KETTLE NO. 1
WITH CLAMS

Six Lobsters
Half Peck of Steamer Clams

A complete Maine Clambake ready for the stove. No preparation, just real eating pleasure and a holiday for cook as well as family.

With One-Pound Lobsters $10.85
With 1 1/4 to 1 1/2 Pound Lobsters 11.85

KETTLE NO. 2
WITH CLAMS

Fourteen Lobsters
One Peck of Steamer Clams

An abundance of seafood fit for visiting royalty. Like #1, a one-kettle operation for her highness Mme. Cook!

With One-Pound Lobsters $22.95
With 1 1/4 to 1 1/2 Pound Lobsters 24.95

KETTLE NO. 3
JUST LOBSTERS

Twelve Lobsters

A full dozen of the best subjects for palate thrilling fork work we know about.

With One-Pound Lobsters $17.50
With 1 1/4 to 1 1/2 Pound Lobsters 19.00

KETTLE NO. 4
JUST LOBSTERS

Twenty Lobsters

The king size treatment for important dinner parties and large family gatherings. Just about the last word in good providing!

With One-Pound Lobsters $23.45
With 1 1/4 to 1 1/2 Pound Lobsters 26.00

CHECK THE PACKAGE YOU WANT

SECURITY

HERE'S A CAREER THAT CAN OFFER THEM ALL!

Imagine being in business for yourself—a business that can bring security, a good potential income, and the deep satisfaction that comes from helping others. That's the kind of opportunity that may be open to you as a career representative for the New York Life Insurance Company! If you qualify, we will pay you a salary and training allowance while you learn. And later, when you're on your own, you'll continue to receive the backing of one of the world's strongest legal reserve life insurance companies. You'll find no ceiling on your earning power except your initiative and ability. Many New York Life agents consistently earn five-figure incomes. And the Company has a special plan whereby you may be eligible for a life income after only 20 years.

If you're anxious to start doing something about your future right now, mail the coupon for full information about this unusual opportunity. There is no obligation.

Fernald Hall On the Campus
The Perfect Christmas Gift!

If you have been wondering what to give your alumni friends and relatives, here is the answer! Our Maine playing cards will certainly please them. Moreover, you will want a double deck or two yourself.

These top quality cards, by Brown and Bigelow, carry an engraving of a striking photograph showing Stevens Hall in a winter scene. The beautiful snow-laden Maine fir adds just the right touch to this typical campus view.

In single packs, the border is blue. In double packs, one deck has a blue border, while the other is bordered in red. These cards have a patented plasticized finish that resists wear and wipes clean with a damp cloth. Each deck has an extra joker for Canasta.

Single decks are $1.50 each. Double decks are $2.75. These prices include postage and handling.

Please send me ... single decks of Maine cards at $1.50 per deck.

Please send me ... double decks of Maine cards at $2.75.

(Kindly add 2% Maine Sales Tax on orders to Maine points.)

TRANSFERS: Class of 1956, Allan B. Chesterton, Jr. (Allan B. ’27), Jonesport; Class of 1958, Joanne P. Larsen (Lewis A. ’35), Bangor.
It seems to us that the 88th college year has gotten under way with much more enthusiasm and spirit than in other recent years.

The freshmen hadn't been on campus more than two weeks before they were complaining through the columns of The Maine Campus about the lack of spirit among the upperclassmen at the first rally.

With not a single all-American candidate on the squad the football team appears headed for one of its better seasons. A look at accumulative statistics for the first four games indicates that the Bears are not outstanding in any of the various phases of the game. Yet, the team has won two and tied one as opposed to one loss against some very strong teams. Spirit and will to win make the difference.

The cross country team appears well on its way to one of its best seasons in many years. Three vastly improved sophomores are crowding the veterans for those first few positions.

Gen. Carlos Romulo of the Philippines drew such a large attendance as the first guest of the University-Community Lecture Series that the lecture had to be delayed while the crowd moved from the women's gymnasium, which it overflowed, to the Memorial Gymnasium, which it nearly filled.

Alec Templeton, pianist, returned to Orono by popular demand and packed Memorial Gymnasium.

An aura of accomplishment permeates the campus atmosphere, a feeling of things being done, interesting things, important things, and the faculty and administrative staffs, another year older, are touched by the enthusiasm of youth and collectively squaring their shoulders pitch into the work, already piling up, of the fall semester.

Yes, it looks like a good year at Orono.

Along toward the end of each month during the school year there goes out from the alumni office a letter to each of the class secretaries soliciting the monthly class note columns for The Alumnus and reminding the secretaries of the deadlines. In the following two weeks the columns come in to the office and are combined into that section that we all agree is the backbone of The Alumnus, the class personals.

Many of the secretaries have been performing this more-or-less thankless but very important task for quite a number of years. The class secretaries are the unsung heroes (or heroines) of our successful alumni program. These people who find time in their busy lives to give their valuable services without remuneration or special recognition in most cases are rendering a great service. We salute them.
The James Norris Hart Scholarships Recognize A Unique Service Record

For fifty years (1887-1937) James Norris Hart '85, Dean Emeritus of the University and Professor Emeritus of Mathematics and Astronomy, was a member of the University of Maine faculty.

When he retired in 1937, more than one thousand alumni, faculty, and friends contributed to a fund to establish a scholarship honoring his name and in recognition of his long service.

The University’s oldest living alumnus, Dean Hart now lives in retirement in Orono where he maintains an active interest in University affairs and attends many of its functions. The new men's dormitory which opened this fall has been named Hart Hall.

The Hart fund, held by the University of Maine Foundation, now amounts to $7,289. It is one of several funds held by the Foundation which are open for further gifts.

Two or three students have been helped by the fund each year. The scholarships are awarded annually to entering students, or upperclassmen who have made satisfactory scholastic records, who have been leaders in extracurricular activities and who merit and need financial aid.

The University feels that the establishment of the James Norris Hart Fund in 1937 was a fitting way for his former students and associates to pay tribute to a man who was associated intimately with the institution longer-than anyone else, a period, which in the Dean's own words, “extended from the horse and buggy days of the 1880's to those of the automobile, and streamlined train, and airplane.”
Hart Hall Open House

Approximately 800 people took advantage of the University's invitation to an open house at Hart Hall, the new men's dormitory, on Oct. 9. Among those greeting guests were President and Mrs. Arthur A. Hauck; Dean Emeritus James N. Hart '85, for whom the dormitory was named; Miss Jessie L. Fraser '31, University trustee; Rev. William McGinnis, director of M.C.A.; and Barry Millett '56, head proctor.

The $800,000 structure is a much-needed addition to the University dormitory system and incorporates many innovations in dormitory decoration including plastic "wallpaper" on one wall of each room and cork tile on the other walls. Individual rooms are done in blue, red, yellow, or green. There is a large social room in the basement equipped with sink and counter for serving refreshments. The building also has a laundry room with coin-operated automatic washers, electric dryers, sinks, and ironing boards.

A leaflet issued in connection with the opening of Hart Hall reads in part: "To James Norris Hart belongs the honor of the family name as the founder and benefactor of the University of Maine. And he served them well."

Templeton Concert

The concert was scheduled to begin at 8:15 p.m. By 7:45 p.m. Memorial Gymnasium was nearly filled and by 8 p.m. every seat was taken.

The audience of nearly 3,000 listened for 60 minutes to Alec Templeton's rendition of Bach, Mozart, Rachmaninoff, Poulenc, Chopin, Debussy, and some of his own works.

At the end of each selection the artist was rewarded by prolonged and enthusiastic applause. But it wasn't until the second half of the program when Mr. Templeton moved into his unique rendition of popular numbers and improvisations that left the audience laughing and cheering. The talented pianist was the first guest in the 1955-56 University Concert Series. He previously appeared here in 1952.

Romulo Lecture

"Make friends with the peoples of Asia, because in the years to come America will need them. And, it is America's respect for the dignity of the human soul which will win Asia to the side of democracy."

These were the words of Gen. Carlos P. Romulo, Philippine diplomat, when he spoke on campus September 27 as the first guest in the University-Community Lecture Series for 1955-56.

He said that it was a loss to the cause of democracy that the attention of the free world was centered on Europe while communism conquered China. "Not one single drop of blood shed in Korea was Soviet Russian," he said, "it was all Chinese. And Russia has 650,000,000 Chinese she can make use of in Asia and elsewhere." Communist Russia's primary aim is to conquer the world, he stated.

The site of the lecture was changed at the last minute from the women's gymnasium to Memorial Gymnasium when the large audience filled the former auditorium to overflowing.

Faculty Notes

Seymour J. Ryckman, associate professor of sanitary engineering, has been awarded a grant of $15,254 by a division of the U.S. Department of Health, Education, and Welfare. The grant was made by the surgeon general of the Public Health Service and will be used by Professor Ryckman in the conduct of his personal research project, "A quantitative study of the behavior of virus-sized particles in sand filters." The project is an attempt to determine the effect of modern water treatment methods on virus particles, and the physical behavior of such particles in water treatment plants, so that more effective means of preventing the occurrence of water borne virus diseases may be established.

Dr. G. William Small of the English Department spent the summer in Europe with his family. He visited England, France, Germany, Austria, and Switzerland. The Small family did much of its traveling by auto.

Dr. Irwin B. Douglass and Dr. Robert D. Dunlap of the chemistry department presented papers at the 128th meeting of the American Chemical Society at Minneapolis. A previously unknown compound, methyl trichloromethyl ether, was described by Dr. Douglass. The research leading to the discovery of the new compound was performed by Dr. Douglass and Glenn Warner, a former graduate student, as part of a project sponsored by the Office of Naval Research. Dr. Dunlap's paper was entitled, "Solutions of fluorocarbons and hydrocarbons: the entropy of mixing and small angle x-ray scattering." This study, concerned with the incomplete mixing of these liquids, was carried out by Thomas Brackett '57, Kittery, Professor Jonathan Biscoe of the physics department, and Dr. Dunlap.

Professor Cecil Reynolds of the English department, a well-known grower of gladiolus, gained further honors in exhibitions during the summer. He won several ribbons, including the award for the best exhibit in the miniature division, at the Canadian Gladiolus Show at St. Hyacinthe, Que. A week later he exhibited at the Vermont Gladiolus Show at Barre, Vt., and won about 20 ribbons. He was the leading exhibitor in the

President Arthur A. Hauck welcomes General Carlos P. Romulo to the campus for the second time. The University awarded General Romulo an honorary doctor of laws degree in 1950.

NOVEMBER, 1955
Fall Enrollment

The return to school of a large number of male students who had interrupted their educations to serve in the armed forces accounts in a large degree for an increase of 425 students this fall. Total enrollment as the University enters its 88th year is 3454 not including the Two-Year Agriculture group which will register later.

Arts and Sciences has the largest registration with 1181. Technology increased about 200 over last year and enrolled 1070. Agriculture has 655, and Education has 448.

The freshman class, largest since 1950, has 1112 newcomers enrolled. Other classes have these enrollments: sophomore 849, junior 691, senior 597. In addition, there are 200 graduate students, 18 in the final year of five-year programs, 45 special students, and 42 three-year nurses.

Of the 3454 students, 2668 are men, 786 are women.

open class of the Maine Gladiolus Show in South Portland.

Dr. George B. Kish of the psychology department has published an article of art on learning, utilizing a form of reward which until recent years was relatively unknown. The article, which appeared in the Journal of Comparative and Physiological Psychology, demonstrated that animals in a dark compartment could learn to perform a response which turned on a dim light. The results are thought to have an important bearing upon such psychological problems as the development of speech in infants, the development of curiosity, and the theory that learning occurs only when some need of the animal is satisfied by what he does.

Campus Notes

Dr. John Radebaugh, a Bangor physician, has been named a part-time assisting physician at the University. He will assist Dr. Percy A. Leddy in handling the medical needs of the student body.

Creative Leadership was the general theme of the annual Leadership Conference held early in October. Twelve discussion groups, each headed by a member of the faculty and a member of each group of student leaders, discussed the latest development in photo journalism. Nearly 300 representatives from New England colleges and universities attended the 33rd annual fall meeting of the New England section of the American Society for Engineering Education held on campus early in October.

The first production of the Maine Masque during its 50th anniversary year is "Time Out For Ginger" by Ronald Alexander. A spirited and warm-hearted comedy about a girl who goes out for football, "Ginger" is one of the features of Homecoming Weekend and will be presented Wednesday through Saturday evenings, Nov. 2-5.

A Broadway success for 44 weeks, the comedy is centered around the complications in a family following the father's rash speech in a high school assembly advising students to follow their own inclinations. Prof. Herschel Bricker is directing the comedy.

Scholarships Awarded

The University Scholarship Committee has awarded 133 freshman scholarships totaling $18,350 and 300 upperclass scholarships totaling $38,000 effective with the opening of school. These awards do not include the University of Maine Pulp and Paper Foundation scholarships amounting to $30,000 which will be awarded and announced later.

Funds for the upperclass scholarships have been provided by 80 individuals and organizations including many alumni groups. Funds for the freshman awards come from numerous scholarship funds but the bulk of the awards are made from the Helen B. Hemingway Memorial Fund and the Frederick W. and Marianne Hill Fund.

The 300 upperclass awards were made to the best qualified in respect to scholarship and financial need of about 435 who submitted applications. The scholarship program is under the direction of Robert C. Worrick '43, director of student aid.

Opening Convocation

The president of the Board of Trustees, speaking at the opening convocation of the school year, said that the true business of a university is "to turn out men and women who have learned to face issues squarely, who will resist mass hysteria, and who are less likely than people without their training to be swayed and overwhelmed by mass opinion."

Edward A. Whitney, Augusta, cautioned students not to confuse technical proficiency with an education, "a peculiarly American failing," he said. "The hallmark of education is the inculcation of the ability to think: to think honestly and clearly; to think for oneself; to develop a critical faculty which one is not afraid to use."

The former Harvard professor said that we live in Age of Anxiety, caused in part by the memory of the great depression, the catastrophe of the last world war, the steady communist threat, and the black shadow of an atomic war.

"Is it any wonder that our people are sometimes confused in their thinking, or that, in the midst of this confusion, they have come to crave security at almost any price?" he asked.

Letters

Dear Mr. Taverner,

The gift of the beautiful Maine chair at Commencement time came as a complete surprise. I do not know what I have done for the association that I should deserve this gift, but I shall enjoy it just the same.

As long as I am able to sit in the chair it will remind me of the kindness of the alumni to me personally and of what they have done for the University: the Memorial Gymnasium and Fieldhouse, the Memorial Library, the Memorial Union, and continual work for their Alma Mater in unnumbered ways. Please extend to the officers of the association and to any others who were interested in the gift my heartfelt thanks.

Sincerely,

James N. Hart '85

THE MAIN E ALUMNUS
Athletics

An incredible touchdown pass that covered 70 yards over an ankle-deep quagmire killed Maine's chance of winning the Yankee Conference championship, although even after that tie it appeared that Maine could win a share of the title. Subsequent games, however, put Rhode Island out in front, and Maine's 2-1-1 record probably will put the Bears in third or fourth place.

The fabulous pass mentioned above snatched what looked like a certain victory away from Maine in the closing minutes of the New Hampshire game.

The game was played in the mud after the first few minutes of play in New Hampshire's Cowell Stadium. The ball was always wet, and fumbles stopped a number of drives by both teams during the afternoon. Maine scored early in the second period, missed the conversion, and then settled down to protecting the 6-0 lead.

The Maine line did a magnificent job stopping the New Hampshire offense time after time. But the New Hampshire line was equally as strong, and Maine was unable to get another scoring march going.

With three minutes remaining in the game, the Wildcats took over the ball on downs at their own 33 yard line.

Little Charlie Carmihalis, the Wildcat quarterback, was given good protection as he dropped back to his own 20. Dick Gleason raced down the sideline evading the Maine defense in the mud. Carmihalis cocked his arm and pitched the muddy, slippery ball 40 yards into the arms of the fleeing Gleason who took it on the Maine 30 and skidded into the end zone without a Maine defender near him. The play clinched the game for New Hampshire and cemented the 6-0 victory.

In the opening game of the season, Maine could not get a scoring drive organized and lost to Rhode Island 7-0.

The following week Coach Westerman made two major changes in the lineup and that appeared to provide the spark the Bears needed as they rolled over Vermont's Catamounts 34-0. Pete Kosty, Pawtucket, R. I., who had been a quarterback as a sophomore last year and had started this year at that position, was moved to the center position, and Don Douglas, Lisbon Falls, a veteran end, was shifted to tackle.

This is the best team I've coached in 15 years." These were the words of Coach Chester Jenkins, and he was speaking of the 1955 edition of the Maine varsity cross country team. Three sophomores, two of whom were mediocre performers as freshmen last year, have improved tremendously and have added exceptional depth to Jenkins' squad. Dan Rearick, Cranford, N. J., who could finish no better than 56th in the New England freshman race last fall, has improved to the point where he is challenging veteran Yankee Conference champion Paul Firlotte, Ellsworth Falls, for the number one spot on the team. Dick Law, Brewer, who was the freshman ace last year, and Dave Gould, Bangor, have also moved ahead of some of last year's varsity in the team ratings. Add Stan Furrow, Bangor, who is co-captain along with Firlotte, and you have five outstanding runners capable of finishing a four-mile course with less than 100 yards separating the first and fifth man. Witness the results of Maine's two dual meets to date. The Pale Blue barrières defeated Springfield College 17-44 capturing five of the first six places. The following week they ran up a perfect score against New Hampshire 15-48 as Firlotte, Furrow, Rearick, and Law finished the course hand in hand with Gould just a few seconds behind.

New Sailing Dinghies

On Oct. 15 the University Sailing Club received six beautiful new International 12-foot racing dinghies, the gifts of two local association groups and four interested alumni.

The dinghies will be on display in front of Memorial Gymnasium during Homecoming. Further information about the boats and the sailing club will be published next month.

The club has been sailing against eastern colleges for five years but always in borrowed boats and never at home because of the lack of a Maine fleet.

Sam Sezak '31, veteran coach of the freshman football team, gives a few pointers on how to play center to a promising candidate. The candidate is Thomas Sezak '59, son of Sam and Ethel (Thomas) Sezak '31. Sam should be able to teach Tommy some of the techniques of playing center as he played the same position for the varsity in his undergraduate days.
The College of Arts and Sciences

A liberal arts education. What does the term really mean?

The concept of a liberal education is nearly as old as formal education itself; yet few educators can agree on just what the liberal education is or how it can best be acquired. One thing is certain; the concept is forever changing.

Fifty years ago when a University of Maine student took the liberal course (or classical course as it was then called) which led to the B.A. degree, he concentrated on mathematics, languages, literature, and history.

Nowadays the concept of the liberal education is broader; it encompasses all fields from art to zoology, from the utilitarian aspects of business and economics to the aesthetic levels of philosophy.

The original concept of the liberal arts education came from ancient Rome and the term from the Latin artes liberales, the higher arts, which among the Romans only freemen (liberi) were permitted to pursue.

Fifty years ago Latin and Greek, both the languages and the literature of the Roman and Greek masters, formed a basic part of the liberal education. Today the typical Arts and Science graduate has not studied either Latin or Greek or the literature except in translation to his native language.

About the only definition of a liberal arts education that will cover the great variety of programs taught in United States colleges and universities today is that it is basically an academic education as distinguished from a technical or professional education. Some schools practice a rigid curriculum with standard reading lists and so many hours of this and so many hours of that. Other schools go to the opposite extreme prescribing only a few basic courses and making allowance for a wide choice of electives in various fields on the theory that a student will select those courses which will provide him with an education superior to any program prepared for him more or less arbitrarily in advance.

The purpose of the liberal arts education as interpreted today by the University's College of Arts and Sciences is to train men and women in critical intelligence, broad and sympathetic understanding of human needs, and determination of purpose. Essentially a liberal education should humanize and broaden one's outlook and appreciation. It should fit one for understanding as well as enjoyment. It should enable one to make some preparation for a vocation or profession and pursue it with intelligence as well as profit. Above all, it should struggle against narrowness in any form.

That, then, is what Dean Joseph M. Murray '25 and his teaching staff of 100 is attempting to do this year for 1181 arts and sciences students through its 13 departments.

But, this is only one of two major aspects of the College's work. In fact, this element of the work accounts for only 46 per cent of the College's teaching load.

Every student enrolled in the University must take English composition, Eh 1-2, during the freshman year. This means that students from Agriculture, Education, and Technology come to Arts and Sciences for many required courses as well as electives. For example, all Technology students to meet degree requirements must take a minimum of six hours in economics, sociology, or psychology and another six hours in history, philosophy, languages, English literature, art, or music.

Education majors take all their courses in the College of Arts and Sciences with the exception of the technique courses taught in the School of Education.

Some Arts and Sciences departments teach more students from outside the College than from within. The mathematics department is the most striking example. Seventy-two per cent of the mathematics teaching is for students registered in some other college in the University.

The teaching load in the College has been steadily increasing during the past 10 years. Fifty-five per cent of the teaching was for students within the College in 1945.
In 1955 the figures are nearly reversed with 54 per cent of the teaching by the College staff being done for students from other colleges. The two basic work areas of providing a liberal arts program for the increasing number of students who want it and keeping 54 per cent of the teaching commitment for service load to the other colleges occupies a good portion of Dean Murray's administrative efforts.

It may seem somewhat incongruous, nonetheless encouraging to those who think America is developing into a nation of technical engineers, that despite the emphasis on technology in the Jet Age and a sharp increase in the College of Technology enrollment it is the College of Arts and Sciences which has had the largest increase in students since the pre-war era when both colleges enrolled approximately the same number. Last year technology enrollment was more than one-third larger than it was in 1941; Arts and Sciences enrollment was more than two-thirds larger than it was then. This year a sharp increase in technology enrollment over last year has narrowed the difference. Arts and Sciences enrolled 1181 students this fall; technology enrolled 1070. The difference would have been larger during the last three years except that the Arts and Sciences enrollment was reduced nearly 200 when the School of Education became a four-year program in 1953. Previously, all education majors had been enrolled in Arts and Sciences for the first two years of their program.

Structurally, the College is divided into 13 departments. Each department is administered by a department head with Dean Murray administering the work of the College as a whole. He is assisted by Herbert H. Wood, Jr., assistant professor of government.

The 13 departments and the heads of departments are Art (Prof. Vincent Hartgen); Business, Economics, and Sociology (Dr. Himy Kirshen); English (Dr. Albert Turner); Foreign Languages and Classics (Dr. Wilmarth Starr); History and Government (Dr. Edward Dow); Journalism (Prof. Brooks Hamilton); Mathematics and Astronomy (Dr. Spofford Kimball); Music (Prof. Lewis Niven); Philosophy (Dr. Ronald Levinson); Physics (Dr. Clarence Bennett); Psychology (Dr. Albert Glanville); Speech (Dr. Wofford Gardner); Zoology (Dr. Benjamin Speicher).

Students can major in any of these fields or in pre-professional programs such as pre-medicine, pre-dental, public management, medical technology, and nursing. Dean Murray was largely responsible for the establishment of the five-year Liberal Arts and Nursing program in cooperation with Maine hospitals.

The College of Arts and Sciences, like many other units of the University, renders many services to the State of Maine. College personnel are often called upon by state departments for assistance in such fields as labor-management, economics, social service, and government. Harry Everhart, associate professor of zoology, teaches fishery courses in the department of zoology, but he is also head of the Fishery Research and Management Division of the State Department of Inland Fisheries and Game. As such, he conducts research on various fishery programs for the state.

Many people on the College faculty are doing or have completed recently special work in their respective fields. A few random examples would include a full year of research in the atomic energy field by Dr. Benjamin Speicher, head of the department of zoology; Dr. Clarence Bennett, head of the department of physics and Victor Coffin, assistant professor in the same department, have been working for five years on a basic research project for the U.S. Navy; George Kreuger, assistant professor of physics, is conducting a national research project.

The college also performs what might be called University functions. Such University-wide activities as the band, orchestra, vocal groups, Maine Masque, Debate Council, and Radio Guild were once completely extra-curricular activities. Now the activities are course-connected and most students who participate are enrolled in the connecting classes.

Dean Murray who has headed the College since 1941 received his B.A. degree in biology in 1925. Shortly after graduating from Maine he enrolled at the University of Michigan where he received his M.A. in 1927. He then became an instructor in the Michigan School of Medicine for two years, receiving his Ph.D. in 1929. From 1930 to 1934 he was a research associate on the staff of the Jackson Memorial Laboratory in Bar Harbor. In 1934 he was named head of the department of zoology at the University. He was named acting dean of the College of Arts and Sciences in August 1941, and dean in January 1942. He has served in that capacity since with the exception of three years in the Army Air Force during World War II as a combat intelligence officer.

He is married to Frances (Kent) Murray '28. Their two children are Joseph M. Murray, Jr. '50 and Grace (Murray) Beal '50. Always ready to serve on alumni committees and speak to alumni groups, Dean Murray has further contributed to the alumni program as treasurer of the Union Building Fund. He is former president of Penobscot Valley Alumni Association.

Dean Murray has 17 Maine alumni on his teaching staff this fall plus four others who received their master's degrees at Maine after getting their bachelor degrees elsewhere.

Alumni professors in the College are Maynard Jordan '16, professor of astronomy; Fred Lamereau '30, professor of mathematics; and Warren Lucas '14, professor of mathematics.

Associate professors in the College are Marion Buzzell '14, romance languages; Carl Flynn '30, zoology; Alice Stewart '37, history; and David Trask '39, history.

Assistant professors are Victor Coffin '31, physics; Edgar McKay M.Ed. '51, business and economics; William Sezak M.Ed. '46, sociology; Carroll Terrell M.A. '50; Frank Todd M.A. '36, physics; William Whiting '37, Speech.

Instructors are Joanne (Springer) Perry '46, mathematics; Philip Ham '43, mathematics; Joseph Dinsmore, Jr. '41, mathematics; Cold Harmon '53, physics. Francis Shaw '47 is a part-time instructor in music. Diana Springer '55 is a graduate assistant in business and economics. Charles Packard '55 and Franklin Roberts '55 hold similar positions in physics and zoology, respectively.

NOVEMBER, 1955

Barrows Retires

Lucius D. Barrows '07 retired Sept. 1 ending 45 years' service with the State Highway Department. For 28 of those years he has been chief engineer.

Among the honors accorded him upon retirement was a farewell party with about 300 associates in attendance and the dedication by the Maine Good Roads Association of Lucius Barrows Day during a September convention.

Much of the growth of the Highway Department and the extension and improvement of Maine roads during the past three decades can be traced to him. He has been active in engineering and highway associations serving as an officer in a number of them.

He was awarded an honorary doctor's degree by the University in 1954 in recognition of his long and outstanding service to the state.

Local Associations

Maryland Alumni—
At the September 15 meeting of the Maryland Alumni, reported in the October Alumnus, new officers for 1955-56 were elected.
Elected as president was Kenneth Marden '50. Judy (Black) Marden '51 was elected secretary-treasurer.

Lewiston-Auburn Alumnae—
On September 21, the Lewiston-Auburn Alumnae met at the home of Margaret (Watson) Savignano '48. Following a business meeting, conducted by Margaret (Stackpole) Wallingford '45, a social evening was enjoyed. Refreshments were served with Mrs. Wallingford and Christine (Elliott) Stanford '35 assisting. Plans were made for the next meeting.

Washington, D. C., Alumni—
The Washington Alumni met for their first meeting of the year on October 7 at Cleave's Cafeteria (Ward Cleaves '31).
Guest and speaker at this dinner meeting was Don Taverner '43, Executive Secretary of the General Alumni Association. Mr. Taverner discussed recent developments at the University.
Presiding at the meeting was Washington Alumni Association President, Major Clifford ("Bruz") West '43.

Maine Alumni Teachers—
The Annual Teachers Convention dinner meeting of the Maine Alumni Teachers Association was held in Bangor on October 6.
Featured speaker at this annual dinner was Charles E. Crossland '17, Assistant to the President of the University. Mr. Crossland addressed the attending alumni and guests on the subject of student costs at Maine as compared with the costs of twenty-five years ago.
Several University officials were present at the dinner. During the day of the meeting, teacher alumni visited with the School of Education Dean, Mark Shibles; members of his staff; and Don Taverner '43 and Margaret Mollison '50, Alumni Secretaries, in a University Alumni Hospitality Room.

Portland Alumni—
The Portland Club of University of Maine Women met on October 7, 1955, for a get acquainted night with Elizabeth Hunt Coombs as the speaker on original character sketches. Their opening meeting was held at the Westbrook Junior College Alumnae Lounge and conducted by Constance (Lincoln) Sweetser '52, president. The monthly program of meetings was passed out to the members.

Bangor Alumnae—
Forty members of the Eastern Association of University of Maine Women opened the fall season of the association with a harvest supper on October 10, 1955, at the Community Hall on the Pushaw Road. Miss Paulene Dunn '30, president, conducted the meeting and later showed slides and gave a most interesting talk on her trip this summer through nine countries of Europe. A silent auction followed. A change in the officers for the year found Joan (Ambrose) Shaw '47 as first vice president and Stella (Borkowski) Patten '47 as second vice president. The program of meetings for the year was announced.

North Shore, Mass., Alumni—
The North Shore Alumni opened their 1955-56 season with a meeting on October 18, held at the Hitching Post in Beverly.
Guest and speaker at this opening meeting was Don Taverner '43, General Alumni Association Executive Secretary. Mr. Taverner discussed recent developments on campus and showed colored slides of the University and campus activities.

Maine Club of Auburn-Lewiston—
Dr. Rome Rankin, Director of Athletics and Professor of Physical Education, was guest and speaker at the first fall meeting of the Maine Club of Auburn-Lewiston.
Dr. Rankin discussed the University's Athletic Program and the fall athletic schedules. Presiding at this meeting was Robert Schoppe '38.

Portland Alumni—
The Portland Alumni opened another successful season with a "Victory Dance" at the Lafayette Hotel, October 21.
Nat Gold's orchestra was featured at this social event, the proceeds of which were used for the group's scholarship fund at the University.

Kansas City Alumni—
On October 22, the Kansas City, Missouri-Kansas Area Alumni met at the Kansas City Club under the leadership of William R. Cumerford '39 and Gordon Johnson '21.
Guest and speaker at this dinner meeting was Kenneth Fobes '49, Assistant to the Dean of the School of Education at the University.

Coming Meetings
Boston Alumni
6:00 P.M., November 2
Smith House, Cambridge
Annual Dinner-Smoker
Guest: Coach Fred Brice
North Shore, Mass., Alumni
7:45 P.M., November 30
Watch for notices.
Maine Club of Auburn-Lewiston
6:30 P.M., November 17
Speaker: Don Taverner '43
Following alumni groups watch for notices of coming meetings:
Penobscot Valley Alumni
Southern Connecticut Alumni
White Mountain Alumni
Northern Aroostook Alumni

Officers of the Lewiston-Auburn Alumnae this year are (1. to r.) Margaret (Stackpole) Wallingford '45, president; Shirley (Stillings) Keene '53, corresponding secretary; Julia (Shores) Hahnel '49, secretary-treasurer; and Margarette (Sullivan) Powers '43, vice president. In addition to regular monthly meetings, the group will raise funds for the usual grant to a University student.
(Modern Photo)
Notes from the Classes

The Alumni Office has received a letter from Charles D. Thomas of 35 Nathan Hale Drive, Huntington, N. Y., who is now back home after his visit in New Jersey. We’ll hope to see you in June for Commencement.

BY CLASSES

1905 The Alumni Office has recently heard from Charles D. Thomas of 35 Nathan Hale Drive, Huntington, N. Y., who is now back home after his visit in New Jersey. We’ll hope to see you in June for Commencement.

1904 On September 4, 1955, the Clifford G. Chales celebrated their 50th Wedding Anniversary. They have lived in a house at Bar Harbor, Maine, all the while their family dinner was held during the weekend, at which their three children and many grandchildren were present. Mr. and Mrs. Chales live in their home, Robert—Maine ’54, were among those present.

1903 Our third annual “Little Reunion” was held Saturday, August 6, at Kobs Lobster Pound, Searsport. The following classmates and their wives were present: Lucius Barrows, Bill Hail, Edward Coolidge, Lucile H. Horton Kierstead, Emerson Lambe, K. MacDonald, and Jakes & Hiles. The following classmates and their wives were present: Lucius Barrows, Bill Hail, Edward Coolidge, Lucile H. Horton Kierstead, Emerson Lambe, K. MacDonald, and Jakes & Hiles. 1902 Elmer Emmons Christianson. Elmer E. Christianson suffered a heart attack while at his desk in the advertising department of the Boston Herald, on Monday February 14, 1955, and died the next day. He was with the Herald in the advertising department for 30 years and was a charter member of the Maine Quarter Century Club; he was an organizer of the Little League Baseball Teams of Orono. Christianson made his home in Wellesley Hills, Mass. He left his wife and three children. He was a member of Alpha Tau Omega Fraternity.

1920 ELMER EMMONS CHRISTIANSON. Elmer E. Christianson suffered a heart attack while at his desk in the advertising department of the Boston Herald, on Monday February 14, 1955, and died the next day. He was with the Herald in the advertising department for 30 years and was a charter member of the Maine Quarter Century Club; he was an organizer of the Little League Baseball Teams of Orono. Christianson made his home in Wellesley Hills, Mass. He left his wife and three children. He was a member of Alpha Tau Omega Fraternity.

1922 LAWRENCE BROOKS VARNEY. On September 19, 1955, Lawrence B. Varney of Eastport died. Since 1924 he has been principal of Shem Memorial High School in Eastport. During W.W.I. he served in the United States Army. He belonged to masonic circles and to several educational associations. Survivors include his wife, a daughter, and a son. Varney was a member of the Delta Chi Fraternity.

1936 WILLIAM FRANCIS BARKER. On August 15, 1955, William F. Barker died in Lawton, Okla. He had held an engineering position with Ingersoll-Rand Co. Survivors include his wife and two sons. Mr. Barker was a member of Phi Kappa Fraternity.

1947 ROBERT WASS WHEELER. Robert W. Wheeler died on October 2, 1955; he was a resident of South Paris where he had been an engineer for many years. Wheeler served as their town clerk for 25 years. Survivors include two brothers, one is Stanley M.—Maine ’10, and a sister.

1950 ROBERT WASS WHEELER. Robert W. Wheeler died on October 2, 1955; he was a resident of South Paris where he had been an engineer for many years. Wheeler served as their town clerk for 25 years. Survivors include two brothers, one is Stanley M.—Maine ’10, and a sister.

1951 JOHN NEWTON WARREN. Notification of the death of John N. Warren has reached the Alumni Office as having occurred on April 19, 1955, in Fintur, N. C. Mr. Warren was a resident of East Orange, N. J. He was a member of Theta Chi Fraternity.

1952 GEORGE STANLEY DOORE. The Alumni Office has been informed of the death of George S. Doore as occurring on August 15, 1954. Mr. Doore had been employed with the U. S. Dept. of Agriculture as a plant pathological inspector in Greenfield, Mass., where he was born in 1876. His father was a Civil War Veteran, and he was a member of the Masonic Fraternity. He leaves no immediate survivors.

1953 ROGER W. MacDONALD. Roger W. Mac­Donald, town manager of Middleboro, Mass., since 1948, died on September 27, 1955. He was the former manager of the Water Improvement Commission for the State of Maine. Survivors include his wife, a son, and a brother. Mr. Mac­Donald was a member of Theta Chi Fraternity.

1954 ROY HORTON FLYNT. Roy Horton Flynt died on September 25, 1955, Mr. Flynt was a member of the Theta Chi Fraternity.

1956 ROBERT FRANK PIERCE. Robert F. Pierce of Portland died on May 8, 1955. After working with the State of Maine Highway Dept. until 1933, he became treasurer of the Sanders Engineering Co. of Portland until his retirement in 1938. He was an active member of the Woodfords Club of Port­land for 30 years. Survivors include a daughter, a son—Edward W.—Maine ’33—and two grandchildren. Mr. Pierce was a member of the Phi Kappa Fraternity.

1957 WILLIAM HAROLD MOODY. Recently it has been discovered that Wm. H. Moody died in Free­port, Nov. 10, 1910. Although he was born in Cornville, he graduated from Malden, Mass. High School and attended law school during 1902-1903. There are no survivors.

1958 STEPHEN FRANK PIERCE. Stephen F. Pierce of Portland died on September 11, 1955, at the home of his son in Ellsworth. Mr. Pierce was a W.W.I veteran and member of the American Legion. A daughter also survives him.

1959 JOHN NEWTON WARREN. Notification of the death of John N. Warren has reached the Alumni Office as having occurred on April 19, 1955, in Fintur, N. C. Mr. Warren was a resident of East Orange, N. J. He was a member of Theta Chi Fraternity.

1960 ROBERT WASS WHEELER. Robert W. Wheeler died on September 27, 1955; he was a resident of South Paris where he had been an insurance broker for 35 years. He was a member of the South Paris Savings Bank. After attending the Uni­versity he was at Medical College, Philadelphia. In W.W.I. he served with the army in which capacity he had served South Paris as their town clerk for 25 years. Survivors include two brothers, one is Stanley M.—Maine ’10, and a sister.

1961 ROGER W. MacDONALD. Roger W. Mac­Donald, town manager of Middleboro, Mass., died on August 14, 1954, died on September 27, 1955. He served in W.W.I. Previously he was manager of the Middle­boro Paper Company. Surviving after his wife, a son, a sister, and a brother. Mr. Mac­Donald was a member of Theta Chi Fraternity.

1962 GEORGE STANLEY DOORE. The Alumni Office has been informed of the death of George S. Doore as occurring on August 15, 1954. Doore had been employed with the U. S. Dept. of Agri-
Here's pictorial proof of the Class of 1907 spirit at their “Little Reunion” held last August at Koh's Lobster Pound in Searsport. Front row (l. to r.) Hall, Kierstead, Roberts, Lambe, MacDonald, Helen (Steward) Bradstreet, Wyman, Barrows, Talbot. Back row (l. to r.) Hall, Kierstead, Roberts, Williams, Lambe, MacDonald, Farnham, Edith (Tate) Brawn, Barrows, Wyman, Talbot. The picture was taken by Claramartha Brawn with Mr. Wyman’s camera.

1908 James P. Farnsworth of Rockland, 75 Market St., was recently appointed director of civil defense for that city. Mr. Farnsworth is a retired school teacher with 45 years in that field. He is an amateur radio operator and this should be helpful in the civil defense organization.

1910 In 1949 George A. Webster of 57 Hawthorne Ave., Auburndale, Mass., retired from the National Carbon Co.

1911 Roy C. Jones has moved to 53 Hillview Road, in Auburn, since his retirement from the Bell Telephone Laboratories, Inc., in New Jersey. We certainly hope he does take advantage of the shorter distance to get up and visit at the campus more often.

1913 William S. Carter retired last summer as assistant secretary of the compensation and liability department of The Travelers Insurance Co. The Carters live at 8 Rugas Ave., West Hartford, Conn. He had been with the company since 1917, when he joined the audit department; he had been assistant manager at Chicago before going into the field in which he now works.

1915 William B. Hill, a vice president of the Bangor and Aroostook Railroad, retired since 1925 Mr. Hill has been in the employ of the Bangor and Aroostook; he started as an industrial agent. The Hills live at 53 Hill St. in Bangor.

1916 Mrs. Evelyn W. Harmon (Evelyn Winship) of Livermore Falls.

Much to my disappointment, I received only a few letters, and therefore have not much news. I am very grateful for those which did arrive. It has been a most beautiful fall here. The trees and hills have been gorgeous, and it is an inspiration just to look outdoors. It seems to me that there can be no finer place in Maine in the autumn.

From Headquarters of the 3201st Installations Group of Eglin Air Force Base, Florida, came a most interesting letter. It was from Forest L. Buckley, who is chief structural engineer at Eglin Air Force Base, Fort Walton, Florida. He is a member of the Masonic and Elks Lodges, an associate member of the Officer Club, and a member of the Recreation Board at Walton Beach. He belongs to the Episcopal Church, and is listed in “Who Is Who” in the South. He has two children—a son and a daughter, and a daughter, Patricia. Like all good attorneys, Frank is active in many clubs and organizations. Portland Country Club, Portland Wood and Loyal Order of Moose. He is president of the Federal Loan and Bldg. Assoc., an Incorporator of Maine Savings Bank, a Trustee of U. of M., a Director of the Maine General Hospital as well as belonging to the State of Me. and American Bar Associations.

Alonzo J. Harriman of 88 Shapley St., Auburn, is Treasurer of Alonzo J. Harriman Inc. (Architects and Engineers). He has a son and daughter and one granddaughter by his daughter. Alonzo serves on the committee on School Bldgs., is a member of the Maine and National Chapters of the American Institute of Architects, the Harvard and Illuminating Engineering Societies and American Association of School Administrators.

Lawrence E. (“Zeke”) Deering of Deering Dugout, 622 Ridgewood Rd., Bel Air, Md., called at the Alumni Office in September. His son, William J. ’49, a psychologist at the Bangor State Hospital, was with him. “Zeke” is chief of plant equipment and maintenance at the Aberdeen Proving Grounds in Maryland. His wife is in the budget and fiscal division of the Chemical Center at Aberdeen.

“Zeke,” being an original thinker and one of those who do not recognize “It can’t be done,” is building a stone house at the above address from the top down. He left with the Alumni Office, a sheet describing his project. You’ll all enjoy it so will quote.

“New Method of Building a Stone House”

Zeke Deering has developed a new method of building a stone house, by BEGINNING AT THE TOP AND BUILDING DOWN.

As you know, when building a stone house from the bottom up the workman, careful as he can be, is

Cited By Engineers

The American Society of Civil Engineers has awarded its highest distinction, honorary membership, to Frank A. Banks ’06, builder of the world-famous Grand Coulee Dam.

Mr. Banks, who retired in 1950 after 44 years with the U. S. Bureau of Reclamation, devoted much of his life to the development of the Columbia River Basin in Washington. In addition to the Grand Coulee, he supervised the construction of four other large irrigation systems, which form part of the irrigation system of the Columbia Basin project. They are the North and South Dams, the O’ Sullivan, and Long Lake Dams.

As part of the dedication ceremonies at Grand Coulee in 1950, Mr. Banks was presented the Interior Department’s gold medal for distinguished service. Since his retirement, he has continued to serve as a member of the Columbia Basin Advisory Committee.
For Oct. since I sent nothing in. When she said I was to live in Boston.

At Wells High School, while his wife teaches ceramics.

Building, and inspect them, it would be well worth it, in fact, has proved to be a major stumbling block, impeding the progress of scientific methods of construction.

If we just keep our 1956 reunion in mind. If we just keep our 1956 reunion in mind.

One minor detail has held them in long time. One minor detail has held them in.

Zeke Deering had that kind of a mind. With that as a starting point, you can think of other folks, i.e., negatively instead of positively, Zeke has contributed to the problem of fastening that first stone up there. He not only thinks differently, but also acts and looks different from other folks.

He traveled up to many of the agricultural areas of the nation enroute to and from the summer session at Colorado Agricultural and Mechanical College.

This minor detail was—how to fasten the first block up there. How to fasten the first block up there.

Of course, sky hooks seemed to be the logical answer to the problem but experience showed that that was not the correct answer, since it was not satisfactory from many angles. Reasoning along these lines has led scientists astary for many years. It was necessary to have a mind where it was perfectly blank in order to solve the problem. Zeke Deering had that kind of a mind. With that as a starting point, you can think of other folks, i.e., negatively instead of positively, Zeke has contributed to the problem of fastening that first stone up there. He not only thinks differently, but also acts and looks different from other folks.

Zeke now has a construction job well under way at 622 Ridgewood Road, Bel Air, Md.

Keep our 1956 reunion in mind. If we just keep our 1956 reunion in mind.

Harvard when I was still a young child. So perhaps Mrs. Noyes isn’t in the ’24 age bracket! This is one promotion (age) wives aren’t too keen to accept.

An additional detail to the problem is that, according to some of Al’s friends, his wife did not approve of the idea. This year, he was elected assistant treasurer of the Depositor’s Trust Co. of Augusta last May. He resigned as division operations manager for Universal C. I. T. Corp., to join the Augusta office of Commonwealth-Angus as a credit manager.

If you have any details to add to this column, please let me know. I would be pleased to hear from any of you, as we are under stress.

Keep our 1956 reunion in mind. If we just keep our 1956 reunion in mind.

William Fowler

A scholarship fund in memory of William E. Fowler ’15 has been established by gift of Mrs. Marie Z. Bowler. The fund will be known as the William E. Fowler Scholarship Fund.

Mrs. Fowler made the gift to the University in memory of her husband on the 40th anniversary of his graduation from Maine. Announcement of the gift was made during commencement week end in June.

Mr. Fowler, who died last February, served as an officer overseas in World War I after which he devoted his life to the engineering profession. In recognition of his husband’s interest in engineering, Mrs. Fowler has specified that the income from the scholarship fund of $1,000 is to be awarded annually to a deserving student enrolled in the College of Technology.

This minor detail was—how to fasten the first block up there. How to fasten the first block up there.

As a member of the Depositor’s Association of Maine with headquarters in Portland. This is the phenomenon all the ladies’ magazines write about now and then. The Maudines of the world to-day are depressed and feel no longer needed, etc. It is with a sense of humor that I suggest further articles be written, articles to point out that the young’s problems increase when they go out into the world and that in fact they are quite happy to have a family around with whom to consort.

That’s it for the present. Greetings to all.

1925

Mrs. Merrill Henderson

Quechee, Vermont

“Chet” Campbell is vice president of The Foundation Co., an engineering and construction company doing work throughout the U. S. and many parts of the world. The last three or four years his work has taken him to Europe and many South American countries. He says that practically every place he has been has encountered University of Maine men and women. “Chet” planned to be present at our reunion, but did not make it.

Raymond C. Fitzhery was elected assistant treasurer of the Depositor’s Association of Maine with headquarters in Portland. This is the phenomenon all the ladies’ magazines write about now and then. The Maudines of the world to-day are depressed and feel no longer needed, etc. It is with a sense of humor that I suggest further articles be written, articles to point out that the young’s problems increase when they go out into the world and that in fact they are quite happy to have a family around with whom to consort.

That’s it for the present. Greetings to all.

1926

Mrs. Albert D. Norton

Leone Dakin

1923

Mrs. Norman E. Torrey

(Toni Gould)

5 Poplar Street, Bangor

It was such a treat to see Everett Mansur again when and his wife were in Bangor this summer. They also attended the Convention of the American Society of Planning Officials which was held at Montreal. Everett is a successful planning consultant to many towns and industries, with a headquarters office at 505 Segovia Ave., San Gabriel.

“Homemaker, novelist, lecturer, magazine writer—these words indicate the varied career of Virginia Chase, author of the recently published novel, The End of the Week.” Miss Chase’s background also happens to include 25 years of teaching. And it’s teachers that the book is about.” Such was the beginning of a recent N.E.A. article appearing in newspapers all across the country. There was also a charming picture of one of her young students who told me, “I hope to acquaint the reader with teachers as human beings. I have tried to tell a realistic story, not to present an argument.”

In private life Virginia is Mrs. Wallace W. Perkins III and they reside in Framingham, Mass., at 18 Thomson Rd.

And speaking of teachers, I saw many Maine grads among those attending the Teacher’s Dinner Club dinner and reception to new teachers held recently. It was my privilege to be the speaker of the evening, choosing for my subject the fascinating history of Bangor. Among them were our classmate, Marion Quinn, who besides being a successful local teacher is also Treasurer of the Woman’s Auxiliary of St. Joseph’s Hospital. She lives at 214 French St.

1924

Mrs. Clarence C. Little

(Beatrice Johnson)

Box 558, Bangor

Dear Classmates:

We had some news about Carl Beal’s unusually interesting trip to Alaska where he begged a polar bear, among other episodes. It was all so interesting that it is being saved for a separate article in The Alumnus soon.

Hazen (“Hot”) Ayer was a speaker at the Annual Convention of the Savings Bank Association of Maine, held at Portland Spring on September 16th. His subject was “Current Problems in Portfolio Management.”

Sympathy is extended to Mrs. Clayton Hallock (Alice Hill) daughter of Prof. and Mrs. Arthur Hill, in the loss of her husband. The Hallocks resided in Brian Cliff Manor, N. Y.

Please put my name on your Christmas card list and tell a bit of news about yourself for this column.

E. B. Scott is head of Scott Trailer Sales, Distributors for Trailer Coaches of Quality, located at 1501 Philadelphia Pike, Wilmington 3, Del.
1928

Mrs. William B. Ledger
(Emma Thompson)
75 Woodmont Street, Portland 4

Another good 28'er gone to the Maine Extension Service. Jessie (Lawrence) Oak has been appointed Aroostook County Home Demonstration Agent. Jessie started on 1 and is located in Presque Isle. Most recently she was the Home Economics Teacher at East Corinth Academy, but before that she was three and one half years as H.D.A. in Aroostook Co. and seven and one half years in Knox-Lincoln.

Stanley J. Deveau, who lives at 32 Martin Road, Wellesley, Mass., is Treasurer of the Index Bureau, Inc., and an active member of the Liberty Mutual Ins. Co. in Boston. He was recently named chairman in charge of fund raising in Mutual Fire and Liability Companies for the 1956 Red Feather Campaign.

Bryan (Doc) Porter stopped over, with Fred and Jeanette Thompson, on his way to and from a visit with his parents in Caribou. Doc is Assistant Vice President of the New York Trust Co. Oh yes, young Bert Thompson is a freshman at Brown University.

Carol Osgood, his wife and 2 children spent a night with George and Thelma (Perkins) Dudley on their way to Mt. Katahdin. Even the newspaper pictures showed what a lovely model Thelma made at the Y.W.C.A. Fashionata!

Gordon and Ann Walker just took daughter, Barbara, Tri Delta, back to Maine for her sophomore year. Cornelia Medical Center next year. Gordon is still area Mgr. for N. Y. Tel. Co.

Eldwin and Hope (Craig) Waxson's daughter was married early this fall before she returned to Maine.

Forrest Meader's son is making a fine showing at Dartmouth, scholarship to prove it.

1929

Miss Barbara Johnson
32 Orland St., Portland

W. Jerome Strout was named executive vice presi­dent of the Aroostook Railroad last spring. He first worked for the railroad while still a student. He was appointed chief engineer in 1940, mechanical superintendent in 1951, general manager of operations in 1952, and in 1954 was elected vice president of operations and mainten­ance. Jerome has also been appointed a director of the Northern National Bank of Presque Isle.

John H. Hall of Rumford is principal this year of Bingham High School. He has taught at Brown- ville Junction and Milo. He has a daughter who teaches at Maine Central Institute, a son who attends the University of Maine and a son in the United States Air Force.

1930

Mrs. Ernest J Pero
(Beatrice Roney)
11 West End Ave., Westboro, Mass.

Vaughn Hileman, manager of engi­neer of the Maine State Highway Dept. Sept. 1, succeeding Lucius D. Barrows, retired.

Rufus C. Jasper, former safety superintendent at the Portsmouth Naval Shipyard, left the middle of Sept. for six months temporary duty at the Golcuk Naval Shipyard, Golcuk, Turkey, as a civilian ad­viser in safety engineering. The assignment is in connection with the Mutual Aid Assistance Pro­gram. His son is in his first year at West Point and his daughter a student at Eliot High School.

United States Air Force.

1931

Mrs. Sam Sezak (Ethel Thomas)
Vaughn St., Portland

A great new class has just entered the University and in it we find 11 sons and daughters of 31ers. They are as follows: Mary Stewart Coffin, Augusta, daughter of Marion (Stewart) Coffin; Philip Curtis, So. Portland, son of Cliff Curtis; Carl Flynn, Hamp­den, son of Horace and Charlotte (Bowman) Flynn, Alolala C. Griffin of Norfolk, Va., daughter of Alvin and Viola (Purinton) Griffin; Sally Lovely, Lincoln, daughter of Donald Lovel; Gary Prout, Rangeley, son of Philip Priest; Kenneth Roberts, Portland, son of Charles Roberts; Thomas Sezak, Orono, son of Samuel and Ethel (Thomas) Sezak; David Therriault, Millinocket, son of Martin Therriault; Burton Walker, Orono, son of Robert and Margaret (Walkers) White; and Ralph Fellows White, Bangor, son of Margaret (Fellows) White. We just know that this class of 1931 will be one of the best with a roster like that from the ranks of 1931.

Dr. Paul J. Findlen '31, research director for the New York State Joint Legislative Committee on Imitation Milk Products and Problems, took part in the ninth International Conference of Agricultural Economists in Helsinki, Finland, in August. He opened the discussion at a sym­posium on the relation between the chemical changes on the farm and those in the marketing and distribution of milk.

Approximately 300 members of the international organization from 40 countries were at the conference.

Before returning to the United States in September he visited dairy plants in Sweden, Germany, Holland, Belgium, and France to obtain information on a new type of paper container used for marketing milk and other products.

Dr. Findlen has previously been abroad on three missions for the UN and the United States to Poland, Ireland, and Trans-Jordan.

GOOD and

GOOD for you

THE MAINE ALUMNUS
Promoted By duPont

Thomas J. Desmond '33 has been appointed Chicago district sales manager for duPont's Grasselli Chemicals Department. Mr. Desmond has been Boston district sales manager since 1951. He joined duPont in 1935 as a chemist at the Grasselli Works, Linden, N. J. After several years as a production supervisor there, he became a member of the Grasselli sales organization, and had been assigned to sales offices in Wilmington, Milwaukee, and Minneapolis before going to Boston. Mr. Desmond has been active in alumni affairs, both as a member of the Alumni Council and a past president of the Boston Alumni Association.

Thomas J. Desmond '33

lab. technician with the Portland Pipe Line Co.
Alota Corinne Giffin of 145 Westchester Ave.,
Norfolk, Va. Her parents are Commander Alvin '31, Delta Tau Delta) and Viola (Porlton, Phi Beta Phi) Giffin. Alvin is a commander in the U. S. Coast Guard.

Louise C. Hurley of 4 Park St., Ellsworth. Her parents are Charles S. (25, Phi Kappa) and Dorotha (Green, Phi Mu) Hurley. Charles is an attorney.

Arlyn Rayford Leach of Calais. Parents are Mr. and Mrs. Walter R. Leach. Leach is principal of the high school in Calais. Mrs. Leach is a Colby alumna.

Terrence Francis McCabe of Augusta, son of Mr. and Mrs. Francis J. (Delta Tau Delta) McCabe. Francis has been in the Maine State Police, is now Chief of Police on Northwestern Campus in Illinois.

Davis L. Morton of 114 Stroudwater St., Westbrook, son of Mr. and Mrs. Hugh H. Morton. Hugh H. Morton is a paper machine superintendent with the S. D. Warren Co., and is also our class "presy." Mrs. Morton is a Bates alumna.

Linwood H. Bowen of Bangor, Box 364, R.P.D. 2, son of Linwood S. (Lambda Chi Alpha) and Ruth (French '33, Phi Mu) Bowen. Linwood is a farmer and salesman.

1933

Mrs. Winthrop C. Libby (Betty Toye)
14 Spencer St., Orono

Things are really humming on the campus again. A hundred arrived first, and the rest are as full of enthusiasm and pranks as ever. At the reception which Pres. and Mrs. Hauk gave to them both, the names of the new students were announced, and all the students appeared to have a good time.

Philip Russell Black ('59) is the son of Dr. Russell S. Black who lives at 13 Congress St. in Belfast and has a dental practice there. Black was a member of Lambda Chi Alpha while in college.

Mrs. Thomas S. McGuire (Agnes Crowley)
21 Widgeon Way, Greenwich, Conn.

Greetings to everyone for another year. I do hope it is a good one for you all and that before June next we will have seen snips of many of you and your families.

How sorry we were not to have been able to attend reunion, but judging from all reports, it was a very happy one for those of you who were fortunate enough to be able to attend. You'll notice we have a change of address, and reunion and moving coincided, so we had no choice but to gather our belongings and move. It is a lovely house and we are enjoying being here.

Frank Myers acted as chairman of our class at reunion, and here is Frank's report to me on what happened:

"Our class meeting was held Saturday morning, and the members present asked me to serve as chairman. All of our officers were unable to attend, and as you know is the big one. The members present decided we should have a committee to start planning and to make arrangements for the event, and again I was elected chairman. I believe one must pay for living so near campus. I have asked the following to serve on the committee: Carl Whitman, Needham, Mass.; George Carlisle, Bangor; Dorothy (Frey) Kane, Portland; Russell Walton, Providence, R. I., and Pauline (Pichette) Tuttle, Norridgewock. To assure geographical representation others will be added later.

A twenty-fifth year gift to the University is expected from each class, and experience shows that it is wise to make plans several years in advance. It was voted to accept as a goal, "$1935 from the class of 1935." Each member of the class will be asked to contribute ten dollars before now and the time of our next reunion. In the near future I will write letters to all names and addresses that I can obtain from the Alumni Office. We have a 25 year paid-up $1000 policy with John Hancock which will give us a good start toward the $1935.

It was voted to contribute from our class treasury the sum of fifty dollars to the Alumni Activities Fund—a well established custom at each reunion. We now have approximately $211.00 in the treasury.

The class was unanimous in its expression of appreciation for the excellent work which our class secretary has done with personals in the Maine Alumnus magazine. More and better support was pledged by every member present. Appreciation was also extended to Warren Flagg who sent orchids from Hawaii to the ladies of 1935.

Thanks, Frank, for the fine report which we can all share.

I am hoping that Gwen (Roche) Rattray or Dot (Frey) Kane or Paula Pichette) Tuttle can supply us with the details of the more personal parts of reunion.

With great sadness I learned that Almon Cooper died this summer in Camden. (See necrology in October issue of Alumnus.)

Already Frank Myers has inaugurated plans for our twenty-fifth reunion. It should be a banner one, and I am sure his committee will see that it is. Good luck in arranging for a 99% attendance in June '60.

Until next month—

1936

Mrs. Edwin P. Webster, Jr. (Phyllis Hamilton)
258 Norwary Rd., Bangor

So sorry that I missed the October Alumnus, but that first deadline for our copy is always a difficult one to meet. I'm at camp all summer—when I return on Labor Day, things begin to hum at home. This fall they were really buzzing as our daughter Judy was getting ready to enter the freshman class at Maine. Hope I haven't ruined your whole day as you know is the big one. The members present decided we should have a committee to start planning and to make arrangements for the event, and again I was elected chairman. I believe one must pay for living so near campus. I have asked the following to serve on the committee: Carl Whitman, Needham, Mass.; George Carlisle, Bangor; Dorothy (Frey) Kane, Portland; Russell Walton, Providence, R. I., and Pauline (Pichette) Tuttle, Norridgewock. To assure geographical representation others will be added later.

by making you feel your age with that bit of news! Actually, the day of arrival gave us quite a nostalgic feeling. It was such fun to stand by and watch the girls greting each other, making friendships that will last throughout the years. The freshman class numbers about 1,100—900 boys and 200 girls—which doesn't make the girls mad at all! Except for the size of the class and the dormitory facilities (washing machines and smoke detectors, among other things), it seems to them—remember going to the river bank?—it might have been 1932 again when they were living and coming to be a new column! George Neville, son of Mr. and Mrs. George Neville of Winchester, Mass., was one of the stars of the Winchester Little League baseball team which was eliminated in the Little World Series—at Williamsport, Pa. Mrs. Neville's address is 70 Forest St., Winchester.

Dana Sootinger is business office manager of the N. E. T. & A. Co., in Waltham, Mass. David S. Brown received his doctorate from Syracuse University on June 6.

Ann Ross received an Ed. M. degree from Harvard on June 14. Congratulations to both of you. The Alumni Office has given the class secretaries a new directory and I see that we have many "lost" people. Perhaps some of you could help us with news of the following: (I'll ask for each month).

George Abbott, Jr.; Robert Adler; Renee Baron; Rodney Brink; Arlene (Crowell). Bill.

1937

Mrs. Gordon B. Raymond (Barb Lancaster)

37 Glenwood Ave., Portland

Thanks to all Alumni who are even putting in an appearance this month. I am going to be looking for familiar faces at Homecoming in hopes of having some news for November. Please don't hide behind the stands if you see me coming!

Among six instructors who received promotions at U. of M. was William L. Whiting, assistant professor of speech. Congratulations to you, Bill.

Thanks to the Alumni office we are even putting in an appearance this month. I am going to be looking for familiar faces at Homecoming in hopes of having some news for November. Please don't hide behind the stands if you see me coming!

Ann Ross received an Ed. M. degree from Harvard on June 16. Congratulations to both of you.

Bill Treat was in Washington last month attending a quickie school for Republican campaign strategy. He flew to Denver with the other state Republican committee chairmen to have breakfast with Pres. Eisenhower. Bill is a resident of N. H. now and is a judge there and a practicing lawyer. He is also one of the youngest Republican leaders in the country.

Kap that he is, he wouldn't even let his wife get out of the car. Of course, after having spent 66 days traveling in Europe this summer, I suppose we "frontiersmen" don't have much to offer. Three or four more months and I'll be home in Maine people! Although there may be some. Did run across a man in a stationery store in Monterey from Bangor and was graduated from John Bapst High in 1938 Nice guy, seemed like.

After three years of teaching military to the kids at Wentworth Military Academy it seems funny to have the shoe on the other foot. I'm sure most of us here are working at much harder than they used to. There is surely crime at unto you here, but, as hectic as it is and as dazed as we are, everyone seems to enjoy it. Speaking of Colonels, that "rebel Kernel" (as used in the word nut) Bill Vugare of Natural Bridge Sta., Va., dropped in for his bi-annual three minute (as in egg) visit last Sunday. Trusting brother Phi

This month's mail did bring me a letter from FULL Colonel Arthur (Tubby) Hodges. All the way from Presidio of Monterey, Calif., the high lights of his letter and I quote, are as follows. They have just finished school and are going back to the Washington, D.C., area to study the Afghana dia lects (a mixture of several weird things). Then some more school and we go. Mrs. Hodges (Arabelle Banton '44 and Jerry age 2) will go right along with me and we will probably be leaving the U. S. a little over a year from now.

The Army went hop-hold early this month and promoted me to colonel. Naturally I am very happy about it. Don't know of any Maine people hereabouts, although there may be some. Did run across a man in a stationery store in Monterey from Bangor and was graduated from John Bapst High in 1938 Nice guy, seemed like.

The last item of interest is that Charlie and Betty (Curtis) Huntoon have a daughter Debbie Jane, born May 26. They have a three year old daughter, Martha, and the address of the Huntoon family is Middle Rd., Falmouth.

The news has reached us that Richard M. Sinclair of 1 Meadow Lane, South Hadley, Mass., was elected president of the Alumni Club in 1943 while he was an ROTC student in the quartermaster school. Mrs. Sinclair is the former Janet Marie Westfall. Our congratulations to Dick!

To bring you up to date on my own news, last year I was able to take some courses in education at the University, and it says here in very small

Rev. Eugene and Ruth (Loring) TenBrink of Tindiyanam, South Arcot District, South India, have announced the birth of a son, Calvin Kumar Ten Brink. Mrs. Ten Brink is the former Janet Marie Westfall. Our congratulations to Dick and to Eleanor Marcia Westfall. Our congratulations to Dick.

This month's mail did bring me a letter from FULL Colonel Arthur (Tubby) Hodges. All the way from Presidio of Monterey, Calif., the high lights of his letter and I quote, are as follows. They have just finished school and are going back to the Washington, D.C., area to study the Afghana dialects (a mixture of several weird things). Then some more school and we go. Mrs. Hodges (Arabelle Banton '44 and Jerry age 2) will go right along with me and we will probably be leaving the U. S. a little over a year from now.

print, that I am now teaching at the St. Mary's Parish elementary school in Old Town. We have a student couple living with us and our Laura, who is now 3, has someone to "mimic" her all day. It seems to be working, really, but I must say I feel like a very green teacher. I have said very little about our plans in the column, because I didn't think I could teach and manage my family, but with good help it can be done, and so we go!

1943

Mr. Paul Smith
P. O. Box 133, New York 25, N. Y.
Fall is really in the air, and those of us who are far away and still, are really nostalgic for Maine. Now is the time to write letters. Send your news to me, so that I can write it up for our column. Here are a few items that are on hand.

Armand W. Jalbert, Jr. of Spencer, Mass., has been named town engineer. After his service in the U.S. Army Corps of Engineers in World War II, Armando owned and operated the A. W. Jalbert Construction Co. of Spencer. Until recently, he was also connected with the American Oil Co. Armando is married and has three children.

Lt. Col. Charles E. Allen recently was graduated from the Fort Benning, Ga., Infantry School's associate officer advanced course. He entered the army in 1943, right after graduation from the U. of M. He was last stationed with the Pentagon in Washington.

The Maine Town and City Managers Association met for several days at the University of Maine and elected Maynard Austin of Houlton Don Tavenner, Executive Secretary of the U. of M. Alumni Association, gave a talk before about 65 managers.

Daniel P. Storer is a physician in Portland. His wife is the former Hattie Ingraham '44. The Storers have three children—Wanda, eight, Jimmy, five, and Kevin, one. They live at 108 Fessenden St., "Joanne" (Sollie) Logan, Village Apts., Hanover, N. H., is a map library assistant employed with Baker Library, Dartmouth College. Her husband is an assistant professor at the Tuck School. Nancy (Wright) Dalrymple is also living in Hanover, but with her two boys, who are eight and ten respectively, and her husband, Robert, who teaches in the Air Force Training Program at Dartmouth. Their address is 73 Lebanon Rd.

Bob Worrick, 20 Myrtle St., Orono is Director of Student Affairs at the U. of M. He was last stationed with the Pentagon in Washington.

This month I have the list of class officers elected last June at reunion: Pres., Robert Nelson; V. Pres., Leo Pratt, Jr., Sec., Carolyn Bradley; Treas., William Sewall was married in 1951 and now has one daughter three years old. He is in the Missile Division of Boeing Airplane Co.

Fred and E. Barbara (Kreh) Richards have their second boy—Steven Kreh, born April 16, 1955. Dr. and Mrs. Alexander (Augusta Foster) Law are in general practice together in Milford, N. H. They have two children.

Marcia (Rubinstein) Baler has recently received her real estate license. To quote her, "Anyone coming to San Fernando Valley to live, contact the Balties, my husband is a real estate broker." Sylvia (Smith) Horwitz writes that they have a third son, born June 10.

Charles and Sylvia (Belden) Pedack also are in bus for congrats on the birth of their third child, James Russell, born Jan. 6, 1955.

Richard and Marguerite (Chase) Merrill have six children. Red is still with M. S. Geological Survey, and refereeing football and basketball on the side. Robert is working on scholarships at the University of Oregon. The Merrill family is living in Hanover, with her two boys, who are eight and ten respectively, and her husband, Robert, who teaches in the Air Force Training Program at Dartmouth. Their address is 73 Lebanon Rd.

Announcement has been made of the engagement of Armand W. Jalbert, Jr. and Mary (Clifford) McVay.

Mrs. A. D. Gamber
(Terry Dumas)
Route 5, Box 824 G, Everett, Wash.

Recently received the news that Carolyn (Combs) Jacobsen has been doing a morning television program called "Enjoy Your Kitchen" from a Portland station. From all reports the program is an excellent one and reflects credit on both Carolyn and the training she received at Maine in the Home Economics department.

Last July 24 Burton K. Murdock, Jr., was married in Portland, N. H. Burton’s wife is a graduate of Plymouth Teachers College and is now employed as a draftsman in the design division of the Portsmouth naval shipyard. Burton, after attending Maine, graduated from Rensselaer Polytechnic Institute and is now employed by the Portsmouth naval shipyard as an engineer in the design division. The Murdocks moved from a wedding trip to Chicago to a home at 90 Cole St., Kittery.

With summer over, the fall leaves falling and children off to school, many of you must be finding a little more time to do the things you’ve been putting off. Why not just use five minutes of that time to write us a note? You will be writing Christmas cards before you know it and a newsy line on the back would make our ‘47 column more interesting. How about it?

1947

Mrs. Philip Shaw
(Joan Ambrose)
19 Russell St., Bangor

Mrs. Walter Brooks
(Peg Spaulding)
212 French St., Bangor

With summer over, the fall leaves falling and children off to school, many of you must be finding a little more time to do the things you’ve been putting off. Why not just use five minutes of that time to write us a note? You will be writing Christmas cards before you know it and a newsy line on the back would make our ‘47 column more interesting. How about it?

Lee and Phyllis (Elridge) Denegar sent the cutest card announcing that “This is number 2 and we’re not even halfway through our seven children.” In June, boy, Lee Barion; born August 11, and weighing 7 lbs. 12½ oz. Congratulations, Phyl and Lee.

Just about the busiest people in Clifton, Maine, are Henry and Mary "Chic" (Sawyer) Jordan. On July 22, they had twin girls—Brenda, weighing 5 lbs. 2 oz. and Linda, weighing 4 lbs. 12 oz.

The president of our graduating class, Clement E. Voste, has been appointed associate professor of government and director of the bureau for research in municipal government at Bowdoin College. Clement received his master’s degree and his doctorate at the University of Wisconsin.

Robert S. Spear will teach social studies and freshman English at Cornelia Union Academy this fall.

Remember, if you are in Orono or Bangor for Homecoming, we would love to see you, or at least get a phone call from you.

1948

Mrs. William G. Ramsay
(Jessie Cowie)
1605 Armstrong Ave., Staunton, Virginia

Lawrence and Sue (Beitel ’49) Day have a new daughter, Kimberly Ann, born August 28, 1955. The Days live in Springfield, Mo. Would like to hear from you particularly at Christmastime.

Archie ’51 and Kay (Wilson) Steen also have a new baby. Claudia Gay, born July 1. This is the Steens’ third daughter—Pamela is four and Bette is two. Their address is RD 2, Ballston Spa, N. Y. The Steens are now living in Van Buren.

Marilyn Zeitler also has a new teaching position this year. Marilyn will teach Grade Two in Duxbury, Mass. Last year she taught second grade in Woodmere, N. Y.

On June first, Henry G. Wyman was ordained as minister of the Congregational Church in Columbia, Conn. The ordination was performed by Professor Edward C. Dyer of the Union Theological Seminary in New York.

1949

Mrs. Hastings N. Bartley, Jr.
(Ruby Bartley)

Mr. Richard R. Davis
24 Pleasant St., Milo

Robert S. Stevens of Portland has been recently appointed principal of an elementary school. Before that he was the supervising principal of the Eastern Maine School of Nursing and has been a member of the faculty there. Dick got his M.A. from Yale and instructed in English at Trinity College. He is currently working for his doctorate at Boston University. The wedding will be in December.

The engagement of Elizabeth Payson to Robert Duncan was also announced this fall. Miss Payson is from Hyannisport, Mass., and graduated Maine in the Business Education department.

Carleton Ring graduated from the Ontario Veterinary College, Univ. of Toronto. He is working with the Kennebec Veterinary Service, Inc., of Waterville.

Bob Hockenbush is project engineer for the sub-marine hydraulic system at the Portsmouth Naval Shipyard. Last summer he attended MIT to study advanced courses in Marine Engineering. His address is 186 Profile Ave., Portsmouth, N. H.

On June first, Henry G. Wyman was ordained as minister of the Congregational Church in Columbia, Conn. The ordination was performed by Professor Edward C. Dyer of the Union Theological Seminary in New York.

The engagement of Elizabeth Payson to Robert Duncan was also announced this fall. Miss Payson is from Hyannisport, Mass., and graduated Maine in the Business Education department.

Dick Fuller is now employed with the nitrogen division of the Allied Chemical and Dye Corporation of New York City.

To end the column for this month we welcome a Mainiac for the Class of 1977 . . . David Brian Folsom, son of Louise and Robert Folsom, born in August. David has a brother Steven and they collect their mail at 210 Woodcroft Dr. in Rochester.

The engagement of Elizabeth Payson to Robert Duncan was also announced this fall. Miss Payson is from Hyannisport, Mass., and graduated Maine in the Business Education department.

Carleton Ring graduated from the Ontario Veterinary College, Univ. of Toronto. He is working with the Kennebec Veterinary Service, Inc., of Waterville.

Bob Fournier has become an assistant engineer with the Public Service Company of Dover, N. H. Lloyd Tietsworth is assisting in teaching in Darien, Conn., where he joined the faculty of the Royle School in Darien.

"AI" Leavitt was recently commissioned a Air Force Officer upon graduating from USAF Officer Candidate School at Lackland Air Force Base, Texas. Miss Emily Warren of Montpelier, Vt., recently became the bride of Joseph Taylor. Joe is now doing graduate work at M.I.T.

Miss Vivian Lene Pauling of Hill, N. H., is engaged to "Herb" Harrman.

Miss Ann Freeland of Bangor has become the fiancee of Mildred McAlister.

Miss Joan Frame of Canbou is engaged to "Tom" Trainer. Tom is now interning at the Maine Medical Center of Portland.

Carolyn Lois Moores and Jackson Balfour March '51 were recently married at Middleboro, Mass. "Jack" is stationed at Fort Jay, N. Y.

Mrs. Avis Colson of Hampden Highlands is now teaching the 8th grade at Thomaston.

Mark Sheid is now elementary supervisor in the Auburn Maine School System.

Kelu L. Fish, Jr., is now father of three daughters, Linda Ellen 6, Deborah Ann 4, and Susan Marie 8 mos. Address is 32 Western Ave. of Winthrop.

"AI" Fournier is employed as an engineer in the heat balance section of the mechanical engineering division of Stone and Webster Corporation, Boston. Address 82 Forest St., Watertown, Mass.

"Dick" Haskin is now studying for his doctorate in Bio-Physics at the University of Michigan.

"Bob" Moran has recently been appointed a civil attorney in the Office of the Secretary of Defense at the Pentagon, Washington, D. C. He has recently been discharged from the service where he served as a First Lt. in the Judge Advocate's Office.

Philip Coulombe and Irving Gray '48 have incorporated a General Insurance Firm at Augusta. They will be especially benefited by the Maine football fans for his outstanding performance on the football field at Maine for three years. "Bob" Cameron has been appointed as District Scout Executive of the Presumpscot and Lakes Districts of the Pine Tree Council of Boy Scouts of America.

Loyd Skiffington of the Northeastern University faculty has been promoted from instructor to assistant professor.

Sterling C. Morris has recently been appointed as town manager of Warren.

Andrew Orr has recently joined the staff of John C. Paige Company of Portland, Maine. He has formerly been associated with the Travelers Insurance Company.

Loyd Skiffington of the Northeastern University faculty has been promoted from instructor to assistant professor.

The American Association of Industrial Editors awarded Dick third place in the best industrial series section of their national photographic contest last spring. The winning picture "Outward Round" was made at Sorensby during a lull in a February snowstorm in 1954 and showed a lighted freighter at a railroad dock. Dick and Marilyn have two children.

Three members of our class hold positions as town managers. They are Harold L. Thurlow, formerly at Milbridge and now at Barre, Vt., after three years at Mount Desert, and Theodore Nelson, now at Northfield, Vt., after serving Bethel, Vt.

Miss Mildred B. Foss of the Husson College faculty in Bangor has been appointed Dean of Men at the college. Mildred B. "Bud" joined the Husson College faculty in 1946 after teaching a number of years in Presque Isle High School. He has been instructor of math and allied business subjects, and director of the Men's Athletic Council. Bud and Main have a daughter Frances and reside in 20 Bosque Road.

Last month the engagement of Frances Pratt to Forrest Caswell was announced. Since graduation Frances has received her master's degree in English and Literature in the Horace R. Rackham School of Graduate Studies, University of Michigan in June. A member of the faculty of the Rackham School for three years, this fall she teaches English at Groove Pointe (Mich.) High School. Mr. Caswell is a civil engineer with Wright and Puttec, Topshum.

Announcements are not made of the engagement of Miss Nancy Ann Davis to John Chadbourne. A couple of weeks ago, I read an article in the paper that said September was becoming the month for brides—even more so than June—and I believe it. It seems just about all the news I have deals with it.

An industrial editor with the Virginia Experiment Station.

Robert Caswell has been named assistant professor in charge of the Middleburg Branch of the Wisconsin Experiment Station.

That's if this month—there is no 'mo!' Don't fret to write.

John '50 and Val (Smith) Stimpson are the proud parents of a new son Kevin, born August 13. Val and John have been in Maine visiting the first part of the month and have returned to their home at 412 Lyceum Ave., Philadelphia 28, Penn.

Roland and Inga Mann spent part of their summer vacation as guests of Dick and Marilyn at the Manns, who have a ten-month-old daughter named Elizabeth Maria, live in New York where Roland is assistant editor of the American Management Association publication, The Management Review.

 isn't this beautiful fall weather we are having? That ole "Indian Summer" sure is swell, and the fall foliage is lovely. More fun to ramble on about the beautiful scenery, I must give a small lecture now. Our column this month is going to be a classic, folks."

It's time to leave on our annual trip to the West Coast. We will be back in a few weeks and then it's time to start thinking about the next trip.

Dr. Harry Bryant has been named associate agronomist in charge of the Auburn Maine School System. He was formerly in charge of the Middleburg Branch of the Wisconsin Experiment Station.

It's time to leave on our annual trip to the West Coast. We will be back in a few weeks and then it's time to start thinking about the next trip.
with marriage, so why not devote this month’s column to it! Of course, many of these are June, July and August weddings, too! There must be something in it because everyone’s doing it!

Harriett (Lefly) Homans married Margaret Thompson ’54 last July, and are now living at 62 Kenden Ave., Portland. Laura, her general manager for the C. Woodman Lumber Company in Brewer.

Wally Anderson of Kingston, Mass., took the big step also in July when he married Dorothy Bothroyd of London, England. Dorothy was formerly employed by the United States government in Germany. After graduating from Maine, Wally served as a Lt. in Germany and he is now associated with the Allis-Chalmers Manufacturing Company of Milwaukee, at present working in Boston!

Mary Foley was married this summer to Kay Parslow of New York. Kay was graduated from Russell Sage College and has done graduate work at Columbia University. Marty is studying at New York University, working also for the Western Union Telegraph Company.

Dave Brackett married Nancy Miller of Lynn, Mass., and now they’re living in Evanston, Ill., at 2542 Prairie. Dave is in the sales department of the Armstrong Cork Company of Chicago, Ill.

Orvis Weston Bonney married Lorraine Marguerite Asselin in June and according to the wedding account in the paper, they are my neighbors. Small world, isn’t it? Orvis is employed by Stanley G. Snow’s, Incorporated, of Portland! And they’re living at 12 Pitt Street, here in Portland! Hi, Neighbor!

Ronald Falocon of Hartford, Conn., married Sandra Butz and they live happily ever after! Ronald is employed at Pratt-Whitney in East Hartford, Conn., and they are living at 29 Denison St. in Hartford.

Theodore Gross joined the club of married ‘52ers when he said “I do” to Selma Bell of Bangor. Selma was graduated from Bangor High School and will be graduated in February from Brandeis University. Ted is now working for his Ph.D. degree at Columbia University.

Frederick Vermillion married Greta Cyr in Waterville, late in August. Fred attended Maine two years with our class, then enlisted in the Air Force, commissioned as second Lt. in August 1952. This year he is completing his studies in the field of chemical engineering at the U. of M.

Arthur Charles Hathaway married Joan Goodwin in Dover-Foxcroft in June. Gee, that’s an old story now ... but not to them. I hope. For the past year, Art has taught at Greenland, but now is studying law.

Bill and Adelaide (Grant) Ruby’s wedding was the occasion for these five ’52ers to gather. They are (l. to r.) Frances (Smart) Trefts, Dorothy McMann, Margaret (Murray) Pease, Ruth Drysdale, and Jean (Frye) Bagley.

Gee, I don’t know if you’ve noticed or not ... but all the marriages I’ve told you of have been in the male half of the class—not one girl mentioned at all! Oh, well ... better luck next year, girls, it’s leap year! And that’s for sure! Well, I can give you a little news of the girls of our class ...

Ruth wrote telling me of the new son born to her and Frank on June 5 ... named Kenneth Litrow. Congratulations, Ruth and Frank ... and, welcome Kennevie!

Ted told me that Joyce Smith got her M.A. from Penn. State, and was hoping to teach this fall. I’ve seen Nancy (Knowles) Moore a few times this summer, since she and John (’51) got home from Texas, where he was stationed while in the service. A telephone call from Nanc informed me that she and John are buying a house in Norwood, Mass., at 44 Spruce Road. John is working for Farrington Manufacturing Company in Needham, Mass. And the first piece of furniture they bought for the house was a 4 legged German Shepherd, named Liebechen. I know they’re a lot of company, but I don’t think they’ll ever replace TV!

Harriet McKiel is engaged to Donald Marsh— and congrats! For the last three years, Harriet taught in Rockland, and is now at Limestone High School. Don is now attending Maine, so as yet, no date has been set for the wedding! Say, Harriet, how about a note?

Carolyn (Blitzy) (Lindquist) Foster is now known as Mommie to Douglas Gisauld Foster, born May 28. Blitzy’s address is 1315 Stonewood Road, Baltimore, Md. She’s also president of the U. of M. Baltimore Alumni Association. And say, here’s some big news about one of our ’52ers. Connie (Lincoln) Sweetser is this year’s president of the Portland Club of the University of Maine Women. And she really has a job! It’s a large club, and a terrific responsibility ... but everyone’s confident Connie can and will do a terrific job. Good luck, Connie!

Four members of the class, all graduates of the University’s Public Management Course, are town managers of Maine communities. They are Osmond C. Boney, Mars Hill; Laurence C. Dow, Belfast; Elton O. Feeney, Stonington; Leo J. Morency, C. Bonsey, Mars Hill; Laurence C. Dow, Belfast; Elton O. Feeney, Stonington; Leo J. Morency, Mexico.

We can easily see that these towns are in the “best of Hands.”

Gerald Kuminsky was way out in Michigan last year ... but like so many Mainlacs ... he followed the pattern of return of the native. He’s now keeping bachelor’s quarters here in Portland, where he’s merchandising for Markson Brothers!

Lee Dymet is at Camp Zama, about an hour from Tokyo, Japan. Lee is serving as a general’s aide, and enjoys it very much. Time goes fast with his many and varied trips to Korea, Okinawa and Formosa—and throughout Japan! His address is:

3st, Lt. L. W. Dymet, Jr, 0189087
G-2, Hq. AFFE/8th Army (rear)
APO 543, San Francisco, Calif.
and he sent fondest regards to all faithful subjects of Banana Republic.

Also, Lee saw Tom Fogler and his wife in Tokyo. Tom is with the ninth corps artillery at Camp Drake.

Charlie and Marilyn (Johnson) Dunn now have two children—a girl and a boy—the latest one being born January 15 bearing the name Gayle Ann. Claire (Good) and Virgil Hawes, now living in Ohio, have two girls, Nancy Ann, born in March 1954, and Mary Jo born March 1951! That’s a good average I’d say!

Cliff and Barb (Jackson ‘54) Swenson live in Hattiesburg, Miss. where Cliff is working with the turnpike authority!

Armen Gechelian is now a part of Company F. of the 365th Infantry Regiment at Fort Dix, N. J. Before entering the service, Armen was employed by the Carrier Corporation of Syracuse, N. Y.

The engagement of Bertha Norris and Ensign Paul Loughlin has recently been made known. Bertha received her master’s degree at Columbia University and last year was graduated from the Lexington School for Teachers after the training program. Mr. Loughlin was graduated from Cornell University in the School of Architecture.

Marriages:
In July Joanne Howland became the bride of James Hunter. Joanne was a former teacher at Meredith H. S., Meredith, N. H. After two and a half years in the service, James is returning to the University this year to study for his master’s degree. They are residing in Stilwater.

Miss Marion Martel of Tuckahoe, N. Y., became the bride of Robert Touchette this summer. Marion graduated from Maine in the class of ’55. Bob is a lieutenant in the Army Antiaircraft Artillery and is an instructor at Fort Bliss, Texas. They are making their home at Fort Bliss.

On August 6 Pauline Turner and Alton Brown marched down the aisle. For the past year Pauline has been a teacher in Glenn Falls, N. Y. They are living in Milwaukee, Wis., where Alton is associated with the Allis-Chalmers Manufacturing Co.

In September, Charles Deblase took as his bride Margaret Carnevale of Princeton, N. J., Margaret attended Rider College in Princeton, N. J.

In Morristown, N. J., on Aug. 13 Patricia Stancliff became the bride of Joseph Canavan. The bride graduated from Trinity College and will teach English at Poulteny, Vt., High School. John will teach science at Poultney High School, and will be responsible for part of the guidance program.

Rita Yardumian became the bride of George Weatherbee at a double ring ceremony performed July 30. The bride graduated from Simmons College and received her master’s degree from the Univ. of Maine. She has been instructing at
Philadelphia College, Philadelphia, Pa. George received his commission in the Navy from Officers’ Training School, Newport, R. I. He is presently on loan to the Atlantic Fleet Commander in Norfolk, Va.

St. Charles Borromeo Church was the scene of the wedding of Joan Pavreau and Leo LaChance on June 6. Joan graduated from Washington State Teachers College and taught one year at Governor Anderson School in Belfast. Leo received his master’s degree in genetics from North Carolina State College and is now employed as a research assistant at the college. They are making their home in Raleigh, N. C.

Elizabeth Ellen Borgenstrom became the bride of Donald Stevens on Sept. 24, in Woodbridge, Conn. Elizabeth graduated from Colby Junior College and is now associated with the Waterbury, Conn., Hospital. Don is employed by the Chase Brass and Copper Co. in Waterbury, Conn.

Donald P. Kelley took Delores Casale of Portland as his bride this summer, Delores will be teaching in the Vezzie school system this year and Don is at the Dow Air Force Base as a civil engineer. They are living at 178 Parkview Ave., Bangor.

Marjorie (Trask) Greene is now teaching in Dixfield High School. Her husband is with the Air Force in So. Dakota and they have a son Christopher.

Annette Duttle’s address is 57 Cedar St., Bangor.

Philip Hale’s address is 3 Pine St. in Kennebunk. He graduated with the class of ’55 after serving in the U. S. Army and wishes to remain with the class of ’53—Good for you.

Janet (Hanna) LeBlanc is living at So. Apts, in Oswego and finishing school. She plans on entering the social work field in Bangor this fall.

Dick and Rita (Porter) Webber are living in Glenside, Penn. Rita and Dick were married Sept. 9, 1954. Rita is working in the hematology dept. at Temple Univ. Hospital in Philadelphia. Jane Purcell is employed in the Sales Dept., Eastman Corp. in Bangor. Her address is 60 Ohio St., Bangor.

Lois Welton is an Assistant Dept. Mgr. with G. Fox Co. in Hartford, Conn. Her new address is 27 Seymour St., Hartford, Conn.

Marie (Oakman) Lord is doing graduate study in Education at Maryland while her husband is getting his degree in electrical engineering. Their address is 1 Parkview Ave., Orono.

Mary Maguire’s address is 57 Lowell St. in Lewiston. Mary wrote that Don and Jo (Thorne) Whittemore have left Calif. and Don will return to Maine this Sept., to resume his studies.

Karl and Faith (Taylor) Burton, with one-year-old Kerry, are living at 46 Beechwood St., Cohasset, Mass.

Nancy Anne Chandler and Lt. (j.g.) Theodore Whitty became Mr. and Mrs. in Sept. After a wedding trip to Penn., they are residing in Norfolk, Va. Nancy was a teacher in the West Hartford, Conn., school system this past year. Lt. Whitty is active duty with the U. S. Navy and is stationed at Norfolk.

Other News:

Marjorie (Trask) Greene has been appointed to teach languages at Dixfield High School for the coming year. Her husband is an aerial photographer in the Air Force stationed in North Dakota. G.ator McGorrill has been appointed a second grade teacher in the Quincy School, Decham, Mass. Two members of the Class of ’53 have recently been appointed town managers. They are Robert McLaughlin at Boothbay and William Blaisdell at Willoughby, Mass.

Lt. Raymond Cox was recently graduated from the Infantry School’s basic infantry officer course at Fort Benning, Ga. Both men entered the Army last January.

Kay Handy is in the Associate degree course, teaching the first grade in the Cape School.

Guy Twombly who was employed by the Connecticut Power Co. in Conn., is now an instructor in the faculty of the College of Technology at the University.

Ralph Eye was recently appointed to the position of town manager in Searsport.

John Piere who is using son Dennis are living in Guilford. John is Pastor of the First Universalist Church in Guilford and is studying for his Master’s at Hampden. Theological Seminary. Muriel is Piscataquis County Home Demonstration Agent.

The Port of Searsport, Maine

Searsport became famous for its ships and seamen in Colonial times, and in the era of wood and sail Searsport ships and men were known throughout the world. In fact, in 1885 more than a tenth of all American full-rigged merchant ships were captained by Searsport men.

With the coming of steel and steam, its shipping industry was gradually replaced by an expanding trade in the products of Maine's northern farms and forests. By 1905 the Bangor & Aroostook Railroad had reached tidewater at Searsport and thus made possible the ready exchange of goods between northern Maine and the world's market places. This same year Sprague's Penobscot Coal & Wharf Company built its fuel terminal at the port for supplying coal to the region's growing industry.

Thus, 1955 marks Sprague's Fiftieth Anniversary at Searsport, celebrating a period during which these terminal facilities have been increased over five-fold in providing both coal and fuel oil, as well as transshipping services for other bulk commodities. Arriving by sea for distribution over the Bangor & Aroostook's lines are coal, petroleum products, fertilizer, sulphur, ores and other raw materials from many lands. The principal exports from Searsport include newsprint and the famous Aroostook potato, as well as a vast variety of food and paper products, building materials, and other manufactured items. Searsport's commercial advantages are continuing to attract new industry, well illustrated by the present construction of a $9,000,000 chemical plant on its shores.

Proud as Searsport is of its past, when its ships sailed all over the world, it is even prouder of this modern development which brings ships from all over the world to Searsport. Sprague, too, is proud of its part in being a supplier of fuel for this continuing growth.

Amusements

Life was not always dreary and dull in early Portland, though amusements were usually of the home-made variety. Frequent mention is made in Parson Smith's Diary of skating and sleighing parties in the winter, and of fishing, swimming and picnics in the summer. The deep hard-packed snows of winter were enjoyed particularly, with many sleighing parties organized to visit friends in outlying towns.

Household tasks such as spinning, weaving and sewing were usually made the occasion for a friendly gathering by the women of the community. Rev. Samuel Drane described one such party at his house of more than "an hundred of the fair sex," who prepared and spun "236 seven-knotted skeins of excellent cotton and linen yarns" as a gift for their hostess.

The visit of notables such as the Governor and his retinue, or a judge coming to hold court, was hailed by the settlement as reason for celebration, mostly in the form of long and convivial dinners with rich foods, fine wines, and all the diners garbed in their gala costumes and wigs.

Dancing was frowned on as an amusement by many of the straight-laced Portlanders. We find a record of one dancing party in Mr. Smith's book, as follows:

"Theophilus Bradbury and wife, Nathaniel Deering and wife, John Wait and wife, and several others of the most respectable people in town, were indicted for dancing at Joshua Freeman's Tavern in December, 1765. Mr. Bradbury pleaded that the room where they had been dancing was hired by private individuals who were using it as a private apartment. Therefore the room was not to be considered as a public place of resort at the time. His plea was sustained."

Mr. Wells in his History of Portland says: "Theatrical performances are given occasionally by irregular, straggling companies from Boston and other places, but they have not much respectability, nor do they receive much patronage from the better classes of society. There are also occasional amateur performances of select plays, by ladies and gentlemen of the city, who are very respectable both in their character and attendance. There are numerous other amusements of various kinds, such as jugglers, minstrels, and other like exhibitors, which attract particularly the young."
