ONCE THE CAT’S OUT OF THE BAG

The way it is today with competition so keen for industry, the minute you mention the fact that you’re thinking about a plant site, everyone has “just the right” location for you.

Chances are you’d like to look around a little first so we suggest you take a look at northern Maine:

Ample space to build and grow . . . realistic real estate values . . . friendly local and State governments . . . ready banking . . . disaster free, moderate climate . . . good native labor supply . . . communities you’ll be proud to live in.

The Bangor and Aroostook Railroad serves the great northern Maine region from the tip of the State to its year round open port at Searsport.

Finest equipment for hauling freight including thousands of cars specialized for hauling the products of Maine agriculture and industry. . . . Free pick up and delivery service for L. C. L. shipments . . . modern coach and Pullman service between northern Maine points and Boston . . . ultra modern buses on daily schedules with connections to everywhere.

When you’re ready to let the cat out of the bag we’d like to talk things over with you. Address your inquiry, in confidence if you wish, to:

PROGRESS and SERVICE Throughout NORTHERN MAINE
The last few weeks have been ones of great importance for the University of Maine. An era has passed; and another is dawning.

A highly capable man has been named to succeed Dr. Arthur A. Hauck as president of the University. We'd like to take this opportunity to congratulate Dr. Lloyd Elliott, who has been named to one of the highest positions in this state.

We'd also like to offer him our sincerest wishes for success as the leader of Maine's men and women. Important changes may be made, and important decisions will be made. The moves of Dr. Elliott will have an effect on every citizen of the state.

Greetings, Dr. and Mrs. Elliott. Welcome to Maine!

We want to extend our best regards to Dr. Hauck. His career at Maine has been one of greatness. Through his efforts, the University and education in Maine have made great advances. The presence of Mrs. Hauck has graced the Maine scene.

Somehow we feel that although one career is over for Dr. Hauck, another may be just beginning. We don't know what his future plans are at this writing, but we're sure that he will "make good wherever he goes," to quote a familiar Maine saying.

Congratulations are in order for another outstanding Maine man, also. Charles Crossland '17 has devoted his entire life to service for the University of Maine. His efforts have been rewarding ones for the University. He has served the University in many roles, and is always willing to take on new responsibility as it comes along. Mr. and Mrs. Crossland's four children are all graduates of the University. The Crossland family is certainly a Maine family!

Best regards to all three men. The alumni salute you!
President Hauck has retired.

A man in whose shadow the University of Maine has made great progress for more than 24 years is no longer Maine's leader.

After an excellent career, devoted to furthering the high ideals of education in the state of Maine, he has stepped aside. He retired upon reaching his 65th birthday on Monday, February 10.

For Dr. Hauck and his family, the University of Maine has been his life since 1934. Mrs. Hauck has taken a complete interest in University life.

A special convocation, planned by the students, will be held later in the spring to honor Dr. and Mrs. Hauck. The convocation was tentatively scheduled for late February, but it was decided to hold it later after Dr. Hauck's future plans became definite. A faculty dinner, and trustees' dinner are also being planned at which Dr. and Mrs. Hauck will be the honored guests. Members of the University administrative staff feted the Haucks at a dinner in early February.

Tributes

The student newspaper, the Maine Campus, dedicated a special edition to Dr. Hauck on February 6. The edition was sponsored by the students of the University. The special edition contained photographs from the Hauck family album, showing scenes from Dr. and Mrs. Hauck's early life before they moved to Orono. Photographs of 14 major buildings which were constructed during Dr. Hauck's 23-year administration were shown, also.

Each of the four student classes dedicated a page to Dr. Hauck. Typical of the comments were:

"... the Senior Class wishes to extend to you its most sincere best wishes for the future in this, your last year, as University president. Your reputation and accomplishments as an educator are known..."

"...Dr. and Mrs. Hauck have been a part of the University of Maine family for the past 24 years. The photo at the left was taken recently at the breakfast table in the President's Home."
Dr. Lloyd H. Elliott, 39, will succeed Dr. Arthur A. Hauck as the president of the University of Maine.

He is at present executive assistant to the president of Cornell University.

Dr. Elliott will begin his new duties on July 1, 1958.

Dr. Elliott was chosen after an extensive search by a committee of trustees and faculty members.

Fine Background

“He has the background and qualifications we need for the challenging position of president of the University of Maine,” said Mr. Raymond H. Fogler ’15, president of the Board of Trustees.

“We feel sure he will bring the forward-looking leadership we are going to need as the University increases in size and service during the years ahead.”

In accepting the high position, Dr. Elliott said: “While it is with reluctance that we leave Cornell and Ithaca, Mrs. Elliott and I are looking forward with great interest to becoming members of the family of the University of Maine.

“I have been impressed with the interest shown by the citizens of Maine in their state university, of the progress that has been made at the University, and of the prospects for the future. It is an honor to be invited to have a part in the future of the University and the state, and I accept with both enthusiasm and humility.”

The new president was born in Clay County, West Virginia, on May 21, 1918. He attended West Virginia Institute of Technology in 1934-35 and received his A.B. degree from Glenville State College in Glenville, West Va., in 1937. He majored in English at Glenville.

He received his M.A. degree from West Virginia University in 1939. His major work was in Education and his minor work was in English and history.

In 1948 he was awarded the Doctor of Education degree by the U. of Colorado. His major work was in the field of school administration and his minor work was in the fields of public administration, curriculum, and secondary education. He wrote his dissertation on the “Effects of the Birth Rate on Public School Enrollment and the Need for Teachers, 1948-60.”

He began his career in education as a teacher of language arts in the elementary grades and high school of Widen, West Va., in 1937. He served as principal of the Widen School System from 1939-42.

He was a lieutenant commander in the U. S. Naval Reserve on active duty during World War II.

In 1955 he was appointed assistant to the provost at Cornell and also acting director of the School of Education. He was named executive assistant to the president in 1956.

He is married and the couple has two children, Lloyd G., a senior at Ithaca High School, and Patricia Ann, a sixth grade pupil. Mrs. Elliott was graduated from Glenville State College, where she majored in elementary education. She was a teacher for a few years in the primary grades of schools in West Virginia.

Charles E. Crossland ’17 Named Acting President

Charles E. Crossland ’17, who has devoted his entire career to service with the University, is serving as acting president until Dr. Lloyd H. Elliott assumes his new duties on July 1.

His appointment as acting president was announced by Raymond H. Fogler ’15, president of the Board of Trustees.

Mr. Crossland was graduated from the University in 1917 with a B.S. degree. After graduation he entered the service of the University as executive secretary of the Agricultural Extension Service.

GAA Secretary

In 1928 he became executive secretary of the General Alumni Association, a position he held for 18 years.

During World War II he was business manager of the University, and after the war he became director of student and public relations. In 1954 he was appointed assistant to the president.

He also serves as clerk of the University’s board of trustees and secretary of the University of Maine Foundation. In 1943 the General Alumni Association awarded him the Alumni Service Emblem for "outstanding service to the University and the association."

Outstanding Service

Mr. Crossland is given a large measure of credit for the success of the alumni association and its various fund drives for much-needed buildings during the past 40 years. He has also been instrumental in securing scholarship funds and endowments for the University.

Mr. and Mrs. Crossland have four children, Carlton ’43 of South Pasadena, California, Donald ’45, of Colorado Springs, Colorado; Elton ’50, of Arnold, Maryland; and Mrs. Frederick (Thelma ’49) Robie of Lincoln.
What is this company's role in the progress of a man's career?

From the start David Hunting had his sights set on a management career. As he puts it: "The big thing which led me to choose the insurance business and New England Life was the good prospect of an early opportunity in management. And there were no barriers to keep a man from progressing rapidly."

Dave did progress rapidly. After four years of experience in the field and home office, he felt he was ready for management responsibilities. New England Life did, too. In 1952 we put him in charge of a new agency in Philadelphia.

Dave now had his own business — without needing to raise capital. He had strong financial and administrative support. At the same time, he was free to make his own decisions and employ his own ideas.

In five years Dave has led his agency to a position among the top third of all our agencies. Much of this success is due to the competence of the young men he personally selected and trained. (His 16 associates average about $10,000 yearly income.) Dave's organization chart, above, shows the extent of his present operation.

New England Life's role in furthering a career is then essentially this: to provide latitude for individual expression in an atmosphere of full company support. And this holds true whether a man chooses a management career or prefers to develop a clientele of his own.

If career opportunities of this sort appeal to you, write for more information to Vice President L. M. Huppeler, 501 Boylston St., Boston 17, Mass.
The University

Harmon, Crane, Irvine In Key Moves

Three men figured prominently in two key University position changes during the early part of February as Dr. Arthur A. Hauck prepared to leave as president.

Dr. William Lloyd Irvine '42, president of his class, was appointed dean of the University of Maine in Portland to succeed Dean Luther I. Bonney.

Percy F. Crane, director of admissions at the University for 21 years, announced his retirement, and James A. Harmon '40 was appointed to succeed him.

Starts July 1

Dr. Irvine, who will assume his new duties on July 1, majored in business administration at the University. After serving in the Army during World War II, he returned to the University and received the M.E. degree in 1947.

For three years he was teaching principal at Islesboro High School. He left Maine to enroll for graduate study at Cornell University where he was awarded a Ph.D. degree in Educational Administration in 1952.

Appointed administrative assistant to the superintendent of schools in Ithaca, N.Y., in 1952, he was made assistant superintendent the following year and served until 1956.

In 1956-57 he was employed by the Connecticut State Department of Education as a district superintendent of schools with responsibility for five rural towns. He became an associate professor of education at the University of Vermont in September, 1957.

Dr. Irvine is a member of Phi Delta Kappa and Phi Kappa Phi. Mrs. Irvine is the former Martha F. Allen '44 of Auburn. They have three daughters, Margaret, 5; Virginia, 8; and Elizabeth, 11.

Mr. Crane is retiring on June 30 as the University's director of admissions.

Recently he was the only New England member of the Committee on School and College Relations of the American Association of Collegiate Registrars and Admissions Officers. The group, in cooperation with a similar committee of the National Association of Secondary School Principals, made a report on problems created by the tidal wave of students who will enter America's colleges within the next few years.

Coburn Trustee

For 20 years Mr. Crane served as a director of Portland Junior College, which is now the University of Maine in Portland. He is a trustee of Coburn Classical Institute and is also president of the Board of Trustees of Washington Academy in East Machias.

In 1953-54 he served as president of the New England Association of Collegiate Registrars and Admissions Officers. He graduated from Bowdoin in 1917.

For 10 years he was principal of Washington Academy and he served five years as senior master at Gould Academy in Bethel.

Mr. and Mrs. Crane have one son, Talbot '43, and one daughter, Mrs. Janice Jacobs '49.

Mr. Harmon, who will succeed Mr. Crane, is a native of Presque Isle.

Active in alumni affairs, he served as clerk of the General Alumni Association in 1954-55. From 1941 to 1946 he was head of the Department of Mathematics at the Maine Maritime Academy at Castine where he also served as director of admissions and aide to the superintendent.

He was appointed instructor in mathematics at the University of Maine in the fall of 1946 and later served as assistant to the dean of the College of Arts and Sciences.

In July, 1953, he was appointed University registrar. In 1955 he resigned as registrar to go to California.

Mr. and Mrs. Harmon have two children, Carol Ann, 14 and James Sewall, 13.

DeWolfe Gift

Final payment of $6,599 from the estate of the late Robert W. DeWolfe '07 of Portland has been received by the University of Maine Foundation, Raymond H. Fogler '15, president of the corporation, has announced.

The total amount of the bequest is now $81,599, which is the largest gift ever received by the Foundation. The income of the fund, which will be known as the Robert W. DeWolfe Fund, will be used for loan purposes.

Bequest

A bequest of $66,234.65 has been received by the University from the estate of the late Mrs. Reba M. Smith of Tangerine, Fla.

The will indicated that the income may be used for such purposes as the trustees deem proper, but preferably for scholarships or other financial aid to those students who are worthy of the benefits of the college and of financial aid.

In accordance with the will, the trustees of the University voted to use the income for scholarship purposes for awards to be made either to entering or upperclass students.

Roll Of Area Leaders Grows As $1,500,000 Drive Progresses

The roll of Area Campaign Leaders for the Arthur A. Hauck Building Fund has grown in a gratifying manner," Thomas G. Mangan '16, Fund General Chairman, reported recently.

Mr. Mangan announced that nineteen additional Area Chairmen have accepted appointments in addition to the twenty-one reported in the February Alumnus. These additional appointments include the following Area Chairmen: Northern Aroostook County, Robert Jalbert '50; Southern Aroostook County, Richard W. Sprague '51; Hancock County, Donald E. Hobbs '49; Knox County, Samuel W. Collins, Jr. '44; Northern Penobscot County, Donald W. Bail '44; Southern Penobscot County, Russell V. Lathrop '30; Northern California, Philip S. Parsons '34; Southern California, George O. Ladner '26; Colorado, Edward Duckworth '43 and Fred B. Knight '49; Louisiana, Robert F. Scott '28; Eastern Massachusetts, Edward C. Sherry '38; Central Massachusetts, E. Merle Hildreth '34; Missouri-Kansas, William R. Cumferod '39; Southern New Hampshire, Parker F. Leonard '30; Northeastern New York, Alvord W. Clements '44; Eastern Pennsylvania, A. Wilford Bridges '49; Western Pennsylvania, Richard G. Warren '50; Lehigh Valley, Pennsylvania, Homer W. Huddleston '32; and Texas, T. Russell Woolley '41.

Progress In Special Gifts

Hazen H. Ayer '24, General Special Gifts Chairman, has also reported six additional Area Special Gifts Chairmen in addition to the fifteen announced in the February Alumnus. These new Special Gifts Chairmen are: Philip R. White '22 (Co-Chairman for Eastern Massachusetts with George A. Potter '20); Samuel W. Collins '19, Aroostook County; Harry J. Bunke '19, Oxford County; Everett P. Ingalls '15, Cumberland County; William W. Treat '40, Southern New Hampshire; and Alan D. Duff, Jr. '37, Delaware.

Mr. Ayer also announced that a successful Advance Special Gifts effort was conducted in December, and that the regular Special Gifts Solicitation is now commencing in several areas. As this issue of the Alumnus goes to press in mid-February, Fund Treasurer, George E. Lord '24, reports that nearly $30,000 in pledges and gifts has already been made to the Fund through the Special Gifts Effort. Special Gifts activity is well under way in the Boston and New York areas.

General Solicitation

The General Alumni Campaign solicitation will open following “Kick-Off Meetings” of workers in Maine in early March. All Area Campaigns will be underway in Maine during the month of March and in very early April. During the month of April, “Kick-Off Meetings” will open the Area Campaigns throughout New England and the East Coast, with other areas in the country opening their campaigns in late April and during May.

Donald V. Taverner '43, Executive Director of the Fund, reports that the number of inquiries received at both the Fund Office and the Alumni Office, indicate a growing interest and desire to participate in this campaign designed to pay tribute to retiring President Hauck through the completion of the Memorial Union and the erection of the Hauck Auditorium.

“One Week to Recognize Twenty-Four Years”

The campaign planning and establishment of quotas for the sixty-three alumni areas has been based on the slogan for the Arthur A. Hauck Building Fund—“One Week to Recognize Twenty-Four Years.” This slogan seeks to encourage Maine alumni, insofar as is possible, to recognize Dr. Hauck’s remarkable twenty-four years of service to Maine through the pledging of the equivalent of one week’s pay to the campaign. This pledge can be made payable over eight quarters (two years).

As General Chairman Mangan has stated, “The $1,500,000 goal of the Fund can be readily met if the number of alumni expected to participate will seriously think of their pledge or gift in terms of ‘One Week to Recognize Twenty-Four Years.’”

Auditorium Plans Develop

Under the leadership of Charles E. Crossland '17, the Committee to Study Plans for the Hauck Auditorium, cooperating with Alonzo J. Harriman '20, architect for the building, have developed general plans for the structure. These plans have now reached blueprint stage, and refinements on interior facilities, decoration, etc., are now under study.

In keeping with the physical expansion of the University, the beautiful new Auditorium will be located to the east of Stevens Hall, and so placed that it could become the central building of a Fine Arts Center for the University should such a project become possible in the future.

The Committee, in studying the detailed needs for the Auditorium, has expressed amazement at the numbers of academic, cultural and social activities which the new building will provide. As one committee member stated, “In watching the wonderful use made of the Memorial Union, we often wonder what we did before we had this building. It is obvious that this will be even more true of the Auditorium once this building is constructed and in use on the campus.

Shown at right is a sketch of the proposed Arthur A. Hauck Auditorium which will be built from funds raised during the next two years.
The Name of Another Alumnus
Is Written into University History

A generous bequest of $66,234 from the late Mrs. Reba M. Smith of Florida has just been received by the University. Mrs. Smith was the widow of Leroy C. Smith, Class of 1904, whose name this fund will bear.

A native of Exeter, Maine, Mr. Smith received his degree in chemistry. His fine scholastic record led to his election as a member of Phi Kappa Phi. For many years prior to his death in 1952, he was engaged in the druggist business in Florida, where he was also a citrus fruit grower.

Under the terms of Mrs. Smith's will, the income from this fund may be used for such purpose or purposes as the Trustees of the University deem proper. This recognition by Mrs. Smith that changing conditions with the passing of years may bring new problems and needs is highly pleasing to University officials.

However, in accordance with a preference expressed by her, the Trustees voted to use the income from the Leroy C. Smith Fund for scholarships which may be awarded to either entering or upperclass students "who are worthy of the benefits of the college and of financial aid."

The Trustees and University officials are deeply grateful to Mrs. Smith for this fine bequest and are pleased to have the name of another alumnus who had shown interest in the University written so usefully into the pages of University history.
Three Students Receive Senior Alumni Scholarships

O
ne of the outstanding features of the Commencement Reunion in June will be the annual meeting of the University's Senior Alumni Association.

The Senior Alumni, at whose meetings cordiality and good fellowship are strong features, have established a very successful Senior Alumni Scholarship Fund which benefits three students each year.

At last year's annual meeting of the Senior Alumni Association, it was voted to make available money for three scholarships of $150 each, to be paid each year.

The Senior Alumni Association was founded in 1936, "to promote good fellowship among its members, and by its influence endeavor to advance the interests of the University."

The Association has been highly successful in carrying out its aim. At the 1957 meeting, 94 members and guests were in attendance.

The officers of the Association are: president, Frederick J. Simmons '06; first vice president, Guy O. Small '03; second vice president, Henry W. Bearce '06; secretary-treasurer, Leslie E. Little '04; and auditor, Horace A. Hilton '05. Members of the executive committee are Karl MacDonald '07, Abel P. Wyman '07, and William B. Alexander '07, Mr. Alexander succeeded Mr. Winfield D. Bearce '06 who passed away on June 22, 1957.

This year, as last year, three outstanding students have been chosen to receive the Senior Alumni Scholarships. Elizabeth Pope '59 graduated from Falmouth High School as salutatorian of her class. She is a junior at the University, majoring in elementary education. Elected to Neai Mathetai at the end of her freshman year, she served as president of this honorary scholastic group. Miss Pope has been elected to Sigma Mu Sigma, the national education honor society, and Kappa Delta Pi, the national education honor society. A member of Alpha Omicron Pi sorority, she is treasurer of the Women's Student Government Association. She plans to become an elementary school teacher upon graduation.

Winnifred Mosher '60 is one of five members of her family who have or are attending the University. Her father is Charles H. '34 of Benton Station, a brother is Richard '56 and a sister is Margaret (Mosher) Kohler '57. Winnifred has a twin brother, David, who is a member of the Class of 1961. Miss Mosher is a junior majoring in mathematics; she plans to teach mathematics upon graduation. A dean's list student, she is secretary of her dormitory. Her Phi Mu sorority chose her "Sweetheart" at the spring pledge formal.

William Vandervliet is a sophomore, majoring in forestry. His home is Groton, Connecticut. A graduate of Mt. Hermon School in Massachusetts, he was active in soccer, football, skiing, lacrosse, and tennis. William is a proctor in his dormitory, a member of Phi Kappa Sigma fraternity, and the Sophomore Owls, the campus organization recognizing second-year men student leaders. After graduating from the University of Maine, he hopes to do graduate work in forestry.

Winnifred Mosher '60
Elizabeth Pope '59
William Vandervliet '60

"I would like to thank the organization for the scholarship. There are four from my family who have attended the University, and any financial aid which I receive is most welcomed."

"I feel very fortunate to have received one of the Senior Alumni Scholarships. I sincerely appreciate the help of this organization in the continuation of my education."

"The Senior Alumni Scholarship was in a large part responsible for enabling me to get through my sophomore year."

MARCH, 1958
Important Notice!!

Notice is hereby given members of the General Alumni Association that, at the Annual Meeting of the Association, to be held in Orono on June 7, 1958, vote will be taken on the following Amendments to the Constitution and By-Laws of the Association:

"Constitution, Article II, Section 1.—The officers of this Association shall be a President, two Vice Presidents, one of whom shall be an alumna of the University, Clerk, Executive Secretary, Treasurer, and such other officers as may be chosen to have such duties and to be elected as prescribed by the By-Laws."

Further notice is hereby given members of the Association that, at the June 7, 1958 Annual Association Meeting, the following proposals for changes in the Constitution and By-Laws will be presented for discussion and approval:

"Constitution, Article II, Section 1.—The officers of this Association shall be a President, Vice President, Clerk, Treasurer, Executive Secretary, one or more Assistant Alumni Secretaries, one of whom shall be an alumna of the University, and such other officers as may be chosen to have such duties and to be elected as prescribed in the By-Laws."

"By-Laws, Article 1 (proposed addition of Section 8 as follows) 'The Assistant Alumni Secretary, or Assistant Alumni Secretaries, shall be chosen annually by the Alumni Council not later than September first and shall serve until July first or until successor(s) are chosen and qualified. The rates of yearly compensation, if any, shall be fixed by the Council. The duties of the alumna Assistant Alumni Secretary shall include the alumnae program of the Association and such other duties as may be assigned by the Executive Secretary and/or the Alumni Council. The duties of the other Assistant Alumni Secretaries (if any) shall be assigned by the Council and/or the executive secretary.'"

The following addition to the Constitution of the General Alumni Association will be presented to the June 7, 1958 Annual Meeting for discussion and approval:

Article I (New Section 4) 'The graduates and former students of the former Portland Junior College (now the University of Maine in Portland) shall be extended individual invitations to membership in the General Alumni Association, University of Maine, and upon acceptance of such invitation, shall be accepted into full and regular membership of this Association, with all the rights, privileges, and responsibilities such membership entails.'

NOMINATIONS for the 28th annual award of the Alumni Service Emblem should be submitted to the Alumni office by May 1.

Established in 1930 for "recognition of outstanding service rendered through the Alumni Association to the University of Maine," the Service Emblem has through the years gained the highest prestige by virtue of the outstanding alumni to whom it has been awarded.

Any alumnus or alumna is eligible to receive the Service Emblem which is based on the number and high quality of services rendered to the University and the Alumni Association. The Service Emblem is primarily for an alumnus but may in "exceptionally meritorious instances be awarded to a non-alumnus."

Former recipients of this prized emblem are:

THE MAINE ALUMNUS
Track Streak Broken

THE 1957-58 BASKETBALL TEAM will certainly go down in history as one which was beset with more unhappy experiences than probably any other Black Bear club in history.

Injuries to key men, and bitter, small-margin losses have stabbed at Coach Hal Woodbury's cagers all season. At this writing the Bears own a 3-11 record with nine more tussles on the calendar.

But there's one thing that Woodbury's team accomplished this year that few other teams have done in University history.

Southern Success

And that's have a successful trip into southern New England. The Bears, after taking a 22-point defeat at the hands of powerful Connecticut, amazed fans by capturing a 62-50 victory over Rhode Island and stopping a strong Massachusetts quintet, 73-59. Who can remember the last time a Maine team won two games on its southern trip?

Following the Christmas vacation, at which time Maine had a 1-5 record, the Bears dropped an overtime decision to Bowdoin, 53-47, lost another heartbreaker to Bates, 61-57, fell before Colby, 64-57, and lost to New Hampshire, 76-74, after leading by 13 points with four and one-half minutes to play. The southern trip followed, The Bears came home to take a 103-62 defeat at the hands of Connecticut.

The old pros of the team, Tom Seavey of Gardiner, and Dudley Coyne of Portland, have been turning in fine performances in every game. Seavey turned in 17, 18 and 27-point games in southern New England.

The second Connecticut game was the "nightmare" of the season for the Bears. For three-fourths of the game, the Bears were in serious contention. With 10 minutes left in the last half, Maine trailed by five points, 54-49. Then the flood gates opened. The Huskies poured in 49 points in the final 10 minutes, an unbelievable performance.

Maine has games remaining against New Hampshire, Bates, Rhode Island, Massachusetts, Colby, and Bowdoin.

A highlight of the cage season has been the fine play of Jack Butterfield's freshman team, which owns a 7-0 record at writing. A feature has been the great play of Old Town's Don Sturgeon, who promises to be one of Maine's greatest in a year or two. Sturgeon tossed in 145 points in his first seven games and seems certain to break Hal Woodbury's 25-year-old freshman scoring record of 174 points in one season. Sturgeon has seven games to go.

Other stars of the freshman five are Wayne Champeon of Greenville, Larry Schiner of Scituate, Mass., Bob Morin of Bangor, and Joel Densmore of Portland.

Turning to track, Ed Styrna's charges fell before one of Bates' greatest teams recently to end the Bears' 11-meet winning streak which dates back to the end of the 1954-55 season.

Streak Broken

Bates, which won the State Meet last spring, has a crackajack outfit. The Bobcats are paced by sophomore star Rudy Smith, who made national sports pages when he smashed the record in the 500-yard run at the Knights of Columbus meet in Boston recently. His mark was 57.4 seconds. Another standout of the Bates team is broad jumper John Douglas, who established a K of C meet record of 24' 1/".

Maine was missing the services of two of its outstanding performers in the Bates meet, broad jumper Bill Finch, who holds the all-time University indoor record, and distance star Bill Daly. Finch was nursing a sore leg, while Daly will have to sit out the second semester due to scholastic difficulties. Daly's absence is a big blow to Maine's hopes for the State Meet in the spring.

Before losing to Bates, Maine stopped New Hampshire in a dual meet.

The Maine frosh track team is still undefeated with a 3-0 record. Victories have been over the sophomores, South Portland High and the Bates junior varsity.

Ted Curtis' ski team has also been performing well. The Bears took second in the Eastern Intercollegiate meet recently at Lyndonville, Vermont, and last week the Bears' slalom team won the Silver Slalom Races at Pleasant Mountain in Bridgton over a field which included the top ski clubs and college teams in the east.

Next in store for Curtis' crew is the State Meet which will be held at the Colby Winter Carnival this year.

The Maine rifle team is doing well. Maine boasts a 5-0 record, good for a tie for first place in the New England College Rifle League. Sharing the sunspot with the Bears is Norwich.

Maine has beaten Vermont, St. Michell's, MIT, Bowdoin, and Harvard. The team is coached by Capt. Herman Wirth of the Military Department.

Next Month

A special supplement on U. S. higher education in 1958 is coming in the April issue of The Maine Alumnus.

In 32 pages of pictures and text, the supplement will present the immense diversity of higher education in its variety of objectives, its problems, its restlessness, and its new approaches.

The text has been written by a group of alumni editors who have been at work for more than a year. One of the country's leading photographers, Erich Hartmann of Magnum, has taken the pictures. The supplement will appear in more than 150 alumni magazines whose combined circulation is 1,300,000.

MARCH, 1958

Eastern Pennsylvania Alumni—President, A. Wilford Bridges '49; vice president, Lee A. Colbath '50; secretary, Chester A. Ring '50; and treasurer, S. J. Lucas '50.

Bangor Alumni

The Eastern Association of University of Maine Women met in Bangor on January 27 with Professor Gerald J. Grady of the Department of History and Government as guest and speaker.

At this dinner meeting, Professor Grady's topic was "What the Faculty Thinks of the Alumni."

Presiding at the meeting was the group's president, Stella (Borkowski) Patten '47. Professor Grady was introduced by program chairman Connie (Drew) Darragh '50.

Western New York Alumni

The alumni of Maine, Bowdoin, Bates, and Colby in the Buffalo, New York, area held a joint dinner meeting on January 31.

Feature speaker at this successful gathering was Charles Whitehouse of Maine's Department of Industrial Cooperation.

Representing the University and showing films of the 1957 State Series in football was Maine's head football coach, Harold S. Westerman.

Arranging Maine alumni attendance was Richard E. Smith '48, president of the Western New York Alumni Association.

Penobscot Valley Alumni

On February 5 the Penobscot Valley Alumni Association met in Bangor with Steve Powell '40, Maine State Game Biologist, as guest and speaker.

Mr. Powell talked on Maine's game program and showed films of Maine wildlife.

The Committee on Arrangements for this meeting was Lloyd Houghton '12, Herbert Leonardi '39, Edwin Bates '37, and Milford Cohen '41, president of the group.

Southern Kennebec Alumni

Augusta was the site of a February 6th meeting of the Southern Kennebec Alumni.

Guest and speaker at this meeting was Donald V. Taverner '43, Executive Secretary of the General Alumni Association.

Mr. Taverner discussed late developments on the campus and led the group in a discussion of problems facing today's colleges and students.

Presiding at this dinner meeting was Myles Standish '26, Southern Kennebec Alumni president.

Portland Alumni

Dr. Harrison Lyseth, Assistant to President Hauck at the University of Maine in Portland, was the guest and speaker at the February 6th Luncheon of the Portland Alumni.

Presiding at this meeting was Vaughn Lowell, Jr. '51, president of the group.

Augusta Alumni

Barbara (Haney) McKay '49 of Augusta was hostess for the February 19 meeting of the Southern Kennebec Alumni. Donna (Graves) Harrington '48, president, arranged plans for the spring dinner on May 1, 1958, for which Prof. Vincent A. Hartgen will be the speaker. Margaret M. Mollison '50, assistant alumni secretary, brought greetings to the group from Orono. A quiz of information on the University of Maine was given and University of Maine playing cards were the prize for the winner.

Pulp and Paper Alumni Luncheon

Maine alumni from throughout the United States, in New York City for the Annual "Paper Week," attended the Maine Pulp and Paper Alumni Luncheon at the Biltmore on February 19.

Featured speaker at this highly successful luncheon was Raymond H. Fogler '15, president of the University's Board of Trustees.

During the Luncheon, University of Maine Pulp and Paper Foundation president J. Larcom Ober '13, presented the Foundation's 1958 Honor Award to Dr. Ashley Campbell, former dean of the University's College of Technology.

Many distinguished guests from the paper industry were present at this Luncheon, as were several key leaders from the Orono campus.

Presiding was 1958 Pulp and Paper Luncheon Chairman, Frank A. Butler '51.

Northern Penobscot Alumni

Harold S. Westerman, head coach of football at Maine, was the guest and speaker at Dr. Lyseth discussed developments at the new University of Maine in Portland with attending alumni.

Also present as a guest was Arthur Benoit, member of the University's Board of Trustees. Visiting from Orono, and bringing greetings from campus, was Don Taverner '43, Alumni Secretary.

Portland Alumnae

On February 14, the Portland Club of University of Maine Women held its Annual Scholarship Dance at the Eastland Hotel.

Providing music for this delightful social event was the orchestra of Jimmy Hanson '35.

Funds realized from this event are annually used for the group's Scholarship Fund at the University.

Northern Kennebec Alumni

Winslow was the site of a February 8th supper meeting of the Northern Kennebec Alumni.

Guest and speaker at this meeting was Professor Wilfred J. Combellack of Colby College. Professor Combellack's topic was, "Satellites and Their Social Impact."

Attending from campus was Margaret M. Mollison '50, Assistant Alumni Secretary, who spoke on recent administrative changes at the University.

Presiding at this meeting was Vaughn Lowell, Jr. '51, president of the group.

Several University of Maine alumni living in the Montreal area and officers of the General Alumni Association enjoyed a dinner meeting at the Frank DeRice Restaurant on St. Catherine Street in January. The GAA officers were in Canada for a meeting of Alumni officials from eastern colleges. Left to right: Mrs. Joseph N. Stephenson, Mrs. Philip A. Sargent, Mr. Sargent '24, Robert H. Littlefield '55, Stuart Haskell, Jr. '56, Alumnus associate editor; Mrs. Jay O'Brien, alumni secretary of Westbrook Jr. College; Pasquale L. It is easier to give than to give wisely.

There is no finer way to show your lasting appreciation to your Alma Mater than by making a gift either outright or in trust. In these complex times, however, it is important that the gift be made in a manner that will be most beneficial not only to your college, but to your family and business as well.

Our experienced Trust Department will be glad to work with you and your attorney on the financial and trust aspects of an educational gift that will serve as your personal memorial in the years ahead. Write or telephone for an appointment now.

A recent letter from Mr. B. H. Wadell states that he is writing a history of Lockwood Greene Engineers, Inc., the firm with which he has been associated for more than fifty years. David Whiting and Amos D. Lockwood were predecessors of Lockwood Greene, and were the engineers who devoted much of their lives in advancing and developing the textile industry in Maine. Sam lives at 69 Putnam Park, Greenwich, Conn. He is semi-retired, but still retains the chairmanship of the Board of Lockwood Greene. Last year he built a summer home at West Cape Cod.

Mr. and Mrs. Herman R. Mansur are now at their winter home at Madeira Beach, Fla. On the way south they stopped off at Richmond, Va., where they made a brief visit with their son Richard '35 who is director of finance and was not expected to live. Under date of December 26, Ben said he expected to stay with his sister at 107 Oxford St., Cambridge 38, Mass., for some time.

Fred W. Matheas, 813 S. 21 St., Philadelphia 46, Pa., said he and his wife enjoyed the 50th Reunion immensely. They returned to Philadelphia from Bangor on August 24 in time to attend the wedding of their grand-daughter. On November 9 they attended a very fine meeting of the Philadelphia Alumni at Peabody Hall, honoring Dean Gertrude D. Peabody '29, who is Dean of Women at Temple University.

Charles H. Martin, c/o Phi Gamma Delta Club, 106 W. 56 St., New York 19, writes, "I am still working between net lined walls of the B.M.T. tearing out concrete division walls, etc., between live tracks and third rail. As I cover from four to six miles on slippery road beds and climb from 800 to 1600 feet a day on stairs, etc., I feel I am in fair health. My vacation last year consisted of half days." "Squab" lives at 65 E. 56 St., New York 22.

Laurence S. Perry, 79 Campbell St., New Bedford, Mass., who retired from active law practice a number of years ago for reasons of health, has been confined to his home ever since.

John H. Burleigh, 15 Lincoln St., Exeter, N. H., says he would have come to our "Little Reunion" last summer but things did not break right for him. He still wants the secretary to notify him in the future about it "Jack" lost his mother on January 7. She was 102 years old. The class wishes to congratulate both he and Ben Williams on having had their mother for so many years. Most classmates have not been as fortunate.

With deep regret we read in the March Necrology Column of the death of Franklin Macomer. Carlton was very loyal to the Class of '08 and attended several of our five-year reunions.

Emory N. Dunn is living with his family in Boca Grande, Florida, where he is the manager of three hotels. His sister, Rena (Dunn) Whitcomb '98, resides at 384 College Road, Orono.

Dan Chase has an interesting article on "Sportsmanship" in the Holiday 1958 issue of the Maine Alumnus.
Perley Skochel, in answer to a letter from Tom Fernsley of the Florida group, says: "Dear Tom: The old standpipe with its '08 looks familiar. During my freshman year I lived in the old dairy and was constantly on watch for a man with a brush and a rope for the tower."

February, 1957, United States Department of Agriculture—Certificate of Merit—RUSSELL S. Smith, Maine for his "excellent work in establishing a sound financial basis for the U. S. Forest Servce in Maine." Mr. Smith will be remembered for his speech in Spanish when he presented the 1911 gift to their Scholarship Fund at the 1956 Commencement. He was the battery mate of the great Marty McHale White (retired), 5040 Sierra St., Riverside, Calif.

Perley Skochel, in answer to a letter from Tom Fernsley of the Florida group, says: "Dear Tom: The old standpipe with its '08 looks familiar. During my freshman year I lived in the old dairy and was constantly on watch for a man with a brush and a rope for the tower."

Old standpipe with its '08 looks familiar. During my freshman year I lived in the old dairy and was constantly on watch for a man with a brush and a rope for the tower.

Mr. Smith is a graduate of the University of Maine and has been associated with the U. S. Forest Service for the past thirty years. He has made many contributions to the field of forest management and has written extensively on the subject. His work has been instrumental in establishing a sound financial basis for the U. S. Forest Service in Maine.

In addition, Mr. Smith has been a vocal advocate for the importance of protecting Maine's forests and has been a frequent speaker at timber industry conferences and events. He has also been a strong supporter of the Maine Forest Service and has served on its board of directors.

Whether you are at Hawaii or on the North Pole, start planning for that 40th Reunion next June.

Dear Classmates:

I received your Christmas letter. It carried the interesting news of the trip your brothers and sisters took to England. I was always interested in your trips abroad and am especially interested in the one taken to England. I have read about your travels and am glad to hear of your adventures. I hope you had a pleasant time and enjoyed the sights you saw.

I am glad to hear that you enjoyed your trip. I have always wanted to visit England and would love to go there someday. I am sure you had a wonderful time and will have many fond memories of your trip.

I am looking forward to hearing more about your trip and about the experiences you had while you were there. I am sure you will have many stories to share and I look forward to hearing them.

Sincerely,

He has also held several positions at Sylvania Electric Products, Inc., in production, engineering, and sales.

Originally from Salem, Mass., he has a B.S. in mechanical engineering from Maine and a master's degree in business administration from MIT, which he attended as an Alfred P. Sloan Fellow in 1940-41. During World War II he served two years on the War Production Board.

Mr. and Mrs. Wilson live in Barrington, R. I., and they have three children.

Betty Libby and John Wilson thought it would be a good idea for me, Ed Giddings, the Class treasurer, to bring you up to date on our fund raising campaign for our 25th Reunion next June. Here then is a report of our progress so far. We have over $1,800 collected and wish to present to the University. This has come from 74 members of the class scattered over the world from Orono to Japan. Many of them have enclosed notes of their activities which have been passed on to you through this column. I would like to let you know about a reunio committee meeting in Providence where we did some planning for next June.

if you may not know, there are three cups awarded at reunion which is possible for us to win. One to the class with the largest number reporting, another to the class with the highest percentage, and one of the last 30 years with the highest percentage. Let's go after them all! And, of course, hope "like the dry south wind" for the fraternity group with the most back (or something) and Gowell said it was just a waste, the Phi Kappa Sig's would win it easily. Just two weeks ago we rushed our oldest son West, 10, to the hospital for an emergency operation on his throat. We were pretty worried parents for a couple of days but everything is fine now. He is home convalescing. I am going to be more than glad to turn the class reporting over to Phoebe (Donbau) Thompson in June as I've taken on another bookkeeping job. I am the treasurer of the Brewer Free Public Library this year.

The following news comes from the Alumni Office.

Lt. Col. Leon W. konecki is with the U. S. Army as a procurement officer. Address is: Hq. U. S. EUCOM J-4, APO 128, New York, N. Y. He is at his permanent address: 6 Chase St., So. Portland.

Elwood Millett is now engineer for the Automatic Sprinkler Corporation covering Maine. His address, Box 23, Houlton is given as the home of a boy who is a freshman in Brewer High School and a girl in the 7th grade. His wife is Constance (Young '40) Wood. Address is 118 W. Water St., Bangor.

Earle Reed is living in Cape Elisabeth and is a part owner of Wdigery Commercial Welding Company in Portland.

John W. Perry has been appointed by the National Life Insurance Company of Vermont as its new general agent for southern Maine with headquarters in Portland. For the past year John has been general agent for National Life in Charleston, S. C.

Mrs. Arthemus Weatherbee (Pauline Melvin)
9302 Second Ave., Silver Spring, Md.

We are still dipping into our Christmas mail, and one of our longest letters was from Betty (Libby) Stahlard. Since she has so much news for us I'll quote parts of her letter.

"Had a nice visit last April from Bert '42 and Dorothy '40 (who live in New York City) during which we visited Harvard University. Bert had come to Boston on business. Then this summer our son attended a camp in N. H. and while they were down visiting us in Cleveland, N. H. and saw Ralph and Peg (Pease) Danforth and their two children, Judy and Andy. It always seems to me that U. of M. friends and the best part is that they are just the same as ever. U. of M. is represented in Hingham-Clark Perkins '36 is a state representative, Herb Farrar '40 is on the town light department, Gilbert Carlson '43 is assistant principal at the junior high school where Bobbie (our daughter) attends, Marion (Tulfs '40) Farrar is a secretary in the junior high office. Then occasionally I see Arthur Holbrook '32 and Bert (Lurt '41) Allyn, so we always have a big "hello" for each other.

"Our life seems to get busier every year. We live a little out in the country so it means lots of chauffering for me. Warren is City Editor of the Port Chester (N. Y.) Daily Item with an address of 134 Underhill Ave., New York, N. Y. His activities outside the job, to quote, "being a metropolitan bachelor."

Mrs. Constance P. Leger (Connie Philbrook)
Philbrook Farm Inn, Shlebrunze, N. H.

George Elllis certainly has a full and busy life. He has recently been appointed a vice president of the Federal Reserve Bank of Boston. He is also director of research for them and will continue to be in charge of the bank's work in the research field.

Rev. Harry Trask is now the pastor of the Nazarene Church in Haverhill, Mass. He and Claralyn (Pebble) and their four children are living at the parsonage at 8 Taf Ave.

A family venture it must be for the Sam Wrights on their farm. Every fall they have a huge herd of putered Jersey cows and the top of the barn has been remodeled to provide space for 2,000 pullets. They have four boys—Alwin, Tom and Raymond—and a girl, Janet.

Cecil Howes, who has been on the U. of M. faculty for 12 years, has accepted an appointment as head of the Department of Poultry Husbandry at Virginia Polytechnic Institute, Blacksburg, Va.

Alan H. Libbey has been appointed the treasurer for the 15th Reunion, June 6-8, 1958, at the University of Maine, Orono. He will administer all work in teaching, research, and extension.

The John McGillivrays are busy with their four-year-old daughter. Catherine, a junior at the University of Maine, is home for the summer. Their home address is 134 Underhill Ave., New York, N. Y. Their activities outside the job, to quote, "being a metropolitan bachelor."

As this gal sits down to her typewriter this month she feels like saying, "Pinch me, it can't be true." For actually I have more news than I can possibly include in this one month's column! It's terrific! I'm thrilled to pieces! And those of you who haven't yet taken the time to send along a biographical sketch on that nice blank in the class letter, DO IT NOW! Then we'll have news for months to come.

"Scoop" Randall came through with not just the biog about himself but about scads of other classmates, too! Thank you, Randall. Warren is City Editor of the Port Chester (N. Y.) Daily Item with an address of 134 Underhill Ave., New York, N. Y. His activities outside the job, to quote, "being a metropolitan bachelor."

Received a letter from the "lost" by friend Warren are: Hal Warren now at 1112 Green St., El Dorado, Arkansas; Tatum Hale back in his town of Gildersleeve, Con. at 518 Main St.; Fred. Koldowitch—7650 W. 1212 PI, B.B, Palos Park, Ill.; Stuart Swederman—339 9th St., Neenah, Wisconsin, and for whom we have a letter from Carleton E. Kilpatrick's mother telling that Carleton and Sylvia E. Guerrero were married in Muskegon, Michigan, on November 15th, 1957, and that Carleton's address is 3422 Chippawa Drive, Muskegon. Carleton is superintendent at the S. D. Warren Co., Central Mill in the city. Associated with him are Deborah (Drinker) Rand recognized my plea for news and wrote that she and Preston had just moved into their new ranch type house in Brewer. They have three children, Linda, 11, Lorina, 8½, and Lindsay, 2½. Preston is court reporter for the State and is assigned various terms around the State. His office is located in the Court House in Bangor.

Congrats to Franklin and "Swish" (Leonard) Brooks on the birth of their son, Paul Edward, born January 2. According to Claffie's Helen (Clifford) Millay Christmas card, she and George have a new venture—the Millay Dairy, which is doing well but involves a lot of extra work. She wrote that Shume White is back in navigation and that he and Jerry are living at 8008 Maple St., Fairchild AFB, Bangor.

Enid Torlier has been appointed home demonstration agent at large for the U. of M. Extension Service End's will be in Penobscot, Androscoggin, Sagadahoc, and Oxford Counties. She majored in home economics at the U. of M. and did her master's in economics at the University of Maine in 1941. Her courses were in education from Cornell, and has had 40 months of experience as an Air Force Electronics Station during World War II, in addition to his teaching experience. Fran is writing a thesis for a master's degree in home economics at the University of Maine in 1957. The Torliers live in a 3-story home in West Hartford that formerly belonged to the President of Aetna Life Insurance.

Fred Herbolzheimer has been promoted to production manager of Thilmany Pulp and Paper Co. of Kaukauna, Wis. Fred took a course in pulp and paper chemistry at the U. of M. in 1948 and went to work for the Scott Paper Co. in Marinette, Wis. From there he went last March to his present location.

Robert "Bob" Worlich, Chairman of the Class of 1943's Reunion, tells us that the Friday night Class dinner will be held at the Pilots Grill in Bangor. His committee from the Orono area would welcome comments or suggestions that you may have regarding Reunion Plans.

Geraldine (MacBurnie) Roley came through with a nice long letter in December. Red is still with G. E., but now in Bloomfield, N. J. At the time of this letter he was in Kansas, so he does jet around the country a bit. Their sons Dick and Roger are ten and in the fifth grade. Last July the Roleys drove to Ohio to visit Red’s parents and in August Gerry and the boys flew to Maine for a visit. In September Gerry and Red were in New York City and Acapulco where they enjoyed a bullfight and had a marvelous vacation. Gerry usually sees Mary (Barley) Russell in the summer but missed her this year, since the Russells were at the Lake (where Lakewood is) becoming ski enthusiasts. Gerry also reports that Phil and Fran Cabot had their third child on May 24, 1957. They live in Wakefield, Mass. The Roley address is 36 Main Street, Saco, Maine. I really enjoy seeing them and their family, so I hope everyone will cooperate and won’t let this “Red Hot” (trite, I know) letter stay on your desk. Next month, I hope to get out the remaining seven names and thus contact you all for news!

Connie Cooper is in the news again, having been appointed home demonstration agent leader for the Maine Extension Service. Her headquarters will be in Merrill Hall, but her duties will take her all through Maine as reported previously, but it must be nice to be back in Maine. Congratulations, Connie, on this fine appointment!

To date there are seventeen “Round-Robin Letters” in circulation to you classmates of 1947. The Class of ’47 news is destined to become a small column. It is only fifteen minutes since I collected the news, so I hope everyone will cooperate and won’t let this “Red Hot” (trite, I know) letter stay on your desk. Next month, I hope to get out the remaining seven names and thus contact you all for news!
If you are a woman of executive ability... who enjoys the challenge of a major administrative position. If you like travel, freedom, and want opportunities for further educational and personal development... the U.S. Air Force offers you opportunities unlimited.

Women officers in the Air Force today serve on equal footing with their male contemporaries. They hold down comparable jobs, with equal pay and equal chance for advancement. Nowhere else can a woman of a responsible and adventuresome nature find a more rewarding outlet for her talents.

If you are such a woman, mail the coupon below, now. It will bring to you a complete story of the WAF officer—with no obligation, of course.

A nice note from Barbara Murdock tells us that in the January column we had an incorrect address. Bob is now employed with General Electric Company, but in Pittsfield, Mass., instead of West Lynn, Mass. He works in the distribution transfer department. He and Barbara moved in November into a new home, a gift of their present address, 4 Lakeview St, Pittsfield. Their son, Scott, is two. "So glad to hear from and write to" is the reply from Alvin. He and his wife, the former Marjorie Merchant, have a new address, 433 N. Pleasant St, Amherst, Mass. "Alvin explained the various types of recreation programs which include, among many others, 44 basketball teams. Sounds as though he might have his hands full."

"Congratulations are due Phil and Liza (Zaitlin) Levinsky on the birth of Eric Sander Levinsky on January 14. Eric has two big brothers, Bruce, 3, and Kenny, 4 1/2. Needless to say, the Levinskys are proud as punch of their fine family."

"Robert Moody has recently become supervisor of the World Agency, Inc., a subsidiary of Albert M. Harmon, Inc. agency of Portland. Robert will specialize in the sale of accident, health, and life insurance of the World Insurance Co. of Omaha."

"Andrew Serros, after nine years as a New York Life representative, is well established in a career that can offer security, substantial income, and the deep satisfaction of helping others. If you'd like to know more about such a career for yourself with one of the world's leading insurance companies, write: NEW YORK LIFE INSURANCE CO."

SPECIAL REPORT

Mr. ANDREW N. SERROS

NEW YORK LIFE AGENT

at

ORLANDO, FLORIDA

BORN: July 2, 1922

EDUCATION: University of Florida, School of Business Administration, B.S., 1948.

REMARKS: February 1, 1949 was the first day former Air Force Lieutenant Andrew Serros reported in as a New York Life representative at the Company's Jacksonville General Office. Since that day, he's compiled a sales record that speaks for itself. The first year on the job he qualified for the Company's Star Club—and for the President's Council in each succeeding year. From 1952 to 1957, he received the National Quality Award from the National Association of Life Underwriters. To cap all this success, Andy won a seat at last year's industry-wide Million Dollar Round Table. Behind this impressive record lies Andy Serros' sincere interest in his clients' insurance needs and enthusiasm for his job—two factors that could foretell even greater success for Andy with New York Life in the years ahead.

What is the Bell System?

The Bell System is wires and cables and laboratories and manufacturing plants and local operating companies and millions of telephones in every part of the country.

The Bell System is people . . . hundreds of thousands of employees and more than a million and a half men and women who have invested their savings in the business.

It is more than that. The Bell System is an idea.

It is an idea that starts with the policy of providing the best possible telephone service at the lowest possible price.

But desire is not enough. Bright dreams and high hopes need to be brought to earth and made to work.

You could have all the equipment and still not have the service you know today.

You could have all the separate parts of the Bell System and not have the benefits of all those parts fitted together in a nationwide whole.

The thing that makes it work so well in your behalf is the way the Bell System is set up to do the job.

No matter whether it is some simple matter of everyday operation—or the great skills necessary to invent the Transistor or develop undersea telephone cables to distant countries—the Bell System has the experience and organization to get it done.

And an attitude and spirit of service that our customers have come to know as a most important part of the Bell System idea.

60 Chestnut St., W., Newton, Mass

Give, here we are, already in the month of "lions and lambs"! Where is the time going? It's only when you stop and think of all the things that have happened that you realize how many months have passed since June 9, 1957.

Here's a little of the news that was left out of the January issue for space (timely?) reasons:

Joan Knight is leaving January 15 for Tegucigalpa, Honduras, Central America, where she'll study for a year on a Fulbright Scholarship. Wonderful! She said that Sandy Richardson is working for Dudley-Anderson-Zutty (advertising) in their test kitchen, in New York City, and Judy Westcott is teaching in Lexington, Mass. Sorry, no addresses.

Dottie Johnson is teaching home ec in Graveton, N. H., and really likes it. She saw Reno Roy and Shirley Christopher recently. Reno is teaching in Manchester, N. H., and Shirley in Graham. She also said Biddy Smith is teaching in Berwick, Me., and Don Hughett is a forester in Orleans, Calif.

Bright future for banking

This June thousands of graduates look forward to a career. Here's the story of bankers—what they work for, what they are like.

You can't always recognize a budding banker by an expression. You've got to dig a little into character.

As bankers, we naturally know some of the character essentials that make for success in our business. These we're passing along on the chance that they might help inspire the right youngster toward a bright future in banking.

Profile of a Banker

Bankers take a healthy pride in their jobs. They like people. They like to help people, and they believe that banking offers a good way to do just that.

Bankers are also strong individualists. But they're completely in agreement on certain basic things like private enterprise, individual rights, self-reliance, and our country's future.

Judgment comes into the picture, too. The banker must be a realist. It's mostly your money he's dealing with, and it's his responsibility to lend it wisely.

Bankers in Action

The successful banker gets where he is because he's resourceful enough to match every ounce of essential caution with a full pound of imagination and concern for the community interest. He knows his neighbors well. Like the lawyer, the doctor and the churchman, he keeps their confidences and helps them when he can.

Such is the profile of a banker... of the banking profession itself. For the young men and women who can match it there's a bright future in a growing industry. There's also a world of opportunity in a rewarding career that provides interesting jobs and makes useful citizens.

The Canal National Bank presents this message in the interest of a wider understanding of the banker's place in our national life.

Year round employment opportunities: The Canal National Bank Employment Office, 1180 Middle Street, Portland. Open Monday through Friday 9 to 5 (except holidays) to interview college and high school graduates.
