BABY'S cry in the night ... a midnight prowler ... sickness that strikes in the dark. How grateful we may well be in emergencies for the never-failing service of electric light! Yet how few of us realize what it takes to make that service possible — what it has cost over the past 50 years in the way of investment, invention, engineering, and human toil.

Trace the wires from your light switches, and you will find them connected to an intricate system of transformers, protective devices, transmission lines, substations and generating plants that cost millions to build. To keep such systems functioning day and night, through heat and cold, storm and flood, costs millions more. Vast additional sums go yearly into research, development, and improvement. Electric service can never be called "perfect," because it is always being made better and cheaper!

Westinghouse contributions to this progress have helped to blaze the trail of electricity from its source to its infinite uses. The generating systems — the transformers and networks — the lamps that burn longer and brighter at less cost — all owe something to Westinghouse co-operation with progressive power companies. This partnership in the public interest is of direct benefit to every industry, business office, farm and home in America.
New Records Set for Alumni Day

ALL standing records for attendance, enthusiasm, and good times appeared to have been shattered completely during the 1938 Alumni Day on June 11. With a total registration of 437, nearly 100 more than last year, and the largest total number ever registered, attendance at the noon luncheon of 498, and at the Alumni banquet in the evening climaxed the day's events, the capacity number of 840, the Alumni Association set a new high. Seventeen reunion classes contributed largely both to the numbers and the interest of the programs this year. The honors of having the largest number of total registrations were shared this year by 1933 and 1936 with 47 tallied for each; close behind was the class of 1916 with 41. Not to be forgotten is the outstanding attendance record for the fifty-year class of 1888 with eight members returned, the largest number ever recorded for the Golden Group.

Not merely in size was the day a triumph in spite of the somewhat unfavorable weather; the program at the banquet in the evening was universally conceded to be a great success featuring such outstanding speakers as alumni Governor Lewis O. Barrows, pride and joy of the Class of 1916; and Edward E. "Cy" Chase representing both the University's Board of Trustees and the 25-year reunion class of 1913. John Gowell, of South Portland, president of the Senior Class, ably represented 1938 and President Arthur A. Hauck spoke for the University. Charles P. Weston '96, professor of mechanics, well-known to 40 classes of Maine men, proved to be as expected one of the ablest toastmasters that the banquet has known for a long time. Fred D. Knight '99, re-elected president of the Association for the coming year, made the award of the two class attendance cups during the banquet; the 20th century cup awarded to the class in the 1900's having the largest per cent of registration being easily won by the 1916 reunion group with a 17.6% registration; after considerable deliberation it was decided to award the Class of 1908 cup, open to all classes, jointly to 1875, whose one living member,

Freeland Jones, of Bangor, returned for a 100% registration, and to 1888, the 50-year group, in recognition of their outstanding success in bringing back 66.6% of their 12 living members.

Gifts Announced

During the course of the banquet announcement was made by the Class of 1913 of a gift to the University of $700 to contribute to the construction of one of the University cabins and 1938 presented through John Gowell to the Trustees a paid-up insurance policy of $1,000 to mature on the 25th reunion of the class.

Previously, during the noon luncheon, Robert DeWolfe '07, of Portland, announced on behalf of the Cumberland County Alumni Association the presentation of a $1,000 gift to the University of Maine Foundation as a permanent endowment for scholarship use.

Dean Chase Honored

The program of the noon luncheon on Saturday proved again to be one of the many enjoyable events of the day as alumni, faculty, and guests gathered to pay tribute to Dr. George D. Chase, Dean of Graduate Study at the University, who retires this year after completing thirty-three years of service to the University. The Class of 1888 also received at this gathering the tribute of the assembled groups as they received from the hands of President Hawck and Mr. Knight "graduation" diplomas on completion of their fifty years as alumni.

Activities of the week end were not all confined to fun and frolic as the annual business meetings of the Alumni Council, the General Alumni Association, and the reunion classes took place as usual. Election results confirmed the leadership of Fred D. Knight '99, of Boston, as president during the last year by re-election to that office for the coming month. Other officers of the association likewise received the same—George D. Bearce '11, vice president; Paul D. Bray '14, treasurer; and M. D. Jones '12, clerk. Two new members were appointed to the Alumni Council, executive group of the Association, Robert F. Thurrell '12, East Wollaston, N. H., and Earle R. Gowell '30, of Rockland.

Other Council members re-elected to succeed themselves at the termination of their term of service, were Mrs. Merrill Bowles '21, of Bangor, Mrs. Hamlyn Robbins '19, of Scarborough, Harold Cooper '15, of Auburn, Harold McKown '17, of Bar Harbor, Walter H. Burke '06, of New York City, and Frank W. Hussey '25, of Presque Isle.

Other elections taking place at the business meetings were Langdon J. Freese '17, of Bangor, as a University Store stockholder for a four-year term, Hazen H. Ayer '24, of Boston, as a trustee of the Alumni Activities Fund and a member of the Alumni Advisory Board, and Dana S. Williams '00, of Lewiston, and George S. Williams '05, of Augusta, as members of the Endowment and Donations Committee.

THE MAINE ALUMNUS
Published monthly by the General Alumni Association of the University of Maine from October to June inclusive.
Editorial and business office, Orono, Me. Entered as second-class matter at the post office at Bangor, Maine, under act of March 3, 1879.
Business office, Room 414, 6 State St., Bangor, Maine.
Subscription price $1 per year included in alumni dues.

GRADUATED: The Class of 1888, celebrating their Golden Fiftieth, received special honor at the Alumni Day Luncheon as they graduated into the ranks of the Senior Alumni. Their registration of eight members was 60.6% of their total membership. From left to right: James K. Chamberlain, Brewer; Nathaniel E. Wilson, Reno, Nevada; Thomas G. Lord, Skowhegan; Raymond H. Marsh, Gulfport; John W. Hatch, Bangor; Fred L. Eastman, Wollaston, Mass.; Charles B. Gould, Orono.
Canadian-American Conference Held

Continuing the series of outstanding summer conferences arranged at the University during recent years, the Carnegie Endowment for International Peace and the University sponsored on June 21 to 23 this year a conference on Educational Problems in Canadian-American Relations. The efforts of President Hauck, who originally initiated the series of summer conferences at the University through the Carnegie Endowment, were largely responsible for making possible again this year a really worthwhile discussion of subjects vital to educators and citizens of both countries. In previous years the Institute of World Affairs, this year the Canadian-American Educational Conference, has done much to bring to the fore practical international questions; this year problems in the interrelation of educational problems between Canada and the United States received attention.

Three general sessions, four round table discussions, and a closing banquet comprised the general outline of the conference. Presented by leading authorities were such subjects as The International significance of the Canadian-American Peace Tradition, by James T. Shotwell, Director of the Division of Economics and History of the Carnegie Endowment; Canadian-American Reactions to World Politics, by Henry F. Munro, Superintendent of Education, Nova Scotia; Economic Trends in Canadian-American Relations, by Harold A. Innis, of the University of Toronto; and French-Canadian Contacts with New England, by Allen Richard Foley, of Dartmouth College.

During the round table discussions attention was focussed on problems of Canadian-American relations in the high schools, in the teacher training institutions, in the colleges, and in adult education. Chairmen of the discussions were, respectively, Millard H. Jenkins, Chairman of the Board of Trustees of St. Lawrence University; Bertram E. Packard, Commissioner of Education for the State of Maine; Percy E. Corbett, of McGill University; and Franklin W. Johnson, President of Colby College. Chairman of the opening general session on Tuesday evening, June 21, was Edward E. Chase, President of the University Board of Trustees.

At the closing banquet, climax of the three-day conference, Thursday, June 23, guests of honor were Hon. Lewis O. Barrows and Hon. A. Allison Dysart, Premier of New Brunswick. Addresses at the banquet were given by Dr. E. W. Butterfield, Connecticut Commissioner of Education, and Hon. Walter Alexander Riddell, Counselor of Canadian Legation, Washington.

Over thirty speakers and discussion leaders participated in the conference program and registrants attended from six New England states and New York and four Canadian provinces, New Brunswick, Nova Scotia, Quebec, and Ontario.

Chairman in charge of arrangements for the Conference was Prof. Rising L. Morrow, of the University’s Department of History and Government. Sessions of the Conference were well attended and enthusiastically received.

New Records Set for Alumni Day
(Continued from Page 3)

Reports Presented

Alumni Activities Fund: The report of J. W. Gerrity ’99, chairman of the Board of Trustees of the Alumni Activities Fund showed that four reunion classes made gifts last year and that the total receipts for the year exceeded $850 which, together with interest, makes the total amount of the Fund $3,358.44.

Memorial Fund: Arthur L. Deering ’12, chairman of the Memorial Fund Committee, reported that $8 payments amounting to $1,147.50 had been received. These payments included several who paid their subscriptions in full and a few who had not made a payment for several years, if any, on first campaign pledges. The reports of Ralph Whittier ’02, treasurer of the Memorial Fund and Memori-
Maine's sixty-seventh Commencement exercises came to a close on Monday, June 13, when three hundred eighteen seniors, the largest class ever to pass through the University's portals, received their diplomas from the hands of President Hauck and the deans. In addition to the record breaking number of baccalaureate degrees, fifteen Master of Arts degrees, thirteen Master of Science degrees, two Master of Science in Education degrees, and one professional degree were awarded.

Seven leaders in science, literature, music, and drama were awarded honorary degrees the same day: Dr. Robert Gordon Sproul, President of the University of California, Commencement speaker, received the degree of Doctor of Laws; Walter J. Damrosch, famous composer, critic, and conductor, Doctor of Music; Rachel Field, novelist and poetess, Doctor of Letters; Harold Henry Beverage, '15, internationally recognized radio research engineer, Doctor of Engineering; John Ford, native of Portland, leading motion picture Director with Twentieth-Century-Fox in Hollywood, Doctor of Fine Arts; Edville Gerhardt Abbott, outstanding physician of Portland, Doctor of Laws; Olof O. Nylander, of Woodland, authority on the geology, topography, and botany of Maine, Master of Science.

Recipients for the watches presented annually to the leading man and woman of the graduating class were announced likewise. The Washington Alumnae Watch, given to that man of the class who has done most for the University, was awarded to John Gowell, of South Portland. The Portland Alumnae Watch for the outstanding woman was won by Mary Louise Wright, daughter of Harold Wright '10 and Mildred Prentis Wright '11, of Portland.

Class Day

On the previous Friday, seniors and guests listened to the Class Day exercises as members of the class orated, versified, and prophesied. Class parts were taken by the following seniors: valedictorian, Howard M. Goodwin, a major in General Engineering, Bangor; class ode, Robert Parker, Economics, Sherman Mills; oration, John Williams, History, Ogunquit; prophecy, Joseph Hamlin, English, Bar Harbor; prophecy for women, Mary Leighton, History, of Alfred; class history, Mary Deering, Home Economics, of Orono.

John Gowell, of South Portland, class president, was chosen to present the gifts to men, Elizabeth Drummond, of Orono, gifts to women; and Kenneth Brooks, of Rockville, Conn., was elected class chaplain.

The class also paid high tributes to the leadership of President Arthur A. Hauck whose period of service began with their freshman year. Presenting him with a desk clock and writing set, class president John Gowell spoke of the appreciation of the class in having the opportunity to serve under President Hauck.

The citations made by President Hauck in awarding the Honorary Degrees follow:

ROBERT GORDON SPROUL: Graduate of the University of California in 1913; ably serving his Alma Mater in positions of high responsibility since 1920; and called to the presidency in 1930, has increased the distinction and usefulness of a great university and contributed notably to the advancement of higher education in America. Your distinguished services have been recognized by institutions in many parts of our country. Today we are happy to admit you to the group of honorary alumni of the University "farthest east." In behalf of the Trustees, I am pleased to confer upon you the degree of Doctor of Laws.

HAROLD HENRY BEVERAGE: A native of Maine, a Bachelor of Science in Electrical Engineering at the University of Maine in the class of 1915; engaged in radio research since 1916; and now an internationally recognized leader in the field of radio communication; awarded the Morris Liebnitz Memorial Prize in 1923 for outstanding contributions in the development of radio antennas; President of the Institute of Radio Engineers in 1937, since 1932 Chief Research Engineer, Radio Corporation of America Communications, Incorporated. The achievements which have made you a leader in a new field of scientific activity have brought honor to your Alma Mater. We are proud to award you the degree of Doctor of Engineering.

RACHEL FIELD: A native of New York, but devoted to the State of Maine; a distinguished author whose writings bring pleasure to an ever widening circle of readers of all ages. Your fine contributions to American letters have received merited praise. In recognition of your notable literary achievements, and with appreciation of the charm and understanding with which you interpret life in Maine, the Trustees of this University are happy to confer upon you the degree of Doctor of Letters.

WALTER JOHANNES DAMROSCH: Gifted composer and distinguished interpreter of music, who was former conductor of the New York Sym. (Continued on Page 16)
ALUMNI TRUSTEE REPORT

As I submit this report to you for the year now ending I think it would be well to just mention the fact that as our University entered upon its seventieth year, the largest enrollment of a freshman class and the largest total enrollment in the history of the University was recorded. Such an increase in enrollment offered some problems for the administrative heads of the University.

There was, and still is, an inadequacy in housing accommodations for women students, but this situation was somewhat improved at the beginning of the year by the purchase of the Webster homestead, now known as the Elins, which last summer was renovated and remodeled. This made possible accommodations for about thirty girls. A new Agricultural Engineering Building adorns the campus at the rear of Rogers Hall. This newly constructed building provides laboratory and classroom facilities for the Agricultural Engineering course, thereby relieving a most congested situation in Winslow Hall. At the suggestion of a Vault Committee, appointed by the Alumni Council, the Trustees have had installed in the basement of Fernald Hall an incinerator. This installation lessens a fire hazard which existed and thereby provides a protection for our Alumni records.

Since President Hauck arrived on the Maine campus he has been much concerned about infirmary facilities. After much thought on the part of President Hauck, and with the co-operation of his Board of Trustees, the house formerly occupied by the late Dean Merrill was renovated, efficiently remodeled, and well equipped as a self-sustained infirmary. President Hauck deserves much credit for this much needed addition to our University Plant. Under the direction and supervision of the University the Cabin Colony has shown marked progress. Five new cabins and a central building which provides shower baths, toilet and laundry facilities have been constructed and are occupied by twenty or more students this year. The physical appearance of the campus has been well maintained. Roads and sidewalks have been improved. The unsightly old wooden building formerly occupied by the Agricultural Engineering Department has been razed. During the past year the University, in co-operation with the WPA, has built four new tennis courts for the men and two new courts for the women. These four additional courts make a total of eight courts for the men and are a wonderful improvement to our athletic plant. Attractive landscaping around the courts has beautified this section of the athletic field as well as eliminated that unsightly spot called the Dump. A new baseball diamond has recently been added to our athletic field.

The academic standards of the University, we believe, have been highly maintained. Many changes in faculty appointments and promotions came about at the beginning of the college year, although not as extensively as last year. Of special interest is the new five-year course in nursing education. The course, which is arranged co-operatively with three of the leading hospitals in the State, will allow the students to obtain, at the completion of five years' work, including summers, the Bachelor of Arts Degree from the University and a Nursing Certificate from the cooperating hospital. Engineering Physics, a new major curriculum, has been established by the Department of Physics in co-operation with the College of Technology. On the upper floor of the south wing in Stevens Hall is the new Art Gallery. This new Art Gallery is the result of more than thirty years of hopeful and unflagging efforts of one man, "Paddy" Huddleston, a credit to the College of Arts and Sciences and "Paddy."

As the University closes its seventieth year the College of Arts and Sciences loses one of its finest teachers and administrators. Dean Chase, having reached the age of seventy, is being retired by the Board of Trustees under the pension plan now in force. His sound and lasting contributions to the structure of the University will be long remembered.

Future development on the campus as outlined by President Hauck, Chairman Chase and the Trustees, calls for three new buildings which are much in need. A Chemistry and Chemical Engineering Building, a Plant Science Building, and a girls' dormitory. As some of you may recall, last year the Trustees of the University asked the Alumni Council to express itself by vote as willing to cooperate with the Trustees in an endeavor to obtain private funds for the erection of a Chemistry and Chemical Engineering Building with research laboratories for the pulp and paper course and for the study of textile problems. The Alumni Council made such a vote. The Trustees appointed a Trustees' Committee and with advice from members of the Council an Alumni Advisory Committee was named. Plans and discussions for this new building ensued. Governor Barnard demonstrated his keen interest in this new project by inviting many of the leading pulp and paper executives, as well as interested timberland owners of the State, to a banquet at the Blaine Mansion to discuss plans for the building. This meeting was enthusiastically attended by about thirty men from various parts of the State. The Governor most certainly did his part but Old Man Recession has retarded our efforts to raise the money from private sources. However, the Board of Trustees realizes the urgent need for adequate facilities for the chemistry and chemical engineering departments if the University is to remain an accredited college in these courses. Therefore, funds from the Mill Tax have been appropriated to construct the main section of this building. The new building will be erected probably next spring under the supervision of Bangor Architects Crowell & Lancaster. The location will be at the rear of Albert Hall facing the Mall. Our job is not completed, however, until funds have been obtained to erect the wings to the main building. When business conditions warrant, an arduous drive on our part will be made for private funds for the completion of this building, and we hope and are confident that the Alumni Association will lend its support.

In conclusion, I wish to express the appreciation of the Board of Trustees and myself for the sincere co-operation given by the Alumni Association and Council in helping to make this past college year a successful one.

Respectfully submitted,

Harold M. Pierce '17
Alumni Representative
Board of Trustees

Dean Colvin Honored
By All-Maine Women

Dean Emeritus Caroline Colvin, first Dean of Women on the campus and for many years professor and head of the department of history at the University, was paid tribute by the All-Maine Women at their 14th annual banquet on May 14. The annual banquet was selected as the occasion to pay special tribute to Miss Colvin who is among the women who contributed most largely to the University's growth and development during her thirty years of service. Guest speakers for the occasion included Dr. Mary Ellen Chase '09 and Mrs. Margaret Flint Jacobs '12, two of Maine's leading literary alumni. Dr. Edith Wilson, Dean of Women, officiated for the alumnae invited back to the banquet and toastmistress was Miss Mary-Helen Raye, senior, of Eastport. Over two hundred students, alumnae, and guests gathered to honor Dean Colvin and the program as a whole was one of the most successful ever planned by the All-Maine Women.

One of the highlights of the program was the awarding the honorary title of All-Maine Woman to Mrs. Arthur A. Hauck, wife of the University's president.
THE ALUMNI AND THE UNIVERSITY
Remarks by Edward E. Chase '13, President of the Board of Trustees
at the Alumni Banquet, June 11, 1938

HUMAN aspirations frequently defy expression and interpretation. To-night we are all conscious of some common aim which we seek to realize through association in activities related to the University of Maine. Doubtless each of us, amid similar surroundings, has felt that physical thrill which bears evidence to a spiritual or emotional reaction, vivid in sensation, but hazy in intellectual perception; and so we feel here a unity which we cannot exactly define.

They who share responsibility for University policy would like to know the aspirations of the spirit which emanates from the University, apparently to endure in the Alumni. It is a force, they know; but they cannot measure accurately its energy nor perceive its direction. It may ever be a conflict or confusion of forces difficult to reconcile. They hope, though they are not always sure, that this force, or component of force, is consistent with that public purpose which seeks accomplishment, through education.

The Maine Alumni organization, once united upon a conception of University policy, would constitute a force which timid men might fear to release. If this power should be organized and directed by aggressive leaders toward ends not approved by enlightened public opinion, the result might be the destruction of the University as a public institution. Surely the safest way for Alumni to influence University policy is to become leaders in the public opinion to which the University is responsible.

Speaking as an alumnus who desires, just a little, to influence public opinion, and definitely not as a trustee responsible to it, I assert that Maine Alumni could never be united upon a passive policy. Placid philosophies have no appeal to men and women of the Maine tradition. We feel somehow that life should be exciting and interesting. In order to command the loyal support of her Alumni, Maine must stand for something distinctive and unique—something indigenous. This must be felt as a force moving toward an approved objective. There must be a sensation of going somewhere and a confidence in eventual arrival.

But going where? Nowadays, who can say? The word "progress," which some use as significant in itself, really implies an aim, and is meaningless among men who disagree upon objectives. We hear vaguely, from those moved more by faith than logic, that the University should train for leadership. To what social end? Many say, to happiness and security. What has ever caused more misery than this fallacious notion that everyone has a right to be made happy? Security, for individual or state, has never existed on earth, and surely today the prospect of early arrival seems dismal enough. Should the University train leaders for a dynamic or a static society?

Knowing the Maine tradition of initiative and resourcefulness, one might guess that Maine Alumni would favor the braver policy. It is by no means certain, however, that this is the trend of public opinion. We have all seen evidence enough of the weakening of faith in education. We have all observed the disposition to unload public burdens, once deemed local in character, upon the federal government. Inevitably, educational policy will be influenced by such trends.

The extent of Alumni influence in the future management of the University, and in the determination of its basic policies, depends upon public confidence in the graduates. As products of education, are we worth what we cost? What has been the return from the public investment in us?

When the people of Maine spend money to support the University equivalent to a subsidy of not less than $275 per year for each student, they have the right to expect the beneficiaries of this expenditure to stay educated. Our record in this respect may compare favorably with that of other colleges; but, nevertheless, it is a fact that too many trained intellects go stale and sterile.

I hope the accusation of lack of diligence in securing needed public funds will not be made against me, if I venture to state that the University ought to receive greater financial support from Alumni. Many have indeed given generously, and the total of Alumni contributions is a substantial amount. Nevertheless, the annual income from Alumni seems very small. Ten thousand Alumni at $10 average per head per year would make possible a great improvement in educational facilities. On this scale, an alumnus would have to live to be 75 in order to pay off half the amount contributed by the people for his education.

As Alumni, what is the real basis of our interest in the University? Do we see it only as an occasional place of rendezvous with old friends? Or do we see it as a social force or dynamic impulse, maintaining the Maine traditions, welcoming competition in achievement? Do we want to be part of that force, seeking through organization and association to advance our own ideals? If such indeed is our hope, we need always to demonstrate convincingly to the people of Maine that we are worthy of leadership, and that institutions whose policy we determine become more useful in our hands.

WINNER: The Twentieth Century Cup awarded to the class in the 1900's with the largest per cent registered on Alumni Day was won this year by the reunion group of 1916 with forty-one registrations or 17.6% of their total.
Athletic Board Reports
Progress for the Year

During the year there has been the usual number of meetings of the Athletic Board with attendance good at each. One or more of your Alumni representatives have been present at each meeting except one, for which the date was changed and which was called principally for the making of awards.

Faculty Manager Cutts has held within budget expenses and income has exceeded the anticipated budget income. A tentative budget for 1938-1939 has been presented to the President.

In the last seven years the number of students out for athletics has more than doubled. This increase in interest is probably due to the excellent facilities of building, fields and equipment. The Faculty Manager reports all equipment is in good shape and no unusual repairs or replacements are necessary. Attendance at games in all branches of sports has been the largest every.

Basketball as a varsity sport is here to stay, as proved by the nearly capacity attendance at the games this season. The interest next season will unquestionably be increased as all four colleges of the State will have varsity teams.

Junior varsity football is to be continued as results have proved its worth, players being stepped up from Junior varsity to the varsity team.

During the year tennis and golf were recognized as minor sports. More than one hundred students were out for tennis on the eight new courts, while the interest in golf has increased.

Rifle shooting as a varsity sport was dropped, your Board believing that it should be sponsored by the Military Department. This is in line with the action of most other universities.

On recommendation of the student members the Board has standardized on two letter awards, the varsity “M” and the minor “M.” Each letter is now the same for all branches of sports. The award of varsity and minor “M” is now based on a percentage of the number of contests in which a student competes rather than on a percentage of victories. It will be noted that competitors in track are now better identified, the old vMr on jerseys having been replaced by the word “MAINE.”

Since the last report the second unit of four tennis courts has been completed and a new cross country course constructed which neither uses nor crosses any highway. This course is safe and has proved very satisfactory. The freshman baseball field is nearly completed and will be in use next season. We believe the Alumni will be pleased to note the excellent condition of the different playing and practice fields, and courts, and the safety measures taken for the protection of athletes and the public.

Last summer the Grandstand Corporation purchased one thousand capacity new steel stands like those already owned. This year the Corporation plans to erect the steel stands permanently on concrete foundations and to protect the back and ends with concrete curtain walls.

Your representative making this report has served three full terms as a member of the Athletic Board. He has enjoyed the work and the association with the other members of the Board representing the Trustees of the University, the Alumni, the Faculty and the Student Body. He appreciates the thorough work done by and the helpful co-operation of the able Faculty Manager. He compliments the coaching and training staff on their ability, their sportsmanship and the results attained. He wishes his successor an enjoyable and successful term.

Respectfully submitted,
J. H. McClure
Retiring Alumni Member

Freshman baseball recorded a highly successful season under the tutelage of Harold M. Woodbury ’37. The team lost only one game in the six played and showed promise of providing some varsity material for the future. Outstanding during the season was the pitching work of Allen Holmes, of Guilford, whose left-handed slants were highly effective, particularly in his no-hit no-run performance against Higgins.

PHIL N. ROGERS ’38

Through his work in football, baseball, basketball, and track he became the University’s first four letter winner in more than a decade.

VARSITY BASEBALL

Largely through the phenomenal pitching of senior Ernie Reidman, of Auburn, Maine’s baseball team, well called the hit-less wonders, were able to annex their first New England Conference title against Connecticut, Rhode Island, Northeastern, and New Hampshire but at the same time finally ended up in the cellar in the State Series race after losing the decisive game against Colby, May 30. The team, although carrying a number of players from last year’s successful varsity combination, consistently recorded a low average of hits but turned in usually plenty of clever baseball to nose out a number of hotly contested games.

Bowdoin 2—Maine 0

A close game in the State Series struggle at Orono on May 5 saw Bowdoin nose out Maine against the pitching of Paul Brownie by means of a triple and single early in the game. Maine was unable to hit consistently the pitching of Bowdoin’s star, White. Scarcity of hits on both teams was offset by a small cluster of errors on the part of Maine to allow the winning scores.

Northeastern 5—Maine 2

By scoring four runs in one inning without a single hit through six errors, Northeastern took over Maine at Orono on May 7 in a New England Conference game. Reidman in the box for Maine gave only three hits and struck out nine batters but contributed more than half his team’s errors for the third inning disaster. Maine was unable to bunch its eight hits and scored only singles in the third and in the fourth.

Bates 5—Maine 4

A loosely played game at Lewiston on May 13 continued Maine’s losing streak as Bates scored one in the first and four in the third to nose out Maine by a point. A bunting game, following Bill Webber’s double in the second, enabled Maine to push across four runs, but infield errors by the Bears in the ninth inning put Bates in the lead which they held for the rest of the game. Against the pitching of Ernie Reidman, Bates was only able to total six hits but the Auburn’s support was lacking.

Maine 3—Bowdoin 2

Maine jumped back into the winning column at Orono on May 17 by bunching five hits against Bowdoin’s star pitcher in the early part of the game to break down a Bowdoin lead earned off Paul Brownie. Dwight Lord, of Camden, with a triple in Maine’s half of the first inning accounted for the first two runs which were later turned to a win by a long double from the bat of “Doc” Gerrish.
Browne's pitching was effective most of the way although he had to work hard in the eighth to hold the lead.

**Maine 3—New Hampshire 2**

Nosing out a determined New Hampshire team at Orono on May 18, Maine jumped to a second place tie with Rhode Island in the New England Conference.

Art Chick, later relieved by Ernie Reidman, performed capably on the mound for Maine while the home batters bunched their four hits, enough to score one in the second and two in the third to provide them with a lead which they held the rest of the game. A fast double play by Tapley and Webber in the fifth contributed to the victory and a New Hampshire batter's interference on an attempt to steal home in the ninth placed the game in the winning column.

**Maine 1—Connecticut 0**

**Maine 5—Connecticut 2**

A double-header day of victory for Maine was recorded against Connecticut State in the New England Conference series at Orono on May 21. The first game, a close battle all the way, was one of the best seen on the local diamond in years. The seven-inning game was a duel between Ernie Reidman and a Connecticut pitching ace with no hits for Maine during the first six innings and Reidman, although permitting six hits, allowing no opponents beyond second. The game came into the last inning when a double by Phil Craig, a sacrifice by Bill Webber, a walk by Dwight Lord and another walk by Elroy Day filled the bases. At this point Coach Kenyon called on Norris Adams, sophomore from Cape Elizabeth as a pinch hitter. Adams, a new man in the lineup, came through with a single over second base to put Craig across for the winning run.

With Paul Browne on the mound in the second game allowing only six hits, Maine was able to score sufficiently on five hits to win five to two. Scoring in the fifth by means of Craig's double and Lord's single and again in the sixth on Browne's single, Maine kept safely ahead of the visitors for the whole game.

**Maine 5—Bates 4**

Maine broke a second place tie for the State Series championship with Bates by winning at Lewiston on May 23. Trailing Bates one to four for seven innings, Maine scored in the eighth and a double by Dwight Lord, scored burly Bill Webber, of Bar Harbor, for the winning tally. Bates opened strongly against Lefty Shea, a senior from Wintom, who was replaced by Art Chick who held the attack off the rest of the game.

**Bowdoin 5—Maine 0**

Held to three hits by Bowdoin's leading pitcher, Maine was unable to fight off a Bowdoin state championship bid at Brunswick on May 24. Ernie Reidman, in the box, pitched well except for one inning when a combination of hits and errors allowed four runs to score.

**Maine 7—Colby 4**

Paul Browne, pitched the Maine Bears to a rather listless win over Colby at Waterville, May 26. The game, rather loosely and slowly played for nine innings, took a turn in the eleventh to give Maine a definite three-run lead for victory. Both teams scored in the first and the eighth with Maine holding a one-run lead which Colby finally cancelled in the ninth to make it four-all; good team work and a return to normal form in the eleventh finally turned the tide.

**Maine 4—Rhode Island 3**

Maine clinched the title in the New England Conference race with a hair-raising ninth-inning win against Rhode Island at Orono on May 28. Rhode Island, defending the title they won last year, gave plenty of trouble to both Art Chick and Ernie Reidman but Maine came back continually to keep the balance even. The seesaw game was continually exciting with first Rhode Island and then Maine pulling ahead. The teams entered the ninth inning at three to three with Maine doing very little hitting during the latter part of the game. The second batter, Joe Hamlin, of Bar Harbor, drove a single through the infield but "Doc" Gerrish made it two out on an outfield fly. Big Bill Webber then came to the plate and, picking one out to his liking, drove a 300-foot triple over the right field fence, scoring Hamlin with the winning run.

**Colby 5—Maine 4**

**Colby 7—Maine 1**

A Memorial Day double-header saw Maine go down in defeat to Colby to lose their last chance at the State Series title and to end up in the cellar. Before a capacity crowd at Orono, Ernie Reidman, Paul Browne, and Art Chick all tried to turn back a fighting Colby mule. The closely matched teams fought nearly equal for eight innings but Colby broke up the game at the last when Browne, facing loaded bases, was relieved by Chick. The loss of this first game eliminated all chances for Maine to win the series and in the second game Coach Kenyon gave the second-string players a chance to get some varsity experience.

**VARSITY TRACK**

Outdoor track went through a successful season under the experienced leadership of Coach Chester Jenkins, sweeping all opposition in the state, but failing, largely through adverse weather conditions, to win in a hotly contested New England duel. Paced by senior Johnny Gowell, of South Portland, star in hurdles and broad jump, splendid team work as well as the work of individual stars contributed to one of the finest seasons in years. Notable among the performers were Don Smith, of Easton, sturdy miler, a sophomore, senior Bill Hunnewell, of Madison, two mile winner, Sid Hurwitz, of Roxbury, Mass., also a senior, in the dashes, and Herbert Leonard, of Thornrike, a junior, in the pole vault.

**Maine 68 1/2, Bowdoin 48 1/4, Bates 10 1/2, Colby 8 1/4**

At the annual State Track meet in Brunswick, May 14, Maine's star-studded track aggregation swept through the opposition to pile up a team score of more than the other scores combined, third largest team score in the history of this meet. Following high scorer Johnny Gowell, who led in both hurdle races and took a second in the broad jump, Maine took first honors in ten events and placed in all but three. One record only was altered during the day, probably because of the heavy track; Herbert Leonard, of Thornrike, a junior, vaulted to a new meet mark of 12' 5 1/2" to beat out his teammate Wally Hardson in second place. Two other pale blue wearers took double wins, Don Smith, of Easton, taking his specialty, the mile, and repeating in the half mile, and Sid Hurwitz, of Roxbury, Mass., winning both dashes.

(Continued on Page 10)
Boston Alumni and Alumnae
hold a joint meeting May 7 in Cambridge, Mass., with 75 in attendance. Toastmaster Harry P. Burden ’12, introduced Dr. "Paddy" Huddleston and alumni secretary Charles Crossland who spoke on activities of the University and the alumni.

Southern N. H. Alumni
gathered in Manchester, N. H., on May 11 to welcome Senator H. Styles Bridges ’18 and former Congressman William Rogers ’16, and, representing the University, Dr. Edward J. Allen, Dean of the College of Arts and Sciences and Alumni Secretary Charles Crossland. Election of officers took place during the business meeting with Everett F. Libby ’18 elected as president; Mrs. W. F. O’Donoghue, vice president; and Eli Marcoux ’21, secretary-treasurer.

Knox County Alumni
elected Gerald Beverage ’36, of North Haven, president during the annual meeting on May 18. Forty-two were present at the banquet to greet Mr. and Mrs. Percy Crane, director of admissions, and Mr. and Mrs. Charles Crossland, from the campus. Other officers elected were Carlton Wood ’20, vice president; Lucinda Rich ’37, secretary-treasurer.

Washington, D. C., Alumni
enjoyed its annual baked bean picnic at the home of Mr. and Mrs. Henry W. Bearce ’06 at Chevy Chase on May 21 under the supervision of Mr. Bearce and Mr. Lore Rogers ’96. Real Maine baked beans were served to about 50. Election of officers took place at the gathering with William Buck ’15 elected president, Miss Marion Lord ’27, vice president, Miss Mildred Merrill ’13, secretary and treasurer.

Somerset County Alumni
held their annual meeting on May 17 with Dr. "Paddy" Huddleston and alumni secretary Charles Crossland as speakers for the evening. Following a dinner the business meeting took place to elect officers for the following year with Gerald C. Marble ’17, being chosen as president, Thomas G. Lord ’88 vice president, Miss Muriel Covel ’34, secretary-treasurer.

Boston Alumni
hold their annual business meeting on June 2 at the City Club. Among the items of business transacted was the vote to raise two $75.00 scholarships for the coming year. Election of officers took place with the following alumni chosen to serve for the year: president, Philip R. White ’22; vice presidents, Carl A. Sargent ’22, Albert W. Wunderly ’18; secretary, James E. Hardy ’16; assistant secretary, Paul C. Brown ’36; treasurer, Robert D. Parks ’29.

Lehigh Valley Alumni
held their spring dinner meeting in Allenstown, Pa., on May 23. Seventeen alumni and guests attended the short business meeting and the informal conversation period afterward. Officers for the year will be—Harold T. Pierce ’29, president; Ernest B. Scott ’26, secretary.

Washington County Alumni
counted 108 persons present at their meeting on May 19 at Calais at which President Arthur A. Hauck, of the University, was the guest of honor, giving an interesting talk on University activities. During the business meeting new officers were elected as follows: president, Charles Fenderson ’14; vice presidents, Ray Steward ’17 and Lois Chadwick ’24; secretary, Lincoln Sennett ’25; and treasurer, Mary R. Chandler ’04.

Waldo County Alumni
held an outing in Belfast on May 20 with about 50 alumni and guests in attendance. The lobster banquet and the program, featuring Mr. Percy Crane, director of admissions, and alumni secretary Charles Crossland, were both thoroughly enjoyed. During the brief business meeting, Spergeon K. Benjamin ’35 was elected president, George Mader ’37, vice president, and Barbara Higgins ’30, secretary and treasurer.

First Summer Outing
Is Planned for August

Plans are being arranged through the cooperation of the Hancock County Alumni Association and the alumni office to sponsor this year an alumni summer outing in Maine. The first time that such an experiment has been tried, the get together, open to all alumni and alumnae and their families, will be largely in the way of a test to see if such a program has something really worthwhile to offer alumni.

The outing this year is definitely planned for Sunday, August 14, at the University's Marine Laboratory in Lamoine. Although details of the program have not yet been settled and will be announced later, partial arrangements will include some sort of inexpensive picnic supper and opportunities to take part in the seaside enjoyment of Lamoine, to inspect the very interesting marine biology laboratory there, and other items of interest.

Varsity Track
(Continued from Page 9)

Maine Fourth in New Englands
A rainy day and a water-soaked track contributed to a fourth place for Maine in the traditional New England Intercollegiate meet at Providence on May 21. Scoring 22 1/2 against Rhode Island’s winning total of 29 1/2 and the second place tie of Boston College and Holy Cross with 23 points, Maine was forced to be content with only two first places taken by Gowell in the high hurdles and Smith in the mile. Gowell, a heavy favorite to repeat in the low hurdles, was thrown off his stride by a bad spot in the wet track and could not recover sufficiently to place. Other winners for Maine were Hunnewell with a third in the two-mile, Hurwitz with a second in the 220, Stan Johnson, third in the hammer, Hal Dyer, third in the discus, Bill McCarthy, of Rumford, tie for third in the high jump, and Waldo Hardison tied for second in the pole vault.

Nationals
Two men from Maine’s 1938 track team were able to win places in the crack National Intercollegiates at New York on May 28. Don Smith, of Easton, a sophomore, crack mile runner, unleashed a furious last minute sprint to break into third place in the mile run which was won in the new record time of 4:13.9; Smith’s time was just under 4:19, his fastest meet time to date. In the high hurdles, senior Johnny Gowell, of South Portland, double event star, placed fifth in the fast high hurdle race, with a time of 14.9 seconds, fastest recorded for him this year.

Arthur L. Deering ’12
On his retirement this year from the Alumni Council the Association passed a vote of appreciation for his “unfailing, unselfish, helpful, and tactful assistance for fifteen years as vice president and president of the Association and member of the Alumni Council.”
Campus Events

Awarded—

Six Maine Seals, the University's highest athletic award for women, were presented at the Women's Athletic Association 'M' club banquet on May 25. For the first time in the history of the association, invitations were extended and seven alumnæ were able to participate in the program. A total of 98 students and guests were in attendance. Recipients of the coveted seal were: Elizabeth Henry, of Thomaston, Ferne Lunt, of Houlton, Dora and Madge Stacy, of Shirley, juniors; and Mabel Mayhew, of Old Town, and Cora Sharon, of Wrentham, Mass., seniors.

Speaker—

William Mather Lewis, President of Lafayette College, was warmly welcomed by students and faculty as speaker for the Scholarship Recognition Day assembly, Tuesday, May 10, and for the Phi Kappa Phi initiation banquet on the previous evening.

Scholarships—

Among the announcements made at the annual Scholarship Recognition Day at the University on May 10 were the names of recipients of alumni scholarships. The general alumni scholarship was awarded to Donald B. Haskell, a junior, from Portland, majoring in Mechanical Engineering. Local association scholarship winners were: New York Alumni, Blanche B. Holman ’38 and Louis C. Costrell ’39; Pittsburgh Alumni, Ruel J. Blackwell ’39; Lincoln County, Boynton Locke ’40; Penobscot County, Ralph G. Smith ’40 and Charles A. Peirce ’40; Connecticut Alumni, Marion R. Hines ’42; Knox County, Wiljo Lindell ’40; Southern California, Ruth E. Gray ’40; Southern Kennebec, Roger M. Stinchfield ’39; Western Massachusetts, Carlton H. Clark ’39; Rhode Island, Richard Quigley ’39; Piscataquis County, Dora L. Stacy ’39; Boston Alumni, Wilfred E. Betoney ’39 and Clark G. Kuey ’39; Waldo County, Allan E. Piper ’41; Portland Alumni, Eleanor M. Robertson ’40; Northern Aroostook, Donald C. Smith ’40.

Inspected—

The year's work of R.O.T.C. training at the University was completed with a full and colorful review and parade for the annual Federal inspection of the University's units. A real test of the appearance, discipline, and training of the 600 student cadets and officers was provided by a combined parade, review and formal army retreat. Also on the program were demonstrations and drill for the coast artillery units of the University.

Alumni Service Emblem

Nominations

The regulations governing the award of the Alumni Service Emblem specify that any alumnus may nominate any person who he believes merits recognition. Among the important points considered are the length, type, variety, and quality of services rendered through the Alumni Association to the University.

The closing date for 1938 nominations is near at hand. Nominations together with a statement of services rendered should be mailed to the Executive Secretary of the General Alumni Association, 13 Portland Hall, within the next few days.

Tragedy—

Major Arbie E. Phinney, instructor in the R.O.T.C., at the University, was discovered missing after a fishing trip on Green Lake in the early part of June. The finding of his empty boat started an intensive search for the Major both in the lake and in the surrounding woods but up to the present time no trace of the officer has been found. All indications are that Major Phinney, fishing alone in the early morning, fell overboard.

Serving at the University since 1935, Major Phinney had become a well-known and popular member of the department. Previous to being stationed at Orono he served at Plattsburg and Honolulu, previous to this period of service he attended Fort Benning, Georgia, Infantry School. During the World War, Major Phinney served as a First Lieutenant and was advanced during duty to the rank of Captain in the First Infantry Division.

Elected—

Student Senate officers were elected for the coming year recently to lead the student organization. Officers are Philip Grant ’39, from Cherryfield, president; Edward Szaniawski ’39, of Scarsdale, N. Y., vice president; and Leon Breton ’40, of Rumford, secretary.
Compensation Registration

A total of 437 alumni registered for Compensation this year, the largest number registered. We present below the names of those who registered.

1873—George H. Hamlin
1878—John E. Jones
1879—John M. Ellis
1882—Charles S. Bickford, Will R. Howard
1883—Janie C. Michael, George A. Sutton
1884—Leslie W. Cutter
1885—James V. Hart
1886—Frederick J. Ayer
1887—Mrs. Alice Hicks Black, Charles T. Vose, John S. Williams
1889—Elmer E. Greenwood, John Reed, Mott F. Wilson
1890—George P. Gould, Allen C. Hardison
1893—George F. Rowe
1895—Harold S. Boardman, Merton E. Ellis, Charles A. Frost, Oscar L. Grove
1897—Andrew J. Patten
1899—Mrs. Mildred Powell McGinley
1900—Guy A. Hersey, Edwin J. Mann
1901—William McC. Sawyer
1902—William E. Barrows, Henry E. Cole
1904—Mrs. Florence Buck Adriance, Charles B. Kimball, Leslie E. Little, Albert L. Whipple
1905—Robert R. Drummond, J. Harvey McElroy, Freeman M. Sampson, Adelbert W. Sprague, Howard A. Stanley
1906—Carl S. Hunnewell, Albert A. Loring
1908—Milton Ellis, James A. Gannett, Grenville H. Barlow, Ballard F. Keith, Mrs. Alice Farnsworth Phillips, Mrs. William F. Schoppe, Robert K. Steward
1909—Herbert P. Bruce, William H. Gilbert, Harold D. Haggert, Fred D. Knight, Harry E. Sutton, Harry A. White
1911—Alfred S. Adams, George D. Bearce, Raymond W. Davis, Avery C. Hammond
1912—Arthur L. Deering, Walter K. Hanson, Mrs. Lonla Woodman Harvey, Lloyd E. Houghton, Philip R. Hussey, Austin W. Jones, Maurice D. Jones, Benjamin C. Kent, William E. Lane, Mrs. Grace S. Leavitt
1914—Harold P. Adams, Paul D. Bray, Norman R. French, Everett B. Harvey, Mrs. Albert L. Kavanagh, Frederick S. Young
1918—George M. Carter, Walter J. Creamer, Weston S. Evans, Francis Head, Henry D. Watkins, Mrs. Grace H. White
1919—Harold M. Pierce, Hamlyn N. Robbins
1920—Stephen R. Buzzell, Elizabeth M. Chase, Newell W. Emery, Mrs. Barbara Dunn Hitchen
1921—Mrs. Charles Brown, Roger C. Castle, Katherine D. Stewart
1922—Eshburn O. Judkins
1924—Earl M. Dunham, George E. Lord, Theron J. B. Haxter
1925—Robert N. Haskell, Frank W. Hussey, Mrs. Mildred Brown Schrumpli
1926—Walter H. Elliot, Oscar L. Wyman
1927—Mrs. Serena Wood Hussey, Albert H. Nutting, Sally Palmer, Mrs. Edith O'Connor Thaxter
1928—Arthur L. Cummings, David W. Fuller, Allen W. Goodspeed, Matthew E. Highland
1929—Karl D. Larsen, Mrs. Mary Robin McClure, Ralph Morrison
1930—Kenneth Haskell
1931—Philip J. Brockway, M. Stetson Smith, William C. Wardwell
1932—Homer W. Huddleston, Winthrop C. Libby, Stacy R. Miller, Robert Morse, Smith McVicker
1937—Gayland Folley
THE HONOR ROLL

To the Class of 1911 again goes the distinction of having the greatest number of its members included in the Honor Roll composed of alumni who have paid dues for the last three years. Measured in terms of percentage 1875 and 1879 lead, each having 50% of its members in the Roll. The total number of names is 1186 as compared with 1110 last year.

Second honors goes to 1910 with 48 (same as last year). 1917 followed in third place with 46. These three classes led in 1926-37.

1916 moved up to fourth place, forcing 1914 to 19th position with 10. Each class since 1872 has held at least three places in order. Since the present list is the first time and if their present pace is maintained they are sure to be among the leaders. 1933 and 1935 too have a chance to be in the select list. Following is the Honor Roll for 1937-38:

1875
*Mitchell, Albert E.
1876
Blanding, Edward M.
1878
Webster, Otis C.
1879
Clergue, Francis H.
Decker, Wilbur F.
Gibbs, Charles W.
Libby, Mark D.
Morse, Charles A.
1880
Simpson, Charles S.
1881
Adams, Harry W.
Dunn, Mrs. Charles J. (Ring)
Osborn, Edwin W.
1882
Reed, Fred M.
*Snow, Gleason C.
1883
Cilley, Jonathan V.
1884
Cutter, Leslie W.
Leighton, Robert S.
Pattangall, William R.
Webber, William
1885
Chamberlain, George W.
Hart, James N.
Keyes, Austin H.
1886
Twombly, Sidney S.
1887
Black, Mrs. Alice T. (Hicks)
Clarifying, M.
Kennedy, James S.
Trask, Frank E.
Vose, Charles T.
1888
Eastman, Fred L.
Lord, Edwin B.
1889
Haggart, Eben R.
Reed, John H.
1890
Drew, Albert W.
Parrington, Horace P.
Gould, George P.
Hardison, Allen C.
Harvey, Chandler C.
Heath, E. Fenno
Quincy, Frederick G.
1891
Arcy, Ralph J.
Patten, William N.
1892
Holden, William C.
Nealley, Calvin H.
1893
Crosby, Walter W.
Gould, Harris P.
Murphy, Charles C.
Rowe, George F.
1894
Bowler, Frank C.
Gilbert, Charles E.
Jose, Wallace H.
Ricker, John H.
Wood, Edward B.
1895
Atwood, Gustavus G.
Boardman, Harold S.
Martin, James W.

Lively, Paul
phony orchestra and in later years as musical counsel for the National Broadcasting Company, has rendered service which ranks him as America’s greatest teacher in the appreciation of the art of music. In recognition of your significant contributions to our cultural life, and of the many ties by which you are bound to the State of Maine, the Trustees of this University take unusual pleasure in conferring upon you the degree of Doctor of Music.

OLOF OLSSON NYLANDER: Born in Sweden in 1864; since coming to the United States in 1883 he has engaged in scientific studies in geology and botany which have won recognition among leading scientists in his adopted country and abroad. Your contributions have contributed particularly to our knowledge of the plants and minerals of beloved Aroostook county, where happily the results of his labor and study are to be preserved in the Nylander Museum at Caribou. In recognition of your scientific achievements, the University of Maine is happy to confer upon you the degree of Master of Science.

John L. Scopes: Born in Maine and educated in the schools of Portland. Beginning in a humble capacity in the motion picture industry, he has achieved distinction as a director, winning numerous awards in this country and abroad for productions that reveal high artistic and creative ability and rare insight into human nature. In September, 1914, you came to Orono hoping you might some day become an alumnus of the University of Maine. Today, because of your noble achievements, it is my happy privilege, with the approval of the Heads of the many, in your beloved state who admire your work, to welcome you as an honorary alumnus. In behalf of the Trustees of the University of Maine, I take pride in conferring upon you the degree of Doctor of Fine Arts.

EDVILLE GERHARDT ABBOTT: Native son of Maine, a graduate of Bowdoin College; eminent surgeon, who, through a long and active career, has won high distinction in his profession and in public service. We are happy to join with others in honoring you as a leader in your field of orthopedic surgery. We honor you, too, for rendering a public service of particular significance to the State of Maine. In showing your vision and effective help, the University Extension Service was established here a quarter of a century ago. This educational and public service devoted to serve the rural people of Maine, has had your constant interest and support. In recognition of your eminent services in your profession, and of your significant contribution to education in your native State, we are happy to confer upon you the degree of Doctor of Laws.

New Records Set for Alumni Day (Continued from Page 4)

The estimated expenditures for June, including payment of bills payable on hand are $34,685.58, with income figured as $73,635. The estimated operating surplus for the year was $44,144.

Life Membership: After consideration by the Alumni Council Executive Committee and upon recommendation of the Alumni Council, a vote was passed by the General Alumni Association approving the creation of life membership for those who prefer to provide for alumni dues for life by a single payment. This plan cannot become fully effective until one year hence in accordance with requirements in the Association Constitution and By-Laws. The proposed amendment, which if adopted will become Section 3 of Article IV in the By-Laws, to be voted upon at the next annual meeting, reads as follows: “The Life Membership dues shall be $100 and the principal amount shall be kept intact, using only the income therefrom.”

ALUMNI PERSONALS

1879
Charles A. Morse, of Chicago, was
lected an honorary member of the American Railway Engineering Association at their convention held March 15-17, 1938, in Chicago.

1885
There was held recently at the University of Florida and under the auspices of the Newk End Entomological Society, “The Henry T. Fernand Banquet.” Dr. Fernand was professor of Entomology at M.S. State College, from 1893 to 1917 and Director of Graduate Study from 1927 until his retirement in 1930. Since retiring he has lived in Orlando, Florida, but has recently built a home at 1128 Oxford Rd., Winter Park, Fla. Although retired from teaching, Dr. Fernand is carrying on scientific work as consulting entomologist.

Senior Alumni

FIFTY YEAR SENIOR ALUMNI GROUP: President, George H. Hamlin ’73; 1st vice president, John S. Williams; 2nd vice president, Ralph Marsh; secretary-treasurer, James H. Hart; author, Charles B. Gould. Sixteen members of this group of alumni were on the campus for the meeting, eight of whom were class of 1888.

1899
A. C. Hardison, well-known citrus and walnut grower of Santa Paula, Calif., was elected president of the Santa Paula Citrus Fruit Association. He is now engaged packing house in Ventura County and reputedly the largest lemon house in the world under one roof. Mr. Hardison was elected at a special meeting of the board of directors. He has been vice president for many years.

1896
Report of Class of 1896 Meeting June 11, 1938: Class of 1896 elected the following: president, Paul D. Sargent; vice president, Charles E. Walton; secretary and treasurer, Joseph W. Randlett. Eight were present at the meeting. Discussion of Dix Plan as a source of income was approved. Members of the class discussed the Alumni Activities Fund which was new to them, plans were made for a future contribution after this Fund was made known to the class as a whole.

1898
Report of 1898 Class Meeting Held June 11, 1938: Officers elected were: president, A. D. T. Libby, of Newark, New Jersey; secretary-treasurer, C. Parker Crowell, of Bangor, Maine. There were ten present at the class meeting who approved in general the Dix Plan of Class Remissions. This class made a gift to the Alumni Activities Fund. They plan to
concentrate their efforts on their fiftieth reunion in 1948.

Dr. Elmer D. Merrill was appointed a member of the Board of Regents of the University of New York-Vermont League this year. He will have to build an entire club but having had experience in four Class A teams and coached college baseball for 17 years there should be no handicap. Mr. Clark coached the Grum- bo Indians to a Maine-New Hampshire semi-pro baseball championship last season.

1900

Wilkie Clark, of Cape Elizabeth, will manage the Tupper Lake Club in the North Conway, New York-Vermont League this year. He has been an active member of the club since 1905. His active baseball career has included playing on the Tupper Lake Club team for 10 years, serving as captain of the team for 7 years, and writing the annual report of the club for 5 years. Mr. Clark has also served as president of the New York-Vermont League for 3 years.

1902

Genevieve Boland attended the recent DAR Congress in Washington as a delegate from Colonel Timothy Bigelow Channing, who was a member of the U.S. Army during the Civil War. He received the Distinguished Service Medal for his service in the war.

1907

Major Albert W. Stevens, army strato- sphere flyer, was guest of honor at the American Legion's sixth annual membership round-up in Indianapolis this spring.

1908

S. Barron Locke was named regional director of the Northeast Division of the U. S. Bureau of Biological Survey and has his headquarters in Boston. Mr. Locke entered the U. S. Forestry Service two years after graduation, having spent one year of study at the Forestry School at Yale. He did some work on wildlife for the Biological Survey before becoming affiliated with the Izaak Walton League at its headquarters in Chicago; he resigned from his position with the league to take up his new post.

James Maxwell, member of the Penobscot Yacht Club, has a 24-foot Chris-craft which is now at Buck's Harbor in South Brooksville where "it is being primed for a busy season." Mr. Maxwell, who resides at 27 Granville Street, Bangor, is a partner of the firm Maxwell & Conquest, lawyers in Bangor.

Prof. R. F. Steward, head of the department of Ornamental Design at Michigan State College, has been spending the winter months. St. Petersburg, with Mrs. Steward. They are to spend the summer months at their home on the coast of Maine and will return to East Lansing, Michigan, in September.

1909

Next Reunion, June, 1940

W. O. Harvey is president of the Harvey-Whipple Inc. (master-kraft oil burners), at 35 Emerson Street, Springfield, Mass.

1910

Next Reunion, June, 1939

Dr. Edith Patch was elected vice presi- dent of the Bird Conservation Society at its meeting held at her home recently.

1911

Winslow L. Good was appointed a member of the editorial staff of the New York Times, where he served as an editor and head of the sports section. He later became the editor-in-chief of the New York Times and was instrumental in the creation of the Pulitzer Prize for Journalism.

Frank E. Southard was elected Grand Commander of the Grand Commandery, Knights Templar of Maine.

Alvin M. Watson is mining engineer for Kennebec Copper company and is located at Rutland, Vermont.

1915

REPORT OF THE CLASS OF 1915 MEETING JUNE 11, 1915: The class of 1915 had an attendance of thirty-five present at their meeting. Officers elected were: president, Alphonse H. Fogg; secretary-treasurer, Robert F. Thurrell; and personal editor, Gladys Merrill. Other than election of officers, reports shows no further business as being transacted.

Paul V. Slocum, of Standish, was elected director of the Cumberland County Council, American Legion, recently when the Council met with the J. Arthur Stowell Post of Freeport.

1916

REPORT OF THE CLASS OF 1916 MEETING JUNE 11, 1916: president, Lewis O. Bar- rows; vice president, Fred P. Loring; secretary-treasurer, Walter W. Webber. There were 25 present at this class meeting. No gift made to Alumni Activities Fund.

1917

REPORT OF THE CLASS OF 1917 MEETING JUNE 11, 1917: Officers elected: president, Joseph McCusker; secretary, Frank O. Stephens; treasurer, Jack Freee. Per- sonals to be written by secretary. Committee named for 25th reunion—chairman, F. D. Crowell; secretary, Everett Hurd;

Alumni of Health and Welfare, for the State of Maine.
1921

The Bangor League of Women Voters re-elected Mrs. Merrill Bowles president at the annual meeting in May.

Mrs. Florence M. Kelley, of Lewiston, was elected homemakers’ vice president of the Maine Home Economics Association at the annual meeting held recently in Augusta.

1922

Stephen A. Griffin plans to return to Livermore Falls next year for his twelfth year there as principal of the high school.

He has done graduate work at Brown and Harvard, and is now working for his master’s degree at the University summer sessions. During the past year he has had the following articles published—“A Camera Club for the Small High School,” in the Journal of Education for February, 1938, “An Inexpensive Start for the Camera Club” (Illustrated), Student Life, April, 1938. These have received much favorable comment from prominent educators.

Miss Estelle Nason was elected Extension Service vice president of the Maine Home Economics Association at the annual meeting held in Augusta.

1924

Dear Classmates,

“How’s news for you?” Mr. and Mrs. Hazen H. Ayer have announced the arrival on May 14, of twin daughters. The names are Catharine and Cynthia, good prospects for the class of 1939. Yours—still surprised. Hot.”

“Ollie” Berg has introduced golf instruction into his athletic activities at South Portland High School and the Portland Sunday Telegram recently showed a picture of his class of enthusiasts in pre-season practice in the gymnasium.

More news about Neal Phillips. He is now a member of the Executive Committee of the Maine Highway Safety Council.

Mr. and Mrs. Willard Spear, of Bay View Avenue, South Portland, are announcing the birth of a daughter on April 12. Another prospect for 1959.

John T. (Shim) Skolfield was elected vice president of the New England Hardware Dealers’ Assn., at their annual meeting.

For three terms he has been a member of the Board of Directors of the Association and during the past year was chairman of the finance committee. He is also a member of the Gardiner Water District Board. "Shim" resides with his wife and two children in Gardiner and is president of the Gardiner Hardware Company.

I had a letter recently from John Small. Those of you who knew him will appreciate it and realize that he’s still as good old John. He will forgive me, I’m sure, if I quote from it. “As far as I am concerned no new directory was necessary. I still live at 63 Baldwin St., (New Brunswick, N. J.), still buy groceries at the Italian store around the block, still enjoy teaching, still recall the biology course at Maine 1920-21, when I worked across the table from you and you beat me in a trade of one freshman toke ($25) for one freshman toke ($25).

I never was any good with money. My wife handles it now. She is U. of Vermont, 1924. We arrived in New Brunswick the same day, went to work in the same laboratory. After four years started putting our feet under the same table. No children. Trouble enough educating others’ children. Can help you with one

Classmates,
At the Chi Omega Alumnae banquet May 3 I saw of 25ers—Rubena Comins Pessone, of Bangor. Rubena and Harold live in Bangor where Harold is an M.D. They have two children, a boy and a girl, and live on Forest Ave. Lynette Walker Frewelly, of Orono—"Nan" and "Flit" Frewelly have a daughter, Deb. Elizabeth Lawler is working in her brother’s office at Southwest Harbor.

I wish you a most happy vacation this summer and a joyous homecoming in the fall. Orange is the color of the year. I look forward to seeing you all in September.

P.S. I am also director of the St. Croix Voyager Club, an organization which takes young boys on two trips each summer. These are canoe trips on the upper St. John and the Allagash rivers. I live at 100 Winter St., Auburn, Maine.

A daughter, George Ann, was born May 30 to George E. ’24 and Louise Quincy Lord. This makes two girls and one boy for the Lords, who live in Orono, where George is assistant director of the Extension Service, College of Agriculture.

Among those receiving advanced degrees on Commencement Day, June 13 from the class of 1925 were Velma K. Oliver, M.A., English, "Thackeray’s Critique of Upper Middle Class English Society.”

Chester Wendell Cambell, State Island, N. Y., professional degree in Civil En-
The engineering, "A Discussion of the Methods Used in Constructing the Foundations for Morgan City, Louisiana Highway Bridge."

We looked and looked for 1925-ers among returning alumni but all we could find were Frank Hussey, Presque Isle, "Joe" Murray, Orono, "Bob" Haskell, Bangor, and "yours truly." Those who didn't come back missed a good time. Mildred "Brownie" Schrumpf, University Place, Orono, Maine 1927

Dear Classmates:

This month has been jammed so full of activity that I've had little time to hunt out news and everyone else appears to have had the same difficulty.

In the recent Bangor Community Concert Association drive for members, Anna Torrens Dymond was chairman of appointments. As cellist she is a member of the Schumann Club and active in musical circles.

While shopping I met Anna Sargent Flood who now lives in Wiscasset where her husband has a hardware business. They have two children, Richard Sargent, six years, and Leon Gardner, Jr., "most two."

Ruth Leman Grady finally paid her long threatened visit and we burned the midnight oil over Bob old North Hall days. Ruth is taking a few months off from household duties in Palermo to work on a project with Miss Cobb of the Extension Dept. at U. of M. She is traveling all over the state, some of which you may see.

Another North Haller was news in the Lewiston Journal. Hortense Welch, as retiring president of the Lewiston-Auburn B.P.W., was given a shower in honor of her approaching marriage in July.

Where were all the 27-ers at the All-Maine Women Banquet? Maybe I used glasses but Sally Palmer was the only one of us that I contacted. Sally is at the U. of M. Library as you do not doubt know. Danny saw Everett Blackwell the other day. He is married, lives in Augusta and is a designing engineer in the Bridge Division of the Maine Highway Dept.

The Springfield Union still gives evidence that John Mahoney is right on the job. He is chairman of the legislative committee of the Mass. Federation of Taxpayers Associations.

At the Women's Athletic Association Banquet held at Batesville, Doris Perkins Dinsmore, Edith Hoyt Humphrey, and myself represented our class and found ourselves "the old girls." And it seems yesterday that we were viewing the antiques of former classes.

Among the new officers of the Delta Delta Alliance chapter, Mrs. Earle Webster is listed as president.

Milestones

1928
Dear Classmates:

Our congratulations to Mr. and Mrs. John Carroll Caldwell, John and Miss Dorothy Alix Searle, daughter of Mr. and Mrs. Alexander H. Searle, of River- side, Conn., were married recently at the home of the bride. They will reside in Millinocket.

"Betty" Collins has been teaching at the Maine School of Commerce in Bangor for the past several years. She plans to attend summer school at the University of Maine at Skowhegan.

1929
Dear Classmates:

The first bit of information concerns Helen Bowerman. In January she was married to Frederick S. Doolittle and is now living in Richfield Springs, N. Y.

Ruth Dagget's engagement to Robert A. Noyes, of Melrose, Mass., has been announced. The wedding will take place in September.

And May I announce the arrival of a son in the "Sunny" Houston family. He arrived March 17 and his name is Graham Bodwell Horton. The Hortons live at 37 Stony Brae Road, Newton Highlands, Mass.

The "Vic" MacNaughtons also have a son, James. "Vic" is living in Jackson, Mississippi, and is with the forest service. "Bob" Parks is manager of the personnel department of the Waldorf Hotel. His business address is 227 Tremont St., Boston.

Marion Hawkes 11林明安街
Cambridge, Mass.

1930
Dear Classmates:

Announcement has been recently made of the engagement of Miss Barbara Louise Williams, of Danvers, Mass., to Jack Sando Atwood, of Bangor, and a member of Kappa Sigma Fraternity. Miss Williams is a graduate of Rogers Hall School in Lowell, Mass., Leland Powers School, and Boston University. Jack was formerly associated with radio station WNAC in Boston, and is now with WRPO in Augusta.

Ralph Corbett was appointed Assistant Dairy Specialist of the University Extension Service in December, following seven years of county agent work in Franklin County. His headquarters are at the University and he is living at 47 Forest Ave., Orono.

Bill and Myrilla Daley had a son, Robert Michael, born to them on April 21. Weight, 9 pounds.

Mr. and Mrs. Gerald York, of Rangeley, also welcomed the birth of a son, J. Lewis 2nd, on March 3. Polly Hall Leach Homer Polks Hospital Ooneonta, N. Y.

1931

HELP WANTED!

June again! The month of brides and commencements but very little ALUMNI NEWS!

Have just heard that Richard Page is co-author of a book called "A Study of Dust Control Method" published by Brown Company under the supervision of the United States Public Health Department. Dick is now located in Washington, D. C.

Perhaps you all have heard that Viola and Alvin Giffen, of Norfolk, Virginia,
have a baby daughter born last October 22nd, named Alola Corinne. I just received the glad tidings so am afraid my congratulations are necessarily late ones.

News is certainly thin this month—that's all there is, there isn't any more! Please let me hear from you.

Mary C. Stiles
110 River St.
Portland
1932

Dear Classmates,

Francis (Pat) McCabe was elected recently secretary and treasurer of the Maine Highway Safety Council. In an address during Farm and Home Week, Pat discussed “The Three E’s”—Education, Enforcement, and Engineering to make safety on the highways.

Lawrence Sweetser, teacher and coach at Presque Isle High School, was elected president of the Highland Tennis Club.

Cornelius J. Sullivan was nominated vice president of the Bangor Rotary Club for the year 1938-39.

Maynard and I are happy to announce the birth of a young son, David Starns Hincks, on May 2, 1938.

Helen Hincks
28 Bartlett St.
Malden, Mass.
1933

REPORT OF 1933 CLASS MEETING HELD JUNE 11, 1938; Officers elected by this class were: president, Russell Shaw, vice president, John Wilson, secretary, Dorothy Findlay, treasurer, Melbourne Means. Members of the executive committee include above officers and Robert Pendleton, William Bratton, Richard Elliot, and John Wight. This group also made a gift to the Alumni Activities Fund. Personal accounts for the class in The Alumni are to be written hereafter, until the next reunion, at least, by the secretary, Dorothy Findlay, whose address is 28 Sheffield St., Portland. There were 42 present for this meeting.

Dear Classmates,

News is rather brief this month and probably for those of you who returned for reunion it is already known. However, I suppose most of us were unable to return for reunion so we'll depend on you who did to send us some news for the September column.

Alton Alley is now supervisor of WPA projects in Calais and vicinity.

Rose Snider, who has been part-time instructor in English at the University of Maine, has been awarded the Mary M. Adams fellowship at the University of Wisconsin where she will study for her doctorate in American literature. Rose received her master's degree in 1936 on "Satire in the Comedies of Congreve, Sheridan, Wilde and Coward." Best of luck, Rose, and congratulations from us all!

On May 7 the engagement of Miss Alice C. Pennell to Charles Wakefield was announced. Miss Pennell was graduated from Machias High School in 1933 and from Washington State Normal School in 1933. At present she is teaching in the Whitbyville primary school.

Charles is now principal of the High School at Grand Lake Stream. The wedding will take place some time this month.

Frances Bues's engagement to H. Craig Hotchkiss, of Bangor, formerly of Augusta, has been announced. Frances is employed as proof reader in the Northeastern Press of Augusta. Hr. Hotchkiss has been associated with the Northeastern Press but is now employed in Dillingham's Book Bindery in Bangor. The date of the wedding has not been announced but they are planning to live in Bangor.

And another engagement—Thomas B. Fox and Ruth L. Moore. Miss Moore is a graduate of Maine Central Institute in 1934 and is a senior at Farmington State Normal School. Thomas Fox is an S.A.E. and is now associated with his father in the business of Thomas C. Fox & Son in Skowhegan, Maine.

Hope we may see some of you in Den- mark, Maine, this summer.

So long,

Marnie S. Baldwin
275 Broadway
Norwich, Conn.
1934

REPORT OF 1934 CLASS MEETING HELD JUNE 11, 1938. With eight present for their class meeting, the Class of 1934 elected the officers who are as follows: president, Philip Parrie; vice president, Donald Favor; secretary, Madeleine Bunker; treasurer, Peter Karalekas. The class voted to have an unofficial reunion in 1940. 1934 contributed to the Alumni Activities Fund.

1935

REPORT OF CLAS OF 1935 MEETING HELD JUNE 11, 1938: Of the class of 1935, eight were present for the class meeting. George Cobb was elected president; J. W. Hoyt, vice president; Agnes Crowley, secretary and personal editor, and Kenneth Black, treasurer. According to report, no business of any consequence was transacted.

Hello and Farewell, Everyone:

Sorry I was late sending the news last month. It must be Spring fever! But I'll try to catch up now so that you'll know all your poor scribe has gleaned during her wanderings.

21
Wedding bells must take precedence so we'll start with Wally White. Wally was married on April 16 in Saco, Maine, to Elizabeth Sawyer, also of Saco. Wally and Elizabeth were always much in prominence at the Phi Kappa formal and house parties, etc. Wally is with the State Bureau of Health doing district sanitary engineering. Elizabeth was graduated from Farmington Normal School and has been in Saco since her graduation. Elizabeth and Wally are living in Lewiston now.

On June 6th Charlotte Lachance became Mrs. Gene McManamy. I think I've told you that Charlotte and Gene are to leave soon for Minnesota, where Dr. McManamy will be an intern for three years at the Mayo Clinic. Dot and Al McMichael, the bride and groom of a year, were at the wedding and Al Sisco.

Bob Turner was married a few weeks ago to Miss Thelma Sibley, of Vazie. Bob was recently made chief engineer at the Eastern Manufacturing Company in Brewer. And even though I'm somewhat late with the announcement, Norman Harmon was married to Miss Lucille Ford, of Limerick. Norman is employed in the mail service in Limerick.

And now for engagements — The engagement of Miss Geraldine Stoddard, of Farmington, to Ed Haskell has been announced. Miss Stoddard, who was graduated from the Perry Kindergarten School of Boston, is now a member of the faculty of Farmington State Normal School. Ed is in the real estate business in New London, Connecticut.

Cay Bussell was graduated from Simmons College in Boston. Cay was in the Public Library in Portland and now she has joined the staff of the Rochester, New Jersey, library. Cay plans to go to New Jersey for July 1st. Janet Brown, as you know, is in the same library so Maine will be well represented in Rochester. Any other '36ers in that Neighborhood?

Warren Flagg came to the rescue this week. Warren has just been transferred from Wakiki, Hawaii, to Hilo. Warren is now representative on the islands of Hawaii and Alaska for the Brown and Williamson Tobacco Company, and he's living at 100 Pueo Avenue, Hilo, Hawaii.

Among the letters I've received from our classmates is one from Sam Reese. Last fall, Sam was in Sherburne, New York, with Mrs. Reese and Jill. Sam, like many of you all, threatened to keep me informed so that I could relay all the "secrets." I fear it must be parental cares that have him completely absorbed. What are the other excuses?

Woody Marcille has been promoted from Livermore Falls branch of the International Paper Company to the Corinth, N. Y., plant. Woody is in the sulphite department now, and he is enjoying his transfer immensely.

Velma and Vi Colsen have been at B. U. this winter and living in Cambridge. Velma has been carrying away all the laurels in her courses.

Elmer Randall is at 805 School Street, Columbia, Tennessee. Elmer has been in Brunswick, Georgia, with the Stone and Webster Company and now he's in Columbia, engaged in building a phosphite plant for the Victor Chemical Co.

My last report from Bill Pratt was that he and his wife were to live at 9 Florence St., Augusta. Bill is with the Bridge Dept. of the State Highway Commission.

Joanna Harris is now a co-manager of the Home Service and Hostess Bureau, located in Wollaston, Mass. Earle Collins dropped a line telling of his change of address from Sago Oil and Transport Co., Ltd., San Nicolas, Aruba, Dutch West Indies, to 6 State St., Bangor, Maine. None of the other whys and wherefores were given, so speak up, Earle.

Do let me hear from you all soon —

Ag Crowley

59 Western Ave.
Biddedford

1936

REPORT OF THE CLASS OF 1936 MEETING
JUNE 11, 1938, Thirty-four of their ranks present, the Class of 1936 re-elected the officers who have been in office since their graduation two years ago president, John Sealey; vice president, Clyde Huggins; secretary, Phyllis Hamilton Webster; and treasurer, Harold Boardman. No business was transacted by this class.

Dear Classmates:

I'm afraid that I have been rather lax in gathering news for this month as I thought May was our last copy of the Alumnus. You'll forgive me, won't you?

We do have several items of interest, though. One of these is the engagement of Donald Brown to Helen Bailey, of Pittsfield.

Myron Collette, who has been coaching and teaching at Mexico High, has resigned to accept a position at Skowhegan High.

Now — a marriage — that of M. Parker Allen to Juanita Beal, of Jonesport Park is manager of the New England Appliance Co.

Libby Philbrook Ingraham is spending the summer at Poland Springs. She and Carl came east from Chicago to attend the Reunion.

Edward Vaughn and Henry Little are employed by the Bethlehem Shipbuilding Corp., Quincy, Mass.

Win Coburn plans to attend summer school at Maine this year. Isn't she lucky to be able to spend two more months there?

Donald Johnson is attending the Yale School of Medicine. That's grand except for one thing — exams kept him from Reunion!

Leonore Dorf is teaching in Rangeley. Laly had quite a siege of the flu, I hear, but I hope she is fully recovered.

Margaret Hall is employed in a library in Lakewood, Ohio. People go farther and farther away, don't they?

Beth Gifford Look and Sidney are located in Cambridge, Mass. Sid is layout engineer for the new Architectural School at M.I.T. They expect to move in in September when the building will be completed.

I hope you all have a grand summer and will spend part of your vacation writing me so I can list your name in the Alumnus next fall.

Phyllis H. Webster
62 Villager Ave
Auburn, Maine

1937

Hello, Everyone,

Vaughn Lancaster was married on February 26 to Frances Frost, of Woodland, Maine. Vaughn has an association with the Stowell MacGregor Co. at Alexander, Maine.

Ruby Black's engagement to Roddy Elliot '38 has been announced. I think they're planning to be married this August. Ruby has been working with the pre-school children at the Catherine Morrill Day Nursery in Portland. Congratulations, Ruby and Roddy.

I had a letter from Raynor Brown in March. He's in business for himself selling lumber at Norway Lake, Maine. He's also a selectman in his home town of Waterford. Are you thinking seriously of being a politician, Raynor?

Gardner Grant is with the Maine Employment Compensation Commission in Eastport. Bob Hawkes and Duck Harrison are both with Montgomery Ward. The former is in Lewiston and the latter has been transferred from Portland to Waterville.

Bill Chapman is working, I believe, for the N. T. Pox Lumber Co. in Portland.

Everett Mack is employed by the Communication Products Inc at 245 Custer Ave, Jersey City. He manufactures radio parts and materials. His position is that of a radio engineer. He lives at 2742 Hudson Boulevard, Jersey City, N. J.

Anne Bradley, who went to Maine a year, is now Mrs. Clarence H. LAFane and is living at 311 E. Main St., in Malone, N. J. She has two children, John and Joelle Ann. Many congratulations, Anne.

Ray Lloyd is with the Trenton American Steel and Wire Co. I imagine in Trenton, N. J. I had that from Alan Dunn, and I think he'd like to hear from you, Ray, from what he wrote.

Howard Stagg is employed by the Public Service Co. of New Hampshire. He resides at 200 Valley Drive, Montclair, N. J.

Also from Duffy I heard that "Buddy" Butterfield is still at Harvard Medical School and is now talking just like the "Havard" men.

Freddie (Zimmer) Parsons is learning his father's business which I guess has to do with flour and coffee.

Craig Cameron is doing chemical engineering work with Houd Rubber Company. His address is 40 Catherine Road, Watertown, Mass.
Roger Smith is a collection agent for a leading hardware firm in Presque Isle, Maine. He has been working for the firm for many years and has developed a strong reputation for his dedication and hard work. He is often called upon by customers who have questions or concerns about their accounts.

Frank Clark has been working for Scott Tissue in Philadelphia. He is responsible for managing the company's inventory and ensuring that all orders are filled on time. His attention to detail and ability to manage large volumes of data make him a valuable asset to the company.

T. Willard, Jr., is a sales representative for the company. He is responsible for developing new business and maintaining existing accounts. His ability to build strong relationships with customers has been a key factor in his success.

Ken Webb is a Liberty Mutual insurance agent in Boston. He is known for his knowledge of the insurance industry and his ability to help customers find the right coverage for their needs. His commitment to customer service has earned him a large following.

R. Mullaney, Jr., is with the N. E. Tel. & Tel. Co. at Portland in the Division Plant Dept. doing Toll Transmission Engineering. His address is 463 Cumberland Ave., Portland.

Wesley Martin has a position as student track supervisor of the Maine Central Railroad. He is living in Bangor at 30 Ohio St.

Samuel Brocato is employed as assistant director of the Roofing and Sheet Metal Business and is residing at 35 Valley St., Lawrence, Mass.

Ken Webb is with Liberty Mutual Ins. Co. in Boston. He is now in the training course division.

Evelyn Golden has a position with the U. S. Government Employment Office in Biddeford, Maine. Her address is 12 Porter St., of that city.

Here's wishing everyone who has a grand summer and will be interested in plans for our own reunion next June. Seems a long way off but so did this June last year.

Hold that gain!

DISTANCE gained in a relay race means nothing unless it is held. And material gains made in the game of life—home, furnishings, automobile, business...should be held, too. But they can be taken from you at any moment of any day...by fire, windstorm, explosion, accident, theft, etc. Fortunately, property insurance is so flexible that you can protect what you have against practically every conceivable hazard. The North America Agent in your section will be glad to analyze your insurance requirements and tell you just which policies you should have. Consult him as you would your doctor or lawyer.

Insurance Company of North America
