Biographical / Historical

The College of Technology was first included in the University of Maine Catalog in the 1902-1903 term. The College of Technology provided instruction in Mining Engineering (later dropped), Agricultural Engineering, Chemical Engineering, Chemistry, Civil Engineering, Engineering Physics, Mechanical Engineering, and Forestry (later known as Pulp and Paper Technology). The College offered Bachelor of Science Degrees and Associate of Science Degrees. In 1973, the College was renamed the College of Engineering and Science. In 1989, departments from the College of Engineering and Science and the College of Life Sciences and Agriculture merged with the College of Sciences, resulting in College name changes for the College of Engineering and the College of Applied Sciences and Agriculture. By the 1993-1993 academic year the College of Engineering and Science had split into the individual College of Engineering and College of Science.

The following individuals were deans of the College: Harold Sherburne Boardman (1910-1926), Paul Cloke (1926-1950), Ashley S. Campbell (1950-1957), Weston S. Evans (1958-1962), Thomas H. Curry (1962-1967), Eldred W. Hough (1969-1973), Basil R. Myers (1974-1985), and Norman Smith (1985-1993). Smith would be appointed the Dean of the College of Engineering a position he would hold until 1997 and Norman Smith Hall is named in Dean Smith's honor.

[^ Return to Table of Contents](#)

Scope and Contents

The records mostly contain textual information created by the University of Maine College of Engineering & Science (formerly known as the College of Technology) and the individual departments that were part of the College, but there is also a cassette tape containing reminiscences of Donald Alexander on Electrical Engineering.

The record series Subject Records contains curricula, fliers and brochures regarding seminars and workshops as well as the program and course offerings of individual departments that were part of the College, directories and faculty lists, list of thesis titles, mission and goals statements, miscellaneous newspaper clippings, and course catalogs.

The record series Faculty Meeting Records contains copies of faculty meeting minutes.

The record series Accreditation Records contains copies of Questionnaire for Review of Engineering Programs submitted by the University of Maine to the Accreditation Board for Engineering and Technology.

[^ Return to Table of Contents](#)

Arrangement

The Records Group is broken down intellectually into the following record series: 1. Subject Records, 2. Faculty Meeting Records, and 3. Accreditation Records. Physically the files from when the College was named the College of Technology are filed first and then secondary arranged by subject. Files from when the college was renamed the College of Engineering & Science are filed after this and then secondary by subject. Some file names were changed and dates added to make them more meaningful and to correct errors.

Box number has changed:

- 1 Old Box #273 (New Box 1)
- 2 Old Box #361 (New Box 3)

3 Old Box #361a (New Box 4)

Accruals

The University of Maine's College of Engineering & Science no longer exists, however, the School of Engineering Technology continue some of the work of the College may also have inherited some of its records, which they could transfer to Special Collections.

Conditions Governing Access

Kept at Fogler Library's offsite storage facility. One week's notice required for retrieval. Personal identifiable and sensitive information will be redacted before release.

Conditions Governing Use

Information on literary rights available in the Raymond H. Fogler Library Special Collections Department.

Processing Information

Boxes 1 & 2 were processed in April 2018 and boxes 3 & 4 in July 2018 by Matthew Revitt, Raymond H. Fogler Library Special Collections Department. Processing involved a collection survey and the creation of this finding aid. The records were rehoused into appropriate archival folders and the boxes and folders numbered and titled added using information from ArchivesSpace.
