The MAINE ALUMNUS

MAY 1936
TROPHY ROOM,
TENNIS COURTS
AND?

The M. Chamberlain Peirce Fund of $10,000 was established by the late Mrs. Anna H. Peirce, and Mr. Mellen C. Peirce of Bangor in memory of their son, M. Chamberlain Peirce, who just prior to his death in 1909, had been a coach at the University. It was given for the purpose of encouraging athletics at the University.

By vote of the University Trustees the income of this Fund has been designated for use in equipping and maintaining a trophy room which bears the name of the one whose memory is honored. In addition, the accumulated income has made possible the recent construction of four tennis courts. Thus in seven years two valuable facilities have been provided from the income of this gift, the usefulness of which will increase with each passing year.

There are many opportunities both small and large, whereby one may appropriately write his name or that of a friend into the history of the University in a practical and yet idealistic manner. The President of the University or any other member of the Endowment and Donations Committee will welcome an invitation to discuss these opportunities.

ENDOWMENT AND DONATIONS COMMITTEE
Commencement Plans and Program Announced

Trustees to be Honored--Large Registration Anticipated--Aley Portrait to be Unveiled

The annual climax of the college year—Commencement—is scheduled for the days June 5 to June 8 this year and the committee of alumni, faculty, and students in whose hands the arrangement of the program lies has been busy making plans for a bigger and better time than ever. Of especial interest to alumni is Saturday, June 6, for this is YOUR DAY, full of business, and picnics and banquets and fun.

The alumni luncheon this year will be given in honor of the Present and Past Trustees of the University with especial tribute to Senator Harmon G. Allen, who has just retired after serving ten years as a member and President of the Board. Particular efforts are being made also this year for a larger and louder assembly of reunion classes, with all class attendance records in danger. The twenty-five year class, 1911, is out for the scalp of their rivals, 1909 and 1910, and seem in a fair way to exceed previous records for twenty-five year classes.

The reunion of the fifty-year class, 1886, and of all older classes is being particularly emphasized at this Commencement and it is hoped that a record number of the “oldsters” will be back to renew former acquaintances, to become familiarized again with the campus, and to see the growth and progress that have taken place during the years. A special recognition is being planned for the fifty-year men.

The youngest reunion class this year is 1924 and its five members, under the enthusiastic leadership of its officers, Phil Parsons and Paul Bunker, with Don Corbett as chairman of the committee, are planning to prove that they can bring back numbers well in excess of the present high record of 51, made in 1917 in 1922 and tied by 1929 at their first reunion in 1931.

Alumni Day

A feature of the program this year is to be the presentation of a portrait of President Robert J. Aley on Saturday afternoon. Dr. Aley’s death during the past year makes this ceremony particularly fitting. Dr. Aley was highly regarded by both students and faculty members with whom he was associated. His period of service began in December, 1910, and he was president during the trying war years, until 1921. It is expected that a large representation of both alumni and faculty will be present at the unveiling of his portrait.

Saturday, the day of days for returning alumni, will be a busy one. Starting off in the morning with several reunion class breakfasts, the program will officially begin at 8:45 with Reunion Class Meetings in headquarters rooms where business of the classes will be discussed. The General Alumni Association Meeting in Alumni Hall is scheduled for 10:00 a.m., and a better attendance than usual is anticipated, as matters of great importance are to be taken up. The transaction of business vital to all alumni will be (Continued on Page 132)

(Continued from Page 131)

**Commencement Plans**

the purpose of the meeting and it is hoped that every alumnus will attend and have a voice in the general policy.

The annual noon luncheon in the Alumni Memorial will be in honor of the Trustees of the University, past and present. Senator Harmon G. Allen, of Springfield, who is retiring this year after serving ten years as President of the Board, will be especially honored in recognition of his period of outstanding service to the University. The afternoon will be devoted to a good time with the annual frolics at 2:15 occupying the spotlight. A few rumors are already about as to the performances to be anticipated but we will only say that they are going to be good. The usual baseball game at 3:45 will star some outstanding veterans of the 1911 class and all alumni are out to repeat last year’s victory.

After this event, alumni, faculty, seniors, and friends will assemble for the time-honored parade into the Alumni Banquet. Always a colorful, pleasant affair, this year’s banquet is being planned with particular care. A shorter speaking program than last year’s is being arranged. Singing, stunts, cheers, lively conversation, and general good fellowship will make the affair, as usual, one of the happiest, and best remembered parts of the Commencement. Because of the large numbers attending this banquet, it is especially important that everyone desiring a place should make reservations and secure tickets at the time of their registration. The best plan is to send in reservations by mail at once.

Further details regarding the banquet speakers and other leading events will be published in a Commencement Circular to be issued shortly to all reunion classes and all others desiring a copy.

**Appointment of Marshals**

The Marshal this year is to be one of 1911’s outstanding alumni, none other than Lieutenant Colonel Sumner Waite, a native of Portland, now stationed at Fort Sam Houston, Texas. The lieutenant colonel is to return for Commencement just a few days before embarking for Europe where he will hold the position of assistant military attaché in France and Belgium. As an officer in the regular army he has had a varied and successful career. He was commissioned a second lieutenant of infantry in the autumn following his graduation and has been in active service ever since. His duties have carried him to many parts of the country and abroad to France, Armenia, Belgium, and Germany, and to Mexico and the Canal Zone.

**LT. COL. SUMNER WAITE ’11**

Colonel Waite served on the General Staff during the World War and for his services was awarded the Distinguished Service Cross, the French Croix de Guerre, and the Belgian Croix de Guerre. Following the Armistice he went with a special mission to Armenia. Later he became an instructor in the Infantry School. During undergraduate days Colonel Waite was very popular and well-known, being elected to several class offices and taking an outstanding part in athletics and other campus activities.

If you plan to stay on the campus during Commencement, make your room reservations by mail as early as possible to avoid disappointment.

**Reunion Classes**

**June 6**

1886 and all preceding classes

1906—05—04—1903

1911

1925—24—23—1922

1934

The Honorary Marshal, appointed from the fifty year class, 1886, is to be Walter H. Merriman who plans to attend from the distant city of Spokane, Washington, where he has been an attorney for many years.

In keeping with the customs of the last few years, cups are to be awarded at the Alumni Banquet to classes having the best percentage attendance. The Class of 1908 Cup is open to all classes. Last year the fifty-year class received this award, but it is expected that keen competition from some of the younger groups will face the “old-timers” this year. The Twentieth-Century Cup is open to classes since 1900 and should cause a close battle. The percentage is based upon those actually registered, so it is important that all alumni be sure to register as soon as possible. Registration will take place all day Friday and until 6 p.m. on Saturday.

**Other Events**

Alumni who find it possible to do so will be anxious to arrive on the scene early Friday so as to be able to see the Class Day exercises at 1:45 and the annual pageant presented by the All Maine Women. President and Mrs. Hauck are welcoming alumni, parents and friends at their home during the afternoon, Friday, between 4:30 and 6:00. Senior Skulls will be particularly eager to include the annual banquet and imitation at the Country Club at 6:00 which will provide an opportunity to renew acquaintances and to meet the new members of the society. Alumni are invited to attend the informal ‘Hop’ Friday evening.

Sunday the program will be more informal. The Baccalaureate Service will take place as usual at 10:30 a.m., with Rev. Cornelius Clark, of Portland, as the speaker. Several classes are planning picnics or other outings during the day.

The Commencement Exercises are to be held on Monday with Dr. William T. Foster, outstanding author and teacher, as the speaker. Dr. Foster is Director of the Pollak Foundation for Economic Research, and was formerly a teacher at Bates College and Bowdoin College, and later President of Reed College, Portland, Ore.

The Commencement Ball at 8:00 p.m. Monday evening will bring to an official close the program for the 1936 Commencement.

It is important that room reservations be made early.

**THE MAINE ALUMNUS**

Published monthly by the General Alumni Association of the University of Maine from October to June inclusive. Editorial and business office, Orono, Me. Entered as second-class matter at the post office at Bangor, Maine, under act of March 3, 1879.

Subscription price $1 per year included in alumni dues.
Summer Session Plans
Outstanding Program

Questions, questions, and still more questions are the material upon which the Director of the Summer Session, Dr. Roy M. Peterson and his secretary, Miss Helen F. Gray, are kept busy in these early days of May. A touch of summer has brought to many a realization of the fact that before long July 6 will be here when once again the Summer Session will open for a six-week program. Some prospective students want to know about credits, others about recreation facilities. Many ask for the Bulletin. One inquirer from Michigan wants to know whether students get hay fever at Orono, another from New York is interested in finding out the best way to get here, a young man in Missouri inquires whether a dress suit is needed, a young lady from Ohio asks how far it is from the campus to the Ocean. A teacher from northern Maine wants us to select a roommate as old as herself but eludes all suggestions that she give her own age.

The Summer Session has been growing since the depression years—314 students in 1933, 350 in 1934, and 473 in 1935. Our student body last year was an exceptionally fine one with eighteen states represented.

The curriculum embraces English, French, German, and Latin as representatives of the foreign languages, mathematics, sciences, including economics, history, and government, also public speaking, journalism, school music, and psychology. To these should be added education, which has the largest number of courses, home economics, physical education, and pulp and paper technology.

New Dormitory to Replace Oak Hall

Preliminary work has already begun on the construction of a new men’s dormitory to replace historic Oak Hall which was destroyed by fire during the winter. The new building, thoroughly modern and fireproof in construction, will house ninety students and proctors in its three sections. The four-story building, which has been designed by Crowell & Lancaster, Architects, of Bangor, will stand on the former site of Oak Hall and the M.C.A. Building, which is being moved a short distance to the east, and will face south in the direction of Wingate Hall. The estimated cost is $108,000.

The western end of the new building will be lined up with the front of Hannibal Hamlin Hall, and the back will be approximately the distance from Hannibal that Oak Hall was. The outside dimensions are to be 168 feet for the length by 28 feet for the depth. In appearance the building will harmonize well with other structures on the campus, being of colonial design, finished in brick with granite trim at the corners. The roof will be of slate and the three entrance doors will each be projected from the front of the building several feet.

Interior Arrangements

The two outside sections will each accommodate thirty-two students. Each floor is to be made into four suites containing a bedroom, study room, and closets, each suite to accommodate two students. The bedrooms will be furnished with separate single beds in place of the older “two-decker” cots formerly in use. Each student will have his own clothes closet. The study rooms will be ten feet by twelve feet in size, with two windows, providing rooms, well-lighted and ventila-
Some Reunion Flashes

The Old Guard of 1911 as they lined up for inspection in 1921

1925 gets aboard for a big ride during the festivities of 1931 Commencement

Prof. G. H. Hamlin, '73
Prof. Hamlin was elected temporary president of the 50 year and older classes to preside at the first meeting of the group during Commencement.

Philip S. Parsons, class president of 1934, the youngest reunion group.

Some members of 1924 engaged in an absorbing “Frolic” during the Commencement of 1931.
Masque Presents "Berkeley Square"

The well-known and successful play, Berkeley Square, by the English playwright, John P. Balderstone, was produced by the Maine Masque April 29 and 30. This drama, popularized in this country by Leslie Howard's interpretation of the leading character, has had a tremendous success since its first appearance in 1928. The veteran actor, Atwood Levensaler, played the lead as Peter Standish, supported by an able cast.

Nine Senior Skulls Tapped

At the conclusion of the Junior Week assembly late in April, nine outstanding members of the present Junior class were tapped for membership in the highest non-scholastic honor of the University, Senior Skulls. The recipients of the distinction were as follows.

Wendell Brewster, of Dexter, a member of A.T.O., all-Maine fullback, and vice president of his class.

Alton Bell, of Dennyville, a member of Phi Mu Delta, holder of the University javelin record, and varsity baseball player.

Leslie Hutchings, of Portland, a member of Phi Mu Delta, varsity football center, freshman class president, high-ranking scholar, and president of Alpha Zeta.

William Hunnewell, of Madison, a member of S.A.E., captain of cross country, National Freshman Cross Country Champion, and outstanding distance runner.

James Morrison, of Bradford Center, a member of Phi Kappa Sigma, varsity baseball player, member of Junior Prom Committee, and Sophomore Owl.

John Murray, of Bath, a member of Kappa Sigma, outstanding dash man, member of the varsity relay team, and Sophomore Owl.

Robert Ohler, of Newton Center, Mass, a member of Lambda Chi Alpha, outstanding in winter sports, member of the Maine Masque, and active in Outing Club.

Burleigh Roderick, of Augusta, a member of Beta Theta Pi, varsity football player, class president for two years, and a Sophomore Owl.

Seth Williams, of Augusta, a member of Beta Theta Pi, varsity football player, member of Scabbard and Blade.

Senior Wins State Peace Contest

David S. Brown, of Ellsworth, a member of the senior class, was awarded first prize in a state-wide Peace Oratorical Contest held at the University on April 16. Brown, who has been a prominent member of the University Debating Teams, was in competition with students from Colby and from Bates, his speech, entitled "The Road to Peace," was an attack on extreme nationalism, selfishness, and isolation, and a plea for education and "intelligent internationalism." Three prominent Bangor people acting as judges brought in a unanimous decision in his favor.

Captain Stevens Lectures

A unique and interesting opportunity was given students, faculty, and townspeople on April 27 when Captain Albert Stevens '07 gave an illustrated lecture on his recent stratosphere flights before a large audience in the Alumni Memorial Gymnasium. Captain Stevens' talk, which followed a dinner meeting in his honor by the Penobscot County Alumni Association, was illustrated by many interesting and instructive pictures, both still slides and moving pictures, showing the ascent of the various balloons, the disastrous crash of the first attempt, the final success, the stratosphere camp, and many views of the earth from various heights. Photographs of the scientific instruments in action were graphically explained by Captain Stevens. An unusually large and attentive audience turned out to do honor to one of Maine's outstanding alumni.

New B.S. Degree Available

An arrangement between the School of Education of the University and certain approved commercial schools has been approved by the trustees whereby graduates of the teacher-training courses of the latter schools may continue their training at the University and gain the degree of bachelor of science in commercial education. The new program is the result of a study made by a committee from the University and the State Department of Education. The cooperative program, by raising the standards of professional preparation for teaching commercial subjects, meets a long-voiced need in Maine's educational program, according to Dean Lutes, of the School of Education.

Senior Civil Receives National Recognition

Lawrence F. Cote, of Caribou, a senior in the Civil Engineering Department, has been selected as one of the ten finalists in a national bridge design competition sponsored by the American Institute of Steel Construction. The competition is open to registered students of structural engineering and architecture in recognized technical schools of the entire United States. Eighteen schools were entered in the contest and, from the numerous entries submitted, ten have been selected to compete in the finals after incorporating several alterations and improvements in the designs. This is the first time that the University has been represented in this contest and the selection of Cote as one of the finalists is considered a distinct honor both for him and the University. The final award of the two prizes and three certificates of honorable mention will be announced on May 15. The drawing to be submitted consists of a four-lane steel highway bridge spanning a 300 foot stream with 30 feet of clearance above the water.

Phi Beta Kappa Elections

Ten new members were elected to the Maine chapter of the national honorary scholastic society, Phi Beta Kappa, in March, as a recognition of outstanding scholarship, character, and leadership. The ten new members are George J. Hardison, of Houlton, Virginia C. Nelson, of Guilford, Max Fitch, of Orono, Faith W. Holden, of Millinocket, Merle H. Bradgon, of Westfield, Thomas M. Hill, of Bucksport, Junius J. Birchard, of Warren, Pa., Susan B. Frost, of Kingman, Alice W. Campbell, of Machias, and Miss Mary Bragg, of Bangor.

Student Government Meets at Orono

Women student delegates of the New England Co-Educational College and University Student Government Associations met in convention on the Maine campus April 30-May 2. Representatives from Bates, Colby, Connecticut State, University of Vermont, University of New Hampshire, Rhode Island State, and Middlebury gathered to discuss rules and procedures of student government systems and to hear nationally known speakers on subjects of importance.
Athletics

Varsity Baseball
Colby 14—Maine 8
(Exhibition)

After a disappointingly cold and wet practice season, Coach Kenyon’s Bears travelled to Waterville for the annual exhibition game with the Colby Mule. Here four rookie pitchers and three catchers took a thorough baptism of fire, both teams hit and scored freely and Colby emerged from the pre-season dust a 14 to 8 victor.

Brown 14—Maine 0

Holding Maine to five hits, a burly and experienced Brown ball team white-washed the University nine on April 29, 14 to 0 Neither the veteran pitcher, John Greene, of Ponttrec, Conn., nor the rookie, Ernie Reidman, of Auburn, sophomore twirler, could hold down the home team. Maine’s few hits were widely distributed Woodbury, veteran first sacker Bell, Collette, and Keegan, outfielders, and Reidman, relief pitcher, taking one apiece.

Rhode Island 10—Maine 2

Another loss was recorded on the southern trip as the Maine nine, not yet fully seasoned into a team, visited Rhode Island State on April 30. The home team hit heavily in the first few innings against the veteran Kilgour. Fourteen hits were recorded for Rhode Island, nine for Maine. Two hits by Bell in center field and by Tapley, star short-stop, one a double, helped along by Rogers, the right fielder, and Braley, the catcher, scored the only two runs for Maine.

Maine 6—Northeastern 0

Six hit pitching by Ernest Reidman of Auburn, sophomore twirler, and errorless support behind him gave the ball team their first taste of victory for the year on May 1. The Maine team gathered a total of 11 hits, including a triple by Ken Pruett, of Kittery, who caught the whole game, and Frank Tapley of Robinson’s, playing shortstop. Reidman went the entire game, striking out eight and walking two. Bell, Lord, and Pruett all collected two hits.

Maine 5—Bates 4

The team wiped out the memory of their earlier losses of the season on May 4 in one inning when they took the first game of the state series at Lewiston Up into the seventh inning Bates had a cozy 4-0 lead made early in the game when Johnny Greene, veteran twirler, gave a pass to two Bates men in a row and then tossed a wrong one to Johnson, of Bates, whoPolitics:}

Maine 19—Bowdoin 8

Sending a trio of Bowdoin pitchers to the showers humbled and discomfited a heavy hitting Maine nine stacked up fifteen hits and nineteen runs May 7, to maintain its series lead. Starting off in the first inning with five runs Maine held its lead to the end, although Bowdoin threatened in the fourth momentarily. Bowdoin errors and some heavy sticking, however, in the fifth allowed the boys in blue to run up seven and put it safely in the bag.

Greene pitched a good game and had excellent support most of the time. The most of the hits went to the big stickers of Maine, Bell and Keegan getting three each and Collette and Woodbury two

Basketball League Formed

Five New England colleges, Maine, Connecticut, Rhode Island, Northeastern, and New Hampshire, have formed a basketball league for the coming season. A tentative schedule of games has been drawn up between the members of the league.
Maine Wins State Meet, 57 to 44

A well-balanced and fighting Maine track squad swept to a final decisive victory in the 37th annual state classic, May 9. After see-sawing with their most dangerous rival, Bowdoin, much of the afternoon, the Maine tracksters finally pulled ahead by placing one-two in the high jump and the 220-yard dash.

The wet and slippery condition of both track and field following heavy rains the night before rendered the footing precarious and undoubtedly prevented the lowering of several records. Phil Good, Bowdoin timber ace, was the only performer to approach expectations as he equaled his own record of 15 seconds in the high hurdles. The other star performers, Kishon, Bell, and Veysen, were unable to approach record marks Ireland and Webb, of Maine, in the high-jump showed unexpected strength to win the event at 6 ft. 1 in., just ½ in. under the present record.

Maine's strength was very well divided as the field events netted 27 points and the running 30. The hero of the day for Maine was the weight-tossing George Frame, co-captain, who got out of a sick bed where he had been confined with grippe, to toss the hammer to a second place behind Bates' great Kishon. Maine's strength in both the 100 and 220 yard dashes where John Murray placed first and Don Huff second in both events, was very helpful in the final result. Although Maine did not take all three places in any final event, the Boys scored in all but two and took six firsts.

Bowdoin's chief threat was in the running events, since they scored but one point in the weights. Sweeping all places in the one mile and half mile runs about midway in the meet, Bowdoin was in the lead and not until Webb and Ireland came through strongly in the high jump was the score again in Maine's favor.

One of the finest events of the day for Maine was the win of Sidney Hurwitz, of Roxbury, Mass., swept to victory in the quarter mile, holding the lead from the very start. His out-pacing Morin, of Bowdoin, conceded the favorite, was a big lift to Maines score. The hurdles, of course, went easily to Bowdoin's star, Good, with Goodell coming in strongly in second place. In the two-mile event, Coleby showed the only strength of the afternoon when her great runner, Veysen, won several yards ahead of Bill Humnewell, of Maine. The pole vault finished up rather tamely between Hardison of Maine, and Rideout, of Bowdoin, at a height of 11 ft. 8 in. In the broad jump, Bowdoin showed excellent strength, taking first and third, with John Gowell, of Maine, in second place, the distance was 22 ft. 7½ in.

High point man for the meet was again Bates' one-man track team, Anton Kishon, who won 18 points, taking first in the discus, hammer, shot-put, and second in the javelin. Other high scorers were Murray, of Maine, with two firsts in the dashes, Good and Porter, of Bowdoin, with two firsts apiece. Gowell had three second places and Huff two.

The excellent cooperation and determined performance of every one of the Maine competitors was what finally decided the outcome of the meet and every credit to Coach Jenkins for developing a well-balanced, able, and fighting team.

Spring Football Practice Underway

A six-week program for varsity football prospects is being carried out this spring, the most thorough program of spring training in the history of the University. Coach Fred Brice issued his call for candidates early in April and veterans and newsmen are busily engaged in a program that calls for liberal amounts of conditioning exercises and scrimmages and may end in a practice game between two selected elevens. "Arbie" Doherty, of Bangor, and Bob Littlehale, of Belmont, Mass., whose stellar careers on the Maine gridiron were completed last fall, will assist in the coaching of the fundamentals.

Make Commencement reservations early.
Second Maine Day Repeats Initial Success

Enjoyment and work combined in a useful happy, and cooperative program makes Maine Day, now a tradition at the University. First conceived and executed last year as a substitute for Freshman-Sophomore informal battles, it has effectually replaced them. The credit for this move goes to President Hauck and the enthusiasm and cooperation displayed during this, the second year's program, proves beyond dispute the wisdom and success of his plans. Now instead of dangerous, damaging, and triteless class wars, students give rein to their excitement, imagination, and energy in a two-day wild campaign between rival candidates for the position of campus Mayor, election for this honorable office takes place Tuesday night, Wednesday morning, under the leadership of the Mayor, students and faculty members turn out for a full program of guided, intensive work on various needed campus projects. The afternoon is given to sports, and interclass mass games, and a baseball game. In the evening, vaudeville skits are presented and the faculty display their humorous powers in a dramatic presentation.

This year's campus mayor elected only after a heated, loud, and indiscriminately vituperative campaign is James Clifford (Candy) Lynch, a senior from Bangor. Running against Reginald (Honest) Naugler, last year's mayor out for re-election, and four other active, outstanding and unprincipled candidates, Lynch swept to power on a wave of popularity, shouting the slogans 'Lynch the Mayor' and 'Make Candy your Candy-date.' His last minute campaign oratory swept the wavering into his party and he polled a decisive vote.

The work program of Wednesday morning was varied and extensive. Work on the Athletic Field in the Memorial Gymnasium, Planting of Trees and Hedges, Cutting of Condemned Trees, Building New Walks, and dozens of other projects of all sorts gave ample opportunity for everyone to make themselves usefully busy. Much was accomplished with enjoyment all around.

The afternoon games, under the competent direction of genial 'Wally' Wallace, consisted of men's and women's relay races, faculty-student rope-pull, and a Sophomore-Freshman mass contest under the charge of the Senior Skulls, with over a hundred men participating.

The outstanding evening event was a faculty minstrel show in which unexpected talent was revealed. Under the able direction of Dr. George Small, of the English Department, the dramatic and vocal talents of the faculty had full play.

President Hauck, Dean Corbett, and Professor Wallace were outstanding. Prof. Lamson displayed his ability in a juggling act and Dean Mullenburg brought down the house singing a blues song. Even Jimmy Moreland was induced to perform. The entire program was a grand climax to a great day and all kinds of credit goes to the participants.

Handbook Published

Our Theatre Today is the title of a handbook of the contemporary theatre compiled and edited by Mr. Herschel L. Bricker of the Public Speaking Department. In collaboration with thirteen prominent men and women of the American Theatre who have each written portions of the book concerned with their particular connection with the theatre. Mr. Bricker has spent over three years in collecting, editing, and preparing the material. The division of the book into four main sections, History, Producers and Playwrights, Stage Direction, and Stagecraft, each with several chapters, has enabled the authorities collaborating with him to explain that particular phase of the art with which each has been concerned. Mr. Bricker has written two introductions one for the general reader, commenting the book as an introduction into the lesser-known aspects of theatrical life behind the stage, and one for students of the theatre. An extensive bibliography also is included in the book.

Outstanding Seniors Receive Scholarships

Several members of this year's senior class have received unusually fine scholarship offers from other universities and colleges in the country, and they are enabled to carry on further advanced study. The outstanding recipients to date are Ralph Hayes, of Portland, a Chemical Engineering graduate, who has accepted a two year fellowship at the University of Cincinnati, Arlene Merrill of Bangor, recipient of a Trustee Fellowship at Smith College for advanced study in German, and Junius Birchard, of Warren, Pa., an honor student in the history department, who has won a scholarship covering the cost of tuition at the Fletcher School of Law and Diplomacy, Medford, Mass.

The award received by Hayes is a coveted one in that it represents a total of $2000 and covers two years at the University of Cincinnati's Institute of Scientific Research. Only four or five of these awards have been made in the country, Hayes being the only one in the state to receive the honor. Hayes, a member of the Lambda Chi Alpha fraternity and a member of the local chapter of Tau Beta Pi, will spend the two years doing advanced research study in Chemistry.

The receipt of a Smith College Trustee Fellowship by Miss Arlene Merrill covering the entire cost of tuition, room and board at that famous college for a year is an unusual distinction because most of these fellowships go to graduates of Smith. Miss Merrill has been one of the highest ranking students at the University and is a member of Phi Beta Kappa and Phi Kappa Phi.

The Fletcher School of Law and Diplomacy which has offered Birchard a scholarship to cover a year's tuition is conducted jointly by Harvard and Tufts, only thirty-five students are admitted annually and attendance itself is regarded as a mark of distinction. Its chief aim is to develop students for service in the diplomatic positions of the United States Foreign Service.

English Professor Honored

Dr. George W. Small, of the English Department, has received the outstanding honor of being selected as one of a small group of prominent American scholars to cooperate in recording the development of the English language in a first attempt to present all its aspects in historical form. The work will be done under the auspices of the Modern Language Association of America. Dr. Small will be responsible for the section concerning syntax.
With the Local Associations

An exceptionally busy month has been recorded for us this time throughout the local associations in many parts of the country. From Orono to Ohio on the west and Maryland on the south reports have come in of interesting, well-attended meetings.

Boston Alumni

On March 14 about 110 alumni and guests assembled at the Hotel Vendome for the annual banquet, followed by speeches, election of officers, and dancing. Governor H. Styles Bridges '18, of New Hampshire, was a special guest and spoke of the nation's need for men of leadership. Other speakers were Dean James Munenburgh of the College of Arts and Sciences; Dr. Elmer D. Merrill '98 in charge of botanical work at Harvard, and Alumni Secretary Charles Crossland '17. The following were elected as officers of the association for the coming year: Ernest Lamb '10, president; Frank Damon '95, and John H. McCready '03, vice presidents; Malcolm H. Oak '15, secretary; Franklin Pearce '30, assistant secretary; Warren D. Task '08, treasurer.

Baltimore Alumni

A new active association in Maryland was organized on March 13 at the Southern Hotel in Baltimore. J. E. Tottman '16 presided at the business meeting when it was decided to form an active chapter, and officers were elected as follows: Omar F. Tarr '16, president; James M. Simms '32, vice president; C. B. Springate '18, secretary-treasurer. A program of two meetings a year was decided upon. Speakers for the evening were Dean James Munenburgh and Alumni Secretary Charles Crossland. The attendance was 15.

New York Alumni

A luncheon meeting was held by the New York Alumni on April 4 at the home of Mrs. Herbert Weaver with fifteen members present. It was voted to contribute yearly toward a General Alumni Association Scholarship. Plans were discussed for the annual June picnic and a committee headed by Mrs. Angeline Wardle '23 was appointed.

Penobscot Valley Alumni

More than 100 alumni and friends gathered to honor Captain Albert W. Stevens '07, when he visited the campus April 27 to deliver a lecture on his stratospheric flight. The president, Everett E. Hurd '17, presided at the dinner which was held in Hannibal Hamlin Hall. Captain Stevens who was introduced by his former teacher, Professor Charles P. Weston, gave a brief but highly interesting account of some of his experiences.

New York Alumni

The annual dinner and dance meeting of the New York Alumni Association was held at the Hotel McAlpin on April 1; it was one of the largest and best affairs of the kind ever held there, with a total attendance of over two hundred. A. E. Silver '02 was chairman of the committee for the arrangements and with "Pep" Towner, the retiring president, did a great job. Captain Albert W. Stevens '07 gave a most interesting talk illustrated by stratosphere movies, Rudy Vallee '25 entertained also with songs and impersonations, and Alumni Secretary Charles Crossland told of the latest activities on the campus. The new officers elected at the meeting are Lawrence Davie '22, president; Lynnwood Betts '28, secretary; and Sidney Coleman '20, treasurer.

Southern Kennebec Alumni

The annual meeting of the Southern Kennebec Alumni Association was held at the Hotel North in Augusta on April 14 with 45 in attendance. Following the dinner a short business meeting and election of officers was held. The new officers are: John Barnard '22, president; Harris McGooldrick '23, vice president; W. B. Getchell, Jr., '27, secretary-treasurer. Plans for the establishment of a scholarship from the association were discussed. The toastmaster for the evening was Senator Roy Hussey '19, and the speakers, George S. Williams '05, President of the General Alumni Association, Dean Arthur L. Deering, of the College of Agriculture, and Alumni Secretary Charles Crossland '18.

White Mountain Alumni

At a joint meeting sponsored by the White Mountain Alumni Association and the service clubs of Lancaster, Gorham, and Berlin on April 14 in the Hotel Costello, Governor H. Styles Bridges '18, of New Hampshire spoke to an audience of 150 on the problems confronting New Hampshire. He outlined the plans and policies of the administration on flood relief, flood control, finances, and other governmental problems. A graphic picture of flood conditions and relief progress was painted by Governor Bridges. The toastmaster for the evening was Fred Murphy '28.

Ohio Alumni

Twenty-two members and guests of the Ohio Alumni Association met on April 4 at the home of Prof. and Mrs. F. H. Vose '00 in Cleveland for a cooperative baked bean supper. At the business meeting, plans were discussed for a dinner meeting in honor of Captain A. W. Stevens '07, and pledges were made to the amount of $75 for the Ohio Alumni Scholarship. Officers elected for the coming year are Arthur O. Willey '24, president; Allen M. Knowles '04, vice president; Laura H. Willey, secretary and treasurer.

York County Alumni

Hon. Harmon G. Allen, chairman of the Board of Trustees of the University, Dean Arthur L. Deering, of the College of Agriculture, and Alumni Secretary Charles Crossland were the speakers at the annual meeting of the York County Alumni Association on April 17 at Kennebunk. Thirty-five alumni attended. At the election of officers during the meeting the following were chosen: Dr. Charles W. Kingshorn '09, president; Henry H. Eastman '12 and Robert M. Moore '16, vice presidents; and Raymond H. Lovejoy '18, secretary.

Chicago Alumni

The annual meeting and dinner of the Chicago Alumni Association was held on April 18 at the Interfraternity Club. A total of twenty-two attended. The speakers of the evening were Prof. H. H. Jordan '09, of the University of Illinois, Rollin Seabury '12, and Alumni Secretary Charles Crossland. Arrangement was made for the annual Chicago Association Scholarship, the new officers elected for the year are Prof. J. S. Galland '06, president, W. T. Osgood '09, vice president, J. W. Crosson '34, treasurer, and R. H. Fogler '15, secretary.

Western New York Alumni

The Western New York Alumni Association held a dinner meeting April 15 on the occasion of a visit of Alumni Secretary Charles Crossland. The meeting took place in the Buffalo Consistory with an attendance of twelve alumni and friends.

Central New York Alumni

At the annual meeting of the Central New York Alumni Association held at the home of Professor C. Earl Libby '16, fourteen alumni and friends heard Alumni Secretary Crossland discuss campus and alumni activities. Officers for the year were elected as follows: President, Joseph Whitcomb '00; secretary, Mrs. Vernon Bryant '28.

Providence Alumni

Election of officers took place at the annual meeting of the Providence Alumni Association on April 16. Carl F. Brugge '18 was elected president, Walter Cook '10, vice president, and Earl L. Ferrer '20, secretary. The meeting which was held at the Crown Hotel, Providence, was attended by thirty-six alumni and friends. Special guests and speakers were President Arthur A. Hauck and Dr. Harry Trust of the Bangor Theological Seminary.

Southern New Hampshire Alumni

Dean Arthur L. Deering of the College of Agriculture was the guest speaker at the annual banquet meeting of the Southern New Hampshire Alumni Association held on April 22. Other speakers of the evening were Judge J. B. Clancy, of Nashua; John Stanley '13, Mrs. Harold Hove, of Concord; and Judge Herbert Grinnell '10. The election of officers took place during the meeting and the new officers for the year are Harold Ingham '11, president, William W. Redman '15, vice president, and Everett E. Libby '18, secretary-treasurer.

Alumni Scholarships
Reach High Total

With the announcement of two new scholarships to be awarded from local association groups, the grand total of such awards available to deserving and needy students is twenty-three. The last two associations to make definite announcements are Connecticut Alumni, who presented President Hauck with a check for the first award of $50, and Somerset County Alumni who announced on May 1 the establishment of a similar sum which they have guaranteed for a period of five years.

In addition to the twenty-three already established, Cumberland County is now engaged in the raising of $2,000 to endow an annual scholarship. Both York and Southern Kennebec Alumni Associations also have plans underway. All in all it looks as if the original goal of twenty-five is going to be surpassed soon.

White Mountain Alumni

Coach Fred Brice was the guest of honor and chief speaker at the regular monthly meeting of the White Mountain Alumni Association on April 8 at Berlin, N. H. Alumni Secretary Crossland discussed some of the activities of both undergraduates and alumni on the campus and elsewhere. Moving pictures were shown in conjunction with Coach Brice's talk. Fifteen alumni attended.

Detroit Alumni

The annual meeting of the Detroit Alumni Association was held at the Highland Park YWCA on April 17 with fourteen members and friends present. Following a talk by Alumni Secretary Charles Crossland on activities at the University and among the alumni, there was an informal discussion and social hour. Another meeting of the local alumni is to be held early in May.

Waldo County Alumni

Captain Albert W. Stevens was the guest of honor at the annual meeting of the Waldo County Alumni Association in Belfast on April 29. Captain Stevens spoke of his experiences in this country and South America. Other speakers of the evening were Will R. Howard '82, who introduced Captain Stevens and gave reminiscences of the time when the captain was a student under him, and Alumni Secretary Charles Crossland. At the election of officers, Philip Parsons '34 was chosen president, Spurgeon Benjamin '35, vice president, and Elizabeth Sawyer '28, secretary-treasurer.
By Classes

'75 Edward M. Blandino, a member of the 30-year committee, is retired and lives at 46 Madison St., Bangor.

Albert E. Mitchell, president and treasurer of the Wyckoff Pipe and Screen Co., with his business at 522 5th Ave., New York City.

'78 Otis C. Webster spent the winter at St. Petersburg, Florida, but is now at home in Augusta. His address is 67 S. St.

Charles F. Plumley retired and living in Lincoln.

Francis H. Cleague is president of the Universal Engineering Co., and lives at 3522 Mountain St., Montreal, Canada.

Mark D. Libby, attorney at law, lives at 708 S. Hoff Ave., El Reno, Oklahoma.

Edward Osborne is retired and lives at 147 Kent St., St. Paul, Minn.

Charles S. Simpson, retired, is now living at 247 N. Magnolia, Monrovia, California.

Charles C. Garland, chairman of the Alaskan development committee, presided at the meeting recently held in Tacoma, Washington.

Joseph F. Gould is a lawyer with his business at 42 W. Broadway, Bangor.

George R. Fuller, an attorney at law, is located in Southwest Harbor.

Fred M. Reed, a mechanical engineer, has his business at 29 Tremont St., New Bedford, Mass.

Mr. and Mrs. George A. Sutton, of Orono, observed the golden anniversary of their wedding on March 18.

George H. Allan is a lawyer with his business at 178 Middle St., Portland.

William Webber, retired, is living at 33 S. Kensing St., LaGrange, Ill.

George W. Chamberlain is writing historical books. He is residing at 29 Hillside Ave., Malden, Mass.

A. H. Keyes, retired, is living at 113 Rosemary St., Needham Heights, Mass.

Sidney T. Twoodle is an orange grower and is living at R 1, Box 40, Fullerton, California.

John Williams, of Guilford, was selected a Democratic state committeeman for Piscataquis County. He was also elected a member of the resolutions committee.

Dr. Harold S. Boardman, of Orono, was appointed a member of the state committee on the Constitution by Governor Branham, according to a press release.

Paul D. Sargent and Mrs. Sargent have returned to their home at the Eastland Hotel, Portland, after spending four months in Miami and St. Petersburg, Florida.

Major Frederick A. Hobbs was moderator at Alfred town meeting.

Dr. E. D. Merril lectured at the Johns Hopkins University on March 20. The subject of his lecture was "Cultivated Plants and Civilizations."

Merrill is administrator of Botanical collections at Harvard University. He recently published an article in The American Scholar—"Scuttling Atlantis and Mu."

Governor Louis J. Brann has announced his candidacy for the United States Senate.

John W. Blaisdell was elected town clerk of Franklin at its town meeting held last month.

Herbert L. Adams gives his business as an inventor and has his business address at 3625 Legation St., N.W., Chevy Chase, Washington, D.C.

Class Reunion, June 6, 1936.

Stephen E. Patrick was married to Gladys Johnson Spear on April 2, 1936. Mr. and Mrs. Patrick are both connected with the State Department of Education, Mr. Patrick is Director of Industrial and Vocational Education, Mrs. Patrick is Field Agent for Rural Education.

Frank J. Douglass, a civil engineer, is residing at 511 Meacham Ave., Park Ridge, Ill.

P. H. Harris is an executive with the Pennsylavna Electric Co., Johnstown, Pa. His address is 414 Locust St.

Ernest A. Porter is an associate engineer with the U.S. Engineering Dept. at large, engaged in River and Harbor work.

Class Reunion, June 6, 1936.

At the 99th annual meeting of the town of Greenville, Elmer B. Crowley was elected the new member of the school board.

Mrs. Robert I. Adriene is a housewife and living at 30 Washington Park, Maplewood, New Jersey.

Eugene G. Day is a division engineer of the C. & N. W. Railroad and lives at 702 2nd Ave. So., Escanaba, Michigan.

Class Reunion, June 6, 1936.

Herman R. Mansur, of Augusta, was elected first vice president of the Photographers' Association of New England.

Roy M. Snell is a construction engineer for the U.S. Bureau of Reclamation at Redding, California. His residence address is 1871 Woollyn Rd., Pasadena.

Hedley C. Black is advertising salesman for the Osborne Co. He is receiving mail at 5612 Fair Oaks Ave., Baltimore, Md.

Arthur S. Chalmers is manager of the Haynes & Chalmers Co., Bangor.

'26 Bryce M. Jordan has been appointed assistant county agent for Aroostook County, Maine. Since graduation he has spent several years in Cuba, and recently has been employed in a wholesale produce house in Portland.

To the class of '26, more personal, please, and send them to Beniah O. Wells, Orono, Maine.

'27 Dear Classmates,

Spring fever must have affected some of you—for I've had very few letters this month.

Congratulations to Dick Dolloff, Assistant County Agent for Aroostook County since Dec., 1929. Dick has resigned to become County Agent in Maine.

Eugene Staples is living in Belfast and is Assistant Resident Engineer for the Public Works Administration.

Mr. and Mrs. Ernest Grant have announced the birth of a daughter, Carol Ann, on February 22nd at Presque Isle.

Miss Ardra Hodgins, municipal judge at Yarmouth, was elected chairman of the Maine Young Republican Women's Club.

'28 Dear Classmates,

They say, "No news is good news," so we have lots of good news this month.

I can't spin much of a thread with personalities this time.

We have a lawyer, Albert M. Parker, announcing his association with Robert Irving Williams in the practice of law on patents. Telephone—Ashland 4-1959. Address—222 E. 42nd St., New York City.

Pete Bennett gave a series of lectures during March at the U. of M. Subject: "Soil Mechanics Research and Its Application to Engineering."

I guess the 28-ers are showing the younger generation a thing or two.

Agnes Massie Plummer stayed overnight with me last night on her way to Fort Kent. Her new work brings her to Aroostook quite a lot.

No doubt lots of you are thinking about commencement and I hope you can get back.

Yours in '28,

Erdine B. Dolloff
4 Summit St.
Presque Isle, Maine.

'29 On March 18, Miss Ruth Davis, of Old Hickory, Tennessee, became the bride of Charles Fogg. Mrs. Fogg is a graduate of Goucher College, Baltimore. Mr. Charlie is now supervisor in the Dupont Cellophane plant at Old Hickory. Oren L. "Stubb's" Harris is an engineer in the Portland office of the WPA. He is residing at the Tolman House, Tolman Place, Portland.

A news item recently received tells of one of our former class presidents, Larry Hobbs. Last year he was with the Swanson Baking Company in Fitchburg. He is planning a trip to Maine at some near future date.

The Class of 1929 owes "Reggie" Merrill a vote of thanks for supplying much of our news this month. "Reggie" is still selling foodstuffs for Porzcy and Horrocks, Food Brokers, and still has the southern Maine territory. His office address is 11 Exchange Street, Portland, and his residence is 173 High Street, Portland.

"Bob" Parks writes that 1936 started right with the arrival of a daughter, Carolyne, on New Year's Eve. She is getting along fine and her dad is still giving nourishment to the Harvard boys at the华尔夫.

Mr. and Mrs. George A. Rose have a daughter, Gail Elizabeth, born on February 23, 1936. They are now living in Wallingford, Connecticut, 140 South Whitney Avenue.

Carleton D. Staples is a junior inspector for the federal alcohol tax unit. "Stape" has been having a great time traveling through southern Maine and parts of New Hampshire on his tours of inspection.

His address is Eliot, Maine, Alice W. Sinclair, Secretary.

'30 We were unable to have any personal for 1930 this month but will have some for you next time.

'31 Hello.

The rambling Jack McGowan has been located working as the American & Canadian representative of the Bata Shoe Co. He’s living at 53 Eden Park Avenue, Cambridge, Mass.

George Packard is Personnel Manager for the Charles Stores Inc., 370-7th Ave., New York City. He and the "missus" are living at 3728 86th St., Jackson Heights, N. Y.

Thanks, Don Libby, for your nice letter. Bill and I send our congratulations upon your recent engagement to Miss H. Gwendolyn Standish Don’s with the telephone company in Southbridge, Mass.

Another engagement that has turned into a marriage is that of Bill Jowett to Ethel MacLean of South Portland, on March 7th. They are at home at 212 North Sixth St., Allentown, Pa. You remember Bill’s with the Westinghouse Company.

Leo O’Neil. I’ve missed you in Grant’s but I’m glad to know where you are once more. Leo’s assistant manager for Grant’s at 53 Main St., Bangor.

Not all our masculine members are managers of stores, some delve in politics and among these is John Vickery. John has recently been elected to the school board in Belfast. Don’t forget all your old red and econ courses, John.

The engagement of Priscilla Boynson to Charles A. Roberts has recently been announced. Miss Boynson teaches at the Cottage Farms School, Cape Elizabeth and “Chass” as we used to call him, is with the Beneficial I Loan Co.

Another engagement is that of Miss Roland Guerette to Bill Cr. Mr. Guerette is a teacher in the St. Thomas Convict in Madawaska. Bill is employed as General Agent along the St. John valley for the International Agricultural Corporation of Houlton.

Louis Cabrera, who, by virtue of his MA belongs to our class, has been ap-

pointed instructor in Spanish in the American University, Washington, D.C.

I had a nice letter from Don Fog last month. He is 2nd Lieut. with the CCC Camp at Pittsfield. In his camp is Frank Cahery ’30, and nearby at Graylock Camp is John Bankus ’33. Don had recently seen Ken Bichanok who is at Belchertown, Camp #860. He also said that Carl Watson is submaster and instructor of physics, chemistry, mathematics, and mathematics at Batesboro. N. H. Carl has two kiddies, Nancy and Arthur.

And there ends this month's news. I'm still greedy for more letters, so please oblige.

Woodward, Maine

'L32 Louis Asil has completed his internship at the Providence Hospital, Holyoke, Mass., and is now intern at the Maine General Hospital in Portland.

Jim Bates has been working at the Maine General Hospital and starts his duties as intern at the Eastern Maine General Hospital the first of April.

Dr. Kenneth A. Baker received his D.O. in ’34 from the University of Iowa. Dr. Barker was with the U.S. Marine Hospital of Savannah, Georgia.

Dr. Frank C. Cardone interned at Peter Bent Brigham Hospital last year. He is married and is practicing dentistry in Beverly, Mass.

Harold Bryant, who has been secretary-treasurer of the Auburn Production Credit Association, has resigned to accept the position of assistant secretary-treasurer of the Aroostook County Association.

Clarke Coffin, a student at the Hartford Theological Seminary, recently had a seventy-page collection of Novelties Grammar Tests published by the Advance Educational Council. The tests are being used by a number of teachers in New England and elsewhere.

Mert Flanders starts his internship at the Maine General Hospital this summer.

Dr. Henry Grant is practicing dentistry with his father, Dr. Giles Grant, with offices in the Trelawney Bldg., Portland.

Dr. Paul Jarrett was president of the class of ’35 at Harvard Dental. He has been interning at Peter Bent Brigham Hospital in Boston and after July 1st will return to Stamford, Conn., his home.

John Pearson, Jr., begins his internship at the Eastern Maine General Hospital at Bangor, in July of this year.

'H33 Hello, Everybody.

As usual, things have been happening to ’33-ers. “K” small and Art Lufkin are soon to be weds. The engagement was announced last of February. This is just great. “K” and Art. Best of luck to you both. For the past two years, “K” has been a member of the faculty of Berwick Academy, Art, after leaving Maine in 1932, studied at Harvard for a year, then, instructor and coach at Belfast High. Now, and now, sales representative of the Bay State Milling Co., and the Lawrenceburg Roller Mills.

Another engagement, too!!! Russell Kendall, who attended the University of Maine, and Miss Dorothy Sessions, of Waterville, have filed marriage intentions. Russell Kendall is at present an electrician on the Flying Yankee.

And now—a wedding!! None other but Phyllis Webber and H. Parker Frost! The tropical gardens of the Plymouth Congregational Church, Coconut Grove, Miami, Florida, were the setting for the wedding which took place on February 11 at 3:00 p.m. Phyllis’ brother was the best man and other Southern friends were the attendants and ushers. The couple left for a wedding trip by motor to Washington, D.C., New York, and Boston. They will make their home in Bangor, where Mr. Frost is associated with the Webber Motor Co.

Evelyn Plummer has recently been appointed Assistant 4-H Club Leader for the State of Maine. Evelyn was County 4-H Club agent in Oxford County from 1928-1932; when she began in Oxford County the club enrollment was 675 and four years later there was an enrollment of 929. Evelyn has been a home demonstration agent in Tolland County, Rockville, Conn., for the past year. Congratulations, Evelyn, from all your Home Economics colleagues and best of luck.

John Cotter has returned to Bangor from Eastport where he has been employed on the Quoddy project.

Mr. and Mrs. Kenneth Varney of Lewiston are receiving congratulations upon the arrival of a daughter, Janice Arlene, born in the middle of February.

When the Bangor-Brewer Little Theatre Group elected officers for the spring, Helen Osgood was elected Program Director.

J. Paul Tear has been promoted from the New Haven, Conn., to Mechanicsville, N.Y., as manager of the J. J. Newberry Store there.

William H. Doane is a chairman with the Baltimore-Ohio R.R. Co., and is residing at 358 W. Main St., Granton, West Virginia.

At last, news of Clarence Berger appears. Have wondered so often just what had become of him. Clarence is assistant and tutor in Sociology at Harvard University. His address is 708 Eastmore Rd., Brighton, Mass.

Last Wednesday Wilfred Davis ’32 classmate of Tom’s, visited us. We talked all evening as fast as we could. Tom and I telling all the news of our classmates that we could; Wilfred telling us about his work in the Black Hills of South Dakota as camp superintendent in a CCC camp. We did enjoy Wilfred’s overnight visit.

We learned that his sister, Kitta Davis, who left Maine after her sophomore year to finish her studies in Norway, is to be married soon. And Harry Davis, Wilfred’s brother ’30, is married and is assistant manager of the paper mill in Mechanic Falls, Maine. Wilfred was to be in the east until the 26th of April, and judging from the mileage that he rolled off in short order coming eastward in his new Packard Eight coupe, it will not take him long to reach the Black Hills again.

BANGOR HOUSE
An announcement of the arrival of Richard Alan Page, born April 8th, 1936—7 lbs., came the other day from Mr and Mrs. "Rup" C. E. Page, Jr. Rup is Supervising Principal of the Abraham Lincoln School, Bangor, Maine. Congratulations from the Class of '33!!

Florence Williams is now secretary to Drs. Beach and McAdams, ophthalmologists (eye specialists) in Portland. Her address is 120 Portland St., Portland, Maine.

Ronald Billings is now principal of Exeter High School Exeter, Maine. His address is Exeter, Maine.

"At Hamilton is a chemist in the Research Laboratory of the S. D. Warren Co., Cumberland Mills, Maine. His residence is 31 Read St, Portland, Maine.

Edwin "Sum" Boddy lists his occupation as papermaker in Millinocket, Maine. His address is 104 Lincoln St.

Wish we might all have been at the State Street Congregational Church on the 18th of April and given our best wishes to Helen Findlay, as she became the bride of Lyman A. Cousins, Jr., at that city. Dot Findlay was one of the attendants. Mr. Cousins, who was graduated from Bowdoin College, is a member of the Zeta Psi Fraternity. They will reside in Portland where Mr. Cousins is connected with the firm of Long, Libby and Hanson.

Jerome C. Maxfield sends a card stating his affiliation with the Will Corporation Laboratory, Apparatus, and Chemicals, Rochester, N.Y. His address is 6 Cedar Place, Wakefield, Mass.

Has anyone heard of such people as Grace Quarrington, Bunny Callaghan, Betty Trojan, Miss Jackson, Marshall, Moulton, Richardson, Henry, Betty Batson Pendleton, and a couple hundred others? Marnie Baldwin 278 Broadway Notwicht, Conn.

'34 Class Reunion, June 6, 1936.

Once upon a time not so very long ago, May meant spring parties and run-sun-balances at Balentine room, at the old millpond—and a few classes.

Times change, but they can't take away the memories—I met Deke Robinson not long ago on a nice springy morning and our thoughts were both the same—of picnics at Maine—we rounded up some more people who left the same and ended up at Oscar's. They are keeping house in Cambridge, while Oscar goes to Harvard Law School. Deke is working for C. E. F. McGarvey. C. E. F. McGarvey was there too. He is going to architectural school in Boston. By the time we got through, Maine was a heaven on earth and everything outside of it was just the opposite—Deke is rooming with Carl Ingraham—Carl is working for the Liberty Mutual Insurance Company. Anyways, at Christmas time, I purchased a diamond ring and put it upon the left hand of Libby Phillbrook—so that gives Carl a real purpose in life.

Another big event in my life was spending an evening with some more Maine—among them were the Charlie and Lilie Bunkers, Swank Osgood and Pat Huddleston. Swank is doing landscape gardening here and there about Boston and environs.

Indirectly I've heard that Bill Page now has the surveying problem in Aroostook all scoured up. He is an independent surveyor of farm lands in and around Fort Kent, and our time is helping him run the stanch factory still.

I've found a new way to collect news which is blessing. Every time I run into a patient from Maine, I try to get some alumni news—a patient from Rumford did her best to post me on her neighbors and if this is slightly twisted just remember it wasn't told to me—only heard.

Gene Austin Dorr is teaching school and dividing her attention between her pupils and her husband—Armand Goguerre is in New York State working for the International Pulp and Paper Co.

Mildred Hamer has been making headlines as the leading actress in the play "A Little Cloth-Hopper" given in Bangor at the Grace Methodist Episcopal Church.

Jim Jackson, who recently was appointed State Sanitary Engineer with headquarters in Augusta, and for more reasons than one Jim seems pretty happy about it. They say Betty smiles a lot these days, too.

Whenever there is real special news we can usually bet Don Favor is figuring in it—Ted Chiappinari, who received a pamphlet from the National Olympic Committee in which there were only seven individual pictures of tracksmen, among them were Glen Cunningham, Bill Bronto and Don Favor—and that's what I'd call Big Time.

Now I'm asking you on bended knee, if you know any news at all in the next two or three weeks, see the next month is the last round-up for this year, and you're probably all just as curious as I am to know what's happened to the rest of us.

Peanut Bunker 220 Fisher Ave Biddeford, Maine

'35 As "Rudy" Valcke plays "It's Been So Long," I shall try to tell you all about a few more of our classmates. Now that another spring is here, and we are acclimated alumni, it does seem "So Long" since we trudged over the Campus.

Milt MacBride sent us news of his whereabouts. "Milt" is in Batavia, New York, employed as field representative for the Federal Land Bank. Previously Milt was stationed in Springfield, Massachusetts, but he finds the Islands extremely interesting. Milt has been having his troubles convincing Cornell grads of the importance of the University of Maine. I think we can safely say that Milt with the upholding of the honor of the Pal Blue!

All the way from the west coast, Ted Wood reports that he has been attending the Airplane School, now located at Alabama, California, and apparently enjoying himself immensely.

Fitchie and Ralph Copeland have been at the U.S. Naval Air Station at Pensacola, Florida, since September. Both Fitchie and Ralph have been flying long, and are we may look and see them waving down at us. I know they have to return in Milt with the upholding of the honor of the Pal Blue.

Al Galbraith is also at the Naval Air Base, and is flying high. Al thinks he will be stationed at San Diego as soon as he completes the training course. Myer Marshall reported a short time ago as a Marine Cadet at Pensacola, so there's a delegation of '35ers up in the air.

Another ambitious '35er is Edward Stetson, "Stet." you graduate working at Cornell in Landscape Design. Cornell is fine, Stet reports, he'd certainly like to be nearer Maine.

Eleanor Goven has been appointed as an English teacher in Biddeford High School. "Ellie," is quite a hike to the head of the English department for the spring term.

Two former '35ers want to be remembered to you all. Ted Shields, who was with us our first year, transferred to Purdue University in Indiana for a year and a half, and then moved to return to the Pine Tree State, started East, but he stopped at the University of New Hampshire, with his wife, and decided to stay. Now Ted plans to receive his C.E. degree at New Hampshire.

Anna Dunn, now Mrs. Arthur Tucker, has been married since June, 1934, and is living now in New York. Another ex-'35er, Marion Townsend, is teaching at Readingfield, and Pearl Parsons, now Pearl Parsons Eiserer, is married and lives at Millinocket, and Clara Gordon is teaching in Winn.

Flora Stone has been enjoying the winter at East Palatka, Florida, among our newly reported pedagogues, Colleen MacDonald has a teaching position at Newport.

Agnes Crowley, Secretary 59 Western Avenue Biddeford, Maine

"Insurance Careers for College Graduates"

This booklet, published by The Penn Mutual Life Insurance Company, explains the advantages life underwriting offers to the college graduate at the present time. It covers these topics:

FINANCIAL OPPORTUNITIES

THE COMPANY'S FIXED COMPENSATION PLAN

QUALIFICATIONS
