REPORT OF AUDIT

To the Inhabitants of the Town of Centerville:

Herewith find report of your Town for the year ended February 25, 1942.

This Report was prepared from your Town records and other data.

I believe the statement reflects a true condition of the Town's Financial Standing; subject to final adjustment in claim for settlement of pauper accounts.

COMMENTS

Cash account well and accurately kept.
Taxes correctly assessed and properly committed to collector.
Selectmen's books well and correctly kept.
Balance of Trust Fund Interest is in Machias bank but not transferred to Treasurer.
Your deficit account was reduced by $1316.93 now making the Deficit Balance $192.64.
The end of current year will show a surplus in your statement.
The Inhabitants should realize the splendid progress that your town has made in the past year.
For the splendid co-operation which I have received from the town officials I express my sincere thanks.

Respectfully submitted,

M. F. McFARLAND,
Public Accountant and Auditor.

(This report may be seen at the Selectmen's Office.)

JULIA M. GAUDETTÉ, Town Treasurer
REPORT OF THE PUBLIC HEALTH NURSE - 1942
CENTERVILLE

The young population of this town has greatly diminished during the past year. As a result fewer visits have been made by your public health nurse than ever before.

Every child has the right to enter school in a healthy state, free from any physical defects that may lead to more serious disabilities and thus hamper him in his pursuit for an education. In order that he may enter school in as near perfect health as is possible for him it is necessary that he have excellent care before his birth, during infancy, and preschool days. In our home visiting we have tried to teach the meaning of health, the value of regular medical supervision, and early medical care curing illness, the need of the early finding of defects, and their correction.

In a special effort this year to protect all children against the increased dangers of diseases during wartime immunizations against diphtheria, and vaccination against smallpox, vaccinations have been given. Seventeen tuberculin tests were given and all showed satisfactory results.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Centerville:

I am submitting a report of the public schools of Centerville for the fiscal year ending March 1943. This report like similar reports includes an itemized account of all income and expense.

It will be observed from this report that we have unexpended balances in all accounts.

This past summer the exterior of the school building and hall were given two coats of paint. Many lights of glass were replaced and all windows re-puttied and sashes drawn.

I believe the school enrollment, now only four, is the lowest in the history of the school, at least during the last twenty odd years. This reduction in the number of pupils has come about as the result of several families moving out of town. I trust this is only temporary, otherwise possibly other arrangements should be made for the education of these children.

In anticipation of our financial needs for the new fiscal year I am recommending the following appropriations: Support of Schools $600.00, Superintendence and Office Expense $105.00. I believe the unexpended balance of $102.18 in the Repair Account adequate to take care of our repairs for the coming year. The insurance on the building does not come due this next year, hence no need for an appropriation.

In concluding this report I desire to express my appreciation of the cooperation and support of the Committee and the citizens.

Respectfully submitted,

RALPH L. BROWN,
Superintendent of Schools
