The 2009 edition of the Bristol annual report is dedicated to the memory of Margaret E. Plumley. “Plum” served the Town of Bristol from 1987 through 2002 in the positions of Treasurer, Tax Collector, Town Clerk and Registrar of Voters. She will be remembered for her quick wit and unwavering dedication to Bristol’s residents and taxpayers.

* There are two reasons for the licensing of dogs: the control of rabies and identification of the owner when a dog is found at large. Licensing a dog takes only a few minutes at the Town Clerk's office each year, and costs only \$6.00 for altered dogs and \$11.00 for unaltered. A new license can be obtained at any time during the year once the dog has reached 6 months of age. Renewals can be done from October 15 through January 31, after which a \$15.00 late fee is charged. (Certificates of neutering and rabies vaccination must be presented). The Town asks that all dog owners comply with State Law by licensing their dogs and by controlling the behavior of their dogs at all times, either by voice control or by restraint.

The Collection of Taxes

Assessments are based on the status of properties on April first of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Collector. Upon commitment the valuations become permanent record and can be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1st, and if known to the Town, a copy will be mailed to any new owner. It is interesting to note that in Maine, the tax bill is not a legal requirement.

The due date and the interest rate for late payment are determined by vote of the Townspeople at the March Annual Town Meeting. In 2010, the Selectmen will recommend September 15 for the due date and 7% for the interest rate on late tax payments (7% is the maximum rate allowable in 2010, as set by the State Treasurer). Prepayment of taxes in any amount will be accepted at any time.

The Lien Process

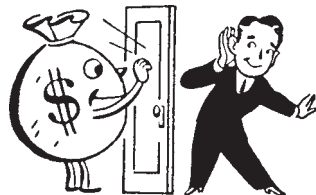

Sometime between eight and twelve months after the tax commitment the Collector will place a lien on all real estate with unpaid taxes. The costs of the lien are paid by the Town and must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after being recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town can sell the property at auction. In order to avoid getting in arrears, one may make partial payments in any amount.

Homestead Exemption

You are entitled to a Homestead Exemption if:

1. You are a legal resident of Maine as of April 1, 2010 and have owned a homestead property here for at least the last 12 months;
2. That property has been your permanent residence for the past 12 months;
3. It is the only property for which you are claiming a homestead exemption.

If you are already receiving this exemption, there is no need to reapply. If not, applications are available at the Town Office and must be filed before April 1.

Bristol Fire & Rescue

Ronald E. Pendleton, Fire Chief (retired January 5, 2010)

The mission of the Bristol Fire & Rescue is to provide the highest level of service to protect life, property and the environment through life safety education, emergency planning and preparedness, and a rapid safe response to all calls of assistance.

Please make your home safer and assist the fire and rescue department by posting your house number so that it is visible from all directions. If you live on a secondary or private road, please cut back trees and branches 12 feet high and 15 feet wide to allow a fire truck or ambulance to respond to your home or business.

Bristol Fire & Rescue responded to 402 emergency calls during 2009. There were 232 medical calls, 80 auto accidents, 39 fire calls, 23 downed power lines and trees, 10 mutual aid, 2 search and rescue, 4 water rescue and 12 other calls.

The biggest accomplishment in 2009 was the purchase of two identical Ferrara engines. These new engines replace the 1976 truck in Round Pond and the 1973 truck in Bristol Mills.

Members spent time installing three new dry hydrants in town. They are located at the Bristol Mills Dam, on Route 32 in Round Pond and on Route 130 at Pemaquid Point.

This year 10 Bristol Fire and Rescue members joined the newly organized Lincoln County Search and Rescue Team. These volunteers trained and became certified to assist the Maine

Warden Service in search and rescue.

The Bristol Fire and Rescue Auxiliary organized the Children's Christmas Gift Giving Project headed by President, Jenny Pendleton. This was the 17th year of the project. This service would not be possible without the generous financial support from the community and the many volunteers who help each year.

The department would like to thank Michael Morrison for building and donating a 12 foot lobster boat replica. The boat was raffled off as a successful fundraiser.

We continue to participate in fire education training with Bristol School, assist with the 4th of July parade in Round Pond, various activities during Olde Bristol Days, Santa's arrival by helicopter at Pemaquid Point Lighthouse, and the Easter egg hunt.

Many mandatory state training classes were attended by firefighters, entailing countless hours of class time.

Please dial 911 if you have any emergency. Remember to change the batteries in your CO₂ and smoke detectors when you change your clocks back in the fall and ahead in the spring.

On January 5, 2010, I retired after serving as Chief for 20 years. I have served the Bristol Fire Department for a total of 56 years. I want to thank the townspeople for their overwhelming support while holding this office. It has been most rewarding and a great pleasure to serve the people of the town of Bristol. ❖

Adult & Community Education

Ellen Dickens, Director

The Central Lincoln County Adult and Community Education program got a new name (after Union 74 reorganized and became the new AOS #93) and welcomed the town of Jefferson into its service area in 2009. We continued to provide basic literacy services along with high school completion classes free of charge in our Learning Center program two nights a week with students from every town in AOS #93 participating in GED or Basic Education classes in 2009. For the first time we also offered a “Fast-Track” GED program in July 2009 where we had 5 students finish all or most of their GED tests in only one week.

Free College Transitions courses are offered through The Lincoln County College Connection (TLC³) - a cooperative program with 3 other Lincoln County Adult Education programs. Dozens of adults from Lincoln County participated in classes that will help them prepare for college.

Over 800 people participated in more than 90 courses offered through the Adult and Community Education department in 2009. Community members took part in Computer Literacy classes, Ballroom Dance, Notary Public Training, cooking classes, Pilates and many other courses both practical and fun. AOS #93 Schools and Lincoln Academy provide facilities and support services for all our classes, help-

ing to keep the cost of the enrichment programs very low.

We also continue to work with Miles Hospital to provide vocational training in several medical programs. In 2009 they conducted 3 Certified Nursing Assistant courses with 27 students completing the program and receiving certification. We were also able to offer 4 Certified Residential Medical Assistant and Personal Support Specialist classes with 43 people receiving certification or recertification.

These services were paid for through a combination of local allocations, registration fees, state funds and federal grants. Funds provided by our supporting communities are used to provide the basic education and high school completion programs. The community enrichment classes are self-supporting through the course fees charged in each class.

Information about all our programs and services can be found on our web site: <http://clc.maineadulted.org> or by calling us at 563-2811. ❖

Fishermen's Museum

John Allan, Treasurer

The Fishermen's Museum was open for our 37th season in 2009. Museum staff and volunteers welcomed 34,942 visitors from around the world and all 50 states. Our new museum poster was popular and helped raise donations.

Since 1972 the Museum has dedicated its space to exhibit the history of fishing activities and related maritime industries in our town and along the coast of New England. Our expanding collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, dioramas, ships logs and first person accounts of shipwrecks, along with rare and unusual items that presents the history of the Bristol community to visitors from home and away.

The Museum is open during seasonal Lighthouse Park hours and admission is free. Donations go directly to artifact restoration, exhibit maintenance and our small operating budget. The balance has always been donated to the town of Bristol, and in 2009 our contribution was \$3,740 bringing total donations from the Fishermen's Museum to the town of Bristol since our opening to \$243,977.

We continue to add to our website (www.thefishermensmuseum.org) eventually providing access to our complete collection of historic documents and old photographs as well as a virtual camera tour through our display rooms. Site content will include a map of the peninsula, current events, information and photos of all the Bristol Park properties.

We are fortunate to have the support of a dedicated group of volunteers over the past 37 years. It is through their efforts and the enthusiastic support of the Bristol Park Commissioners that the Fishermen's Museum has been so successful. Thanks to all who contribute their time and make our Museum an educational destination for visitors and maritime scholars. ❖

Pemaquid Group of Artists

Kay Hannah, President

The Pemaquid Art Gallery is the "home" of the Pemaquid Group of Artists, an 80-year-old organization of local juried artists that shows and sells original works of art at the gallery. The gallery building, built jointly by the artists and the town of Bristol in 1960, is owned by the town and located at Pemaquid Lighthouse Park.

In 2009, 27 member artists, consisting of 25 painters and 2 sculptors, as well as 2 guest artists, exhibited their art daily from mid-June to mid-October. Visitors came not only from town but from all parts of the country and many parts of the world. Due to the tight economy, although our number of sales was consistent with other years, our income from sales was down by about 25% for the season.

We increased our number of events in 2009. In June we held an opening reception for friends and patrons of the gallery. A public reception, called "Meet the Artists" was in August, and an Outdoor Sale and Artist Demonstration in conjunction with Lighthouse Day took place on September 19.

One of the goals of the Pemaquid Group of Artists is to enrich the art culture for area residents, children, and visitors. As a state of Maine non-profit organization it donates to local education programs and provides a free pass to the Portland Museum of Art, available at Skidompha Public Library in Damariscotta for use by the citizens of Bristol and area towns. In 2009 the group also donated \$600 to the town.

Throughout the season, 5 volunteer attendants supplemented the services of 4 regular attendants. We are very appreciative of the services of them all as well as those of our gallery manager. We are invigorated by the increased number of patrons who have helped us this year. The Pemaquid Group of Artists also extends its gratitude to the town for use of the gallery and to Parks and Recreation for providing new front shingling, windows and a door, an access ramp, and badly needed underpinnings in the spring of 2009.

The Pemaquid Group of Artists is served by a Board consisting of Kay Hannah, Sally Woolf-Wade, Sally Loughridge, Jean Harris, Barbara Klein, Tom Block, and Denise Rankin. The organization looks forward to its 50th season at Lighthouse Park in 2010. ❖

Bristol Area Library

Jacqueline Bennett, Librarian

The library expanded Monday hours to 10-5 to much positive response. We served over 7,500 adults, 850 children and circulated over 17,000 items. The library offers wireless internet access, as well as three computers for

public use. With our new web-based automation program, the public can access our collection via the library's website: bal.tidewater.net.

Community programs in 2009 included art displays, knitting for all ages, author visits, story time and a summer reading program for children.

Weekly volunteers worked over 1130 hours in 2009 and we honored them with a pizza celebration coinciding with National Volunteer Week. Volunteers assisted with creating a new design for our Memorial Garden and on fund-raising events such as our annual plant sale, book sale and our newest event, the Artists Studio Tour.

We held a reception this year to honor Susanne Holmes, whose history with the library is rich and long-standing. She served as librarian for nearly 15 years and formed the Phoenix Club to raise funds to rebuild the library after the fire in 1981. For the past 20 years she has been a volunteer and board member.

This year's board of trustees are Kathleen Riess, President; Carol Jaeger, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer and Roberta Watson, Corresponding Secretary. Other trustees are Jim Austin, Cathy Chase, Doug Comstock, Becky Cooper, Vera Havens, Judith Hope, Andrea Powell, Susan Taylor, and our newly appointed members Andrea Ericson and Ray Cragin. Many thanks to Susanne Holmes and H. Louise Bernstone, retiring members.

We appreciate the support we receive from local organizations and many thanks to the town of Bristol for \$13,000 in appropriations. ❖

Pemaquid Watershed Association

Donna Minnis, Executive Director

Pemaquid Watershed Association (PWA) began in 1966 as the Biscay Pond Association. PWA is a member-supported non-profit organization with a mission to conserve the natural resources of the Pemaquid peninsula through land and water stewardship and education, focusing on the 47 square miles of Pemaquid River watershed. PWA achieved a record-breaking 850 members in 2009 and is thriving in its good work for local conservation.

The following are highlights of 2009 PWA programs that directly benefited Bristol:

- 6th year of staffing and programming at Beachcombers' Rest Nature Center at Pemaquid Beach Park.
- Creation of an educational Butterfly Garden at Pemaquid Beach Park.
- 7th year of Healthy Beaches water quality testing at Pemaquid Beach.
- 20th+ year of leading a Coastal Cleanup of the Pemaquid Point shoreline.
- Acquiring three public nature preserves in Bristol: two transferred to PWA from The Nature Conservancy (Bass Rock Preserve in Round Pond and La Verna Preserve in Chamberlain) and one new land donation from a private landowner (Moxie Cove Preserve in Round Pond).
- Providing public access to land and shorefront via maintenance of the three preserves above, as well as the other three preserves PWA owns in Bristol: Crooked Farm Preserve (managed with

DRA), Bearce-Allen Preserve, and Little Falls Brook Preserve.

- Installation of a 21-station self-guided interpretive trail with four large educational panels at Bearce-Allen Preserve.
- Maintenance of the Bristol Recreational Trail for the Town.
- 7th year of coordinating an annual gathering for citizens with specific interest in Biscay Pond (the "PWA Biscay Ponders") to provide education about pond management and to facilitate sharing of concerns and updates about conservation efforts related to the pond.
- 5th year of the Courtesy Boat Inspection program to educate boaters and minimize the risk of undesirable plants invading the Pemaquid-area ponds.
- Initiation of the state's LakeSmart program for Biscay Pond shoreline residents, providing free technical assistance related to septic system management, lawn maintenance, and other practices landowner can undertake to protect pondwater quality.
- 5th year of a summer day camp program for children in July.

PWA exemplifies a grassroots movement powered collectively by – and with sincere gratitude to – individuals and businesses, volunteers, friends, and our local municipalities. PWA looks forward to continuing to serve the citizens of Bristol and helping to protect this beautiful area we all love. PWA thanks the Town of Bristol for its ongoing support of our mission. ❖

Bristol-South Bristol Transfer Facility Report & Budget

Shawn A. Dinsmore, Manager

The recycling effort for the year was down from 34.3% to 29.6%. The intake of household waste was down from 1,517 tons to 1,040 tons. The free dump load will continue, with a limit of 1,500 lbs. The mercury program and Planet Aid clothing drop are still going strong.

Shawn, Raymond, Kurt and Blake wish to thank everyone for their recycling effort and continuing support. ❖

Bristol Parks & Recreation

Gordon Benner, Chairman • Cerina Leeman • Paul Tierney

2009 was a definite success for the Bristol Parks & Recreation Commission. Revenue from admissions at Lighthouse Park and Pemaquid Beach Park exceeded our projected goals. At the lighthouse admissions were up while at the beach, due to rainy weather, admissions were down slightly. However, as the beach admission fee was raised beach revenue still increased.

In 2009 the Commission completed two major projects. The Learning Center was finished and the Art Gallery building's foundation was repaired, the entrance was made wheelchair accessible and the siding and front windows were replaced. Additionally, the Commission paid off its outstanding debt to the town and purchased a new tractor to replace one that was in disrepair.

Each year the Commission receives donations from individuals and organizations. In 2009 Jane Tedrow donated a beautiful handmade quilt which the Commission raffled. The raffle raised \$900 for the Learning center. The Pemaquid Group of Artists gave a donation of \$600. The Fisherman's museum made a generous donation of \$3,740. Over several decades the Museum's annual donations total close to \$245,000.

The Commission will continue to sponsor band concerts and barbecues which are always well attended. In 2009 we participated in the Coast Guard's Maine Open Lighthouse Day. We used this occasion to sponsor a successful

lobster bake to raise funds in support of the Save the Lighthouse Committee.

A non-sponsored event, Hurricane Bill, was a highlight of the season when it passed off shore on a sunny Sunday afternoon. There were 2,000 paid admissions to the park and when combined with residents who came it was one of the largest crowds ever at the park. After a long wait at the entrance, all were able to park and then view Mother Nature from a safe vantage point. Due to the hard work of park staff, Bristol Fire & Rescue and the Sheriff's department there were no traffic incidents or injuries.

The Commission receives many compliments from the public on the beauty and cleanliness of our parks. Our staff takes pride in keeping the grounds and beach beautiful, the facilities in good repair, the rest rooms clean and in welcoming visitors and residents to the park, the beach and the museum. Many of our staff return every year and the Commission thanks them for making this past year a successful one.

The Commission welcomes all feedback and suggestions. The Commission meets twice a month at town hall. Dates and times can vary so please check the public notices published in the Lincoln County News or call town hall. For overall park information visit our website at bristolparks.org.

In 2009 the Commission welcomed two new members, Cerina Leeman and

Paul Tierney, and bid farewell to Jane Tedrow. The Commission thanks Jane for her dedicated service and her quilt donation. The Commission wants to thank Commissioner Gordon Benner for his many years of service and his leadership in bringing the Learning Center to completion.

In 2010 the Commission will establish a reserve fund for future capital expenditures, begin some restoration work at the Rock Schoolhouse, plan for more events at the Learning Center and will continue efforts to reduce or minimize operating costs while at the same time increasing, to the extent possible, revenue. ❖

Superintendent of Schools

Robert Bouchard

Education today needs to prepare students for a world filled with new and ever-evolving challenges. The knowledge and skills students will need to be successful citizens in the years to come are much different than those we learned in school. At Bristol Consolidated School our goal is to support an environment where learning and growing are the focus. The staff is committed to ensuring that each student receives targeted, effective instruction at his or her level of ability. In order to achieve this goal, the staff has formed teams called Professional Learning Communities that work together to analyze student performance data, identify student strengths and weaknesses and plan strategic instruction for students who need it most. These groups lead to more efficient use of instructional time. The focus during the current school year has been on reading and math performance. Teachers continue to utilize Differentiated Instruction to ensure that students are able to make the most of their education at Bristol Consolidated School. By differentiating the learning environment, students are able to learn at a more personalized pace and teachers are encouraged to pursue a wider variety of instructional methods to meet student needs. Utilizing the technology tools of 21st century has created a dramatic change in our access to resources in education. The Maine Learning Technology Initiative

(laptop program) for the 7th and 8th graders provides almost limitless resources to the classroom while challenging both students and teachers to use this technology to enhance rather than distract the learning process.

Students at Bristol Consolidated School receive much more than intensive reading and math instruction. Our middle school students participate in weekly advisor groups that provide them with a supportive atmosphere to process social, emotional as well as, academic topics. The staff has also instituted a student council for the third through eighth graders. This group has been working on a variety of projects that focus on wellness and leadership. Come see how they have been keeping pounds of trash out of the dumpster by composting food waste during lunch. Bristol Consolidated School is committed to providing a well-rounded education by supporting visual arts, performing arts, physical education and athletic programming as well as social learning as part of our regular K-8 curriculum. These programs provide skill-building experiences in teamwork, problem solving, performance, communication, creativity and collaboration.

This peninsula and surrounding communities present a wealth of resources that benefit the students in many ways. Our students have had the pleasure of working with the Darling Marine Center to do research and explore marine

science. The Carpenter’s Boat Shop has hosted student visitors as well as sponsored weekly volunteers at the school. The Bristol Area Library and local fire department support the education of our students through demonstrations and regular visits each year. Volunteers from the Lions Club have participated in weekly reading buddies called the “Lions’ Lift” program. The Master Gardeners from our local areas work with

the school each spring teaching students how to grow their own food. This year we plan to have raised gardens right behind the school! Education in a vacuum will never fully prepare our children for the ever-changing world we live in. It takes a community to raise our children, and we are so lucky and grateful for the support Bristol Consolidated School students receive from all of you in different ways. Thanks! ❖

Independent Auditors' Report

William H. Brewer, Certified Public Accountant

858 Washington Street, P.O. Box 306

Bath, Maine 04530

We have audited the accompanying general purpose financial statements of the Town of Bristol, as of and for the years ended December 31, 2009 and 2008, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Town of Bristol as of December 31, 2009 and 2008, and the respective changes in financial position and cash flows, for

the years then ended in conformity with accounting principles generally accepted in the United States of America.

The *Management's Discussion and Analysis* and budgetary comparison information on Schedule A-1, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bristol's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and

statistical tables have not been subjected to the auditing procedures applied in the audit of the basic finan-

cial statements and, accordingly, we express no opinion on them. ❖

Management's Discussion and Analysis

Fiscal Year Ended December 31, 2009

The Municipal Officials of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2009. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

The Financial Statements

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Governmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues)

and business-type activities (functions that are intended to recover all or a significant portion of their costs through user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental, business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Statement of Net Assets and Statement of Activities

The statement of net assets and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to

the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net assets are one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net assets and statement of activities, the Town's activities are separated as follows:

Governmental activities: Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, user fees, interest income, franchise fees and State and Federal grants finance these activities.

Business-type activities: Parks and Recreation is considered a "business-type" activity. A fee is charged to customers to cover costs associated with Bristol's parks. Parks and Recreation is completely self supporting through admissions, rental income, and other user fees.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain con-

trol over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. The Town currently has four "capital reserve" accounts: the Highway Equipment Fund, the Fire Truck Fund, the Revaluation Fund, and the Computer Fund. The Building Fund was used in 2009 to renovate the existing Town Hall.

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the remaining balances at year end that are available for spending. These funds are reported using an accounting method called "modified accrual", which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed shorter-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The Town's governmental funds consist of the following:

General Fund: The general operating fund of the Town used to account for all financial resources except those

required to be accounted for in another fund.

Proprietary Funds: When the Town charges customers for services it provides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

Fiduciary Funds: The Town's fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

Governmental Activities

The cost of all governmental activities in 2009 was \$8,586,096.16, a decrease of \$107,619.86 in comparison to 2008. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The Town paid for the "public benefit" portion of governmental activities with property taxes and through additional sources such as excise tax, interest, State revenue sharing, cable television franchise fees and other miscellaneous revenues.

Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program's net cost (total cost less revenues generated by the activities) is presented below. The net costs show the financial burden placed on the Town's taxpayers by each of the functions:

Governmental Activities	Net Cost 2009	Net Cost 2008	Net Cost 2007
Education	\$4,227,178.60	\$5,113,743.81	\$4,346,528.29
General Government	791,395.25	494,248.78	498,591.33
Health and Welfare	242,649.41	271,333.43	280,536.11
Highways and Bridges	968,320.18	1,056,400.00	1,252,542.05
Protection	881,134.76	230,618.97	308,043.47
County Tax	1,211,287.44	1,243,398.83	1,157,359.55
Unclassified	<u>264,130.52</u>	<u>283,772.20</u>	<u>261,016.06</u>
Total:	\$8,586,096.16	\$8,693,516.02	\$8,104,616.86

On December 31, 2009, Bristol's net assets for governmental activities totaled \$7,614,486.12. Net assets as of December 31, 2008 were \$7,714,157.17 and \$7,220,341.96 as of December 31, 2007. The result is a decrease in net assets of \$99,671.05 during fiscal year 2009.

Business-Type Activities

The cost of the Town's only proprietary fund, Bristol Parks and Recreation, was \$234,652.44. The amount paid by users of the system was \$277,611.74, resulting in a net gain of \$42,959.30. A capital reserve fund in the amount of \$3,000.00 will be created for capital improvements. The balance will be used to allow the Parks Department to begin the 2010 season without borrowing from the Town.

Budgets and Budgetary Accounting

The breakdown of actual expenditures for the year may be found in the Selectmen's Financial Report which is part of the 2009 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2010 to ascertain potential increases or decreases in individual budgetary items.

Administrative Notes

Bristol had four outstanding loans at the end of fiscal year 2009: School Renovations which matures in 2017, the Partridge Bridge which matures in 2017 and the Fire Truck which matures in 2012. Voters at the 2009 Town Meeting approved purchase of two fire trucks resulting in an additional loan which will mature in 2018. The following is a comparison of total long-term debt:

FY 2009	FY 2008	FY 2007
\$ 1,376,335.92	\$ 972,587.66	\$ 694,724.38

There was an decrease in the County tax assessment as compared with fiscal year 2008.

FY 2009	FY 2008	FY 2007
\$ 1,211,287.44	\$ 1,243,398.83	\$ 1,157,359.55

Unappropriated surplus at the end of fiscal year 2009 increased by more than 34% from fiscal year 2008. A portion of this will be used to reduce the amount appropriated through taxation in fiscal year 2010.

FY 2009	FY 2008	FY 2007
\$ 867,479.19	\$647,150.25	\$788,020.14

The mill rate remained steady for fiscal year 2008 and fiscal year 2009. The following rates are per \$1,000.00 of valuation:

FY 2009	FY 2008	FY 2007
8.15	8.15	7.75

Education accounted for approximately 60% of the tax commitment followed by the County tax assessment and the Municipal budget, each at 20%.

Bristol's financial position continues to be excellent. The Municipal Officers will continue to seek ways to lower the cost of providing essential services to Bristol's taxpayers while preparing for demands on infrastructure, increased cost of education, decreased State revenues, the County tax commitment and State and Federal mandates. ❖

Notes to Financial Statements

December 31, 2009

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also

required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*. Certain significant changes in the Statement include the following:

1.) Financial statements now include:

- A Management’s Discussion and Analysis (MD&A) section providing an analysis of the Town’s overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Town’s activities, including infrastructure (roads, bridges, etc.).

2.) A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Town has elected to implement the provisions of the Statement in the year ended June 30, 2004.

2. Basic Financial Statements - Government-Wide Statements

The Town’s basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town’s major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town’s fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statement of Net Assets, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town’s net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town’s functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. *General Fund*: General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
2. *Fiduciary Funds*: Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. *Proprietary Fund*: The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

- a. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

- b. Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

- a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

- b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful

life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

6. Total Columns

Total columns on the combined statements are captioned “Memorandum Only” to indicate that they are presented to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE B - CASH:

Cash

The Town’s cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category 1: Insured or collateralized with securities held by the Town or by its agent in the Town’s name.

Category 2: Collateralized with securities held by the pledging financial institution’s trust department or agent in the Town’s name.

Category 3: Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town’s name.)

	<u>\$ 1,376,335.92</u>	<u>\$ 198,808.50</u>	<u>\$ 1,575,144.42</u>

NOTE E - GENERAL FUND BUDGET:

The town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the board of selectmen and/or the budget committee.

NOTE F - DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	\$ 94,452.84
Education	450,824.55
Highways and Bridges	31,451.67
Protection	1,439.90
Unclassified	4,167.35
	<u>\$ 582,336.31</u>

NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:

The town's property tax for the current year was levied June 3, 2009 on the assessed value listed as of April 1, 2009 for all taxable real and personal property located in the Town. Taxes were due September 15, 2009 with interest at 9% per annum or part thereof commencing September 16, 2009.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE H - RETIREMENT PLAN:

Public school teachers contribute to the Maine State Retirement System ("System"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for public school teachers, state employees (except as members of the judiciary and legislature who are covered under the Judicial and Legislative Retirement Systems) and political subdivisions. All public school teachers participate in the Maine State Retirement System and, if vested with ten years of service prior to July 1993, are eligible for normal retirement upon attaining the age of sixty and after completing twenty-five or more years of creditable service. Vested participants are entitled to a retirement benefit equal to a fraction of the average final compensation multiplied by the years of membership service (discounted for early retirement). The System also provides death, disability, and health insurance benefits. These benefit provisions and all other requirements are established by state statute.

Teachers are required to contribute a portion of their annual salary to the System. The State of Maine contributes the remaining amounts necessary to fund the System, using the actuarial basis specified by statute. The covered payroll for teachers is approximately \$1,379,091.90. As required by Accounting Standards, the amounts paid on behalf of the School Department by the State of Maine has been recorded as an intergovernmental revenue and an expenditure which amounted to \$116,580.77. Information concerning pension benefit obligation for public teachers is available from the Maine State Retirement System.

NOTE K - RISK MANAGEMENT:

The town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - INTEREST COST INCURRED:

During the current year the town incurred interest costs totaling \$26,193.51 which was charged as an expense to various accounts.

NOTE M - OVERLAPPING DEBT:

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the county defaulted, is approximately

\$10,240.00.00 at December 31, 2009. The Town of Bristol's share would be 14.51% of the debt, or \$1,485,708.00.

NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the year expenditures exceeded total appropriations in the following general fund categories:

	<u>Appropriation and Revenue</u>	<u>Expenditures</u>	<u>Variance</u>
Abatements		4,982.12	(4,982.12)
Registrations and Licenses	235,180.32	242,857.57	(7,677.25)
Marsh Island Tax		464.28	(464.28)
Maine DOT	59,681.00	60,000.00	(319.00)

Historically, the Town has not appropriated funds for abatements, but rather funds the expenditures through other unappropriated revenue or unappropriated surplus. Revenues were less than estimated for the other accounts.

NOTE O - JOINT VENTURE:

The towns of Bristol and South Bristol have entered into an Interlocal Agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each Town. All costs and revenues are shared in the ratio of 60% - Bristol, 40% - South Bristol.

The following is a summary of the joint venture financial statements for:

	<u>Total</u>	<u>Bristol's Share</u>
Total Assets	\$ 327,728.75	\$ 196,637.25
Total Liabilities	4,292.79	2,575.67
Total Fund Balance	<u>\$ 323,435.96</u>	<u>\$ 194,061.58</u>
Total Revenues	\$ 425,370.40	\$ 255,222.24
Total Expenditures	<u>424,786.27</u>	<u>254,871.76</u>
Excess of Expenditures Over Revenues	<u>\$ 584.13</u>	<u>\$ 350.48</u>

Bristol's assessments paid to the joint venture in 2009 totaled \$191,531.00 and are recorded as expenditures.

NOTE P - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2010 Taxes	\$ 2,515.92
Excess of State Revenue Share's Receipts over the amount used to reduce the 2009 Tax Commitment	11,403.86
	<u>\$ 13,919.78</u>

Selectmen's Report

Chad Hanna, Chairman • Robert Tibbetts • Paul Yates

2009 has been another challenging year. The economic situation has continued to impact the area. The Town of Bristol has come through 2009 in good financial condition, based on our annual audit. We expect the declines in revenues, experienced over the past two years, to continue in 2010. We are anticipating a drop in Excise taxes of approximately \$20,000 and State Revenue Sharing decreases for both the General and School budgets amounting to nearly \$100,000. Collections on property taxes have remained fairly close to last year's rate of 96%. This is excellent in light of the economic realities of the past two years.

The School Board, Selectmen and the County Commissioners are all recommending budgets that are level or below 2009 levels for the upcoming year. Although revenue will be down again this year we hope to be able to hold the tax rate level for a third consecutive year.

Major road improvement projects were completed on the Pemaquid Trail and Old County Road and other smaller projects.

The renovation of the Bristol Town Hall was completed this summer and fall. A large portion of the work was related to energy efficiency. Insulation was added to the walls and attic and energy efficient windows were installed. We tried hard to maintain the original look of the building inside and out and

also to make a more inviting space and a more efficient workspace for the staff.

Building construction activity was very low in 2009. Only five permits were issued for new homes and no new subdivision applications were received. New construction added only about \$6,000,000 to the overall town valuation.

Property values have continued to trend downward in 2009. The town's state valuation remains the largest in Lincoln County at approximately \$1,300,000,000. Our share of the Lincoln County Budget remains near \$1,200,000.

This year's Town Report is dedicated to the memory Margaret Plumley.

The selectmen accepted with regret the retirement of Ron Pendleton as the chief of Bristol Fire and Rescue. He will be succeeded by Paul Leeman. The selectmen would like to thank Ron Pendleton for his many years of service as the Chief of Bristol Fire and Rescue. Ron not only served as Fire Chief, but was the town's Emergency Management Director as well. Ron has worked hard during his tenure as chief and has developed a well equipped and trained volunteer fire department with broad community support for Bristol Fire and Rescue. ❖

⇒ Warrant for Town Meeting ⇐

To Sean M. Hunter, a resident in the Town of Bristol in the County of Lincoln and the State of Maine,

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Bristol, in said County and State, qualified by law to vote in town affairs, to meet at the Bristol Town Hall, in said Town, on Monday the 15th day of March, 2010 at 8:00 AM, then and there to act upon Article 1. The polls for voting on Articles 2 & 3 shall be opened at 8:00 AM and will close at 8:00 PM. The remaining business to be transacted under this Warrant will be taken up on Tuesday March 16, 2010 at 7:00 PM at the Bristol Community Gymnasium.

Art. 1 To elect a Moderator by written ballot to preside at said meeting.

Art. 2 To choose by secret ballot the following public officials:

- One (1) Selectman/Assessor for a 3-year term

Total School Budget Request	\$ 4,197,830.00

NOTE: State Subsidy and EPS amounts are estimates as of February 10, 2010, as the State has not yet released numbers for 2010-2011.

Art. 49 To see what sum the Town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (**School Committee Recommends \$3,188,492.00**) and to see what sum the Town will raise as the Town’s contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

School Committee Recommends \$3,073,099.00

Explanation: The Town’s contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by State law to be the minimum amount that a municipality must raise in order to receive the full amount of State dollars.

Art. 50 (**Written ballot required**) To see what sum the Town will raise and appropriate in additional local funds (**Recommend \$790,640.00**) which exceeds the State’s Essential Programs and Services allocation model by **\$836,996.00** as required to fund the budget recommended by the School Committee.

The school committee recommends **\$790,640.00** for additional local funds and gives the following reasons for exceeding the State’s Essential Programs and Services funding model by **\$836,996.00**:

The State’s required or allowed secondary tuition and insured value factor exceeds the EPS amount; the costs of operating a small school exceed model EPS amounts; and transportation costs exceed the EPS amount. Additionally, in past years, the annual payment (\$63,000.00) on the school’s renovation project was raised in a separate article and not considered part of the amount that exceeds EPS. The State has changed that requirement this year, and the payment now must be shown as contributing toward the amount by which Bristol exceeds EPS.

Explanation: The additional local funds are those locally raised funds over and above the Town’s local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the Town budget for educational programs.
