UNIVERSITY OF MAINE
"Working for myself and Mass Mutual

my first million-dollar year came after only 3 years' experience!"

says John E. (Buddy) Leake, Jr., Memphis, Tenn.

"Three years after graduating from the University of Oklahoma, I found myself in the top quarter of my field. In that year, 1959, I sold nearly two million dollars of insurance. Every year since then has been a highly successful year for me. When I graduated I had gone into business for myself as a life insurance agent with Massachusetts Mutual.

"I can't think of any other field where a man can progress so rapidly. Believe me, I'm in for the long haul! "It occurs to me that there must be many men who are tired of working for somebody else, and would like to get into business for themselves. In a business that requires no investment or inventory ... where you select the type of people you want to do business with ... where you profit in direct proportion to your own efforts ... and where you have the satisfaction of knowing that your work is really helping people.

"It seems to me that men like this should investigate the opportunities of selling life insurance with Mass Mutual. It is a fine company with over 2.6 billion dollars in assets. It is solid, yet progressive. It offers me a career with a wonderful income and with plenty of time for Carolyn and our five children.

"If you're interested in a career like mine, the President of Massachusetts Mutual would like you to write him a personal letter about yourself. This could be one of the smartest things you have ever done! His name is Charles H. Schaaf, and you can write to him at the home office in Springfield, Massachusetts.

"There's always room for good men at Mass Mutual. How good are you?"

Some of the University alumni in the Massachusetts Mutual Service:

Harold H. Inman, '30, Bangor

ON THE COVER
Dr. Lawrence M. Cutler of Bangor, newly elected President of the University of Maine Board of Trustees, is seated between Mr. W. Gordon Robertson (left), a member of the Board, and University President Lloyd H. Elliott (right). (See story on Page 11.)

editor's stencil

Among recent changes at Maine's State University are changes on the University Board of Trustees. Reasons of time in office, business requirements, or family affairs may require exchange of personnel on the Board. When The University of Maine Bulletin (Catalog for 1961) was published two years ago, there were then the eleven members of the Board of Trustees listed on page four. This year, as the Catalog is published, only four names from 1961 remain on the new list of those top eleven administration officials, appointed by the Governor. One of these will change, due to expiration of her term, within a month, leaving just three persons whose service extends more than two years into the past.

Mr. Raymond Fogler resigned in 1962, because of statutory age limit. Mr. Samuel Collins has this year resigned, after long service and because of family matters.

Mr. William Chisholm's term expired in 1962, as did Frank Hussey's term at the end of 1961 and Fred Nutter's late in 1960. Mr. Donald Corbett moved from the state to accept a business position elsewhere in 1961. Mr. Warren Hill resigned from the State Commission of Education post this year. Mrs. Rena Bowles' term expires in November.

Dr. Lawrence M. Cutler remains from 1957 and he has recently been elected President of the Board. Mr. Arthur Beniot and Mrs. Beatrice Little are senior members. New seats of members are discussed in this issue of the Maine Alumnus. (Note index this page.)

Many wonderful persons have served and are serving to guide the top policy of the University of Maine. They are generous, loyal and very capable people, seeking little honor and no recompense. They are the ones whose intelligence, boldness and sagacity have caused the U. of M. to grow in physical and academic excellence for nearly one hundred years.

We owe to them our gratitude and to the incumbents our loyal obedience for the united welfare of the University.

Published seven times a year, in August, October, December, January, March, May and June by the University of Maine General Alumni Association, business office: The Maine Alumnus, 44 Library, University of Maine, Orono, Maine. Send changes of address to the business office three weeks prior to the next month of issue. Advertising rates on request. The Maine Alumnus is sent to members and to other subscribers; subscription price, $2.00 per annum. Member: American Alumni Council. Entered as second-class matter at the Post Office at Orono, Maine, under act of March 3, 1876.
Greetings From Your Assistant Directors

Arthur F. Mayo III '58

Because I have been recently appointed your new Assistant Executive Director of the General Alumni Association, I thought it appropriate that I take this opportunity to say “hello” from Orono.

During the past month I have gained a great deal of knowledge about the beneficial activities of the Association, but as yet I have not had the pleasure of meeting many alumni personally. Personal contact is, I believe, one of the most important kinds of work that I will have to perform, and most enjoyable.

Our University is expanding these days by leaps and bounds, and certainly we all agree that this expansion must continue at an even faster rate if the University is to maintain that standard of excellence both you and I desire for it. As alumni we play an increasingly significant part in this expansion, through our loyal support with dollars and with deeds.

In following others who have served the Association and Margaret Mollison most recently, I realize that I have very high standards to keep. Yet, I am confident that if you give me the same support, that during the past 10 years you have given to her, our alumni activities will as they have in the past, continue to serve both you and the University.

Your Executive Director, Russ Woolley, and Brownie Schrumpf and I, with him, expect to bring you a strong alumni program and the team spirit to operate it.

I am looking forward to the coming year with great hope that I will grow with my new position, and that my efforts with you as Alumni of the University of Maine will increase your support for and your pride in the institution that we hold dear to our hearts.

Sincerely,
Arthur F. Mayo III
Assistant Executive Director

Hello! to Maine Alumni—May the old-fashioned greetings never disappear from the Maine campus.

During the past two years, I have enjoyed the contacts with you, our fellow alumni, through my working on the class notes and other material for the Alumni.

For several years the University has been experiencing and is still having growing pains. A dozen new buildings are already in use, and others soon will be. Much time and money has been needed and will be required for this continuing growth. More than money, however, your personal interest and encouragement is needed for this expansion. Stop by the campus and drop in to say “hello” and chat a while. Take a look around the campus and see that today’s students are so little different from what we were, and see also that your help has given more students an opportunity for a continued education.

We look forward to seeing you often and representing you better.

“Brownie” Schrumpf ’25
Assistant Executive Director

THE MAINE ALUMNUS
University Firsts

A number of “firsts” have heralded the opening of the university for the 1963-64 college year. The maturing university is changing quickly in its aggregation of new educational programs, and we are feeling the effects of “a progressive university.”

— UM —

Mrs. Elizabeth J. Levinson established notable “firsts” at the Summer Session commencement exercises last August when she became the first woman to receive a doctorate degree at the university, and the first person to receive a Ph.D. in psychology. Especially interested in the study of retarded children, she has served as president and later as secretary of the Maine Association for Retarded Children. In 1956 she participated in the formation of the first volunteer Maine Committee on Problems of the Mentally Retarded.

Two-hundred forty-five degrees were conferred in August—110 Bachelors degrees, 132 Masters degrees, and three Ph.D. degrees which went to Mrs. Levinson, Joseph A. Settepani, and Evan G. Thomas. Eight certificates of advanced study were awarded.

— UM —

There is little change in the figures of June graduates who have accepted positions in Maine this year, according to University Placement Director, Philip J. Brockway. Of those entering the teaching profession, 61 percent stayed in Maine. Only 21 percent of those going into other types of work took Maine jobs.

About 11 percent of the seniors have gone on to graduate study, and six percent have entered military service. Salaries were generally higher than those for 1962 graduates. Those who accepted jobs out of state will average $700 more yearly than those who stayed in Maine.

— UM —

For the first time in its history the university is offering an extensive program of evening courses at the Orono campus this fall. These courses, arranged by the Continuing Education Division of the U of M Extension Service, are planned for those people who would like to start a degree program on a part-time basis. Nine courses are being offered for the fall semester.

— UM —

Several outstanding high school seniors in the Bangor and Portland areas are attending University of Maine classes this year in a new educational program. While still regularly enrolled in their high schools, they are taking selected university courses (with the approval of high school and university officials). These courses will carry full college credits which may be applied towards a degree should the student enter college after completion of high school. Students in the program attended the last Summer Session.

Eight students entered the freshman class this year without having completed high school.

In an educational program which began last year, several outstanding students (who have finished their junior year in high school and have successfully attended the Summer Session) were chosen by high school and college officials to “skip” a year to become regular university students. The eight students in this year’s group are: Gail E. Remis of Bucksport, S. Candace Buck of Hartland, Jane S. Longo of Bangor, Rosalyn B. Martel of Gardiner, Barbara I. Newton of Houlton, Jean A. Starrett of Warren, J. William Herris of Limestone, and Mary Jane Pressley of Wrentham, Mass.

— UM —

Arthur G. Fox ’49, chairman of the North Atlantic Section of the American Society of Agricultural Engineers, presided at the annual meeting of the section in late August. Speakers at the conference (which brought over 350 people to the Orono campus) discussed world agriculture and rural development.

— UM —

ASAE national president J. Wally Borden asked the agricultural engineers to participate in rural development programs and to work more in conjunction with public relations people in order to make the association more well known.

— UM —

Several changes in dormitory and dining hall traditions proved pleasant to returning undergraduates this fall. Men now live in some of the dorms at the south end of campus, while women occupy a couple of dorms at the north. Previously the sexes were separated by at least a half-mile walk.

Dean of Men John Stewart and Dean of Women Mary Zink expect improved social conditions with these changes. Probably the greatest change is the integration of men and women students in the cafeterias.

— UM —

The late George W. Hamblen of Portland bequeathed $38,230 to the University of Maine Foundation. Hamblen (who had apparently never had any association or connection with the university) willed that the income from the fund be used for “scholarships for worthy students at the University of Maine in such manner as the trustees or directors of the Foundation deem appropriate.”

University President Lloyd H. Elliott addressed members of the faculty at a Faculty Breakfast held in the Commons on Wednesday morning, September 11.
In Football: Thrills And Tears

ONE OF THE most unusual seasons in recent University of Maine football history was in progress as this issue of The Maine Alumnus went to press.

The opening opponent for the '63 Black Bears was the University of Massachusetts. Pre-season predictions by coaches and fans alike were unanimous in that Massachusetts was THE team to beat for Yankee Conference championship honors. Privately, many conference athletic officials said that the '63 UMass team might be one of the best in YC history. The Redmen would ride roughshod over their YC grid opponents in 1963 and that was that.

Maine, with some experienced men in the line but with an almost entirely new backfield, was, at best, a three-touchdown underdog prior to gametime.

But sometimes predictions go astray. In this game, they almost did. Maine, sparked by the dazzling passing efforts of sophomore Dick DeVarney of Laconia, N. H., not only scored the game's first touchdown, but with less than four minutes to play, were holding onto a 7-7 tie.

Three minutes earlier, the Bears were on the UMass eight-yard line, but the powerful UMass defense held. Finally, with time running out, Massachusetts pushed across a touchdown, added the extra point, and won 14-7.

For Maine, it was a great effort. The following Saturday found Maine at Kingston for a battle with the Rhody Rams. As a result of their great performance against Massachusetts, Maine was cast as a rather slender favorite.

During the opening half, Maine tallied once on a touchdown and added a safety for a 9-0 lead at halftime. Twice the Bears were frustrated in other touchdown efforts, but the 9-0 lead seemed secure.

Rhode Island bounced back to score a touchdown as the second half opened, but Maine tallied again and led 16-7. As the fourth period opened, Rhode Island drove the length of the field for a touchdown and Maine's advantage was cut to 16-14. Both teams played good defensive ball through most of the final period, and with three minutes to play, Rhode Island had possession back on its own 17-yard line for what would be the Rams' final chance to show its offense.

Then, with time running out and as in the Massachusetts contest, disaster struck the Maine forces. Rhode Island's quarterback fired a long pass to a man in the open who sped down the sidelines for six points and victory.

It was a bitter loss, one of the most bitter in his 13 years at Maine, Coach Hal Westerman said later.

A fired-up Vermont team, sporting two wins in its first two games and being touted as possibly the best UVM eleven since World War II, came to Orono the following Saturday, confident of sending Maine's disheartened forces down to their third straight defeat.

The Bears struck back, however, and eked out a hard-earned 14-13 win.

By the time you read this article, the season will be drawing to a close. Win or lose, a pattern of close, exciting games seems to be in store for Maine fans in '63.

Two of the top linemen in recent University of Maine football history have made great contributions to the '63 Maine eleven. Center Ray Sawyer (No. 65) and Guard Philip Souls (55) have been members of the varsity squad for three years. Both are Portland residents and have won numerous all-star team honors for Coach Hal Westerman.
He's a student at General Motors Institute. Today, he's absorbed in higher mathematics. Tomorrow, perhaps Plato and Aristotle . . . political theory and psychology . . . humanities and economics—in short, whatever makes for a well-rounded education. Next week, he may be on the job in an automobile plant. Twenty-four hundred other students like him are studying to be electrical, mechanical or industrial engineers, in one of the world's most unusual institutions of higher learning.

During their first four college years at GMI, students alternate between six weeks of intensive study at GMI and six weeks of paid work at one of 133 General Motors operations across the nation and in Canada. Their fifth year is entirely in the field . . . preparing bachelor theses based on actual engineering projects of their sponsoring GM divisions.

Since its small beginning, 37 years ago, GMI has graduated 6,000 engineers. The great majority chose to remain with General Motors and today are employed in a wide range of technical and managerial positions in GM plants throughout the world. The educational investment in these people has been a beneficial one—not only for them and for General Motors—but for the many communities where they now work and live.

Total state contribution for the 1963-65 biennial budget .................................................. $10,852,420

In addition...

On November 5 the citizens of Maine will be given the opportunity to vote, through a referendum, for capital improvements within the state. If passed, the bill will provide $3,953,900 for capital improvements at the University of Maine in Orono and Portland.

"IN VIEW OF THE MANY PROBLEMS WHICH BESET THE 101ST LEGISLATURE IN THE FACE OF RISING COSTS, THE TRUSTEES AND ADMINISTRATIVE OFFICERS OF THE UNIVERSITY WERE ESPECIALLY PLEASED WITH THE INTEREST SHOWN BY GOVERNOR REED AND LEGISLATIVE LEADERS."

...... PRESIDENT LOYD H. ELLIOTT
**New Trustees**

**LAWRENCE CUTLER, PRES.**

Lawrence M. Cutler, newly elected president of the University’s Board of Trustees, received his B.A. in chemistry from the University of Maine in 1928. Dr. Cutler graduated from Tufts College Medical School in 1932 and interned at Maine General Hospital (now Maine Medical Center) in Portland and the Boston City Hospital. In 1936 Dr. Cutler began the practice of medicine in Bangor, where he and his wife (the former Catherine A. Epstein of Bangor) have resided since then. The Cutlers have three sons.

During World War II, Dr. Cutler served as a Captain with the U.S. Army Medical Corps in the Pacific until 1946, when he returned to inactive duty with the rank of Lieutenant Colonel.

Dr. Cutler has been, and is continuing to be, of great service to his state and to his community. He has served as Chairman of the Governor’s Advisory Committee on Education and is chief of Medical Services at the Eastern Maine General Hospital in Bangor. These are but a few of the many positions Dr. Cutler has held and still holds.

In 1956 Dr. Cutler was appointed to the University of Maine Board of Trustees. Since then he has been a member of the University of Maine Foundation, the Athletic Board, the Executive Committee, and chairman of the Committee on Educational Policy and Research. Until his recent election, Dr. Cutler served as Vice-President of the Board of Trustees.

**HUBERT H. HAUCK**

The name Hauck is a very familiar one at the University. Hubert H. Hauck, recently appointed to fill the position on the Board of Trustees vacated by Mr. Samuel Collins, is the son of former University of Maine President Arthur A. Hauck. Not a University of Maine graduate, Mr. Hauck entered Harvard College the same year that his father was named president of the University of Maine. He graduated in 1938. He has been closely connected with the University, having been a member of the University of Maine Foundation since 1959 and of the University’s Development Council since 1960.

Mr. Hauck is President of the First National Bank in Portland. His background includes three years of service on the Portland Planning Board and the presidency of the Harvard Club. He is presently a director of the Greater Portland Chamber of Commerce and a trustee of the Maine Medical Center in Portland.

The Haucks (Mrs. Hauck is the former Elain Letson of Portland) reside in Cumberland Foreside. They have three sons—two enrolled at the University of Maine.

**ROBERT N. HASKELL**

Robert N. Haskell, one of our new trustees, is well known to residents of Maine as a former interim Governor of the State of Maine. Mr. Haskell served in the office for five and one-half days in January of 1959, between the resignation of Edmund S. Muskie and the inauguration of the late Governor-elect Clinton A. Clauson. Long active in state politics, Mr. Haskell was a member of the state legislature for 13 years, and served as Senate President from 1955-1959. He retired from politics in 1959 to continue duties of the Bangor Hydro-Electric Company, and to assume the responsibility of president of that company.

Born in Bangor, Mr. Haskell received a B.S. degree in Electrical Engineering from the University of Maine in 1925 and immediately went to work for the Bangor Hydro-Electric Company. He is presently serving as president of the Merchants National Bank in Bangor and is on the board of directors of the East Branch Improvement Company, the Penobscot Chemical Fiber Company, the Development Credit Corporation, the Electric Council of New England, the National Association of Manufacturers, and the State of Maine Chamber of Commerce. Among his current civic activities also are the board of trustees of the Eastern Maine General Hospital in Bangor and the Bangor Humane Society. He is president of both groups.

**UMP Needs**

There are four factors involved in making a good university better: alumni support and a higher quality of students, faculty, and facilities. There have been many changes since you left, whether in 1903 or 1953. The entrance requirements for students have risen to meet the academic demands of today, and hence the qualifications of the students have increased. There has been an increase in the number of faculty members as well as an intensified search for top-trained people in their fields. Many new facilities have been added. Dormitories, dining halls, a new women's gymnasium, and the Hauck Auditorium have increased our size.

One of the most significant additions in the University’s expansion program is the Portland campus. With the increased cost of education today, a need for a “commuter school” arose. As much of Maine’s population is concentrated in the southern part of the state, Portland seemed a logical spot for such an addition. A merger with Portland Junior College took place, and in 1957 U.M.P. (the University of Maine in Portland) came into existence. Since that time U.M.P. has grown in all aspects.

Although there is neither the classroom space nor the faculty to allow a four-year program, students may begin their education in Portland and transfer to the Orono campus. Students in the Colleges of Technology and Agriculture may complete their first year of study in Portland, while those in Liberal Arts and Education may study for two years in Portland before transferring.

Even though U.M.P. is a commuter school, there is definitely a campus spirit in evidence there. The students, largely under their own initiative, have organized their Student Government Associations, yearbook staff, campus newspaper, and Sophomore honor societies of Owls and Eagles. Intramural sporting events as well as games with other schools usually bring out a cheering section. In recreation, the school has grown faster than the facilities available. There is little meeting space for athletic or social events, and the school cafeteria is often used for dances and other special functions. It is hoped that a gymnasium will soon be forthcoming, after the completion of the academic buildings.

As with all growing things, however, U.M.P. has reached a “growth plateau” or point of leveling off. This was not attained by choice but by circumstances, and the only answer to these growth problems lies in expansion. Up to this point, funds have not been available for new classrooms and a much needed library. The 101st Legislature recognizes the need, however, and a current bond issue going before voters November 5 provides for these funds. If passed, it will greatly increase the growth potential of the U.M.P. campus. The bond issue must be approved on November 5 if progress for U.M.P. undergraduates is to continue and if increased opportunity at the Law School, and for continuing education service, is to occur.
Maine Welcomes Dean Willson

The University of Maine and Dean Mary Zink welcome this fall a new Assistant Dean of Women, Miss Elizabeth D. Willson of Denver, Colorado. Miss Willson began her duties here on August 15, 1965, and is already very busy with her many assignments, which include advising the Associated Women Students and the Sophomore Eagles and counseling freshman women.

The new Assistant Dean began her college education at Colorado State University and was graduated from that school with a Bachelor of Science degree in Social Sciences and Secondary Education. From there she went to Arizona State University, where she earned an M.A. in Guidance and Counseling. She is a member of the American Personnel and Guidance Association and the National Association of Women Deans and Counselors. Miss Willson began her career as Head Dormitory Resident in a dormitory for two hundred and fifty women students at Oswego State Teachers College in New York. Prior to her appointment here at the University, she was one of two Head Dormitory Residents at the University of Buffalo for five hundred freshman women.

Aside from her duties as Assistant Dean, Miss Willson is a member of the University Newcomer's Club and the AAUW (American Association of University Women). In her free time, she enjoys sewing and knitting and is anticipating our Maine winter and its skiing slopes.

What is of interest to many of the typical students on the University of Maine campus today? Of course you would be safe in saying sports and student social activities, but a subject that surprises many from off campus is the ever-increasing interest in art. Some have even termed it an "artistic revolution". How and why has this event taken place on the University campus? Much of the credit—if not all—should go to Vincent A. Hartgen, John H. Huddleston Professor of Art and Head of the Art department and Assistant Professor Harry Greaver. These two gentlemen have created such an enthusiasm for art within the student body that artists are now asking the Art Department for an opportunity to hang their shows in one of the many exhibition points on the campus. This year alone the works of such people as Denny Winters, John Muench, Hans Erni, Marc Chagall will be seen by the students.

Students can discuss with equal enthusiasm an intricate play from last week's football game as well as an artist currently exhibiting on the campus. What is even more interesting and encouraging to observe is the increase in student purchases of much of the art on exhibit. This is especially evident at Christmas time. The Christmas Art Exhibit, long a campus favorite, offers to the students a chance to buy the lithographs of Hans Erni and Picasso; the etchings from the plates of Kathe Koelewitz, Daumier, and Goya; not to mention paintings and drawings by several of our own Maine artists. So great is the enthusiasm for art generated by the department, that many students make it a special point during their vacations to visit several of the museums in Boston and New York, seeing first-hand works they have discussed in class. Many have returned after "discovering" that their own home towns often have smaller, but still good, exhibits that have been hanging there unnoticed for many years. Of even greater significance to the "State of Mainers"—true as well as adopted—is the increased awareness the students are gaining of work done by our own artists or those who do a good deal of their work in the State. As professor Hartgen says, "I am often amazed to discover—that many Maine residents haven't the slightest knowledge of the world-famous artists and craftsmen who live in our midst, and who sing their praises of the Maine landscape in art works, some of which hang in major museums of America and Europe . . . . In the past century, Maine has produced some of the inspiration for many artists of ever-lasting fame: Winslow Homer, John Marin, Marsden Hartley, Jerimiah Hardy and many others. Often I discover—to my great sorrow—that these people lived and worked here without much, if any, recognition during their lifetimes."

To help correct this "void" in the artistic awareness of the children in Maine today, Professors Hartgen and Greaver have extended their interest from the students of the University campus to the school children of the State of Maine. For the past eight months they have been working to prepare five art exhibits that will travel throughout the state, acquainting Maine school children with the names and styles of the state's most important artists. Almost fifty artists of widely different style techniques will be included in the exhibitions. Only those who have professional training and reputation and whose works are known and hung in the major galleries of the state and nation have been chosen.

Each exhibit contains twenty-five artists works, carefully combined to give a valid cross-section of what Maine painters think and see. Each show has a wide variety of subjects, ranging from people at work and at play to dynamic impressions of the Maine weather and topography. Most of the works are in crayon, chalk, graphics, or watercolor, although some oil paintings are included. Each item too displays a biography of its artist. Thus, the exhibits are not only enjoyable and interesting as "art shows" but are instructive and educational as well.

The one-hundred and twenty-five paintings in the five different exhibits will be on constant move throughout the state, from one school to another, with a two week showing in each location during the normal school year. Each school will be responsible for moving the show on to its next exhibitor. At the end of the tours, all five exhibits will be brought back to the Orono campus where they will be combined into a large Summer Arts Festival Exhibition during July and August, 1964.

Of special note is the fact that there is no charge for the shows. All a teacher or principal has to do to obtain one for his school is to write to the Art Department requesting to be included in the routing. So far, over one third of the schools in the State have responded—many of them before the formal announcement was released. The reaction of all has been unanimously in favor of the idea. Although the original plan was to prepare the shows for only junior highs and high schools, several elementary schools have requested a chance to hang the exhibit and modifications in the planning have been made. According to Professor Hartgen, "If this venture meets with success, our art department will continue to assemble other exhibitions in future years. At the moment, we are working on a similar group of five shows for circulation next year in which we will exhibit some of Maine's famous photographers. Perhaps in the near future we will add craftsmen and sculptors."

Harry Greaver (left), Assistant Professor of Art, and Vincent A. Hartgen (right), Head of the Art Department, have recently dedicated much time to the preparation of five exhibits of Maine artists' works. These exhibits are available for display in Maine schools to acquaint Maine youngsters with the names and styles of our states' many fine artists.
A brief look at our growing campus will reveal many additions this fall. Five new buildings were in use when classes began, and two more have been completed since then.

Androscoggin Hall, located on the north end of campus, houses 260 woman students. Aroostook Hall, which was opened this summer, is occupied by 180 men.

The department of electrical engineering, formerly located in Lord Hall, has moved to the new Barrows Hall on the north end of campus. The building is named for William E. Barrows, Jr. '02 and '08 who was a professor at the University from 1912-1945.

Lengyel Hall, the new Women's Gymnasium, is named in honor of Miss Helen A. Lengyel. Miss Lengyel graduated from the University and taught in the women's physical education department between 1924 and 1949. The old Women's Gym in Alumni Hall is being made into broadcasting studios for the State Educational Television Network.

The fifth new building in operation is a federal office building on the south end of campus. Located here are federal agencies working closely with the University's College of Agriculture. Rent paid by these agencies will be used to repay the loan attained to finance the building.

Another addition this fall is a cafeteria, Commons-East, erected to alleviate crowded facilities at Commons-West on the north end of campus. The new dining room will be able to serve approximately 800 persons per hour.

The Arthur A. Hauck Auditorium, financed through donations of alumni, students, faculty, and friends of the University was dedicated in October. More will be said about this beautiful auditorium in the next issue of The Alumnus.

As you see, the University's "growing pains" have not yet subsided. The seven new buildings are but a beginning of our long range expansion plans.
At the annual meeting of the General Alumni Association on June 8, Edward C. Sherry '38 of New York City was elected president of the GAA for the coming year. "Buzz" is General manager of the Biltmore Hotel in New York and has served on the council of the Association since 1959 and on the executive committee since 1960.

Robert P. Schoppe '38 of Gardiner is the Association's new vice-president. Bob, who owns Schoppe Ford Sales in Augusta, has served on the Association council since 1959.

Other elected officers are 2nd Vice-President, Mrs. Winona C. Sawyer '43, Bangor; Clerk, James A. Harmon '40, Orono; and Treasurer, Harry T. Treworgy '49, Orono.

New members of the Association Council are Floyd N. Abbott '25, Falmouth Foreside; Oscar R. Hahnel, Jr. '44, Lewiston; Harold P. Hamilton '30, Gloucester, Mass.; Herbert A. Leonard '39, Orono; and Albert M. Parker '28, Port Washington, N. Y.

IN MATTERS OF TRUST...

Our Trust department offers all trust services. Executor and administrator of personal estates, trustee under wills or as trustee of living trusts and life insurance trusts. Investment management, custodian accounts... in fact, anything under the heading of estates and trusts.

We will be glad to discuss your estate planning needs with you at any time.

Remember... You're always welcome at

Auburn-Lewiston Alumnae
Frances (Nelson '43) Fink, President
A cook-out supper followed by a white elephant sale comprised the program of a September 18 gathering at the cottage of Peg (Stackpole '45) Wallingford.

Auburn-Lewiston Alumni
J. M. “Al” Levesque '50, President
The Auburn-Lewiston Club held its first meeting of the new season on Thursday, September 19, at Otto Wallingford’s ’48 Lost Valley Ski Lodge. Forty Maine alumni enjoyed a lobster dinner.

Baltimore, Maryland, Alumni
William P. Bronsdon ’44, President
On October 23 Dean Joseph Murray of the University addressed the group on the Important Growth of the College of Arts and Sciences at the University. Russ Woolley ’41 was also there from Orono. At press deadline, other information on this meeting was unavailable.

Eastern Pennsylvania Alumni
Arthur Chapman ’21, President
After a successful performance in Baltimore, Dean Joseph Murray, accompanied by Russ Woolley ’41, discussed the growth of the College of Arts and Sciences at a gathering of eastern Pennsylvania alumni on October 24. Additional information on this meeting was unavailable at press deadline.

Rhode Island Alumni
Vernon Snow ’31, President
Maine alumni of the Rhode Island area rallied for a noontime picnic before attending the Maine-Rhode Island football game on September 28. The group retreated quietly, however, when Maine lost, 20-16.

Rochester, New York, Alumni
David Petherbridge ’56, President
Sixty-four members attended the annual clambake held late in June at the home of Bruce ’49 and Louise (Powers ’50) Folsom in Honeoye Falls.

Southern Penobscot Alumni
Jean (Polleys ’50) Fenlason, President
The Southern Penobscot Alumni held its opening meeting of the fall, a Membership Coffee, on October 22 in the Memorial Union. Miss Irene Rubin, pianist, presented a short concert.

University of Maine Law School Alumni
On September 26 at the Eastland Motor Hotel in Portland, Governor John H. Reed addressed the law school alumni at a dinner which climaxd a reunion of the alumni of Maine’s four law schools, past and present: the former College of Law and the present School of Law of the University of Maine, the former Portland University Law School, and the former Peabody Law School. The Governor, introduced by University President Lloyd H. Elliott, discussed some aspects of the relationship between a state’s chief executive and its legislature.

During the afternoon, alumni visited classes at the School of Law. Dean Edward S. Godfrey reported on the progress of the University of Maine School of Law, and members of the law faculty briefly discussed projects in which they are involved.

Portland Alumnae
Charlotte (Moreshead ’54) Libby, President
The Portland Club of the University of Maine Women met for a fall silver tea and fashion show on the evening of September 19 in the Payson Smith cafeteria at the University of Maine in Portland. A highlight of the evening was the presentation of a silver coffee urn to Mrs. James W. Sanborn, Dean of Women on the Portland campus, by Janet (Bishop ’55) Butler, past president of the group.

Western Massachusetts Alumni
Thomas Barker ’39, President
The Old Stororowtown Tavern in West Springfield was the location for the annual meeting of the Western Massachusetts Alumni Association on May 11. Myron Peabody ’16 and Royal Higgins ’17 spoke on recent happenings at the University when Prof. Richard Hill, the scheduled speaker, was marooned in Orono because of an unexpected blizzard! (Maine weather is still fascinating!!)

In the above picture, James Booth ’10 is shown as he presented a lectern to the St. Petersburg Alumni Association on behalf of the Class of 1910. The lectern, made by a wood-working company in St. Petersburg and with the supervision of Mr. Booth, is made of solid walnut and features on the front a plaque inscribed with “The St. Petersburg Association” University colors. There is also on the front a black bear, carved out of a single piece of wood. Pictured with Mr. Booth is Mrs. “Bob” Robinson, wife of the president of the St. Petersburg Association.

(Jim is still an active member of the Florida State Bar Association and recently traveled 1500 miles to attend a meeting of University of Maine law school alumni in Portland.)

COMING MEETINGS

St. Petersburg, Florida, Alumni
December 7, 1963
January 11, 1964
February 8, 1964
March 7, 1964
March 28, 1964

Time: Noon
Place: International Club
145 Fourth Avenue, N.E.

Northeastern New York Alumni
November 6
Speaker: James A. Harmon, Dir. of Admissions

Rochester, New York, Alumni
November 7
Speaker: James A. Harmon, Dir. of Admissions

Western Massachusetts Alumni
November 8
Speaker: James A. Harmon, Dir. of Admissions

Portland Alumnae
Among the events planned by the club for the coming year, the following should be of particular interest:

- December 4, 1963
  Time: Noon
  Place: Past President’s Night
  Speaker: James A. Harmon, Dir. of Admissions

- January 23, 1964
  Time: 8:00 P.M.
  Place: U.M.P. Cafeteria
  Annual Scholarship Dessert-Bridge

- April 25, 1964
  Time: 6:45 P.M.
  Place: Whittle’s Tea Room
  Annual Scholarship Dance

Southern Connecticut Alumni
- Fall Meeting
  November 8, 1963
  Place: Colonial House, Hamden
  Speaker: Myron Peabody ’16
  Theme: "Decorative Wall hangings: Art with Fabric"

Southern Penobscot Alumni
- Meetings of special significance planned for the coming year:
  Smorgasbord and Bridge November 20, 1063
  Time: 6:30 P.M.
  Place: Bangor YWCA
  Annual Meeting May 4, 1964
  Commencement Tea June 6, 1964

Regularly Scheduled Meetings

Monthly—
Western Pennsylvania Alumni
First Monday of each month
Oliver Restaurant
Smithfield St., Pittsburgh

Eastern Pennsylvania Alumni
Last Thursday of each month

THE MAINE ALUMNUS
Fall's in the air and strains of the Stein Song can be heard floating across the campus from the football field—"Fill the steins to dear old Maine, Shout 'til the rafters ring, Stand and drink a toast once again, let ev'ry loyal Maine Man sing!" We all admit that its a rousing school song and one that has gained the University fame both near and far—with much thanks going to a certain megaphone toting crooner, namely Rudy Vallee, for it's wide-spread popularity. There has been one problem, however, surrounding our school song that has become more apparent as the years go by. We as a University have no steins to fill, raise, or clink to "dear old Maine". Several of the students do have their own private collections—picked up as souvenirs from European tours or University bookstores across the country—but we as a University have none.

Thanks to the Memorial Union Governing Board, however, this lack will soon become a thing of the past. They have instituted a Stein Collection at the University campus in Orono for permanent display in the Memorial Union. It is to be a comprehensive collection of steins from any and all sources. Particular emphasis will be given to those from Colleges and Universities throughout the world. There is also one other limiting description—by the Governing Board's definition, steins are to be considered as covered containers, not open top tankards or mugs.

What will be the procedure for acquiring these steins? Certain steins will, of course, have to be purchased to get the collection started and to add some variety and perhaps worth to those already in the collection—such as to complete a special series or set. It is hoped, however, that interested persons, institutions, and organizations will contribute to the collection any steins they may wish.

In establishing such a collection, it is understood that acceptance of steins shall remain with the Governing Board of the Memorial Union. All steins accepted will become the property of the University of Maine. Steins that are not retained for the collection may be returned to the donor. The Union also reserves the right to "exchange" steins already in the collection or other steins received for some that are not presently in the collection. In this capacity, the Union will also be pleased to receive requests for duplicate or surplus steins that may be available for exchange. The Memorial Union also reserves the right to remove from display or to establish as a special display any of the steins in the collection. Whenever possible, full credit to the donor will be given. Keeping this in mind, donors are asked to supply, whenever possible, identification of steins and a description of their history, source of manufacture and other significant data. All of this will be recorded by the Memorial Union for use whenever possible in the display.

Are you interested in the idea? We here at the University are. We already have some of our graduates out looking for additions—especially those grads that are stationed overseas with the armed forces or are working in far-flung spots of the world. It is a tradition that should have been growing with the University, but until now has been more a thought than an action. Although the collection is just getting started, four steins have been acquired already. Two in particular would seem to be good additions to the "university" theme. One could best be described as "all-American" with its decoration of eagles, shields of stars and stripes, and—what could be more all-American—football players, early 1900's version. The other is an almost perfect example of a "statue stein" with the pottery figure of a young boy on the lid. Because of the delicate decor of these steins it is very difficult to find a perfect example of this type.

Well, that's the plan. If it is to succeed, the Memorial Union Governing Board is going to need your help. If you would like further information about the Stein Collection and how you can help it grow, just write to:

OCTOBER-NOVEMBER, 1963

---
ON THE SIDELINES... Maine's football schedule will undergo its most drastic changes in history after the 1964 season... Bowdoin and Bates have decided not to compete with Maine anymore due to the University's rapidly-rising enrollments.

Who will replace these opponents is a major topic of conversation on the Orono campus... a very definite possibility is Boston University... the second opponent may be a team outside New England.

Colby athletic officials have said that Colby will continue to play Maine as long as Maine is agreeable... as the State Series is disbanded, however, Maine no longer will have the responsibility of scheduling Colby as a league member, and vice versa.

Maine's 1963 cross country team opened its season with a second-place finish behind Northeastern and ahead of Massachusetts in a three-way meet at Boston... Coach Ed Styrna feels his team has a good shot at bringing the Yankee Conference championship back to Orono... one of the team's top men is sophomore Fred Judkins of Upton, who last fall won the IC4A college division freshman championship at New York City.

Maine's varsity basketball team will face two new opponents this year... Brandeis and Boston University... the State Series this year will find each conference member meeting each other conference member three times as in past years, but this tradition will end in 1964... league schedules call for a reduction to two games between opponents.
necrology

FACULTY

DR. PAUL CLOKE. Dr. Paul Cloke, Dean Emeritus of the College of Technology, and former director of the Maine Technology Experiment Station, died Sept. 19, 1963, at his home in Orono, following a brief illness. A native of Trenton, N.J., he graduated from Lehigh University with a degree in electrical engineering. He received his masters degree in 1913 from Lehigh. The University of Maine awarded him the honorary doctor of engineering degree in 1934. Prior to coming to Maine in 1926, Dr. Cloke had been professor and head of the Dept. of Electrical Engineering at the University of Arizona for eight years. He retired in 1950, after 34 years at Maine, Dr. Cloke was a member of Theta Alpha Pi, Tau Beta Pi, Phi Kappa Phi, and Phi Gamma Delta. He was also a member of the American Institute of Electrical Engineers, the American Association for the Advancement of Science, former vice president for the Society for Promotion of Engineering Education, and the New Products Committee of the New England Council. He survived are two sons, one of whom is Donald T. '46 of Orono, a granddaughter, and a niece.

DR. CHARLES B. CROFUTT. Dr. Charles B. Crofutt, 67, of Orono, Professor Emeritus of Physics, died on the European corn borer and the control of wire worms. A graduate of the University of Illinois, he received his M.S. at Maine in 1927 and his Ph.D. from Cornell University in 1935. Dr. Hawkins was retired Entomologist Emeritus. Surviving are his wife, two sons, one of whom is Melvin E. Libby '44, a New York patent attorney. Mr. Libby was a member of Alpha Tau Omega Fraternity.

DR. JOHN H. HAWKINS. Dr. John H. Hawkins, 71, of Orono, retired University of Maine Entomologist, died July 25, 1963. He was noted for his work on the European corn borer and the control of wire worms. A native of Trenton, N.J., he graduated from Bangor High School, Sept. 27, 1926, after a short illness. Dr. Crofutt joined the faculty in 1926. He received his B.A. Degree in 1919 from Cornell College in Iowa; his Master’s Degree from State University of Iowa in 1923. He is survived by a son, Laurence ‘49, a bacteriologist, in a Chicago laboratory.

DR. ERNEST CLARENCE WESTON. Ernest C. Weston, 89, of Madison, died Aug. 5, 1963, at a Water villa hospital. A native of Madison, he graduated from Madison High School and attended the University and Gray’s Business College at Portland. For several years he managed a lumber yard in Madison, later he purchased an insurance agency. He was an RFD mail carrier for 20 years, and also operated a dairy farm. In 1927 and his Ph.D. from Cornell University in 1935. Dr. Hawkins was retired Entomologist Emeritus. Surviving are his wife, two sons, and a daughter.

DR. THEODORE C. WEILER. Dr. Theodore Weiler, Emeritus Professor of Zoology, died on the University since 1946, died unexpectedly at his home Aug. 10, 1963. A native of Lawrenceville, Ind., he was a graduate of Woodward High School in Cincinnati, and Ohio Wesleyan University in 1925. He received his Ph.D. from Yale University in 1936. Prior to joining the faculty at the University, Dr. Weiler taught in colleges in Arkansas, Vermont, and California. Mr. Weiler married his childhood sweetheart, his mother, a William M. ‘64, a brother, and three sisters.

ALUMNI

1896

ERNST CLARENCE WESTON. Ernest C. Weston, 89, of Madison, died Aug. 5, 1963, at a Water villa hospital. 1952

EMERSON NORVIN GLAUNER JR. Emerson N. Glauner, 36, of Rockton, Ill., was killed Sept. 4, 1963, in a jet plane crash near ... and Mr. Bearce tells me that he has travelled all over the United States but never came to Boise. He has enjoyed trips to Europe.

1905

Mr. Joseph W. Crowe 708 North 20th St., Boise, Idaho

I have received letters from all but six of our classmates, who have sent me a line. Mrs. Crowe and I had a very pleasant time at this 1963 Commencement. The weather was perfect and we each saw many old friends. On our way home we drove 596 miles including the distance from Flint, Mich. to Orono.

Mrs. Ricker advises me that Bill was unable to attend commencement without a hospital and a trip to surgery, he should be his old self from now on. Roy E. Taylor, West Haven 16, Conn, retired Oct. 1, 1952 after serving as signal Engineer for the New Haven R.R. for more than 35 years. He claims his legs are not too good except to get him to the table where his good wife supplies a wonderful repast.

A note from Walter Foster, So. Lynde- borough, N.H. He simply refers me to "who's who in America". I haven't a copy and didn't go to the City Library.

On July 29 Mayor Eugene Shelworth asked me to come to the Council meeting that evening. The Council surprised me by presenting me with a bronze plaque mounted on a walnut, stating that I had served on the Council 21 years and on the Board of Electrical Examiners 31 years. I appreciate this token.

F.M. Sampson of Orono celebrated his 80th birthday June 8. Later in June he and Mrs. Sampson enjoyed a trip thru Nova Scotia.

Mr. F. Sampson of Orono celebrated his 80th birthday June 8. Later in June he and Mrs. Sampson enjoyed a trip thru Nova Scotia.

Mr. Walter K. Ganong and son William of Dixey, Nova Scotia on July 20th. They were returning home by way of Bar Harbor and the ferry. At 2 P.M., Prof. Gason asked them to come aboard and they were continued in good health.

1906

Mr. Henry W. Bearce Hebron, Maine

The Bearces spent a quiet summer at home in Hebron.

Had a good letter from Carolyn (Hodgden) Edwards. She reports a busy year cataloging and arranging for the most out of the books in the library. She states that she hopes to attend commencement. Elmer and Anna would celebrate their 53rd wedding anniversary on July 17th.

Dr. Thomas Fessenden and his daughter Eileen have moved from Bath to Portland. Their new address is 442 Woodford St., Portland, 04103.

My hat is off to "Putt" Bruce for his able take over of this column for the last three or four issues of the Alumnus while the Knights were away for the summer. Public thanks are hereby tendered.

1909

Mr. Fred D. Knight 2 Westmoreland Dr.

West Hartford, Conn. 06117

My hat is off to "Putt" Bruce for his able take over of this column for the last three or four issues of the Alumnus while the Knights were away for the summer. Public thanks are hereby tendered.

It is always good to receive cards and letters from travelling classmates. The following have contributed: Dr. Thomas Fessenden and his daughter Eileen, who have lived in Europe. Their headquarters with their son in West Germany and with them they travelled to several surrounding countries.

The George Nampsen spent most of May and June in France, Spain and the British Isles. They (Classes of 1899, 1900, 1902, 1904; see page 54.)
called in a grand trip. In Spain "the scenery was glorious" of native routine—"Dinner from 8:30 to 11:00 and stay up all night". Their plans for the winter are uncertain. Through the Naumans I learn that both Henry and Helen Nash had bouts with pneumonia but came out of them satisfactorily.

The Naumans (Helen and Forrest) spent the summer in Maine. They had a house in Augusta and were able to trip around to see many old friends. The room was one of my recommendations. They were in Maine until early Sept, when their daughter will fly east with her husband to accompany them on the return trip to California. It is wonderful that Helen is able to take this long trip after her illness of last fall.

Bill Osgood has been confined to his home in Deland, Florida for several months. He would be happy to see or hear from any of his classmates. Address 750 West Minnesota Ave. Deland, Florida. He will be delighted to receive a call from anyone passing along the shore route.

Yvonne L. Thompson (née Florence) has spent a quiet summer here in Westbrook. He has, however, indulged his weakness for fishing several times during the summer and expects to again try in late Sept, at Pierce Farm. Fortunately he subscribes to that old sentiment "'Tis not all of fishing, the catching of the fish"—and you may draw your own inferences.

Drop me a note about yourself and help keep this column alive. Give me a little and I’ll make a lot of it.

Mr. George P. Goodrich
14 Lawn Ave., Portland

President Enrile has recently received a letter from James Twyman in St. Petersburg under date of July 16, 1963. In this letter James writes: "I was thrilled to receive your letter of July 8, 1963 and I have no doubt that our old classmates are necessary as I also have my troubles, causing me delay in correspondence as well as procedure. I am quite a procrastinator, not only in my own active life but also in regard to my professional life, and it is one thing I have not been able to do in the same place as to the St. Peterburg Association. I generally attend every meeting and under the guidance of Bob Robinson '16, and with his gracious welcome the association has increased in attendance and generally they have about 65 MAINE alumni and wives present for some time. So much for our old classmates, this makes the 2nd Reunion for Forrest in one month.

Mr. and Mrs. George A. Martin, formerly of Mill Valley, Calif., now live at 203 Olympic Circle, Vacaville, Calif., at Leisure Town, a home for retired people. George says, "It is like living at a Country Club."

Henry H. Eastman, President of the George Berhenart Co., Limerick, Pa., has many good friends drop in to help him celebrate his 75th birthday on July 7.

Mr. and Mrs. Howard F. Goodwin of Ashford, Conn., celebrated their 50th wedding anniversary last June with open house at the Warrenville Baptist Church. Mr. Goodwin has served as registrar of voters since 1913 and has been peace 30 years; constable and on the Board of Selectmen. Mrs. Goodwin is a former teacher.

Charles C. Coulson has been busy, as usual. He was elected Secretary of the University of Maine Foundation. He also was the speaker at a meeting of the Board of Directors of the New England Association of College Stores.

Frank O. Stephens, past president of Kappa Delta, was chairman of the member relations committee which planned their Spring Ceremonial Program. Flora Howard Mayo recently retired as President of the Collyer Women's Club in Dover, New Hampshire.

John M. Pomeroy recently received the Distinguished Service Award given by the Jaycees to an outstanding young local citizen.

I have mentioned earlier that Marion Emery Cole was doing graduate work at Boston University. She received her Master's degree in June. She is about to go on a bill in the Maine Legislature, already voted for study; A Flexible Entrance Age Law, it would permit unusually gifted children to enter school before the present entrance age.

A letter from Carl Johnson told me of the passing of Donald R. Clark, of Bangor. He had served in two wars and between, as a Major in European Bomber Command and in 42 states. He served for a short time as President of the Board of Trustees of the University of Maine at Orono. My deepest sympathy to his family and friends.

Foster family home. She is on the Board of the Old Colony Home for Aged in Portland. Her husband was a World War II veteran.

Charles O'Dillion Turner lives in Orono near the Veazie line, where he tried orcharding after retirement from the Army, but retired from that, too. He dropped in on Blaisdell and Blaisdell in Ellsworth, where they hold the Torch of Freedom. William Bradley, Law '11, Harvard W. '18 and Kenneth '41 hold the Torch of Freedom. He has been President of the Maine State Bar Association and President of the Board of Directors of the American Cancer Society. He is a member of the board of trustees of the American Cancer Society. He is a member of the board of trustees of the American Cancer Society.

Lorenzo Ernest Thornton, Law '88, judge of the Belfast Municipal Court, was at the head table at the annual meeting of the Waldo County Legislative Committee.

Potato Board's program was honored by designation as honorary life member of the Potato Association of America. In the quoted material of W. M. Howard, it goes on to praise Wesley for his patience and encouragement to young men coming into potato work.

Joseph T. Beck has been re-elected president of the Kennebec County Historical Society. Sam Collins was re-elected chairman of the board at the annual meeting of the Maine Public Service Co.

M. Eleanor Jackson, C.L.U. 140 Federal Street

Stella was presented with a corsage of roses and a transistor radio. Mrs. Frederick Marston (Kay Marston) Sargentville

We had a pleasant surprise call from Jack McCrystle and Ethel (Bird '24) McCrystle this summer. They live in Amherst, Mass., where Jack has his own chemical engineering company. He is a member of the engineering faculty at Amherst College. He is a member of the engineering faculty at Amherst College. Ardis Lancy Moore has been elected treasurer of the Universalist Ladies Aid Society in Pittsfield. She is a member of the board of directors of the Maine State Bar Association. She is a member of the board of directors of the Maine State Bar Association.

Ernest D. Ober, retired principal in a Mass. High School, has since that time been teaching in Westbrook Junior High.

George Froberger, retired in 1955 as principal in a Mass. High School, has since that time been teaching in Westbrook Junior High.

Dr. Achsa Bean is retiring as physician and professor of hygiene at Vassar college. She has been associated with the college since 1918. A native of Northampton, Mass., she received her medical degree at the University of Rochester in 1936, then interned at Strong Memorial Hospital for two years before going to Vassar. She has been a member of the board of directors of the Vassar College Women's Association. She is a member of the board of directors of the Vassar College Women's Association.

Dr. Bean returned to Vassar in 1962 but left again five months later to enter the U. S. Navy as lieutenant commander, Medical Corps, U. S. Naval Reserve. She served as the Medical Officer of the U. S. Naval Hospital in London. She returned to Vassar in 1946. She has been a member of the medical board of the Royal Naval Hospital in London. She is a member of the medical board of the Royal Naval Hospital in London.
The gratifying spirit of reunion continued all through the summer! It was so good to be with Dr. Doris Twitchell Allen again while she was a member of the faculty. She is continuing her distinguished career as a professor of psychology, as well as being in charge of the gift shop.

As part of the alumni activities, Dr. Allen returned to the U. of Cincinnati. She would later be attending meetings in Europe, before returning to the U. of Cincinnati.

Another treat was getting together with a few friends, including Marjorie (Willey) Frost, who flew in from Glendale, Calif. The former is still with the Bell Telephone System and Marjorie has been in charge of services in Anchorage, Alaska. Her hospitality and her enthusiasm is showing the students the fundamentals of mathematics, interpreted with Marjorie's wit and the beauty of her beloved Mount Desert. Their only child, Donna, with her husband and two children live nearby which is a joy to them.

anniversary with the New York Life Insurance Company. Agents from all of the state met at Lake­wood for a special tax law seminar and at that time honored Bob who is the company’s inspector of agencies.

Col. Richard (Dick) Healy visited recently with his mother in Augusta. Dick’s brother, Lt. Col. Robert Healy, was there at the same time and it was the first time in 15 years that the two brothers were home together. Dick, with his wife, Airline, and two of their four children, James and Carol, is at his new post in Rio de Janeiro. He has been assigned to the headquarters element of the Brazil-U. S. Military Command. Their other two sons are Lt. Richard Healy Jr., a West Point graduate who has been assigned to the Military Language School for a one-year course in the Thai Language prior to being assigned to Okinawa; and Maurice who is a senior at Northern Georgia Military College and will be commissioned as an Army Lieutenant when he graduates.

1939 Helen M. Philbrook Blaine House, Augusta 25th Reunion, June 5 & 6, 1964

Hi Everybody,

At the request of your class president, Bill Hilton, I am again taking over the duties of the Class Secretary. I’ll do my best to take Dot Serota’s place.

First off I will remind you that we have a 25th reunion in June of 1964. Whoever thought that that day would ever come! ... Claffin, Roger Clement and Harold Estabrook. Bill is planning to have area chairmen to contact members of the class—but

MUSICAL GIFTS for MAINE MEN and Their Families
Imported Swiss Movement Plays:
Maine’s Stein Song

□ Cigarette Box $ 9.95
□ Humidor-Pipe Rack 14.95
□ Table Lighter 14.95
□ Ash Tray (song only) 5.95

You don’t have to wait to be contacted, just come. If we can furnish addresses to you of friends you would like to contact, do let me know. I will be listing names of “Lost” classmates and would appreciate receiving information and addresses from them or from those of you who may know their whereabouts.

Two items from the Alumni Office—one gives news of Frank Kent. He and his wife were honored at the time of his retirement this spring at the Kiwanis Club of Guilford. Frank has been the Scout of Sail 4. Both Frank and his wife have participated in many community services. The other item is that Fred Stimson was elected Pres. of the Bangor Symphony Orchestra in Bangor. From Townsend, Mass. a news item tells of Beulah Shaw Soule (Mrs. Glendon) being introduced as this fall’s teacher at the Townsend Community Kindergarten, Inc.

1941 Mrs. Wilson M. Alford (Frances Sawyer) 35 Ridgewood Road, Windsor, Conn.

Hope you all had a real nice summer and are now ready for the busy winter ahead.

Received two very informative letters this past summer. The first was from Ruth (Reed) Cown. She and Stan are now living at 481 Wakefield Drive, Metuchen, N. J. This move is the result of Stan’s being promoted to New York’s District Sales Manager of the Hollingsworth Division of the Scott Paper Co. Their daughter returns to the College of “Mount St. Joseph on the Ohio” in Cincinnati as a Junior in the college of nursing this fall. Their son is a Junior High. Stan has seen John & Joyce Carter who are living in Hampstead, L. I. with their two daughters.

The second was from Ed Srewwi, who is now working for the Kimberly Clark Corp. in Lee, Mass. and living in Stockbridge, Mass. His son has completed his first year as an honor student at the U.S.A.F. Academy in Colorado. His oldest daughter will be attending the U. of M. as a freshman this year and his youngest will be a sophomore in high school.

Through the Alumni Office, received an extremely interesting letter from the wife of Rev. William Booth. Bill has been quite active in the formation of the new Federal Theological Seminary of Southern Africa. This Seminary comprises four colleges: John Wesley College (Methodist); St. Columbia’s College (Presbyterian); St. Peter’s College (Anglican) and Adams United College (Congregational). The Booth’s plan is to leave in 1964.

Donald Bracken is an attorney and counselor at law in Wiscasset and last spring became the County Attorney. He and his wife Patricia have two daughters, Pamela and Susan.

One of the new vice presidents of the Worcester Area Chamber of Commerce is Stewart Oakes of Holden. He is president and general manager of the Hobbs Manufacturing Co.

Last year Barbara (Orrf) and Dudley Utterback had a foreign student, a girl from Germany, living with them.

John Dyer, purchasing agent for Maine, was elected treasurer of the State Fiscal Management Assoc. of New England at their annual session in June.

Sen. Dwight Brown of Ellsworth was elected chairman of the Legislative Research Committee.

Donald Saunders is with the U. S. Army in Military Intelligence. At the present time, he is in Odenton, Maryland after spending a number of years out of the country.

Brooks Brown was the speaker at a Kennebec County Bar Assoc. banquet.

The daughter of Edwin ’40 and Phyllis (Smart) Young was married to Joaquin Coelho of Brazil in April.

1942 Mrs. Donald G. Griffee (Mary Louise White) 423 Aroostook Ave., Millinocket

Dr. Darrell Pratt has recently been made a full professor in the Bacteriology Department at the University of Florida in Gainesville. Darrell received his Ph.D. at Harvard Medical School. He and wife, Dorothy, and son, Dexter, 6, have just spent a month’s vacation in Millinocket where Darrell still holds the course record at Hillcrest Golf Club.

Mary E. Chase, daughter of Dr. and Mrs. George O. Chase, formerly of Portland, now of Orono, who graduated from the U. of M. this fall, is one of forty-two Maine High School graduates designated as “Distinguished Maine Students—Class of 1967.” These students during their high school careers have demonstrated a potential for superior academic achievement. George and Ruth also have four boys, William, 12, Richard, 9, George, 6, and Barry, 4.

Nathaniel J. Crowley, Jr., son of Nat and Esther (Whitman ’43) Crowley, Sr., of Greene, who graduated from the U. of M. in June, was married this summer to Miss Julie Ann Maloney of Lewiston.

From George Norton, Northampton, Mass., comes news that Joe and Betty Flanagan are in Barcelona, Spain, where Joe is director of manufacturing and engineering for Monsanto Ibérica. They have five children, the youngest born in Spain. A daughter, Mary Jean, will enter Maine this fall and son John is entering Notre Dame.

Dr. Fred A. Leonard is chief of Medical Bacteriology Div., Fort Detrick, Frederick, Md.

Dr. Edward (Steve) Kierstead of Waterville has been chosen president-elect of the Maine Dental Association.

Lt. Col. Bill and Pat (Ryan) Gifford and family are enjoying a tour in Germany and are surprised that they still think that their stay in Japan was even more enjoyable.

The news from Carolyn (Chaplin) Bradley of Portland, is that husband Bill is doing much better and is currently home and feeling as well as can be expected. This is wonderful news, and we all hope that he continues to gain.

Jean Potter Robart last June. This called for a get-together at Mrs. Robart’s, 510 Broadway Ave., Andover and Saralyn Phillips Bickford, ’47, and we all met here in Winchester for dinner and the evening.

Even the Alumni office had no news for me this time. So is this. I hope that by next month some of you will have sent me a card with some news. I would be most happy to hear from any of you in the Boston area by mail.

(Class of 1947: see page 34.)

1948

Mrs. Frank W. Halnes, Jr. 15 Broadway Ave. Trenton, N. J. 08618

It’s the season for sneezin’ and for frantic back-to-school preparations! I’m doing plenty of both! Meeting a deadline is a new experience for me, but I must admit it’s a welcome break at this point. So, with pen in one hand and handkerchief in the other, I’ll see what news I have to pass on to those of you who missed reunion—that’s quite a few! Peter Joe Wedge reports that he is an insurance adjuster and has offices in Norwood, Mass., and is the proud father of two daughters. James Boyd is a stockbroker and has settled in South Portland. Jim has a 12 year old son, Ruth (Fogler) and Merle Goff and their four children have returned to Merle’s home town of Somerville, Mass., to assist in the running of the store. Mayor Frank Stephens is still pursuing his first love, music, and is working with school bands in the Lewiston High School. He is also teaching trumpet and french horn in the Maine College of Music. Maj. Malcolm Colby, looking very trim in uniform, is now teaching engineering at Wright-Patterson AFB and lives at 5405 Fishburg Rd., Dayton 24, Ohio with his family. From the Alumni Office comes word that George Marsanskis moved to Mississippi in order to accept a position with the American Oil Co. Perhaps he and Barb will start a new alumni chapter. Leonard Libby lives in York where he is a school principal. Wayne Stacy was selected over several candidates to become assistant principal of the high school in Waterville, Maine. Mr. and Mrs. Stacy have four children. The appointment of Earl White of Bangor as China’s town manager was announced last May. Earl left the manager field after holding similar positions in Belfast and Boothbay Harbor to enter private business. Here’s an interesting note concerning Sheldon Skowhegan—last May he was married to Gertrud Gimpel in Scauri, Italy. He anticipates returning in Nov., having been employed by Ebasco Services as a civil engineer for the past three years.

On our way to Orono in June, we visited briefly with Jack Hewes and had a chance to see their lovely new home and meet their lively family of three girls and a boy. Jack is in the insurance business and has settled in the North Deering area of Portland. The Haines family spent three delightful weeks in Maine and returned home refreshed after a much needed rest. Upon her return to New York, Nancy enters junior high this year and our youngest, Bill, starts first grade. Nine year old Frank is a fourth-grader, a Cub Scout and an avid baseball fan. A year ago Frank was promoted to Director of Research for the American Assoc. of Cooperative Extension. He keeps very busy researching all phases of government here in N.J.

Now, I hope to hear news from a lot more of you, bringing us up to date on your jobs, your families, your interesting activities—and your new zip codes.

1949

Mrs. Oscar R. Hahnle, Jr. (Julie Shores) 12 Jepson Ave., Lewiston 15th Reunion, June 5 & 6, 1964

Greetings after a delightful summer, hope that yours was enjoyable wherever you were.

One new baby to report, Elizabeth “Liz” Clark Cusack and Don are the parents of Michael, born this past July.

Thomas Burditt started his new duties as principal of Caribou High School. He had been principal at Great Eddy Lt. in Cumberland for the past four years.

Lester Stultz moved to fifth grade at the Eliot School in Needham, Mass.

Edwin Webber is director of interrelate services for the New England Council. Webber is a member of the Fisheries division, Conn. Board of Fisheries & Game.

Richard Bate is a revenue accounting manager, N.E. Tel. and Tel., with his office in Springfield Mass.

Robert Hockenhull, Hampton, N.H., is supervisor of the handling & launching, alignment, mast and mechanical branch at the Combat Systems Division, Portsmouth Naval Shipyard.

Ben Harrington has returned to the home office of H.P. Cummings Const. Co. in Ware, Mass. Donna (Graves ’48) and the three boys spent the summer in Maine and by now are settled in their new house in Amherst, Mass.

Robert F. Wood, who is with Boltten-Emerson, Inc., has been appointed engineering manager for the paper mill division. He will have Maine, N.H., Vt., and Eastern Mass, as his territory.

Wm. Jenkins, Outer Essex St., Bangor, is president of the Me. Holstein-Friesian Assoc. and attended the national convention in Salt Lake City this past spring.

Mildred Thayer is corresponding secretary for the Bangor Teachers’ Association.

1950

Mrs. George R. Brockway (Elinor Hansen) R.F.D. 3, Auburn, 04010

Hi! Hope that you all had a pleasant summer. How about dropping me or the alumni office a note about you and your activities? Bill Jordan is engaged to Susan Wittman of Attleboro, Mass. She is a graduate of Westbrook Jr. College, and the family, 1556 Hastings Blvd., is an instructor of history and gov. Harlan Luce was married June 6 to Carolyn Tavani, who is employed as a nurse at the Waldo County Hosp. Harlan is a chemist at Northern Chemical Corp. in Searsmont and the races are living in Belfast. Betty Friendler was married to Imanuel Wesley August 25 at Storrs, Conn. Mr. Wesley is a postal worker, and the family lives at 571 Long Pond Rd., Storrs, Conn. Mr. Wesley received his B.A. from L.S. State Univ. and his Ph.D. from Harvard. He is assistant professor of economics at the U. of Conn.

Margaret (Mollison) and Don McIntosh are now living on Norwood Farms Rd. in York Harbor. Mr. and Mrs. McIntosh have moved from Costa Rica to C.I.A. Frutera De Sevilla, Apartado Aereo 541, Santa Marta, Columbia, S.A. Joe Connolly and family moved to Exeter, N.H., where Joe has joined the staff of an Exeter insurance agency. The Connorys have a daughter and a son.

Earl left the manager field after holding similar positions in Belfast and Boothbay Harbor to enter private business. Here’s an interesting note concerning Sheldon Skowhegan—last May he was married to Gertrud Gimpel in Scauri, Italy. He anticipates returning in Nov., having been employed by Ebasco Services as a civil engineer for the past three years.

David Thomas is now field coordinator with the Cooperative Extension Service at the U. of M. He will work closely with Extension agents in helping them to plan and carry out Extension programs at county and community levels.

Don Chick is the new city manager in Dover, N.H. Bill Otman, vice president of an insurance agency in Augusta, has been appointed vice-chairman of the 1963 Kennebec Valley Community Chest. Elbert Prince has been appointed asst. vice president of Bancroft & Martin Inc. Charles Brittle is now supervisor of the Johnson School in Watertown, Mass. Whitney Hugshay is a county agent in Kennebec County in Augusta. She is one of 12 agents selected to tour farms and agricultural projects in 12 states. Francis Bean is principal of Solon High School. Tom Higgins is on the staff of the Cooperative Extension Service at the U. of M. He will work closely with Extension agents in helping them to plan and carry out Extension programs at county and community levels.

He will work closely with Extension agents in helping them to plan and carry out Extension programs at county and community levels.

Bob Rushworth, our high flying classmate, recently piloted his X-15 plane to an altitude of more than 50 miles. He was awarded his astronaut wings at a recent Pentagon ceremony.

Richard Johnson, who was editor of the Maine Potato Councillor, has resigned in order to accept a position with the Maine Institute.

Harold Kilbride is a reporter in South Berwick, Maine.

Johnson Fenwick is manager of the W.T. Grant Company.

BRIDGTON ACADEMY

Established 1808

Fully accredited boys’ college preparatory school. Grades 9-12, plus post graduate year. Small classes, supervised study, language laboratory, developmental reading, new gymnasiu. All sports including hockey.

For illustrated catalog write Principal Richard L. Goldsmith, North Bridgton, Maine.

1951

Mrs. H. Wendell Hındaki (Catherine L. Leveson) 201 Elmira Street, S.W. Washington 32, D. C.

Fall is with us again after a hot but enjoyable summer. Again, I’m requesting help in obtaining news about your classmates for the column.

David Powers, Assistant Director of the American Medical Political Action Committee, AMA, was in Washington in June attending a meeting of the Effective Citizens Organization, a group which interests professionals in politics and government. Dave, his wife, and 4 children (2 are 9 month old twins) live in Wheaton, Ill.

Neal Stults has been with the U.S. Dept. of Agriculture for 10 years—the last four having been in Washington.

Irwin “Dink” Carson is an Engineering Supervisor for the City of Los Angeles. He lives in No. Hollywood with his wife and two children.

Ted Nelson has resigned from his position as town manager of Concord, Mass. in order to resume his studies at the Univ. of Pittsburgh.

James Coellner has been appointed to a supervisory engineering position in the Portsmouth Naval Shipyard’s design department. James will work closely with Extension agents in helping them to plan and carry out Extension programs at county and community levels.

Don Chick is the new city manager in Dover, N.H. Bill Otman, vice president of an insurance agency in Augusta, has been appointed vice-chairman of the 1963 Kennebec Valley Community Chest. He will work closely with Extension agents in helping them to plan and carry out Extension programs at county and community levels.

Richard Johnson, who was editor of the Maine Potato Councillor, has resigned in order to accept a position with the Maine Institute.

Brinley Holden is a reporter in South Berwick, Maine.
store in Wallingford, Conn. His latest address is 101 Ridgewood Road in Wallingford.

Fred McLeary has been appointed to a new staff position of right-of-way reviewing appraiser in New Hampshire's Dept. of Public Works and Highways. Fred was formerly with the Maine State Highway Commission.

Jack Farrar is guidance director at the Bonny Eagle High School in Buxton. Jack received his Masters in Guidance at Maine in 1958. He is also on the Maine Guidance Conference Board of Directors. The Farrars have 2 sons.

Don't forget our little column needs news during the coming year.

1952

Mrs. S. K. Wiley, Jr. (Eidora Morehead) 23 N St., Houl, Mass.

In the process of typing this column the S. K. Wileys are in the midst of moving. Ken is temporarily transferred to the Quincy yard as a resident store in Wallingford, Conn. His latest address is 101 Ridgecrest Road in Wallingford.

Mary (Lyons) Boyle received her master of Arts degree in June from Trinity College, Hartford, Conn. Orono High School was her alma mater. She is a registered X-ray technologist at the Providence Hospital, Brockton, Mass.

Barbara Harris Johnson became the June bride of Peter Ardakian, Naugatuck, Conn. Barbara has taught in Bloomfield, Conn. and at Stephens High School, Ruehmer, Conn. She is a graduate of Central Connecticut College and Columbia University. She is employed by the Stratford, Conn. school system. They will live in Meriden—Lenore Dinmore was married to Ron Devine '55, in July. She has attended the University of Maine at Orono, and is a professional instructor of the dance. Ron is a telegraph editor with the Bangor Daily News.

The Lloyd Lowell's (Lorraine Skoffield) have announced the Aug. 24 arrival of Brian Edward.

Watch for our little column.

(Class of 1952: see page 34.)

1953

Mrs. Philip E. Johnson (Eini Riutta) South Penobscot

With pleasant memories still lingering from our reunion in June, it's a pleasure to sit down and pick out the latest news of our classmates.

Karl T. Hurst, Owls Head, is teaching grade six at Rockland Junior High School this year. He is married and has two children—Richard Goodwin is also teaching in a junior high school in Stratford, Conn.

Gene Drolet has been named assistant vice-president of the Haverhill National Bank (Mass.) He lives in Haverhill, Mass., and has been with the former. Katherine Tyler and has three children, Susan, 6, Elizabeth Ann, 4, and Warren Tyler '56, who has taught and coached at Athol (Mass.) High School since 1957. He is teaching math and coaching at the school. His brother, Richard, is a district assistance to the Western High School. He assumes his duties as assistant staff, industrial relations, for the Oxford Paper Co., July 1. He has returned to the company's New York office—Also on July 1, Ronald Bishop became the general agent for National Life Insurance Co. in Bangor.

Mary (Lyons) Blake, major, is stationed in Heidelberg, Germany, with the regular U.S. Army. Capt. Donald Lord, is in Vietnam, having been named psychological warfare civil affairs advisor to a division of the Vietnamese Army. His family resides in El Paso, Tex.

Peter M. Joseph, conditioned inspector for the railroad services, began this summer to look like Miss Barbara. She is a registered X-ray technologist at the Phasedout Hospital, Brockton, Mass.

Barbara Wade Johnson became the June bride of Peter Ardakian, Naugatuck, Conn. Barbara has taught in Bloomfield, Conn. and at Stephens High School, Ruehmer, Conn. She is a graduate of Central Connecticut College and Columbia University. She is employed by the Stratford, Conn. school system. They will live in Meriden—Lenore Dinmore was married to Ron Devine '55, in July. She has attended the University of Maine at Orono, and is a professional instructor of the dance. Ron is a telegraph editor with the Bangor Daily News.

The Lloyd Lowells (Lorraine Skoffield) have announced the Aug. 24 arrival of Brian Edward.

What's new in your life?

(Graduate of 1955: see page 34.)

1955

Miss Hilda Sterling 7112 Boulevard East Apartment 4D North Bergen, N. J.

After you note the address change, how about a "newsw" letter? Your intentions are good, but the mailbox is still empty.

I understand that Ruth (Beul) Storm has married Gordon Sattler, who is with North American Aviation, Ruth lives in San Diego, Calif. and Bobbie.

The family resides in Long Beach, California.

Jon and Lois (Pratt) Pulifer announce the May 23 arrival of John Pulifer, Jr. He joins Elizabeth, 3, Jon, a member of the market research department of Niagara Chemical Division, Food Machinery and Chemical Corp., North Bergen, N. J., travels throughout the U.S.A. in the capacity of a market analyst.

On July 1, Willys Reed became director of guidance, Supervisory Union 31, Whitefield, N.H., where he works with the Lancaster and Whitefield Senior High Schools. Under a federal scholarship, he received a master's degree in guidance at Boston University last May. Willis, Barbara (Knob) and their children—Johnny, 4, Mark, 2, and Jennifer, a June 4 newcomer—have bought a home in Whitefield, N.H.

David Dexter Covell was introduced to the Waho Covall household on July 7. His dad is on the staff at Orono High School.

Friends of "Connie" and Peggy (Wheeler '36) Osgood will be saddened to learn that their son, Gregory, 4, was hospitalised for a week while playing in an automobile on June 1. The couple has another son, Bruce.

Glen Dean is teaching mathematics at the senior high school in North Haven, Connecticut, this year. He has done some advanced study at Boston College.

Upon the receipt of her doctorate from the University of Connecticut on May 1, Cyntha Nelson accepted a teaching position at the American University, Washington, D.C. (She is anthropology.)

Last spring, Jean Spearin, clothing specialist for the U. of M. Extension Service, conducted the Appearance Workshop sessions held for 75 Kennebec County Extension Women. I might add that Jean is the new president of the Maine Home Economics Association.

A 33 ceremony united Lenore Dinmore '53 and Ronnie Devine. He has been associate editor of THE MAINE ALUMNUS and is telegraph editor of THE MAINE ALUMNUS.

John Dixon became president of the Orrington Junior Chamber of Commerce on May 3.

He succeeded Dick. Committee on the committee in charge of the main event. Joe Rigo is showing colored slides of his three-week vacation to Rio de Janeiro, Brazil; Buenos Aires, Argentina, and Santurt, Chile.

Joan (Mason) Lane was re-elected president of the Augusta Branch of the American Association of University Women on May 23.

1956

Mrs. Ronald Lindquist (Barbara Ilovren) 3 Willow Street, Chatham, N. J. 08728

Delighted to receive so many letters from '56'ers; Phil '57 and Jane (Edwards) Fowler are living in Scarborough. Phil is a Guidance Counselor at Scarborough and Jane took care of Douglas 3 and Paul 1. Jane was an assistant librarian at the Lincoln, Library, Columbia University while getting her B.A. in Education at Columbia. Their daughter, Anne, 17, is a student at the University of Maine at Orono.

Received a fascinating letter from Judy Barker Carducci. Judy received her Master's from Columbia University in 58. She lives in New York City and was a research fellow at the National Institute of Mental Health. She spent the summer of '61 studying painting at the Fontainbleau School of Fine Art in Paris. She currently is a clinical caseworker at the V.A. Hospital in Philadelphia, N.Y. and was a book on his experiences in the summer of '61.

Jay Hoar writes that he will teach English at the O.lcirt Hill H.S. at Norwalk, Conn. He taught English for two years at Lewis H. in Norwalk, Conn. He completed a four year stint in the Navy. Jay spent the summers of '60, '61, and '62 teaching at the Bread Loaf Graduate School of English at Middlebury College, Vt. Jay's wife, the former Diane of Wind, was graduated from the Auburn Maine School of Commerce. The Hoars live at R.F.D. #3, West Auburn.

Congratulations to Morton Hamlin, newly elected principal of Wilton Academy. Morton just completed four years as principal of Harland Academy. Morton received his Masters in Education from the University in '59. The Hamilnes have three children, Edward 6, Thomas 4, and Debra 5 months.

Congratulations to John Lane, Jr., the new president of the Augusta-Gardiner Area Community Council.

Looking for a good eating spot. Try the Martha Washington Inn (Beaufort). The Inn is in beautiful North Bergen, N.J. The Owls Head, Lester Champion Gellar and his three sons, recently purchased the Inn and will serve you.

Marriages: Blaine Plummer to Jean Philbrock, Lewiston H.S. and Jocelyn Plummer, Orono. Blaine is on the faculty of Leavitt Institute. Robert T. Shepard to Marjorie Gibson, Medford, Pa. on July 5. Marjorie is a sophomore at the Pennsylvania Academy of Fine Arts, Philadelphia, Pa. The couple were in Europe for the summer on a traveling fellowship. Bob and his bride returned to their college last year, this fall.

Joe Benicio, Jr. to Susan Brody, Hicksville, N.Y. on June 23.

Births: A son, Timothy Edward, June 5 to Ann (Kesy) Lounsbury and proud daddy Merle. A son, Joseph Philip, June 27, to Mr. and Mrs. Dana Devoe. Both families live in Orono.

1957

Mrs. Gary Beaulieu 3 Willow Street, Chatham, N. J. 08728

R. F. D. 1, Fremont, N. H.

The Lloyd Lowells (Lorraine Skoffield) have announced the Aug. 24 arrival of Brian Edward.

What's new in your life?

(Graduate of 1957: see page 34. of the next issue.)
WHO EVER SOLD A MILLION DOLLARS OF LIFE INSURANCE—IN ONE YEAR— IN BURLINGTON, VERMONT?

Dave Bell did. And a handful of others, over the years. Selling a million is excellent production in New York or Chicago. In Burlington it’s exceptional, particularly when accomplished by a man in his first year in the business.

Extraordinary salesman? Yes and no. Dave’s a likeable, unassuming kind of guy whose greatest assets are enthusiasm and a willingness to learn. He’s a college graduate, to be sure, and was an officer in the Army Rangers before joining New England Life’s Burlington agency. Such bright young men starting bright new careers have been known to respond to supervision as Mickey Mantle might respond to batting tips.

But Dave Bell listened and learned, tried techniques he doubted could work, found they did, and came back for more. He sold no big pension or business cases that first year. He did bring a measure of financial security to 132 families, of which the Shaders, above, are typical. Could you be another Dave Bell? The important ingredients, as you’ve seen, are intelligence, warmth, ambition and the training and support of a good company. If you have the first three, you’re eligible for the fourth. Look into it. Write Vice President John Barker, Jr., 501 Boylston Street, Boston, Massachusetts 02117.

NEW ENGLAND LIFE
NEW ENGLAND MUTUAL LIFE INSURANCE COMPANY: INDIVIDUAL AND GROUP LIFE INSURANCE, ANNUITIES AND PENSIONS, GROUP HEALTH COVERAGES.

THESE MAINE MEN ARE NEW ENGLAND LIFE REPRESENTATIVES

ERNEST K. KHOURY, JR. ’53, BANGOR
LESLIE S. RAY, JR. ’50, SALEM
JOHN O. MCGILLIVRAY, ’41, WESTON, MASS.
Jan also wrote that Jerry and Shireen (Schneider ’59) report that their daughter, Jennifer, taught and coached volleyball at Falmouth High this past year and Kelly resides in Philadelphia where Pat is Executive Secretary for Phil Kappa Sigma.

Jerry and Shireen (Schneider ’59) Vincent live at Yarmouth. Jerry teaches Geology and Earth Science and coaches swimming at Falmouth High. They have one little boy, Scott.

Harry and Clarissa (Turnbull) Percival and Mary Ann live in Bangor—where Harry is city electrician.

Keith Diffin, Cynthia and their four children live in Hampstead N.H. Keith is a Senior Field Engineer with Sylvania Electronic Systems.

Paul Roy, his wife and six children are living in South Burlington, Vt. where Paul is an engineer with the New England Telephone Co.

Jane Cushman is teaching eighth grade English at Montello Jr. High, Lewiston.

Dave Cassida is the president of the newly-formed Belfast chapter of the Jaycees. Charlie Boothby is also a new officer.

John Burnham received his degree from the Simmons School of Library Science.

Bob (Jiggs) Cecchini received his masters in education from the U of M and will teach at Suffield, Conn. High. Jiggs and Beverly have a little girl.

Louis Shane, Navy Lieut., is serving aboard the submarine USS Captain.

Dave Beisel is teaching seventh grade general science in Avon, Conn.

There are apt to be more weddings in the near future as one can tell from the following engagements. Janet Russell of Fort Kent recently became engaged to Donald Dumond, and Jean Huskins of Boothbay Harbor is now engaged to Stan Chenoweth.

A new addition to the family of Dick and Barbara Sturgeon is a little girl, Jana Beth, born June 4. I believe the Sturgeons are now living in the area of Cape Elizabeth.

Having received his master’s degree in secondary school administration, Bud Ochmanski is now with the Bloomfield, Conn, school system. Also having received a master of Science in engineering, Gary Auclair is now working as an engineer in light industrial electronics department, General Electric, Co. Schenectady, N.Y.

This month we would like to know the whereabouts of Ann and Dick Dudley, Cleta and Mike Stockwell, and Elaine and Bob Kitchen. Can you help us find them?

Marg Mednis and Jo Manning are in Washington. Chatted with Marg briefly when there. She reports that many “Mainers” are in the area, including 61ers Welch and John Brown who are teaching in Baltimore.

Peter Louridas is a new instructor of electrical engineering at Bucknell Univ.

Margarette F. (Bartlett) Royle is now a Lt. stationed with the Army in Korea.

Josephine (Jo) Manning is in Washington. Chatted with Marg briefly when there. She reports that many “Mainers” are in the area, including 61ers Welch and John Brown who are teaching in Baltimore.

Peter Louridas is a new instructor of electrical engineering at Bucknell Univ.

Margarette F. (Bartlett) Royle is now a Lt. stationed with the Army in Korea.
A PROCLAMATION

BY THE

ANNUAL ALUMNI FUND

IN THE INTEREST OF A GROWING

UNIVERSITY OF MAINE

WHEREAS the 1963-64 Annual Alumni Fund goal is $85,000;

WHEREAS the need for Alumni support of the university is a continuing need;

BE IT HEREBY RESOLVED that all loyal Maine Alumni give generously to the Annual Fund, and in order that the projects of the Alumni Association for the University may be completed this resolution is posted herewith.

WHEN YOU DO YOUR PART

OTHERS WILL BENEFIT

THANK YOU
of northeastern Pennsylvania. Donald has his master's degree in education from Boston University and has completed his doctorate program.

James Holland is an instructor in biology at the New York Military Academy in Old Westbury, New York. He also coaches, track, and country and team. The Holland family has three—John, 8, Maria, 5, and James, 1. (Diane) Dowd writes that she and husband Floyd '55 are in Houston, Texas where both are active in church activities, sports, and square dancing. Their son Chris has been busy since graduation, having toured eleven countries in Europe and is earning his master's degree in education from Maine in 1957. She has taught in Virginia and Texas. Fellow 54ers in the Houston area are Mary Jean (Champion) Lepper and her husband Dr. Sid Lepper and Joan (LeTourneau) Miller and husband Bob.

Mrs. Carl H. Hower (Suzy Dunn) 1 Garrett Place Bronxville, N.Y.

Lavone and Carol (Burty) Horne, married last Spring in France, are now residing in Nashville, Tenn. John has been continuing his education, while Carol continues teaching school.

Jim and Mary (Ketcham) Crowther were married in August at Marshfield, Mass. They are now making their home in Durham, N.H. Fellow classmates who attended the wedding were: Gladys (Merz) Mitchell from Dobbs Ferry, N.Y.; Marge (Bancroft) bury from East Haven, Conn.; Marlene (Schmidt) Hamlin from Monroe, N.C.; Carol (Burty) Horne from France; Linda (Gilles) Jones from E. Belmont, Mass.; and Susan (Furber) S. ’50, “Bob” to his friends, has been ... University of Detroit and has her master's degree in guidance from the University of Michigan. She is a counselor and teacher at Palo Verde High.

Christine (Danes) Edwards writes that she and husband Floyd '55 are in Houston, Texas where both are active in church activities, sports, and square dancing. Their son Chris has been busy since graduation, having toured eleven countries in Europe and is earning his master's degree in education from Maine in 1957. She has taught in Virginia and Texas. Fellow 54ers in the Houston area are Mary Jean (Champion) Lepper and her husband Dr. Sid Lepper and Joan (LeTourneau) Miller and husband Bob.

Mr. and Mrs. Frank E. Pressey, of Bangor, celebrated their 60th wedding anniversary on Sept. 24. Mr. Pressey retired in 1955 as chief engineer at the Penobscot Paper Co. Old Town, Town. The Presseys have had three sons, a daughter, and three granddaughters from the University: Donald E. '52, of Stillwater, a civilian engineer at Dow Field; the late Dr. Harold '25; Frances (Mrs. Dean D.) Pennsylvania, and Charles (Mrs. Theodore) Littlefield '49, of Hampden. Harold Pressey, Bowdoin '54 and MEDE from Maine '55; and Theresa Pressey '52, a nurse at the New England Baptist Hospital, Boston.

Dr. Edson B. Buker, of Auburn, was one of the 14 veteran physicians honored by the Maine Medical Assn at their June meeting. Dr. Buker who now lives on a dairy farm in Minot, was on the staff of the Central Maine General Hospital.

Mrs. Elinor Canders will teach fifth grade at the Larkin School in Bangor this fall. The former Elinor Nealley, she is married to Graydon Canders and is the mother of two children.

Morris Webster was named winner of the American Society of Agricultural Engineers student paper award.

Millicent Chapman has accepted a position as research assistant for Parkes, Davis and Co., pharmaceutical firm, and will be doing research in cancer and hepatitis.

Thomas Harmon has assumed his duties as physical director at the Auburn-Lewiston YMCA.

Mrs. Tamor Cote Lombard is now residing in Redding, Conn., where she is employed by the government.

Mrs. Elmo E. Francis will teach fifth grade at the Larkin School in Bangor this fall. The former Eloise Neavley, she is married to Graydon Canders and is the mother of two children.

Richard Berry has accepted a position in Newt­town, Penna., with the United States Public Health Service.

Judy Dow will begin teaching physical educa­tion in the Lewiston, Conn., school system in Sep­tember.

Michael Bond has accepted a position with IBM in Poughkeepsie, N.Y.

I decided to work in Europe with an American publishing co. and will travel all over Europe, a year and my mail sometimes ... as well as Phillip Morse and Brad Jenkins in Paris. (Please send news notes to above address in Mass­achusetts).

Several days ago I received a letter from John Petrisin who is employed as an accountant in the...
On the sidelines but not retired

The future still lies ahead. Even if you are an “old grad,” you’re still a relatively young husband and father. Make the most of it!

First of all, take stock of your family’s security. Is it underwritten with the right amount of life insurance of the right kinds? Would your wife and children get exactly what you want them to receive? A Connecticut Mutual agent will be glad to help you answer these questions. Actually, he may be able to show you how to stretch your present life insurance to provide more money at the right times without increasing its cost one cent! Talk to him. You’ll be glad you did.

Dividends paid to policyholders for 117 years

Owned by its policyholders, CML provides high quality life insurance at low cost and gives personal service through more than 300 offices in the United States.

Amusements

Life was not always dreary and dull in early Portland, though amusements were usually of the homemade variety. Frequent mention is made in Parish Smith's Diary of skating and sleighing parties in the winter, and of fishing, swimming and picnics in the summer. The deep hard-packed snows of winter were enjoyed particularly, with many sleighing parties organized to visit friends in outlying towns.

Household tasks such as spinning, weaving and sewing were usually made the occasion for a friendly gathering by the women of the community. Rev. Samuel Drane describes one such party at his house of more than "an hundred of the fair sex," who prepared and spun "236 seven-knotted skeins of excellent cotton and linen yarns" as a gift for their hostess.

The visit of notables such as the Governor and his retinue, or a judge coming to hold court, was hailed by the settlement as reason for celebration, mostly in the form of long and convivial dinners with rich foods, fine wines, and all the diners garbed in their gala costumes and wigs.

Dancing was frowned on as an amusement by many of the straight-laced Portlanders. We find a record of one dancing party in Mr. Smith's book, as follows:

"Theophilus Bradbury and wife, Nathaniel Deering and wife, John Walt and wife, and several others of the most respectable people in town, were indicted for dancing at Joshua Freeman's Tavern in December, 1765. Mr. Bradbury pleaded that the room where they had been dancing was hired by private individuals who were using it as a private apartment. Therefore the room was not to be considered as a public place of resort at the time. His plea was sustained."

Mr. Wells in his History of Portland says: "Theatrical performances are given occasionally by irregular, straggling companies from Boston and other places, but they have not much respectability, nor do they receive much patronage from the better classes of society. There are also occasional amateur performances of select plays by ladies and gentlemen of the city, who are very respectable both in their character and attendance. There are numerous other amusements of various kinds, such as jugglers, minstrels, and other like exhibitors, which attract particularly the young."
