OLIN S. LUTES, Ph. D., Dean
Registration Shows Slight Decrease

At last economic conditions have caused a reversal of the trend of increased enrollment. On September 23, a total of 1559 had registered which was 81 or about five per cent less than last year of corresponding date. Data of four or five weeks ago, especially on the entering class indicated that the decrease might be materially larger than it has developed to be.

The members of the class of 1936 were required to be on the campus September 14 to participate in the tenth annual freshman week program. Upperclassmen registered six days later, Sept 20.

An old custom was brought back into use this year by holding an assembly the first day classes were scheduled. On this occasion “Prexy” Boardman extended a welcome and offered some timely suggestions. He introduced Dean Muilenburg to the students, whose brief, humorous yet earnest remarks won their approval. On this occasion too, “Ted” Curtis, faculty manager and “Phil” Jones, freshman football coach, urged upperclassmen and newcomers to participate in sports.

The comparative data on the fourth day of college 1932 with 1931 shows a rather sharp drop of 70 in the junior class, with 36 in the freshman and 26 in the sophomore. Against this the senior class is 42 larger than the 1932 class was on similar date. This decrease in registration is no greater nor as great as has been reported in other institutions.

Data on 1936 Class

Of the 432 freshmen, 195 are registered (Continued on Page 7)

Sons and daughters of University alumni who are registered in the entering class.

Front row, left to right—Rosemary Boardman, Orono, (Dr. H. S. Boardman ’95); Edith Gardner, Orono, (A. K. Gardner ’10); Ruth Emke, Brewer, (V. H. Emke ’12); Arlene Merrill, Bangor, (E. C. Merrill ’95); Elizabeth Philbrook, Brookline, Mass. (H. G. Philbrick ’09); Margaret Hall, Castine (W. D. Hall ’07); Ruth Colby, Canton, Mass. (J. A. Colby ’06); Elnor Hill, Orono, (H. S. Hill ’10); Mary Talbot, Orono, (R. F. Talbot ’07); Mildred Covell, Monmouth, (H. T. Covell ’12); Virginia Palmer, Orono, (F. B. Palmer ’96).

Second row, left to right—Robley H. Morrison, Jr., Norway Lake, (R. H. Morrison ’09); Richard Moody, Arlington, Mass. (P. R. Moody ’05); Roger Dunbar, Machias, (O. H. Dunbar ’06); Lewis Mann, West Paris, (F. J. Mann ’00); Ralph Huggins, Old Town, (P. E. Huggins ’10); Francis McAlary, Rockland, (A. F. McAlary ’13); Clark Perkins, Hingham, Mass. (L. W. Perkins ’11); Robert Burns, Portland, (H. B. Burns ’02); Roland Gieszer, Bangor, (E. I. Gieszer ’14); James Boardman, Orono, (Dr. H. S. Boardman ’95); Leonard H. Ford, Jr., Bangor, (L. H. Ford ’99).

Third row, left to right—Raymond Sanborn, Auburn, (W. F. Sanborn); David F. White, Augusta, (C. M. White); John Flanagan, Bangor, (P. F. Flanagan ’11); George Clarke, So Portland, (G. C. Clarke ’13); Graham Hills, Rockland, (O. F. Hills ’06); William Hinckley, Blue Hill, (Mrs. Wallace R. Hinckley (Chase) ’08); James Haggert, North Edgecomb, (H. Haggert ’09); Henry Little, Bucksport, (L. E. Little ’04); Albert Verrill, Jr., Cumberland Mills, (A. Verrill ’11); William Yeaton, Hopedale, Mass., (Dr. C. W. Weymouth ’16); Thomas Reed, Bangor, (F. R. Reed, Jr. ’06).
President Announces Faculty Appointments

Dr. James H. Muilenburg has been appointed to succeed Dean Stevens as head of the College of Arts and Sciences; Dr. E. Reeve Hitchen, professor of Bacteriology, has been made head of the department following the retirement of Dr. F. L. Russell ’85; associate professor E. F. Dow has been named acting head of the department of history and government taking the place made vacant by the retirement of Dr. Caroline Colvin.

Professor F. J. Kueny, head of the department of French, has been granted a year's leave of absence to study in France, during his absence Professor G. B. Fundenberg is to be in charge of the department. Professor Harry Smith ’89 has been given a year's leave of absence to do doctorate work at Rutgers University. Mr. Smith is head of the biological and agricultural chemistry department, George F. Dow, associate agricultural economist in the Experiment Station is at Cornell for the year, and Joseph C. Twinem has been granted a year's leave of absence.

Six faculty members who were on leave last year have returned. Professor Pearl Greene, head of the home economics department was at Cornell last year; associate professor B. F. Brann of the chemistry department spent the year at Harvard; Professor Achsa Bean, dean of women, did advance work at Harvard specializing in biology; Professor Charles O. Dirks of the department of entomology devoted last year to graduate work; Dr. John Stewart ’27, instructor in mathematics, spent a year doing graduate work at the University of Iowa; Professor Warren S. Lucas, assistant professor in the mathematics department, did a year of graduate work at the University of Chicago.

Major Sidney S. Eberle, U.S.A., has been added to the college as Professor of Military Science and Tactics. Other new appointments are: John F. Witter, B.S., Maryland, 1928; D. V. M., Michigan, 1932, assistant professor of Animal Pathology, instructors, Miss Elizabeth Ring, B.A., Maine, 1923 and M.A., 1926, in history; Linwood J. Bowen, B.S., Maine, 1932, in biological and agricultural chemistry; Hugh D. Chase, B.S., Massachusetts Institute of Technology, 1931, M.S., 1932, in Civil Engineering. In addition to the foregoing appointments nine graduate fellows and three assistants have been appointed—seven of these are alumni of the University.

Dr. Muilenburg Appointed Arts and Sciences Dean

 Born in Iowa, graduate of Hope College, Michigan and Yale University, an officer in the army and more recently a professor at Mount Holyoke; such is a thumbnail sketch of Dr. James Muilenburg, the new dean of the College of Arts and Sciences who is to carry on the work of former Dean J. S. Stevens. He began his new duties on September 1.

Dr. James Muilenburg is perhaps unusually young for the position of dean, being now thirty-six years old. He has had varied training and experience which have prepared him for his new position. He was graduated from Hope College in 1920 though his college course was broken up by service in the World War in which he served as second lieutenant and later as first lieutenant.

After graduation he accepted a position at the University of Nebraska teaching English and was later offered an executive position in the dean's office but he did not accept this preferring to do graduate work at Yale University where he received his doctor's degree in 1926. He taught biblical literature one year at Yale after which he accepted an assistant professorship at Mount Holyoke College teaching the history and literature of religion. He took one year out to study at the University of Marburg in Germany. He came to the University from Mount Holyoke where he had been five years. He was an associate professor and had acted for a time as head of the department. Dean Muilenburg is married and has two sons.

John Marshall Oak

With the passing of John Marshall Oak, 1873, the University of Maine lost one of its most ardent and devoted alumni. Advanced years seemed only to increase his interest in his Alma Mater. Few, if any, alumni had a greater knowledge of the early history and development of the Maine State College of Agriculture and Mechanical Arts than did this loyal alumnus.

Mr. Oak died in Bangor September 15 as a result of heart affliction which had been troubling him for many months. He was eighty one years old and had spent most of his years in Bangor except that recently he had been in Florida each winter. He was born in Garland and came to the University as a member of the second class to enter the institution. He was son of Hon. Lyndon Oak, after whom Oak Hall is named.

Following graduation he spent some time working in his father's store in Garland and teaching school. In 1880 he became a traveling salesman and in 1890 engaged in wholesale and retail clothing business under the name of Oak and Clark. In eight years he was appointed postmaster and served continuously for seventeen years which is the longest period of service of any postmaster at Bangor. It was during his term that the disastrous Bangor fire occurred which caused him years of trouble and work before losses were finally adjusted.

His services to the University places him among the foremost of the alumni. He served his class as secretary for twelve years and was a member of the Alumni Council for nine years. In 1905 he was chosen president of the General Alumni Association which office he filled admirably for four years. In 1908 he was appointed Trustee of the University for a seven year term. He was first president of the Penobscot Valley Alumni Association and was the first alumnus to subscribe voluntarily to the Memorial Fund in the generous amount of one thousand dollars. He was a man held in highest esteem by the citizens of his home city being known to be of a very kindly, courteous, and considerate nature and because his genial disposition had hosts of friends.

He is survived by Mrs. Oak.

Make appointments with your friends, or "old prof" to see them on the campus Homecoming Day, October 29.
Brann '98 Elected Governor

His Excellency, Louis J. Brann, Governor of Maine. Such will be the title which our modest alumnus of the class of 1898 will carry beginning next January 1. But to those who know him, and they are many, he will still be “Judge” or “Lou.”

On September 12, Maine people decided they wanted Hon. L. J. Brann of Lewiston for their next governor. They said it with 120,000 votes, the largest number any Democratic gubernatorial nominee has ever received; a very flattering tribute to this quiet and modest alumnus. Moreover, it was the first time in 18 years a man of his party had been so honored. What’s more—and by no means the least important—Mr. Brann is the second University alumnus to be elected Governor of Maine, the late William T. Haines being the first.

“It was the morning after the night before” that your writer went to visit Governor-elect Brann. That evening, thousands of citizens of Lewiston-Auburn and environs had honored him. Bands played, banners were displayed, fireworks burst overhead and finally there were brief addresses of tribute to their “Judge.” In spite of this ordeal, and of several strenuous days of campaigning outside of New England on top of an arduous two months campaign in Maine, Judge Brann appeared as fresh as the proverbial rose touched by the morning dew, as calm and orderly as the nothing extraordinary had taken place. He received this person or that, in person or by phone, with the same friendly voice and invariably called them by their first name.

Perhaps we can best get a picture of the future governor by quoting some of the address of response at the big celebration.

“I assume you are very desirous, as is proper, of paying me tribute for the recent victory but in all sincerity and humility it is not my victory. In the last analysis it is the people’s victory.

“If, through my elevation to the Governorship, there seems to be the slightest change in my demeanor, if I seem less kindly, less friendly, I hope you will call it forcibly to my attention. It is my theory and philosophy of life that one living in this world today owes a responsibility to his fellowmen to be kind, courteous and decent.”

Governor-elect Brann has been spoken of by some as a “mystery.” And so it would seem in many ways for his habits, mode of living and all, do not conform to those which are more or less commonly ascribed to persons of long and prominent political career.

An editorial in a recent issue of the Lewiston Evening Journal (Republican) pictures Judge Brann as follows: “He is a gentleman in manner, a college man, a persistent reader of the best books, a social recluse so far as parties and functions go; does not dance; does not play contract; dresses well; talks fine English; is good-looking; has a soft voice and gentle manner; is a devoted member of the Christian Science Church in Lewiston, where he is usually to be found on a Wednesday evening; is a very good lawyer; has countless friends among the members of the opposing party in politics and will grace the gubernatorial chair.

“He is decisively, personally honest. He is yet a shrewd politician and you shouldn’t put any chances in his way when it comes to politics, unless you expect him to use them. He has a decided ‘temper’ which he keeps constantly under control.

“He has only one club—and that is his home. This is notorious in Lewiston. If you want to find Brann, he is either at the office or at home. He lives with his family. When he was Mayor and when the Lewiston City Council stood agast at the pure idiocy of it, he ran the Municipal Music and Lecture Course, filled with good music and provocative of pleasure to our citizens at almost ridiculously low cost.

“You cannot discover hereabout an example of Judge Brann’s interference in public projects for personal advantage”

Still another slant is brot out by Sam E. Conner in the May 14 issue of the Journal when he was presenting non-partisan write-ups of candidates for governor: “He has had to do with State, county and city affairs much of the time in the past 30 years. In that period he has gained a wide acquaintance throughout the State, has established a reputation as one of the ablest lawyers in Maine and earned the friendship and respect of all with whom he has come in contact.

“Everyone knows him for a pleasant-spoken, clear and clean-thinking, hard-working, able attorney, who gives his all to every client and is absolutely on the level. The best setting forth of his standing in the community is to be found in the fact that no one ever calls him ‘Mr. Brann.’ Always he is either ‘Judge’ or ‘Lou’ Only those who have the confidence, respect and friendship of their fellowmen are so treated.”

His Political Career

Mr. Brann was born in Madison, went to high school in Gardiner and entered the University in 1894. Four years later he was graduated with a degree of B.S. in chemistry. During his college days he was very active in sports, playing on the varsity baseball team all four years as well as on the class football, baseball and track teams.

Following graduation he located in Lewiston where he studied law in the office of the well known Daniel J. McGillicuddy. It was during this time that he changed from a Republican to a Democrat. Perhaps even in his day in college the noted Maine “Hello” was prevalent, for it is told that early in his career the future governor began to speak to people he met, whether he knew them or not.

His first political venture was clerkship of the legislative committee on legal affairs, which position he held for three terms. In 1906 he was elected city solicitor and was returned again in 1907. From 1908 to 1913 he was collector of taxes, and was then elected judge of probate for the next three years. In 1915 he became a candidate for mayor, at the urgent request of his growing number of friends, was nominated and elected which position he filled two years and then declined further service. In 1919 he was elected...
Second Annual Homecoming October 28-29

The second annual alumni Homecoming Day sponsored by the General Alumni Association and by the University cooperatively, will be held October 28-29. Professor Charles P. Weston '96 is chairman of the committee on arrangements with Ted Curtis '23 and Maynard Hucks '32 as the other members.

Tentative plans call for Homecoming to consist of two days' program this year rather than one, believing that perhaps there are a number of alumni who would like to take more time and be on the campus for more events than the abbreviated program of last year made possible. Although the program is not yet complete, it is formulated enough to give a general statement of what is to take place.

Friday afternoon there will be a football game between the Junior Varsity and Freshman teams. Friday evening plans contemplate the possibility of a meeting of "M" men, this being a get together of both alumni and undergraduate lettermen with the hope that the football members of this year's team may attend. During the evening the Senior Skulls are to put on a dance similar to the one last year which proved to be a tremendous success and at which a large number of alumni were present. It is possible, also, that there may be included in the evening program an entertainment feature.

During Friday afternoon and Saturday forenoon alumni and friends are most cordially invited to call upon faculty members, inspect buildings and visit classes if they choose to do so. This is one of the chief purposes of Homecoming, since it is about the only event during the year when alumni have opportunity to contact faculty members or to see the University at work.

Alumni-Faculty Luncheon

Saturday noon there will be an alumni-faculty luncheon for which it will be necessary that reservations be made. Last year there were nearly 250 attended this luncheon at which Dr. Robert H. Fernald was the speaker. Arrangements are underway to secure one of Maine's outstanding alumni to speak on this occasion. It is expected that the student band will be present to furnish music. Unfortunately, last year it was impossible to accommodate all those who would like to have attended the luncheon. It is therefore highly desirable that those who plan to attend make their reservations in advance. The charge will be one dollar per individual.

At this luncheon, also, the Alumni Service Emblem will be awarded. This will be the third emblem to be awarded, the other two having gone to Harry E. Suton '09 and Hosea B. Buck '93, respectively. This emblem is awarded on a basis of outstanding service rendered to the Alumni Association and to the University.

There will be an information table located in the passageway of Alumni Hall and there will be a checking service for clothing and packages, available for those who desire to use it during the evening.

A complete and detailed program will be published in the paper and will be available for distribution. Those who plan to attend Alumni Homecoming are urged to notify the Alumni office indicating the number who will be present at the luncheon.

Raymond H. Fogler '15 on July 18 became Vice-President of Montgomery Ward Co., in charge of operation of over 500 retail stores. He had been with W. T. Grant Co. for 13 years, resigning as director of personnel and real estate to accept the new position which has taken him to Chicago.

Durkee '19 Company Has Enjoyed Rapid Growth

Probably hundreds of alumni have listened to the pleasing Flufferettes program over the Yankee Network, or some of our alumni home makers have used quantities of Marshmallow Fluff without knowing it was a product developed by an alumnus of the University. H. Allen Durkee, class of 1919, is president of the company which manufactures this delicacy.

Mr. Durkee came to the University from Swampscott but left to go into service, being a member of the Headquarters Company 101st Field Artillery Division. Upon his return from France Mr. Durkee together with a boyhood friend and "buddy," Fred Mower, started manufacturing Marshmallow Fluff in a very modest way, under the name of Durkee-Mower Company. The company has enjoyed remarkable success having grown from a small beginning to one having an output of a million and a half cans annually. In 1929 they opened a larger factory and absorbed another company at the same time taking over the manufacture of its product, Rich's Instant Cocoa.

Mr. Durkee is president and sales and advertising manager of this company. He is president of the Rotary Club and has served as representative in the State Legislature.

Brann '98 Elected Governor

as a representative to state legislature. He was at that time chairman of the Democratic State Committee. Again in 1922, his party insisted upon his candidacy for mayor. He was elected for three consecutive years. In 1923 he was chairman of the Democratic State Convention. He has been prominently mentioned at least twice before as a gubernatorial candidate but declined to run. More recently he has been a member of the National State Democratic Committee. This together with his outstanding victory brings his (30) years of politics up to date.

In 1903 Judge Brann married Miss Bertha Cobb of Lewiston, who like himself is known for her modesty, her graciousness and her love for home. They have three daughters.

In talking with a well known Lewiston alumnus as to what should be written about this distinguished graduate, he commented: "You can honestly say about all the good things possible. He has no ghosts or skeletons to hide or fear. And above all, say he is human."

So we will leave it. What more can be said, except that the University is proud and feels honored to have one of her sons achieve the success which he has fairly earned and won.

Make your reservation for the Homecoming Day Luncheon at the University, October 29.
Gymnasium Is Under Construction

SEPTEMBER 19, 1932 will be recorded as another red letter day in alumni history for on that day ground was broken for the Memorial Gymnasium. This will be the culmination of several years of hope and work to complete the Memorial to the Maine Men who died in the World War. It is expected that the building will be completed in six months.

The decision to go forward with construction was made at a combined meeting of the Memorial Building Committee, the Alumni Council Executive Committee and the Trustee Committee on Conference held September 11, at which time a vote was passed authorizing the Memorial Building Committee to award contracts for the construction of the Gymnasium at a total cost not to exceed $165,000.

Weeks and months of study have been spent in an effort to produce a building which would stand the test of time and which would render the largest value for money expended. These plans were developed by the Memorial Building Committee of which William McC. Sawyer '01 of Bangor is chairman and Harry E. Sutton '09 of Boston is vice-chairman, the other members of the committee are A. W. Stephens '99, New York; Dr. J. S. Ferguson '89, Malba, L. I., N. Y.; H. A. Hilton '05, Bangor; N. H. Mayo '09, Providence, R. I.; H. G. Philbrook '09, Boston; C. P. Crowell '98, Bangor; together with these men Arthur L. Deer '12 of Orono, President of the Alumni Association, has served ex-officio and R. H. Bryant '15, Biddeford and R. H. Fowler '15, Chicago, Ill. were on a sub committee. Ralph Whittier '02 of Bangor is Treasurer of the Building Committee as well as of the Memorial Fund. At the request of the Alumni Council, a Trustee Committee on Conference was appointed to represent the Board of Trustees in the development of plans. The Trustees who have cooperated in this work are Hon. Harmon G. Allen of Springvale, president of the Board; Hosea B. Buck '93 of Bangor, and Edward E. Chase '13, Portland.

The Gymnasium which is to be approximately 137 feet wide and 150 feet deep, three stories high, will join the Indoor Field on the south side. The design is not as originally planned because of the expense which would have been involved in features which the highly desirable are not regarded as necessities. Utility has been given first consideration in the plans recently adopted with just enough to be spent in decorative effect to give a pleasing finish to the building. The architects have endeavored to produce a modern athletic plant of economical construction with a maximum of light and air and a minimum of wasted space. The style of the building is modern with here and there traces of classical tradition. The architectural embellishments which are limited in number because of cost, consist largely of three carved brick panels above the arches of the central motif and the main entrance doors which will have ornamental aluminium grilles backed by glass. The lobby which will furnish a place for bronze tablets to be placed later is also to serve as a trophy room. The architectural effect is to be produced by variation of color and texture of limestone, marble and blue stone.

On the first floor are offices, varsity, freshmen and visiting team locker rooms, stock room, women's room, gymnasium and storage. On the second floor are three general locker rooms, a faculty locker room and a class room, two hand ball courts and a special exercise room. On the third level there are two special exercise rooms in the front of the building.

Little and Russell of Boston are architects of the Gymnasium, being the same company which designed the Indoor Field-Armory unit of the Memorial. Contracts have been awarded as follows: General Contract, Kerr and Houston, Portland; Plumbing, Pierce and Cox Company, Boston; Heating and Ventilating, J. V. Kenneally Co., Boston; Electric, The Dole Company, Bangor.

Further details concerning floor plans and contents will be furnished in a later number of The Alumnus.

(Continued from Page 3)

Registration Shows Slight Decrease

in the College of Arts and Sciences, 101 in Agriculture, and 135 in Technology. 107 are women students, 71 of whom are taking Arts courses and 36 are registered in College of Agriculture, home economics department. Technology with 135 has the largest number of men.

For the first time in several years there has been a decided increase in out of state registration, 112 or slightly more than 25 per cent hail from beyond the borders of Maine. During recent years at least the percentage has been somewhat under twenty.

There is no question but what the registration in both freshman and upper classes would have been greater if some form of work could have been secured. Many promising applicants were forced to abandon plans to attend the University this year because of lack of assurance of financial aid by means of work, loans or scholarships.

Architect's conception of the completed Memorial showing the new gymnasium now under construction in the foreground and the Indoor Field-Armory in the background.
Hammond Appointed New Member Dues Committee

Avery C. Hammond '11, Bangor, has been named as new member of the dues committee for three years by Arthur L. Deering '12, president of the General Alumni Association. The other two members this year are Harold M. Pierce '19, chairman, and Ballard F. Keith '08, both of Bangor.

Mr. Hammond as an undergraduate was very active in football and track. Since graduation he was salesman and managing director for different rubber companies, being in New Zealand for about eleven years. Recently he has returned to Bangor where he is representative of the Equitable Life Assurance Society. He brings to the committee the angle of the salesman.

The duties of the dues committee are to seek payment of dues. The goal established by the budget committee last June is $5,400 to be raised from dues payments. The total budget of the association is $7,100, which is a reduction of about 35 percent in two years. The committee in its first session studied some data on dues payments. It is interesting to note that alumni pay dues in about the same proportion as do the men and that alumni in New York and New Jersey stand first in percentage of their group who paid dues last year with those in the state of Maine ranking lowest of the geographical units. The committee this year has an unusually difficult problem because of economic conditions and asks the prompt cooperation of alumni in response to the notices.

O’Donnell Accident

An unfortunate accident occurred the evening of registration day, September 20, as a result of which Clifford L. O’Donnell of Bangor, a junior, died a short time later. A party of students were returning from Old Town and for some reason which has not yet been determined the car went into the ditch, as a result of which O’Donnell suffered such severe injuries as to cause his death within a short time after the accident. All of the men were members of the same fraternity. No court action has yet been taken with regard to those involved in the accident which is believed was just another unfortunate highway tragedy.

Proctors

Professor L. S. Corbett, Dean of Men, has announced the following men as Proctors in the Freshman boys’ dormitories for this year: John F. Wilson, head proctor; Kenneth E. Aldrich ’34; Frederick C. Burk ’33; Donald P. Corbett ’34; James E. DeCourcy ’34; John P. Doyle ’33; Frank W. Hagan ’33; Swen Hallgren ’33; Roger H. Hefer ’34; Paul R. Langloss ’34; Philip S. Parsons ’34; Gordon T. Richardson ’34; Monroe Roman sky ’33; Robert W. Stubbert ’33, and Clarence K. Wadsworth ’34.

Freshmen Elect Officers

At a meeting of the freshman class here during Freshman Week, temporary officers of the class were elected as follows: John C. Fealey of Southboro, Mass., was chosen president; Lawrence Cote of C aribu, vice-president; Arline Higgins of Lewiston, secretary, and Arthur F. Roberts of West Kennebunk, treasurer.

Grange Lecturers’ Conference

The latter part of the summer months saw the campus as a very busy spot with eight hundred persons having registered at the twenty-first annual New England Grange Lecturers’ Conference lasting three days. This meeting is held each year in one of the New England States, it being the second time the University has entertained the lecturers.

The Maine Campus, issued weekly during the college year, may be had for one dollar.

Student Killed

Holy Cross Tickets

About the middle of August the second annual Poultry School was held at the College of Agriculture. This is a two day event which attracted about 250 poultrymen from all over the State.

Seven of the eight high school boys and girls who were winners of School of Education scholarships have registered at the University in the entering class. They are as follows: D. Max Fitch, Orono, Allan Corbett, Orono; John M. Coombs, Boothbay Harbor; Bernice Yoemans, Lee; Alice W. Campbell, Machias; Vernon A. Herrick, Easton, and William H. Berry, Jr., Fryeburg.

This is the second year that the School of Education has conducted scholarship contests. Because of the fact that there was no award in one of the districts into which the state has been divided for this contest, there was offered this year one scholarship at large. The one scoring the highest in the contest received a four year tuition scholarship; the second highest a three year; the next a two year and the others one year each. The preliminary examinations of the contest are conducted in the schools which desire to participate. The district examinations are conducted by members of the School of Education faculty.

Tickets may be secured from Dr. James E. Masterson, 1241 Main Street, Worcester, Mass., or through the Alumni office until October 6. The charge for these tickets is one dollar plus tax of ten cents.

New Hampshire University received during 1930-31 a total of over $100,000 in gifts or bequests for various purposes.

The Alumni Association depends upon alumni dues.
Dean Muilenburg to Address Teachers' Association

The annual meeting of the University of Maine Alumni Teachers' Association will be held in Bangor at 6 P.M., the place of meeting to be announced later.

Dr. James Muilenburg, new dean of the College of Arts and Sciences, is to be the speaker of the evening, this being his first appearance before alumni. William D. Hall '07, principal of Eastern State Normal School at Castine, president of the Association will preside.

A committee of Bangor teachers is making arrangements for the banquet and meeting. All University of Maine Alumni teachers and others interested are invited to attend. Reservations should be made in advance with C. E Crossland, Alumni Secretary.

Southern Californians Hold Two Alumni Meetings

Our spring meeting was held at Brookside Park, Pasadena last Saturday, June 4. The weather was somewhat unusual as it misted, drizzled, and rained all day. Notwithstanding we had our picnic under a mighty eucalyptus tree and a thatch shelter. Thirty-two enthusiastic people, undaunted by the weather, enjoyed the whole affair. President and Mrs. Hardison '90, prepared plenty of excellent baked beans and delicious brown bread which made up the major part of the meal.

President and Deans Attend

Greetings, reminiscences, delicious California orange juice from the Hardison Ranch, and a bountiful picnic supper under spreading live oaks punctuated the July 9th meeting of the University of Maine Alumni Association of Southern California. The momentous affair was occasioned by the visit of President H. S. Boardman and family, Dean L. S. Corbett and family, and Dean Paul Cloke to the West Coast, and was held at Brookside Park, Pasadena. Alumni with their families and guests numbered seventy.

Dr. Hardison, President of the Southern California Association, acted as master of ceremonies and introduced our distinguished guests who responded with informal talks on the progress and aims of the University. They also kindly answered the many questions of the alumni. This visit of President Boardman, Dean Corbett, and Dean Cloke strengthened the bond between the University and her far western Alumni, especially those who have not returned to Maine since graduation.

Mr. C. S. Simpson '81, was the oldest alumnus present. Prof. Guy A. Thompson of Occidental College, who served on the University of Maine faculty for many years, and Prof. Harvey H. Jordan '10, now Assistant Dean of Engineering at the University of Illinois, were also present.

Dr. A. C. Hardison '90, and George E. Springer '10 were re-elected to serve as President and Secretary for the coming year.

Southard Entertains Kennebecers

Judge Frank E. Southard '10, and Mrs. Southard of Augusta were hosts to 44 Maine alumni, wives, husbands and whatnot, early in September at their summer home on Cuba Island, Lake Cobbosseecontee, in Winthrop.

"Southard's Fleet" met the Kennebec alumni at the mainland and transported them to the Southard home where they enjoyed a corn roast in the moonlight on the beach. The evening's program was concluded with singing and a lusty cheer for the Judge. Brooks Brown '17, president, Mr. Southard '10, Norwood Mansur '30, and Horton Flint '30 were in charge of this outing of the Southern Kennebec Alumni Association.

Horton Flint '30

The University of Vermont recently was the beneficiary of about $35,000 from the wife of a former professor.

Schedule of Association Meetings

| Oct. 1 | Philadelphia Association at Electrical Engineers—17th and Sansome Sts.—1 P.M. |
| Oct. 8 | Maine Round-Up—Worcester Bancroft Hotel—6 P.M. |
| Oct. 10 | Providence Association Luncheon—Drefus Hotel—12 M. noon. |
| Oct. 27 | Alumni Teachers' Association Bangor—6 P.M. |
| Nov. 5 | Philadelphia Association at Electrical Association—17th and Sansome Sts.—1 P.M. |
| Nov. 14 | Providence Association Luncheon—Drefus Hotel—12 M. noon. |

Maine Round-up at Worcester

October 8

A big get together of University of Maine alumni, wives and friends is being arranged by the Worcester County Alumni Association, for October 8, at the Bancroft Hotel at 6 P.M. This is the day of the Holy Cross-Maine game in Worcester.

While this event is being sponsored by the Worcester group, a committee of representatives of the Worcester, Springfield, Hartford and Providence Associations is at work to make the affair a success and to assure good delegations from each of those points.

Coach Fred Brice, Faculty Manager Ted Curtis '23, and Trainer and Prof. Stanley Wallace will attend and speak. It is very unusual to have these representatives available for an alumni get together.

Dr. James E. Masterson '17 of Worcester is chairman of the local committee on arrangements.

All alumni who possibly can are invited to attend. It is very important that the committee should know in advance of the number who plan to attend the banquet, the cost of which will be modest. Reservations should be made with Dr. James E. Masterson

1241 Main St., Worcester, Mass.

Lehigh Valley Alumni Picnic

The "Depression Ghost" failed to diminish the customary large attendance to the Lehigh Valley Maine Alumni picnic, which was held, as previously at Kunkles Grove, Palmetron on Sunday, June 26th.

Mr. Porter, president of the organization (also chief cook) supplied excellent coffee.

Thirty-seven people attended including the following guest alumni from the Philadelphia Chapter, Mr. Arthur Hayes '00, and Mr. E. A. Stanford '06, each with his respective family.

L. E. Curtis '23, Sec.

$196,000 was awarded in scholarships and aids at Harvard last year.

With the Local Associations
The Maine Alumnus

Published monthly by the General Alumni Association of the University of Maine from October to June inclusive. Editorial and business office, Orono, Maine

Entered as second class matter at the post office at Bangor, Maine, under act of March 3, 1879

Editor—Charles E. Crossland, 1917

Hosea B. Buck, 1893, 1 Columbia Bldg, Bangor 1933

*Member of Alumni Council Executive Committee.

Editorials

$10,000

Now that the Memorial Gymnasium is actually under construction we can give three good cheers and a whoop. We can grow enthusiastic at the real addition it will be to the equipment of the University, but there is another side to the situation which is nothing short of a huge problem. There's got to be $10,000 forthcoming with each cheer—and that right soon.

Some alumni are saying, why have they authorized construction still lacking $30,000? There are at least three good reasons—doubtless more. First—the gymnasium is badly needed. One may say, “They have been getting along with the old gym”—and that is true. However, the old gym is not only grossly inadequate but in the eyes of visitors and prospective students of the type desired it is a serious reflection upon a progressive University of our size. We are trying to use a 1900 model to do business on a 1932 scale under which the scope of athletics and physical training has widened tremendously.

Second—the Memorial Fund has within twenty per cent of the funds needed to erect the building. Those who have knowledge of construction costs and values are unanimous in the opinion that the structure is to be built for a ridiculously low price. There is little question but what the Memorial Building Committee is saving between fifty and seventy-five thousand dollars by building at what is generally conceded and believed to be rock bottom prices. Not one single feature of importance to athletics and physical training has been sacrificed, except the swimming pool which will be put into a wing later.

Third—for nearly ten years the Alumni Association has been raising and collecting money for this same project. What has been and is being accomplished is worthy of unstinted praise. But to be perfectly frank—the Memorial has become an “old chestnut”—and to continue it indefinitely until we could put up a more pretentious—but not more useful—gymnasium almost means hanging a millstone around the work of the Alumni Association.

It has taken real courage to make the decision to go ahead. There are hundreds of alumni who can “come across” now that construction is more than a dream. There are scores who have said that as soon as the money was actually needed, e.g., when building was underway, they would “pay up.” This is to be a real test—perhaps the most severe of any we have yet experienced. If the past means anything, then that $30,000 will be secured. Those who are serving on the Memorial Fund Committee realize that it certainly will not be convenient nor perhaps easy for most alumni to make a payment—or an additional subscription. It may be impossible for some to do so. But surely this Memorial—the payment of an obligation are not matters of convenience nor ease.

If every alumnus who has a balance due on his Memorial Fund subscription—and many who did not subscribe, does his utmost, then the goal will be attained. Then we can give those three cheers with an enthusiasm which does not have a big question mark in it.

Make your plans now to be on the campus for Homecoming. Reservations for the luncheon should be made with the Alumni Secretary.
Outlook for Football Is Very Encouraging

While theoretically every position on the team was open to the best man regardless of past performance, actually there were but three positions about which there was serious concern—center, a guard, and a halfback. All the other veterans of last year returned to the University and participated in the pre-season training period.

And of these three positions center is the one which has had Coach Brice most worried, for there are experienced men available for the other two.

For ends, there are Aldrich and Parsons, two junior six footers, and Lewis, who played much last season, Pike, Craig, and Kane look good for tackles with Toman a sophomore making a good bid, for guards there is not much question about towering Sam Calderwood, with Davis, Wight, Judd, and Besson scrapping for a chance, at center Brice is making over a sophomore backfield man, Cobb, who gives promise, with Bachrach and one or two others working hard to get in.

In the backfield, Wilson will probably call the signals with a sophomore understudy. Dame Nature dealt out a blow which may or may not keep Robertsshaw out for most of the season, in the form of a pulled tendon which is not yielding to treatment. With Romansky and Robertsshaw, Brice was certainly well fixed for fullbacks, but now the situation has changed a bit. Don Favor, triple threat man, will doubtless fill a halfback with perhaps Means as running mate. Means played at quarter some last season and is the University's dash man, he will contribute speed to the offense. Butler, MacBride and Anderson, all sophomores, give much promise as "pony" backfield men.

All in all, it doesn't look too bad. The line aside from center is heavy and experienced. In the backfield, and to some extent the line, more good reserve material would be most welcome. Perhaps it is there and just awaits development. Time will tell.

A two game schedule has been arranged for the Junior Varsity team. This is the first time in recent years at least that such a team has represented the University.

### Football Reservations

Football ticket application blanks have been sent to all alumni who pay dues and to all graduates in New England. Any alumni residing outside of this area who desire to have reservations for state series games, or any alumni who may not have received a blank should immediately write to the Alumni Association indicating reservations desired and enclosing check for proper amount. The prices of tickets this year is as follows: Home games ninety cents plus nine cents tax and twenty cents for registration; Colby and Bates games $1.81 each plus nineteen cents tax in the grandstand, $1.36 plus 14 cents tax on the 30 yard line, wooden bleachers and 90 cents plus nine cents tax at the ends of the field, and the Bowdoin game two dollars and one dollar and a half (including tax).

Prices have been reduced this year in line with continued unsatisfactory economic conditions. Formerly all tickets to the games were two dollars excepting for games preceding the State Series which were one dollar.

### Several Veterans out for Cross Country

Coach Jenkins appears to have the "makings" of a good cross country team if experience and past performance are reliable guides.

Some thirty or more men are working out for the team, of this number there are Booth, Shaw, Earle, Corbett, Pendleton, and Osgood who were on last year's squad. Fuller, who ran two years ago, is back again. There are several members of last year's undefeated freshman team, with Ken Black as the outstanding star who is likely to be up among the front this year.

A sizeable squad of men are trying for positions on the freshman teams of which there are A and B. This plan of having two teams and two schedules seems to be working out very nicely as a means of developing material and maintaining interest in the sport.

Rhode Island Defeated 12-0

Scoring touchdowns in the second and third periods, Maine turned back Rhode Island 12-0 in the opening game on Alumni Field. Except for a few minutes toward the close of the game Rhode Island seemed to have little success on the offensive. Maine should have scored at least once more, but the second string men could not quite make the necessary three yards.

The game was devoid of thrills or outstanding play. Maine used a limited number of players and variety of fairly well executed plays considering that this was the first game of the season. Romansky showed the good sized opening crowd that he can still plunge through, twist, turn, squirm and gain yards. He scored both touchdowns. Cobb, a sophomore, looked very promising at center. A few forward passes were used to advantage, and Means demonstrated what might happen if the way could be cleared for his feet to travel. Favor did the punting and passing as well as shared in carrying the ball. He gained much yardage on nearly every exchange of punts. Many substitutes were used. Practise on kicking for points after touchdown evidently is needed for Rhode Island blocked both tries.
Alumni Personals

DEATHS

'93 Perley R. Wilson passed away in Hyder, Alaska on March 21, 1932. Mr. Wilson had been ill for a long time. He is survived by one brother.

'08 Blake M. McKenney died October 25, 1931, at Wakefield, Mass. He had been ill for a number of months. At the time of his last illness he was Senior Clerk at the State Pharmacy in Bangor.

'09 Cyrus F. Small, 45, life-long resident of Caribou, member of the Aroostook County Bar and former Aroostook county attorney, died August 2 in the Huntington hospital in Boston, following a long period of illness.

'10 Warren W. True died in Winthrop, December 2, 1926, at the age of 43 years.

'17 Paul E. Donahue, graduate of the Law School, died in Portland, June 23, 1932 following an operation for appendicitis. Mr. Donahue was a prominent attorney in Portland, being admitted to the bar in 1917. He is survived by his wife and a daughter.

'24 Word has just come to us that Leslie C. Nichols passed away about two years ago.

'25 Mrs. Arthur M. Cloudman (Anna Martin) died at the Home Private Hospital in Bangor on July 25, 1932. She had been ill for several weeks.

'30 Word has come of the death of Merton H Ames on November 17, 1931, at Wakefield, Mass. He had been ill for a number of months. At the time of his last illness he was Senior Clerk at the State Pharmacy in Bangor.

'94 Class Secretary, Frank Gould.

F. C. Bowler of Millinocket is a member of a committee organizing the Maine Branch of the Engineers National Hoover for President Committee.

'95 Class Secretary, Dr. Harold S. Boardman.

Dr. Harold S. Boardman was appointed chairman of the Public Relations Committee of the Bangor Rotary Club, at a meeting held in July.

'96 CLASS REUNION June 10, 1933.

Class Secretary, Perley B. Palmer. Paul D. Sargent of Portland is vice-chairman and P. B. Palmer of Woodland is a member of the committee to organize the Maine Branch of the Engineers' National Hoover for President Committee, which four years ago worked for the election of President Hoover and will work to that end again this year.

Mr. Sargent was recently appointed by the president of the Portland Rotary Club as a member of a committee for the beautification of the Maine highways.

Prof. Charles P. Weston had the misfortune, early in the summer, to step into a hole on his lawn, which threw him down and broke his knee cap.

'98 CLASS REUNION June 10, 1933.

Class Secretary, W. L. Ellis

Dr. Elmer D. Merrill, Director of the New York Botanical Garden, has been appointed a member of the Educational Advisory Board of the John Simon Guggenheim Memorial Foundation of New York.

'99 CLASS REUNION June 10, 1933.

Leonard H. Ford of Bangor has been elected an active director of the corporation in connection with the General Israel Putnam Veterans Retreat, a project of the local branch of the Veterans of Foreign Wars, on which work was begun during the summer.

'00 Class Secretary, H. F. Drummond.

Henry F. Drummond was elected a member of a committee on Vocational Service of the Bangor Rotary Club at a meeting held in July.

William H. Waterhouse was recently elected a director of the Old Town Loan and Building Association. Mr. Waterhouse is a member of the Fellowship Committee of the Old Town Rotary Club for the year 1932-33.

'02 Class Secretary, Arthur E. Silver.

Carl P. Dennett has been designated by President Hoover as chairman of the Boston district of the President's nation-wide economic recovery organization committee, which met in Boston August 26. Mr. Dennett was the principal speaker before the Boston Advertising Club at the Hotel Statler on Sept. 13, his subject being "How Governmental Agencies Are Aiding in the Recovery."
AN IMPORTANT MEMBER OF YOUR FAMILY

The telephone is something more than an instrument to carry your voice across the miles. It is a most important member of your family.

Faithfully, constantly, cheerfully it serves you. Keeps you in touch with friends. Stands guardian over your home. Helps to put more pleasure and achievement into life and living. And does it all so capably.

When you are moving, you keep your telephone in the old home until the last van has gone and you place the key in the lock for the final turn. You arrange in advance to have a telephone ready at the new address so there will be no break in your contact with the world. When a young couple starts housekeeping. When there is illness in the home. When somebody goes away. When distances are great. When emergencies arise. On all of these occasions the telephone earns its right to family membership.

Day or night, any part of the telephone company's army of skilled workers, intricate equipment, and millions of miles of wire is at your command.

It is the Bell System's constant endeavor to make the telephone worth more and more to every subscriber.
Maine, was on the faculty of the Harvard Summer School.

Herbert A. Knowlton in the Engineering Department of the General Electric Company at Cleveland, Ohio, was on the faculty of the Harvard Summer School.

Dean W. Rollins of Drexel University has been reelected superintendent of schools for the district including Drexel, Garland and Rupley. This will be Mr. Rollins' tenth year in this position.

Mr. Albert E. Buzzell, of Bangor, has been re-elected County Attorney for Penobscot County.

The Maine Alumnus is published by the School Committee at the City election to be held in December.

'09 CLASS REUNION June 10, 1933.
Class Secretary, Deane S. Thomas.

Albert E. Anderson of Portland has been elected secretary, assistant treasurer and attorney for the Pine State Loan and Building Association. Mr. Anderson is also the manager of that association.

Dr. Mary Ellen Chase, head of the English Department at Smith College, has completed her latest book "A Goodly Heritage," which will be out October first. Since completing the book, Miss Chase has been abroad, returning to Northampton, Mass., September 1.

Charles Knghorn of Kittery, has been elected treasurer for York County of the Maine Department of the American Legion.

E. W. Morton of Presque Isle has been elected treasurer of the Aroostook Association of Religious Liberals.

S. Arthur Paul, Portland attorney, has announced that he will be a candidate for the State Senate in the coming election to be held in December.

Mr. and Mrs. Harry Smith, and Mr. and Mrs. Jasper W. Everett, announce the birth of a daughter on August 28.

At the 13th annual convention of the American Legion, Maine Department, held in Houlton in June, Albert E. Blevins of Rumford, was elected national committeeeman from the Department of Maine.

Prof. Raymond Davis was one of the speakers at the annual meeting of the Society for the Promotion of Engineering Education held in Oregon late in June.

Mr. and Mrs. W. Stevens, aerial photographer, was one of a group sent to Fryeburg, by the National Geographic Society, to take aerial photographs of the eclipse.

'08 CLASS REUNION June 10, 1933.
Class Secretary, James A. Gannett.

The North Yarmouth Community Club, under the leadership of its president, Carroll B. Skillin of Portland, whose summer home is in North Yarmouth, has sponsored and conducted a swimming pool for the children of the community and hired an instructor.

James A. Gannett of Orono is a member of the Program Committee of the Bangor Rotary Club.

James D. Maxwell of Bangor has been re-elected County Attorney for Penobscot County.

James L. Boyle of Waterville was elected department adjutant at the 13th annual convention of the Maine Department of the American Legion held in Houlton in June.

Robert L. Buzzell is on the membership committee of the Old Town Rotary Club for the year 1932-33.

Lloyd E. Houghton operates a nursery for landscape gardening stock in Bangor during his spare time. He is a forest engineer with the Great Northern Paper Company, 210 Byington Bldg., Reno, Nevada.

The 13th annual convention of the American Legion, Maine Department, held in Houlton in June, Albert E. Blevins of Rumford, was elected national committeeeman from the Department of Maine.

Prof. Raymond Davis was one of the speakers at the annual meeting of the Society for the Promotion of Engineering Education held in Oregon late in June.

Mr. and Mrs. W. Stevens, aerial photographer, was one of a group sent to Fryeburg, by the National Geographic Society, to take aerial photographs of the eclipse.

'06 CLASS REUNION June 10, 1933.
Class Secretary, Frank O. Stephens.

Walter C. Stone is a Funeral Director at 192 High Street, Clinton, Mass. His residence address is 18 Olive Street, Clinton.

Andrew J. Beck of Washburn, Maine, representative of the American Fruit Growers, Inc., was one of the speakers at the American Institute of Cooperation, held at Durham, N. H., August 2 to 6.

Harry G. Jordan is in the insurance business at 175 West Jackson Blvd., Chicago, Ill. He is receiving mail at 2328 East 70th Place, Chicago.

Omar K. Edes is a Certified Public Accountant with Patterson, Teel & Dennis, Federal Street, Boston, Mass. His residence address is 522 Audubon Road, Boston.

Granville C. Gray of Presque Isle is chairman of the Industrial Accident Commission and has been conducting hearings in the grand jury room at the court house on compensation claims originating in Penobscot county and the eastern section of the state.

Harry D. O'Neil of Milwaukee visited the campus during the summer for the first time in several years. Mr. O'Neil taught summer sessions at the Washington High School in Milwaukee, where he is a permanent member of the staff.

James F. Quine of Bangor has been elected Democratic representative to the legislature.

Charles S. Taylor, Republican, has been elected county attorney for Waldo County.
Wade L. Bridgham has been elected secretary of the Westbrook Rotary Club.

Miss Leola Chaplin who because of illness found it necessary to take a rest last semester, has returned to the University as instructor in English, critic English teacher in Orono High School, under the School of Education, and is also assistant matron in Balentine Hall.

The names of "Jack" Freese and "Shep" Hurd of Bangor have appeared frequently in tennis competition, winning several matches during the summer, including victories which put them into semi-finals in state championship competition.

Paul H. Gerras is doing graduate work for a Ph.D degree in physical education at Teachers College, Columbia University, New York City. His permanent address is Edgoffie Beach Club, Santa Barbara, Calif.

Cecil D. MacIroy is an instructor at the English High School in Boston, Mass. His residence address is 833 Beacon St., Boston.

George E. Mincher is an agent for the Gulf Refining Company of Bangor. He is residing at 306 So. Main St., Brewer.

Stanley Needham is a member of the Boys' Work Committee of the Old Town Rotary Club for the year 1932-33.

Frank P. Preti won the President Cup golf tournament at the Portland Country Club in July, over Jack Leddy, a senior at the University, who received the trophy in 1930.

Claude L. Sidelinger of Monson is entering his 13th year as superintendent of schools of the district comprising the towns of Abbot, Blanchard, Ellsworthville, Kingsbury, Monson, Willimantic.

O. E. Stephens is president of the Auburn Chamber of Commerce.

Roy F. Thomas is a member of the Boys' Work Committee of the Houlton Rotary Club.

Harold M. Pierce is a member of the Boys' Work Committee of the Bangor Rotary Club.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Mrs. A. H. Thorne of Edgecliffe Beach Club, Santa Barbara, Calif.

Paul H. Gerrish is doing graduate work at Teachers College, Columbia University, New York City. His permanent address is Edgecliffe Beach Club, Santa Barbara, Calif.

Cecil D. MacIroy is an instructor at the English High School in Boston, Mass. His permanent address is Edgoffie Beach Club, Santa Barbara, Calif.

George E. Mincher is an agent for the Gulf Refining Company of Bangor. He is residing at 306 So. Main St., Brewer.

Paul H. Gerrish is doing graduate work for a Ph.D degree in physical education at Teachers College, Columbia University, New York City. His permanent address is Edgoffie Beach Club, Santa Barbara, Calif.

Claude L. Sidelinger of Monson is entering his 13th year as superintendent of schools of the district comprising the towns of Abbot, Blanchard, Ellsworthville, Kingsbury, Monson, Willimantic.

F. O. Stephens is president of the Auburn Chamber of Commerce.

Roy F. Thomas is a member of the Boys' Work Committee of the Houlton Rotary Club.

Harold M. Pierce is a member of the Boys' Work Committee of the Bangor Rotary Club.

'20 Class Secretary, W. W. Chandler.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Mrs. A. H. Thorne of Edgecliffe Beach Club, Santa Barbara, Calif.

Paul H. Gerrish is doing graduate work at Teachers College, Columbia University, New York City. His permanent address is Edgecliffe Beach Club, Santa Barbara, Calif.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.

Miss Lila R. Bussell of Old Town is new chairman of the Penobscot County Council of the American Legion. Mr. Bussell is a member of the Fellowship Committee of the Old Town Rotary Club.

Charles A. Snow of Fryeburg has been elected first vice-president of the Maine Superintendents of Schools Association.
'23 Class Secretary, Mrs Iva M. Burgess.
Lloyd L. Black is superintendent of the electrical power plant for St. Croix Paper Co at Kellyland, Maine.
Harold D. Cahill was married in August to Miss Mildred E. Gessler of New York City. Their home is at 4410 Cayuga Avenue, New York. He is employed by the Western Electric Company.
Earle R. Conant is manager of Champaig Millers Inc. at 189 So. Winookaki Ave., Burlington, Vermont.
Harold J. (Pat) Conney is a retail furniture merchant at 120 Main Street, Litchfield. H. His home is on Oak Hill Ave.
Frank P. Dobbs is an osteopathic physician at 551 Fifth Ave, New York City.

Robert N. Haskell’s name has appeared among the low scorers in the write-up of several golf tournaments this summer.

Leo Friedman is assistant professor of chemistry at Oregon State College, Corvallis, Oregon.

William L French is manager of S. S. Kresge Company, 128 Main Street, Gloucester, Mass. He is receiving mail at 9 Middle St, Gloucester.

Elwin L Dean was married to Loleta M Toti of Elmira, N. Y. on September 12, 1931. Mr Dean is travelling auditor for H. C. Hopson & Company, Suite 2412, 61 Broadway, N. Y. City. His residence address is 803 West Church St, Elmira, N. Y.

James A. Nichols is professor of history at the New England School of Theology, 17 Rockville Park, Roxbury, Mass.

Robert N. Haskell is an instructor at the American Museum of Natural History in New York. He is residing at 57th Street, New York City.

Miss Barbara G Hitchings is director of the art department at the Wheeler School, Providence, R. I.

Earle C. Twombly is principal of the A Currier School, Newburyport, Mass. He is residing at 10 Storey Avenue, Newburyport.

The marriage of Miss Bertha M Allen to Irving B. Kelley took place in Ogunquit on June 15. Edward G Kelley, brother of the groom (1929), was best man. They are residing at 50 Washburn Avenue, Auburndale, Mass.

Miss Margaret B Sullivan and James E. Geaghan were married on August 23, in Bangor. Mr. Geaghan is instructor in manual training in the Bangor public schools. They are residing at 264 Forest Ave.

Talking from the sky on a beam of light

The huge U.S. Navy dirigible, Los Angeles, is roaring above the General Electric Research Laboratory at Schenectady. On board the airship, an almost invisible beam of light is aimed at a 24-inch mirror-target a half-mile below. The mirror, turning as it follows the dirigible's course, catches the slender beam. Voices transformed into electric impulses in the airship are carried to the mirror by light waves. A photovoltaic cell picks up these waves and they are reconverted into sound, which is broadcast to the world by radio.

A "voice on the air," with a "voice from the air" — the official opening of radio station WGY's new 50-kw. transmitter is taking place. One millionth of a watt — generated from the blast of a police whistle in the dirigible—is transmitted to the ground on the beam of light and to a Thyratron tube. The tube magnifies the whistle energy 50,000,000,000,000 times to operate the switches that start the transmitter, five miles away.

Thus was "narrowcasting," a possible means of secret communication, recently demonstrated to Military and Naval experts by General Electric engineers. The future will demonstrate its commercial value. Electrical developments such as this are largely the accomplishments of college-trained engineers. They are leading the way to even greater progress in the electrical industry and are helping to maintain General Electric's leadership in this field.
"You're telling ME they're Milder?"

If your cigarette is mild—that is, not strong, not bitter, but smokes cool and smooth—then you like it.

If your cigarette tastes right; if it tastes better—that is, not oversweet; and if it has a pleasing aroma—then you enjoy it the more.

Everything known to Science is used to make Chesterfield Cigarettes milder and taste better.

The right kinds of leaf tobacco—American and Turkish—are blended and cross-blended. That's why "They Satisfy."
