AUDITOR'S REPORT

To the Assessors and Inhabitants of the Plantation of Cary:

In accordance with Chapter 80, Section 116, Revised Statutes of 1944 and at your request, this office, represented by Fred A. Shean and George W. W. Shean, has made a pre-

audit examination of the accounts and accounting records of the Plantation of Cary for the year ended March 10, 1947.

In our opinion, the financial condition of the Plantation of Cary is sound. The Accounting Procedure followed has been made pursuant to the State Laws, and all receipts and disbursements of the Plantation monies have been handled properly.

A final audit will be made as soon as the books are closed for the year.

Respectfully submitted,

SHEAN ACCOUNTING SERVICE, INC.

By: FRED A. SHEAN

Certified Public Accountant

COMMENTS

An examination has been made of the financial transactions recorded in the books and records of Cary Plantation for the fiscal year ended March 1, 1947. This consisted of checks of receipts and disbursements of the treasurer and tax collector, and such test checks of the assessors as seemed advisable for a proper audit. Exhibits and schedules are submitted which, in our opinion, properly reflect the financial status of the town.

TOWN CLERK:

The records of dog licenses issued indicated collections to be correct, and proper receipts from the State Treasurer were in evidence. The Town Clerk's records regarding the minutes of the annual meeting were examined and compared with the records of the Assessors' books, and found to be in agreement. All necessary bonds of town officials had been properly recorded. Fish and game licenses were settled monthly with the State Treasurer.

TREASURER:

It was verified that all cash recorded as received by the Treasurer had been deposited in the bank. Numbered receipts appeared to have been correctly recorded. All expenditures were made by check from warrants, and invoices were presented to support all items of the Selectmen's warrants. Payments received on tax liens were verified, and it appeared that all monies had been credited to the proper year. The cash balance reconciled with the balance shown by the bank statement at the close of the municipal year. Records were maintained for withholding tax reductions and the amounts withheld had been sent to the Collector of Internal Revenue.

Excise taxes were verified by examination of the collector's copies. The following was found:

1946 Excise Tax:		
Receipts No. 76 to 92		\$164.57
Receipts No. 101 to 125		
1947 Excise Tax:		
Receipts No. 1 to 31		134.35
		<hr/>
		\$298.92

TAX COLLECTOR:

The 1946 tax commitment was found to be in agreement with the Assessors' records. The total commitment was accounted for by cash, discounts, abatements, or unpaid taxes. Payments received on prior year tax accounts were verified by examination, and appeared to have been properly recorded.

ASSESSORS:

A complete double entry system of accounting is used by the assessors and the accounts were found to be in good order. Payrolls and paid vouchers are on file to support all payments.

It has been noted that in past years the money received from Excise Tax has been distributed to several appropriation accounts to take care of overdrafts. This is not according to the procedure used in this Municipal booking. If this procedure is desired an article should be in the Annual Warrant giving authorization to the officials to transfer such money collected from Excise Tax.

The Selectmen's ledger has been ruled off and new accounts for the ensuing year have been set up.

 REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the Town of Cary:

In accordance with the school laws of Maine, I hereby submit the annual report as Superintendent of Schools.

Schools opened August 25th with only one change in the teaching personnel. Mrs. Phyllis Putnam is teaching at the Skedgell School. The enrollment in the various schools by grades is shown in the following table:

School	1	2	3	4	5	6	7	8	Total
Smith	2	3	1	4	3	4	6	2	25
Wilcox	1	2	6	3	0	3	3	1	19
Skedgell	6	3	4	1	5	4	3	2	28

The average attendance has been fair considering the extreme cold weather and the general sickness due to colds and whooping cough.

There are 9 secondary students in school this year. Registered as follows: Ricker 3, Houlton High 1, Higgins 1, Hodgdon High 4. None of these students are in the graduating class this year. There are 5 pupils in the 8th grade who will be taking the entrance examinations for high school this June.

Only \$6.00 was expended for repairs this year. We have been neglecting the repairs on our schools for too long a time. New doors and door cases are needed at the Smith and Wilcox Schools. Electric lights should be installed as soon as possible. All the buildings need an outside paint job. We are in hopes that the emergencies can be taken care of this summer.

In closing I wish to express my thanks to the School Committee, the teachers, pupils and citizens for their co-operation.

Respectfully submitted,

FLOYD C. ROYAL,
Superintendent of Schools.
