List of individuals or groups directly involved in the project, such as speakers/performers, for which you are requesting honoraria:

This project will utilize up to 20 students under the direction of, Julie Lisnet, a guest professional director.

Project Abstract

The Legend of Sleepy Hollow is a 45 min touring version of the classic short story by Washington Irving. The play will bring to life the tale of Ichabod Crane through a company of 13 actors and 5 technicians.

Program Description

The show will be cast in late November and rehearsals and the set building will take place starting in December. All activity will culminate in the tour which will take place over the first week of spring break.

Audience

The production will travel to ten high schools and middle schools throughout the state, and will have one performance in the Pavilion theatre on campus that will bring local middle school and high school students to UMaine's campus. This is part of the community outreach mission of the department.

Publicity

We will contact middle schools and high schools throughout the state and set up two performances a day for the first week of UMaine's spring break. The on campus show will be advertised with posters and social media.

Was the project carried out as outlined in the proposal? if not, please explain which aspects of the project's scope and/or budget were modified, provide reasoning for the modifications, and discuss the impact the modification had on the project.

The project ended up having a smaller cost than anticipated. Due to the resourcefulness and creativity of the students and the director, the show was scaled down, yet had the same theatrical impact of a larger touring show. The actual show resonated with the audience of schoolchildren in the same way as the more expensive proposed show. This allowed us to divert resources to the other MainStage shows in our season.

How many people attended the event(s)? Indicate whether figures are actual or estimated. If possible, describe the composition of the audience that this program served (i.e. UMaine students, general community, teachers, etc.).

The show went on tour to middle schools throughout Maine. The show was presented to 2 schools per day for 5 days. Venues ranged in size from school gyms to full scale auditoriums. I would estimate that the show played to between 800-1000 students during the run of the show.

How was the event promoted?

We had a student production manager who contacted the schools in the area. She arranged a time and a location for each school. There were no other promotional materials for the event.
