Superintendent of Schools

To the Superintending School Committee and Citizens of Burnham:

It is with pleasure and a sense of pride that I submit this my sixth annual report.

This has been a very pleasant and profitable school year. The greater part of the pupils have made excellent progress. We have a few who must have more special attention given them.

I would be pleased to talk over any special case with the parents in order that we the better understand each other.

The teachers through the agency of the Maine Public Health Association, are able to do a splendid work. By requiring certain chores the child forms the habit and sees the necessity of cleanliness. Good health is the one thing all essential and I regret to say that wherever we have a child who is retarded, his great handicap is due to his physical condition.

TEACHERS' RETIREMENT FUND

I wish to call your attention to the "Teachers' Retirement Act" which came into effect this year. To those eligible for this the sum of 5 per cent is deducted each pay day and held in reserve until the end of the year when a check for the full amount is drawn and sent to the State Treasurer. He deposits a like amount for each teacher which draws interest at four per cent computed quarterly.

This takes the place of the old pension act and will be found to be much better for the teacher who remains in service until sixty years of age and a real savings for the teacher of ten or fifteen years' service.

SCHOOL FUNDS

It is impossible for this town to have 36 weeks of school on any less than \$5300 for its annual appropriation, and this coming year I recommend \$5500. You will note that your high school tuition is \$400 more than last year and it will be even more the next.

Your committee have done their best with this

troublesome problem of conveyance, you will note that it is about the same as in the past.

I will give you a few towns for comparison in relation to the amount of school money raised and amount paid teachers.

	School Rate	Municipal Rate	Equalization
State	.0127	.05268	
Burnham	.0172	.056	\$185 00
Brooks	.0186	.053	330 00
Monroe	.023	.077	637 00
Troy	.0139	.058	144 00
Clinton	.0161	.056	450 00
Benton	.0136	.045	
Town	Maximum	Median	Minimum
Burnham	720 00	700 00	684 00
Brooks	810 00	680 00	612 00
Monroe	480 00	480 00	480 00
Troy	576 00	512 00	480 00
Clinton	972 00	684 00	648 00
Benton	900 00	720 00	612 00

To me this seems about on par with other towns in both our rate and salary paid teachers. There are a very few towns with a lower rate but many above.

REPAIRS

Your committee had both the Village and Reynolds Corner school buildings painted and stained on the exterior. Next year they purpose to clean the walls and ceiling of all the schools and if possible give them a coat of calcimine.

In conclusion I wish to thank the citizens for their liberal support of the schools, the committee for their loyalty, the teachers for their efficient work my words of commendation, and to the school children for their striving for mastery, I am pleased to be your school superintendent.

Respectfully submitted,
 G. M. D. GRANT
 Superintendent of Schools.
