This little wafer of glass is one of the most significant telephone advances since the invention of the transistor.

Reason? It's a complete electrical circuit, ready to be slipped into a piece of communications equipment.

In the years to come, as it finds its way into new Bell System "hardware," it will save money and help hold down the cost of your telephone service.

We deposit thin films of metal only four millionths of an inch thick on a glass surface like that shown in the picture above.

Because thin-film circuits are photo-etched on the glass, they can be made economically.

And because a number of components and connections can be consolidated into one unit, thin-film circuitry is extremely reliable and precise.

Thin-film technology has benefited from many important contributions by Bell Telephone Laboratories. It is now being applied to a number of Bell System products manufactured by Western Electric. Among these are a new Electronic Central Office, a new high-speed data transmission system, and a new switchboard.

Thin as the film is, its future is big in our plans to keep improving your telephone service while helping to hold down its cost.
This, the January issue of your alumni magazine, tries in timely fashion to say what has recently occurred; also, what current problems are absorbing the efforts of both campuses. Necessarily there are notes about the 102nd Legislature of the State of Maine, both concerning Orono and Portland. The pre-legislative conference was held on the Orono campus in December, as you may see by a glance at following pages. Support of expansion of both parts of the University is sought through an outline of a program, presented to the state, a summary of which is given here, too.

The two matters are quite separate but related; because the conference was a self-imposed learning session for the new legislature, while the budget request was a matter of one of the departments of the State of Maine (the University) reporting its well-considered needs to the representatives of the people who must interpret and provide for those needs. Mental health and also taxation were subjects of the conference. Education was another topic, and it was broadly discussed, giving attention to the University within the picture of all education responsibilities inside Maine.

Admittedly, the University is the largest educational institution between the borders of Canada and New Hampshire. Yet, a ratio of only 31 in 100 of our young citizens seek higher education anywhere out of state. In all other states the average is 51 to 100 young people. Ours is the only university (not college) in Maine. Where else is a collection of colleges represented on a single campus (technology, liberal arts, agriculture and education) except at the one university, either at Portland or Orono? Yes, students applying may be denied admission, and told to go out of state to study forestry or engineering, for example, but should they be made to do so? At Orono or Portland one may take engineering subjects, and by crossing to another college, take liberalizing subjects also at the one institution. The opportunity to attend a university should not be denied to a qualified boy or girl. Right now admissions applications are up seventy per cent.

One can only wish the best to our 102nd Legislature and salute their courage in finding the way, as they must, to an improvement of significant proportions.
The State of Maine's newly-elected legislature arrived on campus December 10 for a three-day Pre-Legislative Conference to discuss education, mental health, welfare, state finances and taxation. Participation in the conference was by invitation; in addition to the new members of the 102nd Legislature, those attending included the governor and executive council, the Maine Congressional delegation, and leading Maine citizens.

Governor John H. Reed gave the opening address at the first meeting held Thursday afternoon at 5:30 in the Hauck Auditorium. This marked the governor's first appearance before the new legislature which, as
a result of the November elections, is mainly Democratic.

At a dinner meeting Thursday evening the featured speaker was Dr. William C. Menninger, president of the Menninger Foundation in Topeka, Kansas. The Foundation is a non-profit professional organization devoted to research concerning treatment and prevention of mental defects, and it is also the largest training center for psychiatrists in the United States.

Dr. Karl A. Bosworth, Professor of Political Science at the University of Connecticut, was the speaker at the banquet Friday evening. During his career combining academic work with research and consulting assignments, Dr. Bosworth's special interests have been state and local government. His topic Friday evening was "Enjoying the Legislative Vocation."

An innovation this year was a two-hour legislative procedures session held Saturday afternoon to assist new members with the structure and functions of the legislature. Veteran legislators and prospective leaders of the incoming legislature combined their talents in the program. Allen G. Pease, Assistant Professor of Government at the University of Maine in Portland, opened the session with a discussion of such questions as the function of a legislator, his role in leadership and "followship," and his future responsibilities. The organization of the House of Representatives and the Senate, with reference to the political party structure, was detailed by Speaker of the House David Kennedy of Milbridge, Representative Childs of Portland, Senate President Robert C. Marden of Waterville, and Representative Carlton Day Reed, Jr., of Woolwich. Director of Legislative Research Samuel Slosberg described the assistance which his office and the Maine State Library could offer. A
discussion of parliamentary procedures in both houses concluded the session.

Other sessions had specifically dealt with the millions of dollars requested by various state departments for 1965-67 and how best to raise them. Panels on taxation and finance discussed in detail such ideas as a general sales tax, a one per cent sales tax increase, an income tax, an increased tax on gasoline, severance tax instead of property tax and deficit financing. No conclusions were reached, but the problem received much more detailed study before the Legislature’s convening date of January 6, 1965.

The conference was sponsored by the Legislative Research Committee of the Maine Legislature. The sub-committee planning the meetings included Senator Dwight A. Brown, Ellsworth, Chairman; Senator Robert A. Marden, Waterville; Representative David J. Kennedy Milbridge; and Representative Bradford S. Wellman, Bangor. A University of Maine committee which assisted with planning and arrangements consisted of Dr. H. Austin Peck, Chairman; Professor David R. Fink, Jr.; Howard A. Keyo; Professor Eugene A. Mawhinney; and Associate Dean Winston E. Pullen.
Rep. Abbott Pendegrast (left), R-Kennebunkport, and Richard Bachelder of the Bureau of Public Improvements (right) smile at a speaker’s remark during a panel discussion on taxes.

(Above) William E. Schumacher, Director of the Bureau of Mental Health, introduced the session on the topic of Mental Health, Retardation, and Welfare.

(Left) Retiring State Treasurer Frank Carpenter (left) and State Tax Assessor Ernest Johnson (right) listen intently to discussion of the proposed state budget.

Out-of-session discussions were both light and serious. Presenting viewpoints are (left to right) Representatives John Cottrell Jr., D-Portland; Keith Anderson, D-Orono; and Joseph Binnette, D-Old Town.
IN 1964, the United States Office of Education announced the results of a survey which showed that 31% of Maine's high school graduates of June 1963 were enrolled in institutions of higher learning. Average percentage of youth attending college for the nation was 51%, while California led the nation with a figure of 81% of its young people enrolled in higher education. Maine, on the other hand, was last: 51st among 50 states and the District of Columbia!

Why does Maine rank 51st? There are four basic, though over-simplified reasons. First, many people in Maine have not yet accepted the need for higher education or advanced training for all able young men and women; but the fact remains that the state, the nation, and the world are in need of the contributions these young people can make if trained and educated to the best of their ability. Second, there is a lack of diversification in Maine's educational programs. There is, for example, only one junior college in Maine, and this a private college for women only. Third, the fact that most students in Maine must leave home and attend a resident college imposes a financial impossibility for many Maine families. Finally, the cost of attending the University of Maine is high! $400 tuition per school year. (The national average among land-grant universities is $267 per student per year for tuition)

The University of Maine is not yet expanding rapidly enough to admit all of the qualified Maine youths who are applying for admission and who would profit from a university education. The present enrollment on the Orono and Portland campuses is 5611. As recently as 1958 the enrollment was but 3933, indicating that the University is indeed growing. But growth cannot stop here. By conservative estimates, 645 additional students should be enrolled in the fall of 1965 and 485 more in 1966. Present facilities at the University, however, will not permit this.

The solution to this problem lies in the hands of the 102nd Maine Legislature, now meeting in Augusta. New buildings authorized by the last legislature but to be in use for the first time during the coming biennium will require operational funds. Add to this the additional expenses of salary increases and an increase in general operating expenses, and almost $4 million over and above the former legislative grant for biennial operations of nearly $11 million is essential merely to keep abreast of rising costs.

In view of the projected enrollment increase, two new dormitories will be needed by the fall of 1966 and two more by 1967. A new cafeteria will also be necessary by 1967. Seven new four-story dormitories have been constructed in the past six years at the Orono campus with money raised from the $10 million bond issue approved by Maine voters in 1958. All of these dormitories are now full, and the bond money has been spent. Another self-liquidating bond issue, to be repaid by student room and board rates, would seem the best way to raise the $6 million needed for the construction of the four dormitories and the cafeteria. The University is requesting the permission of the 102nd Legislature to undertake this.

Finally, increased enrollment will also necessitate certain capital improvements in the academic area. Of the twenty-six projects deemed most necessary, some of the more pressing are: new buildings for zoology and forestry at Orono and a physical education building in Portland; renovations of Fernald Hall, Alumni Hall, Aubert Hall, and Crosby Laboratory; a new infirmery on the Orono campus; enlargement of men's physical education facilities at Orono; phase I of the completion of the Fogler Library; a service building; and accompanying water, electrical, and sewage lines. The estimated expense of all twenty-six projects is $8 million, which the University is also requesting of the Legislature.

What does all of this have to do with us as alumni of the University of Maine? Mainly it lends to us the responsibility of making our Maine friends aware of the importance of educating and training our young people and of the problems now facing the University. It is up to the people of Maine to live up more fully to the privileged task of training their younger citizens of today to become their leaders of tomorrow.
Grant for Math Institute

A $48,900 grant for the support of a summer institute in mathematics for secondary school teachers has been awarded the University of Maine by the National Science Foundation, Dr. Lloyd H. Elliott, has announced. The grant, under the direction of Dr. Spofford H. Kimball, head of the department of astronomy and mathematics, is the seventh annual grant made to the university by the foundation for a mathematics institute.

Fifty-five secondary school teachers of mathematics from Maine and other states throughout the country were enrolled in the 1964 summer institute.

Tele-Lecture

A lecture from the University of Maine's Orono campus crossed the Canadian border Friday evening (Dec. 4) to the campus of the University of New Brunswick with the assistance of the New England Telephone Company and the Bell Telephone Company of Canada. Telephone Company officials said that it was the first international use of Tele-Lecture in the east. Tele-Lecture is a recent development which provides twoway communication to large audiences and overcomes problems of distance and time in providing outside resources for meetings. Eighty faculty members and senior education students heard the telelecture over amplifying equipment installed by the telephone company in the Tartan Room of the Memorial Student Center at the University of New Brunswick in Fredericton.

At the Orono end of the two-way communication system, Dr. David Fink, Jr., professor of education and director of the U. of M.'s team teaching project, and John W. Dunlop, general manager of the State of Maine Educational Television Network, spoke from Dr. Fink's office in the Education Building. The two lecturers used a microphone placed on the desk between them, and at Fredericton the audience was able to exchange questions and answers with them through a loud speaker system. Slides of the U. of M.'s television facilities, and of the two speakers, were shown simultaneously with the lecture.

The Friday evening tele-lecture was an outgrowth of a recent conference between the two universities at Orono to promote cooperation between New England and the Maritime Provinces. The New Brunswick university faculty was intrigued by the use of television for instruction and this topic was chosen for the pilot exchange.

The lecture, arranged by Dr. Fink and Dean Robert J. Love of the Faculty of Education at the New Brunswick institution, was financed by the University of Maine through a Ford Foundation grant.

“Merry Christmas” greetings adorned Commons’ windows during the pre-holiday season.

CAMPUS IN WINTER

Reserve Officer Training Corps students (left to right) Charles Bourne, Richard Leland, Thomas Har dcaste and Stephen Melgard on the steps of the U.S. Military Academy's Washington Hall as Cadet first Classman (far left) Jerry Ledzinski explains some aspects of a cadet’s life at West Point. The four University of Maine students visited West Point from 29 Oct.-1 Nov. with 117 other senior ROTC students from the First and Second Army Areas. While visiting here, the students had a chance to establish personal friendships with the West Pointers by attending cadet classes and participating in many of their activities. The group represented 53 colleges and universities with ROTC programs.
Messiah Presented

Four guest soloists, the 130-voice Chorophonic Society and the 52-piece University Orchestra combined to present Handel's Messiah at the University of Maine December 12 and 13. Two performances of the annual Christmas presentation were given this year in the Memorial Gymnasium. The Saturday evening concert was at 8 p.m. and the second performance at 3 p.m. Sunday afternoon. Dr. Herrold E. Headley, Sprague professor of music who conducted the Messiah, said that two performances were scheduled this year in order to permit everyone who would like to attend to be comfortably seated. Many people were turned away from last year's performance and others had to stand.

Mac Morgan, Boston soloist, and three Maine musicians appeared as guest artists in the Messiah with the university student groups. Morgan, who has appeared continuously with the Community Concerts Association since 1946, has sung with many of the leading U.S. orchestras, including the New York Philharmonic, the NBC Symphony and the St. Louis and Boston symphonies. His repertoire includes 35 bass baritone roles in oratorios and 22 operatic roles.

Judith Cornell of Brunswick sang the soprano role. Mrs. Cornell is the wife of Thomas Cornell, a member of the Bowdoin College art department, who is a tenor soloist. Mrs. Cornell attended the University of California and the Music Academy of the West in Santa Barbara where she sang leading roles in several operas, including Mignon and Pelleas and Melisande. Last spring she was awarded a scholarship to study at the Woodstock Music Academy of the West with Madame Lotte Lehman.

The alto soloist, Mrs. Eleanor Lagner, of Woolwich has been a soloist with the Brunswick Choral Society and has many years experience singing choral music and oratorio. She has sung leading roles in Messiah, Patience, The Mikado, Trial and Mignon.

The tenor soloist, David Goulet, is a young musician who is a student of Marshall Bryant in Portland where Goulet, a former Rumford resident, now lives. Goulet, who has given several solo recitals in Portland, is tenor soloist at the Emanuel Baptist Church there.

Original Play Produced

An original play written by a University of Maine senior was performed Wednesday evening (Dec. 16) at 8:30 p.m. in the Hauck Auditorium as the first theatre laboratory production of the season. The theatre laboratory is a program of the department of speech and serves as an opportunity for student playwrights, directors and actors to practice what they have learned.

The play, Wine of This Year's Vintage, was written by Leroy Clark of Glenburn. Conceived as a vision of the world to come, it depicts a society that is brutal and inhumane and what seems wrong or abnormal today is in the world of the play actually right or normal.

Members of the cast are Peter Clough, Portland; Priscilla Walters, Lyons, N.Y.; Charles Friedman, Brookline, Mass.; Linda Woolley, Orono; Larry Leighton, Cape Elizabeth; Harold Ellsworth, Madison, Mass.; Fritz Momsen, Chelsea, Vt.; Steven Harvey, Camden; Donna DeCourcy, West Hartford, Conn.; Ann Cushing, Mt. Vernon; Toby Soule, Freeport; and Dennis Hass, Orono.

The play's musical score was written by Tony Chamberlain, Hingham, Mass., and Ritchy Burchfield, Brunswick was the choreographer. George Noyes, Cape Elizabeth was in charge of lighting and Margaret Edgar was the stage manager. Clark was the director.

NSF Grant

The University of Maine has received a grant of $4,800 from the National Science Foundation, it was announced by President Lloyd H. Elliott. The money will be used to purchase an analytical gas chromatography apparatus for the department of chemistry.

The new equipment, according to Prof. John W. Beamesderfer, head of the chemistry department, will be used by members of the chemistry faculty who are working on research projects. The device, which analyzes mixtures and identifies substances, is one of the most modern instruments of its type, Dr. Beamesderfer said.

Pulp and Paper Directory

Some 962 University of Maine alumni are associated with 248 companies in the pulp and paper and allied industries as shown by the 1964 University of Maine Pulp and Paper Foundation directory recently published. They are located in 37 states and 18 foreign countries and nearly 150 hold major administrative positions with their companies. Maine, with 409 or 42.5 percent of the total, stands first among the states followed by Massachusetts with 109 and New York with 108. Pennsylvania with 39 and Wisconsin with 33 round out the top five. Canada with 21 has the largest number of any country outside of United States. India has four and China, Japan, and the Philippines have two each.

Forty-seven alumni are chairman, presidents, vice presidents, or other general administrative officers. One hundred ninety-four men are in production work with 43 holding positions as managers. Engineering and technical service has the greatest number of representatives with 365 of whom over 50 are directors, managers or superintendents. Twenty-seven are in education as teachers or students; 79 in sales; 44 in forestry; and 60 reported various other types of occupation.

Human Race in Danger?

If the human race is to survive, it will have to change its ways of thinking even more in the next 30 years than it has in the last 30,000 years, says a University of Maine rural sociologist, Stephen A. Hyatt. Hyatt, who is an assistant professor in the college of agriculture and economics, is a member of the Population Reference Bureau, a private non-profit Washington, D. C., organization which studies population trends to promote public awareness of the problem.

"The key to our population problem is a heavy investment in our human resources in the form of education," he continued. "We must provide educational opportunities for every person so he can go as far as his abilities and drive will take him in this complex and rapidly changing world. Only in this way can we intelligently meet the problems of today and the challenges of tomorrow."

Winter Carnival Committee for 1965.

Left to right (standing) are:

Left to right (seated) are:

Winter Carnival will be held the weekend of February 26-28.
Masque Play

The MacK Auditorium stage at the University of Maine was transformed into the locale for the aftermath of the Trojan War for the Maine Masque Theatre's second major production of the season Wednesday through Saturday, Dec. 9 to 12.

Euripides' great anti-war play, *The Trojan Women*, was directed by E. A. Cyrus of the speech department who also served as designer of the production, which presented complex problems since it was necessary to stage it in a limited amount of space. Cyrus achieved the setting outside the walls of Troy by imaginative use of sound, light and careful arrangement of actors. Assisting on sound was Laforest G. Robbins of Saeco who wrote incidental music for the play, and Rodney Douglass of West Scarborough who handled sound effects, including music. To achieve an over-all effectiveness in staging the drama, Cyrus employed ramps and platforms which enabled the actors to play on several different levels. The ramps and platforms combined with special lighting effects to suggest the entrance to the Trojan city.

Assisting with backstage production and coordination were Richard Niles of Orono, who served as stage manager for the play, and Carole Howard of South Windham who served as assistant to Niles.

Over 40 people were used in the total production.

Faculty Concert

A new member of the University of Maine's music faculty gave his debut performance in the Friday Evening Concert series Friday evening, November 20, in Alumni Hall Auditorium. Dr. James R. Lerch, violinist who joined the music faculty this fall, was accompanied by his wife, Louise Lerch, pianist. The program included Guiseppe Tartini's *Sonata in G minor* (*The Devil's Trill*); Beethoven's *Sonata in G Major* (Opus 96); and Prokofeff's *Sonata in F minor* (Opus 80).

Dr. Lerch, who is also a member of the university's newly-organized Carnegie Trio which was heard on the Friday Evening series December 4, came to the university from the Eastman School of Music where he received his Ph.D. last spring.

Dr. Kleindienst Publishes

Dr. Viola K. Kleindienst, Head of the Women's Physical Education Department at the University of Maine, and a 1949 U. of M. alumnus are the co-authors of a book, *Intramural and Recreation Programs for Schools and Colleges*, published this month. Miss Kleindienst's co-author is Dr. Arthur Weston, '49 Director of the Department of Physical Education and Athletics at Brooklyn College of the City University of New York. Primarily designed as a textbook for undergraduate and graduate professional courses, the book is also a resource manual for school and college teachers and a reference book for recreation associations and their officers.

Dr. Kleindienst, who has been a member of the University faculty since January, 1962, formerly taught at the universities of Missouri, Montana and Connecticut. During World War II she served in the U. S. Navy as a lieutenant senior grade and was one of three officers to plan, organize and conduct the physical training program for WAVES at Norman, Okla.

Her co-author, Dr. Weston, was graduated from the U. of M. in 1949 and is the author of *The Making of American Physical Education*. During the past summer Dr. Weston traveled in Europe and Russia for UNESCO and the AAU. Until two years ago he was chairman of the Athletic department at Rice University in Texas.

Intramural and Recreation Programs for Schools and Colleges, published by Appleton-Century-Crofts, a division of Meredith Publishing Company, is one of a series in health, physical education, physical therapy and recreation. Many of the pictures used as illustrations were taken by Bangor Daily News and U. of M. photographers and feature students, faculty and local residents.

New England Colleges

Some 45,357 full-time students are enrolled at New England's six state universities during the fall semester of the 1964-65 college year. The figures are listed in the November issue of Yankee Peers, a newsletter prepared jointly by the public information departments of the Universities of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont. The newsletter is distributed among faculty members.

The University of Connecticut has the highest enrollment with 14,745 students attending classes at the main campus at Storrs and at branches in Hartford, Waterbury, Stamford, and Torrington. The University of Massachusetts has 10,497 at its Amherst campus, followed by the University of Maine with 5,652 at its Orono and Portland campuses. The University of Rhode Island at Kingston, has 5,347, while the University of New Hampshire at Durham has 4,940 and the University of Vermont at Burlington has 4,176.

A further breakdown of the total shows that 38,157 are undergraduates and 7,200 are graduate students. About 50 percent of the undergraduates are enrolled in programs in the liberal arts and sciences, including business administration, while the rest are divided among colleges of agriculture, education, and engineering.
Maine's varsity basketball team, coached by Brian McCall, has opened defense of its Maine State Series title with crushing victories over Bowdoin, 87-69, at Brunswick, and Bates, 120-76, at Lewiston. Members of the 1964-65 unit are: kneeling and displaying the State Series championship trophy, Co-Captains Dave Svendsen, Needham, Mass., left, and John Gillette, Westbrook, right. Standing, left to right: Manager Lucien Dancause, Brunswick; Rick Woods, Bath; Terry Carr, Millinocket; Bill Beck, South Portland; Dick Billings, Westbrook; David Hale, Barre, Vt.; Coach McCall; Guy Strang, Bangor; Bruce MacKinnon, Bath; Bob Brewer, Rockland; Scott Dunham, Yarmouth; Bob Woodbury, Orono; and Athletic Trainer Jim Dickerson.

SPORTS NEWS

Maine's varsity basketball team, fresh from winning the Wooster Classic championship in Wooster, O., and off and running with a perfect record in Maine State Series competition, was proving to be the talk of the campus when this issue of the Alumnus went to press.

The Bears won the Wooster title during the Christmas holiday period. The Classic attracted four teams, including the host college, Wooster College. Others, in addition to Maine, were Hartwick College of New York and Muskingum College of Ohio. Wooster and Muskingum are members of the Ohio Conference, rated as the best small college sports conference in the country.

Maine opened with a 102-78 win over Muskingum and copped the crown by beating Wooster in the finale, 98-91.

Co-captain John Gillette, of Westbrook, who scored 23 points against Muskingum and 36 against Wooster, was named the most valuable player in the tournament and was naturally selected to the all-tournament team. Also named to the all-star squad was sophomore Terry Carr of Millinocket.

In Maine State Series competition to date, Maine has chalked up wins over Bowdoin at Brunswick, 87-69, and Bates at Lewiston, 120-76. Four games remain: home and away contests with Colby and home games with Bowdoin and Bates.

The win over Bates was especially pleasing to the Bears as several observers, including some rival coaches, had picked Bates to de-throne Maine from its customary place at the top of the State Series standings.

Some 1,100 fans, representing the largest turnout in Bates College basketball history, jammed the small Bates gym for the game only to watch the red-hot Bears hit on 60 percent of their floor shots in racing to the victory.

The 120 points scored by Maine represented a new all-time Maine State Series scoring record as well as a U-Maine team scoring mark. The old UM record was 116 points scored against Rhode Island in 1960.

On two other occasions this season Maine has bettered the 100-point mark. The Bears trounced Norwich University, 103-83, in the opening game of the season and cracked the University of Vermont, 103-84, a few nights later.

Maine basketball teams had scored over 100 points only six times prior to the current season.

"This is our way of celebrating the University's Centennial Year" was the way one member of the team observed the high-scoring performances.

Altogether, Maine played 12 games prior to this issue of the Alumnus and posted a 7-5 mark. In addition to the previously-mentioned victories, the Bears defeated Vermont, 83-60, while losing to Massachusetts, 82-70, Rhode Island, 92-80, Connecticut, 89-67, Youngstown, 81-60, and Gannon, 99-48. The Youngstown and Gannon losses were sandwiched around the wins at the Wooster Classic on the four-game, four-day road trip to Ohio and Pennsylvania.

OFF THE BACKBOARD...One of the nicest things about Maine's participation in the Wooster Classic was the way that UM alumni in the greater Cleveland area turned out to support the team...the eastern Ohio Alumni Association entertained the team at a late-evening social program following the first game of the Wooster Classic and a wonderful time was enjoyed by Coach Brian McCall and members of the team...."It was really kind of this group to sponsor the program," McCall noted later...."it was good that we were able to play well before them"...serving as host at the program was Jack Laing '58 of Cleveland who did a masterful job of rounding up support for the team...
University Baseball Coach Jack Butterfield '53, who guided the Bears to third place in the NCAA College World Series in Omaha last June, was recently named NCAA Major College Coach-of-the-Year for 1964. The award was made on January 10 at the annual meeting of the American Association of College Baseball Coaches in Chicago.

A graduate of Westboro (Mass.) High School, Butterfield was an All Yankee Conference halfback at Maine and co-captained the 1952 football team with his brother Phil. He was also a pitcher for the University's baseball team.

He coached three sports at Foxcroft Academy for two years before joining the University of Maine coaching staff in 1956 as Freshman Baseball Coach and backfield coach in football.

Upon return from Chicago, Coach-of-the-Year Butterfield wasted no time in assembling his 1965 squad to prepare for the coming season. A meeting was held on January 14, and indoor practice will begin with the new semester in February.

Ernie Smith, below, co-captain of last fall's University of Maine football team, has become the seventh UM player in recent years to be signed to a professional contract. Smith, after considering offers from teams in both U. S. pro football leagues and the Canadian circuit, signed a pact with the Green Bay Packers of the National Football League. A tackle, Smith is from Laconia, N. H., where he played high school football under Woody Carville '53, who now coaches freshman teams at the University, and Ken Parady '57. Smith stands 6' 4" and weighs 256 pounds.

Ted Curtis '23, left, Maine's veteran faculty manager of athletics, has succeeding in lining up one of the most attractive indoor track and field meet schedules in UM history this winter. The Black Bears, coached by Ed Styrna, right, will be host to five of New England's top squads during a seven-meet schedule. The Bears opened at home in January with meet against New Hampshire and Bates. In February Maine will host Brown on the 13th, Boston University on the 20th, and Northeastern on the 27th. Maine will also be the site for a U. S. Track and Field Federation Invitational Meet on March
Local Associations

Auburn-Lewiston Alumnae
Hazel (Sparrow '31) Russell, President

The annual Mother-Daughter Supper was held on November 18 at the West Auburn Congregational Church. Twenty-six members and their daughters attended. Students from the Samson School of Baton performed the various methods of baton twirling.

Auburn-Lewiston Alumni
Fern Pontbriand '50, President

Alumni met on January 21 with University Football Coach Harold Westerman, who showed films of the 1964 football season.

Rhode Island Black Bears

On Friday, January 22, this unique group of men met at the home of Howard C. Barber '45 in Rumford, Rhode Island. The host, as a policy of the members, was also the president of a business meeting that discussed their scholarship.

Southern Kennebec Alumni
Ralph "Woody" Hodgkins '59, President

A meeting was held at noon on January 8 at the Silver Room of the Augusta House. Robert McLeary '42 reported that the Jug Pot project was moving along well.

Southern Penobscot Alumnae
Martha (Page '43) Hodgkins, President

Alumnae of southern Penobscot county met on January 21 at 7:30 p.m. in the Upstairs parlor of the Bangor Y.W.C.A. to hear Dean Emeritus Weston S. Evans of the College of Technology outline the coming highlights of the University's Centennial program. A "Silent Auction" (wherein one submits written bids) rounded out the evening.

FEBRUARY 25, 1965

Nationwide Centennial Birthday Parties

All associations are considering simultaneous meetings on Thursday, February 25, to coincide with the Convocation at Orono celebrating the 100th birthday of the University.

Watch for notices.
ALUMNI ACTIVITIES AWARD

NOMINATION

At the time of the Centennial Convocation on February 25 a committee will meet to select the recipients of the Alumni Activities Award for 1965. This award was first presented in 1963 to seven University alumni.

Last year's (1964) recipients were:
Milford F. Cohen '40
Thomas J. Desmond '33
John R. Dyer '41
Philip and Martha White '22 '23
Ashton P. Sawyer '35

Members of this year's committee who will make the selections are
Alvin S. McNeilly '44, Chrm.,

The object of these awards is to maintain and to develop strong and active goodwill for the University through work in local organizations, the classes and the General Alumni Association. This award is not given to any person who has received the Alumni Service Award, Black Bear Award, or is a member of the Alumni Council at the time of the award. The activities which will be given consideration, singly or in combination, are among the following:

1. Strengthening of local associations, evidenced by a willingness to actively serve on committees, prepare mailings and notifications, and make contacts, or any other service which, in the opinion of the local group, has been of a definite and constructive value to that group,

2. Individual class participation and support of class activities, such as exceptional service as class secretary, class fund raising for the Foundation or the Alumni Activities Fund, and stimulation of support for annual giving,

3. Development of the University image in communities,

4. Publicity support, or the obtaining of it, for the University through any news media,

5. Legislative support and/or interpretation of the needs of the University to the legislators, and

6. Support of the Annual Giving Fund Activity through contributions made in time and effort to make the Fund a successful operation in the area covered.

Those active alumni who wish to may submit a nomination to the Alumni Office BEFORE February 25. Letters have also been sent to class and local association officers asking for their nominations for the 1965 Alumni Activities Award.
ELSIA PETERSEN KLEIN. Mrs. John F. Klein, 73, of Orono, on Dec. 26, 1964, at Orono, as the result of a fire that swept her apartment house. She was a native of Dintere, Ill. She received her AB degree at Beloit College in 1913, her AM from Columbia in 1919, and studied abroad at the University of Grenada and the University of London in the 1920’s. Mrs. Klein was a part-time instructor in the English department at the University for several years. After her late husband, the German, retired from the University in 1957, the Kleins travelled extensively. Mrs. Klein was an accomplished musician. She played in the University of Maine orchestra and the Habenicht Ensemble in Bangor. Survivors include a sister and two brothers, several nieces and nephews.

RICHARD THOMAS HUNTINGTON. Richard T. Huntington, 75, of Brooklyn, N.Y., on Dec. 1, 1964, at his home. He was a native of Norwag, Me. After graduating from the University. He earned a Bachelor of Literature degree in 1915 at Columbia University School of Journalism in 1915. He was the executive editor of the World- Review of Hotels and Travel for 33 years, resigning in 1958. He was then director of information for the American Hotel Assn. In 1961 he became editor of the National Hotel and Restaurant and the American Hotel. Survivors include his wife and two sons.

DR. CHARLES ANDREW BRAUTLECHT. Dr. Charles A. Brautlecht, 83, of Winter Park, Fla., on Jan. 1, 1965, after a long illness. He was a native of New Haven, Conn. He received a Ph.B from Yale in 1906, and a Ph.D in 1915 from the same university. He was professor and head of the Chemistry Department at the University of Maine from 1919 to 1935. From 1935 until his retirement in 1947, Dr. Brautlecht was professor of Chemical Engineering, retiring as professor emeritus. For many years after retirement he was a consulting chemist. In 1952 Dr. and Mrs. Brautlecht left Orono to live in Florida. His wife survives him.

STEPHEN EDWARD WOODBURY. Stephen E. Woodbury, 89, of Beverly, Mass., on Dec. 13, 1964. He was a native of that city. In his early youth he received an ME and EE degree. He was a di­rector of engineering at Mason & Hamilton Co., and a member of the research department of United Shoe Machinery Co., both in Beverly Massachusetts. Survivors include two sons, one of whom is Stephen E. Woodbury Jr., 42, of Beverly.

RALPH HERBERT FIFIELD. Ralph H. Fifield, 83, of Billings, Mont., on Nov. 22, 1964, at a Billings hospital, of a heart condition. He was the son of a native of that city. In his early youth he received an ME and EE degree. He was a di­rector of engineering at Mason & Hamilton Co., and a member of the research department of United Shoe Machinery Co., both in Beverly Massachusetts. Survivors include two sons, one of whom is Stephen E. Woodbury Jr., 42, of Beverly.

CARL HOWARD ALDEN. Carl H. Alden, 81, of Gorham, on Jan. 27, 1964. He was a native of Stow, N.H. He was a rural mail carrier for 43 years, retiring in 1953. Survivors include one brother and several nieces and nephews.

ANTOINETTE GOULD TORREY. Mrs. Nor­man E. Torrey, 65, of Bangor, on Dec. 16, 1964, unexpectedly, at her home. She was a native of Bangor. She authored a book “Wisdom for Widows,” and wrote numerous newspaper and magazine articles. For many years she was secre­tary of the Bangor Historical Society, and was active in civic affairs in Bangor. Mrs. Torrey was secretary and class notes editor of the Class of 1923, as well as a member of its executive com­mittee. Survivors include a son, three brothers, four sisters, one of whom is Miss Mar­garet Lovely ’33, of St. Petersburg, Fla., and two grandchildren.

WINSTON LAMONT GOOCH. Winslow L. Gooch, 66, of Winter Park, Fla., on March 20, 1963, at Franklin County Memorial Hospital. He was a native of New Sharon. After graduating from the University he earned an MS degree in 1929, and received his MD degree from the University of Minnesota in 1939. He was employed for some years in gov­ernment research in Cheyenne, Wyo., and in 1948 was transferred to Alaska, where he was head of the Pharmacology department for the U.S. Govern­ment. He retired in 1959 and lived in Farming­ton, Maine. Survivors include two daughters, two sisters, and a niece, Mrs. Emerson (Esther Babb ’55) Colby; of Hanover, N. H.

DR. PETER PAUL BARTLEWSKI. Dr. Peter P. Bartlewski, 54, of New Britain, Conn., on Dec. 3, 1964, at his home, after a long illness. He was a native of the neighborhood of St. John Canty College, Erie, Pa., and attended the University of Maine for three years. He was graduated from Tufts Dental College and was a dentist for 26 years. He served as a lieutenant in the U.S. Naval Reserve during World War II.

MYRON FRANCIS BABB. Myron F. Babb, 66, of Farmington, on June 20, 1963, at Franklin Memorial Hospital. He was a native of New Sharon. After graduating from the University he earned an MS degree in 1929, and received his degree from the University of Minnesota in 1939. He was employed for some years in gov­ernment research in Cheyenne, Wyo., and in 1948 was transferred to Alaska, where he was head of the Pharmacology department for the U.S. Govern­ment. He retired in 1959 and lived in Farming­ton, Maine. Survivors include two daughters, two sisters, and a niece, Mrs. Emerson (Esther Babb ’55) Colby; of Hanover, N. H.

STANLEY BRADFORD BEALS. Stanley B. Beals, 58, of Bangor, Me., unexpectedly, on Dec. 1, 1964. He was a native of Rockland. He owned and operated Beals Variety Store in Centerville, Michigan. He was a direct descendant of Governor William Bradford of the Plymouth Colony. Survivors include his wife, three sons, and two sisters.

PHILIP ARTHUR BECKLER. Philip A. Beck­ler, 60, of Glen Falls, N.Y., on June 12, 1964, unexpectedly. He was a native of Albany. He was a member of Phi Delta Kappa Fraternity.

MALCOLM LESLIE BUCHAN. Malcolm L. Buchan, 53, of South Portland, on Dec. 21, 1964, in Portland, after a short illness. He was a native of North Andover, Mass. He was a civil engineer with the San Aceto Construction Co., of Portland. During World War II he was a member of the U.S. Army engineers; he served four years and was with the rank of captain. Survivors include his wife, Mary (Galahe ’31) Buchan, and two sisters. Mr. Buchan was a member of Phi Delta Kappa Fraternity.

JOHN EARLE BATES. John E. Bates, 54, of Portland, on Dec. 17, 1964, as the result of a fire at his home. He was a native of Portland. He attended the University and was a graduate of the old Peabody Law School. He had been a prac­ticing attorney in Portland since 1936. He was a member of the Portland Bar Association. Survivors include a son, three brothers, two sisters, one of whom is Miss Mar­garet Lovely ’33, of St. Petersburg, Fla., and two grandchildren.

LLEWELLYN LITHGOW COOPER. Llewellyn L. Cooper, 61, formerly of Augusta, at the home of his daughter at Cape Elizabeth, Dec. 14, 1964. He attended the University for one year and also attended Boston University. He was a bank ex­aminer for the State of Maine Department of Banks and Banking. Survivors include a daugh­ter, E. Smith Cooper ’21, of Kennebunk, a sister, two grandchildren, uncles, aunts, nieces, and nephews.

PHILIP HERBERT G. FIFIELD. Philip H. Fifield, 70, of Billings, Mont., on Nov. 22, 1964, at Billings hospital, of a heart condition. He was the son of a native of that city. In his early youth he received an ME and EE degree. He was a di­rector of engineering at Mason & Hamilton Co., and a member of the research department of United Shoe Machinery Co., both in Bever­ly Massachusetts. Survivors include two sons, one of whom is Stephen E. Woodbury Jr., 42, of Beverly.

JOHN EARLE BATES. John E. Bates, 54, of Portland, on Dec. 17, 1964, as the result of a fire at his home. He was a native of Portland. He attended the University and was a graduate of the old Peabody Law School. He had been a prac­ticing attorney in Portland since 1936. He was a member of the Portland Bar Association. Survivors include a son, three brothers, two sisters, one of whom is Miss Mar­garet Lovely ’33, of St. Petersburg, Fla., and two grandchildren.

LLEWELLYN LITHGOW COOPER. Llewellyn L. Cooper, 61, formerly of Augusta, at the home of his daughter at Cape Elizabeth, Dec. 14, 1964. He attended the University for one year and also attended Boston University. He was a bank ex­aminer for the State of Maine Department of Banks and Banking. Survivors include a daugh­ter, E. Smith Cooper ’21, of Kennebunk, a sister, two grandchildren, uncles, aunts, nieces, and nephews.
CLIFFORD WOODBRIDGE ODLIN, Clifford W. Odlin, 42, of Springfield, Pa., on Jan. 9, 1959. He was a native of Cape Cottage. He had been an instructor of Mathematics of Radio Education at Temple University Technical Institute. He served for six years in the U.S. Army, and was discharged with the rank of sergeant. Survivors include his wife, Mr. Odlin was a member of Phi Mu Delta Fraternity.

1940

DONALD HUGGARD GOODWIN, Donald H. Goodwin, 45, of Bangor, on Dec. 13, 1964, at the Veterans Hospital at Toagus, following a long illness. He was a native of Portland. He was employed as an engineer by the State of Maine. He served in the Infantry in World War II. Survivors include his wife, a son, two daughters, four brothers, two sisters, two grandchildren, and several nieces and nephews.

1941

JOSEPH LAWRENCE FEENEY. Joseph L. Feeney, 25, of Atkinson, N.H., formerly of Saco, on Dec. 23, 1964, at North Andover, Mass., as the result of an automobile accident. Joseph L. Feeney '61, of Atkinson, N.H., was also killed in the result of an automobile accident. Joseph L. Feeney was a native of Bangor. In addition to his B.S. degree, he also held a Masters Degree from the University (1958), and had done post-graduate work at the University of New Hampshire. He was employed as an engineer by the Western Electric Co. at North Andover, Massachusetts. Survivors include his parents, his wife, two sons, one brother, Ronald T., '58, of West Lebanon, N.H., two nieces, three nephews, several aunts, one of whom is Katharine (Atkins '25) Wing, of Topeka, Kans., and uncles, one of whom is Francis Atkins, '49, of Bangor.

1948

JOSEPH LAWRENCE FEENEY. Joseph L. Feeney, 25, of Atkinson, N.H., formerly of Saco, on Dec. 23, 1964, at North Andover, Mass., as the result of an automobile accident. Joseph L. Feeney was a native of Bangor. In addition to his B.S. degree, he also held a Masters Degree from the University (1958), and had done post-graduate work at the University of New Hampshire. He was employed as an engineer by the Western Electric Co. at North Andover, Massachusetts. Survivors include his parents, his wife, two sons, one brother, Ronald T., '58, of West Lebanon, N.H., two nieces, three nephews, several aunts, one of whom is Katharine (Atkins '25) Wing, of Topeka, Kans., and uncles, one of whom is Francis Atkins, '49, of Bangor.

PHYLLIS NORTON MORTON. Mrs. Philip L. Morton, 37, of Wallingford, Conn., on Oct. 26, 1964, at Gaylord Hospital Sanatorium, following a long illness. She was a native of Richmond Hill, N.Y. Survivors include her husband, Philip L. Morton, four daughters, a brother, Major Chapman Norton '50, Tampa, Fla., and her parents—Mr. and Mrs. George Norton, of Garden City, N.Y. Mr. Norton is a member of the class of 1918.

1955

PHILIP W. S. MANSUR, Philip W. S. Mansur, 78, of Portland, Me., on Dec. 19, 1964, at St. Luke's Hospital, North Andover, Mass. He is survived by his wife, Lucile, and his three sons, four daughters, two sisters, two brothers, and grandchildren.

1961

KEITH EVAN SNOW. Keith E. Snow, 24, of Pownal, on Nov. 28, 1964, when his tractor overturned on him as he plowed a hillside on his father's farm. He was a native of Brunswick. He was in the dairy business with his father. Survivors include his parents, two brothers, paternal grandparents, and maternal grandparents. Mr. Snow was a member of Alpha Gamma Rho Fraternity.

He was in the dairy business with his father. Survivors include his parents, two brothers, paternal grandparents, and maternal grandparents. Mr. Snow was a member of Alpha Gamma Rho Fraternity.

THE BEST RESPONSE THAT I HAVE SO FAR. I must be that we are going to have a fine turn out for our 60th Commencement Anniversary. November was a sad month for '05—on Nov. 17, 1964, William S. Maddocks died in Plymouth, N.H., and on Nov. 22, 1964, R. H. Fifield died in Billings, Mont.

Bert Ames passed his 81st birthday last July 1, while motoring from St. Pete to Farmington, Conn., where he and Mrs. Ames spent 10 weeks with their daughters. The Ames claim 10 grandchildren and six great-grandchildren.

W. J. St. Onge, Sr., Torrington, Conn., is spending the winter with his daughter in New York City. He recently had an operation on one of his eyes for cataracts and hopes to have the other one done in the future.

Earle W. Philbrook, Franconia, N.H., says he is not in good enough physical condition to go South this winter but said he cannot complain much as he is nearly 81 years old.

Frank W. Twombly, San Clemente, Calif., advises that after Jan. 1 his address will be 33818

George Huntington says, "about all I can do is to respond with the standard greetings and best wishes for all." He also says he is able to drive his car and visit relatives.

Sam B. Lincoln says "I am keeping busy but it doesn't take as much to keep me busy as it once did in the army." He also says he is able to drive his car and visit relatives.

Mary Williams Griffin was 83 on the 22nd of November; she plans on Commencement next June. She says she has just had a bout with acute bronchitis spending 11 days at the E.M.G.H. She is O.K. now but somewhat slowed up.

Harry Bealle and Marlon plan on being at U. of Idaho last June. They say they are doing well and that they are planning on returning to Idaho.

Lucian A. Thomas, of Delray Beach, Fla., says "Sorry I can't help you fill up the space but there just isn't any news, only hurricanes."

Frank O. White from New Brunswick says, "When the snow begins to fall and the thermometer drops a bear crawls into his den and sleeps 'till spring; the difference between me and the bear is I can't sleep in the day time." I think Frank must be o.k.

Bob F. Rogers says "he left the pick and shaved, pounded and all the Au in Auburn, Calif." and now is living in Santa Monica.

Earl W. Philbrook, Franconia, N.H., says he is not in good enough physical condition to go South this winter but said he cannot complain much as he is nearly 81 years old.

Frank W. Twombly, San Clemente, Calif., advises that after Jan. 1 his address will be 33818

1941

Received a card from Harold Sheehan, Somersworth, N. H. He has been in the hospital but is now at home—no particulars was given as to his illness.

S. G. Small sent a greeting from St. Pete but no news.

Received a letter from Mrs. J. W. Crowe, Boise, Idaho stating they were looking forward to attending commencement exercises in 1965.

A card from Guy O. Small, Kennebunkport but no news.

Archie R. Brewer, Waldoboro, writes it hardly seems possible that 62 years have passed since we were at Maine.

C. J. Moody starts out with, "at my age, 85, I have very little activity to tell about, then goes on to tell of the fine projects he has been engaged in as Project Engineer of the Flathead Irrigation Project. He enjoys good health.

"Stub" Mansur says that "by December 12, I will be 84" that is about par for our class. He reports that he is very healthy, but that Mrs. Mansur is not too well and they cannot make it to Florida this winter. He plans to go to Orono next June for two reasons, to see the grandchildren and to see his grandson graduate.

Street of the Violet Lanterns, Dana Point, Calif. Fred W. Matheas, Philadelphia, Pa., did not get to Commencement last year but hopes to this year. On Dec. 18, he, wife and daughter, left on the steamer Rotterdam for a 15 day cruise in the Caribbean.

Eva (Libby) Jordan, St. Petersburg, Fla., attended a U. of M. luncheon at which there were 41, including wives. She was the only '07er there. Last year there were three. She is still secretary of the State of Maine Society which has 101 members.

Richard F. Talbot, Orono, did not say in his letter whether he got any game when he went hunting this fall, otherwise he would have mentioned it. Dick must be in pretty good health to indulge in hunting. He was complaining that on Sunday he could not watch two foot ball games and see the G. E. College Bowl, as one of the games interfered.

Received from Herman E. McKenzie, Big Bay, Mich., and Guy H. Roberts, Santa Paula, Calif., signed Christmas cards which shows that they were at least alive at that time.

T. B. Perry, Easton, writes that he has no news. Said he usually got to one or two foot ball games but did not make it last fall. Remarked that the increased price was a boon to the raisers of Maine potatoes of which he is one. Charles E. Davis, Bridgton, is planning to go South this winter but just how far South he has not said. He hopes to return to Endicott, N.Y., where his sons are located, around the first of March. He writes, He is in pretty good health for 80 but find I cannot work as in the past. Did work all summer but the last Town Line pretty near finished me."

It was a joy to receive so many lovely Christmas greetings from classmates, many with interesting notes, some of which have been used above. A few more below.

Margery Sutton (Mrs. Harry) writes that she is now an adoring great-grandmother. Congratulations! Margery is well but admits she is "beginning to feel the weight of years" and "must do more work."

A note from Bill Osgood indicated he was about to enjoy the holiday season. Bill gets a big kick out of "Bud Leavitt's column "Outdoors in Maine." It is called for many scenes of his earlier years in the big woods when he was with Great Northern Paper Co.

All goes well with Cora Shaw Gunn in Seattle. As noted in an earlier column Cora is spending the better part of a year with her children on the coast.

The Elton Towlases are well and enjoying a fine cruise with son Evis and family. A card just received from Venezuela describes the cruise as "a nice, last, pampered life with many interesting trips ashore."

Helen Stewart Bradstreet writes that she is now back to normal, having had more than a dull moment. They will soon go to Florida (Hillsboro Club) for a winter vacation. It is always good to see old friends.

Eveton Southwick enclosed an ancient, yellowed news clipping from a 1909 newspaper reporting the distribution of awards at the "All New England" Tram. "Danforth Southwick prize to senior in the Agricultural Dept., attaining the highest standing. Everett F. Southwick is a student for senior, who writes best essay on applied electricity—Wilton O. Smith and Fred D. Knight jointly. How long the years!"

The Knights have decided to return "to the scenes of their childhood." They have purchased a house in Cape Elizabeth and expect to move in early spring.

The Joe Gerritys gave the Knights a short surprise call recently. Theirs is a family where there are many visitors, including a cousin and many friends.

I heartily subscribe to the comment of a fellow contributor to the Alumnus: "Mary Ellen is a special person, and I do hope she finds happiness in whatever path she chooses to follow." Mrs. Libby Jordan reports that she saw Mrs. Pease in St. Petersburg and was very glad to see her. She is well and feeling fine. Mrs. Pease has been awarded a S.R.O. attendance. We hope to invite her to our next meeting and to have her speak to us on her experiences with the Snoopy and Peanuts characters.

The 1960 reunion was an outstanding event for me in that I had not seen any of the class for 53 years. I attended only the reunion. I visited him at his home in Ogunquit for a few days then went on an exploratory trip to Nova Scotia, the land of my birth, to look up any surviving relatives.

We are happy to learn that one of our classmates, Amos A. Winters, has had a rather unique experience. His father, Henry T. Winters, of Waterville, was Waterville's oldest resident (age 102) and is believed to have been the oldest active Kiwanian. He was a resident of Waterville for more than 80 years. His death occurred in early December, 1964. The W. J. Wheeler and Co., Incorporated, of South Paris celebrated its 100th anniversary in 1964. Stanley M. Wheeler was elected as president. This insurance Co. was founded by Henry Howard in 1864 and Mr. Howard employed W. J. Wheeler as assistant secretary. Wheeler died the following year and Mr. Wheeler took over the entire ownership and management. Mr. Wheeler's son, Stanley M., was first associated with the firm in 1902. He was named a director at its incorporation in 1920 and became president in 1920. Stanley M. was elected as president and his brother Robert was named treasurer. The business is now owned and operated by Stanley M. and at present five office clerks are employed. Congratulations, Stanley, for a fine and prosperous accomplishment. We sinply can not wait for our 55th Reunion in June. Please let us know.

The Knights have decided to return "to the scenes of their childhood." They have purchased a house in Cape Elizabeth and expect to move in early spring.

By Classes

Mr. Clifford Patch 104 Grove St., Bangor

Marty McTae received notice from Ken Smith, Director of Cooperstown Baseball Hall of Fame that McTae of Maine has been honored for "Special Versatility" by having a niche in the Hall.

Clayton Maxwell, Sid Winchester, and Nemo Smith all met at an Alumni dinner at St. Petersburg, Fla., in December. Clayt is his nickname and does not work as much as he once did. Sid has sold his hotel and is now retired, due to not feeling too well, and Nemo has sold his estate in Hyannis on Cape Cod and has bought a house in the Smoky Mtn's at Franklin, N.C. He plans to spend more time there than in Florida or Sarasota.

Bruce Bearce has sold his big house in Bucksport and is building a smaller, but modern, home there. During this "construction" period, he will visit Florida for a couple of months.

Ernest Walker, our class star quarter miler, bought a cottage on Lake Winnipesaukee, N.H, last spring and spent the whole summer there. He will be at their winter home at Fort Lauderdale, Fl., from December until March. Your Class secretary reports that he "feels fair" and gave the Alumni Office permission to use these notes from Nemo Smith, as they came to the office after the secretaries' letters had been sent.
I know growing old is kind of tough and you are told to do it gracefully but when you begin to fall apart there is not much choice. Glad to hear that Carl will have his 50th at Harvard Law School this June. Congratulations, Carl.

Through a letter written by Bill Judson in 1964 I learned that Richard T. Huntington, ("Dick" to you) passed away on December 1, 1964. "Dick" was a most lovable character about the Campus in his College Days and later became one of the outstanding figures in the advertising business. The Copley family's good wife, Lucy, and to the immediate family.

I wish you much happiness and a quick recovery from this accident. In the future keep away from the sport of Surf Boarding.

Wherever you are I hope the weather is a little more pleasant than it is here in Cumberland Center on Christmas Eve. May Christmas bring you peace and happiness. "Virginia," there is a Santa Claus and when morning comes he will dispel your doubts for "He" is the Spirit of Christmas.

I was delighted to have Christmas greetings from the Frank Savages and the Carl Robinsons, all of them planning for the "Fiftieth," and from Bill Nash and his sister.

Mrs. William F. West
1914 Broadway, Bangor 04401

Happy New Year to you all, even though such a greeting will be stale by the time the next Alumni reaches you. I hope at least a few of you have received to be more helpful to your Class Reporter!

I was delighted to have Christmas greetings from the Frank Savages and the Carl Robinsons, all of them planning for the "Fiftieth," and from Bill Nash and his sister.

A most interesting letter from Frank and Ella Harmon tells of their new apartment in "Rossmore Leisure World," one of California's fabulous communities for retired people. I wish I had space to say more about it! Their new address is in South Beach, California 90745.

A letter from Ed Dempsey sounded much pleased with the number of 1916ers who had joined the Alumni Fund Century Club or had become Maine Stay members. He again suggested that we start paying our contributions to our 1917 fund in installments. He says that our fund is around $7500 at this time. Ed seems to be enjoying re­service, pass pres. Maine State Employees Assn., former commander local American Legion Post.

Winburn A. Dennett Auditorium, dedicated Nov. 10, 1964 to Winburn Albert Dennett for his 44 years of service, 1919-1963 at the University. "Winburn," retires after serving as dean of the College of Agriculture. In his response he praised Seward M. Drisko '33, present teacher.

But Charlie Jortberg (our "T" and "Tony") was a most lovable and popular character about the Campus in his College Days and later became one of the outstanding figures in the advertising business. The Copley family's good wife, Lucy, and to the immediate family.
home and full of news and vigor. He has mild heart trouble which makes him "semi-indispensable," back terminals for Hanway from Maine to S.C. He finished his education in Army schools in France to get his degree. One boy is Capt., in command of a Polaris Sub. Another went to Annapolis, was Commander in Civil Engineer Corps, now is at Bowdoin for Life. Space Administration. A daughter owns and manages a home for aged, with 2 married sons and an adopted Japanese boy, all single so far.

Clayton Storer was found in Gray, living in the only brick house in town, with his wife, who was in Bangor High with me. He was Sup't of school districts in Newport, Lee and Ashland, taught chemistry and physics and math until he retired in Gray two years ago.

Francis W. Bissell, he said, lives on a farm out­side of town. His wife is in a hospital because she both have teachers' pensions. Their two daughters are single.

20

have been most interesting. How could it be other­wise with the Worlds' Fair nearby, a vacation in Maine and a trek to Portugal? Our vacation in Maine was the best ever. Then came the trip to Europe. We left the first of October and what

Phil Libby writes: "Had a swell trip up thru Canada, along the Alcan Highway and through Alaska. Rugged and I would not want to do it again but well worth it once. Came back by boat and that was really good. That Alcan High­way was really something. Fifteen hundred miles of rough gravel road and nothing, and I mean nothing to do but to have our Chevio truck and camper because that rig took the grief with no strain while the trailers and ordinary cars with camping outfits went to trouble. It rains two days out of three all summer in that country and that does not help any.

Have you sent in your questionnaire? Are you making plans for returning to our 45th?

Corinne Barker wrote on her questionnaire, "Not unless there is train service or I get a ride by auto."

Anyone coming through New York City? Come and lives at Hotel Plaza.

Flossie Chandler wrote she'll come if she can get a ride from Newcastle.

Samuel L. Pitts, Sr., is a representative to the 102 Maine Legislature. He also served in the 99th and 101st Sessions. He is director of Marri­son Mutual Insurance Co., and a director of Lewiston-Gorham Raceway. He keeps busy with town affairs, too.

Frank '17 and Ella Harmon write enthusiastically of their home at Rosmoor Leisure World. "It is an entirely new concept in living." In August they joined 10,000 other people who make their permanent home in that city. Their new address is 13701 cannade Drive, Apt. 4J, Seal Beach, Calif. 90740.

From Christine Northrup, "I retired from teach­ing in Dedham High School in June 1959, and my husband is now 38 years there. I always taught Latin, my favorite subject since my high school days. During the last year I attended head of the Foreign Language Department."

It is with sadness that we announce the untimely and sudden death of Toni Gould Torrey, devoted and faithful secretary of the Class of 1923 and loyal Alumnae. See necrology.

Fernald Stickney, Class President, has appoint­ed Mrs. Carl (Bea Cleaves) Stevens, 125 Frances St., Portland, to fill the...of the term, and she has accepted the job. Bea is in Florida for a month, and then will be looking for your class news.

That's right, it is our 40th this June 4 and 5, and plans are in the making for a good time for everyone—you all come!

Whoops! I've missed the deadline, but here goes, I'll send this along anyway.

Prexy and I enjoyed them a lot.

May good fortune smile on you all during 1965.

Everett Bergstrom has been promoted from as­sistant vice president to vice president and auditor at Worcester Federal Savings & Loan Assoc. Congratulations!

MRS. MRS. FREDERICK MARSTON (Kay Sargent) Sargentville

In '33 he went to R.C.A. where he de­signed one of the early 50 kilowatt broadcast transmitters. In '45 he became manager of Com­munication and Radio Frequency Section. In '51 he was appointed Chief Design Engineer for Standard Products, and subsequently Chief En­gineer of the Broadcast System.

Our vacation in Maine was the best ever. Then came the trip to Europe. We left the first of October and what

Meanwhile, Bill Black, a nephew of my husband, Willis, worked on the Peony Farm. In 1923 he bought the peony farm in the Snake River Valley. He had a beautiful peony collection. It took an awful beat­ing after I went away to work after Willis died sixteen years ago last week.

Phil Libby writes: "Had a swell trip up thru Canada, along the Alcan Highway and through Alaska. Rugged and I would not want to do it again but well worth it once. Flossie Chandler wrote she’ll come if she can get a ride from Newcastle.

MRS. CLARENCE C. LITTLE (Beatrice Johnson)
R. F. D. Ellsworth

Dear Classmates:

Thank you all for your Christmas messages and also thanks to those of you who sent snapshots of your reunion. Presby and I enjoyed them a lot. Now for some news:

Harold J. Chase who retired from General Elec­tric Co. in December, has joined the administrative staff of Franklin Pierce College as assistant bur­sar. This sounds like a fine idea for all concerned.

In 1964, our year has been most interesting. How could it be other­wise with the Worlds' Fair nearby, a vacation in Maine and a trek to Portugal? Our vacation in Maine was the best ever. Then came the trip to Europe. We left the first of October and what

Bea.
feted at a testimonial banquet in W. Springfield on Nov. 4, after 39 years, in the country department of H. P. Hood and Sons. For the past 25 years he has been a traveling salesman for the dairy firm, working in Massachusetts, Connecticut, and Vermont. He joined H. P. Hood after graduation. He will have spare moments with fishing and bowling, his favorite hobbies.

2,500 feet and stands 70 feet high. It will control a water level of 13 feet over an area of 200 acres. Good work, Benn.

MRS. TRYGVE HEISTAD
Shirley Roberts
503 Riverside Drive, Augusta

Rather short of news this month—let’s hear from you all.

Sylvester Pope: “Syl” is Supervisor of Federally aided Highway Construction for the State of Maine. “Syl” and his wife, Marion, live in Augusta. They have a married daughter.

Charles H. Hammond: Comes from South Paris where he was Deputy Sheriff of Oxford County for 22 years. Charles is active in several Masonic Bodies, a member of the Republican Committee and Past President of South Paris P.T.A. and has raised four children. Charles, who is now retired, is serving as a member of the Legislature now in session in Augusta.

G. Everett Larabee and Mrs. Larabee escaped the Maine winter by sailing Nov. 4 on the S.S. Rotterdam under­graduate days. Fred has worked with the Boy Scouts of America for many years, is a past president and active member of Kiwanis. He and his wife, Gladys, reside in Marion, Mass.

“Casey” (Kenneth C.) Lovejoy is executive director of the Pine State 4-H Foundation. Their current report was made by Benedict E. Tolvo, resident engineer for the U.S. Army Corps of Engineers. This dam is one of a series built on the Quinebaug River and is a $6.4 million project. The article goes on to say that “his” experience spans a number of years in this type of engineering. He now resides just outside Concord, N.H., where he supervised the construction of the $30 million Hopkinton-Everett Reservoir. The West Thompson dam spans some

2,500 feet and stands 70 feet high. It will control a water level of 13 feet over an area of 200 acres. Good work, Benn.

RICHARD W. HOLMES
17 Harris Road, Orono, ME 04473

A Happy 1965 to all you people of 1929, may your new year be one that will send you at least one item to your class secretary for this coming year. Our Alumni Office will be on the lookout this month and that puts me behind the eight ball but we will make an attempt to get some from you all. Here is your first one.

Ralph Phillips is a minister living at 3872 Alma Ave., Reading, California. Spike was a Bangor impor­ting house owner and operator but modern sci­ence changed this for him. He had a daughter graduate a year ago who now works for the State Department.

Guy L. Thurston lives in Bangor and when he goes to work he reports the N. E. Tel. & Tel. Co. building on Park Street.

Fred Chandler, who has retired from active duties as research professor for the Ag­ricultural Experiment Station in Wareham after serving more than 18 years in the post. He has been named as Emeritus Professor of the University of Massachusetts. He is cited as one of the top authorities on the cranberries (who always think of him as “with blueberries”). A great deal of his work at Wareham has been done at the Cranberry Experiment Station. “Freddie” earned his degree as Doctor of Philosophy in Plant Physiology at the University of Maryland. After working at the Experimental Station at “Maine” he joined the staff of M.T.T. in 1943. Food dehy­dration is another of Fred’s many studies. I re­member he was interested in that while still in undergraduate days. Fred has worked with the Boy Scouts of America for many years, is a past president and active member of Kiwanis. He and his wife, Gladys, reside in Marion, Mass.

O. Thomas Swift writes the Alumni Office from Beverly, Mass., that it seems but yesterday he was a smart alec freshman and now he is a grandfather eligible for retirement in ’65 but won’t. Says he keeps busy with kids, church and camp.

The Use of Shallow Stabilization Basins for Handling Kraft Mill Wastes is the title of an ar­ticle by C. S. Huestis, assistant to the vice presi­dent of Continental Can Co.

The Alumni Office forwarded a most interesting letter from Ralph Johnson, 1611 Marten Street, Anchorage, Alaska. He highly recommends Alas­ka, especially to Forestry majors. Jack works with the Defense Communications Agency since 1958 has authored, designed, and helped engineer various projects in Calif. & T. & Co. “White Alice System,” the first real Integrated Communication System from the U.S. Government has ever built and the largest single government system. In 1954, Maj. Gen. “Bull” Acheson, USAF (Maine ‘26), present­ed Jack the second highest award of the Air Force for having proposed, designed, and sold the system to the Defense Department. Mr. and Mrs. Johnson homesteaded 160 acres of the best soil land in western Alaska. In the spring, all kinds of animals are seen in their front and back yards. A letter is a real inducement to see our new state.

We extend our sympathy to the family of Phil Beckler who died suddenly last June twelfth. His wife, Edwina Bartlett ’29, lives at 31 Pershing Road, Glen Falls, N.Y. He also leaves three

children. The youngest, Susan, is a sophomore at the University of New Hampshire.

Ted and Dutchie Mathewson ’22 Palmer of Glenhede, Pa., report four grandchildren. They have a daughter in Alabama and a daughter in Connecticut, both of whom they visited during the year.

I enjoyed a nice letter from Bud and Dot Hig­gins. Both got their M.A. degrees from the University of Massachusetts in management last June. He now works as an electronics engineer with U.S. Army Materiel Command and she with the Electronics Research and Development Program. They seem to enjoy living in Washington, although they do not like Ar­lington.

Niesha Bates of the State Bureau of Public Im­provements, Augusta, recently explained the work of his department to the Rotary Club. He told them such complexities of public buildings are brought into place at Gorham State Teachers’ College.

Dr. Louise Bates Ames, Director of Research at George Washington University, Washington, D.C., in New Haven, continues to speak before various groups about her work and co-authors a syndicated newspaper columns, “Parents Ask.”

A letter is a real inducement to see our new state.

May 1965 bring the best of everything to all of you.

Remember? OUR THIRTY-FIFTH in June 1966! Let’s start making plans now for a grand reunion. As a beginning, may your secretary have some up-to-the-minute news from all members. The present Art Show at the Art League of Maine Art Society, the work of two class members is re­ceiving an overflow of attention. No doubt you are “Homestead” byPhil Brockway and “Little Lob­ster Boat” by Margaret (Fellows) White. Francis Oakley, speaker at the recently held High School Varsity Football Banquet was Sam Sekaz, who was coach of the Rockland team thirty years ago, when they were Eastern Maine Champions. Also honored at the banquet was the present coach of the Rockland team, Doc Hertsom ‘51. Capt. and Mrs. Alvin Giffin (Viola Purinton) have been in Brewer for the birth of a grandson to daughter, Alba ‘59 and Joe ‘59 Morrison, on Jan. 7. They are heading (Jan. 6, 1965) for their permanent home in Fort Myers, Fla. Al has finished his work for an M.Ed. degree from the U. of Florida, and will be a director of technical studies and teach at Edison Junior College, at Fort Myers.

We enjoy a nice letter from Bud and Dot Hig­gins. Both got their M.A. degrees from the University of Massachusetts in management last June. He now works as an electronics engineer with U.S. Army Materiel Command and she with the Electronics Research and Development Program. They seem to enjoy living in Washington, although they do not like Ar­lington.

children are Vicki, 2, and Crystal Ann, 6 months.

Mrs. William Lowery (Bernice Woodman) writes that she and Bill have moved to a home of their own at 112 Grove Place, Utica, N.Y. 13501. Bern retired from work about a year ago because of her health.

The Dr. Jay Moody's (Doris Baker) of Newport, R.I. have a busy life with their family of four. Doris is very active as the family coordinator. Jay is president of the New England Dental Society and had the pleasure of exhibiting his treasured 1907 Morse car in the town of its origin for the 100th anniversary of the So. Easton, Mass. Bank. Bill, after tours of duty in Alaska and Viet Nam, is now studying at the Foreign Language School in Washington, D.C. He is now a Lieut. (j.g.). Jayne is now an Assistant Head Nurse at St. Luke’s Hospital, New York City. Curt is a sophomore at Hawthorne College. Stanton is a senior in high school and is captain of the basketball team—last year breaking all the local scoring records.

Albert Smith sends a report on his family. Youngest son Paul is a freshman at Dartmouth College, having been valedictorian at Hempstead High. He won an honorary National Honor Society scholarship; was top scorer on his father's math team and stood 15th among 500 competitors in the Nasson County Mathematics League. Middle son David is a senior at Bucknell U. and has been elected to Tau Beta Pi. Oldest son Steven has completed his military service as a 1st Lt. in the Artillery, and is now employed as an actuarial trainee by the Home Life Insurance Co.

Guy A. Booker of Pensacola, Fla., safety supervisor at the Pensacola nylon plant to the Chemstrand Co., has been elected chairman of the executive committee of the Textile Section of the National Safety Council.

Eleanor "Babe" West Yerxa is Assistant Executive Director Kennebec Girl Scout Council. Her home address is 183 Highland Ave., South Portland, Maine. Nicole, 13 months, and Julian, 4 months, daughters of Mr. and Mrs. Richard Yerxa ’59, are the little darlings in the Yerxa home.

John Feeley, son of Dr. Robert (Bob) Feeley was a June graduate of Colorado School of Mines. He was the recipient of the Silver Diploma which is awarded for outstanding achievement.

A picture in the Jan. 3rd, edition of the Portland Sunday Telegram was titled "South Portlanders in Bermuda." It is stated in the account that Mr. and Mrs. Claude Berry, Ginny Berry Humphrey’s parents, of South Portland were joined in Bermuda for a family holiday by their great grandchildren Thomas, Kimberly and Steven Scott, their granddaughter and her husband Mr. and Mrs. J. Parker Scott, and daughter and her husband, Mr. and Mrs. Wallace Humphrey. It was wonderful to have had holiday greetings from many 33ers but I have one regret. You were all too modest to add a little news to help keep the column in print.

Richard Hurd, North Bridgton, was elected secretary of the Maine Restaurant Association at the Annual meeting held at Portland in December.

Carolyn Currier Lombardi wins the prize this month for providing more copy than any other classmate as I have FIVE newspaper clippings on my desk concerning her activities, each with a picture of her. As you know, Carolyn is President of Maine Federation of Women's Clubs so in this capacity has been busy with Maine meetings plus the New England Conference. Christmas cards brought recent news of a few of you—Polly Harmon Butler has moved to Worcester,
Mass., where she is an L.P.N. at a large hospital.

Bill Mongovan has moved to Greenwich, Conn., and is employed by Great Northern Paper Co. His wife, Noreen, is teaching in a parochial school there, and son is teaching in Van Buren, Me.

Hall and Charlotte (Miller '37) Ramirez are still in Bakersfield, Cal., but their grandchildren have increased. Carlotta has 2 boys, Majgot has 1 girl, John toured Europe from Mar. to Aug. and is now back in college, Susan is a Freshman in Junior College, and Tom is in 4th Grade.

Dot and Vernon L. '35 Packard stopped in at Christmas time on their way thru here to spend the holidays with their families in Camden. Their daughter Jane is in Germany where her husband is stationed, and Bobby Packard was to leave right after Christmas to visit Jane. Bob graduated from Middlebury College in June.

We have met two classmates here since we moved to Brunswick—Gene Wakeley who lives in Topsham and whose wife, Dorothy, is very active in the First Parish Church; and Joe Mullen who lives in Bath with his wife, Dorothy. Happy 1965 to you all, and may it bring more news to your class column—with your help, of course.

MRS. GORDON B. RAYMOND (Barb Lancaster)
37 Glenwood Ave., Portland

With Christmas just over there has been scarcely time to unwind. Along with thank you notes I decided to get off these few items so we would be in the next Alumnus—hopefully.

On a paper from the Alumni Office appears the name Clyde McLaughlin, freshman at Northland College in Wisconsin. He is Gus McLaughlin’s son. Best wishes to Clyde during his college career.

From our lost files we learn that Raymond Willett is presently living on Oak Street in Bucksport.

Via a Christmas letter from Rog and Mabelle (Ashworth) Smith we get a couple of personals. Their oldest son entered Swarthmore College, Penn., last fall. He is to be congratulated upon winning the McCabe Achievement award which carries with it a fine scholarship.

Bon route home from Philadelphia in September the Smiths called to see Oliver and Louise (Hastings) Eldridge. Our heartiest congratulations to you Oliver on being made president of the Canaan Savings Bank (Conn. that is). Thank you, Mabelle, for your fine letter and I trust you are through playing nurse maid to those boys!

While chaperoning an outing during Christmas week-end at W.J.C. the senior class president introduced me to her escort who turned out to be Jim Weston, Pete ‘36, and Hope (Wing) Weston’s son—a most gallant and affable young man.

Have the Happiest New Year Ever!

MRS. DUNCAN COTTING
(Midge Lynds)
352 Beacon St., Boston, Mass.

Both Dunc and I wish to thank all of you who have so promptly and generously contributed to the Annual Alumni Fund, especially as this is the big centennial year. We hope that those who have not as yet done so will send their contributions into the Alumni Office as soon as they can.

We had a wonderful long letter from Joe Hamlin giving us all of the latest news of he and Ruth and their daughter Linda. Linda graduated from Syracuse in 1962 and is with the Administrative Department at California Polytechnic College in San Luis Obispo. Joe also wrote that George and Lucille Grange live near them and they see them quite frequently. I wish some of the other classmates would find time to write us a nice long newsy letter so that we may have more news to report to this column.

Margaret (Williston) Bebek has recently returned home to New York after two wonderful months abroad. As a member of the U.S. Delega-

tion she attended the XII International Conference of Social Work at Athens, Greece. She visited Turkey and countries on the Continent—Venice, Munich, Zurich, Geneva, the French Riviera, and Barcelona.

Arthur Crouse was recently elected Vice President of the Maine Soil and Water Conservation District Supervisors Association.

Mary (Wright) Domini of Falmouth, Extension Agent with the University of Maine Cooperative Extension Service, is President-elect of the National Home Demonstration Agents Association Executive Board. She was elected to this post during the organization’s annual meeting recently in Washington, D.C.

HAPPY NEW YEAR

MRS. JOSEPH H. HAMLIN
(Ruth Pagan)

Happy New Year and a lively ’65! Congratulations to our University in their Centennial year. I hope that many ’39ers will be able to participate.

It is with pleasure that I pass on the news of Donald ’50 and Elizabeth (Dixon) Inskop concerning their son Paul, who is a freshman at the International Service College of American University and the president of his class. Donald is retiring from the Army after 20 years service. They live in Woodbridge, Va. The Alumni office sends a change of address for Alice (Chandler) Beckwith to Mrs. Lyman Bishop, 141 Virginia St., Portland. Elroy K. Day of Bethesda, Md., has been appointed director of the new water pollution control regional laboratory being built at College, Alaska, by the U. S. Public Health Service. He has been with PHS since 1942 with a break for military service. I would presume, since I have him listed as a Lt. Col. in the present address list. Also Mrs. Cora (Balley) Grundy was married to Maurice Cannon on 6 Oct., in a double ring ceremony in Sidney. Please send us your new address, Cora. I have been informed unofficially that Dick Quigley has recently retired from the Marine Corps as a Colonel whose...
THE MAINE ALUMNUS

September after 44 years as an educator, is now a crew chief in the Solo bus lines in Hancock and Penobscot Counties.

Pauline (Melody) Curtiss has returned to teaching since the death of her husband (Charles E. ’51) in 1959. She teaches fifth grade at the Hiram School, South Paris, with daughter, Connie 11, and son, Marty 9.

Our sincere sympathy goes to Dr. Edward and Julia (Waren ’40) Kierstead. Their son, Bruce 16, died at a Waterville hospital in October after a long illness.

Howard Merrill, Tionmond, Min., has been named to the new post of special assistant to the Secretary of the Navy. The U. S. Fish and Wildlife Service has announced the promotion of Francis Schmidt of Georgetown, Mass., to supervisor of federal aid in the Region 1. Headquaters in Atlanta, Ga.

Cortina (Kitty) and John W. Billings (’41) have an interesting two year assignment at the Pawley Refinery of Esso Petroleum Ltd., Lyndhurst, England. Tom, an eighth grader, is in tenth grade from Southampton and eighty from London and would joyously welcome your traveling friends.

President Bill Irvine returned Dec. 5, from a visit to Libya to confer with the Egyptian government.

A card from Erna (Davis) and Paul Wentworth, B Bucksport, has a block print of “The Sea Way.” Paul has just acquired this 40 foot boat to charter next summer.

“Robert French of Guildford was today elected to the Board of Directors of the United States of America at the U. of M.” 25 Years Ago Today,

Chadwick’s candidacy for the school board, we are pleased to find that he WON for Ward 2 in Augusta. John has two daughters in Cony High School. As a veteran of WW11 and the Korean show, he is continuing his association with the Naval Reserve.

Son, Niles Ill is now attending the U. of M., Class of ‘66. Dr. Perkins is practicing internal medicine and cardiology in Portland.

Lois (White) Saunders of Winthrop recently won the 1964 NRA Club Champion competition. She was high aggregate scorer in the four position shoot-off. Besides a club trophy, she will also receive a John Lee trophy.

I’m sure the whole class joins me in congratulating all these people for their various accomplishments!

Barbara (Cole) Bear’s daughter, Andrea, is a Colby College junior. Daughter, Melita, is a high school senior, and both girls are counselors at Camp Kineowatha, Wilton, where Barbara and her husband, Edward, are trip counselors.

Prof. and Mrs. George E. (Priscilla Arbo ’45) Clifford’s son, Marine PFC Paul E. Clifford of Bangor, has completed three courses in radio-electronics. His next station is MCS Quantico, Va.

Florence (Cross) Underwood’s daughter, Carole Jane Underwood, granddaughter of Hugo S. ’19 and Eveline (Snow ‘20) Cross of Guilford, was to

Son, Niles Ill is now attending the U. of M., Class of ‘66. Dr. Perkins is practicing internal medicine and cardiology in Portland.

Dwight and Frances (Frannie Drew) Moody have an active group of nine children! Young Dwight is a sophomore at Case—and tutors some. Stephen is a freshmen at the U. of Me.—going out for...
8th grade Math in Suffield and is also audiovisual director for the high school.

The Ed Hollands recently returned from a business-vacation trip in Germany, Switzerland, France and Spain. He sees Don Sylvester of Ellsworth occasionally who is working with the USA in their big chemical complex and lives in Tuscola.

Since George Millay's duties as a representative in the 102nd legislature will keep him out of town a great deal, he has had to resign his position as chairman of the school committee in Bowdoinham.

The Academy Junior High School in Danbury, Conn. was very fortunate to have the talented Bob Bredung as guest caller for their square dance recently. Bob "calling" began at the age of ten and at sixteen, he was calling complete dances. Bob has been extremely busy in his square dance activities—National tours and guest appearances at National Conventions, staff positions for schools and workshops in the New England area and has served as an officer for various groups including the Connecticut Callers and Teachers' Association. He is presently employed as a Life Insurance broker.

Al Hutchinson has been elected president of the Danvers Kiwanis Club of which he is a charter member.

Early Sherman Williamson has been named Assistant to the Director of Purchases of International Paper Co. He joined this company in 1948 as a marketing apprentice at the Otis Mill in Chisholm. Three years later he was promoted to Night Groundwood Superintendent. Until his promotion he had been a buyer in the Northern Division Purchasing Department in the New York office.

Was delighted to get first-hand information from Link Jewett. Link has gone out on his own as a technical market consultant, operating from New York City and Darien. Link's previous experience was Marketing Manager, Cryogenic Equipment, Regional General Manager, Washington, D.C. for ARTHUR D. LITTLE, INC.; Vice President, Marketing for Consolidated Vacuum Corp., and Marketing Manager, R&D Projects for the Union Carbide Corp. His contact point in New York is Room 630, 850 Third Avenue at 51st St., New York, N.Y., 10022 and home address is 537 Middlesex Rd., Darien, Conn. 06820.

The Happiest of New Years to you!

1945

MR. RICHARD H. DANFORTH
Box 38, Winthrop

20th Reunion, June 4 and 5, 1945

News has been received that Francis Howe, Trust Officer of the Shawmut Bank of Boston, recently won a public speaking contest. This contest was held in conjunction with the final examination given bankers attending the 49th Manufacturers Hanover Trust Course in New York City. The prize was an Onyx Desk set, of which Francis is very proud. Congratulations, Francis.

Be sure to make your plans for our 20th reunion coming up this spring, and please drop me a line if you are coming so that others will know and perhaps make their plans accordingly.

1946

MRS. CHARLES D. STEBBINS (Betty Perkins)
29 Oxford St., Winchester, Mass.

Happy New Year one and all! Now that Christmas is over, the Stebbins family is watching the sky for snow. It is time to take to the hills again and we are most anxious. Christmas brought greetings from Betty (Jenkins) Lightner and family. Betty, husband Roy, and children Greg and Karen live in West Chester, Pa. Betty is still singing in great deal and enjoying it very much. Thanks so much for writing, Betty.

Virginia Hinns Chute, husband Dr. Robert and two children live in Turner. Vicky is teaching in the Philosophy Dept. at Bates College and is also teaching a U of M extension course in Philosophy. She taught in a Freedom School last summer in Canton, Miss.

Terry Dumais Gambier was East last fall. The Gambiers must be settled in the Philippines by this time. Dave has been transferred there. He is manufacturing mgr. for Scott Paper Co. I am anxious to hear how they like life in the islands.

Don and I were at Wentworth by the Sea for a tennis tournament last fall. U of M was well represented in the tourney with John Saminsky '44, Bill Bird '52, Joe and Bunny (Burns) Butler '45, Dr. Jim Shaka, at Maine in the ASTP, Hubert Hauck, member of the board of trustees, and Lon and I. It was a fun weekend.

Rep. Dana W. Childs of Portland has been elected speaker of the House of the 102nd Maine Legislature by Maine Democrats.

After Christmas, this column practically writes itself. Bass you all, and keep it up.

Barbara (Woodfin) Dana wrote "Not much news" and proceeded to describe a trip to California and Mexico and back home through the

San Francisco. Then home by train and a closer view of the country. In June the shipyard sent Parker to Cape Kennedy, and the whole family went along for a month's stay. Visited the World's Fair on the way back. Next on the agenda, the State of Maine in a camp trailer for 2 months. At Kabethlin to Campobello when Lady Bird Johnson dedicated the Roosevelt home as an International Home.

Clippings from the Alumni office bring this news. Wiscasset High School chosen as a State Demonstration Center for Physical Fitness according to the recommendations of Rear Adm. Stan Musil, Consultant to President Johnson on Physical Fitness. It looked like Old Home Week.

Principal of the school is our Robert Spear. Superintendent is Ronald Susee '50. And Director of Physical Education is Eugene Stover '52. Lt. Col. Halbert S. Stevens of Gardiner, Plans and Training Officer for the Maine National Guard.

It's such a pleasant task to sit back amid all the trappings of the Holiday and pore over the warm greetings that so many of you sent.

From Miami comes a riotous poem about The Night Before Christmas—Florida style—but no information as to when and why Bonnie (Andrews) Goldsmith, North Bridgton, Maine. It's such a pleasant task to sit back amid all the trappings of the Holiday and pore over the warm greetings that so many of you sent.

Li. Col. John M. Lane, Jr. is commander of the 1st Missile Battalion of the 31st Brigade's 4th Artillery in Lockport, N. Y.

Major John H. Casey is now at Ft. Leavenworth, Kansas, attending the Command and General Staff College. Upon completion of college, he will be assigned to Viet Nam. The Casey's are expecting their 6th child in the spring and wonder if this is a class high?

Philip Coffin is now with the Sterns Lumber Co. of Bangor as vice president.

John W. Keeney was married this past fall to the former Marcia E. Croker of Newton and No. Scituate, Mass. They are living in Jackson, N. H.

Captain William M. Maling has been decorated with the Air Medal for service with the Army in Vietnam. The award of the Air Medal represents participation in at least 25 aerial support missions during his assignment in Vietnam.

John Boynton of Foxboro, Mass., is a candidate for that town's school committee. John is a sales engineer at the Foxboro Co.

Dick Adams is a dairy specialist at Penn State.

Kensington, Maryland 20795
MRS. H. WENDELL HODGKINS
(Claire Levasseur)
4317 Westbrook Lane
Kensington, Maryland 20795

I want to extend a wish for a very happy, healthy and prosperous New Year to each and every one of you.

Captain William M. Maling has been decorated with the Air Medal for service with the Army in Vietnam. The award of the Air Medal represents participation in at least 25 aerial support missions during his assignment in Vietnam.

William Leader, Jr. has been elected president of the Assoc, of Pepsi-Cola Bottlers of Conn. Bill has been vice-president of the Pepsi-Cola Company of Fairfield, Conn.

William H. Joyner has been promoted to Colonel in Germany where he is now currently stationed. He is married to Janice Hopkins of Bangor.

Have already had classmates drop by—Sam Allen who is with New York Life Ins. and lives here in Hampton; former roommate, Frances (Dion) Dietzberg stopped on her way home to Cambridge, Mass.

Gordon R. Pendleton has been named manager of Ocean Park Boys Camp this summer. Gordon is a football coach at Deering High, Portland. He lives in Saco with his wife and one child.

George C. Shute is president of Siesta Oil and Exploration Co., Inc. He is living in Shreveport, La.

John W. Keeney was married this past fall to the former Marcia E. Croker of Newton and No. Scituate, Mass. They are living in Jackson, N. H.

Major John H. Casey is now at Ft. Leavenworth, Kansas, attending the Command and General Staff College. Upon completion of college, he will be assigned to Viet Nam. The Casey's are expecting their 6th child in the spring and wonder if this is a class high?

William Leader, Jr. has been elected president of the Assoc, of Pepsi-Cola Bottlers of Conn. Bill has been vice-president of the Pepsi-Cola Company of Fairfield, Conn.

Jack Leet spoke to the American Medical Assoc. Congress of Mental Illness and Health in Chicago. He related the advances the State of Maine had made in this field and also pointed out the acute professional manpower shortage.

Andrew Messner has been developing a speech program for the youngsters of the Clinton-Killingworth Conn. school system. In 1959 Andrew earned his Master Degree in speech and hearing therapy from Boston Univ. Since then he has been establishing and teaching speech programs for children with speech problems in various Conn. communities and has met with great success.

Nancy Whiting writes that she is very happy teaching 3rd grade in Oakland, Calif. She is still living in San Francisco. Nancy teaches in an all Negro school and finds it very interesting.

Dick and Jan (Bannister) Reiley moved into their new home in October and just love living in the country. Their new address is 52 Forest St., Sherborn, Mass.

I am in need of news, classmates, for our column. So let's not let up now with only a few more issues to put out this year.

Hope everyone is sort of thinking about our next class reunion—just a little over a year away. It will be our 15th! Can you imagine! Big things are being planned—so keep it open on your 1966 calendar!

We will be starting to feel like home here at 7 Longwood Dr.

They are some of the 1,300,000 men, women and children living today who are cured of cancer.

Prompt medical attention and proper treatment saved their lives, because many cancers can be cured if they are detected early and treated promptly.

At any age, the future is precious. That's why you should have a health checkup every year, no matter how well you may feel. It's living insurance against cancer. Make it a habit...for life!
In the insurance field... Philip Gottlib, a representative of Union Mutual Life Insurance Co., has recently been quoted to publish in "The Insurance Salesman," the largest paid subscription journal in the life and health insurance industry... James Thorne has been appointed assistant staff assistant at the Hartford branch office of Connecticut General Life Insurance Co. Jim started with Connecticut General in 1962. He is a member of the Hartford Life Underwriters Association and holds a law degree from Boston University School of Law. "I'm hoping to retire in six months," Don has recently been promoted to Loan Office Manager for Beneficial Finance System in the Hutchinson, Kansas, office... Briefly, from responses to alumni office inquiries, and one personal note, we learn that Harvey Cole is a project engineer with Raytheon Company in Andover, Mass., and Charles Blaney is now assistant professor of English, Laboratory School, Indiana State College in Terre Haute. He continues as editor of the "Indiana English Leaflet." His stepson, Bill, is a sophomore in electrical engineering at Purdue University. "Tri," Harrisman Metzger and his husband, Sgt. Theodore R. Metzger, have retired from the Air Force. They plan to move to Florida. They have two children, Philip, 3, and Sally, 19... A bride and two babies... Manley Irish, who is employed in the engineering department of the Fats Company, married Roberta McCullough of Calais, a graduate of Calais Memorial High School and Maine Medical Center School of Nursing. She forgoes her operating room staff at the Maine Medical Center... Mr. and Mrs. Richard Searles' adopted son, Richard Denny, was born last July 21. The elderly Richard received an MBA degree from the University of Delaware in June 1963 and is now teaching in the physics office of the Du Pont Co. and Norman T. and Isabelle (Stearns) Foss have made it an even half dozen. Number six child, number two son, Mark Stearns, arrived Nov. 21, 1964... Included in my Christmas mail was news of several new arrivals—Jennifer Jane weighed in at six pounds, five ounces, five days of age. Doris (Robins) and Don Cannon and the sister of Russell and Tommy. The Cannoons are at RD 1, Kingsport, N. C... The fifth child, Rebecca, was almost a Christmas package for the Harmon-Sweets—Jean (Sweerts) had surgery for home economics at their new high school and Harmon is supervisor of the Lewiston office of Health and Welfare. A member of our class has been honored posthumously by the U.S. Army. Capt. Herbert Hardy, 1st Special Forces, has been memorialized in orders which have designated Matsuda Range in Okinawa as Camp Herbert Francis Hardy. In March Capt. Hardy lost his life while on combat patrol. Somehow the tragic loss of a classmate many years removed from our proximity is a reminder that our cause is worth fighting for... Happy New Year and Congratulations to the 226 people who contributed to the 63-64 Alumni Fund. Out of 863 class members, the total of $1649.00 for a 26.2% participating percentage. This was the highest percentage all the way back to the class of 1943. Congratulations to those who contributed... Haynes Hussey won a City Council Seat in Augusta, so you can see the men of '56 are in the news. Congrats! Editor's Note: Haynes was the only winner... Dave Locke, Ass't Supt. Fish Hatcheries of Maine, has been busy collecting salmon eggs at Lake Maranacook. The Lake was stocked in 1962, and the eggs were gleaned from the salmon for hatchery production... The Christmas mails brought news (and reunion plans) from near and far so we begin with a few lines from Marion (Buyske) Batt, who says, "Keep eating Good Wild Maine Lobster... in your super market now. (Got to put in a plug here!) We are reverting to Early Americans—I'm weaving a rug. Did rag. I've found several places including from hall steps. Have woven dress material which had rabbit hair in the yarn, and now, I'm weaving woolen for a winter coat!" Mail for Richard (the Good Humor man), Marion, Sarah, Peter and Gruen Batt can be sent to Box 303, Dayton, N. J... Miss Hilda Sterling 7112 Boulevard East North Bergen, N. J. 07049... Mrs. RONALD LINQUIST (Barbara Ivonne) Willow St. Chatham, N. J. 07928... Happy New Year and Congratulations to the 226 people who contributed to the 63-64 Alumni Fund. Out of 863 class members, the total of $1649.00 for a 26.2% participating percentage. This was the highest percentage all the way back to the class of 1943. The Great Northern Paper Company, Maine's most rapidly expanding concern invites you to investigate career opportunities in our Engineering, Research, Production, Sales and Controller's Departments.

Openings exist for Engineers (Chemical, Mechanical, Electrical and Civil), Chemists, Physicists, Pulp and Paper Technologists, Sales Trainees and Internal Auditors.

If interested in returning to Maine, we invite you to contact Mr. J. B. Rogers, Director of Personnel Administration, Great Northern Paper Company, Millinocket, Maine.
Ron and Joan (Thordrile) Mavor have a new born son, Tim. Joan (Dale) MacDougal have a new son, their third.

Dick Lowry was married December 10 to Diane Smith of Norwich, Mass. Dick is with the IBM Corp. of Posphugkeesie. They are living in Beacon, N. Y.

Received a card from Patty (Wade) Stewart who's looking for a venue to go to in Maine next summer—coming all the way from the Netherlands Antilles—Mrs. C. A. Stewart, Jr., P. O. Box 12, Seroe Colorado, Aruba Netherlands Antilles.

A marvelous article in the Dec. 6 Portland Sunday Telegram about a most active '57er—Joan Williams—writes to say that I wish I could reprint all of it. Joan is the new resident of the State of Maine Division of AAUW an organization in which she has held office since graduation. She is also a committee member of the U. of M. Centennial celebration. Through AAUW she also takes part in the advisory committee to the Bureau of Social Welfare. Since college, Joan has been a newspaper reporter, wives and is in real estate, helps husband, Bob, in his contracting business as bookkeeper, and sometime, according to her, she can keep growing intellectually. She's been relating closely associated with the University.

JOHN (Knight) Day writes that he, Al, Kelly and Billy are living in Fitzwilliam, N. H. Al is station manager for N. E. Airlines in Keene.

Don Raymond has been named Ass't. Div. manager of N. E. Insurance Rating Assoc. in Portland.

Bobby Jones is the superintendent of schools for OAD Di (Shenom sect). Bob, Loits (Whitcomb), Robin and Laurie are living in Patten. Sylvia (NaKenze) Emery was at her parents' home for December with her little daughter. Phil joined her there after finishing his doctorate paper for publication. They've gone to So. Carolina now where they will do some further research with West Virginia Mining.

Bill Scott has been appointed Staff Accountant in the N. E. Tel. Co. Gen'l Accounting Dep't. He and Jan (Hodgkins) have two boys. They live in Beverly, Mass.

Steve Hyatt, Asst. Prof. of Rural Sociology at Maine, has been named 2nd V. P. of N. E. Gerontological Assoc.

A very happy "Jigs" Cecchini is Head Football coach at the American School for the Deaf in West Hartford, according to Thelma Cecchini (with the Chalet Ski Shop in Portland), who saw one of their games, is as proud as can be of her "Jigs". He's all teaching, teaching, phys ed. and asst. basketball and baseball coach at Suffield High. He and Bev have a little daughter, Marissa Jo. They are living on Heathier Lane, E. Granby, Conn.

Frank Mack, Jr. has been named a director of the Bangor C. of C.

Merton Davis has been promoted to Sales Promotion manager of Spaulding Fiber Cib. Merton, wife Louise and their three children live in Toms River, N. Y.

Dave Fields is on the State of Conn. Highway Commission staff and is Asst. Town Engineer in Wyckoff, N. J.

A happy family watch the American College bowl game with their "Cook" friends, and for three straight years has been named Maine's outstanding professional on the basis of money won, competitive average, and titles won.

Lavone and Carol (Burry) Home have moved to Murfreesboro, Tenn., where Lavone is attending college and Carol is teaching school.

Robert Williams is associate prof. of Agric. Engineering at Maine.

Hugh Marshall is rehabilitation co-ordinator at the Wrentham State School for Retarded Children.

Rey, Robert Rand and wife Hazel (Gray '59) are living in Bath where Bob is pastor of the Wesley Methodist Church.

Hollis Tillson is sales supervisor for Hannaford Bros., Wholesalers, Portland.

Gordon Bryant is principal of Bristol High, Pomfret. His wife, Janis, teaches French at Lincoln Academy in Newcastle and Bristol. They have one daughter, Kimberly.

Paul Taigandles received a travel grant from a private foundation to attend the 6th International Congress of Agric. Engineers in Lausanne, Switzerland. He toured farms there, Belgium, and Holland.

Lot's of news—some old, some new—so here we go!

Bobby Jones is the superintendent of schools for SAD 25 (Sherman sect). Bob, Lois (Whitcomb), Robin and Laurie are residing in Patten.

Donald and Janice (Lord) Mott have a new son Roger Thomas. He joins Cathy 6, and Jennifer 4.

Duncan "Keith" Logan is teaching P. E., Earth Science, Biology, coaching J V basketball and Assisting in track at Brunswick High. Keith received a Nat'l. Science Foundation to study Earth Science at the U. of Vt. this summer. The Logan children are Karen 4, and Andrew 3.

MRS. GARY BEAULIEU

Appointment of Eugene B. White as program manager of hydrocarbon fuels cells for General Electric was announced by GE. Eugene has been project engineer for the JPL spacecraft subsystem, supervisor of systems test during the first air bearing Astronomical Observatory demonstration on the JPL campus, and state supervisor of control systems projects in OAO section of GE. Michael P. O'Donnell, state supervisor of educational TV, has been granted a year's leave of absence for doctoral study at Syracuse University. Mikes will conduct his studies in the English Department, specializing in the teaching of reading. In addition, he will supervise Peace Corp trainees and student teachers at the University.

Returning to the Frankfurt, Germany regional office of the Courier Service is Thomas F. Hickey. Tom, who is a U.S. Courier, travels 300,000 miles a year, and is responsible for transporting State Department dispatches between this country's embassies and consulates throughout Europe. Tom says that he doesn't chain the pouch to his arm nor does he travel unknown as his pouch identifies him.

Bill and Vicky Delaware are living in Glen Fall, N.Y., with their daughter, Beth Anne who will be a freshman at the state college next fall. They invite anyone passing through to please stop by.

Ernest and Naomi (Carr) Holt were married in November in San Jose, Calif., where Ernest is an employee of the state college. They have one daughter, Karen, and three sons, Michael, 3½, David, 1, and Mark, 1.

Pete and Shirley Ann (Fowlie) Sawin, now reside in Peabody, Mass., where Pete is Asst. Physical Director at the Lynn Y.M.C.A. They have a daughter Kimberly, born in March.

MRS. CLARK HOWER
(Sue Dunn)
383 Overlook Drive
Wyckoff, N. J.

Bennock Road, Old Town, was a daughter, Kathleen Ann.
As we approach our centennial celebration on February 25, we are pleased with the response of 5,000 donors to date, but mindful that your help is needed in order to attain our goal of $100,000. Only $30,000 more to be given.
Ken and Jan (Sullivan) Perrone are living in Stonington. Ken is teaching and coaching high school in Old Mystic. The Perrones have two children, Ken Jr., 2, and Kim 1.

Ray and Marie Paquette were recently married in Los Angeles, Calif. They will rene engr a building committee with D & I Builders, Inc. Marie is teaching at St. Vincent's School of Nursing.

Mrs. Mark Shibles (Betty Colley) Hillside Ave.

5th Reunion, June 4 and 5, 1965

The old year is gone and the new year in and at this time five years ago we were all anxiously awaiting the coming of June, bringing with it finals and graduation. And now, five years later, plans are underway for a Fifth Reunion and we're hoping that every one will try to return to the campus in June. If you haven't been back for five years the U.S. Army has been good to you. If you have been, if you don't feel like it, why not see if we travel four or five hundred miles or even 10 miles.

For news this month, Stan and Marie (Hill) Jordan and their 7 mos. old son are presently living in Gorham. Stan has been named as assistant engineer with the Maine Central Railroad in Portland.

Married last November were Joan Massey of Lewiston to Edwin Young, Jr. They are now making their home in Lewiston.

Jerry Mulcahy has been appointed 4-H agent-at-large to serve Penobscot and Piscataquis Counties in New York. Jerry recently completed 3 yrs. of training in the U. S. Army and has received the Army Commendation Award.

The engagement of Elizabeth Redmond to Dave Trefethen has been announced. Dave is a civil engineer graduate of St. Mary's and the University of Maine. Elizabeth is employed as a counselor with the Youth Guidance Center in San Francisco. The wedding date is January 29th.

Charlie and Ann (Trainor) Hills are in Rockland, Mass. Charlie is assistant credit manager of White Fuel Co. Inc. in South Boston. They have three children, Greg (13), Ken (11), and Elizabeth (3 mos.).

Fred and Judy (Stevens) Hill are living at 501 E. 108th St. Indianapolis, Ind. Fred is an engineer for Shell Oil Company and they are proud parents of a 6 mos. boy, Stephen Eric. Judy writes that Fred and Nancy (Wood) Reearick write from Denver, Colo., where Dan is attending school at Lowry AFB. Come spring the traveling Reearicks will move to Maryland when school is in order. Fourteen month old Celinda is certainly seeing the U.S.A. in great style and would seem to be enjoying it greatly.

Judy Plante has resigned as teacher at Biddeford High School and has assumed her new position as Clerk of the Maine House of Representatives under the new Democratic legislature.

I'm sure all of you will join me in expressing sincere sympathy to Andy and Alice (Eaton) Scherrinhearten at the death of their month old daughter, Kimberly.

Marriages: Robert Ivers to Diane Haskell. Bob is employed by the NCAA and Diane is living in Boston. Peter Frances to Margaret Conant. The Fracincos are living in Keene. Diane (Marchand) is representative for the Footse System in Caldwell, N.J.

Births: The Michael Peter McCreadys welcomed a new addition, Cynthia Anne, on October 30, 1964. Mr. and Mrs. Conner Furber are the proud parents of Melanie Grace, born in late November. Conner is currently assistant civil engineer in Civil Engineering here at Maine.

In the holiday mail there was much news from the 62ers. Vicki (Waite) Malinville and husband, Dick '60, who I have not seen since they left Brunswick in June, are both graduate students at Bowling Green, Ohio. University and live at C-6 North Grove Gardens. Vicki is working toward a degree in history and government. They miss Maine and hope someday to return.

Lt. and Mrs. Linwood Billings (Ann Adjutant) will be leaving Mather Air Force Base near Sacramento, Calif., in March for Castle AFB, with the next assignment for Lin at Dow, Bangor. Lin is a B-52 navigator-bombardier. Ann is taking education courses at Sacramento State. "This place is FUN, I really like it," are the words of Brenda Frizzell. Brenda is teaching 1st grade in Tripoli, Libya. She spent Thanksgiving in Malta and for Christmas, took a photographers' safari in Kenya which included one night in treetops!! Liz (England) Fisher writes that she saw Lolita (Roy) and Frank Bishop and son, Joey, this summer, and also saw the Rev. Bill and Ida McCarthy who are now in Munich, Ind. Liz's husband, Bill, has almost finished his degree at Harvard and she is a systems engineer for IBM.

Carol-Ann Obliskey jubilant over election results in Maine—she is back in Washington after a hectic fall campaign here. Saw her in Calla, during President Johnson's visit and she looked fine. She works for Sen. Edmund S. Muskie. Another '62'er in D.C. is Lin Aimes who works for the Dept. of the Army Research and Translation Group in the Pentagon. She finds her work interesting and challenging. She says "HI to EVERYONE." Her address is: 4125 River Rd., N. W., Wash., 16, D.C. Saw Sally Kennett over Christmas and she, with Gail Brewer and another roommate, will spend the first three weeks of April touring Europe. Gail plans to buy a car in Amsterdam.

The happy face of Ricky McCarthy was the subject of his parents' card, Phil and Carole. They are still in New Jersey. Dorothy McCarthy is red with pride with Jimmy Fish, son of Lt. and Mrs. James Fish (Mary Lovell) now of Glendale, Ariz., on their holiday visit to Idaho, and will then leave for three years in Germany in May.

The three children of Mr. and Mrs. Terrance Coffin, Sr. of Portage (Carleen Towle) made a trip to Maine for the holidays. The Coffins are now back in California and in color photo's were Jerry Jr., Cynthia and baby, Nathaniel. Carleen is now substitute teaching at Alva, Fla. before they move their residence card using a silk screen of a partridge in a pear tree, very effectively done in gold and green on white. Art and Nat (Sweetser '63) Hart are at Mount Lucas road, Princeton, N. J. also sent a very nice card, the product of their recent travels. Paul and Joyce Cranmer are now in Huntington Beach, Calif., and Paul is still with Douglas Aircraft.

Rosemary (Laur) Crouse writes that she and husband, Jerry '60, are in Beloit, Wis., where he is research engineer for Bellot Corp., and also president of the Beloit Junior Chamber of Commerce. Rosemary is a state delegate of the Jaycee Auxiliary there. And with their church activities, she says they have little freetime.

Judy Brooks is in the Peace Corps at Ahway Agricultural College, Ahway, India (add Box 85, D.C. for correspondence). Judy is working with the Peace Corps, and they are English to students in the daytime and to instructors in the evening. Judy is in the process of expanding the college library and setting up a lending library.

Judy is also Dean of Women there. AND then there is the time Judy and couple of remote villages to teach. David Cloutier and wife, Deane, are in Lynn, Mass., and are heading back to New England football plans to open a real estate business. Dave says he would like to thank all classmates who wrote and wished him well with the Boston Patriots.

If you watched the Bowdoin-Maine game on TV (and weren't lucky enough to be there) you saw a '62 interview between Bill Lawlor of WMTW-TV and Dave. It was kind of the old tradition go, but I suppose all good things must end.

Robert Lewis graduated from West Point Military Academy in 1965 and is now living in Wurtzburg, Germany, where he will be for three years working with guided missiles. John S. Johnson is a civics teacher at David Junior High School, West Palm Beach, Fla.

Laurels go to Dale Curry, football coach at Lincoln, who was selected by the John Baptist (Bangor) High School Quarterback Club to receive its first annual award of the year award. Selection was based on all aspects of coaching such as what material he submitted to them, his schedule, sportsmanship and team performance. Dale was presented a large trophy at the Bangor football banquet Dec. 12.

In the field of education are: William Livesey who is now assistant director of athletics at Worcester, Mass., Academy; Donald Murphy, math teacher at Hallowell-Hubert High School; Mrs. Jane C. Rice of York, teacher and coach at Portland High School; June Webster, teacher of junior English at Kents Hill School, Readfield; Deane Wells, principal of Richmond High School; Dean Wells, principal of

Miss Mildred E. Simpson Old Bath Road

Brunswick
If you've said this, or even thought it, you're like many men. Their first years have been marked with success and advancement, but now they feel as if they are on a "plateau" in their career progress. They find themselves vaguely dissatisfied — unchallenged — and see themselves not fulfilling as large a role as they KNOW they can fill.

Men like these frequently feel that they would do much better if they were working for themselves. But they are often unsure how to make the break into such work.

If you feel this way, consider a future working for yourself and Mass Mutual.

It is a career where you meet interesting people, earn a good income and reap financial benefit in direct proportion to effort expended. And above all, it offers a feeling of real accomplishment that comes with knowing that you have contributed to the future happiness and well-being of many, many people.

To find out what the opportunities would be for YOU just write a personal letter about yourself to Charles H. Schaaff, President, Massachusetts Mutual, at Springfield, Mass. (Be sure to tell him in what area of the United States you would most like to live and work.) It could be the most important letter you ever wrote!

**Some of the University alumni in the Massachusetts Mutual Service:**

Harold H. Inman, '30, Bangor  
David P. Buchanan, '48, Bangor  
Gilbert Roderick, '59, Home Office  
James H. Roberts, C.L.U., '42, Providence  
Robert B. Fortier, '62, Home Office
live at 632 Ruggers Lane, Altona; Susan Ellen Benson of Rio de Janeiro, Brazil, to Kenneth E. Nelson. Ken is an electrical engineer with Foxboro Co. at Foxboro, Mass. They live on Weona road, North Attleboro.

MISS JANET E. DONOVAN
7 Fells Road
Winchester, Mass. 01890

Well here I am again in Europe only this time in Spain. Hope to be back in U.S.A. very shortly. Tremendous amount of news to get caught up on.

Let's start with births for the new year.

BIRTHS: A daughter to Mr. and Mrs. Robert A. Johnson of Portland; a daughter to Mr. and Mrs. David C. Murch; a daughter to Mr. and Mrs. David Field.

ENGAGEMENTS: Sandra L. Vaughn to Kinsey B. Fenton; Gail Hoxie to Lt. John E. Christiansen. Lt. Christiansen received his master's degree from Northwestern University; Joyce Marie Carr to Thomas F. Staples of Fort Bliss, Texas, on Dec. 24.

TALENT SCOUT

This General Motors personnel expert is searching out bright young talent. He and others like him are charged with the important task of selecting the best prospects from among thousands of qualified people for jobs in industry. He conducts interviews at dozens of colleges every year.

His job calls for an analytical and understanding mind. He is very careful to get all the facts before making a decision. He looks into the background of each student—scholarship, mental attitude, previous work experience, health and scope of interests. Often the difference between the merely competent person and the future leader can be reduced to a matter of desire. It takes expert judgment to spot the real thing.

Getting its share of outstanding young men each year is vital to General Motors’ future. And so, naturally, are the “talent scouts” who find them for us. They deserve much of the credit for the continuing success of the GM team.

GENERAL MOTORS IS PEOPLE …

Making Better Things For You
Casco Neck and the Puritans

The area around Portland with its wealth of furs, fish, and tall timber for ship's masts, was a much-fought-over prize from the moment the first white man settled on the shore of Casco Bay.

Gorges, Rigby, their agents and heirs, all claimed jurisdiction of the area, under grants from their free-handed King. Cleeves, Portland's first mainland settler, claimed proprietary. The Massachusetts Bay Colony entered the fray. No one knew who actually held the province, and the consequent legal wrangling was not conducive to orderly government.

Into the welter of claims and counter-claims the Massachusetts Bay Colony pressed her own demands without let-up. The inhabitants of Maine stopped their internal wrangling temporarily to unite against this common enemy. The majority of the settlers were staunch Episcopalians and bitterly opposed to the ideas and practices of Puritanism.

Finally, in 1658, over the protests of the settlers, Massachusetts was victorious and took formal possession of the Province of Maine. They, in order to preserve any of their rights and privileges, the settlers were obliged to sign a formal document called the "Submission of 1658," which began:

“We, the inhabitants of Black Point, Blue Point, Spurwink and Casco Bay, with all the islands thereto belonging, do deem and acknowledge ourselves to be subject to the Government of Massachusetts . . . ."

After promising that religious differences wouldn't deprive the Maine colonists of their civil rights, the agreement stipulated that: "... all those places formerly called Spurwink and Casco Bay from the east of the Spurwink River to the Clapboard Islands, in Casco Bay, ... to run back eight miles in the country . . . . henceforth shall be called by the name of Falmouth."

The next fifteen years in Maine found the people still unwilling to recognize the authority of Massachusetts. Appeals were made to England for a more agreeable government. In 1665 the authority of Massachusetts was abrogated by Charles II, who appointed governors to the province. That their was not an easy task is attested by the fact that three years later these men threw up their hands in failure and returned to England. Massachusetts re-established her jurisdiction by force and gradually and grudgingly the people submitted to her uneasy rule.
