Necessary to appropriate		\$1,647.00

It was necessary to shorten the winter term to eight weeks so the spring term will have to be 11 weeks in order to have 34 weeks in this school year. The fall term will be 15 weeks and the winter term 9 weeks. This makes it necessary to estimate all expenses for 35 weeks in order to have 34 weeks in the school year 1935-36.

I would suggest the following appropriations for the support of schools:

Common Schools	\$1,647.00
Secondary Tuition	500.00
Textbooks & Supplies	150.00

Repairs

No estimate has been made of the cost of school repairs. Blackboards are needed in the Corner School Building and all of the buildings are in need of inside painting.

Respectfully submitted,

VEDA A. MADDEN

Supt. of Schools
