Top: The reunion class of 1899 had one of the most satisfactory attendance records of the older classes.
Center: Young and old of 1921 were "riding high" during the Commencement festivities.
Bottom: Caped and capped in red and blue, 1920 added color as well as enthusiasm to Class Day and Alumni Day.
Fulfilling Your Desire For Quality

The surpassing beauty of the new 1937 Chevrolet is but the pleasing reflection of surpassing quality which goes all the way through. In materials, in precision manufacture, in features of safety and comfort and convenience, this car provides a measure of goodness equaled only in expensive automobiles. It fulfills your desire for quality ... and — it's the only complete car—priced so low!

CHEVROLET MOTOR DIVISION, General Motors Sales Corporation, Detroit, Michigan

CHEVROLET

THE ONLY COMPLETE CAR—PRICED SO LOW

an art magazine, a picture magazine, a humor magazine, a general magazine

The book-size* magazine of popular culture is a "believe-it-or-not" of money's worth, for the many-sided Coronet is truly four magazines in one! It's a magnificently illustrated journal of the fine arts; it's a breathtakingly beautiful "picture magazine" of unforgettable photographs; it's a full-strength satire and humor magazine, and a distinguished general magazine. As the partial table of contents at left shows, each issue is an entertaining education in "things you never knew till now"—a liberal culture course in capsule form—a little college in your coat pocket!

David A. Smart
Publisher of Fugaza and Coronet
99 S. Michigan Ave., Chicago, Illinois

Dear Mr. Smart:
Enclosed you will find my check or P. O. Money Order for $4.00, for which please send me the next twelve issues of Coronet, the magazine of "infmite riches in a little room -

They Came Back for Commencement

The second largest registration of returning alumni on record, exceeded only by the registration in 1922 at the fiftieth celebration of the first class, and an attendance from both the fifty-year class and the twenty-five year class which equalled former records, the largest number ever before seated at both noon Luncheon and evening Banquet are some of the facts which give an indication of the success of the Commencement week end in the eyes of alumni.

The total registration was 345 alumni and alumnae with friends, families, and relations. They were a happy, good-natured lot; not even in the three thunder showers on Saturday had a chance of discouraging them. The largest group of all was the hilarious and mighty class of '12 with a total registration of 40; '87, newest members of the "Senior-Alumni" organization of fifty year classes, had six registered.

Cups Awarded

The attendance cups for the week end were awarded at the Alumni Banquet on Saturday night. The Twentieth Century Cup was won by the silver-reunion group, '12, with registration of 21.6% of their total membership; close behind them was the reunion class of 1902 with 21.5%. The 1908 Cup, open to all classes, was won by the Class of 1883, with four members back of their total of ten, for a standing of 40%.

Outstanding events of the week end included the All-Maine Women pageant, "A Southern Plantation," written this year for the first time by student members of the Contributors' Club, undergraduate literary society. Its story, scenes, songs, and dances elicited much well-deserved praise for the writers, the performers, and the directors, members of the Women's Physical Education Department. The afternoon "At Home" at the President's House, with Dr. and Mrs. Hauck as host and hostess, was again one of the popular events on the program.

Hart Luncheon

The noon Luncheon on Saturday, Alumni Day, given this year in honor of Dean James Norris Hart, retiring Dean of the University, who has just completed fifty full and useful years in the service of Maine, was the best attended luncheon in the history of the Association. The 450 alumni, faculty members, and friends who came to honor the Dean made this Luncheon a real tribute to one of Maine's "grand old men." The presentation by Fred Knight '09 of the Book of Tribute, containing over a thousand names of contributors to the Hart Scholarship Fund, was a historical occasion. In fact, so many favorable comments have been made in regard to the able and appropriate speech of tribute made by Mr. Knight on this occasion that the Alumni office is having copies of his talk printed for presenta-

Ray of Banquet speakers included Senator John D. MacRay '08 from the Massachusetts State Senate, Dean Gertrude Peabody '20, Dean of Women at Temple University, Philadelphia, President Hauck, George S. Williams, retiring President of the General Alumni Association, and Governor Lewis O. Barrows. Leslie "Pat" Hutchings, of Portland, as President of the Senior Class, spoke for his classmates. One of the hits of the evening was Dean Arthur L. Deering '12 who made a most effective toastmaster. In addition to the award of the attendance cups at this time, the six members of the Golden-Reunion Group, 1887, were given certificates of service.

Class Elections

Class meetings of reunion classes in the morning, Saturday, were well attended and gave the groups a chance to talk business. A number of classes elected officers for their class organization, as follows: 1899 chose Archer L. Crover as president, C. Harry White as vice president, Allen W. Stephens as secretary, and Mildred Powell as treasurer; 1900 re-elected the former officers, Guy Hersey, of Bangor, president, and Henry F. Drummond, of Bangor, secretary; 1901; 1902 re-appointed Arthur E. Silver, of New York, as secretary; 1912 elected William Schrumpf, of Orono, as new secretary, re-electing Karl Woodward president, June Kelley, vice president, and Maurice Jones, treasurer; 1918 voted for Harry Watson as president, Thelma Kellogg as vice president, Walter Creamer as secretary, and Raymond Atherton as treasurer; Dwight Demerit was elected president of 1919, with Millard Moore as vice president, and Harold Pierce as secretary-treasurer; 1920 elected Eleanor Jackson as president, Verne Beverly, vice president, Walter Chadbourne, secretary, and Barbara Hitchner treasurer. For 1921 Katherine Stewart was chosen secretary.

In General

The details of the program for Alumni Day were universally voted a success. Although a shower drove the crowd into the Indoor Field just after the Luncheon, the stunts were put on, just the same, and 1920 and 1921 held their great push-ball contest to the detriment of the on-lookers but the vast enjoyment of the participants. The Class of 1912, for its part in the Frolics, presented Registrar James Gamett '08 with a token of esteem in the form of a beautiful blanket since he entered as a "freshman" in his work at the (Continued on Page 8)
GENERAL ALUMNI BUSINESS

Officers and Council Members Elected--Hart Fund "Goes Over"--Dues Budget Reached--Treasurer's Report--Other Business

Fred D. Knight '09, of Boston, was chosen president of the General Alumni Association for the ensuing year at the annual meeting of the organization June 12. George D. Bearce '11, of Bucksport, a newcomer in alumni activities, was named to the position of vice president. Other officers elected were Paul D. Bray '14, treasurer, and Maurice D. Jones '12, clerk, to succeed themselves. Three Alumni Council members at large were elected for a three-year term as follows: R. H. Fogler '15, of Chicago, George S. Williams '05, of Augusta, and Norman H. Mayo '09, of Providence. Andrew J. Beck '13, of Washburn, was named to the Alumni Council for two years, filling the vacancy caused by the resignation of Harold M. Pierce. Robert W. DeWolfe '07, of Portland, was chosen to succeed himself as alumni law representative on the Council. Clifton A. Hall '10, of Bangor, was renamed alumni representative on the athletic board for a three-year term.

A special resolution was passed to express retiring president, George S. Williams, appreciation of alumni for his able services as president of the association for the past three years.

At the Alumni Council meeting, President Arthur A. Hauck gave an informal report of the Endowment and Donations work, following which G. O. Hamlin '00 and R. H. Fogler '15 were elected for a three-year term as members of the Endowment and Donations Committee.

Walter W. Chadbourne '20, president of the University Store Company, submitted a report to the Alumni Council which showed that the Store had enjoyed a successful year. J. H. Freeland '19 was re-elected as alumni stockholder of the Store Company for a four-year term.

Progress reports were received from the committee on commemorative plates of which F. Drummond Freese '15, of Bangor, is chairman; from the committee on vault to protect records, by C. Parker Crowell '98, of Bangor, as chairman; from committee to develop a plan for preparing undergraduates for alumniship, by Harry E. Sutton '09, of Boston, and from the Alumnus Advisory Board of which N. H. Mayo '09, of Providence, is chairman. Bryant Patten '23, of Boston, was chosen to membership on the Alumni Advisory Board for a five-year term succeeding Mr. Mayo.

A vote was passed to transfer $500 from the treasury of the General Alumni Association to the Alumni Activities Fund, subject to recall.

Fred D. Knight '09
New President of the General Alumni Association

Many other reports and the actions taken by the General Alumni Association and the Alumni Council are covered in articles which appear elsewhere in this issue of The Alumnus.

Hart Scholarship Fund

A total of 1052 gifts from alumni, faculty, trustees, former mathematics teachers and friends totalling $7233.00 is the gratifying report on the Hart Scholarship Fund as submitted by Fred D. Knight '09, chairman of the committee. The goal which had been set by the Alumni Council was $5000. After deducting some incidental expenses including the cost of a beautiful Book of Tribute to the Dean at the Alumni Luncheon, there will be well over $7000 left for the scholarship fund which has been turned over to the University of Maine Foundation in trust.

By vote of the Alumni Council and with the approval of the Alumni Association, the income from this fund is to be used by the University for scholarships in such way as it may choose, being given without restrictions.

The response by alumni and others to have a share in this opportunity to perpetuate Dean Hart's name in University history is one of the most impressive in our alumni records. All solicitation was done by mail. It is interesting to know that all of the living present and former presidents of the University were contributors, six present and former trustees, forty-one faculty members and friends and twelve former mathematics teachers and nearly one thousand alumni. Gifts came from 40 states in this country and from 5 foreign lands.

To the class of 1905 goes the distinction for having given the largest amount to the fund, 28 members having contributed $559. The well-known class of '09 ranks first in the number of gifts, 37 of their group having contributed. The class of 1911 stood second in the amount being contributed, 32 gifts amounting to $389 with 1900 as a very close second, 17 gifts totalling $388. The class of '17 stood second in the number of gifts having 36 of its list as donors to this fund.

Dues Committee Reports

Harry D. Watson '18, chairman of the Dues Committee, reported at the annual meeting of the Alumni Association that for the first time in several years the dues budget had been reached. The report as of June 1 showed 1578 annual dues, 101 sustaining dues and 240 special dues which had been paid as a group by the members of the graduating class of '36. The budget for the year called for 1675 annual and 90 sustaining dues or a total of $9925. On June 1st the amount received was $9984.

In submitting his report Mr. Watson pointed out that while the Association raised the year's dues budget and showed substantial gain over 1935-36, the figures are over 200 below the record year of 1928-30. He stated that over 42,000 pieces of mail had been sent in connection with the campaign. The cost was $650 or 10.9% of the amount of the dues received.

The recommendations of the committee for the ensuing year were that the special dues of $1 to the graduating class be continued as before, giving the seniors the option of paying $1 each as a group or $3 after graduation, (2) that the Honor Roll be continued, and (3) that greater effort be made to secure early (Continued on Page 12)
ON Monday, June 14, two hundred and sixty-six new members were added to the General Alumni Association of the University, as the class of 1937 soberly shook hands with President Hauck and received coveted diplomas from the hands of the deans of their respective colleges. In addition to the large number of Baccalaureates granted on the occasion, nineteen master's degrees were given out, ten Master of Arts, and nine Master of Science, and five honorary degrees were conferred on noted persons in literary, educational, scientific, and religious work.

Preceded as always by the historic and colorful parade of faculty and senior class in full academic robes, the services were held in the Memorial Gymnasium, where a large crowd of parents and visitors filled the hall and balconies nearly to capacity. A most interesting, original, and valuable address was given by Dr. Robert Peter Tristram Coffin, Pierce Professor of English at Bowdoin College and nationally known poet and novelist.

Under the title "Maine, A State of Grace," Dr. Coffin praised the state for its climate, its scenery, and above all its people. "Here," he said in part, "forecast, thrill, and independence are abundant crops." In an address admirably composed of humor and keen insight, poetry and practical wisdom, he admonished the seniors to preserve the "essence of New England, still alive in our state." "If I had to put that essence into the simplest form," he continued, "I should describe it as living by the year instead of living by the day."

**Awards and Prizes**

Following the giving out of degrees to the seniors, President Hauck announced the winners of the two senior watches and the Mary Ellen Chase composition prize. The Portland Alumnae Watch, awarded the senior girl who has done most for the University during four years, was presented to Elizabeth Story, of Pigeon Cove, Mass.; the Washington Alumni Watch, to the man having done the most for the University, to Leslie Hutchings, of Portland. Virginia Smith Hall, of Topsham, a junior, received the Mary Ellen Chase award.

The announcement of the award of five honorary degrees was then made by President Hauck. The recipients this year were Governor Lewis O. Barrows '16, last year elected to the highest executive office in the state, Bishop Benjamin Brewster, of Portland, Bishop of the Episcopal Diocese of Maine, who the day previously had presented the Baccalaureate Sermon, "Things New and Old," Dr. Robert P. T. Coffin, teacher, essayist, novelist, and poet, winner of the Pulitzer prize for poetry in 1936, Dr. Ralph L. Hunt, for fifteen years principal of Hebron Academy, and Dr. Edith M. Patch, Entomologist of the Agricultural Experiment Station, internationally recognized authority on entomology, and popular author of children's nature books.

The citations were as follows:

**DR. EDITH M. PATCH:** Native of Massachusetts, a graduate of the University of Minnesota, Master of Science from the University of Maine, and Doctor of Philosophy from Cornell University; since 1904, head of the Department of Entomology of the Maine Agricultural Experiment Station; successful teacher, author of many volumes of nature stories whose charm and accuracy have delighted nature lovers young and old. Your services as a member of the faculty have brought distinction and honor to the University of Maine, and the Trustees take particular pride and pleasure in conferring upon you the degree of Doctor of Science.

**DR. ROBERT P. T. COFFIN:** Native son of Maine, a graduate of Bowdoin College, Rhodes Scholar from Maine to Oxford University; skillful teacher of English, first in Wells College and since 1934 in Bowdoin College; man of letters whose prose and poetry delight an ever widening circle of readers; interpreter of Maine and Maine people with understanding and affection. By virtue of the authority invested in me by the Board of Trustees, I (Continued on Page 19)
Determinedants of American Foreign Policy" will be the general subject of the third annual meeting of the Institute of World Affairs, to be held again this summer on the campus of the University, July 21 and 22.

Featuring several leading authorities on various phases of the general subject, the Institute will hold a series of afternoon and evening meetings for lectures and for discussion. Some of those to be represented this year include Professor William Smith Culbertson of the School of Foreign Service, Georgetown University, Professor James P. Baxter, Jr., Associate Professor of History, Harvard University, and William Richards Castle, Jr., statesman and author, Walter S. Lemmon, President of the World Wide Broadcasting Foundation, and Dr. Phillips Bradley, Associate Professor of Political Science, Amherst College.

Some of the individual topics to be discussed during the Institute will be such vital subjects as Economic Factors in American Foreign Policy, Present Day Trends in American Foreign Policy, The Role of the Individual Citizen in Determining Questions of Peace and War, The Uses of Radio for Purposes of Propaganda, and The Influence of Pressure Groups on American Foreign Policy.

The speakers at the Institute this year come well qualified to treat of their respective subjects. Professor William Smith Culbertson, who will discuss the Economic factors, has for years been a student and a participant of international economic conferences and studies. He served as Examiner for the United States Tariff Board from 1910 to 1912, representative of the Federal Trade Commission studying trade conditions and tariffs in South American countries during 1915-16, and special counsel and member of the Board of Review of the Federal Trade Commission, 1916-17. For twelve years he was a member of the United States Tariff Commission, and in 1921 was technical adviser in charge of economic questions for the American delegation to the Conference on Limitation of Armaments.

Professor James P. Baxter, of Harvard University, is the author of numerous books and articles in the field of diplomatic history and is recognized as an authority on American Foreign Relations. Recently, at invitation, he delivered a series of lectures at Cambridge University, England. He is expert also in the field of naval history and its relations to foreign policy and has often lectured at the Naval War College at Newport, Rhode Island. He will speak during the Institute on traditional and strategic factors in American Diplomacy.

As Assistant Dean of Harvard College from 1906 to 1913, Director of the Bureau of Communications of the American Red Cross during the World War, and Chief of the Division of Western European Affairs of the Department of State, 1921 to 1927, William R. Castle, Jr., obtained a first-hand knowledge of diplomacy. In 1927 he was appointed Assistant Secretary of State, served as Ambassador to Japan in 1930, and was Undersecretary of State from 1931 to 1933.

Mr. Walter S. Lemmon founded and is still president of the World Wide Broadcasting Foundation. He became interested in the subject of radio communication as a means of public education in 1918 when he served as signal officer in the Navy on the S.S. George Washington during President Wilson's crossings to and from Europe. The Foundation, a non-profit organization, is an outcome of this

Professor Bradley, of Amherst College, spent last year in Europe noting the political situation. Called to Washington subsequently as an authority to testify before the Foreign Relations Committee of the Senate on the neutrality bills, he has had ample opportunity to observe at first hand the influence of interested political groups in determining foreign policies, the subject which he will discuss.

Nominations of alumni to receive the annual award of the Alumni Service Emblem should be sent at once to the Alumni Office.

The Service Emblem is awarded each year at Homecoming in the fall to an alumnus who has been selected by alumni for his service to the University and to the General Alumni Association.

Among the points which are considered as the basis of award are the following: (1) the number of different types of services rendered or positions held with the General Alumni Association or local associations; (2) length and quality of service; (3) standing among alumni, (4) success in life, profession or business; (5) support given to alumni or University projects.

Nominations may be made at any time up to August 31. Just send to 13 Fernald Hall, Orono, Maine, the name of the alumnus, together with a statement of qualifications which recommend the alumnus for consideration.
FROM THE SECRETARY'S REPORT

With the eighteenth year of alumni work drawing to a close, we find the Association with 47 local associations, which is four more than a year ago, with nearly 9000 names in our active mailing list, with an alumni magazine having the largest total number of pages for one regular volume, with unexpected success in raising the Hart Fund, with the most successful Alumni Homecoming yet held, with Placement work better established and with an encouraging increase in dues payments. Such is a bird's-eye-view of the year's activities.

There are 45 geographical local associations and two specialized groups—teacher alumni, and pulp and paper alumni. Of the 47, five are alumnae organizations in New York, Boston, Portland, Auburn-Lewiston, and Northern Penobscot. The four new local units are Washington County, Merrymeeting Bay (Bath-Brunswick), Northern Penobscot Alumni in Maine, and Michigan. It seems unlikely that the Association will experience another year of such expansion for some time to come. With but one exception, Central Maine, all associations have met one or more times during the year. At least eight associations have met monthly or more often for a regular program or a luncheon. The White Mountain Alumni and the Portland Alumni have probably been the most active and successful clubs. One of the greatest needs of this phase of the Alumni Association program is to induce local units to adopt a year's program, making plans well in advance of any event.

Twenty-two local associations are offering 25 scholarships, Penobscot Association being the latest to join the ranks. Portland Alumni, too, have announced their plans to give an annual scholarship. In addition to these 22, eight of the smaller associations joined in giving the General Alumni Scholarship of $150, awarded to the son or daughter of an alumnus.

Alumni Directory

The Association maintains alphabetical, geographical and class lists for all active alumni, there being over 5700 names in the so-called active files with many hundreds, almost entirely non-graduates, who attended the University for a year or less in an inactive file. Addresses are lacking on 212 graduates, or 4%, and 286 non-graduates. This is a slightly smaller percentage than last year.

More than for several years, The Alumnus has been livened up and at the same time retained a conservative appearance. Changes were made in format, use and location of cuts, covers, and general layout, as well as greater variation in content. The total number of pages in the volume will probably be 204 which is the largest in the history of the magazine. This does not include a total of 28 pages of advertising inserts. The total printed for the year will be $7,600 copies, the largest in five years, but 3000 less than in 1929-30.

"The Personalis" department of The Alumnus begins to offer a serious problem due to the rapid increase in space used for these very interesting items. The number of pages used for "Personalis" has increased from 26 in 1933-34 to 44 pages (in the first eight issued in each year), nearly 70% growth.

Finances

The income from alumni dues, advertising and other sources is used entirely for secretarial salaries, for The Alumnus, travel and office supplies. The University appropriates about $2600 which is used for clerical staff for maintaining an alumni list, for some of the expense incident to Alumni Homecoming, and for the travel of faculty members to alumni meetings. In addition the University has furnished most of the office equipment, the office space, heat, etc., and expends annually a substantial amount for Commencement, some of which is largely for alumni events, as well as bearing substantially more than half of the total expenditures for the Placement Bureau.

Miscellaneous

In addition to the foregoing, many others received attention during the year. Reports on some of these appear under "Alumni Business." In addition there are the Committee on Vault, the Committee on Commemorative Plates, Alumni Homecoming and Commencement, the handling of alumni and faculty football ticket orders, the production of movies, the developing of an extensive biographical file, the class reunions, and many other activities.

Three questions appear to be worthy of careful study: (1) the question of combination dues when both husband and wife are alumni. There are now 370 such instances, with the number increasing constantly. (2) A study of the problem of life membership. (3) Increasing the subscription price of The Alumnus.

Co-operation

Over 400 alumni are serving as officers of classes, associations, general association, and on committees. It is these people who have accomplished whatever results we see in our alumni work.

In concluding this report, I would like to express my personal appreciation for the conscientious and able assistance of the office staff, the Assistant Alumni Secretary, and above all, to the members of the Alumni Council and to the President of the Association.
PLACEMENT BUREAU GIVES REPORT OF YEAR’S PROGRESS

The Placement Bureau and the Alumni Placement Committee submitted reports covering the employment activities for the past year at the annual meeting of the Alumni Council on June 11. The report of the Alumni Placement Committee was read by George D. Bearce ’11, of Bucksport, chairman of the committee, and the report of the Bureau’s activities by the director, Philip J. Brockway ’31.

Highlights of the work of the Alumni Committee during the year as presented by Mr. Bearce’s report follow. At a joint alumni-faculty Placement Committee meeting in the fall, plans were approved for the presentation of a program of vocational information for undergraduates during the year. This program was presented in January, four days in length, under the name of “Vocations Week” and brought to the campus, for informal talks and discussion groups with students, twenty-three professional and business men. These speakers presented the practical aspects, requirements, and opportunities of a wide variety of possible vocational fields to the students. This first step toward a comprehensive program of vocational information for Maine men and women, a much needed addition to their training, was highly successful, largely due to the splendid co-operation of many alumni and the faculty and administration.

At a later meeting of the Alumni Placement Committee, some very important questions of policy and organization were considered. The following recommendations were presented to and approved by the Council on June 11:
1. To recommend the appointment of a standing committee of nine alumni to act as a central Executive Alumni Placement Committee, representative of all Colleges of the University;
2. To recommend the appointment of two alumnae as members of the Executive Placement Committee to represent the women graduates;
3. The establishment of local alumni and alumnae Placement Committees more widely than at present through the co-operation of Local Association officers;
4. That the Placement Director send to the chairmen of local Placement Committees three or four times a year a list of alumni and alumnae available for employment with brief information about each applicant, including with this list a brief summary of placement activities and credit for placements made through alumni co-operation;
5. To recommend the establishment of a full, comprehensive service for all graduates, including older, experienced alumni;
6. To further such a service, to recommend that the present ruling requiring a $2.00 fee payable at the time of registration by alumni more than one year out of the University, should be changed to a payment of $5.00 or $10.00 by each alumnus after a placement had been accomplished through the assistance of the Bureau.

Placement Bureau

The Placement Bureau, reporting for the year 1936-37, was able to record considerable advance in the employment problem for both students and alumni. One hundred thirty-two seniors, 39 alumni, and 197 undergraduates registered with the Bureau during the year. A total of 109 part and full time placements were recorded through the Bureau during the year, as follows: part-time summer employment for students, 31, more than double last year’s number; full-time placements, 78, of which 34 were for the Class of 1937, 23 for the Class of 1936, and 21 for alumni of older classes. This figure of 78 compares favorably with the record of 60 for the preceding period.

One of the important aims of the Bureau is to encourage the visit of employers to the campus to interview seniors. This year a total of 23 such visits was made, compared to last year’s number of ten. Four of these companies had not been to Maine since 1929 or 1930 and six of them, so far as is known, had never before visited the University for this purpose. The total number of interviews arranged through the Bureau with these companies was over two hundred.

The administration of the National Youth Administration employment program for part-time work at the University was also in the hands of the Placement Bureau. This year 290 students, working on 122 projects, earned $25,246.23, having an unexpended balance of only $145.13. A total of 454 applications were received by the Director from which the 290 workers were selected. It is worthy of note that the scholarship average of NYA workers was 2.38 as against 2.27 average for non-workers. In many ways this year’s program was the most satisfactory since the Placement Bureau was placed in charge of the NYA.

Back for Commencement

same time as 1912. Members of 1918 re-enacted the painting of their numerals on the standpipe, while 1919 staged a sit-down strike with various demands, including “More work, less pay.” The weather cleared again in time to allow the classic athletic event of the day, the baseball game, to be played on schedule, and once more the practically invincible “old timers” took over the seniors. The Alumni Tea, sponsored by the sorority alumnae in Bangor, a new event on the program, provided the returning women graduates an opportunity to get together over old times and also to meet some of the former campus women well known to most, including Mrs. Arthur Hauck, Mrs. Kate Estabrooke, beloved matron of the former Mount Vernon dormitory, Mrs. James N. Hart, and Dean Gertrude Peabody. The tea was attended by 140 of the alumnae and was voted a grand success.

A great many alumni returned long distances for the festivities of the week; not only was the United States well covered, but foreign countries too were represented. The four corners of the nation were in evidence as Frank E. Trask ’77 from California, Arthur E. Davenport ’04 from Florida, and James P. Fagan ’07 from Washington state registered. The long distance record for this Commencement was divided evenly between Jonathan V. Cilley ’83 and William J. Connelly ’23, both from Buenos Aires, Argentina, South America.

1902: The thirty-fifth reunion brought back 21.5% of their total, with 21 registered, including 3 of their 4 “co-eds.”
Farm Bureaus Give
New Scholarship Fund

The fourteen county farm bureaus together with the Maine Farm Bureau Federation have completed raising the $3,000 scholarship fund on which those organizations have been working jointly for the past two years. This gift probably represents the most widespread interest in assisting worthy young men and women, of any gift which the University has ever received. Many hundreds of rural residents, local farm bureau units and Boys' and Girls' 4-H Clubs have contributed to it, in amounts ranging from a few cents to a few dollars.

It not only reflects the interest of rural residents in forwarding the education of college students, but also is generally regarded as an expression of good will toward the University. The several farm bureaus co-operate with the Extension Service of the College of Agriculture in arranging and executing the agricultural and home economics extension program in Maine. The income from the fund is to be used for one or more scholarships to be awarded to students enrolled in the College of Agriculture.

Delta Chi Alpha Gives Loan Fund

A new loan fund totalling $670 which will provide a loan of $50 annually to a man of the senior class with an average of C or better, has recently been established by the Delta Chi Alpha fraternity.

The Delta Chi Alpha fraternity was a local founded at the University of Maine in 1926 as the Eta Nu Pi, the name being later changed. The fraternity was dissolved in 1935 by a voluntary vote of the active members and alumni and the money realized from its assets comprise the funds with which this Loan Fund is created.

The Fund will be listed as the Delta Chi Alpha Loan Fund, to be awarded to a qualified student by the University officials.

ALUMNI TRUSTEE PIERCE
SUBMITS ANNUAL REPORT

In presenting this report to you it seems most fitting to mention first the passing of our former Alumni Trustee Hosea B. Buck. As you undoubtedly know, Hosea has served as Alumni Trustee for a period of sixteen years and during this long-continued service he contributed most generously of his time and personal resources. The responsibility of the administration and development of the University was ever-present with Hosea, and his services will be an inspiration to those of us who are to carry on.

Since election to the Board of Trustees it has been my privilege to attend only one meeting, therefore my material on events during the past year is very limited. One of the most important things to bring to your attention is the restoration of the Mill Tax income by the last session of the Legislature. During the last five years the University has returned or has failed to receive approximately $600,000 less than it would have received under the full Mill Tax Act. This reduction in income has retarded certain developments which are quite necessary, but in spite of the reduced income the President and Trustees of the University have insisted that the highest academic standards of the University must be attained and maintained.

The Maine campus has been appreciably beautified this year by the construction of our new Oak Hall. Designed by Crowell & Lancaster, Bangor Architects, and built under the direction of J. Albert Ross, Superintendent of buildings and grounds at the University, Oak Hall stands out as a beautiful structure, modern in materials used and equipment installed. In the cost of this construction is where the restored Mill Tax income gave the Trustees a sign of relief. Alumni will find the new Oak Hall of interest to them and a source of pride to the University.

An inspection of the campus will bring to your attention that the physical property has been efficiently maintained and that a modest start has been made on improving the roads. Also a much needed sidewalk leading from the main highway to Bangor Hall has been constructed.

Should you visit the Library you will observe that adequate lighting and ventilating systems have been installed. This was a much needed improvement.

A new activity at the University which got under way early in 1936 is the Cooperative Wildlife Conservation Project. This project is sponsored by the United States Government, State Department of Fish and Game, and a privately endowed organization known as the American Wild Life Institute. The object of the work is to train young men in the important field of management of fish and game resources, and to secure facts by means of experimental investigation to assist in the conservation of wild life. Because of the importance of the fish and game resources of this state, it seems to be a particularly suitable field for University endeavor. Already about 20 young men have enrolled in the undergraduate work.

In closing this report I wish to express my deep appreciation of the honor the Alumni have bestowed upon me, and as your representative on the Board of Trustees I hope that I may serve the University and the Alumni Association in a manner worthy of their confidence.

Harold M. Pierce ’19

Nominations for the awarding of the Alumni Service Emblem will be received at the Alumni Office, Fernald Hall, until August 31.

1912: With 40 members registered for 21.6%, the Silver Reunion Class tied previous records for attendance and won the Twentieth Century Cup award
Institute of World Affairs

The third Institute of World Affairs, which is to be held on the campus July 21-22 under the auspices of the Summer Session, will bring to the campus men who have achieved distinction in their several fields. With so many delicate and complex foreign relations problems confronting the nations of the world and their influence upon the economic as well as diplomatic relationships, it is an opportunity time to have discussed fully and frankly the theme "Determinants of American-Foreign Policy."

Although this Institute is sponsored by the Summer Session, and is attended by students in considerable numbers, it should be said that it is not necessarily, or perhaps even primarily, for those who happen to be studying at the University. It is open to all who are interested.

While the speakers are authorities and give fine addresses, the periods for questioning at the conclusion of each session are equally interesting and offer opportunity for any and all to seek information on any specific point. Heretofore speakers have usually presented opposite views of the same question, thus provoking more thought and discussion.

Bringing to Maine as it does leading authorities, it is believed the Institute by gradual growth will add to the prestige of the University. Alumni are especially invited to be on the campus for this program. Many colleges and universities have what is known as "Alumni College" of from two to five days in length. Our Association has not undertaken anything of that type, but this Institute may well serve the same purpose. Why not plan to spend two or three days on the campus for both profit and pleasure—July 21-22?

In Retrospect

Even three brief but somewhat lively electrical storms on Alumni Day failed to dampen the ardor of the second largest number of alumni ever to return to the campus for Alumni Day. The Luncheon in honor of Dean Hart was immensely successful; the banquet was the largest yet, but one of the most significant and hopeful signs was improved class organizations. Many of our classes have had woefully weak organizations. Generally speaking, except for the older classes, one class officer is wholly inadequate to stimulate activity and to arrange successfully, meetings and reunions. 1912 had a conspicuously fine gathering—not alone because it was their twenty-fifth, but because they have had a good set of officers and others who have been willing and ready to help. It has been fun. No wonder that class always has good reunions. 1920 is in somewhat the same situation, though their program was not so extensive. Out of this Commencement came two more classes better organized than ever before. Watch 1918 and 1919 when their next reunion rolls around.

Congratulations

Two State championships in track and baseball have come to Maine this spring. This is a fine tribute to both the boys and the coaches.

Coach Jenkins has made an excellent record during his nine years at Maine. And as for Coach Kenyon, a championship this year and a tie for first place last year gives a high batting average for two seasons.
Faith Shesong, a junior, from Portland, was elected president of the Y.W. C.A. on April 22, with Sarah Littlefield, of Brewer, a junior, as vice president, Hope Jackman, of Orono, a freshman, secretary, and Charlotte Dimitre, of Calais, a sophomore, treasurer.

Miss Shesong, formerly a student at Gorham Normal School, has been prominent in campus activities since coming to Maine. She has had several important parts in Masque plays during the year and has been active in the Y.W.C.A.

Five girls were awarded University Seals by the Women's Athletic Association on May 22, the highest athletic recognition accorded to women students. The girls receiving the award were: Elizabeth Ashby, of Caribou, a senior, Ruby Black, of Portland, a senior, Betty Littlefield, of Portland, a junior, Mary-Helen Raye, of Eastport, a junior, and Elizabeth Story, of Pigeon Cove, Mass., a senior.

The value and importance of a rational and courageous tolerance was the theme of a talk given by Dr. George Vincent, former president of the Rockefeller Foundation and of the University of Minnesota, at the Scholarship Recognition Day exercises on May 12. At the assembly, honors, scholarships, and prizes were announced by President Hauck for the year.

Howard Goodwin, of Brewer, a junior in Technology, was awarded the Merritt Caldwell Fernald Scholarship as the highest ranking junior in the University. To Donald Adams, a senior next year, from Watertown, Mass., was awarded the General Alumni Association Scholarship, given to a senior, prominent in extracurricular activities and with a high scholastic average, one of whose parents is an alumnus of Maine. Other alumni scholarships were awarded as follows:

Fourteen members of the freshman class were tapped on May 19 as new members to the Sophomore Owls, highest non-scholastic recognition made to first-year men. The new members are: Edwin Mitchell, of Old Town; Richard Dyer, of Portland; Arthur Marston, of Newburyport, Mass.; Leon Breton, of Rumford; Harry Powers, of Wakefield, Mass.; Donald Smith, of Easton; Charles Weaver, of Presque Isle, Floyd Jackson, of Rumford; Edward Cook, of Rutland, Vt.; Harold Gerrish, of Lisbon Falls; Charles Wilson, of Eastport; Jerome Streeves, of Lincoln; Malcolm Roberts, of Alfred, and Warren McNeill, of Bath.

The Portland Alumnae Watch awarded annually to the senior woman who has done most for the University in her four years was awarded to Elizabeth Story, of Pigeon Cove, Mass. All-Maine Woman, Y.W.C.A., Prim, Class officer, athlete, and scholar are a few of her accomplishments and activities.

The Washington Alumni Watch awarded annually to the senior man who has done most for the University in his four years was awarded to Leslie "Pat" Hutchings, of Portland. Outstanding man of the class, Hutchings has been a leader in athletics, scholarship, class affairs, and campus business.
Athletic Progress Shown
By Annual Board Report

Your Alumni representatives on the Athletic Board wish to report a wholesome and healthy expansion of athletic activities during the past year, and believe that you will be pleased to note that there have been no changes in the coaching staff.

The records of the various teams and individuals are so well presented in the Maine Alumnus, that it is impossible to incorporate anything concerning them in this report that would be news to any of you, but we do wish to briefly touch upon the successful reinstatement of varsity basketball. The interest shown, and the attendance registered, by both student body and public, were beyond expectations, and next season, with the added competition from Bates and Colby, this sport will be among the most popular and beneficial of the entire calendar.

There is one phase of athletics, however, that cannot be fully appreciated from reading the Alumnus or the newspapers, and that is the wonderful work being done by the administration in expanding the facilities for participation in athletic activities. We therefore urge you Alumni, who visit the campus, to make a personal observation of the various buildings and playing fields now available, and you will note that your Alma Mater ranks second to none among our institutions of learning in providing for physical education. There is ample provision for every man and woman attending the University to engage in some branch of athletics, if he or she so desires, and also receive the proper instruction and coaching, which means normal, healthy physical development, the aim of any progressive athletic program.

The meetings of the Athletic Board have been well attended by all members, and the student interest has been particularly keen this past year, which, we feel, has been of material assistance in maintaining a popular and beneficial program of athletics to student body, Alumni, and the general public.

In conclusion, we would suggest that Alumni make more use of their representatives, so that we may have an up-to-date cross-section of Alumni opinion. Also, if you desire authentic information, obtain it from your Board members, since outside sources are often erroneous and misleading.

C. A. Hall
J. H. McClure
Clifford Patch

Nominations for the awarding of the Alumni Service Emblem will be received at the Alumni Office, Fernald Hall,

Alumni Business
payment of dues. The recommendations were adopted by Alumni Council.

Memorial Fund Committee
Over $1600 was collected on Memorial Fund subscriptions last year, Arthur L. Deering '12, chairman of the Memorial Fund Committee, reported at the annual meeting of the General Alumni Association. Ralph Whittier, treasurer of the Memorial Fund and the Memorial Building Committee, reported that $2000 had been paid on the indebtedness of the Gym leaving a balance of $19,500.

Chairman Deering's report showed that a total of 65 payments had been made, more than half of which were on first campaign subscriptions and a few of which were first payments on first campaign subscriptions which have been outstanding now for fifteen years. There are still over 2000 Memorial Fund accounts open with subscriptions exceeding $150,000 to be paid.

Mr. Whittier's report as treasurer of the Memorial Fund showed that the receipts for the year were $1625.76, which together with balance brought forward made it possible to pay $2000 on indebtedness. The Memorial Building account had been inactive except for receiving money from the Memorial Fund and applying it to the indebtedness of the Building Committee.

Better Student Preparation Planned
A program which aims to better prepare undergraduates to become alumni was formulated by a senior-alumni committee just prior to Commencement, according to a report of Harry E. Sutton '09, who served as chairman of the group. The plans as outlined were received by the Alumni Council and approved and adopted by the General Alumni Association.

Some of the important features agreed upon by this committee were, first, that a prominent alumnus be brought to the campus each year if possible to discuss among other things the Alumni Association and the relationship of alumni to the University. Second, a father—mother—sons and daughters banquet for freshmen about five or six weeks after college opens; third, to arrange for alumni to meet with groups in fraternities, and in the halls for the purpose of discussing the Alumni Association, its purpose, place and accomplishments; fourth, considera- tion be given to the possibility of a senior—alumni dinner a few weeks prior to Com mencement, and fifth, have an alumnus speak to the seniors at the last class meeting. These points were to supplement the present fifteen methods of contacting undergraduates now in use.

The Alumni Service Emblem group which sponsored this undertaking was represented by Mr. Sutton, C. Parker Crowell '98 and William McC. Sawyer '01.

Treasurer's Report
In submitting his report as treasurer, Paul D. Bray '14 pointed out that the income for the year had been more satisfactory than for several years past, due, first, to the raising of the dues budget and second, to a substantial increase from revenue in advertising. The income from 1936-37 advertising will be approximately $2000 which is 15% higher than any previous year. The amount of dues received while reaching the budget is very much below the figures of 1929-30 and 30-31.

Mr. Bray also pointed out that with one exception the amount expended for The Alumnus was the largest on record. Other than the items for The Alumnus and miscellaneous, the Association kept within its budget for the year. The income from miscellaneous items exceeded the overdraft of expenditures for miscellaneous bills

Report of Treasurer

Estimates for the month of June show $654.00 for all receipts, plus $4500.00 brought forward as against estimated expenditures for the month of $2975.00. A balance at the close of the month of $2200.00 is, therefore, estimated; of this balance, by vote of the association, $500.00 will be paid into the alumni activities fund.
ATHLETICS

VARSITY BASEBALL

The heavy hitting bears under Coach Bill Kenyon completed a successful season in June by clinching the State title with five wins, two losses, and placing second in the New England Conference race.

Maine 12—Bates 5

On May 10 at Orono a nine-run rally in the eighth inning, featured by a home run from the bat of Frank Tapley with two on base, broke up a Bates lead for the first win of the season against the Bobcats.

Maine 8—Bowdoin 4

Reidman's effective pitching held Bowdoin to four hits at Orono on May 12 while his teammates hit steadily and stole bases craftily to score a run or two at a time throughout most of the game. Averaging nearly two strikeouts per inning, the brawny Reidman had the Polar Bear hitters at a loss nearly all of the time.

Maine 9—New Hampshire 6

Home runs by Bill Webber and Alton Bell both in the seventh inning with one on base each time broke up a 5-5 tie with New Hampshire at Orono on May 17. With Reidman on the mound for the whole game, Maine matched score for score with the visitors until the seventh. With two out, and Tapley on second, Bell lifted the ball over the right field fence; after Keegan's single, portly Bill Webber, of Bar Harbor, placed another in the same spot and the game was won.

Colby 4—Maine 3

Maine's first State Series loss was handed out by Colby at Orono on May 19 in a pitcher's duel. Lefty Don Kilgour pitched tight ball, but the Mule's six hits counted for one more run than the same number for Maine brought in.

Maine 4—Colby 1

Clever base stealing and careful fielding gave Maine the chance to avenge their previous defeat at Waterville on May 21. Although outhit six to five, the great work of the Bears on the base-paths kept them ahead of a fighting Colby nine that threatened several times after Reidman had to retire, after pulling a back muscle, in favor of sophomore Art Chick, of Monmouth.

ATHLETIC EVENTS

  15 I.C.A.A.A.A. at New York

Northeastern 8—Maine 6

The boys from Boston gave Maine its second New England Conference defeat at Orono on May 22. Sensational pitching accounted for thirteen strikeouts for the Northeastern team, and Johnny Greene, on the mound for Maine, was not able to keep back the attack of the visitors.

Maine 8—Bowdoin 2

The victory over Bowdoin at Brunswick on May 26, with Ernie Reidman in the box the whole way, clinched the State title. In the lead from the first inning, the Bruins drove one pitcher from the box and totalled 11 hits against Bowdoin's seven. Keegan, Webber, and Lord led the Maine attack.

Maine 12—Bowdoin 7

A loosely played game at Brunswick on May 27 went to Maine as Bell scored Tapley ahead of him on a home run in the first inning to set off a scoring spree. A total of 15 hits and 12 runs left no doubt about the superiority of the Bruins. Browne, starting for Maine in the box, was replaced by Chick in the third who gave out only eight hits for the rest of the game.

Rhode Island 8—Maine 7

A close, exciting, and well-played game at Orono on May 29 went to the Rams, of Rhode Island, by a one point margin. With little superiority over the Maine team in any department of the game, the visitors managed to make an equal number of hits bring in the needed run. Maine, threatening again and again, only failed of a tie in the ninth

Colby 3—Maine 0

The only game of the season in which Maine failed to score went to Colby, State Series cellarites, at Waterville on May 31. A burly sophomore southpaw pitched the sluggers of Maine to a three hit shutout. Neither Kilgour nor Chick were quite good enough on the mound for Maine to hold down the home team.

VARSITY TRACK

Sid Hurwitz, of Roxbury, Mass., ironman sprinter and quarter miler, gave Maine the needed punch to come through in one of the closest State Track meets in years at Waterville, May 9. With Johnny Gowell, hurdle star, on the sidelines with a pulled muscle, the pale blue's chances looked none too good. Only a courageous determination on the part of all competitors made possible the final score—Maine 46, Bowdoin 44, Bates 36, Colby 9. The final outcome of the meet hinged on the last event, the 220 yard dash, with Bowdoin three points in the lead. Hurwitz, having already won his specialty, the quarter mile, in 50 seconds, and placing second to his teammate, Murray in the century, came through to lead the field in the 220;

Waldo Hardison, of Caribou, broke up a three-way tie in the pole-vault to soar to victory and a new record in the event at 12 feet 4 inches. One upset of the meet was the unexpected defeat of javelin champion Alton Bell who was ousted from first place by Connell, of Bates, with a throw of 185 ft. 6½ in.,

The high jump win by McCarthy, of Maine, with Webb tying for second, at a height of six feet one inch, further boosted the team score.

NEW ENGLANDS

The Maine tracksters, lacking the timber-skimming abilities of Johnny Gowell, had to be contend with a seventh place in the annual New England. The score of 10½ points came from the work of Alton Bell, of Dennyville, who won the javelin at 189 ft. 8½ in., Sid Hurwitz, of Roxbury, Mass., who took a third in the 220, Johnny Murray, of Bath, with a fourth in the 100, and Waldo Hardison, of Caribou, who tied for first in the pole vault at 12 ft. 6 in.,
Worcester County Alumni

held their annual meeting and banquet on April 10 at the Bancroft Hotel with an attendance of twenty-three. After election of officers and reports, the members and guests enjoyed a variety entertainment. Guests for the evening were President Hauck and Alumni Secretary Crossland from the University. Officers elected were George Hansen '17, president; Fred Gibbs '18, vice president; Dr. James Masterson ’16, secretary and treasurer.

Detroit, Mich., Alumni

entertained President Hauck as guest of honor at a dinner meeting on April 15 in the Wardell Hotel. During the business session it was voted to organize an alumni association. Officers elected were Walter M. Chase '10, as president; Frank E. Watts '01, as vice president; Mrs. Ruth E. Thomas '23, as treasurer; Mrs. Virginia Chase Perkins '23, as recording secretary, and Richard Moore ’34 as corresponding secretary. Attendance, 30.

Chicago Alumni

recorded an attendance of thirty-one men at their annual dinner meeting on April 17 at the University Club. The guests of honor were President Hauck and Alumni Secretary Crossland from the University. During the business meeting the Association voted to increase their scholarship next year to $50, and the following officers were elected, president, William T. Ogden '99; vice president, Samuel B. Locke '08; secretary, Rollins A. Seabury '12; and treasurer, Philip T. Oak ’24.

Lehigh Valley Alumni

at Allentown, Pa., met for their annual dinner meeting on April 21. The attendance was 12, with Alumni Secretary Charles Crossland as guest of honor. At the business meeting officers were elected for the year as follows: President, Everett F. Welch ’22 and secretary, Harold T. Pierce ’29. Campus topics were presented by Mr. Crossland after the meeting.

Rhode Island Alumni

welcomed Hon. Fred Robie ’16, Secretary of State for Maine, Dean Edward J. Allen of the College of Arts and Sciences, and Alumni Secretary Charles Crossland as guests of honor at their annual meeting in Providence, May 1. Fifty-nine alumni and guests, including 19 from the Pine Tree Club of R. I., attended. Norman H. “Spitke” Mayo ’09 acted as toastmaster for the evening. During the business meeting, the Scholarship Committee reported that $50 would be sent to the University for a scholarship, and it was voted by the association to make an annual award of that amount. Officers elected included Carl F. Brugge ’18 as president, Walter Cook ’10 as vice president, and Earle Ferren ’20 as secretary.

Knox County Alumni

held their annual meeting and banquet on May 17 at Camden with an attendance of thirty-three members and guests. Officers were elected as follows: John Durrell ’27, president; Gerald Beverage ’36, vice president; Mrs. Helen Wentworth ’20, secretary-treasurer. The guest speakers, Prof. J. H. Hodkinson and Alumni Secretary Charles Crossland, spoke of the University and its plans.

Somerset County Alumni

enjoyed a chicken dinner at the Lacey House, Pittsfield, on May 18 as a prelude to the annual spring business meeting. Thirty-two members and guests attended and the meeting was addressed by Alumni Secretary Charles Crossland and the guest of honor, Mr. Percy Crane, Director of Admissions for the University. The following officers were elected for the year, president, Elmer L. Baird ’16; vice president, Cecil J. Cutts ’25; secretary-treasurer, Mrs. Ardis Lancy Moore ’22.

Franklin County Alumni

on May 19 in Farmington gathered for the third meeting of the organization with twenty-five members and wives in attendance. A banquet was served under the auspices of the American Legion. Following the business meeting, the guests of honor, Hon. Frederick Robie ’16, Secretary of State, and Mr. Percy Crane, Director of Admissions at the University, gave brief talks. Moving pictures of football of Maine Day were shown. During the business meeting the following were elected to office: Harry Riddle ’07, president; Clarence Tritcomb ’23, vice president; Elizabeth Tryon ’33, secretary; and Drew Stearns ’25, treasurer.

Washington, D. C., Alumni

celebrated its famous annual baked bean outing at the home of Mr. and Mrs. Henry Bearer ’06 on May 22. All present agreed that the beans were better than ever and the day a grand success. Henry J. Hill ’22 was elected president for the year, with William Buck ’15 as vice president, and Mildred H. Merrill ’13 secretary-treasurer.

Class of 1902 Holds Thirty-fifth Reunion

With the get-together in Searsport, on Sunday, the Class of 1902 culminated its most enjoyable reunion so far. This event was arranged by a member, Ralph Whittier, who opened his very attractive old family homestead for the occasion.

The activities on campus were keenly enjoyed. Several class members arrived Friday. The first scheduled class event was a breakfast on Saturday morning in Balinese Hall, with twenty-one people on hand. At the business meeting in class headquarters, 23 Lord Hall, Arthur E. Silver, 360 No. Fullerton Ave., Upper Montclair, N. J., was re-elected secretary. Also a donation was voted for the Alumni Activities Fund. The reunion attendance of members was twenty-one. Three or 75% of the "co-eds" were on hand. The blue ribbon for family attendance goes to Percival H. Mosher accompanied by Mrs. Mosher, one daughter, and three sons.

Senior-Alumni Meet

The second annual meeting of the Senior-Alumni was held at The Maples, June 12, 1937, with seventeen members present.

The secretary read letters from some of the absent members, Blanding ’76, read a letter from his classmate Hamilton and a very amusing sketch about Sam Jones and his lunch cart; apparently Jones was the originator of the lunch-cart idea, and business.

J. M. Ayer ’86, chairman of the committee appointed last June to draft a constitution and by-laws, submitted those documents which, after slight amendment, were adopted. Officers elected are as follows: President, George H. Hamlin ’73; first vice president, John S. Williams ’87; second vice president, George A. Sutton ’83, and secretary-treasurer, James N. Hart ’85.

After the meeting those who desired were given a tour of the campus by automobile, others attended the meeting of the General Alumni Association.

At the luncheon and dinner, the Senior-Alumni and their wives and children present were seated together near the speakers’ table.

This second meeting of the "over Fifties" seemed to show a real gain over the first. We ought to better this next year.

J. N. Hart, Secretary
THE HONOR ROLL

The Classes of 1911 and 1884 are leaders in the Honor Roll of dues payers which contains 1101 names of alumni who have paid dues for each of the last three years.

An examination of the 1911 class gives that group leadership when measured in numbers. The "Boys of '79," however, take first place on a percentage basis since the names of 6 of their 10 members appears in this Roll or 60%. Second to 1911 comes 1910 with 48 names. Each of these classes has eight additional alumni who paid dues for 1936-37 but who lack one or more years to appear in the Honor Roll. Standing in third position is 1917 with 41, next is 1914 with 40 and fifth is 1909 with 36. Second to 1879 in order of percentage is 1884 with 54%; 1878 with 50%; 1885 is fourth with 37% and 1882 is fifth with 36%.

Commencement Registration

The following names are the 345 alumni who registered during the Commencement week end; many others of both reunion and non-reunion classes were no doubt in attendance at some or all of the events on the program but unfortunately no record is available of their names without a registration.

1908—George H. Hamlin.
1906—Edward M. Blanding.
1890—

1893—James H. Gilley, Edward P. Kendall, Janie C. Michaels, George A. Sutton.
1896—Josiah M. Ayer.
1897—Mrs. Alice Hicks Black, Irving M. Clark, Frank T. Evans, Charles V. Vose, John S. Williams, Rodney A. Y. Brown.
1898—Charles B. Gould, John W. Hatch, Thomas G. Lord, Dr. Ralph H. Marsh.
1899—Elmer E. Greenwood, Alphonso F. John Redfield.
1900—George P. Gould, Edward H. Kelley, Frederick G. Quincy.
1901—George E. Rowe, Harry M. Smith.
1902—E. S. Boardman, Leroy E. Folsom.
1903—Nathan E. Goodridge, Frank L. Mansfield, Paul D. Sargent, Charles P. Weston.
1904—Charles S. Breyer.
1905—Leroy E. Dow.
1912—Albert A. Whitmore.
1915—Mrs. Cora Shaw Calvert, Fred D. Knight, Elmer O. Pray, Harry E. Sutton, Guy E. Torrey, Harry A. White.
1920—Paul D. Howard, Marion Bussell, Mrs. Aileen Hobarb Libby, Frederick S. Youngs.
1931—Robert N. Haskell, Joseph M. Murray, Mrs. Mildred Brown Schrumphi.
1933—Richard C. Dolloff, Florence Gushue, Albert D. Nutting, Sally Palmer, Mrs. Iva Stanley Waring.
1935—Mrs. Kay Buck Booker, Karl D. Larsen, Mary Robinson.
1936—Alice H. Bagley, James F. Bookman, Marion E. Rogers.
1938—Mrs. Muriel Freeman Brookway, M. Anna Buck, Roscoe C. Masters, Manly C. Castle, Robert N. Hinkle.
1940—Aldo A. Bartlett, Donald Corbett, Robert D. Dearth, John E. Stinchcomb, T. Loyd C. Sterrett.
1941—Richard P. Barstow.

Two New Class Secretaries Appointed

President George S. Williams, by authority of the General Alumni Association Constitution, has appointed two new class secretaries to fill vacancies caused by deaths. Mr. Thomas G. Lord, of Skowhegan, has been appointed secretary of the class of 1888 which next year celebrates its fiftieth anniversary, and Mr. W. H. Jose, of Newtown, Mass., has been appointed secretary of the class of 1894 to succeed the late Frank H. Gould.
Seniors Join Alumni

confer upon you the degree of Doctor of Letters.

GOVERNOR LEWIS O. BARROWS: Public official, born and educated in Maine, graduated from this University in the class of 1916; serving efficiently and faithfully in various posts of public responsibility and trust; steadily gaining the confidence of the people of his native state; chosen in 1937 to be their Governor, and now administering the arduous duties of that high office with faithfulness, integrity, and courage. Your alma mater is justly proud of your notable achievements and is happy to confer upon you the degree of Doctor of Laws.

RALPH L. HUNT: A native son of Maine, a graduate of Bates College; successful teacher and administrator in the schools of Montana and Maine; since 1922 the Principal of Hebron Academy, which under his wise and efficient leadership has advanced notably in standing and influence. In recognition of inspiring service year after year of significant achievements in the field of secondary education, the Trustees of the University of Maine are happy to confer upon you the degree of Doctor of Education.

BISHOP BENJAMIN BREWSTER: Born in Connecticut, graduated from Yale University and from the General Theological Seminary of New York; serving with distinction as minister in New York, New Jersey, Colorado, and Utah; consecrated missionary bishop of Colorado in 1909. Bishop of the Episcopal Diocese of Maine since 1916; untiring in service to church and community, preaching and teaching, with sincerity and a firm belief in the principles of the Christian faith. The University of Maine, by vote of its Trustees, is happy to confer upon you the degree of Doctor of Humane Letters.

Activities Fund Receives Gifts

Six reunion classes voted to contribute to the Alumni Activities Fund, according to reports which have been made to the Alumni Office. This fund seeks to build as rapidly as possible a sum, the income from which will be used to promote the Alumni Association program.

1919 tops the list this year with a gift of $100 and possibly more forthcoming, while two other classes, 1899 and 1920, set $50 as their amount to be given. 1912 which gave a class gift of several hundred dollars to the University of Maine Foundation also contributed $25 to the Alumni Activities Fund. The amounts which 1902, 1918, and 1921 are to contribute have not yet been determined.

According to the report of Joe W. Gerrity '09, chairman of the Alumni Activities Fund Trustees, there is $2438.37 in the treasury of the fund. Gifts and interest for last year amount to $265.

Dimon E. Merrill '11 was elected trustee for a five-year term. Other trustees in addition to Messrs. Gerrity and Merrill are Messrs. Hazen Ayer '24, Kenneth Macquarrie '19, and Theodore Monroe '24.

Deaths

1913

Mark A. Barwise, for many years a well-known attorney in Bangor, a native of Chester and graduate from the Law School in 1913, died after a long illness at his home on June 26th of the age of 55. Mr. Barwise had been a prominent figure for many years in various ways, having been not only a practicing attorney, but also a member of the State Legislature, recorder in the Bangor Municipal Court for eight years, a leading figure in Republican politics in the county, and a member of the executive board of the National Spiritualist Association.

In addition to his professional work, Mr. Barwise was author of a number of articles published in various publications on a wide variety of subjects. He had a fine facility of expression and as a public speaker was considered of renown.

1934

Rev. John R. Bartlett, of Stonington, a graduate of the University of the Bangor Theological Seminary, was the victim of an infant death on May 21, when he gave his life in saving his infant son from a fire started in the kitchen of their home. Severely burned by derision which exploded from the stove, Mr. Bartlett died in the Bluehill Hospital.

A native of Quincy, Mass., Rev. Mr. Bartlett was a graduate of the Stonington Methodist Church. He had recently been attending the University for graduate work. He had served also as Pastor of the Dorrant church and was well known and highly admired in his work.

By Classes

1894

Frank C. Bowler, of Millinocket, was elected vice president of the Hillcrest Golf Club of Millinocket at its annual meeting in April at the Great Northern Hotel.

1896

Mrs. Pearl Vinal Vincent, of Vineyard Haven, Mass., formerly of Orono, has been elected to the National League of American Pen Women. This is a distinct honor to Mrs. Vincent's writing ability as one is elected according to a credit system after one's work has been carefully inspected at an executive meeting in Washington, D. C. She was doubly honored, for aside from her literary work, she was admitted as the only composer in the Maine Branch at Augusta of which she is the twenty-second Maine member.

1900

Hon. William H. Waterhouse, of Old Town, recently sold The Waterhouse Agency which he started in 1894; he plans to devote his entire attention to the legal affairs of his clients. His office is on North Main Street.

Alan L. Bird, of Rockland, was named treasurer of the new Lucerne Log Lodge Co. This structure is recently incorporated is organized to conduct a hotel, restaurant, and tavern business.

1902

Harry E. Duren is president of the Western Massachusetts Electric Co. of Greenfield, Mass. He requests that mail be sent to his business address on Federal St. in Greenfield.

1905

J. Harvey McClure was the winner of the neglected nine-hole tournament at a golf test which was held at the Penobscot Valley Country Club in May.

Fred W. Talbot is with Governmental Research Institute in St. Louis, Mo. His business address has been given as 769 Paul Brown Blvd., in that city.

John May is general manager of sales for the American Steel and Wire Co. in the Rockefeller Bldg., Cleveland, Ohio. He wishes his mail to be sent to that address.

Lincoln Colcord, widely known as a writer of sea stories, had a series of articles under the title of "Fair Winds and Poo!" in the Portland Sunday Telegram and Sunday Press Herald, recently. Mr. Colcord is a former newspaperman of broad experience and during the war he was the Washington correspondent of the Philadelphia Public Ledger. He has been assistant editor of "The Nation" and is intimately acquainted with many of the foremost political and literary figures in the country.

A banquet was tendered in honor of Howard C. Foss, who is this year celebrating his twenty-fifth anniversary with the Savannah Electric and Power Co. Citizens of Savannah, Georgia, and older employees of the above company paid tribute to Mr. Foss.

1907

Carl N. Garland is the pastor of a Methodist Church in Needham Heights, located at 166 Hansewell St.

Lowell Jacob Reed was recently appointed dean of the school of hygiene and public health at Johns Hopkins University in Baltimore, Md. He has been professor of bio-statistics at Johns Hopkins since 1925. Mr. and Mrs. Reed are both graduates of the class of 1907. Mrs. Reed was the daughter of Mrs. Agnes Batten, one-time registrar of the University.

Major John Buckley, a graduate of the Law School, served recently on the State Liquor Control Commission of Connecticut. Mr. Buckley was one of the original members of the board when it was established four years ago. His business is at 50 State St., being a member of the firm of Buckley, Creedon and Danaher of Hartford, Conn. He maintains his residence in Union, Conn.

1911

Mrs. W. Lloyd Carroll, of Bangor, was installed vice president of the local unit of the A. O. Pi sorority at its meeting held in Milford at the home of Mrs. Lewis Libby '14 in April. Other officers inducted were Miss Edith Mae Bussell '02, Caroline C. Carney '21, Norah C. Currier '36, Bangor, secretary; Mrs. George Phillips '08, of Bangor, treasurer, and Mrs. Hazel Bussell '12, of Milford, near-at-large. Mrs. Carroll, also a prominent teacher and club woman of
Bangor, recently received an appointment to the summer faculty of the Mount Merici normal school and academy in Water ville, to teach English and the methods of teaching English.

Frank E. Southard, of Augusta, was elected and installed deputy grand commander of the Grand Commandery of Maine, Knights Templar, at the annual conclave in Masonic Temple, Portland, the first of May.

E. H. Macey was re-elected secretary of the New England Public Service Co. at a meeting of the Directors and Stockholders held in Augusta in April.

Ralph R. Day is with Sanderson & Porter (engineers) of 52 William St. in New York City.

1912

Benjamin C. Kent, of Bangor, was elected and installed grand general of the Grand Commandery of Maine, Knights Templar, at the annual conclave which was held in the Masonic Temple in Portland during May.

James M. Gillen, well-known Bangor attorney, recently received an invitation to broadcast the story of the famous Stain-Cromwell murder case over a national radio hookup. Mr. Gillen's story of one of the most famous cases in the annals of Maine crime was heard over the Columbia network. He is a member of the class of 1913 Law School.

Frederick C. Hettinger, superintendent of the U. S. Industrial Chemical Co. at South Baltimore, Md., is chairman of the local section of the American Industrial Chemical Engineering Society. His residence address is at 2008 Goodwood Road, Hamilton, Baltimore.

1915

George B. Bernheisel is with the Paulding Sugar Co. in Paulding, Ohio, where he is vice president in charge of agriculture.

Major Loren P. Stewart, formerly with the military department at the Univer.

versity, was a recent visitor with Mr. and Mrs. Paul D. Bray '14. He has been stationed in Indiana but is doing foreign service in this summer.

Mr. Wilbur C. Aageson is a dairy chemist and bacteriologist with location at 54 Waverly Ave., Waterville, Mass. His residence is at 51 Madison Ave., Green-wood, Mass.

1916

Fred H. Curtis who is with the W. V. Kenney Service Co. is located at 150 Congress St. in Boston. His residence address is given as 850 Beacon St., Bos- ton.

Mrs. Edward L. Herlihy was elected president of the Bangor branch of the American Association of University Women at a meeting held in Bangor a short time ago.

A clipping from the Bangor News states that Otis L. Lawrie, of Fairfield, is "Still At It." Mr. Lawrie was one of Maine's former baseball stars and a minor league player of national repute. He did the base umpiring at one of the Maine-Colby games this spring. His speed in getting around the bases is still rated a high place in baseball history.

1917

J. Newell Stephenson, for nineteen years editor of the book, "The Manufacture of Pulp and Paper," recently directed the work on the second of the third volume. Mr. Stephenson is editor-in-chief of the Pulp and Paper Magazine of Canada, National Business Publications Ltd., and is located at Gardenvale, Quebec. He was for three years a member of the Uni-versity faculty.

John H. Perry is in the development department of the DuPont de Nemours & Co. in Wilmington, Delaware. Mr. Perry was formerly with the Grasselli Chemical Co. of Cleveland, Ohio. His home address is given as Marsh Road and Glendale Ave., Carrcort, Wilming-ton, Delaware.

Worthen Brawn is president of the Brunswick Rotary Club.

Mrs. Harold Coffin, of Bangor, was the guest speaker at the mother-daughter banquet which was held in the East Ban-gor Church Vestry in April.

John F. Rice, of Cincinnati, member of Sigma Alpha Epsilon fraternity, is an author as well as a teacher. His "Handbook for Educators" is one of his best known products, while he has contributed to various educational maga-zines, and is author of several booklets on vocational subjects, and co-author and aided in preparation of the educational series of textbooks for the Department of Education of the United States of America. He is a member of many educa-tional associations and has been active in this field. He resides at 324 Probasco Ave. in Cincinnati and spends his vaca-tions each summer at his summer home, "The Sands," at Prospect Harbor, Maine.

1918

Everett T. Neal, of North Brunswick St., Old Town, was elected secretary of the Old Town Rotary Club.

Frank C. Worcester, formerly principal of Islesboro High School, was elected superintendent of the school union com-posed of Winterport, Frankfort, Prospect, and Stockton Springs, in Waldo County.

Lawrence P. Libby, of Bangor, was appointed assistant scout commissioner for Katahdin Council in May. Mr. Libby will work in the Bangor-Brewer district. For the past nine years he has been scout-master of the Bangor Troup No. 3, and has been in scout work for more than a decade.

Wilton P. Wood has been elected a trustee of the Chestnut St. Baptist Church of Camden.

A reception and banquet under the auspices of the Tedd-Lait Post of the American Legion in Old Town was tendered Lieutenant Stephen R. Bussell, a member of Governor's Staff, April 7. Governor Barrows '16 was the principal speaker of the evening.

1921

Simon Chandler Fraser's new address is given as follows: c/o Mr. Lumber's Mutual Casualty Co., 88 Lex-ington Ave., New York City.

1922

Lynwood S. Hatch, of So. Brunswick St., Old Town, was elected vice president of the Rotary Club of that city. He is also a member of the board of directors.

Perry R. Shean, formerly with Elec. Research, followed the. of Bangor City, is now representing Western Elec-tric Co. of Cuba, engaged as Sales and Service man on Western Elec. theat-re sound reproducing systems in the Canal Zone and Republic of Panama.

Arthur "Sweede" Mulfany has been called a "record maker" and a "head coach" at the Edward Little High School in Auburn, also at the Bangor High School and now at Keene, N. H., High School. His baseball team won 11 out of 12 games; his football team 6 out of 8; and the basketball squad won 12 out of 15. His record has been a brilli-ant one and he is known for his single-wing and short kick formations. Mr. Mulfany lives at 349 Marlboro St., Keene, N. H.

1923

Virginia Colbath Crandall has returned from a trip to Mexico, home via Los An-geles, and reports a climate there com-parable to Maine in the summer. She and "Buckie" took many trips out of Mex-ico City, headquarters during their brief stay, then followed the railway from Mexico northward to California, stopping en route for a day in Guamas and a dip in the Pacific. So the four years of Spanish "Gin" had not been wasted after all and wasn't Prof. Peterson set up to learn that "Gin" remembered enough to Spanish her and Buckie around Mexico. The Crandalls have three daugh-ters, Carolyn, aged twelve, Charlotte, aged 9, and Virginia, aged three.

Molly Perkins and husband, Harry Car-ndon, were in town last month. Molly says they have gone hopelessly rural over on their farm in East Raymond this last year. Personally, we liked the idea, and after a couple hours of swapping yarns decided that going rural had greatly benefited Molly in every way. This is news that Molly is to be an instructor in the English department next year at the Uni-versity of Maine while Harry is doing graduate work in chemistry.

Harry Atwood is no longer lost, but very much alive down in Charlestown, Massachusetts. 27 Main Street, with the Boston Consolidated Gas Company. Victor A. Porter is a real estate and building contractor located at 506 Rising View Avenue, Los Angeles, California.

Elizabeth Harkness changed teaching jobs this last year. She is now located in Phoenix, Massachusetts.琴, and be-fore that in Saybrook, same state.
Wesley H. Evans is a farm manager in North Adams, Massachusetts.

Philip H. Steven's present position is sales representative for the Northeastern Mutual Life Insurance Company, 36 Pearl Street, Hartford, Connecticut. He has one son, Jarvis, aged two years. And now for a three months vacation. May you enjoy yours, too. But don't be entirely misled. Having a vacation for us is merely changing our job, and not being in the midst of one. This summer if you visit Orono, stay in Stevens South and watch us in the compiling of our Bibliography of the State of Maine. This national organization is of real value and is in progress over four years and which we hope in two more years will find its way into print. This has been the past year has been allocated by the Coe Research Fund of the University of Maine. Please do stop in if you are around.

Elizabeth Ring

1924

Ray Carter, of Fort Fairfield, has discarded his coaching togs for a position with a Presque Isle potato concern. Jack Moran '30 announced to his column in the sports page of the Bangor Daily News, "Ray Carter combined a pleasant personality with coaching knowledge to amass an enviable service record, one of the finest coaching marks ever made in Aroostook. Prior to 1936, his teams had a tennis record which included 61 dual match victories against two ties. Not a single loss was registered against the Fort teams. We hope that his business career will be equally successful."

Miss H. Bernice Wentworth is now with the Bureau of Engraving and Printing of the Treasury Department in Washington, D. C. Miss Wentworth resides and requests that mail be sent to her, at Apt. 38, 1495 Newton St., N.W., of that city.

1925

Dear Classmates:

Cecil Leighton is submaster of Woodland High School.

Robert Fike, of Cornish, was elected president of the Maine Jersey Breeders Association at the Farm and Home Week at the University this spring.

Boul J. James has recently moved to R.F.D. 2, Pulaski, Pennsylvania.

David Jacobs is a teacher at the Belmont High School, Belmont, Mass. His new address is 192 Cedar Ave., Arlington Heights, Mass.

Harland Ladd has recently been re-elected for a three year term, superintendent of the schools in Union No. 85, composed of Brownville, Barnard, Williamsburg, Lake View and Milo. Sounds like a big job, Harland!

Elwood Osborne is traveling engineer inspector for Pennsylvania Federal Public Works Adm. with headquarters at 279 Boylston St. His residence is Celinton Road, Glenshaw, Pa.

George S. Brooks has recently published his book "Friend Asa Bowers." The University of Pennsylvania Press are the publishers. Congratulations, Dr. Brooks!

Mary Louisa Page (Mrs. Alexander E.) is executive secretary of Women's Conference of the Society for Ethical Culture. This year she reaches her at 2 West 64th St., New York City.

Keith Goldsmith sailed this past winter from Los Angeles, California, for Honolulu on route for visits in the Far East. He will spend four months in Singapore, Malay Peninsula, and six months in Manila; P. I., in the interests of the 20th Century Fox Films Corp. From there he will divide his time between China, Batavia, Java, and Calcutta, India. He expects to spend one year in the Orient. We all wish him the best of luck, don't we? (How about writing your sec- retary a letter in the far east?) It was nice to learn that a representative from 25 attending the recent Coronation events, wasn't it? Personally, I much prefer your American Program, Rudy.

Frank Hussey has been elected president of the National Fruit and Vegetable Exchange of New York. This national organization is a grower-owned and controlled co-operative, marketing fruits and vegetables throughout the country and the "Coast to Coast" brand is accepted as a high quality national brand. Good luck in your new job, Frank.

Well, folks, this is my last letter. Getting news out of you 25ers is as bad as getting a seat in the subway during the rush hour.

So long, Pals,
Hope Norwood Bannister
85 Capitolian Blvd.
Rockville Center, N. Y.

1926

Ansel S. Cottrell is co-author of a paper entitled "Tale in Whiteware" which was published in the May issue of The American Ceramic Society Journal. He resides at 3723 Veazey St., N.W., Washington, D. C., where he is employed in the department of Ceramics of the Bureau of Standards.

Thompson L. Guernsey has been elected to serve on the Board of Trustees of Foxcroft Academy, Dover-Foxcroft, Me.

Walter P. Morse was elected Junior Grand Warden of the Grand Commandery of Maine, Knights Templar, at the annual conclave in Portland, May 6.

Robert R. Rich is a note broker in Boston, his residence is 10 Hillside Road, Weymouth Heights, Mass.

William W. Rich, Jr., is also a note broker and lives at 252 Spofford St., Wollaston, Mass.

Beulah O. Wells 2 Middle St.
Orono, Maine

1927

Dear Classmates:

You'll excuse our absence of our 27th column last month. You see the web- sters moved and during the process I entirely forgot about such things as class news columns and when the editor's final warning caught up with the new address I was hard pressed to find even paper to write on—let alone locate news notes. Anyway, from now on you will find us at 93 Norway Road, Bangor.

Had a message from Anna Stinchfield Vermette in which she stated that "she was gone with the wind and almost a hopeless case now." Which all reminds me of a certain A. M. W. pageant rehearsal when we were spirits of something or other. Cara Vermette has been transferred from Fort McKinley Philip- pines to Fort Benjamin Harrison at In- dianapolis and Ann is looking forward to a trip to the U. S. by way of China. Ann has two children, Joan, 8, and John, 1 year.

From a news clipping, I learned of Edith O'Connor Thatcher's hobby—puppets. Edith would keep up with something artistic. At a Bangor Woman's Club meeting she put on a show of marionettes through their acts and then demonstrated how they are made to move various parts of their bodies through strings pulled or slackened by the operator. Does it help amuse your own children, Edith?

A bulletin "Management of the Maine Farm Woods" written by Albert D. Nutter, of Orono, was issued by the Maine Extension Service recently.

Henry C. Waldo, a district ranger for the U. S. Forest Service at Gor- ham, N. H., has gone to Winchester, Ky., where he will spend two months in studying the methods used in fire extinguishing in the Cumberland National Forest.

Did you see where "Daph" Winslow had been awarded a prize in the Sunday Telegram Poetry contest for her poem, "I Know?" Congratulations, Daph!

From the Phi Mu Delta "Comet" I gleaned the following items: Henry Howard lives at 463 Elm St., Montpelier, Vt., and has a daughter 3½ years old. His business address is Camp Chas. M. Smith, Waterbury, Vt., and I believe he is a Captain in the CCC. Is that right, Tim?

Wilson James lives at 23 McKinley St., Bangor, and has a two-year-old daughter Janet. "Jake" is sporting goods.

manager at Wight's Sporting Goods Co. in Bangor.

Vernon P. McFadden lives in Lubec and has a daughter, Mary, aged 5.

And a fourth Phi Mu Delta with a daughter (Nancy, aged 2) is Carlton Rollins who lives at 1 Vermont St., Sanford.

Hollis Orcutt is office manager of Hel- fon's Motor Co., Studebaker Automobile Sales, Forest Ave., Portland, Maine. No daughter here, but two boys, one a senior and one a frosh at Westbrook.

Mr. and Mrs. Earl T. Blodgett are receiving congratulations on the birth of an 8 lb. 6 oz. daughter, Verne Elbridge, April 2nd.

And a son, Eldon Bruce, was born April 20 to Mr. and Mrs. Raymond E. Tober, of 33 Santa Barbara St., Springfield, Mass.

Edith Hoyt Humphrey is living at 27 Pier St., Bangor. Julian is with the National Re-employment Service. They have two children, "Jay" and "Sue." He is in New York City on April 7. Arda Hodgins was married to William Lardner Ogden. They are at home at 18 Koenigsplein Batavia, Centrum, Java, Netherlands, East Indies. Honestly, Ar- dra, that's too much address. Hope your Alma mater will find you.

And so till next fall. Peggy Preble Webster 93 Norway Rd.

Bangor, Maine

1928

Dear Classmates:

Several of our number are employed by the Maine State Highway Commission. Wallace Blake is a civil engineer with the bridge division. He is married and has two children. The Blake's are residing in Hallowell.

Waldo Hill is part time city engineer in Augusta and part time civil engineer with the highway commission. He is married and has a family.

Lloyd Boynton is married and lives at Liberty where I believe he is farming.

Clara Elizabeth Sawyer was among those from E. S. N. S. attending the meeting of Eastern State Association of Professional Schools for Teachers in New York City.

Harold A. Medeiros receives his mail at Portland, N. Y. C. E. I. Du Pont Nemours Co. He has two children, Rob- ert, aged 5, and Paul, aged 2. He is located in the West Indies as manager of the Caribbean Division of the Du Pont Co.

R. Gerald Newman lives at 13 Holly St., Auburn, Maine.

Ralph Robidaille resides at 28 Winter St., Auburn, Maine, and has been with the U. S. Engineering Dept. on Flood Control survey.

George F. Keeho is an officer in the U. S. Army Air Corps, at Wheeler Field, Schofield Barracks, Hawaii. His mailing address is c/o Adjutant General, Washington, D. C.

Lawrence H. Murdock is an adjuster for the Lumberman's Association Mutual Casualty Co. of Boston. He is living at South Duxbury, Mass.

Best wishes for a pleasant summer and write me any news you may gather in your travels.

Barbara Pierce Skofield 52 Harlow St.

Brewer, Maine

1929

Dear Classmates:

"White"

Boston is transmission engineer in N. Y. C. studio in New York City. His residence is 2 Sterling Place, Malverne, L. I., New York.

"Joe" Cooper is in the sales department of the Simplex Wire and Cable Co. located at 79 Sydney St., Cambridge, Mass. He is living at 45 Porterboro St., Bos- ton, Mass.

The Bangor House was the scene of a gathering of musicians and music patrons who met to honor Paul White, of Rochester, N. Y. The toastmaster of the eve- ning was none other than our classmate, Karl Larsen, who still maintains an active interest in music.

"Phil" Marsh who is now head of the English Department of Houlton High School, was honored by a letter informing him that an article written by him en- titled, "Frenau and His Circle" will be published in the July issue of the Pennsylvania Magazine of History and Biog- raphy.

John McCarthy is sales manager for the Fitchburg, Dusk Mills of Fitchburg, Mass. His address is Box 42, Franklin, Maine.

Richard Merrill is with the Marshall Field Dept. Store in Chicago. He is living at 228 East Huron Ave., Chicago, Illinois.

"Bob" Parks writes that he now is night superintendent of the Waldorf in Greater Boston. His address has been changed to 152 Main St, Hingham, Mass.

"Swede" Soderberg is president of the Colonial Wallpaper Co. located at 336-359 Roosevelt Ave., Flushing, L. I. He is living at 45 Jayson Ave., Great Neck, L. I.

Elsyn Sylvia is manager of Charleston District of Mission Utilities Co. His residence is 505 Cypress St., Charleston, Missouri.

From the Phi Mu Delta fraternity bulletin comes the following news:

Clayton T. Knox is receiving mail at 1703 Liberty Bank Bldg., Boston.

Russell Look writes from 145-60th St., Niagara Falls, N. Y., "I am an analytical chemist with the Union Carbide Co. and am taking microanalysis at the Uni- versity of Buffalo." Russell was married to Louise Barnard on Feb. 6 at Niagra Falls. Mrs. Look is a graduate of Middlebury, Vermont, and had been teaching school in Niagara Falls.

Fred Nevels—who is still single—is living at S. 21, 394 Mass. Ave., Boston.

Dick Holmes' address is 119 Morning St., in Portland.

Dick Gleason is working for the Rum- ford Power and Light Co., a subsidiary of the Oxford Co. whom he has worked for several years.

Alice Webster Sinclair Pittsfield, Maine

1930

Dear Classmates:

Your secretary was happy to greet and talk with Jimmie Ashworth one day the first of May, in Portland. He was looking very well and is now manager of the W. T. Grant store in Portland.

Mrs. Ashworth was formerly of Memphis, Tenn., where he was employed and was a graduate of the Ke- model Secretarial School in Memphis. They are living at 141 Neil Street.

Jimmie Booker is a research chemist with Intermetal Corp. in Newark, N. J. With Kay and daughters, he makes his home at 329 Hillside Ave., Nutley, N. J.

W. Adrian Cassidy is a physician, Resi- dent Tuberculosis Service, at Baltimore City Hospital, Baltimore, Maryland. His residence address is 318 S. Drew St., Baltimore.

Thurlow Chandler is an engineer em- ployed with American Tel & Tel in New York City. He is living in Brooklyn at 7200 Ridge Blvd., Apt. 733.

Wm. Philip Churchill is another '30er in New York City where he is Patent Attorney with Fish, Richardson and Neave. He lives out at 3 Brooklands, Bronxville.

Horace Croxford has been elected prin- cipal of Orono High School, his duties to commence at the reopening of the school in the fall. These past several years he has been sub-master at Old Town High, teaching mathematics and chemistry. He is also a critic teacher for the U. of M., in the School of Education.

Kingdon Harvey is associate editor of the Fort Fairfield Review. He has but recently recovered from a serious illness, a bad case of appendicitis.

Cyril Hutton is a chemist at Perh Amboy General Hospital, Perth Amboy, N. J.

Brief news of George Larabee—he is studying photography in New York. One would think that this is the time when he would be most busy at Camp Caribou on Moosehead Lake.

"Russ" Lathrop wrote in April that he has been moving about the United States, and is now with the W. T. Grant Co., 2154 Shattuck Ave., Berkeley, Cal. Among others, he did want "some dope" on "Jack," Walker, "Bill" Sayvev, Char- lie Hardy, "Eddie" Tolman, "Lee" Wes-cott. Someone hurry up and write him, please—cause I haven't had time to an- swer him yet.

Charlie O'Connor was recently appoint- ed a member of the Bangor High commer- cial department faculty, taking the place
of Dave Barker '31 whose resignation became effective the last of April. For the last three and one-half years, Charlie has been head of the English department and debate coach at Stearns High School in Millinocket.

Announcement was made the 5th of June that Helen Hodgkins, of Trenton, Maine, to Hoaace A. Pratt. Horace is employed as assistant engineer in the Technology Experiment Station and is completing a degree in June last year. Miss Hodgkins was graduated from Ellsworth High School in 1931 and attended Business College in Bangor in 1932. She was employed at the University for two and one-half years and is now employed in Bangor.

Royal A. Roulston is a chemical engineer with business address at Curwensville, Penn., P. O. Box 1.

Edward "Chris" Stanley is employed in Jersey City, N. J., at 322 Jackson Ave.; or maybe that's where he lives, with Mrs. Stanley and a 22 months old daughter.

John H. Swaggert is research assistant in the Technology Experiment Station and Maine State Highway Commission Testing Laboratories at the University. This summer he is Tar Inspector for the Maintenance Department of the State Highway Commission, with headquarters in Portland.

Gerald York is managing York's Camps on Loom Lake and also the Kennebago Hotel, where he makes his headquarters. He's pretty much of a football and basketball fan, having attended nearly every tournament held in the state this year.

Polly Hall Leech, Homer Folks Hospital Staff, 407 Oneonta, N. Y. 1931

Hello, Everybody:
The time for these monthly chats with you all seems to fly around in no time, but the new items don't seem to come flying in very much. How about it? Can't you all help me out a little? Now for this month's tattle.

"Steve" Mank '31 has joined the ranks of office clerks, and his business address is Norway, Maine. His residence address, however, is in York, Waldo County, Maine. It's a boy over at Barbara and Dr. "Tony" Pelletier's, named Robert Simms and born April 10. Congratulations, folks!

Elwood C. Winslow is now employed by the Saginaw Malleable Iron Division, General Motors Corp., Saginaw, Michigan, and the mailman rings his bell at 215 North Webster Street, Saginaw.

Dr. Howard D. Spoerl, M.S. '31, is Director of the Department of Psychology at the American International College, Springfield, Mass. Dr. Spoerl received his bachelor degree from Tufts in 1925, and his doctor's degree from Harvard in 1934.

Another teacher has left the fold. After six years' experience in Maine and New Hampshire, Ellen Wareham has been appointed by the trustees for County A.I. of Literature and House Economics in Concord, Mass. Best of luck, Ellen.

William E. Smith, who for several years past has been engaged during the summer as fire inspector for the maintenance Department of the Maine State Highway Commission and who has also assisted in the testing laboratory of the Maine Technology Experiment Station, has again been employed as bituminous chemist for the coming season. So you're responsible for all that tar we've been getting on a nice clean road, Bill.

What a long way from Maine some of our classmates manage to go. A card from Charles W. Stipek gives his residence address as Schwannellie, 1F, Marburg, Lahn, Germany, and his occupation as Special Study with the Hartford Theological Seminary.

"Dave" E. Barker who has been teaching at Bangor High since 1933, has tendered his resignation to take a position with the commercial department of the New England Telephone & Telegraph Company, somewhere in the New England area. After "Dave" received his master's degree in economics from Maine in 33, he was assistant advertising manager of the Eastern Furniture Company in Bangor, then returned to the University for a two-year fellowship in economics, before joining the Bangor High faculty. You know "Dave" has a prospective Maine grad, a young daughter, Jane.

Nelson Eliot Spruille is now employed by the Bureau of Ordnance, Fire Control Section in U. S. Navy Yard, Brooklyn, N. Y., as Engineering Draftsman, but he can be found hanging his hat at 65 So. Portland Avenue, Brooklyn, N. Y.

"Ed" Buzell has been expanding to an enormous degree just recently, and the reason why—Edward Chandler Buzell, who weighed in at just eight pounds on April 16. Congratulations, and don't blame you to expand, Ed.

That's all for this month, but please keep it coming.

Sincerely,
Mary C. Stiles
110 Reverie Street
Portland, Maine

1932

Dear 1932ers:

Allen W. Bratton is in charge of Public Relations for the Cumberland National Forest in Kentucky. He is living at 407 So. Maple St., Winchester, Ky.

Lovell C. Chase is employed as Safety Engineer for the Liberty Mutual Insurance Co. Address—S-3 1717 Boylston St., Boston.

Mrs. David Bandles (Margaret Churchill) is secretary of admission and scholarships at Mills College, in California. Her address is 1900 Clinton Ave., Alameda, California.

Henry H. Favor's new address is 318 Haven Ave., New York City, N. Y.

Mrs. Rachel Gilbert Mee is a social worker in Bangor. She is living in Wintthrop, Maine.

W. "Ray" Leach is the principal of Milbridge High School in Milbridge, Me.

Harry Paul is the New England representative of Irving Berlin, Inc.

Keith W. Perham has accepted a position as Foods Chemist with the Francis H. Leggett Co., of Landisville, N. J. His new address is East Park Ave., Vineland, N. J.

Elizabeth (Betty) Rosie and James M. Jackson '34 were married April 12, 1937. Mr. Jackson is connected with the State Health Dept., and they are residing in Machias, Maine.

Walter E. Riley is employed as engineer with Fraser Paper, Ltd.; his address is Madawaska Inn, Edmundston, N. B.

Mrs. Leona (Small) Starbird is living at 17 Hurd Rd., Belmont, where her husband has a dental practice. They have a daughter, Dale Charmion, born a year ago last April.

Mrs. Horace Croxford (Isabelle Robinson) will be living in Orono next fall. Mr. Croxford has been appointed principal of Orono High School.

Mrs. Russell Tilley (Marjorie D. Stevens) is living now at 6 Orkney Rd., Brookline, Mass. Mr. Tilley is managing auditor for Coca-Cola in Massachussets.

Helen Hincks
349 B. Pleasant St.
Malden, Mass.

1933

We are very sorry to report that the personals for 1933 were lost, stolen or stolen this month and did not get to the office.

I934

This spring I have an unusually large dose of nostalgia—"stormy weather" which was the theme song of our senior spring at Maine has been constantly in my brain and my thoughts have been most of the time of the campus. Although my sister, Kay, writes of nothing but the horrors of spring finals and comprehensives, I know that there are still the same old "doings" in the spring air which is always. Could anything ever be as exciting and confusing as Commencement Week at Maine? It seems more vivid each year that we're out and now we're springing. "It must be wonderful to be young and just starting out" if they only knew what we know, but they'll soon find out and it isn't half bad, is it?

I'm afraid for a final check this is going to be rather slim but we've covered nearly everyone in the class at least once and tried to keep up with the jumping beans. This month is most the old story "It wasn't told to me, I only heard," but then I always have an excuse for a misstatement and before I forget it—Jean and Bruce Moyer are sorry to disappoint the fortune teller but they did not have twins.

It's a boy and he was born May 3, so remember, children, "do not count your chickens before they're hatched."

I guess May is baby month. Bill Bratton and Mary have just become proud parents. I think it's a boy but again I'm not positive and to keep up the female population, Frank and Betty Craigie had a girl. Allison Craigie was born May 11 and if she keeps on getting more beautiful she'll be dallying them before long. She's "delovely" and Frank is the original proud father. Betty is very modest but there's that light in her eyes.

Joe Burrell Kiah also has a new baby but you'll have to ask Joe whether it's a boy or a girl.

Other doings among the young married set are as follows: Enid Humphrey Crosson called a while ago. She and John have come back east and are living in Norwood, Mass. Some time soon I'm going out and sample Enid's cooking.

Lew Hardison and his wife have moved away out in Nashville, Tenn. Lew has a position in the farm investment department of the Equitable Life Assurance Society of the U. S.

Genie Austin Dorr and husband are living in Ridlonville where Genie has been teaching.

New York is getting to be quite the place for the young marrieds to settle. At present there are the Moyers, the Laddis, and the Fassettis, and probably a lot of others I don't know about. Ed is doing very well in the printing world. He has a very interesting article on selling a large number of "Printing." It sort of gives you a proud feeling to see a worthwhile article signed by a name you light in her eyes.

There also is quite a Maine stag population in New York and environs. Ken Foster is still in New York. I am now awaiting reports on a luncheon date with Bruce Moyer, Len and Bob Russ. It's times like that that news comes out. In New Jersey, Tommie Desmond, Ardon Mercier and Stan Searle. Also in New York is Horace Crandall.

Howard Perlmutter is living at the Hotel Taft in New York and is working as correspondent for the Simplicity Pattern Co.

Benny Caswell is now, or was a short time ago, in Binghamton, N. Y. His position is sales engineering and engineering supervision in air conditioning in General Electric Dealership.

Charlie Reed is an extension instructor and also doing graduate work in Agricultural Engineering at Cornell University.

Engagements and marriages still comprise the bulk of our class news. There really seems to be no end to it. It sort of looks as though the Old Town and Brewer girls have gotten together and decided that marriage is the thing. Mildred Hamsey was married a short time ago to Thompson Berdeen of Washington, D. C. Mr. Berdeen is a graduate of Blankburn College in Illinois. They will live in Washington where he is employed with the postal inspection service. Peggy Dodge and Guy Booker have announced their engagement. Peggy is still dietitian in the New York Hospital and Guy is working in Kearney, N. J., with the Western Elec. Co.

Dorothy Shiro's engagement has recently been announced to Lt. Scolol, of Newton, Mass. Lt. Scolol graduated from Norwich University and is present an officer of a CCC camp at Patten, Maine. Dorothy has been teaching at Old Town Junior High School.

Mabel Robinson became engaged March 17 to Andy Watters. She has been teaching Home Economics at Norway High and Andy is connected with the department of Agricultural Economics in the Experiment Station.

Betty Rosis and Jim Jackson were married in March. After standing the test of separation they decided to take the step. Jim is still in Eastport in the district health unit in the division of Sanitary Engineering.

Deke Robinson and his wife Selma will be at home at 70 Fenway, Boston, after June 12. Deke is now working for Standard Oil Co. and needless to say, is sitting on the top of the world.

And that is the end of our birth, marriage, and engagement news for this year. By next fall there will be another landslide.

Now, for the purely business enterprises of our friends. Norris Crosby is now employed as a draftsman for the General Electric Co., in Pittsfield, Mass. He is in the transformer division. Walden Hasting has been doing graduate work at the University of Minnesota under a research fellowship. Phil Johnson is a student at B. U. School of Medicine. Genevieve Mead is teacher and diettian at Wingate School in Haverhill, Mass. Milburn Richards is an architect with Haaker and Heyer, architects in Memphis, Tenn. Ambrose Keyser is in sales and engineering refrigeration and air conditioning of the Baker Ice Machine Co. located in Oklahoma City. How do people get so far from home? Robert Bradford is laboratory assistant in the Technology Experiment Station on the campus.

Jud Lord has moved to South Paris where he has established a practice.

Irving Grodin is in Cleveland, Ohio, where he is a chemical engineer with the Sherman-Williams Paint Plant. I've just been studying industrial diseases, Irving, and I'm quite at a loss pointing.

As far as I can see, the only subject we haven't covered in this newspaper, is foreign travel and we have our share of that, too. I got a very interesting letter from Jesse Wadleigh from Santa Fe. Before going to Santa Fe, write to Jesse and he can tell you what's what.

Arlene Merrill is going to Switzerland this summer to shoot dramatics in a girls' camp.

Another bit of travel that sounded interesting and gave me a new attack of wanderlust was a trip made by John Johnson and Wilfred Spruce. They took a trip to Mexico by automobile and had the fun of hitting many of the spots off the beaten path. They entered Mexico at Laredo, Texas, with Mexico City as their objective — on the way they stopped at Monterey, Tamaruzchale, and from Mexico City went to the Southwest Coast staying at Acapulco Beach for a few days. On their return they visited Cuernavaca, and from Tehuacan took the manor way to Guadalajara. This place, they said, was the least Americanized of any. They returned along the Gulf of Mexico. Sounds like fun, doesn't it?

Oh yes, lest we forget, Jack Lecy, graduated from B. U. Law School on June 14, so from now on, take all your troubles to Jack—he is planning to practice in Portland. Sometime in the near future he will also get a few days of rest and have a good time. And on the other day if Jack still had those white golf shoes. I don't know but I think he probably has.

Now that the year is really over I hate to say good-bye. I'll be at Red Beach, Maine, July 6 to 26 and would love to see any of you who might be going that far into the wilderness and if you ever do get sick, why not come to the N. E. B.?

Au Revoir,

Peanut Bunker

N. E. Baptist Hospital

Boston, Mass.

1935

Dear Classmates:

Again we come to the end of a year. It has been a pleasant one, and we've had occasion to rejoice many, many times over the various promotions and placements of the '36ers, to say nothing of all the congratulations and best wishes that we were only too glad to be able to extend. But, before we part for the long winter, I have some very interesting bits of news for you all.

August is the month, and the occasion is the wedding of Phyl Johnson and Clarence "Wadie" Wadsworth. Phyl has been teaching in LaTouche, Quebec, but after August, Phyl and Wadie will be working in New York City, where Wadie will be the
As they THINK you are

As you REALLY are

Advertisers are funny folks:

They look at people in bunches and draw some amazingly inaccurate conclusions. They seem to think that a yachtsman goes to his office in blue coat and white trousers, that a horseman wears spurs to keep his feet from rolling off his desk. Here's what they think about college graduates:

They think all your daytime hours are spent yelling at football games.

Never do you buy an automobile.

We've got to change that notion.

Are you going to buy a car this year?

If so, please tell us.

They think you spend your evening hours at class reunions.

You wouldn't think of buying an electric refrigerator.

Or would you?

Please tell us.

They think you spend your vacations at Commencement get-togethers.

You're not one of the people who go abroad.

Or are you?

If so, please tell us.

It comes down to this:

This magazine is a good advertising medium but it is hard to convince the advertiser of it. We are in competition with the big national magazines that spend hundreds of thousands of dollars a year on market investigations and research. The big fellows prove what they've got. We little fellows must prove it too. The most convincing proof is definite statements from our readers as to their intended purchases this year.

We hate to be a nuisance. We realize fully that requests for information of this sort are distasteful but we are most anxious to get advertising. All advertising revenue is plowed back to improve the magazine and thus redound to the prestige of our college.

We appeal to your loyalty to fill out the adjoining prepaid questionnaire and send it to us today.
Quaker Maid Co. Our very best, Phyl, and of course you know our heartfelt congratulations to Wadie.

Another addition to the daughters of the class of 1936 is Cassie Stevens Blaisdell. Cassie Stevens Blaisdell has a daughter, Peggy, born November 21, 1936. Frank and Grace are living in and around Augusta, and have already decided that Peggy is to be a "Mainer." Here's to you three.

I met "Fat" Lord last week end tripping the light fantastic at Old Orchard Pier. You know, "Fat" has recently secured a position with the Personal Finance Company in Lewiston. It says Al Crowell is fine, and that it won't be long now.

Right in the middle of our last roasting spell of weather, I had a note from Al Randall, who is in Tampa, Florida. Al didn't mention the heat, but he did say that he's with the Tampa Electric Co. Charlie Towle has been stationed there all winter with Swift & Co. but he was just transferred north. Al is living at 354 Plant Ave., Tampa, and he plans to be there until September, when he is to go to Brunswick, Georgia.

"Rusty" Walton has just come to Portland, Maine, where he is a salesman for the Remington Rand Inc. Report has it that "Rusty" is that way about some fair damsel, but I guess we'll have to wait to find out. Rusty and I are old friends and have an apartment in Portland, and speaking of Carl—Marge Church is Home Service Director of the Bangor, Hydro-Electric Co and she has recently innovated an weekly column in the Commercial which she will call her "Culinary Conversation" and it looks promising.

Another ambitious '35er, Dick Wooster, who has been teaching in Old Town will spend the next year at Columbia working for his Master's degree in Education.

Our first city manager comes to the front—Dick Darby was here to assist engineer in Auburn but he has recently advanced to city manager of Guilford. Harley Mansfield is in Livermore Falls, Maine, where he is laboratory assistant of the International Paper Co. Leslie Clough is estimator for the York Iron and Machine Co., while Lee is living on Summit Ave., Wakesfield.

Paul Bean and Barbara Hallowell Boylton, now Mr. and Mrs. Paul Bean, are living in Auburn, Maine, after going on a wedding trip through the south. In Auburn also is "Banjo" Anderson. "Banjo" is conservation agent of Androscoggin, Franklin, Lincoln, and Sagadahoc Counties. And not far away, "Skipper" Hancock is teaching in Livermore Junior High in Livermore Falls.

Another newcomer in Portland is John Venskus. John has a new position in charge of the state east of Portland with the Liberty Mutual Insurance Co. "Maty" Matheson has just received another promotion, and is now co-coordinating New England Power Co. and "Matty" is living at 2 Brooks St., Augusta.

And finally, all the way to Portsmouth, Ohio, our congratulations go to George "Scoop" Carlisle. George is engaged to Elizabeth Mason, of Watertown, Mass.

395 Western Ave
Biddleford
1936

Dear '36ers.

Here it is June again, only this one probably won't be quite as eventful to many of us last year was.

There are always a few exceptions, however. To Clair Saunders it happens to be even more eventful as her wedding to Bruce Ashworth '33 took place on Baccarat Sunday, June 13. She was married at her home in Bluehill. They will reside in Hartford, Conn., where Bruce is employed by the Travelers Insurance Co. We all wish you both every happiness.

You should see Ann Eliasson these days, being outwardly very calm, but really bubbling over inside, and why? Because she leaves for Europe this month. She is going to visit her grandmother and then spend three weeks in Sweden before returning to the U. S. Aren't you all envious?

I had a letter from Len Shaw, way back last April but the news was too late to get into the Mail issue, so here it is now—It seems that the Lambda Chi Alums (that is, a few of them) had a party at Art Roberts'. Most of them aren't '36ers but they are friends of '36ers so we'll mention names. Mel Means, Stinky Davis, Fat Lord, Paul and Don Libby, Frank Doe and Len. They still have school spirit because the Stein Song could be heard miles away. Len is now working for the John P. Squire Co. He and Frank Doe are in the office of the engineering department and Len's father is also with the Squire Co. as one of the plant bacteriologists.

Charles F. Brown was married January 23, 1937, to Jane Dillon of the class of '36 at Skidmore College. Charles is employed as a chemist at the Fiberbond Corporation. Indian Orchard, Mass. His home address is 82 Crystal Ave., Springfield, Mass.

I hear that Marg Litz has left Altman's and is going to spend the summer in Limestone. Come in and see us on the way up, Marg.

Libby Philbrook Ingraham is also going to summer in Maine. She will be at Poland Springs. She tells me that Mar
got Sewall is another member of our class lucky enough to be going abroad this summer. She sails July 2nd.

More information from Libby is that Billy J. Brown is being married. June. Congratulations and best wishes, Bill.

Bob Chittick is selling Dodge cars for Wright-Moses in Portland.

We also must extend congratulations to Bob Morrison whose engagement to Edna Allen, Colby '35, has been announced. Miss Allen is from New Bed
ford, Mass.

Willard Crane is with the Penn. Power & Light Co. in Lancaster, Pa.

Dave Brown is still carrying on and looks to be going far as he has been awarded one of the ten appointments to graduate work in political science at the Maxwell School of Government and Pub
cic Affairs at Syracuse University. Keep up the good work, Dave!

Jim Day is employed by Williams and Carroll Inc., Brooklyn, N. Y. This is an advertising concern. His address is 133 Seventh Ave., Brooklyn.

Darrell Currie is claims investigator and adjuster in the Liberty Mutual In
surance Co., Lawrence, Mass.

Mr. and Mrs. Porer Hemings (Solveig Heistad) announce the birth of John Heistad, May 5th. Congratulations to the proud parents.

Sincerely,
Phylis H. Webster
35 Summit St.
Auburn, Maine
Career Men
select occupations which combine present financial rewards with future opportunities. They find that life insurance selling, better than most businesses, offers this combination to men of real ability today.

College Men
selected by The Penn Mutual Life Insurance Company can start life insurance selling on a fixed compensation basis, instead of a commission basis, if they wish. The plan is described in a booklet, “Insurance Careers for College Graduates.” Send for a copy.

Air Conditioning
Not a speculation but an investment

Heating, Cooling and Conditioning of Air—they're all part of the exciting new industry that is changing buying and renting habits overnight.

AIR Conditioning is here...not "just around the corner"—not a "speculation," but an investment which no one, as a sound business man, can afford to ignore.

The Delco-Frigidaire conception of air conditioning is a year 'round matter—founded in winter on automatic heating and in summer on automatic cooling—and including the filtering and cleansing of air 365 days a year.

You should have the facts about air conditioning now—what it means in health and happiness—its cost and its future.

These facts Delco-Frigidaire would like to present to you without cost and without obligation. See your local Delco-Frigidaire dealer or write to Delco-Frigidaire Conditioning Division, General Motors Sales Corp., Dayton, O.
GRANTLAND RICE REPORTS:

OFF THE ROAD THEY SHOT AS AN UNSEEN DEMON THREW THEIR CAR OUT OF CONTROL

GRANTLAND RICE describes
The Unhappy Ending to
A Seattle Motorist's Week-
End Trip to Mt. Baker

The strains of "When We Come To The End of A Perfect Day" seemed to fit the mood of Mr. Jack Davis of Seattle, Washington, and his party as they motored down from Mt. Baker that invigorating Sunday afternoon. And when Everett highway finally was reached they were still recounting the experiences of that care-free week-end.

Then, with the startling suddenness of a lightning flash, the scene changed. Bang! The left front tire had blown out. The steering wheel jerked itself out of Mr. Davis' control. Off the road they shot. The unseen demon of motoring safety had done its "dirty work."

Luckily the blow-out had not occurred up in the mountains. As Mr. Davis walked a mile for a towing truck, it's a safe bet that he resolved never again to take his tires for granted.

I would say that today's high speeds are a triple threat to tire and motoring safety. The heat generated inside all tires by faster driving conditions may cause rubber and fabric to pull apart, constituting danger number one. This separation leads to the formation of a tiny heat blister...danger number two, because you can't see this blister growing bigger and bigger. Sooner or later this blister reaches a point where it weakens the tire and Bang! A blow-out! And if you escape this third threat, consider yourself very lucky.

But why any motorist should take chances on ordinary tires is beyond me. Especially when Goodrich engineers have perfected a tire invention that brings real blow-out protection to every American motorist. This construction which they call the Life-Saver Golden Ply and which is found only in Goodrich Silvertowns, is a layer of special rubber and full-floating cords, scientifically treated to resist internal tire heat. By resisting this heat, the Golden Ply keeps rubber and fabric from separating—keeps blisters from getting astart.

You Can't Be Too Sure About Your Tires

One blow-out was enough to cure Mr. Davis of Seattle, Washington. Now you'll find his car equipped with Goodrich Safety Silvertowns. Beat a blow-out to the punch by starting to ride on Silvertowns today. You can buy these life-saving tires at Goodrich Silvertown Stores and Goodrich dealers everywhere.

Goodrich SAFETY Silvertown
With Life-Saver Golden Ply Blow-Out Protection

(please favor our advertisers when checking coupon facing page III. Thank you—The Editor.)
