Press Herald discusses vaccination compliance with Ferrini-Mundy, McClymer

August 24, 2021

Joan Ferrini-Mundy, University of Maine president, talked with the [Portland Press Herald](#) about the numbers of staff and students who have uploaded proof of vaccination to the university's online portal. As of Aug. 23, approximately 66% of those who will be on any campus in the system have shared their information in the portal. Ferrini-Mundy believes that number will continue to increase. "We are still following the expectation that the more people that are vaccinated the safer we will be as a community," Ferrini-Mundy said. Jim McClymer, president of the Associated Faculties of the University of Maine, a union representing full-time faculty, said that discussions with faculty are ongoing about COVID-19 safety issues. The [Sun Journal](#) and [Centralmaine.com](#) shared the Press Herald story.
