School.

1943 A member of Theta Chi fraternity, and a veteran of World War I, as a commissioned officer, he served several years as principal of East Corinth School.

1945 The retirement on July 1 of Clarence Reed after nearly 46 years with the Hyde Windlass Company of Bath has been announced. Mr. Reed has served the company in various capacities including chief draftsman, engineer, and during the last 17 years as New York representative. He returns to Waldoboro to make his home there on Jefferson Street.

1947 Virginia Hastings Droe- sler. Information has been forwarded to the Alumni Office of the death on December 7 of Mrs. Droe sler. She was a resident of Nova Scotia. Word of her death was received from Mrs. Scoville from Gilmanton Iron Works, New Hampshire.

1948 The retirement on July 1 of Clarence Reed after nearly 46 years with the Hyde Windlass Company of Bath has been announced. Mr. Reed has served the company in various capacities including chief draftsman, engineer, and during the last 17 years as New York representative. He returns to Waldoboro to make his home there on Jefferson Street.
Orono, is manager of The Strand Theater. He writes that he saw Leta Weymouth Wood last summer, but he gave me no news about her.

Harold and Leta, how about sending something for this column? And the rest of you lazy '21ers! How about a little news from you? My summer address is 229 Kenza Ave., Haverhill, Mass, right on Route 110. Drop in on your way to Maine. Send me a postal about yourself!

1924 Mrs. C. C. Little, Box 558, Bar Harbor

The news this month concerns Howard L. Bowen of Saco. He has been appointed Head of the Division of Curriculum and Instruction in the State Department of Education. He has been superintendent of the Saco and Old Orchard Schools since 1943. This group tendered him a farewell dinner and presented him with a bond as a token of their esteem and affection recently. Good luck in your new and challenging field, Howard.

Greetings to all class visitors to the campus. Won't you make a resolution to write your class secretary?

1925 Mrs. George Lord, 38 Forest Ave., Orono

Another year is ending. Each year I have hoped to pass along news of the doings and whereabouts of the gang but there has not been a great deal. Let's make a better showing next year. Here are a few that have been sent from the office.

Francis S. Doyle is a teacher at Manter Hall School, 71 Mt. Auburn St., Cambridge, Mass.

Merton G. Gribbin of Augusta has been named Chief of the Standards, Methods and Planning for the Unemployment Compensation Commission. He has been with the Maine Unemployment Compensation Commission since 1938, having charge of the Commission's training program.

Dr. Stephen S. Brown, director of the Maine General Hospital, was a speaker at the two day sectional meeting of the American College of Surgeons held in Halifax in May. More than 500 doctors and hospital administrators from Northern United States and Eastern Canada were in attendance.

Keith Goldsmith is with the Universal International Films Inc. in Johannesburg.

Edward E. Chase, President

MAINE SECURITIES COMPANY

465 Congress Street
Portland, Me.

Kenneth Merrill is doing rehabilitation work for the State of Connecticut. His mail goes to 132 Hunting St., Bridgeport, Conn.

Horace A. Pratt was elected grand patron at the recent grand chapter session, Order of the Eastern Star, held in Portland. With his wife and daughter, he resides on Bennoch Road, Stillwater. He is employed at the University, where he is secretary and engineer to the Technology Experiment Station, and is also testing engineer, Maine State Highway Commission.

Mary T. Quinn was recently elected president of the Bangor Teachers Club.

1931 Doris L. Gross, Stonington

Ward B. Cleaves is now president of his own company, the Cleaves Food Service Corporation, with offices at 241 E. St., N. W., Washington, D. C. In connection with this he is operating a restaurant at Jersey City, N. J., the cafeteria at the Federal Hall National Memorial, and the new cafeteria at the White Oak plant of the Naval Ordnance Laboratory, Silver Spring, Maryland. During the war Ward was a colonel in charge of the Food Service Branch of the Army Service Forces in the United States, which involved supervision of the mess halls in the United States, and was later transferred to the Pacific Theater where he set up a food program for the army and civilians. After the war he became manager for Crothy Brothers of Boston, an industrial food service organization, which he left in order to expand his own company.

Congratulations to Mrs. and Mrs. Horace Flynn on the birth of a son, Neil Munro, May 16th. This is their third son, and they have one daughter.

The following report of our business meeting and news of classmates results from the Commencement program.

The meeting was called to order by Sam Sezak, president. The treasurer's report was given by Louise Durgin Hammons. Plans were made to collect funds to pay the cost of mailing letters and this was done with those members of the class present contributing. A plan for raising a class gift of $1000 to the University was presented at our 25th reunion was presented by the president and accepted. It was announced that the class now has about $375 towards the payment of the value of its cancelled insurance policy. Class members will be contacted regularly for donations towards this gift. The class decided upon as an excellent date for organizing a bang-up 25th reunion three years hence, with class breakfast, outing, and all the fixings. Let's hear from you with suggestions for features you want for your 25th!

Class elections were held with the following results. Sam Sezak was re-elected president. Don Marshall, re-elected vice-president. Louise Hammons was re-elected treasurer. The executive committee are: Lawrence Fraser, Parker Cushman, Galen Veayo, Cliff Curtis, Phil Brockway.

The place of the regular office of class secretary, a news committee was set up to ferret out news about all of you reticent and modest '30ers. This was planned with geographical and group mailings, and it will be enlarged as needed. In fact we hope each and every one of you will consider yourself a member of that committee to pass on news for our class column. Tommy Thomas Sezak will be editor "chief" with her office set up at 4 Gilbert
I purposely held off writing this column until I had returned from our reunion. It has been such fun coming back and talking over old times!

Helen and I drove up today from Portland with Grace Quarrington Corey and Marjorie Moulton Murphy as our passengers. The following items are those which I was able to jot down in the little time I have before the deadline for this column.

**As the radio is holding forth on the National G.O.P. developments, news comes from Maine that Earl Hill will be a candidate for the State of Maine Republican nomination as representative from Bingham and the surrounding towns.**

Helen says you may know, left the service in June 1946 with the rank of major. He did not return to Montgomery Ward, but started a clothing business with his father.

**CLASS BABIES PRESENT WERE TOMMY SEZAK AND ALBERT WALKER, BOTH WEIGHING IN AT ABOUT 120 LBS. AND MEMBERS OF THE SEVENTH GRADE. THEY HAD FUN TOGETHER TRYING OUT THE DANCE FLOOR AND SPLENDISHING ON THEIR EXPOSURE, ATHLETICALLY AND SOCIALLY, AS MEMBERS OF THE CLASS OF 1958.**

**DESPERATE ALUMNI RECEIVED VALUABLE HELP AT THE REGISTRATION TABLE FROM BETTY BROCKWAY, A MEMBER OF THE FRESHMAN CLASS AT ORONO HIGH SCHOOL.**

**THE MEETING ADJOURMED.**

**Stacy Billings is managing the Ford Sales and Service in North Berwick, Me.**

Helen Beasley Ochs is headmistress of the Mohawk Day Camps and Home School, Inc., at White Plains, N. Y. She lives on Ardsley Road, Scarsdale, N. Y., and her address is Box 523. Son Jonathan is five years old and has claim to fame as the radio is holding forth on the National G.O.P. developments, news comes from Maine that Earl Hill will be a candidate for the State of Maine Republican nomination as representative from Bingham and the surrounding towns.

As the radio is holding forth on the National G.O.P. developments, news comes from Maine that Earl Hill will be a candidate for the State of Maine Republican nomination as representative from Bingham and the surrounding towns. I haven't heard any official reports yet.

1938

Mrs. Roland Wirths, 47 Palmer St, Portland
Ruby and Roddy Elliott stopped here Memorial Day for a visit, both looking fine and prosperous (Ruby says Roddy has put on 20 lbs since 1938). They had with them their two lovely daughters, Alice Jean and Betsy, six months old "Chipper" (Roddy, Jr.) didn't feel like saying Arnold Veague, who is co-chairman
School and is an instructor at the Fifth Street Junior High School in Bangor. Lt. Commdr. Johnston is instructor in the N R O T C. at Dartmouth College.

1940

Mrs. Edward R. Ladd, 108 Talbot Ave., Rockland
Jack and Harriet McGillivray paid us a visit last week. They are solving their housing problem by building a home in Weston, Mass. They had news about Mike and Betty Thompson who have just bought a house at 139 Chestnut St, Dedham, Mass. Through Jack, too, I learned that Ray Palmer, his wife and four year old son are in or near Lake Winnipesaukee where Ray is working for New England Mutual. Lt. Commdr. Frederick J. Johnston and Miss Beatrice G Gleason of Bangor are to be married in June. Miss Gleason is a graduate of Washington State Normal School and is an instructor at the Fifth Street Junior High School in Bangor. Lt. Commdr. Johnston is instructor in the N R O T C. at Dartmouth College.

Ann Hart and Thomas D. Dickens of Camden were married on May 16 in Union. After graduating from the U of M, Ann graduated from the Massachusetts General Hospital School of Nursing and served two years in the Army Nurses Corps in France and England. She did graduate work in Public Health at Simmons College and has been working for the State Bureau of Health and Welfare in Washington County. Mr. Dickens is employed by the Maine Department of Health at Camden Hills State Park.

Maj. and Mrs. Philip A Hutchinson announce the birth of a daughter, Genevieve, on March 11 at the 97th General Hospital, Frankfurt, Germany. Maj. Hutchinson is in charge of boats and navigation on inland waterways. Mail goes to: Transport Group, APO #757, c/o Postmaster, New York, N. Y.

Wilbur L. Cuzner, mathematics and
science teacher at Medway High School, has been elected principal of Medway Consolidated School. During the war he served in the Merchant Marine. He is married and has one daughter.

Mack Roberts has resigned as principal of Alfred High School, a position he has held since 1944.

Woodrow A. Mercier has been elected principal of Thomaston High School. He has served as submaster and coach at Schenck High School in East Millinocket and at N. H. Fay High School in Dexter and as principal in Medway. He is married and has two children.

Clifton E. Whitney is now employed as an economist and office manager for Northern Farms Cooperative, 107 State St., Montpelier, Vt. He and Mrs. Whitney (Mary Mosher '41) live at 99 E. State St., Montpelier.

1941

Mrs. Vale G. Marvin, Kennebec Rd., Hampden Highlands

Frederick Tracy is employed by the Gulf Oil Company. His residence is 216 West 18th St., Odessa, Texas. Forrest G. Whiteman has a position as foreman for Hinghamworth and Whitney. His mail goes to P.O. Box 189, Greenville, Me., Maine.

Louis J. Kuhn is a salesman for Whitehead Metal Products Co., 303 W. 10th St., New York, N. Y. He lives at 426 78th St., Woodcliff, N. J.

D. E. Hall is an Aquatic Biologist with the Connecticut State Board of Fisheries and Game, State Office Bldg., Hartford, Conn. He received his Master's Degree in Wildlife Conservation from the University of Conn. in 1947. He is married and has two children, a daughter 20 months old and a son of two months. His address is R.F.D. #1, Storrs, Conn.

Harry C. Peavey, Jr., is a sales engineer with the Blackstone Valley Gas and Electric Company, Woosneck, R. I. Mail goes to R.F.D., Douglas Pike & Joslyn Rd., Montpelian, R. I.

Stewart F. Oakes is assistant to the head of the Bowditch Mfg. Co., 26 Salisbury St., MAINE, Mass. His address is 32 Westbrook Rd., Worcester 2, Mass.

Byron W. Candage is assistant engineer with the U. S. Public Health Service in Athens, Greece. His mail goes to 4 W. Churchill St., Athens, Greece.

Robert Cummings is a mathematician with the U. S. Coast and Geodetic Survey, Division of Tides and Currents, Commerce Dept., Washington, D. C. He lives at 5129 Benning Rd., S.E., Washington 19, D. C.

We have two future U. of M. "sons" to report this month.

Mr. and Mrs. Lawrence Emery (Ginny Mooton) have a son, (their third) Stephen Talbot, born on May 22nd. Their address is 344 Ohro St., Bangor.

Mr. and Mrs. Howard Ehlenbach (Kay Ingalls) have a son, Raleigh Frederick, born on June 1st. Their address is still Ellsworth. Congratulations to you all!

Mrs. Charles J. Oberly has announced the engagement of her daughter, Mary, to Charles Royce Woodman of Augusta. After leaving the U. of M., John was graduated from the Stewart School of Aeronautics and is now employed as a salesman. They will make their home in Bangor.

Mr. and Mrs. Elwin Noyes of Greenville announce the engagement of their daughter, Alice, to Harold L. Mann of Bangor. Miss Noyes graduated from the Mass. General Hospital School of Nursing in Bangor, and is doing private duty in Bangor. Harold was in the Army during the war and now is employed by Coffin and Wimple. No date has been set for the wedding.

On April 8, Miss Phyllis Ellingwood, daughter of Mr. and Mrs. William Ellingwood of Levant, was married to John F. McEachern of Bangor. Mrs. McEachern was graduated from the Eastern Maine General Hospital School of Nursing and is doing private duty in Bangor. After leaving the U. of M., John was graduated from the Stewart School of Aeronautics and is now employed as a salesman. They will make their home in Bangor.

Leroy C. Brown has resigned his position as specialist in the Division of Markets, Maine Dept. of Agriculture, to enter the employ of Norris E. Clements, Win­terport hatcheryman. Previous to his employment in the Dept. of Agriculture, Leroy was Agricultural Extension Agent in York County.

"I hope to attend some of the Commencement activities on campus this coming month and will report any news gather next fall. Have a wonderful summer, everyone."

1942

Mrs. Jose Cuetara, 1127 Commonwealth Ave., Boston 34, Mass.

Mr. and Mrs. Lawrence Emery (Ginny Mooton) have a son, (their third) Stephen Talbot, born on May 22nd. Their address is 344 Ohro St., Bangor.

GOOD NEWS

The long awaited Wedgwood tea cups and saucers have arrived from England. Very pleasing in appearance, the outside of the cup has a panorama of the campus about 1875. The inside lip of the cup carries a narrow pine cone border with the same design around the edge of the saucer. They come in blue and green to match other Maine Commemorative Ware.

The ash trays picture Fernald Hall, the oldest building on campus. About four and one-half inches in diameter, the ash trays, like other pieces, are made in famous Josiah Wedgwood Potteries in England. These, too, are available in blue and green.

Both the tea cups and saucers are now available in the stamped first edition.

Prices: Tea Cup and Saucer, $12.50 for eight, $1.75 each for four to eight and $1.85 each for less than four.

Ash Trays 90 cents each.

All prices include postage.

Please send .

Among our neighbors are Don and Anne Marriner who live at 19 Hamilton Road, Brookline, Mass. I met the Marriners during their weekly meeting of the local Shop and Shop, and after their wedding which took place on April 16th at the First Congregational Church in Fairhaven, Mass. Anne was Miss Anne Lawton of Fairhaven and attended Simmons College and then Katherine Gibbs. Prior to having a secretarial position at Monsanto Chemical Company in Everett, Don has been with Monsanto since receiving his Master's in Chemical Engineering at the University of Maine last year.

The University of Maine Boston Alumnae are very fortunate in having Midge Messer Merrill as president of the group for the coming year. Already Midge has lined up a very interesting program for the group. Meetings will be held at the Pioneer on Clarendon St., and alumnae from this area are finding a nice opportunity to renew old acquaintances and make new ones among the friendly alumnae of all classes.

There is also an active group of mixed alumni in this area including such familiar names to our class as Helen Mullen, Peg Spaulding, Bob Atherton, Bob Many, Joe Sutton, George Ellis, and many others. Don Crossland has particularly spurred the group on to planning some good things and the next one on the agenda is a dance aboard the S.S. Liberty Bell which will take us on an evening's "cruise" around Boston Harbor.

You hope all have a very pleasant summer and let us hear from you between now and the fall when we next go to press. Remember any changes in address, promotions in jobs, or additions to the family are real news for the column.

Mrs. Fred Haggett
105 Main St., Orono

This month I have the pleasure of announcing the births of three more class babies. In early May I received a note from "Mudge" Hurd Pine with the news that Stephen Charles, weighing 7 lbs. 12 oz., was born on April 30th, St. Pines, who also have another son, three-year-old Tommy, are living at 549 Marie Ave., Pittsburgh, 2 Pa.

Via "Ansel" Jacobs' sister, Dorothy, I have learned that in May Charles Alfred became the new addition to the Steve Jacobs family. This, my friends, is the third son!

Also in May, Ruth Stearns Shepardson became the proud mother of Linda Irene. The campus residence of the Shepards is 10-C, So. Apts., Orono.

On June 2nd, Ethelyn Bradstreet was married to Mr. Theodore Russell of Winslow, in the Winslow Congregational Church. The Russells' address is Garland Rd., Winslow, Maine.

The engagement of Miss Patricia R. Ludwig, daughter of Mr. and Mrs. Fred L. Ludwig of Washington, Maine, was announced to Elliott Hale. Miss Ludwig received a truly great surprise the other day when I found myself the recipient of a six-page letter from Barbara Atherton who is to be married to North Dakota Bob Case on June 26th. As far as some of us were concerned, it was a '45 reunion and also a homecoming. She was a classmate of mine and has been taught Home Economics at Harmony High School and "Doe" is employed as a field test engineer by the Curtis-Wright Aircraft Corp., Caldwell, N. J.

Come fall Marilyn and Eddie Hayes expect to be in Whiting, Indiana, where Ed has accepted a job with Standard Oil of Indiana. Their address this summer is 868 Tower Rd., Ithaca, N. Y.

Mildred Byranas
158 Blake St., Lewiston

Came tall Marilyn and Eddie Hayes expect to be in Whiting, Indiana, where Ed has accepted a job with Standard Oil of Indiana. Their address this summer is 808 Tower Rd., Ithaca, N. Y.

Terry Dignan is leaving for Northwestern University to attend upper school.

Also, Miss Collett is a teacher in the primary department of the Girls Latin School, Chicago, Ill. Her residence is 1244 Stone St. W., Chicago 10, Ill.

No date has been set for the big event, but Jane Longfellow and Bill Cullen are definitely going to take the step as their engagement was announced on May 1.

On May 2, Camilla Brown and Norman Priller were married at St. Mark's Episcopal Church. Camilla is employed as a staff nurse at the Veteran's Administration Hospital in Regent, where her husband is physical instructor in the M. P. Hospital. They are living at 33 Bangor St., Augusta, Maine.

Mr. and Mrs. Alan Burgess will be going to Schenectady, N. Y., the first of August where Al will be working with the local office. All hints on apartmentments appreciated. Their address this summer will be 20 Davenport St., Augusta.

Franklin Talbot is on campus studying for his Master's Degree.

Mary Smith has a graduate assistantship in Zoology at Maine this year.

Mr. and Mrs. Charles Hass and son, Dennis, plan to be on campus this summer. Charlie has been teaching at Binghamton. Their address for the summer will be 46 Oak St., Orono.

Lucille Cote is studying for her M.D. at Columbia and working days at Lederle Labs, Pearl River, N. Y.

Joan and Mark Sewell will be at Boothbay Harbor for the summer. Mark has one more year at Maine.

1947

Mrs. Paul Dowe,
101 Dyer St., Presque Isle

Again we will have another short column. I guess this is a busy time of year for everyone, as I have heard from no one all.

Melvin Barlett has left the W. T. Grant Company and has gone to work for International Business Machines Corp., as a customer service man in the time clock division. His present address is 9 Holland St., Suite 5, Boston, Mass., but after the middle of June will be at 46 Maple Rd., Brookline, Mass.

Catherine Collett is a teacher in the primary department of the Girls Latin School, Chicago, Ill. Her residence is 1244 Stone St. W., Chicago 10, Ill.

Esther Ring and Lowell Savage are planning to be married in August. Esther has been teaching Home Economics at Harmony High School and "Doe" is employed as a field test engineer by the Curtis-Wright Aircraft Corp., Caldwell, N. J.

No date has been set for the big event, but Jane Longfellow and Bill Cullen are definitely going to take the step as their engagement was announced on May 1.

On May 2, Camilla Brown and Norman Priller were married at St. Mark's Episcopal Church. Camilla is employed as a staff nurse at the Veteran's Administration Hospital in Regent, where her husband is physical instructor in the M. P. Hospital. They are living at 33 Bangor St., Augusta, Maine.

ICE CREAM

JUNE, 1948
Portland's first fort was built in 1678 on a rocky bluff about fifteen feet above highwater level, a rod or two east of the present India Street. There were a number of buildings of stone and rock within the half-acre enclosure which was a refuge for the people of the settlement during Indian attacks.

The palisade fence surrounding the fort was of heavy logs. On the wall at regular intervals were wooden towers for defense and observation. Loopholes cut in these towers and in the outer walls gave the fort's defenders an opportunity to use their musketry to advantage upon assailants, while the heavy log walls provided some measure of protection from the arrows and musket shot of the enemy. There were eight cannons for defense.

At the time Fort Loyall was built Portland was a small settlement called Falmouth. Its few houses were clustered mainly on the waterfront around the fort and around Clay Cove, which ran inland at about the present junction of Fore and India Streets. A short lane led from India Street (then Broad Street) to a ferry way which was on a point of land at the eastern entrance to Clay Cove known as "Ferry Point." From here the settlers were ferried across the bay to Purpoodock.

From Fort Loyall, after a five-day siege by French and Indians in 1690, began the tragic and historic march to Quebec. The fort was destroyed with the rest of the town by fires set by the Indians.
