Massacre at Fort Loyal

After the destruction of Falmouth (now Portland) in King Philip’s War the colonial government erected Fort Loyal, establishing a frontier post there under command of Captain Silvanus Davis. The fortress was located on a sandy bluff at the water’s edge on the spot where the roundhouse of the Grand Trunk Railroad later stood for years—an unfortunate choice of location, as was proven later.

By 1690 the French and Indians began to gather on the islands in the Bay, preparing for an all-out attack on the settlement. This came in 1690, after preliminary skirmishes on Munjoy’s Hill—where thirteen men under Lieutenant Thaddeus Clark were killed—and at the outlying farms, where houses were burned.

The attack on the town was sudden and fierce. By nightfall the garrisoned people had used all their ammunition, and fled under cover of darkness to the fortress. The savages then entered the town in full force and set torch to the houses before concentrating on the fort on the morning of May 16th.

For five days and four nights the brave band of English defended themselves. When the savages, under direction of their French commander, started mining under the fort on the sea side, Captain Davis realized their position would soon be untenable and asked the French commander for safe conduct for the survivors to the nearest English settlement. This was granted, but when the fortress gates were thrown open the Indians rushed in and completed their work of destruction, sparing neither wounded, women or children, and only stopping when but four or five men besides Captain Davis were left alive.

These were taken as prisoners over land and water to Canada—a journey of untold hardships of which Captain Davis’ own report says merely: “It took about twenty-four days before we arrived at Quebec.” The town of Falmouth Neck was left an absolute wilderness behind them.

ON the week end of June 10-11-12, hundreds of alumni will be in Orono for alumni reunions and the Eighty-Sixth Commencement Exercises of the University.

George F. Dow ’27, chairman, and other members of the Commencement Committee have planned a program to meet the varying interests of alumni. Many of the traditional features of Alumni Day have been retained with several added features to bring new life to the old program.

The Library will serve as reunion headquarters again this year in response to the many requests of alumni who expressed pleasure with this central meeting place last June. Lounge chairs in the lobby, on the terrace and in the spacious reading rooms give opportunity for alumni to sit and talk with friends and classmates.

The lovely Louis Oakes Room will be the scene of the alumni entertainment on Friday evening, the meeting of the General Alumni Association on Saturday morning and the Tea sponsored by the Penobscot alumnae on Saturday afternoon.

Class Day exercises in the Oval on Friday afternoon will open the week end. In the evening the Senior Hop will be held in the Gym. Alumni will play in the Golf Tournament at the Country Club on Friday afternoon and in the evening there will be an entertainment followed by dancing and bridge in the Library.

HONORING 1899

The Alumni Luncheon on Saturday will honor the Class of 1899 and retiring and twenty-five year faculty. The Class (Continued on Page 6)

Twenty years ago 1909 had the group below back for their reunion. On June 11 with twenty candles added to their reunion cake, this loyal class expects a similar turnout. The “fortieth” will be a memorable time for the Class of 1909.
Here We Go Again!

The University Trustees have voted to raise the tuition for 1949-50 by $75.00. This step was deemed necessary because the 94th Legislature slashed the current appropriation $600,000 for the biennium.

The increase in tuition is the third in three years and gives Maine one of the highest tuitions of any Land Grant College in the country. This latest rise brings the tuition to $300 for state students and out-of-state students to $425. Representing a 27% cut in the University Budget, the $600,000 which the Legislature failed to appropriate for another two years will only be partially met by the recent increase in tuition. A further revision in the University budget will be necessitated if a deficit is not to be incurred.

In recommending an increase, the Executive Committee of the Trustees further suggested "that a study be made immediately with a view to reducing the scope of certain services now rendered by the University, and wherever possible to reduce the cost of operation so as to effect a further saving of approximately $100,000 for the academic year 1949-50."

The failure of the Legislature to appropriate the requested funds places the University in its most serious financial problem since the inception of the Mill Tax. The University appropriation was slashed in the Maine Senate. The rise in tuition will work a hardship on many present students from families of modest incomes, those whom the Land Grant College Act sought to assist in education.

The slash in the University budget is the more lamentable when it is known that the State had an accumulated surplus of $6,100,000 and appropriated almost five million of this amount.

The Legislature did appropriate funds for an Animal Pathology Laboratory at the University at the insistence of cattle and poultry interests in the State, yet they left the University with the task of operating it on an already decreased budget.

In a stirring editorial entitled "Retrogression," the Bangor News said, in part: "In actual money the 1949 grant of the Legislature reverts to 1931. Thus from facts as they appear on paper the University has been set back 16 years."

All-Maine Women—

Fourteen women students were named All-Maine women at the 25th annual banquet in Estabrooke Hall on April 27th. Ten juniors and four seniors received the coveted black fir tree symbol from Janice Crane, present president of All-Maine women and toastmistress for the banquet. Dr. Hauck was the speaker of the evening and his topic was "What About Tomorrow?" Student speakers were Kathleen Kennedy, president of Women's Student Government, and Patricia Simmons, president of the Sophomore Eagles. Citizenship and community responsibility were the theme of their talks.

Chosen on the basis of "character, dignity, honor, and willingness to accept responsibility," the following girls were received into membership: Dorothea Butler '50 (Henry R. '20), Ann Dibble '50, Betty Friedler '50, Dorothy Hansen '50, Alice Virginia Kennedy '50, Margaret Mollison '50, Janet Petter '50, (Hugh '24), Barbara Richardson '50, Betty Arnold Smith '50, Caroline Strong '50, Martha Coles '49, Miriam Kochakian '49, Julia Shores '49, Madelyn Webber.

Speaking in terms of wine, but not so good when educational progress is involved.

"This, then, is the sorry slate that today confronts the president and trustees in their attempt to operate a 1949 University on a 1919 income."

"Perhaps it can be done—after a fashion. But neither President Hauck nor any of the trustees professes to be a magician."

"The alternative—that of cutting corners that would not ordinarily be cut—is equally sorry. The cut cannot come in the faculty, numerically or financially. Their number is set by ratio, and their remuneration is already inadequate."

"This throws the entire cut on maintenance of physical properties and on elimination of extracurricular services—possibly even the time-honored extension service upon which not a few Maine farmers depend for answers to personal as well as general problems."

"It will mean drastic curtailment if not elimination of the grounds crew—unpatched Macadam roads and walks; grass-grown grounds and terraces. It may mean the closing of all buildings but those termed indispensable in a frantic attempt to curtail janitor service and conserve on coal.

"The hands of the clock have indeed been turned backwards—back to 1919."

MAINE DAY—

Here We Go Again!
STUDENTS at the Brunswick Campus gave the Union Building Fund Campaign a big lift, financially and spiritually, in early May when they subscribed more than 100% of their $16,000 goal. 91% of the Annex freshmen subscribed during the five day campaign under the chairmanship of Arthur M. Bowker, Jr. '52 (Arthur M. '22). This brings the total of voluntary student subscriptions to the imposing total of $166,418. More than 5,300 students in the past three years have pledged the above amount in testimony of their faith in the University and of their desire to have the many much-needed facilities which the Union Building will provide.

“G” Day

June 11 has been set as “G” Day for it is hoped that by then the $900,000 goal will have been subscribed. Area chairmen and committees are making a “home stretch” drive in an effort not only to reach the goal, but also to have as many alumni as possible make their contribution to this fine memorial. Not until the funds necessary for payment of the Union Building have been pledged can definite steps for construction be undertaken.

Hundreds of alumni have not yet joined this great project to provide the University with a living war memorial. If the campaign is to be completely successful, every alumnus and alumnna, giving according to his or her means, needs to make a subscription.

Already dozens of alumni whose pledges have been paid are extending their payments. These loyal sons of Maine have found the quarterly payments no hardship but rather an easy way in which to express their interest in their alma mater. You need not wait to be asked to do this.

A note to the Union Building Fund headquarters agreeing to additional payments is all that is necessary.

Androscoggin Moves

Within sight of the 100% mark, Androscoggin County has shown much progress in early May. Not only have many new subscriptions been secured, but several alumni have made additional pledges. The Special Gifts campaign, Tom Man gan '16, chairman, reached its quota in February and there is every indication that the general campaign will do likewise.

Also showing progress is Penobscot County. The Alumni Committee in Penobscot is striving to duplicate the alumnai accomplishment of reaching the goal. Mrs. Rena C. Bowles '21 and her committee are the only alumnai group to have made their quota to date.

Eastern Pennsylvania and Eastern Massachusetts, both areas with a large potential, have given a heartening response to the campaign in the past month.

E. N. Woodsum ’15 is continuing his efforts to match Eastern Pennsylvania’s fine record in past campaigns. In the Boston area, chairman Lewis O. Barrows ’16 is being assisted by Warren H. Pfeible ‘21. They expect by “G” Day to have a high percentage of alumni contributors.

Unlike other college fund-raising campaigns, the Union Building Fund has received no outstanding capital gifts. A few alumni have given substantial amounts, but this is a campaign of the “average alumnus.” His gift to date amounts to $97.00. Of course this is an average figure, each giving as his situation permits. Only a high percentage of our alumni subscribing to the fund and additional subscriptions from those who anticipated a “second” campaign and thus did not go the limit will bring us the $900,000 needed. If you are in either of these groups, why not seriously consider a contribution to the Union Building Fund today.

Local Associations

Northern Aroostook alumni had the largest turnout in many years when 115 gathered at the Vaughan House for the annual spring meeting. Dr. R. R. Rankin, newly appointed head coach of basketball, was speaker of the evening.

Newly elected officers of this group are: President, Owen H. Smith '41; Vice President, Waldo Hardison '38; Treasurer, Kenneth Bouchard '40; and Secretary, Mrs. Clyde Higgins '35.

Southern Aroostook alumni meeting in Houlton in early May had the pleasure of hearing Dr. Hauck discuss the latest developments at the University.

Succeeding Robert Shean '32 as president is Robley Morrison, Jr. '36. Other officers elected are: Vice President, J. Maynard Austin '43; and Secretary-Treasurer, Mrs. Mary Archibald Campbell '39.

The Vermont Alumni met in Montpelier. Prof. Kent showed colored movies of the campus and also told of spring events at the University.

The White Mountain alumni met at the Philbrook Farm in Shelburne. Law-

1879
CHARLES ADELBERT MORSE. On April 12 Charles A. Morse passed away in Los Angeles, California, where he had been living for several years. He had a long and varied career in railroad engineering, and was well known for his achievements in this field. In his most productive years he was Chief Engineer of the Santa Fe Railroad and of the Chicago, Rock Island, and Pacific Railroad. During World War I he went to Washington to become assistant director of Engineering and Maintenance for the United States Railroad Administration at the time when the government took over the railroads. He also served as a member of the Board of Review, Construction Department, for the American Armies. In 1929 he retired from active work at the age of 70. In that same year he was awarded an honorary LL.D. from the University of Maine. Dr. Morse was a member of Phi Gamma Delta fraternity. He was a member of the American Society of Civil Engineers, American Railway Engineering Association (Past President and Director), Washington Society of Engineers, and American Society of Engineers (President in 1923-1924). He was also a member of the University Club of Chicago for many years, of the Chicago Engineers Club, and Cosmos Club of Washington. During his lifetime Dr. Morse built up a reputation for intellectual honesty and fair dealing that raised his advice to be sought by corporations contractors, and various lines of industry. During the last twenty years of his life his services as an arbitrator and consultant were constantly being sought after. Dr. Morse was a native of Bangor, Maine.

Stanton Glover is director of the laboratory of the United States Rubber Co. His residence address is 43 Park Ave., Northwood, N. H.

Lawrence Goodhue is a jeweler in Ft. Fairfield, Maine.

1923 Mrs. Norman Torrey (Toni Gould)

9 Poplar St., Bangor, Maine.

This is the time of year when our thoughts turn affectionately to those happy days on our beautiful, lush campus, of which there is none lovelier! And I suspect the mayflowers and violets still abound out Piney Knoll way, don’t you?

The other day I had the nicest letter from Lelan March. He is stationed in Clewiston, Fla., which has the largest sugar mill in the U. S. Lelan is General Superintendent of Public Relations for Hendry County. He and Mrs. March (Elna A. Stuber of Gardiner, Sargent 27) like Florida and if Stubby has the same infectious smile I received the feeling is mutual. Time has not hung heavy on his hands for his education pursuits; he has had many articles published in various educational magazines. As he says: “I started writing on audio-visual teaching aids and methods, but soon switched to topics dealing with administration and general school problems.”

I was delighted to receive a booklet of the 13th Rochester International Salon of Photography and to discover that among those honored to exhibit was Fernald S. Stickney of West Chazy, N. Y. His is a fine tribute to his outstanding ability. Prints were received from 32 foreign countries and 36 states. Congratulations! Philip D. Davis is Resident Engineer for the Erie R.R. Co. with offices in Hornell, N. Y., and with residence at Monroe, N. Y., on Gilbert St.

And in case any of you want to communicate with our class president, just address the envelope to Howard H. Randlette, 268 W. Elm St., Brockton 31, Mass. He is manager of the New England Telephone and Telegraph Co. in Brockton, you know.

If you’re going to treat yourself to a trip back to your favorite Alma Mater, why not get in touch with me. I’d love to see each and every one of you! And you know you can always reach your secretary, Toni Gould Torrey, at 9 Poplar St., Bangor.

THE MAINE ALUMNUS

May, 1949

Vol. 58 No. 6

The Maine Alumnus is the official publication of the University of Maine Alumni Association. It is published monthly except during July and August. Copyright 1949 by the University of Maine Alumni Association. All rights reserved.

Alfred B. Harper is Internal Corporation Auditor for the Verney Corp. in Boston, Mass. He lives at 52 Cohasset St., Taunton, Mass.

Justin J. Luther is associated with the Pit-Whitney Aircraft Corp. in East Hartford, Conn. His home is in Hadley, Connecticut.

R. Donal is in advertising work and lives at 177 Pleasant St., Whitman, Mass.

How are your plans coming along for the class reunion? I have promise of 100% attendance from Bar Harbor. The A. John Contis, the Clifford Reynolds, and the Littles will be on hand. Will you? We hope to see many of you at Alumni Day at the University in June! June 14th.

Class Reunion June 10, 11, 12, 1949

June 10, 11, 12 and the “Twenty-niners will return as Forty-niners.” That’s the theme that the planning committee has decided upon for THE WEEK END that is almost here.

In a letter from Bob Parks, I learned of a planning meeting he had with Roddie O’Connor, Jim Buzzell, Lou Kinney, Elston Cooper and their wives. Roddie is to work with the Bangor committee. Jim and Joe will work on fraternity contacts and Lou is going to get suitable props for the forty-niner theme. Tentative plans include a class frollick, a covered wagon, and perhaps a class breakfast and a social hour at the Penobscot Valley Country Club preceding the Alumni Banquet. The latter may be held in conjunction with the other three reunion classes.

A note from Olin C. Moulton told me that he is now specializing in eye, ear, nose, and throat work in Reno, Nevada. After Maine, Olin was graduated from the University of Maryland as a Doctor of Medicine in 1934. He served a junior internship at the Maryland House of Correction, and an internship at the Ben Scocca’s Hospital. In 1936 he was a resident in eye, ear, nose, and throat at the University of Baltimore. During the war he was with the Navy serving two and a half years in the Pacific theatre and nearly two years in this country.

Olin says that Bill Cassidy went through Medical School with him and seeing his address in the Alumni he got in touch with him recently and with Eddie Merrill in San Francisco. He would like to hear from other Maine Alumni in the vicinity as he would like to try to have a gathering of Maine people near Reno.

Ralph A. Corbett, assistant dairy specialist for the Agricultural Extension Service of the University of Maine, recently received a Master's Degree (in dairy husbandry) from the University of Wisconsin. Working with the Dairy Herd Improvement Association and the Maine Artificial Breeding Co-operative for the most part, Mr. Corbett has been assistant dairy specialist since 1937. Before that he served seven years as Franklin county agent for the Extension Service.

The engagement of Miss Anna Catherine Giles of Skowhegan to Lewis Waldo Hutchinson has been announced. Mr. Hutchinson teaches science at Mapleton High School. Miss Giles, teacher of the sixth grade of the public schools in Mapleton, graduated from Skowhegan High School in 1944 and later from the State Teachers College in Gorham.

Clifford McIlveen of Perham was elected vice president of the Maine Federation of Agricultural Associations during a session of the organization, Farm and Home Week in late March.

Harland Knight is now an executive in the agency department of the Paul Revere Life Insurance Company, Worcester, Massachusetts.

Ermo Scott, new deputy commissioner of education for Maine, has been busy keeping speaking engagements this month. In the Commencement preparations are in the air on campus and we hope that many from 1931 will find their way back for Alumni Day this June.

Clifford McIlveen of Perham was pictured at the Fuller House by Delta Kappa Gamma at which meeting Ermo was the guest speaker. On April 7 he was the guest speaker at the banquet of the Bangor and Brewer Teachers' Clubs. Career Day at Bangor High School was marred by a large group of students interested in teaching hearing Ermo speak on that profession. John Vickery has moved from Portland to 74 Chestnut St., Belfast.

On May 6, a picture was carried in the Bangor Daily News of the presentation of a certificate of honor to the Bangor High School Oracle by the National Tuberculosis Association and the Columbian School. Miss Jessie Fraser received the presentation as faculty advisor of the school paper.

Lester M. Clark is an engineering assistant in the bridge division of the State Highway Commission. He lives in Ellsworth at 32 West Maple St.

Among those planning organization of Maine Broiler Day on July 8-9 at Belfast is Stanley Painter, Augusta, Maine Agricultural Department Executive. Stew in charge will be in charge of the poultry display.

1932
Loring Swain was married in January to Miss Mary Read of Reading, Vermont. Mrs. Swain is the daughter of Mr. and Mrs. Clarence E. Cleveland of Reading. The Swains will make their home in East Andover, Maine, where Loring is connected in an engineering capacity with the manufacturing plant operated by R. S. Swain in Andover.

Mr. and Mrs. C. A. Haines of Easton are hosts and instructors to a young man from Holland who is in this country under auspices of the Marshall Plan. Their job is to teach the young man some of the art of potato raising methods so that he may go back and help in the agricultural program being elaborated in Holland. The University of Maine Extension Service was instrumental in placing the young man.

John S. Adams has been named assistant manager of the New England Milk Producers Association, working in the secondary markets division. He was formerly district manager of the Andover District in Massachusetts. A newspaper clipping concerning his promotion says, "A thorough knowledge of milk marketing, together with his long experience in NEMPA fit him admirably for his new position."

1933
Mrs. John R. Carnochan (Dorothy Findlay)

Ted Prescott has a new address—2-6 Swarthmore Ave., Swarthmore, Pa.

George Glickman is doing advertising and supervision work with the Pay and Take Furniture Co., Inc., in Somerville, Mass. He lives at 215 Jackson St., Newton Centre, Mass.

Coleman Randall has moved to Morrill, Maine.

Mrs. Harry Petapie (Irene Murray) lives at 22 Forest Park, Portland.

Ruthie Irwin is a Nutritionist with the New York State Dept. of Health and lives at 441 Yates St., Albany, N. Y.

Major John Bankus may be reached at the Staff & Faculty Quartersmater School, Camp Shanks, N. Y.

Charlie Fobes is a meteorological aid for the U. S. Weather Bureau in Concord, N. H. He lives at 28 West St., Concord.

L. Muriel Tripp is a housemother at St. Thomas Choir School, 121 W. 55th St., New York 19, N. Y.

C. Everett Page, Jr., immediate past governor of New England district of Kiwanis International—has been named special representative of the U. S. Treasury, U. S. Savings Bonds Department.

He is presenting to service clubs and other organizations the treasury's opportunity bond drive program which includes the film "Power Behind the Nation."

That's all the news I have, or rather, all the news the Alumni office sent me! How about a penny postal from each one of you?

Here are our seven items for the Month of May. I hate to admit that our column is dated by its lack of news, but that's the way it is.

Horse Easte is vice president and general manager of the Charlotte Bay Gas Co. in Hyannis, Mass. His residence address is 54 Lakeview Ave., Falmouth, Mass.

Kenneth Foster is Superintendent of Agencies, Ordinary Agency Department, Prudential Insurance Co. of America, Newark, N. J. His residence is 8 Oak- land Place, Summit, N. J.

Bill Gilbert, Jr. is living at 315 Hill Rd., Whitemarsh, Pa. He is associated with the Connecticut General Life Insurance Co. in Philadelphia.

William Beazley has moved to Youngstown, N. Y., and mail goes to River Rd., c/o Mrs. Warren Perry. He is a salesman for Moore Business Forms.

Lt. Col. William Rossing's mail goes to Student Detachment, Command and Staff College, Ft. Leavenworth, Kansas.

Ted Earl has what sounds to me to be the perfect job in the perfect place. He is engaged in yacht designing, repairing, storing, etc., in Mt. Desert, Maine. His residence is Northeast Harbor. Sounds like heaven!"

Bob and I met Kay Dick Chase in Porteous last week. She is living in Gardner, Maine.

Merle Leddy said that Lucille Simpson Maricottone and husband Digig stopped in to see them a while ago. The presentation hasn't changed a bit—what a nice thing to have said about one after how many years?

Next column will be the last for the year—

1935
Mrs. Thomas McGuire (Agnes Crowley)
299 W. 107th St., Apt. 3-W.

How fast the "deadline" date rolls around! Just another issue this spring to try to catch up on where and how so many of you are. Do send a line or two along before the next issue!

It was a beautiful Easter in Maine this year, in spite of rather low temperatures. And judging from the Fifth Avenue, the Easter parade was delightful here in New York.

While I was at home in Biddeford, Louise Ross Paine stopped in to see me a while ago. She is very glad to miss seeing Louise—who is now living at 48 West Broadway, Bangor. It has been such a long time since I've seen her. Nevertheless, Louise writes that she
and her husband Charlie were in New York for Easter week. Louise and Charlie have a son, George, three in August! Wonderful, Louise! How I'd love to see him.

James Haggett is a Food Market Engineer and dealer in Food Market equipment. His address is 224 Exchange Street, Millis, Mass.

John Flanagan is an electrical engineer with the Bonneville Power Administration in Portland, Oregon. His address is 6742 N. E. Hancock, Portland 13, Oregon.

Thanks to the Alumni Office we have a few news items this month; don’t know what I’d do without them. Have you all forgotten how to write?

Chester Smith’s address is 43 Canterbury Rd., Winchester, Mass.

And too, Louise reports that Stuart M. Mosher was married in April to Miss Dorothy. Ann Fricke of Washington, D.C. Mrs. ... Stuart and Mrs. Mosher will be at home at 2700 Wisconsin Avenue, N. W., Washington, D. C. Our very best to you both!

Parker Frost is now on the board of directors of the Staples Oil Company of Bangor.

Lt. Comm. Carl Briggs has been appointed the local Navy representative for Northern Aroostook County. Carl will also be volunteer recruiting officer.

Parker Frost is now on the board of directors of the Staples Oil Company of Bangor.

Fred A. Spence is a civil engineer with the Base Public Works Department at the Naval Operating Base, Guantanamo Bay, Cuba. Mail reaches him via Navy #115 Box F.P.O. New York, N. Y.

Mrs. Frank Townsend (Bertha Borden) has gone from University Hospital in Omaha, Nebraska, to Clinical Laboratories, Inc. in San Antonio, Texas. Drop a line to say you’re feelin’ fine, Barbara, and tell us how you-all like it in San Antonio.

Bob Laverty, who is an engineer for the Great Northern Paper Company lives at 304 Highland Avenue, Millinocket, Maine.

“Billy” (William L.) Jackman is back in the States living at 49 Irving Street, Cambridge 38, Massachusetts. He is in the Communications Tower at Logan Airport in East Boston. How about throwing a little communication our way, Bill? Prior to that he had been in Manila where he was Senior Overseas Foreign Airport Traffic Controller.

Thomas E. Houghton, Jr., was elected chairman of the Ft. Fairfield Town Council at a meeting in the town office about March 23rd.

Yours truly just finished a week’s performance with the Norfolk Little Theatre’s Performance of "The Late George Apley." It was somewhat amusing to watch and hear Virginians portraying New England characters, but they did it wholeheartedly and with such enthusiasm that one might have been sitting in a Beacon Street parlor at every rehearsal.

I was the only bona fide Yankee in the cast, but I had to work hard to keep up with the Southerners.

Best wishes for a pleasant summer!

Fred A. Spence is a civil engineer with the Base Public Works Department at the Naval Operating Base, Guantanamo Bay, Cuba. Mail reaches him via Navy #115 Box F.P.O. New York, N. Y.

Glen Mosher has recently moved from Plymouth, Conn., to North Jay, Maine.

Margaret (Woody) Wood’s picture appeared on the front page of the local paper following Easter Sunday—one of the Paraderes, and a member of the faculty of Westbrook Junior College.

From Maddy May Grove, a very unusual announcement of the birth of Elizabeth Ann Grove on March 12, 1949, who weighed 8 lbs. 13 oz. On the cover of the announcement a picture of their first three children standing on a hill, and under it the caption, "Here we go again." Bob, her husband, is in the photo engraving business. Their address is 118 No. Manheim St., York, Pa.

Betty (Drummond) Gleason writes that she and Wally will spend the summer in Ashbury Park, N. J., this year with the exception of a vacation in Portland and Orono. Robbie and Ricky, their two boys, are thriving. Ricky is nine now, and Rickey had his first birthday last January. Their address is 9 Oak Terrace, Avon-by-the-Sea, N. J.

Mrs. Donald M. Wirths (Mary L. Deering) writes:

A note from Tom Verrill tells us that his address is 233 16th Avenue, Paterson, N. J.—But no information as to his occupation.

At a recent Assembly Dance we saw some of U. of M.’s alumni—not ’39’ers but I know you’ll be interested to hear of them. Nat and Virginia Pease Fellows (’39) are living in West Gardiner. They have a daughter—one year old. Nat is employed by the state in the Fish and Game Department.

David White ’36 is in charge of an accounting section at the state house. He and Mrs. White (Betty Bram) live on Western Avenue in Augusta.

Arnold Vague (’38) is a lawyer with a Bangor firm (Eaton & Peabody).

Marjorie Thompson Allen is living in Waterville—where her husband teaches law at Colby College. They have three children.

Attorney Ralph W. Farris, Jr., resides at 96 School Street, Gardiner. He is the recorder at the municipal court.

The Sealyers were there—John (’36) and Lib—and as you all know—John is our Alumni Secretary.

Miss Esther Randall, National Foundation for Infantile Paralysis, Warm Springs, Ga.

Rhoda's letter also brought to me first the sad news of Bill Brown's death on March 12th in Portland. As Rhoda said, "It doesn't seem quite possible," and I know that all the members of the class will want to join with me in extending deepest sympathy to Bill and Esther. Bill was manager of a large department store and had been a noted civic leader in Portland. His death is a loss to all of us who knew him.

We have an address for Mahlon Smith but nothing further—50 Bird Ave., Buffalo, N. Y.

From the Alumni Office come the following items of news. First Mr. and Mrs. William C. Merritt of Brunswick have moved to Houlton, Maine. Mrs. Merritt is now working with the Kellett Corporation of New York, as a chemist.

Dick Lord has moved from Charleston, West Virginia, to 119 W. Franklin St., Bound Brook, N. J.

Marg (McCord) and Charlie Cook have moved from Portland and are now living at 33 Plaisted St., Bangor.

From "The County" comes word of Jim Ward's appointment as vice president of the Houlton Junior Chamber of Commerce.

Another recent engagement was that of Marianne Price of Kingston, N. Y., to Edward Kent of Bangor and Hartford, Conn. At present both she and Ed are working in the department of educational therapy at the Institute of Living in Hartford.

Now for the hearts and flowers department—in March the engagement of Barbara McAloon of Bangor to Bill Chesworth of Milton, Mass., was announced.

Marg (McCurdy) and Charlie Cook have moved from Portland and are now living at 33 Plaisted St., Bangor.

Mary and Tom Boerke have a young son, Thomas Stoddard Boerke, Jr., born on April 3rd.

On March 12th in Winchester, Mass., Miss Frances Randall became the bride of Phil Cabot at a candlelight service in the First Congregational Church. The Cabots plan to make their home in Bloomfield, N. J.

Mary and Tom Boerke have a young son, Thomas Stoddard Boerke, Jr., born on April 3rd.

Julie (Robbins) Shambach has forsaken her part-time Home Ec. instructor’s position at Tufts College. She is now working at the National Church of the Good Shepherd in Portland. She and her husband, Arthur, now live at 300 Oak Ridge Ave., Portland, III.,—however, mail goes to R. R. #1, Maywood, Ill. Mr. S. is in industrial (employee) relations work as a senior job analyst in the Electro Motive Division of General Motors in LaGrange, III.

Bette Kilpatrick sent along a letter which received several from Fran Higgins of Oklahoma. She arrived in Manila after a honeymoon in Peiping and the remainder of the summer in Shanghai. At quote Hig—"Flew down to Hong Kong for a long week end, and Joe and I have been here ever since. We may have to visit to Tokyo, or Japan anytime. Never can tell." The Olexos’ address, in case you don’t have it, is 415 Admiral Arts., Dewey Blvd., Manila, P. I.

At last we have the secret of how to get mail from you ‘45ers—just print some wrong dope in your address! Seriously though, all sorts of apologies are due Rhoda and Walter Schwartz. In a previous Alumni issue, a younger child was listed as a son and actually the Schwartz baby is a girl—Andrea Jean, born Oct. 29th. Rhoda also sent along Milt Wooster's address—117 St. Batholomew St., Boston; and from the same source came the statistics on Gwin (Cushing) Dobbs' baby—a boy, Charles Cushing Dobbs, born March 1st in Los Alamos, Calif.

Miss Therese Dumas 104 Main St., Orono

Last month it was mentioned that Mrs. Richard (Barbara Dickey) Brown was living in Belfast. Barbara's business address is the Dept. of Health and Welfare, 5th Fl., 500 Main St., Belfast. Barbara is continuing in her role as a social worker which she went into after her graduation. Later this week, whom many of us will remember from the days when we used to "cavort" about the gym in modern dance classes as Lois rhythmically tried to help. Barbara seems to be leaving music for her leisure hours; she is a teaching guide at the E. P. Bradley Home in Rhode Island. Lois can be reached at the Home in Riverside 15, R. I.

Our biggest news this issue is the announcement of Barbie Bond's wedding to Jan E. Smets of Brussels, Belgium, July 17, 1948. After graduating in February, 1946, Barbie, a Georgetown University alumna, received her B.S. degree in 1947. While she was in Washington she worked on the editorial staff of the Washington Post. Last year Barbie has worked for the Department of State as a staff assistant at the United States Embassy in Oslo, Norway. Barbie's husband, Jan, is the son of Leon Smets, general manager of the Belgian Treasury Department and former Treasurer General for the Belgian government. Barbie herself is presently the manager of Pharbil Laboratories in Brussels.

Time for news from Columbia now. Frank Talbot's address is 1406 John Jay Hall, Columbia University, New York 27, N. Y. Frank is finishing up his course at the Library Service School after this reunion. "I'll have to answer all of the letters soon. I certainly appreciate your taking the time.

A very important letter came today from Evvie Foster Adams. It is in regard to our reunion this June. Since Clem Vose will be unable to attend it has been decided to call on Al Ford to take over the preparations for it. Because the other class officers are busy with matters relating to the alumns in the Bangor area to help him out. Those include: Joan Ambrose Shaw, Barb McNeil Marsanskis, Pete Bradshaw, Tom Murray, Jack Flanders, and myself.

The general schedule for the week-end is arranged by the Alumni Office. Friday evening there will be a reception in the Library for a get-together in the New Library. Saturday morning offers breakfast at 8 o'clock followed by the class meeting. The Alumni luncheon at noon and the Banquet and Dance at night round out the day's activities. The plans for Sunday are not yet complete, but the committee has suggested trying to get the Court Club for luncheon and the afternoon. The cost of the luncheon is not to be more than $2.50 per plate which is the suggestion that the class pay for $1.00 of it. Alums who plan to attend may reserve rooms in the dormitories through the Alumni Office. The charge will be $1.00 per night with the price of meals varying between $75 and $1.00.

A long letter from our old room-mate, Yvette Plent, arrived recently. Among other things she told me that she and Gil (Peg Googins), Turner, Me. are still living in Portland. Yvette is teaching in the Portland High School.

A note from Lucy Williams' last change of address was from Passaic, N. J., to c/o Mrs. Spencer, 465 N. W. 83rd St., Miami, Fla.

Stora Emery's Old Town High School and he is living at 173 Cent. St., Old Town.

I had a long letter from an old roommate, Yvette Plent. About how she dropped me a line, too. Among other things she told me that she and Gil O'Connell were married last November very quietly. Right now they are living in Portland where Gil is working for the Portland Buick Company. Congratulations are again in order.

Bud and Katie Bridges Grant are in Chicago again this year where Bud is teaching at the Chicago Latin School for boys. They'll be in Vermont this summer as Bud is going to be co-director of a boy's camp that he and another Chicago teacher are starting.

Ben Hodges is working for his master's degree at the University of Maine. He and Libby (White) were down for a week-end to see Jane and Bill Cullen. Moe and Arline Pilot spent the winter in Florida.

B. J. (Durgin) and Dick Banton are housekeeping in Newport since he has to go to school only three days a week. B. J. is teaching at Newport this year. A very important letter yesterday from Evvie Foster Adams. It is in regard to our reunion this June. Since Clem Vose will be unable to attend it has been decided to call on Al Ford to take over the preparations for it. Because the other class officers are busy with matters relating to the alumns in the Bangor area to help him out. Those include: Joan Ambrose Shaw, Barb McNeil Marsanskis, Pete Bradshaw, Tom Murray, Jack Flanders, and myself.

The general schedule for the week-end is arranged by the Alumni Office. Friday evening there will be a reception in the Library for a get-together in the New Library. Saturday morning offers breakfast at 8 o'clock followed by the class meeting. The Alumni luncheon at noon and the Banquet and Dance at night round out the day's activities. The plans for Sunday are not yet complete, but the committee has suggested trying to get the Court Club for luncheon and the afternoon. The cost of the luncheon is not to be more than $2.50 per plate which is the suggestion that the class pay for $1.00 of it. Alums who plan to attend may reserve rooms in the dormitories through the Alumni Office. The charge will be $1.00 per night with the price of meals varying between $75 and $1.00.

Mary Ann Hillson was awarded the National Mental Health Organization Scholarship through the Division of Mental Health of the State of Maine. The scholarship entitles her to a two-year course at the Simmons School of Social Work—ending up with an M.S.S. degree. Mary Ann is living at 50 Parkeve Ave., Allston, Mass., c/o Sam Robison.

Tom Coulton, Jr., is a teaching assistant in zoology working for his M.S. in Fisheries in the Department of Biological Sciences at the University of Idaho, Moscow, Idaho.

Kent Erickson is a student at the University of Maine doing graduate work in math. He is living at 22 Old West, U.N.C., Chapel, N. Carolina.

Ruth Der Goff was doing graduate work at Wayne University and has just begun the study of nutrition. She is in charge of nutrition at the University of Maine with John Meek, the chef, in charge of the cafeteria.

In the past month she and Merle (who was also doing graduate work at Wayne) have returned to Maine where Merle has been appointed purchasing agent of the city of Bangor for the ensuing year. Now she is living in Maine and I think this is going to be the end of her teaching career.

Gordon Fisk is attending Tufts College Medical School. His address is 80 Gainisboro St., Boston 15.

Bob Whitmer is a junior test engineer in the experimental division, reciprocating engine section of the Wright Aeronautical Corporation, Woodbridge, N. J. He's living at 20 Abbott St., Greenfield, Mass., and is working at the General Electric Company, Waterbury, Connecticut.

by the way, his address is Army Education Center, Fort Dix, New Jersey.

Una Jean MacDonald came through, too. We had gotten the word on what she was doing—circulation manager of The Investor's Reader, bi-monthly publication of the Merrill, Lynch, Pierce, Fenner, and Beane stock brokerage—but she filled in lots of interesting details. At present she's a researcher and is writing a few of the short stories—her first story appeared in the last issue. She has hopes of becoming a full-fledged writer soon. Me too!—Hope that Demo does, I mean.

Anyway she seems to love her job and likes livin', too—at 199-39 34 Ave., Bayside, Long Island, in a six-room house with two other girls. It's headquarters for a number of Maine people, too.

Jim Donovan is carrying on in true Donovan style—he's president of the first year class at Harvard Medical School.

COVER: We depart this month from our custom of a campus scene on the front cover. Prof. Weston S. Evans '18 made the study of the Stillwater Bridge. Known to every alumnus of the University this covered bridge is one of the few now remaining in the state of Maine.

THE MAINE ALUMNUS 15

MAY, 1949
Many a man has graduated from college without knowing for which field of business endeavor he is best suited. Many a recent graduate has found himself a misfit in his first choice of career.

To young men in doubt as to their qualifications, National Life offers aptitude preference and vocational interest tests. As a result, we have been able to give many promising men a good start in the rewarding business of providing family security. Those who demonstrated no ability for underwriting have been guided into fields offering greater scope for their particular gifts.

If you would like to know where your best business talents lie, we invite you to get in touch with the National Life General Agent nearest you. He will be glad to arrange a test for you. There is no charge or obligation of any kind.
